The Plan Committee
Brinker International, Inc. 401(k) Savings Plan and Trust:

We have audited the accompanying statements of net assets available for benefits of the Brinker International, Inc. 401(k) Savings Plan and Trust as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Brinker International, Inc. 401(k) Savings Plan and Trust as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2005 and Schedule H, line 4a-Schedule of Delinquent Participant Contributions for the year ended December 31, 2005, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

December 31, 2005 and 2004

1. DESCRIPTION OF THE PLAN

The following description of the Brinker International, Inc. (Company or Brinker) 401(k) Savings Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Company adopted the Plan effective January 1, 1993. The Plan is a qualified defined contribution retirement plan covering salaried employees who have attained the age of twenty-one and hourly employees who have completed one year of service and have attained the age of twenty-one. Employees that are considered part of a select group of management earning at or above a targeted income level and employees that are members of a collective bargaining unit are not eligible to participate in the Plan. Additionally, leased employees, non-U.S. citizens and union employees without specific contract provisions are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The investments of the Plan are maintained in a trust (the Trust) by Ameriprise Trust Company (the Trustee).

Contributions

Participants are permitted to contribute, subject to Internal Revenue Service limitations on total annual contributions, up to 50% of their eligible base compensation and 100% of their eligible bonuses, as defined in the Plan, to various investment funds on a tax-deferred basis. Tips are excluded from the definition of eligible compensation. The Company matches in cash at a rate of 25% of the first 5% of a salaried participant's compensation as defined in the Plan. Hourly participants do not receive matching contributions.

Participants' Accounts

Participants' contributions are invested in accordance with their elections in the following funds: the RVS Cash Management Fund (a money market fund), the RVS Diversified Bond Fund (invests primarily in intermediate-term corporate bonds), the American Century Equity Growth Fund (invests primarily in the equities of large-cap domestic companies), the Wells Fargo Large Company Growth Fund (invests primarily in the equities of large-cap domestic companies), the Janus Overseas Fund (invests primarily in the equities of foreign companies), the Neuberger Berman Genesis Fund (invests primarily in the equities of small-cap domestic companies), the Brown Capital Management Small Company Fund (invests primarily in the equities of small-cap domestic companies), the River Source Trust (RVST), Equity Index Fund II (invests primarily in the equities of the S&P 500 Index) and the Brinker Stock Fund (consists of Company common stock and a money market fund). Company matching contributions to the Plan are also invested in accordance with participants' elections in the above funds. Participants' accounts are adjusted with the proportionate share of gains or losses generated by their elected investment funds.

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN (cont d)

Vesting

Participants are immediately vested in their contributions and the earnings thereon. Vesting in the Company's matching contributions is graduated at 25% annually, beginning at the end of the second year of eligible service, up to 100% after five full years of eligible service. Participants who separate from service prior to full vesting of their rights forfeit their share of the Company's contributions to the extent that vesting had not occurred. On termination of service due to death, disability, or retirement, participants become 100% vested in their matching contributions.

On November 1, 2004, the Plan was amended to adopt a provision whereby the vested percentage of any participant who ceases to be employed by the Company because the restaurant location at which the participant is employed is refranchised shall be 100% and effective upon the date of the refranchising.

Forfeited Accounts

Forfeitures used to reduce Company contributions totaled \$55,808 for the year ended December 31, 2005. Forfeited nonvested accounts totaled \$47,089 and \$44,730 for the years ended December 31, 2005 and 2004, respectively.

Payment of Benefits

Distributions under the Plan are made upon a participant's death, disability, retirement, or termination of employment. Benefit payments are made in the form of a single lump sum payment, equal monthly payments for a specified period of time, or a direct rollover into an Individual Retirement Account or another qualified plan.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have up to two loans outstanding at a time, however the total outstanding balance of all loans may not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from six months to 5 years or up to 15 years for the purchase of a primary residence. Maturities range from 2005 through 2020 as of December 31, 2005. The loans are secured by the participant's account and bear interest at a rate of 1% above the prime lending rate which is determined at the end of the month prior to the month in which the loan request is made. Interest rates on outstanding loans ranged from 5.0% to 10.5% during both 2005 and 2004. Principal and interest payments are made through bi-weekly payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

The Company pays all administrative expenses related to the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value using quoted market prices. Common collective funds are stated at estimated value. Participant loans are valued at the outstanding principal balance plus accrued interest which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Income from investments is recorded as earned on an accrual basis.

Payment of Benefits

Benefits are recorded when paid.

**BRINKER INTERNATIONAL, INC.
401(k) SAVINGS PLAN AND TRUST**

Notes to Financial Statements

6. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 22, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related Trust was tax-exempt as of the financial statement date.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. NON-EXEMPT TRANSACTIONS

There were unintentional delays by the Company in submitting participant contributions and loan repayments in the amount of \$101,978 and \$25,162 respectively, to the trustee. The Company intends to remit interest on the participant contributions and loan repayments to the Plan.

9. SUBSEQUENT EVENTS

Change in Service Provider

Effective January 1, 2006, the Fidelity Management Trust Company (Fidelity) became the trustee and recordkeeper. Fidelity will perform certain recordkeeping and administrative functions for the Plan.

On January 3, 2006, the assets held by Ameriprise Trust Company (Ameriprise) were transferred to Fidelity. Fidelity purchased investments with investment strategies similar to the options provided by Ameriprise.
