REQUIRED INFORMATION

Financial Statements and Exhibits

A) The following Report of Independent Registered Public Accounting Firms, statements, schedules, and exhibits are being filed pursuant to the Required Information for the Form 11-K:

- 1.) Report of Independent Registered Public Accounting Firm.
- 2.) Statements of Net Assets Available for Benefits December 31, 2012 and 2011.
- 3.) Statements of Changes in Net Assets Available for Benefits December 31, 2012 and 2011.
- 4.) Notes to Financial Statements.
- 5.) Schedule of Assets held at year-end December 31, 2012.
- 6.) Schedule of Assets Acquired and Disposed Within Year For the Year Ended December 31, 2012.

B.) The following exhibit is included in this Annual Report:

Exhibit 23.1 Consent of Independent Registered Public Accounting Firm

Table of Contents

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Consolidated Communications, Inc. 401(k) Plan:

We have audited the accompanying statements of net assets available for plan benefits of the Consolidated Communications, Inc. 401(k) Plan (the Plan) as of December 31, 2012 and 2011, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2012 and 2011, and the changes in net assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held at end of year and assets acquired and disposed of within year as of and for the year ended December 31, 2012, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Consolidated Communications, Inc. 401(k) Plan

Notes to Financial Statements - Continued

(1) Description of the Plan

The following description of Consolidated Communications, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature covering all salaried, non-union hourly-paid and certain union employees of Consolidated Communications Holdings, Inc. (the Company). The Plan was amended effective January 1, 2012. Prior to the amendment eligible employees must have reached the age of twenty-one years and part-time employees were eligible upon completion of one year of service.

The Plan was established January 1, 2003. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan management transferred investments from Mass Mutual TPA to T. Rowe Price TPA. The transfer occurred on December 30, 2011 and assets were liquidated and in transit at December 31, 2011. See note 9 for further description of transfer.

Plan Administration

State Street Bank and Trust Company was the Trustee of the Plan through June 2, 2011. On June 3, 2011 the Plan appointed Reliance Trust Company as Trustee of the Plan. The Plan is administered by the Company.

Contributions

Each year participants may contribute any whole percentage from 1% to 50% of pretax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are subject to certain limitations set by the Internal Revenue Service (IRS). Participants may also contribute amounts representing distributions from another

Edgar Filing: Consolidated Communications Holdings, Inc. - Form 11-K

qualified retirement plan or individual retirement account (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 28 investment options.

The Company contributes 100% of the first 6% of a participant's compensation contributed to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Table of Contents

Consolidated Communications, Inc. 401(k) Plan

Notes to Financial Statements - Continued

Vesting

Participants are immediately vested in their and the Company's contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, whichever is less. Loan terms generally range from one to five years, but may extend up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%. In accordance with Plan provisions, the rate of interest is fixed at the prime interest rate (as defined in the Plan documents) plus one percentage point. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time not more than the participant's assumed life expectancy (or the assumed life expectancies of the participant and his/her beneficiary), or in partial withdrawals. For termination of service for other reasons, a participant receives the value in his or her account as a lump sum distribution. An eligible rollover distribution is also permitted. The Plan allows distributions to be made in employer stock as well as in cash.

If the value of a participant's vested interest is less than \$1,000, a lump sum distribution will be made without regard to the consent of the participant within a reasonable time after termination of service.

Forfeited Accounts

At December 31, 2012 and 2011, accumulated forfeited nonvested accounts totaled \$0 and \$13,503, respectively. These funds may be used to reduce future employer contributions and to pay Plan administrative expenses. In 2012, \$13,631 were used to reduce employer contributions. In 2011, \$53,065 of the forfeitures were used to reduce employer contributions.

Administrative Expenses and Participant Transaction Fees

Certain administrative expenses for maintaining the plan are paid directly by the Company. The Company also provides accounting and other administrative services for the Plan at no charge. Investment fund administrative expenses and record keeping fees are paid by the Plan. Expenses relating to specific participant transactions (i.e., loan fees, distribution fees, etc.) are deducted directly from the participant's account.

Notes to Financial Statements - Continued

(2) Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value in accordance with Accounting Standards Codification Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Common trust funds with underlying investments in investment contracts are valued based on the net asset value of the trust. These investments are recorded at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents common trust funds at fair value as well as the related adjustment for fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Contract value represents contributions plus earnings less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net gains and losses from investment transactions are computed by the Plan custodian. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Table of Contents**Consolidated Communications, Inc. 401(k) Plan****Notes to Financial Statements - Continued****Subsequent Events**

The Company has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date of issuance.

(3) Investments

The following presents investments held by the Plan that represent 5% or more of the Plan's net assets at December 31:

	2012		2011

Consolidated Communications, Inc. 401(k) Plan

Notes to Financial Statements - Continued

(4) Fair Value Measurements

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Edgar Filing: Consolidated Communications Holdings, Inc. - Form 11-K

T. Rowe Price Stable Value Common Trust Fund: The trust's financial instruments are valued and its net asset value per unit (NAV) is computed each day the New York Stock Exchange is open for business (valuation date). The trust's financial instruments and other assets are valued in accordance with the Declaration of Trust, which provides that all assets are valued at fair value as determined by the trustee, except for certain investment contracts, which generally are valued at contract value to the extent permitted under GAAP. The Trust reports at fair value all financial instruments, including securities and other assets and liabilities underlying investment contracts.

The investment objectives of the trust are to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant initiated transactions under a retirement plan without penalty or adjustment. The trust will attempt to achieve these objectives by investing principally in guaranteed investment contracts (GICs) issued by insurance companies, investment contracts issued by banks (BICs), structured or synthetic investment contracts issued by banks (SICs), insurance companies and other issuers, as well as the securities supporting such SICs, separate account contracts and other similar instruments that are intended to maintain a constant net asset value while permitting participant initiated, benefit-responsive withdrawals for certain events.

Table of Contents**Consolidated Communications, Inc. 401(k) Plan****Notes to Financial Statements - Continued**

The Fund has no restrictions on redemptions and has no unfunded commitments. The T. Rowe Price Stable Value Common Trust Fund issued an audited annual report for the year ended December 31, 2012, which contains additional information regarding the required disclosures for fully benefit responsive investment contracts.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Totals	Assets at Fair Value as of December 31, 2012			Level 3
		Level 1	Level 2

Common stock:				
Telecommunications	373,785	373,785		
Totals	\$ 68,262,509	\$ 68,262,509	\$	\$

The Plan management transferred investments from Mass Mutual TPA to T. Rowe Price TPA. The transfer occurred on December 30, 2011 and assets were liquidated and in transit at December 31, 2011. See note 9 for further description of transfer. There were no significant transfers between level 1 and level 2 investments during the years ended December 31, 2012 and 2011.

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2011:

	Guaranteed Interest Accounts
Balance December 31, 2010	\$ 16,071,773
Change in contract value adjustment	(1,335,004)
Interest	490,937
Realized gains	1,312,999
Purchases at contract value	76,661,949
Sales at contract value	(93,202,654)
Balance December 31, 2011	\$

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Table of Contents

Consolidated Communications, Inc. 401(k) Plan

Notes to Financial Statements - Continued

(6) Tax Status

The IRS has determined and informed Accudraft.com Inc., the Prototype Sponsor, by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Prototype Sponsor has informed the Plan's Administrator that the Plan was amended since receiving the determination letter to comply with the Pension Protection Act of 2006, HEART Act and other IRS guidance. The plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There currently is an IRS audit in progress for the 2010 plan year. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(8) Related Party Transactions

Transactions in shares of Consolidated Communications Holdings, Inc. common stock qualify as party-in-interest transactions under the provisions of ERISA for which a statutory exemption exists. At December 31, 2012 and 2011, the Plan held 31,239 and 19,621 shares of common stock with fair values of \$497,016 and \$373,785, respectively.

Table of Contents**Consolidated Communications, Inc. 401(k) Plan****Notes to Financial Statements - Continued****(9) Custodian Transition**

The Plan management transferred investments from Mass Mutual TPA to T. Rowe Price TPA. The transfer occurred on December 30, 2011 and assets were liquidated and in transit at December 31, 2011. On January 3, 2012, the securities in transit purchased the following assets:

	January 3, 2012	
	Units	Value
T. Rowe Price Stable Value Fund Sch E	20,278,747	\$ 20,278,747

T. Rowe Price Retirement 2040 Fund	50,691	855,159
T. Rowe Price Retirement 2050 Fund	25,240	237,509

(10) Adoption of Recent Accounting Pronouncements

Effective January 1, 2012, we adopted Accounting Standards Update No. 2011-04 (ASU 2011-04), *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards (IFRS)* . This pronouncement was issued to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and IFRS. ASU 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The adoption of this standard did not have a material impact on the Plan's financial statements.
