**Information Statement Pursuant to Section 14C  
of the Securities Exchange Act of 1934**

---

This information statement has been filed with the Securities and Exchange Commission (“SEC”) and is provided by the Board of Directors of OnSpan Networking, Inc., a Nevada corporation (the “Company”) to the holders of the Company’s outstanding common shares, in connection with stockholder approval by written majority consent authorizing amendments to the Company’s Articles of Incorporation as follows:

1. To amend the Certificate of Incorporation to increase the Company’s authorized common stock, par value \$.001, to 100,000,000 from 757,576 shares; and
2. To amend the Certificate of Incorporation to change the Company’s name to Double Eagle Holdings, Ltd.

All of the foregoing actions have been effected by written consents (the “Amendments”) executed by the holders of an aggregate of 50.23% of the Company’s outstanding Common Stock. In accordance with the regulations of the Securities and Exchange Commission (the “Commission”), the Amendments will be effective 20 days following the mailing of this information statement. It is expected that the amendments to the Certificate of Incorporation will be filed on January 2, 2007.

As stockholders of the Company holding 50.23% of the Company’s outstanding common stock have already approved of the Amendments, the Company is not seeking approval from any of the Company’s remaining stockholders, and the Company’s remaining stockholders will not be given an opportunity to vote. All necessary corporate approvals have been obtained, and this Information Statement is being furnished solely for the purpose of providing advance notice to the Company’s stockholders of the Name Change as required by the Securities Exchange Act of 1934 (the “Exchange Act”).

ARE REQUESTED NOT TO SEND US A PROXY**

## INTRODUCTION

### GENERAL

The Company's Board of Directors approved the Name Change effective November 24, 2006 and fixed November 25, 2006 (the "Record Date") as the record date for determining the stockholders entitled to give written consent to the Amendments. Stockholders holding an aggregate of 61,154 shares of the Company's outstanding common stock as of the Record Date, being equal to 50.23% of the number of shares then outstanding, have executed written consent resolutions approving the Amendments.

Pursuant to Section 78.390 of the Nevada Revised Statutes (the "NRS"), the approval of a majority of the Company's voting power is required in order to effect the Name Change. Section 78.320(2) of the NRS eliminates the need to hold a special meeting of the Company's stockholders to approve the Name Change by providing that, unless the Company's Articles of Incorporation or Bylaws state otherwise, any action required or permitted to be taken at a meeting of the stockholders may be taken without a meeting if, before or after the action, a written consent is signed by stockholders holding at least a majority of the Company's voting power.

The Company was incorporated under the laws of the State of Nevada on September 21, 1988. The Company's principal historical business was software sales. In August 2002, the Company's Board of Directors determined that its software business had not provided adequate prospects for a reasonable return on the stockholders' investments and, therefore, began to explore alternate lines of business. Since 2002, the Company has changed its business strategy and sought to develop a subsidiary to focus in the home construction area. **However, in 2005, the home construction business was closed and since that time, the Company has sought to acquire operating businesses.**

To date, the Company has yet to locate a suitable acquisition candidate willing to be acquired, but it has become apparent that the Company's current capitalization structure is inadequate to acquire any business with significant assets and/or revenue.

### INCREASE IN AUTHORIZED COMMON STOCK

The Board of Directors and the holders of a majority of the Company's outstanding Common Stock have approved an amendment to the Company's Certificate of Incorporation to increase the number of authorized shares of the Company's Common Stock to 100,000,000 shares, par value of \$.001 per share (the "Stock Increase Amendment").

At November 25, 2006, the authorized capital of the Company consisted of 757,576 shares of Common Stock, par value \$.001 per share and 12,500 shares of Preferred Stock, par value \$.001 per share. As of that date, 121,749 shares of Common Stock were outstanding and 2,713 shares of Preferred Stock were outstanding (“Series A Preferred”). Therefore, before conversion of any Preferred Stock, the Company will have issued or reserved for issuance a total of 121,749 shares of Common Stock currently authorized and issued.

After the Stock Increase Amendment is filed, the additional shares of Common Stock would be issuable at any time and from time to time, by action of the Board of Directors without further authorization from the Company’s stockholders, except as otherwise required by applicable law or rules and regulations to which the Company may be subject, to such persons and for such consideration (but not less than the par value thereof) as the Board of Directors determines.

After taking into account the currently issued and reserved shares of Common Stock discussed above but without taking into account shares to be issued on conversion of the Convertible Preferred Stock, the Company would have only 635,827 shares of Common Stock authorized which are not issued or reserved for issuance. The Company’s Board of Directors believes that the authorization of the additional shares of Common Stock is in the best interests of the Company and its stockholders so that sufficient shares will be readily available for use, if feasible, for acquisition, in raising additional capital, conversion of the outstanding Preferred Stock and for grants as incentives to employees, officers, directors and consultants of the Company.

From time to time the Company may consider acquisitions or other transactions which may require the issuance of shares of Common Stock or Preferred Stock. Other than the Convertible Preferred Stock, the Company presently has no understandings or arrangements which would require the issuance of any of the additional shares of Common or Preferred Stock which are proposed to be authorized. Further, there are no definitive agreements at this time respecting any merger or consolidation with or acquisition of another business, or the sale or liquidation of the Company or its business. However, management believes that the increase in the number of authorized shares of Common Stock is in the best interest of the Company and its stockholders since additional shares of Common Stock will provide the Company with the flexibility of having a broader choice in the type and number of equity securities available to it for the above and other corporate purposes.

Due to the Board of Directors’ discretion in connection with the issuance of additional shares of Common Stock to be issued in a private placement, it may, under certain circumstances, possess timing and other advantages in responding to a tender offer or other attempt to gain control of the Company, which may make such attempts more difficult and less attractive. For example, issuance of additional shares would increase the number of shares outstanding and could necessitate the acquisition of a greater number of shares by a person making a tender offer and could make such acquisition more difficult since the recipient of such additional shares may favor the incumbent management. Moreover, these advantages give the Board of Directors the ability to provide any such holders with a veto power over actions proposed to be taken by the holders of the Company’s Common Stock. This could have the effect of insulating existing management from removal, even if it is in the best interest of the common stockholders. Management of the Company is not aware of any existing or threatened efforts to obtain control of the Company.

The foregoing is only a summary of the Stock Increase Amendment and is not intended to be complete. Stockholders are urged to read carefully the provisions of the Stock Increase Amendment, the complete text of which is attached as Exhibit "A" to this Information Statement. The foregoing summary is qualified in its entirety by reference to such complete text.

**CHANGING THE COMPANY'S NAME TO  
DOUBLE EAGLE HOLDINGS, LTD.**

The Board of Directors and the holders of a majority of the Company's outstanding Common Stock have approved an amendment to the Certificate of Incorporation which would change the name of the Company from OnSpan Networking, Inc. to Double Eagle Holdings, Ltd. The Board believes that this new name will reflect that the Company is no longer in the software business, and its new name is generic enough to acquire any line of business without necessitating a new amendment changing the name should the business being acquired not be in the computer software industry.
