PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

INTRODUCTION

The accompanying form of proxy is solicited on behalf of the board of trustees of American Mortgage Acceptance Company (which we refer to as our "Company," "we," "our" or "us") for use at the annual meeting of shareholders to be held Wednesday, June 8, 2005 at 10:00 A.M. (local time), at the law offices of Paul, Hastings, Janofsky & Walker LLP, 75 East 55th Street, New York, New York, and at any adjournment or postponement thereof. On or about April 30, 2005, we first mailed these proxy materials to holders of record of our common shares at the close of business on April 1, 2005. Our executive offices are located at 625 Madison Avenue, New York, New York 10022 (telephone: (212) 317-5700).

Common shares represented by properly executed proxy cards received by us at or prior to the annual meeting will be voted according to the instructions you indicate on the proxy card. If you do not give any instructions, the persons named on your signed proxy card intend to vote your common shares so represented "FOR" each of the proposals.

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

You may revoke your proxy and reclaim your right to vote by (i) delivering to our secretary a written notice of revocation bearing a later date than the date of the proxy at or prior to the annual meeting, (ii) delivering to our secretary a duly executed, subsequently dated proxy with respect to the same common shares at or prior to the annual meeting, or (iii) attending the annual meeting and voting in person, although attendance at the annual meeting will not, by itself, constitute revocation. Any written notice revoking a proxy should be delivered at or prior to the annual meeting to the attention of the Secretary, American Mortgage Acceptance Company, 625 Madison Avenue, New York, New York 10022.

Our board of trustees recommends a vote "FOR" each of the proposals.

As of April 1, 2005, approximately 8,336,803 common shares were outstanding, with each common share entitled to one vote on all matters that may come before the annual meeting.

QUESTIONS AND ANSWERS

Q: Why am I receiving these proxy materials?

A: You are receiving these proxy materials because you are a shareholder in our Company. Our board of trustees is asking for the right to vote your shares as your proxy or agent at the annual meeting of our shareholders. Your shares will be voted as you instruct on your proxy card at the annual meeting. This proxy statement discusses the issues to be voted on. Each share you own is entitled to one vote on each matter being voted on at the annual meeting.

Q: What am I being asked to vote on?

A: You are being asked to consider and vote upon the following proposals:

- (1) The election of five (5) trustees for a term of one year to expire in 2006;
- (2) The approval of an amendment and restatement of our Company's Second Amended and Restated Declaration of Trust which reflects the following significant amendments:
 - a. the transfer of provisions with respect to our investment policy from our declaration of trust to our bylaws;
 - b. the transfer of provisions with respect to our debt policy from our declaration of trust to our bylaws;
 - c. the transfer of provisions with respect to our operating procedures from our declaration of trust to our bylaws; and
 - d. the reduction in the vote required to approve a conversion transaction or a roll-up from 80% to a majority vote.

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

- (3) The adjournment or postponement of the annual meeting if necessary to permit further solicitation of proxies if there are not sufficient votes at the time of the annual meeting to approve the proposals.

Q: Who is being nominated for election as a trustee?

A: The nominating committee of our board of trustees has nominated Stuart J. Boesky, Alan P. Hirmes, Scott M. Mannes, Stanley R. Perla and Richard M. Rosan for election as trustees at the annual meeting. Additional information about each of the nominees is included under the heading "Proposal #1: Election of Trustees."

Q: Why are we amending and restating the declaration of trust?

A: When our Company was originally formed, it was our intention to operate as a closed-end, finite-life company to acquire government insured mortgage loans, utilizing only the proceeds from our initial capital raised and no indebtedness. When our Company was restructured to an infinite-life real estate investment trust (a "REIT") in 1999, our shareholders voted to amend our declaration of trust in order to accommodate our new business plan. These amendments included, among other changes, expanding the types of investments we could make and utilizing a defined amount of indebtedness to acquire higher yielding mezzanine and bridge loans and other real estate related investments. However, at the time of the restructuring, there were certain restrictions with respect to our operating procedures that were left in our declaration of trust that we now believe, after five years of operations as a public company, may no longer be applicable to our Company and in any event should be left to the discretion of our board of trustees. For these reasons, we are asking you to approve an amendment and restatement of our declaration of trust which will give our trustees powers substantially similar to those granted to directors of most public companies and allow our board to amend, without the need to solicit shareholder consent, the provisions that will be moved into the bylaws as deemed necessary and appropriate to effectively manage our business.

Although we recommend that you adopt all of the proposed amendments to our declaration of trust, we have divided the various amendments into four separate proposals, as more fully discussed in the next question.

Q: What are the four (4) separate proposals to the declaration of trust that I am being asked to vote on?

A: You are being asked to approve amending and restating our declaration of trust by voting on the following four proposals:

- a. The transfer of provisions with respect to our investment policy from our declaration of trust to our bylaws. The first declaration of trust proposal, "Proposal #2a - The transfer of provisions with respect to our investment policy from our declaration of trust to our bylaws," is asking you to approve amending our declaration of trust to

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

move Article VII - Investment Policy of our declaration of trust to our bylaws (with the exception of the provisions in Article VII that relate to our debt policy, which we are asking you to vote on separately in Proposal #2b). This amendment would permit our board of trustees to have discretion over any change to the Company's investment policy. We feel that transferring our investment policy to our bylaws will afford our Company needed flexibility in our continued operations and expanding business and also enable us to operate in a more efficient and economical manner by allowing our board of trustees to react quickly to changes in the competitive and regulatory conditions in which we operate.

b. The transfer of provisions with respect to our debt policy from our declaration of trust to our bylaws. The second declaration of trust proposal, "Proposal #2b - The transfer of provisions with respect to our debt policy from our declaration of trust to our bylaws," is asking you to approve amending our declaration of trust to move our debt policy, which restricts the amount of indebtedness that we are permitted to incur, into our bylaws. Our declaration of trust currently limits our ability to incur indebtedness to (i) 100% of our total market value with respect to total indebtedness and (ii) 50% of our total market value with respect to indebtedness other than working capital indebtedness, trade payables and subordinated advisor fees. We are asking you to approve moving this restriction on indebtedness into our bylaws which will grant our board of trustees the discretion to determine, from time to time, our appropriate level of indebtedness. Although we have no immediate plans to increase the amount of our indebtedness beyond that currently permitted by our declaration of trust, moving the debt policy into our bylaws will provide us with greater flexibility and allow us to react quickly to changes in our industry.

c. The transfer of provisions with respect to our operating procedures from our declaration of trust to our bylaws. The third declaration of trust proposal, "Proposal #2c - The transfer of provisions with respect to our operating procedures from our declaration of trust to our bylaws," is asking you to approve amending the declaration of trust to transfer certain provisions related to our operating procedures from the declaration of trust to our bylaws. These include, for example, provisions regarding meetings of shareholders, including quorum and voting mechanics; authority of our trustees, including resignation and removal procedures; appointments of our officers; the setting of record dates and voting procedures. It also includes references to the North American Securities Administrators Association ("NASAA") guidelines, which are no longer applicable to our Company. In light of our continuing growth and the manner in which our Company has changed since our declaration of trust was created, such an amendment would allow our board of trustees to exercise greater discretion and control over the operation of our Company and provide needed flexibility. Approving this proposal will give our board of trustees powers substantially similar to those granted to boards of most public companies and also allow our board to amend, without the need to solicit shareholders consent, these operating procedures as deemed necessary and appropriate to effectively manage our business.

d. Reduction in the vote required to approve a conversion transaction or a roll-up from eighty percent (80%) to a majority vote. The fourth declaration of trust proposal, "Proposal #2d - Reduction in the vote required to approve a conversion transaction or a roll-up from eighty (80%) to a majority vote," is asking you to approve amending the declaration of trust to change the shareholder voting requirements for approval of certain exchange offers, mergers, consolidations,

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

conversions, roll-ups or other similar transactions (collectively, "Conversion or Roll-Up Transactions") from eighty percent (80%) to a majority of the outstanding shares of our Company held by our shareholders. We believe the eighty percent (80%) approval requirement has the potential to unduly limit our ability to obtain approval of a Conversion or Roll-Up Transaction which may be in the best interest of the majority of our shareholders. If approved, this amendment would continue to permit our shareholders to exercise discretion over such transactions. However, undertaking a Conversion or Roll-Up Transaction will be less costly and our Company will have the ability to obtain such approval in a timely manner.

Q: What is the effect of Proposals #2a, #2b and #2c which transfer provisions to the bylaws?

A. Three proposals, Proposal #2a, #2b and #2c, seek shareholder approval to transfer provisions which are currently set forth in our declaration of trust into our bylaws. The principal effect of this change will be to give our board of trustees the ability to amend, without the need to solicit shareholder consent, the transferred provisions as deemed necessary and appropriate to effectively manage our business. As a result, shareholders will no longer have a vote on whether or not certain investment policies and operating procedures can be changed, including various restrictions which currently limit the discretion of management and the board of trustees.

Q: Has management discussed revising or eliminating the provisions relating to Proposals #2a, #2b and #2c after they are moved to the bylaws?

A. While management has discussed with the board from time to time the elimination or revision of certain of these restrictions, neither management nor the board of trustees has a present intention to do so (other than the NASAA guidelines), although, as noted above, the proposals would permit our board of trustees to take actions on its own that

would previously have required shareholder approval if the board felt such changes were in the best interest of our shareholders and us.

Q: What vote is required to approve the proposals?

A. The affirmative vote of the holders of a majority of the issued and outstanding common shares entitled to vote at the annual meeting at which a quorum is present is required to approve each of the amendments to our declaration of trust, other than Proposal #2d, which requires approval of 80% of our common shares outstanding.

The affirmative vote of a plurality of the votes actually cast by shareholders, in person or by proxy, and entitled to vote at the annual meeting at which a quorum is present is required for the election of each of the trustee nominees. The affirmative vote of the holders of a majority of the common shares voting either in person or by proxy at the annual meeting is required to approve, if necessary, the extension of the solicitation period and the

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

adjournment of the annual meeting.

Abstentions and broker non-votes will have no effect on the vote for Proposals #1 and #3 because the vote required is a plurality and majority, respectively, of the votes actually cast (assuming the presence of a quorum). Abstentions and broker non-votes will be counted as votes against Proposals #2a, #2b, #2c and #2d.

Q: Who is entitled to vote?

A: Shareholders of record as of the close of business on April 1, 2005 are entitled to vote at the annual meeting.

Q: Does holding my stock in a brokerage account affect my entitlement to vote?

A: While your broker may vote your shares with respect to Proposals #1 and #3 even if you do not instruct your broker how to vote, your broker may only vote your shares with respect to Proposals #2a, #2b, #2c and #2d if you provide instructions to your broker on how to vote. You should contact your broker and ask what directions your broker will need from you. If your shares are held in the name of a broker, and you intend to attend the annual meeting and vote your shares in person, you must obtain a legal proxy, executed in your favor, from your broker to be able to vote at the annual meeting.

Q: What if there are not enough votes to establish a quorum?

A: If there are not enough votes to establish a quorum or to meet the voting requirement at the annual meeting, we may propose an adjournment or postponement of the annual meeting for the purpose of soliciting additional proxies. Therefore, please note that, by delivering a proxy to vote at the annual meeting, you are also granting a proxy that can be voted in favor of any adjournments or postponements of the annual meeting.

Q. What do I need to do now?

A: After reading this proxy statement, complete, sign and mail the enclosed proxy card in the enclosed return envelope as soon as possible. In the alternative, you may also submit a proxy on the Internet by following the instructions on the enclosed proxy card. To submit a proxy on the Internet, log on to the Internet and go to <http://www.eproxyvote.com/amc>, enter your authentication number which can be found in the grey shaded box on the proxy card and follow the directions outlined on the secure website. Even if you plan to attend the annual meeting in person, we urge you to return your proxy card to assure the representation of your shares at the annual meeting.

Q: Can I change my vote after I have mailed my signed proxy card?

A: Yes. You can change your vote at any time before your proxy is voted at the annual meeting. You may do this in one of three ways. First, you can send us a written notice stating that you revoke your proxy. Second, you can complete and submit a new proxy card, dated a later date than the first proxy card. Third, you can attend the annual meeting and vote in person. Your attendance at the annual meeting will not, however, by itself revoke your proxy. If you hold your shares in "street name" and have instructed your broker to vote your shares, you must follow directions received from your broker to change those instructions.

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

Q: Do I have dissenters' rights?

A: No dissenters' rights apply to any matter to be acted upon at this annual meeting.

Q: How does the board of trustees recommend that I vote?

A: Our board of trustees unanimously recommends that you vote:

"FOR" The election of five (5) trustees for a term of one year to expire in 2006; and

"FOR" The approval of an amendment and restatement of our Company's Second Amended and Restated Declaration of Trust which reflects the following significant amendments:

- a. the transfer of provisions with respect to our investment policy from our declaration of trust to our bylaws;
- b. the transfer of provisions with respect to our debt policy from our declaration of trust to our bylaws;
- c. the transfer of provisions with respect to our operating procedures from our declaration of trust to our bylaws; and
- d. the reduction in the vote required to approve a conversion transaction or a roll-up from 80% to a majority vote.

"FOR" The adjournment or postponement of the annual meeting if necessary to permit further solicitation of proxies if there are not sufficient votes at the time of the annual meeting to approve the proposals.

Q: Who can help answer my questions?

PROPOSALS BEFORE THE MEETING

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

Proposal #1: Election of Trustees

At the annual meeting, five trustees are to be elected for one-year terms expiring in 2006. All of the nominees are currently trustees of our Company. Trustees are elected by a plurality of the votes cast (assuming the presence of a quorum consisting of a majority of holders of our common shares, whether present in person or by proxy).

Unless holders of our common shares otherwise specify, the common shares represented by duly executed proxies will be voted "FOR" the indicated nominees for election as trustees. Our board of trustees has no reason to believe that any of the nominees will be unable or unwilling to continue to serve as a trustee if elected. However, in the event that any nominee should be unable or unwilling to serve, the common shares represented by proxies received will be voted for another nominee selected by our board of trustees. Our board of trustees recommends a vote "FOR" each of the listed nominees.

Proposal #2: Amending and Restating our Declaration of Trust

Introduction

Our board of trustees has approved, and recommends that you authorize them to adopt and execute, an amended and restated declaration of trust of our Company pursuant to Proposals #2a through #2d, below. The amended and restated declaration of trust, which will be in the form attached to this proxy statement as Appendix A, has been marked to show changes from our existing declaration of trust.

The changes reflected in the amendment and restatement will, among other matters:

- o transfer provisions with respect to our investment policy to our bylaws;
- o transfer provisions with respect to our debt policy to our bylaws;
- o transfer provisions with respect to our operating procedures to our bylaws; and
- o lower the shareholder approval percentage (from 80% to a majority) for approval of certain exchange offers, mergers, consolidations, conversions, roll-ups or other similar transactions.

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

Overview of Reasons for Proposed Changes

When our Company was originally formed in 1993, it was our intention to operate as a closed-end, finite-life real estate investment trust ("REIT") that would acquire government insured mortgage loans, utilizing only the proceeds from our initial capital raise and no indebtedness. When we were restructured to an infinite-life company in 1999, our shareholders voted to amend our declaration of trust in order to accommodate our new business plan, which included,

among other changes, expanding the types of investments we could make and utilizing a defined amount of indebtedness to acquire higher yielding mezzanine and bridge loans and other real estate related investments. However, at the time of the restructuring, there were certain restrictions with respect to our operating procedures that were left in our declaration of trust that we now believe, after five years of operations as a public company, may no longer be applicable to our Company and in any event should be left to the discretion of our board of trustees.

Many of these restrictions do not reflect the nature of our current business plan and are based upon the guidelines of the North American Securities Administrators Association ("NASAA"), which were applicable when we were a non-listed entity. We are no longer required by law to be encumbered by those restrictions.

For these reasons, we are asking you to approve an amendment and restatement of our declaration of trust. By doing so, our trustees will be given powers substantially similar to those granted to directors of most public companies. It will also allow our board of trustees to amend, without the need to solicit shareholder consent, the provisions that will be moved into the bylaws as deemed necessary and appropriate to effectively manage our business. We feel this will enable us to operate in a more efficient and economical manner by allowing our board of trustees to react quickly to changes in the competitive and regulatory environment in which we operate. If the various proposals included in the amendment and restatement of our declaration of trust are not approved, we may be at a competitive disadvantage if business opportunities arise in the future which would otherwise require us to obtain shareholder approval prior to consummating such a transaction.

Recommendation

Our board of trustees recommends that you authorize them to adopt and execute an amended and restated declaration of trust of our company by voting "FOR" Proposals #2a, #2b, #2c and #2d set forth below. Each of these proposals requires the approval of a majority of our common shares outstanding, other than Proposal #2d which requires approval of 80% of our common shares outstanding.

Principal Effects and Risks of the Proposals

The following discusses the principal effects and risks of the proposals:

Loss of Shareholder Approval. Three of the proposals, Proposals #2a, #2b and #2c, seek shareholder approval to transfer provisions which are currently set forth in our declaration of trust into our bylaws. The principal effect of

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

this change will be to give our board of trustees the ability to amend, without the need to solicit shareholder consent, the transferred provisions as deemed necessary and appropriate to effectively manage our business. As a result, shareholders will no longer have a vote on whether or not certain investment policies and operating procedures can be changed, including various restrictions which currently limit the discretion of management and the board of trustees. While management has discussed with the board from time to time the elimination or revision of certain of these restrictions, neither management nor the board of trustees has a present intention to do so, although, as noted above, the proposals would permit our board of trustees to take actions on its own that would previously have required shareholder approval if the board felt such changes were in the best interest of our shareholders and us.

If the proposals are approved, some of the more significant restrictions which will be moved into our bylaws and, therefore, will no longer require shareholder approval to change include the following:

- o Debt Limitation. Our declaration of trust currently restricts our ability to incur indebtedness in excess of a set limitation. The present debt limitation is set at (i) 100% of our total market value with respect to total indebtedness and (ii) 50% of our total market value with respect to indebtedness other than working capital indebtedness, trade payables and subordinated advisor fees. We have no present intention to revise this limitation as it has provided us with significant flexibility to implement our business plan as currently formulated.
- o Specified Investments. Our declaration of trust currently provides that 40% of our new investments be of the type we originally invested in prior to our restructuring in 1999. We expect to continue to maintain approximately 40% of our investments in government insured or guaranteed investments, primarily through the acquisition of Government National Mortgage Association ("GNMA" or "Ginnie Mae") and Federal National Mortgage Association ("FNMA" or "Fannie Mae") mortgage-backed securities and pass-through certificates.
- o NASAA Guideline Limitations. Our declaration of trust currently provides that our Advisor's compensation is determined in accordance with the NASAA guidelines. Furthermore, unless approved by our independent trustees, our total operating expenses may not exceed the greater of (i) 2% of our average invested assets and (ii) 25% of our net income. We have never exceeded the foregoing limitations.

In addition to the provisions which contain various restrictions that would be moved to the bylaws, the proposals also contemplate that the more mundane provisions that are typically found in the bylaws of public companies would be moved

from the declaration of trust to the bylaws. These include, for example, provisions regarding meetings of shareholders, including quorum and voting mechanics; authority of our trustees, including resignation and removal procedures; appointments of our officers; the setting of record dates and voting procedures.

Increased Financing Risk. If our Investment Policy is moved into our bylaws and our board determines to increase our financing, the following risks of leverage already present will be increased:

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

- o we could lose our interests in assets given as collateral for secured borrowings or leverage if the required repayments are not made when due;
- o our cash flow from operations may not be sufficient to retire these obligations as they mature, making it necessary for us to either refinance these obligations prior to maturity or to raise additional debt and/or equity or dispose of some of our assets to retire the obligations which could have an adverse effect on the amount of cash available for distribution to our shareholders; and
- o there can be no assurance as to the availability, or the terms and conditions, of any financing needed by us to refinance borrowings.

Less Control by Minority Shareholders. Proposal #2d seeks shareholder approval to lower the required percentage (from 80% to a majority) for approval of certain exchange offers, mergers, consolidations, conversions, roll-ups or other similar transactions ("Conversion or Roll-Up Transactions"). The principal effect of this change would be a reduction in the voting requirement for us to seek approval for a Conversion or Rollup Transaction which would have a direct impact on the ability of a minority shareholder to block such a transaction. As a result, even though our shareholders would exercise discretion over such transactions, it will no longer be as difficult for us to obtain the vote to pursue a Conversion or Roll-up Transaction.

Proposal #2a: Transfer Provisions with Respect to our Investment Policy to our Bylaws

Our board of trustees has approved, and recommends that you authorize them to adopt and execute, an amended and restated declaration of trust of our Company, which would, among other things, move Article VII - Investment Policy of the declaration of trust to our bylaws (with the exception of the provisions in Article VII that relate to our debt policy, which we are asking you to vote on separately in Proposal #2b). Presently, any amendment to our declaration of trust and, therefore, changes to our investment policy requires the approval of our shareholders. Obtaining shareholder approval for such amendments is often costly and time-consuming. We have also surveyed other public REITs and determined that most public companies and similarly situated REITs provide for director discretion with respect to investment policy. We feel that moving our investment policy into our bylaws would enable us to operate in a more efficient and economical manner by allowing our board of trustees to react quickly to changes in the competitive and regulatory environment in which we operate.

For example, in recent years, we have expanded our business plan and undertaken a growing variety of investments in real estate including diversifying outside of multifamily residential to include commercial opportunities. While such investments are currently permitted by our declaration of trust, we wish to move the provision to our bylaws so that if necessary, our board can alter the provision in order to take full advantage of investment opportunities that are within our core competency as soon as such opportunities are presented.

By transferring our investment policy to our bylaws, we would be giving our board the needed flexibility in our continued operations and expanding business. It would also enable us to operate in a more efficient and economical manner by allowing our board of trustees to react quickly to changes in the competitive and regulatory conditions in which we operate.

For these reasons, we are asking you to approve shifting the investment policy of our Company into our bylaws. A copy of our Amended and Restated Bylaws

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

has been attached to this proxy as Appendix B.

Proposal #2b: Transfer Provisions with Respect to our Debt Policy to our Bylaws

Our board of trustees has approved, and recommends that you authorize them to adopt and execute, an amended and restated declaration of trust of our Company, which would, among other things, move our debt policy to our bylaws.

Our declaration of trust currently restricts our ability to incur indebtedness in excess of a set limitation. The present debt limitation is set at (i) 100% of our total market value with respect to total indebtedness and (ii) 50% of our total market value with respect to indebtedness other than working capital indebtedness, trade payables and subordinated advisor fees. We are asking you to approve moving this restriction on indebtedness to our bylaws which will grant our board of trustees the discretion to determine, from time to time, our appropriate level of indebtedness.

Although we have no immediate plans to increase the amount of our indebtedness beyond that currently permitted by the declaration of trust, granting the board of trustees discretion with respect to such decisions will provide us with greater flexibility and allow us to react quickly to changes in our industry. In addition, we have surveyed other public mortgage REITs and determined that most similarly situated REITs grant the board discretion with respect to indebtedness limitations.

For these reasons, we are asking you to approve shifting provisions related to the debt policy of our Company into our bylaws. A copy of our Amended and Restated Bylaws has been attached to this proxy as Appendix B.

Proposal #2c: Transfer Provisions with Respect to our Operating Procedures to our Bylaws

Our board of trustees has approved, and recommends that you authorize them to adopt and execute, an amended and restated declaration of trust of our Company, which would, among other things, transfer certain provisions related to our operating procedures from our declaration of trust to our bylaws. These include, for example, provisions regarding meetings of shareholders, including quorum and voting mechanics; authority of our trustees, including resignation and removal procedures; appointments of our officers; the setting of record dates and voting procedures. It also includes references to the NASAA guidelines, which were only applicable when we were a non-listed company.

In light of our continuing growth and the manner in which our Company has changed since our declaration of trust was created, such an amendment would allow our board of trustees to exercise greater discretion and control over the operation of our Company and provide needed flexibility. For example, our declaration of trust currently contains restrictions as set by the NASAA guidelines which limits the amount we may compensate our advisor. It also contains

restrictions, also set by the NASAA guidelines, which does not permit our total operating expense to exceed the greater of (i) 2% of our average invested assets and (ii) 25% of our net income. While we have never exceeded the foregoing limitations, we are no longer required by law to be encumbered with the NASAA restrictions and feel that moving these to our bylaws would put our board of

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

trustees in a position to amend, should it in the future determine it is in our best interest and without the need to solicit shareholders consent, these operating procedures as deemed necessary and appropriate to effectively manage our business.

For these reasons, we are asking you to approve an amendment to our declaration of trust that would transfer certain provisions related to our operations to our bylaws. A copy of our Amended and Restated Bylaws has been attached to this proxy as Appendix B.

Proposal #2d: Amendment to the Shareholder Voting Requirements for Approval of Conversion Transactions or Roll-Ups

Our board of trustees has approved, and recommends that you authorize them to adopt and execute, an amended and restated declaration of trust of our Company, which would, among other things, amend the shareholder voting requirements for approval of certain Conversion or Roll-Up Transactions.

Presently, Conversion or Roll-Up Transactions require the approval of the holders of eighty percent (80%) of the outstanding shares of our Company. We propose to reduce this eighty percent (80%) approval requirement to a majority of the outstanding shares of our Company held by our shareholders in order to authorize a Conversion or Roll-Up Transaction.

The eighty percent (80%) approval requirement currently provided for in our declaration of trust has the potential to unduly limit our Company's ability to obtain approval of a Conversion or Roll-Up Transaction, as our Company has a broad and diverse shareholder base with many shareholders owning small amounts of our shares. In addition, the current declaration of trust provides for the approval of the holders of a majority of the shares outstanding for all other major decisions with respect to our Company. If approved, this amendment would continue to permit our shareholders to exercise discretion over such transactions; however, undertaking a Conversion or Roll-Up Transaction would be less costly and our Company would have the ability to obtain such approval in a timely manner.

For these reasons, we are asking you to approve the amendment of the voting requirements for approval of Conversion or Roll-Up Transactions as described above.

Comparison of Provisions of Our Existing Declaration of Trust to the Proposed Amended and Restated Declaration of Trust

Set forth below is a comparison of our existing declaration of trust to the proposed amended and restated declaration of trust showing the provisions that will be modified if Proposals #2a, #2b, #2c and #2d are approved by our shareholders. The comparison (and the discussion above) are summaries and you should not assume they are complete. You should read the form of Third Amended and Restated Declaration of Trust which is attached to this proxy as Appendix A for a complete description of the proposed changes.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers and trustees, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. These persons are required by regulation of the SEC to furnish us with copies of all Section 16(a) forms they file.

During the fiscal year ended December 31, 2004, all of our trustees, executive officers and greater than ten percent beneficial owners complied with all applicable Section 16(a) filing requirements.

EXECUTIVE COMPENSATION

Trustees and Management

We currently have five executive officers (one of whom, Ms. Kiley, has announced her retirement) and five trustees (three of whom are independent trustees). We do not pay or accrue any fees, salaries or other forms of compensation to our officers other than options which may be received under our Share Option Plan. Independent trustees receive compensation for serving as independent trustees at the rate of \$20,000 per year payable one-half in cash and one-half in common shares (or all in common shares at the trustee's discretion) in addition to an expense reimbursement for attending meetings of our board of trustees. The chairman of the audit committee receives an additional \$5,000 in cash for serving on the audit committee.

Our Advisor, at its expense, provides all personnel necessary to conduct our regular business. Our Advisor receives various fees and reimbursements for advisory and other services performed under our Advisory Agreement, as further described in the "CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS -- Advisory Agreement" section of this Proxy Statement. An affiliate of our Advisor pays all salaries, bonuses and other compensation (other than options which may be received under our Share Option Plan) to the officers of our Advisor (including such officers who also serve as officers of our Company). Certain officers of our Advisor and certain officers of our Company receive compensation from our

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

Advisor and its affiliates for services performed for various affiliated entities, which may include services performed for us. Such compensation may be based in part on our performance; however, our Advisor believes that any such compensation attributable to services performed for us is immaterial.

Share Option Plan

We have adopted a Share Option Plan, the purpose of which is (i) to attract and retain qualified persons as trustees and officers and (ii) to incentivize and more closely align the financial interests of our Advisor and its employees and officers with the interests of the holders of our common shares by providing our Advisor with a substantial financial interest in our success. The compensation committee, which is comprised of Messrs. Mannes and Rosan, administers our Share Option Plan. Pursuant to our Share Option Plan, if our distributions per common share in the immediately preceding calendar year exceed \$1.45 per common share, the compensation committee has the authority to issue options to purchase, in the aggregate, that number of common shares which is equal to 10% of the aggregate number of common shares outstanding as of December 31 of the immediately preceding calendar year (subject to any limitations imposed by the national securities exchange or national quotation system upon which the Company is listed). This is the "life maximum" for our Share Option Plan.

All options granted by the compensation committee will have an exercise price equal to or greater than the fair market value of the common shares on the date of the grant. The maximum option term is ten years from the date of grant. All common share options granted pursuant to our Share Option Plan may vest immediately upon issuance or in accordance with the determination of the compensation committee. No options were granted for the years ended December 31, 1999, December 31, 2000, and December 31, 2001. In 2002, we distributed \$1.51 per common share. Therefore, the compensation committee was authorized to issue options for the year ended December 31, 2002. On April 11, 2003, the compensation committee granted 190,000 options to 25 employees of RCC and to our Advisor. In 2003, we distributed \$1.60 per common share, however, there were not any options issued. For the year ended December 31, 2004, we distributed \$1.60 per common share and therefore, the compensation committee is authorized to issue options for the year ended December 31, 2004. On March 23, 2005, we granted 65,052 options for common shares to Mr. Garth pursuant to our Share Option Plan. The options have an effective date of January 3, 2005. All share options will vest over a three year period, with one third vesting on the first anniversary of the effective date.

Report of the Compensation Committee

The compensation committee of our board of trustees is comprised of two independent trustees (Messrs. Mannes and Rosan). The role of the compensation committee is to administer the policies governing our Share Option Plan. Because we do not pay salaries and bonuses to our officers or our Advisor, the compensation committee does not determine executives' salary levels. Subject to the restrictions contained in our Share Option Plan, option compensation is intended to be set at a level competitive with the amounts paid to the management of similarly sized companies in similar industries. The compensation committee also evaluates the performance of management when determining the number of options to be issued.

Our grants of share options are structured to link the compensation of our officers and the officers and employees of our Advisor with our performance. Through the establishment of our Share Option Plan, we have aligned the financial

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

interests of our executives (and the executives and employees of our Advisor) with the results of our performance, which is intended to enhance shareholder value. The compensation committee may only grant options if certain performance levels are met and is limited in the number of options which may be granted each year (See "Share Option Plan" above). The amount of options which may be granted will be set at levels that the compensation committee believes to be consistent with others in our industry, with such compensation contingent upon our level of annual and long-term performance.

Section 162(m) was added to the Internal Revenue Code (the "Code") as part of the Omnibus Budget Reconciliation Act of 1993. Section 162(m) limits the deduction for compensation paid to the chief executive officer and the other executive officers to the extent that compensation of a particular executive exceeds \$1,000,000 (less the amount of any "excess parachute payments" as defined in Section 280G of the Code) in any one year. However, under Section 162(m), the deduction limit does not apply to certain "performance-based" compensation established by an independent compensation committee which conforms to certain restrictive conditions stated under the Code and related regulations. It is our goal to have compensation paid to our executive officers qualify as performance-based compensation deductible for federal income tax purposes under Section 162(m). Given the fact that we are currently externally managed by our Advisor and the only compensation that currently may be paid to our executive officers are options pursuant to our Share Option Plan, it is unlikely that Section 162(m) will present any concerns.

During the fiscal year ended December 31, 2004, the compensation committee consisted of Messrs. Rosan and Mannes. No compensation committee member had any interlocking relationships requiring disclosure under applicable rules and regulations. No compensation committee member was employed by the Company as an officer or employee during 2004. No executive officer of the Company serves as a member of the board of directors or compensation committee of any other company that has one or more executive officers serving as a member of our board of trustees or the compensation committee.

Reimbursement

Incentive Share Options

Our Advisor may receive options to acquire additional common shares pursuant to our Share Option Plan only if our distributions in any year exceed \$1.45 per common share and the compensation committee of our board of trustees determines to grant such options.

- * Our Advisor is also permitted to earn miscellaneous compensation, which may include, without limitation, construction fees, escrow interest, property management fees, leasing commissions and insurance brokerage fees. The payment of any such compensation is generally limited to the competitive rate for the services being performed.
- ** "Original Mortgage Investments" means investments authorized under our original investment policy, which include originated Mortgages, acquired Mortgages and additional loans (and within such terms are also included REMICS, CMOs, GNMA, FHA and FHLMC Pass-Through Certificates). "Additional Mortgage Investments" shall mean uninsured mortgage loans, construction loans, bridge loans, mezzanine loans, mortgage derivatives, and commercial mortgage-backed securities ("CMBS") subordinated interests (including subordinated interests in CMBS).

Our Advisor may engage in other business activities related to real estate, mortgage investments or other investments whether similar or dissimilar to ours, or act as Advisor to any other person or entity having investment policies whether similar or dissimilar to ours. Before our Advisor, the officers and directors of our Advisor and all persons controlled by our Advisor and its officers and directors may take advantage of an opportunity for their own account or present or recommend it to others, they are obligated to present such investment opportunity to us if (i) such opportunity is of a character which could be taken by us, (ii) such opportunity is compatible with our investment objectives and policies and (iii) we have the financial resources to take advantage of such opportunity.

The declaration of trust and Advisory Agreement provide that we will indemnify our Advisor and its affiliates under certain circumstances.

Our Advisor is entitled to subcontract its obligations under our Advisory Agreement to an affiliate. In accordance with the foregoing, our Advisor has assigned its rights and obligations to RCC.

Pursuant to our Advisory Agreement, our Advisor is entitled to receive as compensation a number of shares equal to 1% of all common shares issued by us. No common shares were issued to our Advisor in 2004 in connection with any follow-on offerings.

Affiliated Transactions

In June 2004, we entered into a revolving credit facility (the "Revolving Facility") with CharterMac. The Revolving Facility, which is unsecured, will provide up to \$20.0 million in borrowings to be used to purchase new investments, and bears interest at 30-day LIBOR plus 300 basis points. The Revolving Facility is for a term of one year with a one-year optional extension and contains customary restrictions/covenants that are similar to our mortgage warehouse line of credit with Bank of America. In the opinion of our management, the terms of this facility are consistent with those of transactions with independent third parties. As of December 31, 2004, we had approximately \$4.6 million in borrowings outstanding on the Revolving Facility at an interest rate

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

of 5.42%.

ACCOUNTING AND AUDIT INFORMATION

- o The audit committee met periodically with the independent auditors, with and without management present, to discuss the results of their examinations of the financial statements and internal controls;
- o The audit committee has reviewed and discussed with our management our fiscal 2004 audited financial statements;
- o The audit committee also reviewed management's report on its assessment of the effectiveness of internal control over financial reporting as of December 31, 2004;
- o The audit committee has discussed with Deloitte & Touche LLP (our independent auditors) the matters required to be discussed by Statements on Auditing Standards No. 61 as amended by Statements on Auditing Standards No. 90; and

Based on the review and discussions referred to above, the audit committee recommended to our board of trustees that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2004.

Submitted by the audit committee of our board of trustees:

Stanley R. Perla - Chairman
Scott M. Mannes
Richard M. Rosan

Independent Auditors

Deloitte & Touche LLP have been and are presently our independent auditors. Representatives of Deloitte & Touche LLP are expected to be present at the annual meeting and to be available to respond to appropriate questions from holders of our common shares. In addition, such representatives will have the

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

opportunity to make a statement if they desire to do so.

The following table presents fees for professional audit services rendered by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, "Deloitte & Touche") for the audit of our financial statements for the fiscal years ended December 31, 2004 and December 31, 2003, and fees for other services rendered by Deloitte & Touche during those periods.

	2004	2003
Audit Fees (a)	\$248,922	\$196,500
Audit-Related Fees (b)	--	--
Tax Fees (c)	49,500	42,000
All Other Fees (d)	--	--
Total	\$298,422	\$238,500

- (a) Fees for audit services billed in 2004 and 2003 consisted of the audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements, comfort letters, consents and other services related to SEC matters. 2004 includes an allocation from CharterMac for the review of internal controls pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.
- (b) No audit-related services were rendered by Deloitte & Touche in 2004 or 2003.
- (c) Fees for tax services billed in 2004 and 2003 consisted of tax compliance services. Tax compliance services are services rendered based upon facts already in existence or transactions that have already occurred to document, compute, and obtain government approval for amounts to be included in tax filings and consisted of Federal, state and local income tax return assistance and REIT compliance testing.
- (d) No other services were rendered by Deloitte & Touche during 2004 or 2003.

All audit-related services, tax services and other services were pre-approved by the audit committee, which concluded that the provision of those services by Deloitte & Touche was compatible with the maintenance of Deloitte & Touche's independence in the conduct of its auditing functions.

Policy on Pre-Approval of Independent Auditor Services

The audit committee is responsible for appointing, setting compensation and overseeing the work of the independent auditors. The audit committee has established a policy regarding pre-approval of all audit and non-audit services provided by our Company's independent auditors.

On an on-going basis, management communicates specific projects and categories of service for which the advance approval of the audit committee is requested. The audit committee reviews these requests and advises management if the audit committee approves the engagement of the independent auditors. The audit committee may also delegate the ability to pre-approve audit and permitted non-audit services to one or more of its members, provided that any pre-approvals are reported to the audit committee at its next regularly scheduled meeting.

EXPENSES OF SOLICITATION

We will bear the costs of the solicitation of proxies in connection with

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

the annual meeting, including the costs of preparing, assembling and mailing proxy materials and the handling and tabulation of proxies received. In addition to the solicitation of proxies by mail, proxies may be solicited by trustees of our Company, for no additional compensation, by telephone, telegram, personal interviews or otherwise. Arrangements have also been made with brokerage firms, custodians, nominees and fiduciaries to forward solicitation materials to beneficial owners of common shares held of record by these persons or firms with their nominees, and in connection therewith, these firms will be reimbursed for their reasonable out-of-pocket expenses in forwarding these materials.

Additionally, we have retained The Altman Group, a proxy solicitation firm, to assist in the solicitation of proxies. We anticipate that the cost of this proxy solicitation firm in the aggregate will not exceed \$55,000, plus expenses. The telephone number of The Altman Group is (201) 806-7300. Other than as set forth above, neither we nor any other person acting on our behalf has retained any other person to make solicitations or recommendations to shareholders with respect to the approval of the acquisition transaction or any other proposal submitted to the shareholders for consideration at the annual meeting.

VOTING PROCEDURES

General

EquiServe Trust Company, N.A. (the "Inspector") has been appointed the inspector of elections. The Inspector will count all votes cast, in person or by submission of a properly executed proxy, received at or prior to the annual meeting. Abstentions and "broker non-votes" (nominees holding common shares for beneficial owners who have not voted on a specific matter) will be treated as present for purposes of determining whether a quorum is present at the annual meeting. However, abstentions and broker non-votes will have no effect on the vote for Proposals #1 and #3 because the vote required is a plurality and majority, respectively, of the votes actually cast (assuming the presence of a quorum). Abstentions and broker non-votes will be counted as votes against Proposal #2.

Voting

You may vote by completing, signing and mailing the enclosed proxy card in the enclosed return envelope. In the alternative, you may also submit a proxy on the Internet by following the instructions on the enclosed proxy card. To submit a proxy on the Internet, log on to the Internet and go to <http://www.eproxyvote.com/amc>, enter your authentication number which can be found in the grey shaded box on the proxy card, and follow the directions outlined on the secure website. Even if you plan to attend the annual meeting in person, we urge you to return your proxy card to assure the representation of your shares at the annual meeting.

Record Date

Only holders of our common shares of record at the close of business on April 1, 2005 are entitled to receive notice of, and to vote at, the annual meeting, or any postponements or adjournments thereof. As of that date, there were approximately 8,335,639 common shares issued and outstanding. Each common share entitles the record holder thereof to one vote, exercisable in person or by properly executed proxy, on all matters which properly come before the annual meeting (or any postponement or adjournment thereof).

Quorum; Adjournments

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

For purposes of the annual meeting, the presence, in person or by proxy, of shareholders entitled to cast a majority of all votes entitled to be cast at the annual meeting will constitute a quorum. If a quorum is not obtained or, as to any one or more of the proposals, if fewer common shares are voted in favor of the proposal than the number of shares required for approval, the annual meeting may be adjourned for the purpose of obtaining additional proxies or votes or for any other purpose and, at any subsequent reconvening of the annual meeting, all proxies will be voted in the same manner as such proxies would have been voted at the original convening of the annual meeting, except for any proxies which have theretofore effectively been revoked or withdrawn, notwithstanding that they may have been effectively voted on the same day for any other matter at a previous meeting.

Vote Required

The affirmative vote of the holders of a majority of the issued and outstanding common shares entitled to vote at the annual meeting at which a quorum is present is required to approve each of the amendments to our declaration of trust, other than Proposal #2d, which requires approval of 80% of our common shares outstanding. The affirmative vote of a plurality of the votes actually cast by the holders of our common shares either in person or by proxy at the annual meeting is required for the election of each of the Trustee nominees. The affirmative vote of the holders of a majority of the common shares voting either in person or by proxy at the annual meeting is required to approve, if necessary, the extension of the solicitation period and the adjournment of the annual meeting.

SHAREHOLDER PROPOSALS

Any shareholder proposal intended to be presented at the 2006 Annual Meeting of Shareholders must be received by us at our principal executive office not later than January 6, 2006, for inclusion in the proxy statement and form of proxy

relating to that meeting. Any such proposal must also comply with other requirements of the proxy solicitation rules of the SEC. No business other than that stated in the proxy statement and form of proxy shall be transacted at any meeting without the unanimous consent of all the shareholders entitled to vote thereat.

ANNUAL REPORT ON FORM 10-K

Upon written request by any shareholder entitled to vote at the meeting, we will furnish that person without charge a copy of our Annual Report on Form 10-K for the fiscal year ended December 31, 2004, which is filed with the SEC, including the financial statements and schedules thereto. Requests should be addressed to Brenda Abuaf at American Mortgage Acceptance Company, 625 Madison Avenue, New York, New York 10022.

OTHER BUSINESS

Our board of trustees does not know of any other matters to be brought before the annual meeting except those set forth in the notice thereof. If other business is properly presented for consideration at the annual meeting, it is intended that the proxies will be voted by the persons named therein in

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form PRER14A

accordance with their judgment on such matters.

It is important that your common shares be represented at the annual meeting. If you are unable to be present in person, please complete, date, sign and return the enclosed stamped, self-addressed proxy card or submit a proxy on the Internet at <http://www.eproxyvote.com/amc>. Your failure to do so will increase the costs of operating our Company and decrease the return on your investment.
