NORTH HORIZON, INC. Notes to the Condensed Financial Statements June 30, 2008 and December 31, 2007

NOTE 1 - CONDENSED FINANCIAL STATEMENTS

The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at June 30, 2008, and for all periods presented herein, have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2007 audited financial statements. The results of operations for the periods ended June 30, 2008 and 2007 are not necessarily indicative of the operating results for the full years.

NOTE 2 - GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from management and significant shareholders sufficient to meet its minimal operating expenses and seeking equity and/or debt financing. However management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following information should be read with the financial statements and notes thereto appearing in this Form 10-Q.

Plan of Operations.

We have not engaged in any material operations during the period ended June 30, 2008. Over the past several years we have not engaged in any material operations other than matters pertaining to our corporate existence. We intend to continue to seek the acquisition of assets, property, or business that may be beneficial to us and our shareholders. We are considered to be a development stage company and we have no assets.

Our only foreseeable cash requirements during the next twelve month period will relate to maintaining our status as a corporate entity, complying with the periodic reporting requirements of the U.S. Securities and Exchange Commission, and evaluating and reviewing possible business ventures and opportunities. We do not anticipate raising additional capital in the next twelve months. If additional funds are required, it is anticipated that management will advance such funds as loans to us or we will issue shares for the funds advanced. Any loan will not be on terms less favorable than we could obtain from a commercial lender. We will not engage in any product development or research. We have no expectation of the purchase of any plant or significant equipment nor the hiring of any employees.

Results of Operations.

For the quarter and six month period ended June 30, 2008, we had limited operations. During the quarter ended June 30, 2008, we had no revenues and incurred expenses of \$4,375 with a net loss of (4,375) compared to no revenues and expenses of \$2,281 and a net loss of (2,281) for the same period a year earlier. During the six month period ended June 30, 2008, we had no revenues and incurred expenses of \$13,059 with a net loss of (13,059) compared to no revenues and expenses of \$6,264 with a net loss of (6,264) for the same period a year earlier. Expenses increased because of the additional financial burdens of becoming a reporting company.

Off-balance sheet arrangements.

We have no off-balance sheet arrangements.

Forward looking statements.

This Report makes certain forward-looking statements. Section 27A of the Securities Act of 1933, and Section 21E of the Securities Exchange Act of 1934 refer to the term "forward looking statements." Such statements may refer to such matters as anticipated financial performance, future revenues or earnings, business prospects, projected ventures, new products and services, anticipated market performance, and similar matters.

Such words as "may", "will", "expect," "continue," "estimate," "project," and "intend" and similar terms and expressions are intended to identify forward-looking statements. These terms may relate to events, conditions, and financial trends that may affect our future plans of operations, business strategy, operating results, and financial position. We advise readers that actual results may differ substantially from such forward-looking statements. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those expressed in or implied by the statements, including but not limited to, the following: our ability to find a suitable business venture that will benefit us, our ability to investigate a potential business venture, and our ability to determine all information about a business venture.

Edgar Filing: North Horizon, Inc. - Form 10-Q

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS. This item is not applicable to smaller reporting companies.

ITEM 4(T). CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures.

As of the end of the period covered by this quarterly report, management with the participation of our chief executive officer and principal accounting officer, did an evaluation of the effectiveness of the design and operation of our "disclosure controls and procedures", as defined in the Exchange Act and Rules 13a-15(e) and 15d-15(e).

Disclosure control procedures are designed to ensure that such information is accumulated and communicated to management, including our chief executive officer and principal accounting officer, to allow decisions regarding required disclosure to be made in a timely manner.

At the end of the period covered by this quarterly report, we conducted an evaluation under the supervision and direct participation of our management, including our chief executive officer and principal accounting officer, of the effectiveness of the design and operation of our disclosure controls and procedures. In designing and evaluating disclosure controls and procedures, management recognizes that there are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their desired control objectives. In evaluating and implementing possible controls and procedures, management is required to apply its reasonable judgment. Based on the evaluation described above, our management, including our principal executive officer and principal accounting officer, has concluded that, as of June 30, 2008, our disclosure controls and procedures were effective.

Changes in Internal Controls over Financial Reporting.

We had no significant changes in our internal controls during the period ended June 30, 2008. Management concluded that there has been no change in our internal control over financial reporting during the period ended June 30, 2008, that has materially affected or is reasonably likely to affect our internal control over financial reporting.

Part II.
