**Item 1.01 Entry into a Material Definitive Agreement.**

On November 7, 2014, Hawaiian Airlines, Inc. ( Borrower ), a wholly owned subsidiary of Hawaiian Holdings, Inc. ( the Company ), entered into a Credit and Guaranty Agreement, dated as of November 7, 2014 (the Credit Facility ). The Credit Facility is among the Borrower, as borrower, the Company, as a guarantor, the other subsidiaries of the Company party thereto from time to time, as guarantors, the lenders party thereto from time to time (the Lenders ) and Citibank, N.A., as administrative agent for the Lenders ( the Agent ).

The Credit Agreement consists of a \$175.0 million revolving credit and letter of credit facility. The Borrower and its affiliates may from time to time grant liens on certain eligible account receivables, eligible aircraft, eligible spare engines and eligible ground support equipment, as well as cash and certain cash equivalents (collectively, the Collateral ), in order to secure its outstanding obligations under the Credit Facility. As of November 7, 2014, no Borrower or Company assets are pledged under the Credit Facility as Collateral.

Revolving loans made under the Credit Facility accrue interest at a per annum rate based on, at Borrower's option:

- a variable rate equal to the London interbank offering rate, known as LIBOR, plus a margin of 3.00%, or
- another rate based on certain market interest rates plus a margin of 2.00%.

Borrower is obligated to pay other customary upfront fees, arrangement fees, agency fees, letter of credit fees and commitment fees for a credit facility of this size and type.

Revolving loans may be borrowed, repaid and re-borrowed, and letters of credit issued, until November 7, 2017, at which time all amounts borrowed under the Credit Facility must be repaid and the Credit Facility terminates. Borrower may prepay the loans or terminate or reduce the commitments in whole or in part at any time, without premium or penalty, subject to minimum amounts in the case of commitment reductions.

The Credit Facility includes affirmative and negative covenants that restrict the Company's ability to, among other things, incur additional indebtedness, issue preferred stock or pay dividends. In addition, the Credit Facility requires the Company to maintain unrestricted cash and cash equivalents and unused commitments available under all revolving credit facilities (including the Credit Facility) aggregating not less than \$300 million and to maintain a minimum ratio of the borrowing base of the Collateral (determined as the sum of a specified percentage of the appraised value of each type of Collateral) to outstanding obligations under the Credit Facility of not less than 1.0 to 1.0. If the Company does not meet the minimum collateral coverage ratio, it must either provide additional Collateral to secure its obligations under the Credit Facility or repay the loans under the Credit Facility by an amount necessary to maintain compliance with the collateral coverage ratio.

The Credit Facility contains events of default customary for similar financings. Upon the occurrence of an event of default, the outstanding obligations under the Credit Facility may be accelerated and become due and payable immediately. In addition, if certain change of control events occur with respect to the Company, each lender under the Credit Facility has the right to require the Company to repay any loan that it

has made under the Credit Facility.

**SIGNATURES**
