REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Participants and Administrator of the  
Ingersoll-Rand Company Employee Savings Plan  
Montvale, New Jersey

We have audited the accompanying financial statements of the Ingersoll-Rand Company Employee Savings Plan (the Plan) as of and for the years ended December 31, 2007 and 2006 as listed in the foregoing Index. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based upon our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements of the Plan, referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and changes in net assets available for benefits for the years ended December 31, 2007 and 2006 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**1. PLAN DESCRIPTION (Continued)**

Effective December 31, 2003, the account balances of participants in the SSIP, the Electronic Technology Corporation 401(k) Plan (the “ETC Plan”) and the Integrated Access Systems, Inc. Employee Salary Reduction Plan (the “Integrated Access Plan”) were merged into the Plan.

Effective May 31, 2005, the account balances of participants in the Ingersoll-Dresser Pump Company Hourly Pension Plan (the “IDP Plan”), the Falcon Lock 401(k) Plan (the “Falcon Lock Plan”) and the Nelson Refrigeration Profit Sharing Plan (the “Nelson Plan”) were merged into the Plan. Effective September 30, 2005, the Security One Systems, Inc. 401K Savings Plan (the “SOS Plan”) was merged into the Plan.

On February 27, 2007, the Company agreed to sell its Road Development business unit to AB Volvo. The U.S. portion of the sale was completed on April 30, 2007. The assets of the “Transferred Employees” and “Former Employees,” as defined in the asset and stock purchase agreement between Ingersoll Rand Company, Limited and AB Volvo (Public), dated February 27, 2007 are anticipated to be transferred to an AB Volvo defined contribution plan intended to be qualified under IRC Section 401(a) during 2008.

On July 29, 2007, the Company agreed to sell its Bobcat, Utility Equipment and Attachment businesses (collectively, Compact Equipment) to Doosan Infracore. The sale was completed on November 30, 2007. The assets and liabilities of “Transferred Employees” and “Former Employees,” as defined in the asset and stock purchase agreement among Ingersoll Rand Company, Limited, Doosan Infracore Co. Limited and Doosan Engine Co. LTD, dated as of July 20, 2007 were transferred to a Doosan defined contribution plan intended to be qualified under IRC Section 401(a) during 2007.

**General** – The Plan is a defined contribution plan covering eligible employees, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

Fidelity Investments (“Fidelity”) is the trustee and recordkeeper of the Plan and the Plan’s assets are part of the Ingersoll-Rand Company Savings Plan Master Trust (“Savings Plan Master Trust”) maintained by Fidelity.

The Ingersoll Rand Company Benefits Administration Committee (the “Committee”) administers the Plan on behalf of the Company. The Ingersoll Rand Company Benefits Design Committee designs and approves changes to the Plan. The Ingersoll Rand Company Benefits Investment Committee selects and approves the Plan’s investment options. Participants direct investments among the primary investment options. The Plan is intended and operated to satisfy the requirements of ERISA Section 404(c).

**Assets of Merged Plans** – Certain Plan investments relate to assets received as a result of the merger of the Nelson Plan into the Plan effective May 31, 2005. These assets were owned by the Plan but were not part of the Savings Plan Master Trust as of December 31, 2007 and 2006. The Company has no intentions to transfer these assets to the Savings Plan Master Trust at this time.

**1. PLAN DESCRIPTION (Continued)**

**Contributions**— For those employees who are eligible to participate in the Plan, there is automatic enrollment whereby a new employee is automatically enrolled in the Plan upon date of hire with a 2% pre-tax contribution that is invested in a default investment defined by the Plan. Effective August 1, 2007, target retirement date funds became the default investment. Prior to August 1, 2007, the contribution was invested in the Money Market Portfolio. The employee then has a period of approximately 30 days to elect to not contribute to the Plan or to change his or her contribution percentage and investment options within the Plan. Payroll deductions, consequently, do not begin until such period has expired. Each year, participants may contribute up to 50% (in whole percentages) of their compensation, as defined in the Plan and subject to limits under the U.S. Internal Revenue Code of 1986, as amended (“IRC”). Participants may use before or after-tax dollars for part or all of their elective contributions. Participants also may rollover to the Plan amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to various limitations to ensure compliance with the requirements of the IRC. Participants may change their contribution amounts in accordance with the administrative procedures established by the Committee.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan’s assets are held in the Savings Plan Master Trust, together with assets from other participating defined contribution plans intended to qualify under IRC Section 401(a). Within the master trust, the Plan offers a money market portfolio, self-directed brokerage accounts, various mutual funds, and an Ingersoll-Rand Company Limited Stock Fund.

The Company contributes to the Plan via a matching contribution. The Plan requires Company matching contributions of 100% of participants’ contributions up to 6% of salary. The Company’s matching contribution is contributed in half cash and half stock. The cash half is immediately invested in the same manner as the participant contributions and the stock half, contributed in Ingersoll-Rand Company Limited Class A common shares, is immediately eligible to be invested in any investment option under the Plan. The Plan also has a discretionary profit sharing contribution available for certain participants working for an affiliate of the Company. This profit sharing contribution, if any, is determined annually by the sector leadership of the affiliate. At December 31, 2007 and 2006, employer contribution receivable included \$508,550 and \$524,568 respectively, related to this profit sharing contribution.

**Participant Accounts** – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, and (c) charged with applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit which a participant is entitled to receive is the benefit that can be provided from the participant’s vested account.

**Vesting** – Participants are vested immediately in their contributions plus actual earnings thereon. The Company’s matching and profit sharing contribution portion of participants’ accounts is also immediately vested.

**1. PLAN DESCRIPTION (Continued)**

**Participant Loans** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant’s account and bear a fixed interest rate of prime plus 0.1% (rounded to the nearest 0.5%) at the time of the loan, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

**Payment of Benefits**– Plan distributions may be in the form of a lump sum or in such other manner that the Plan may permit. In addition, Plan participants who terminate employment may elect distributions of at least \$500 on a daily basis up to the balance in the account.

**Forfeitures**– Forfeitures apply only to the accounts of participants who participated in the SSIP and who terminated prior to January 1, 2003. Forfeitures of \$311 and \$345 at December 31, 2007 and 2006, respectively, were available to reduce future Company contributions. For 2007 and 2006, forfeitures of \$32,064 and \$111,905 were applied against Company contributions.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**– The Plan follows the accrual method of accounting.

**Use of Estimates**– The preparation of financial statements in conformity with generally accepted accounting principles requires the Committee to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the dates of the financial statements. Actual results could differ from those estimates.

**Valuation of Investments**– With the exception of assets of merged plans described earlier, Plan assets are part of the Savings Plan Master Trust, which provides unified investment management. Fidelity invests Plan assets in various trust investment options at the direction of Plan participants and as required by the Plan.

Separate participant accounts are maintained by investment option. These accounts record contributions, withdrawals, transfers, earnings and changes in market value.

The Savings Plan Master Trust reports investments in the Mutual Funds, the Ingersoll-Rand Company Limited Stock Fund, and the investments comprising the assets of merged plans category at current value based on published market quotations. Fidelity’s Institutional Money Market Portfolio is valued at current value based on published market quotations of those Fidelity funds in which it participates. Investments in the Self-Directed Brokerage Accounts are at current value based on published market quotations of the individual investments comprising the brokerage accounts.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Valuation of Investments (continued)**– The Participant Loan Fund represents the net outstanding receivable balance, which approximates fair value, due to the Plan from those participants with outstanding loan balances.

**Security Transactions and Investment Income**– Realized gains or losses on security transactions are recorded on the trade date. Realized gains or losses are the difference between the proceeds received and the security's unit cost. Dividend income is recorded on the ex-dividend date and interest income is recorded when earned.

The statements of changes in net assets include unrealized appreciation or depreciation in accordance with the policy of stating investments at current value. Appreciation or depreciation of investments reflects both realized gains and losses and the change in unrealized appreciation and depreciation of investments.

**Contributions**– Participant and Company matching contributions are contributed to the Plan on a weekly, bi-weekly or monthly basis, as outlined in the Plan document. Profit sharing contributions are contributed to the Plan annually. Participant contributions for each investment option or portfolio are based on the participants' elections.

**Expenses of the Plan**– Certain expenses associated with the administration of the Plan and the Savings Plan Master Trust are paid for by the Company. Expenses of the funds related to the investment and reinvestment of assets are included in the cost of the related investments. Other expenses such as loan fees, withdrawal fees and fees related to investments in the brokerage accounts are paid for by the participant.

**Benefit Payments** – Distributions to terminated employees are recorded in the Plan's financial statements when paid. There were no approved and unpaid amounts at December 31, 2007 and 2006.

**3. INVESTMENT IN THE SAVINGS PLAN MASTER TRUST**

The Plan's investments are in the Savings Plan Master Trust which was established for the investment of assets of the Plan and several other Ingersoll-Rand Company sponsored retirement plans. The assets of the Savings Plan Master Trust are held by Fidelity Management Trust Company (Trustee). Each participating retirement plan has an undivided interest in the Savings Plan Master Trust. The Trustee maintains separate accounting of all contributions, benefit payments and expenses and allocates income earned and received by the Savings Plan Master Trust on the basis of the adjusted value of each plan at year end. At December 31, 2007 and 2006, the Plan had an 87.7% and 80.7% participation, respectively, in the Savings Plan Master Trust.
