PROXY STATEMENT

The Board of Directors (the “Board”) of China Precision Steel, Inc., a Delaware corporation (“we” or the “Company”) is furnishing this Proxy Statement and the accompanying proxy to you to solicit your proxy for the 2011 Annual Meeting of Stockholders (the “Meeting”). The Meeting will be held on Friday, June 29, 2012, at 10:00 a.m., local time, at the Meeting Room, 18th Floor, Teda Building, 87 Wing Lok Street, Sheung Wan, Hong Kong.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is this proxy statement?

You have received this proxy statement and our annual report because our Board of Directors is soliciting your proxy to vote your shares at the annual meeting. This proxy statement includes information that we are required to provide to you under the rules of the Securities and Exchange Commission (the “SEC”) and that is designed to assist you in voting your shares.

What is the purpose of the annual meeting?

At the annual meeting, our stockholders will act upon the matters described in this proxy statement. These actions include the election of directors; ratification of the appointment of the independent registered public accounting firm (which we sometimes refer to as the “independent auditors”); an advisory (that is, nonbinding) vote on executive compensation; an advisory vote on the frequency of holding an advisory vote on executive compensation; and approval of the Reverse Split. An additional purpose of the annual meeting is to transact any other business that may properly come before the annual meeting and any and all adjournments or postponements of the annual meeting.

Who can attend the annual meeting?

All stockholders of record at the close of business on May 1, 2012, the record date, or their duly appointed proxies, may attend the annual meeting.

What proposals will be voted on at the annual meeting?

Stockholders will vote on three proposals at the annual meeting:

- the election of directors;
- the ratification of Moore Stephens as the Company's independent auditors for the fiscal year ending June 30, 2012;
- approval of the Reverse Split.

What are the Board's recommendations?

Our Board recommends that you vote:

• **FOR** election of the nominated directors;

“**FOR** ratification of Moore Stephens as the Company’s independent auditors for the fiscal year ending June 30, 2012;
“**FOR** approval of the Reverse Split.

Will there be any other business on the agenda?

The Board knows of no other matters that are likely to be brought before the annual meeting. If any other matters properly come before the annual meeting, however, the persons named in the enclosed proxy, or their duly appointed substitute acting at the annual meeting, will be authorized to vote or otherwise act on those matters in accordance with their judgment.

Who is entitled to vote?

Only stockholders of record at the close of business on May 1, 2012, which we refer to as the Record Date, are entitled to notice of, and to vote at, the annual meeting. As of the record date, there were 46,562,955 shares of our common stock outstanding. Holders of common stock as of the record date are entitled to one vote for each share held for each of the proposals. No other class of voting securities is outstanding on the date of mailing of this proxy statement.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Securities Transfer Corporation, you are considered, with respect to those shares, the “stockholder of record.” This proxy and our Annual Report have been sent directly to you by us.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the “beneficial owner” of shares held in street name. This proxy and the Annual Report have been forwarded to you by your broker, bank or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by using the voting instructions included in with your proxy materials.

How do I vote my shares?

Whether you hold shares directly as a registered stockholder of record or beneficially in street name, you may vote without attending the meeting. You may vote by granting a proxy or, for shares held beneficially in street name, by submitting voting instructions to your stockbroker, trustee or nominee. In most cases, you will be able to do this by

using the Internet or telephone or by mail, if you received a printed set of the proxy materials:

By Internet – If you have Internet access, you may submit your proxy via the Internet by following the instructions provided in the Notice, or if you received a printed version of the proxy materials by mail, by following the instructions provided with your proxy materials and on your proxy card or voting instruction card.

By Telephone or Mail – If you received printed proxy materials, you may submit your proxy by telephone by following the instructions provided on your proxy card or voting instruction card. If you received a Notice, you may submit your proxy by telephone after accessing the proxy materials via the Internet. You may also submit your proxy by mail by signing your proxy card if your shares are registered or, for shares held beneficially in street name, by following the voting instructions included by your stockbroker, trustee or nominee, and mailing it in the envelope provided. If you provide specific voting instructions, your shares will be voted as you have instructed. Voting by telephone is not available to persons outside of the United States.

If you vote by proxy, the individuals named on the proxy card (your “proxies”) will vote your shares in the manner you indicate. You may specify how your shares should be voted for each of the proposals. If you grant a proxy without indicating your instructions, your shares will be voted as follows:

“FOR the election of the five nominees for director;

..FOR the ratification of Moore Stephens as the Company’s independent auditors for the fiscal year ending June 30, 2012;

“FOR approval of the Reverse Split.

Each share of common stock is entitled to one vote. The record date for determining stockholders entitled to notice of and to vote at the annual meeting is May 1, 2012. As of that date, there were 46,562,955 shares of our common stock outstanding.

What constitutes a quorum?

A quorum is the presence, in person or by proxy, of the holders of a majority of the shares of the common stock entitled to vote. Under Delaware law, an abstaining vote and a broker “non-vote” are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the annual meeting.

What is a broker “non-vote” and what is its effect on voting?

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares does not have the authority to vote on the matter with respect to those shares. This is generally referred to as a “broker non-vote.”

Proposal 2 (ratification of auditors) involves a matter that we believe will be considered routine. All other proposals involve matters that we believe will be considered non-routine. We encourage you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided on your proxy card.

What is required to approve each item?

For Proposal No. 1 (election of directors), each director must be elected by a plurality of votes cast with respect to such director (i.e., the number of shares voted “for” a director nominee must exceed the number of votes “withheld” from that nominee). Abstentions and broker non-votes are not counted for purposes of the election of directors. For Proposal No. 2 (ratification of independent auditors) and Proposal No. 3 (approval of Reverse Split), the affirmative vote of the holders of a majority of the stockholders’ shares present in person or represented by proxy at the meeting and entitled to vote, is required.

For any other matters on which stockholders are entitled to vote, the affirmative vote of the holders of a majority of the stockholders' shares present in person or represented by proxy at the meeting and entitled to vote, is required. For the purpose of determining whether the stockholders have approved matters other than the election of directors and the frequency of holding an advisory vote on executive compensation, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote. If stockholders hold their shares through a broker, bank or other nominee and do not instruct them how to vote, the broker may have authority to vote the shares for routine matters.

Stockholders may not cumulate votes in the election of directors, which means that each stockholder may vote no more than the number of shares he or she owns for a single director candidate.

Our bylaws require that, in uncontested elections, each director be elected by the majority of votes cast with respect to such director. This means that the number of shares voted "for" a director nominee must exceed the number of votes "withheld" from that nominee in order for that nominee to be elected. Only votes "for" or "withheld" are counted as votes cast with respect to a director. Abstentions and broker non-votes will have no effect.

How will shares of common stock represented by properly executed proxies be voted?

All shares of common stock represented by proper proxies will, unless such proxies have previously been revoked, be voted in accordance with the instructions indicated in such proxies. If you do not provide voting instructions, your shares will be voted in accordance with the Board's recommendations as set forth herein. In addition, if any other matters properly come before the annual meeting, the persons named in the enclosed proxy, or their duly appointed substitute acting at the annual meeting, will be authorized to vote or otherwise act on those matters in accordance with their judgment.

Can I change my vote or revoke my proxy?

Any stockholder executing a proxy has the power to revoke such proxy at any time prior to its exercise. You may revoke your proxy prior to exercise by calling the toll-free telephone number identified in the Notice, or by accessing the Internet website specified in the Notice, or in writing by execution of a subsequently dated proxy, or by a written notice of revocation, sent to the attention of the Secretary at the address of our principal office set forth in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement, or by attending and voting in person at the Meeting. Unless revoked, the shares represented by timely received proxies will be voted in accordance with the directions given therein. Your most current proxy card or telephone or Internet proxy is the one that is counted.

If the Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the previously convened Meeting (except for any proxies that have at that time effectively been revoked or withdrawn), even if the proxies had been effectively voted on the same or any other matter at a previous Meeting.

How are proxies solicited?

In addition to the mail solicitation of proxies, our officers, directors, employees and agents may solicit proxies by written communication, telephone or personal call. These persons will receive no special compensation for any solicitation activities. We will reimburse banks, brokers and other persons holding common stock for their expenses in forwarding proxy solicitation materials to beneficial owners of our common stock.

Who paid for this proxy solicitation?

The cost of preparing, printing, assembling and mailing this proxy statement and other material furnished to stockholders in connection with the solicitation of proxies is borne by us.

What is "householding?"

The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as "householding," permits us to realize significant cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to you. Under this process, certain stockholders of record who do not participate in electronic delivery of proxy materials will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. Any stockholders who wish to opt out of, or wish to begin, householding may contact our Corporate Secretary through one of the following methods:

How do I learn the results of the voting at the annual meeting?

The preliminary voting results will be announced at the Annual Meeting. The final results will be published in our current report on Form 8-K to be filed with the Securities and Exchange Commission within four business days after the date of the Annual Meeting, provided that the final results are available at such time. In the event the final results are not available within such time period, the preliminary voting results will be published in our current report on Form 8-K to be filed within such time period, and the final results will be published in an amended current report on Form 8-K/A to be filed within four business days after the final results are available. Any stockholder may also obtain the results from the Corporate Secretary, China Precision Steel, Inc., 18th Floor, Teda Building, 87 Wing Lok Street, Sheung Wan, Hong Kong.

Can I receive future stockholder communications electronically through the Internet?

Yes. You may elect to receive future notices of meetings, proxy materials and annual reports electronically through the Internet. To consent to electronic delivery, vote your shares using the Internet. At the end of the Internet voting procedure, the on-screen Internet voting instructions will tell you how to request future stockholder communications be sent to you electronically.

Once you consent to electronic delivery, you must vote your shares using the Internet and your consent will remain in effect until withdrawn. You may withdraw this consent at any time during the voting process and resume receiving stockholder communications in print form.

Corporate Governance Guidelines

We and our Board are committed to high standards of corporate governance as an important component in building and maintaining stockholder value. To this end, we regularly review our corporate governance policies and practices to ensure that they are consistent with the high standards of other companies. We also closely monitor guidance issued or proposed by the SEC and the provisions of the Sarbanes-Oxley Act, as well as the emerging best practices of other companies. The current corporate governance guidelines are available on the Company's website at <http://www.chinaprecisionsteelinc.com>. Printed copies of our corporate governance guidelines may be obtained, without charge, by contacting the Corporate Secretary, China Precision Steel, Inc., 18th Floor, Teda Building, 87 Wing Lok Street, Sheung Wan, Hong Kong.

Our board of directors currently consists of six members: Leada Tak Tai Li, Hai Sheng Chen, Tung Kuen Tsui, Che Kin Lui, David Peter Wong and Daniel Carlson; Mr. Carlson serves as a non-executive, non-voting member of the board of directors.

Our board of directors has established three committees: an audit committee, a compensation committee, and a nominating and governance committee. Our board of directors has adopted a written charter for each of the committees, each of which is available on our website <http://www.chinaprecisionsteelinc.com>. Printed copies of these charters may be obtained, without charge, by contacting the Corporate Secretary, China Precision Steel, Inc., 18th Floor, Teda Building, 87 Wing Lok Street, Sheung Wan, Hong Kong.

Governance Structure

The Board believes the interests of all stockholders are best served at the present time through a leadership model that separates the roles of the Chair of the Board of Directors and the Chief Executive Officer. We have chosen to implement such a governance structure to allow our Chief Executive Officer the ability to focus the majority of his time and efforts on the day to day operations of the Company. Each of our Chief Executive Officer and Board Chair possesses an in-depth knowledge of the Company, its integrated operations, the domestic and international industry, and the array of challenges to be faced, gained through over 35 years of combined experience. The Board believes that these experiences and other insights put each of them in the best position to provide broad leadership for the Board as it considers strategy and as it exercises its fiduciary responsibilities to its stockholders. We believe that this governance structure will serve the Company's shareholders well in the coming years.

Further, the Board has demonstrated its commitment and ability to provide independent oversight of management. A majority of the Board is comprised of independent directors, and 100 percent of the Audit, Compensation, and Corporate Governance committees are independent. Each independent director has access to the Chief Executive Officer and other Company executives on request, may call meetings of the independent directors, and may request agenda topics to be added or dealt with in more detail at meetings of the full Board or an appropriate Board committee.

We encourage our stockholders to learn more about our Company's governance practices at our website, <http://www.chinaprecisionsteelinc.com>.

The Board's Role in Risk Oversight

The Board oversees that the assets of the Company are properly safeguarded, that the appropriate financial and other controls are maintained, and that the Company's business is conducted wisely and in compliance with applicable laws and regulations and proper governance. Included in these responsibilities is the Board of Directors' oversight of the

various risks facing the Company. In this regard, the Board seeks to understand and oversee critical business risks. The Board does not view risk in isolation. Risks are considered in virtually every business decision and as part of the Company's business strategy. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Indeed, purposeful and appropriate risk-taking is essential for the Company to be competitive on a global basis and to achieve its objectives.

While the Board oversees risk management, Company management is charged with managing risk. The Board and the Audit Committee monitor and evaluate the effectiveness of the internal controls and the risk management program at least annually. Management communicates routinely with the Board, Board Committees and individual Directors on the significant risks identified and how they are being managed. Directors are free to, and indeed often do, communicate directly with senior management.

The Board implements its risk oversight function both as a whole and through Committees. Much of the work is delegated to various Committees, which meet regularly and report back to the full Board. All Committees play significant roles in carrying out the risk oversight function. In particular:

The Audit Committee oversees risks related to the Company's financial statements, the financial reporting process, ..accounting and legal matters. The Audit Committee oversees the internal audit function and the Company's ethics programs, including the Code of Business Conduct. The Audit Committee members meet separately with representatives of the independent auditing firm.

The Compensation Committee evaluates the risks and rewards associated with the Company's compensation philosophy and programs. The Compensation Committee reviews and approves compensation programs with "features that mitigate risk without diminishing the incentive nature of the compensation. Management discusses with the Compensation Committee the procedures that have been put in place to identify and mitigate potential risks in compensation.

Board, Committee and Annual Meeting Attendance

During the fiscal year ended June 30, 2011, the Board held 1 meeting and acted by written consent twice. Our Audit Committee and the Governance and Nominating committee met or acted by written consent 4 and 1 times, respectively. In addition, our non-management directors, all of which are independent directors, meet in executive session following Board meetings. Each director attended at least 75% of all Board and applicable committee meetings. Our directors are expected to attend board meetings as frequently as necessary to properly discharge their responsibilities and to spend the time needed to prepare for each such meeting. We encourage our directors to attend annual shareholder meetings, but we do not have a formal policy requiring them to do so.

Audit Committee and Audit Committee Financial Expert

Tung Kuen Tsui, Che Kin Lui and David Peter Wong serve as members of the Company's Audit Committee, each of whom our Board determined to be "independent" as that term is defined by Rule 4200(a)(15) of the NASDAQ Marketplace Rules. Mr. Wong serves as chair of the Audit Committee.

The purpose of the audit committee is to oversee our accounting and financial reporting processes and the audits of our financial statements. The primary function of the audit committee is to oversee the Board by reviewing the financial information that will be provided to the stockholders and others, the preparation of our internal financial statements, and our audit and financial reporting process, including internal control over financial reporting. In addition, our audit committee is responsible for maintaining free and open lines of communication among the committee, the independent auditors and management. Our audit committee consults with our management and independent auditors before the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into various aspects of our financial affairs. The committee is also responsible for considering, appointing, and establishing fee arrangements with our independent auditors and, if necessary, dismissing them. It is not responsible for preparing our financial statements or for planning or conducting the audits.

Our Board of Directors has determined that David Peter Wong possesses the accounting or related financial management experience that qualifies him as financially sophisticated within the meaning of Rule 4350(d)(2)(A) of the Nasdaq Marketplace Rules and that he is an "audit committee financial expert" as defined by the rules and regulations of the SEC.

The Report of the Audit Committee regarding the audited financial statements of the Company for the fiscal year ended June 30, 2011 is located on Exhibit A to this Proxy Statement.

Our chief executive officer may not be present at any committee meeting during which his compensation is deliberated. Mr. Che Kin Lui serves as Chair of the compensation committee.

The compensation committee is responsible for, among other things:

- “ approving and overseeing the compensation package for our executive officers;

- “ reviewing and making recommendations to the Board with respect to the compensation of our directors;

- “ reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer, evaluating the performance of our chief executive officer in light of those goals and objectives, and setting the compensation level of our chief executive officer based on this evaluation; and

The Compensation Committee has sole authority to retain and terminate outside counsel, compensation consultants retained to assist the Compensation Committee in determining the compensation of the Chief Executive Officer or senior executive officers, or other experts or consultants, as it deems appropriate, including sole authority to approve the firms' fees and other retention terms. The Compensation Committee may also form and delegate authority to subcommittees and may delegate authority to one or more designated members of the Compensation Committee. The Compensation Committee may from time to time seek recommendations from the executive officers of the Company regarding matters under the purview of the Compensation Committee, though the authority to act on such recommendations rests solely with the Compensation Committee.

- ..identifying and recommending to the Board the directors to serve as members of the Board's committees; and

In identifying and recommending nominees for election or re-election to the board, or for appointment to fill any vacancy, the corporate governance and nominating committee is also committed to engendering Board strength and effectiveness by seeking candidates with a diverse set of business, academic and life experiences and backgrounds who also possess knowledge and skills in areas of importance to the Company. The Committee does not use quotas but considers diversity when evaluating potential new directors.

The Committee identifies director candidates primarily through recommendations made by the non-employee directors. These recommendations are developed based on the directors' own knowledge and experience in a variety of fields. Additionally the Committee considers recommendations made by the employee directors, stockholders, and others. All recommendations, regardless of the source, are evaluated on the same basis.

Stockholders may send recommendations for director candidates to the Corporate Secretary, China Precision Steel, Inc., 18th Floor, Teda Building, 87 Wing Lok Street, Sheung Wan, Hong Kong. A submission recommending a candidate should include:

Policies and Procedures Relating to Transactions with Related Persons

Our current written policies and procedures for review, approval or ratification of relationships or transactions with related persons are set forth in our Code of Business Ethics and Conduct, our Audit Committee Charter, our Nominating and Corporate Governance Committee Charter, and our Board of Directors Charter.

Our Board of Directors is generally required to monitor and manage potential conflicts of interest of management and the Board and as permitted under the Company’s Bylaws, the Board has delegated some of these responsibilities to the Board’s Audit Committee and Nominating and Corporate Governance Committee. Our Audit Committee Charter provides that the Audit Committee is responsible for establishing procedures for the approval of and approve the entry of the Company into any and all related party transactions between the Company and any executive officer or director that would potentially require disclosure pursuant to Item 404 of SEC Regulation S-K. The Audit Committee Charter also mandates that the Audit Committee must approve the entry of the Company into any such related party transaction. Our Nominating and Corporate Governance Committee Charter provides that the Nominating and Corporate Governance Committee is responsible for reviewing and assessing the adequacy of the Company’s Code of Business Ethics and Conduct and other internal policies and guidelines and monitor whether the principles described therein are being incorporated into the Company’s culture and business practices.

Our Code of Business Ethics and Conduct provides a number of specific procedures, requirements, and prohibitions relating to related party transactions. It prohibits directors, officers and employees from accepting simultaneous employment with a Company supplier, customer, developer, or competitor, or from taking part in any activity that enhances or supports a competitor’s position. All directors, officers and employees must disclose to the Company any interest that may conflict with the Company. A director, officer and employee may accept a position as a director of another company only if he or she obtains approval from the Board of Directors; the other company does not compete with the Company; and any compensation received in this capacity is commensurate with its responsibilities.

Our Code of Business Ethics and Conduct generally requires directors, officers, and employees of the Company to avoid conducting Company business with a relative or significant other, or with a business in which a relative or significant other is associated in any significant manner. Where a Company director, officer or employee believes that

such a transaction is unavoidable, he or she must fully disclose it to the Company's Chief Executive Officer. If the Chief Executive Officer deems it material to the Company, the Nominating and Corporate Governance Committee must review and provide advance written approval for such transactions. The Board subsequently reassigned part of this responsibility to the Audit Committee pursuant to the Audit Committee Charter. The most significant related party transactions, especially those involving the Company's directors or executive officers, must be reviewed and approved in writing in advance by the Company's Board of Directors. The Board also delegated part of this function to the Audit Committee under the Audit Committee Charter, as explained above. The Company must report all such material related party transactions under applicable accounting rules, federal securities laws, SEC rules and regulations, and securities market rules. Any dealings with a related party must be conducted in such a way that no preferential treatment is given.

Our Code of Business Ethics and Conduct permits waivers of the above policies and procedures as to directors or executive officers only if they are approved in writing by the Board of Directors and promptly disclosed. Any waiver with respect to any employee, agent or contractor must be approved in writing by the Company. Under its Charter, our Nominating and Corporate Governance Committee is also responsible for reviewing requests for any waivers and recommending to the Board whether a particular request should be granted.

Any type of related party transaction not expressly covered by the above policies and procedures is subject to the review and approval of our Board of Directors.

There were no related party transactions since the beginning of the fiscal year ended June 30, 2011 for which our policies and procedures did not require review, approval or ratification, or where our policies and procedures were not followed.

The Board of Directors is responsible for establishing broad corporate policies and monitoring the overall performance of the Company. It selects the Company's executive officers, delegates authority for the conduct of the Company's day-to-day operations to those officers, and monitors their performance. Members of the Board keep themselves informed of the Company's business by participating in Board and Committee meetings, by reviewing analyses and reports, and through discussions with the Chairman and other officers.

See "Governance and Nominating Committee" above for a discussion of the process for selecting directors.

There are currently six directors serving on the Board. At the Meeting, five directors will be elected. The individuals who have been nominated for election to the Board at the Meeting are listed in the table below. Each of the nominees is a current director of the Company.

Alternatively, the size of the Board may be reduced accordingly. The Board has no reason to believe that any of the nominees will be unwilling or unable to serve, if elected as a Director. The five nominees for election as directors are uncontested. Director Qualifications

Directors are responsible for overseeing the Company’s business consistent with their fiduciary duty to shareowners. This significant responsibility requires highly-skilled individuals with various qualities, attributes and professional experience. The Board believes that there are general requirements for service on the Company’s Board of Directors that are applicable to all Directors and that there are other skills and experience that should be represented on the Board as a whole but not necessarily by each Director. The Board and the Governance and Nominating Committee of the Board consider the qualifications of Directors and Director candidates individually and in the broader context of the Board’s overall composition and the Company’s current and future needs.

In its assessment of each potential candidate, including those recommended by shareowners, the Governance and Nominating Committee considers the nominee's judgment, integrity, experience, independence, understanding of the Company's business or other related industries and such other factors the Governance and Nominating Committee determines are pertinent in light of the current needs of the Board. The Governance and Nominating Committee also takes into account the ability of a Director to devote the time and effort necessary to fulfill his or her responsibilities to the Company.

The Board and the Governance and Nominating Committee require that each Director be a recognized person of high integrity with a proven record of success in his or her field. Each Director must demonstrate innovative thinking, familiarity with and respect for corporate governance requirements and practices, an appreciation of multiple cultures and a commitment to sustainability and to dealing responsibly with social issues. In addition to the qualifications required of all Directors, the Board assesses intangible qualities including the individual's ability to ask difficult questions and, simultaneously, to work collegially.

The Board does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experiences in evaluating candidates for Board membership. Diversity is important because a variety of points of view contribute to a more effective decision-making process.

Qualifications, Attributes, Skills and Experience Represented on the Board

The Board has identified particular qualifications, attributes, skills and experience that are important to be represented on the Board as a whole, in light of the Company's current needs and business priorities. The Company is a NASDAQ listed company that offers products in the steel industry in China. Therefore, the Board believes that a diversity of professional experiences in the steel industry, specific knowledge of key geographic growth areas, and knowledge of U.S. capital markets and of U.S. accounting and financial reporting standards should be represented on the Board.

PROPOSAL 3

AUTHORIZATION OF REVERSE SPLIT

The Board seeks approval to amend the Company's Amended and Restated Articles of Incorporation to (a) effect a Reverse Split of the Company's Common Stock at a ratio that will be determined by the Board, but shall be no less than a one-for-five (1:5) and no greater than a one-for-25 (1:25) reverse split (the "Reverse Split"); provided, however, that such approval shall expire on August 31, 2012.

Reasons for the Reverse Split and Authorized Share Reduction

On September 16, 2011, we received a letter from The NASDAQ Stock Market LLC (“NASDAQ”) notifying us that for 30 consecutive business days, the bid price of our Common Stock had closed below \$1.00 per share, the minimum closing bid price required by the continued listing requirements set forth in Listing Rule 5450(a)(1), and that, pursuant to Listing Rule 5810(c)(3)(A), we had 180 calendar days, or until March 14, 2012, to regain compliance with the minimum bid price requirement. On March 15, 2012, we received a second letter from NASDAQ notifying us that we had not regained compliance during the initial 180-day grace period, but that NASDAQ was granting us an additional 180-day grace period, or until September 10, 2012, to regain compliance. NASDAQ’s determination was based on our having met the continued listing requirement for market value of publicly held shares and all other applicable requirements for initial listing on the NASDAQ Capital Market, with the exception of the bid price requirement, and on our written notice to NASDAQ of our intention to cure the deficiency during the second compliance period by effecting a reverse stock split, if necessary. The Board authorized the submission of the Reverse Split to the Stockholders with a view to increase the per share trading price of our common stock.

We cannot assure you that the market price per share of our common stock after the Reverse Split will increase in proportion to the reduction in the number of shares of our common stock outstanding before the Reverse Split. Furthermore, we can offer no assurance that the Reverse Split, if completed, will result in the intended benefits described above, that the market price of our common stock will increase thereafter or that the market price of our Common Stock will not decrease in the future or even fall to or below pre-Reverse Split levels. While reducing the number of outstanding shares of our Common Stock through the Reverse Split is intended, absent other factors and in part, to seek an increase in the per share market price of our Common Stock, many factors affect the market price of our Common Stock post-Reverse Split, including our financial results, market conditions, industry conditions, changes in consumer demand, technology changes, general economic conditions and the market perception of our business and industry which may affect our ability to obtain and retain active market maker support for our Common Stock. Absent such support, the market value of the Common Stock may quickly or over time fall to pre-Reverse Split market price levels.

Effects of the Reverse Split

Effect on Common Stock. The Company has 62,000,000 shares of common stock, \$0.001 par value per share authorized, of which 46,562,955 are outstanding. If the Company receives the required Stockholder approval of Proposal 3, the Board will have the sole authority to elect, at any time prior to August 31, 2012: (1) whether or not to amend the Articles to effect the Reverse Split, and (2) if so, the number of whole shares of Common Stock between five and twenty five, depending on the selected ratio, which will be combined into one share of Common Stock by such amendment of the Articles. The following table is for illustration purposes only:

Edgar Filing: China Precision Steel, Inc. - Form PRE 14A

	Pre-Reverse Split	After 1:5 Ratio Split	After 1:10 Ratio Split	After 1:15 Ratio Split	After 1:20 Ratio Split	After 1:25 Ratio Split
Issued and Outstanding Shares	46,562,955	9,312,591	4,656,296	3,104,197	2,328,148	1,862,518

If the Board elects to consummate the Reverse Split and selects a ratio other than one of the ratios set forth in the above table, there will be a proportional decrease in the number of outstanding shares of Common Stock. There will be no change in the shares of Common Stock authorized by the Company.

Effect on the Preferred Stock. The Company has 8,000,000 shares of preferred stock, par value \$0.001 per share authorized, none of which are outstanding. The authorized Preferred Stock will not be affected by the Reverse Split.

The Proposed Reverse Split May Decrease the Liquidity of the Company's Stock. The liquidity of the Common Stock may be harmed by the proposed Reverse Split given the reduced number of shares that would be outstanding after the Reverse Split, particularly if the stock market price does not increase as a result of the Reverse Split. While the Company believes the Reverse Split will actually provide a number of shares of Common Stock outstanding that is manageable and more suitable to promoting investment in the Common Stock, such an adverse impact on the liquidity is a possibility.

Board Discretion to Implement the Reverse Split. If the Reverse Split is approved by the Company's Stockholders, it will be effected, if at all, only upon a determination by the Board that a Reverse Split is in the best interests of the Company and its Stockholders at the time of such determination, which determination must be made prior to the next annual meeting of stockholders. The Board may decide that the Reverse Split will not provide the intended benefits and abandon the Reverse Split or the Board may conclude that the Reverse Split is not necessary to achieve the desired goals of enhance liquidity for the Common Stock.

Abandonment. Notwithstanding approval of the Reverse Split by the Stockholders, the Board may, in its sole discretion, abandon the proposed amendment to the Articles and determine not to effect the Reverse Split as permitted under Delaware laws. If the Board does not implement the Reverse Split prior to August 31, 2012, stockholder approval would be required again prior to implementing any Reverse Split.

Amendment Effective Time. The effective date of the Reverse Split will be the date on which the Amendment to the Articles to effect the amendments contemplated by Proposal 3 is accepted and recorded by the Delaware Secretary of State (subject to any specific future time of effectiveness stated therein) in accordance with Delaware laws and in accordance with NASDAQ rules. However, the exact timing of the filing of the amendment will be determined by the Board based on its evaluation as to when such action will be the most advantageous to the Company and its Stockholders. Except as explained below with respect to fractional shares, on the effective date of the amendment to effect the Reverse Split, shares of Common Stock issued and outstanding immediately prior thereto will be combined and converted, automatically and without any action on the part of the Stockholders, into new shares of Common Stock in accordance with the Reverse Split ratio determined by the Board within the limits set forth in this Proposal 3.

Stockholders' Equity. Following the effectiveness of the amendment to the Articles, the stated capital on the Company's balance sheet and the additional paid-in capital account, in each case, attributable to the Common Stock, will be adjusted to reflect the Reverse Split. The par value per share of the Common Stock will remain unchanged at \$0.001 per share after the Reverse Split. As a result, on the effective date of the Reverse Split, the stated capital on the Company's consolidated balance sheet attributable to Common Stock will be reduced and the additional paid-in-capital account will be increased by the amount by which the stated capital is reduced. Per share net income or loss will be increased because there will be fewer shares of the Common Stock outstanding. The Company does not anticipate that any other accounting consequences, including changes to the amount of stock-based compensation expense to be recognized in any period, will arise as a result of the Reverse Split.

Procedure for Effecting the Reverse Split and Exchange of Stock Certificates

If the Reverse Split is approved by the Stockholders, the Reverse Split would become effective on upon the filing of the Amendment by the Company with the Delaware Secretary of State and compliance with NASDAQ requirements

(the “Effective Date”), and all of the Company’s issued and outstanding Common Stock will be converted into new Common Stock as set forth in the Amendment. As soon as practicable after the effective date of the Reverse Split, Stockholders will be notified that the Reverse Split has been consummated.

On the Effective Date, the determined shares of Common Stock will automatically be combined and changed into one share of Common Stock. No additional action on our part or any stockholder will be required in order to effect the Reverse Split. Certificates that represent pre-Reverse Split shares will automatically, and without any action on the part of any person, represent the post-split equivalent of such pre-Reverse Split shares following the Effective Date. Any fractional shares of post-Reverse Split Common Stock will be rounded up to the nearest whole share.

We will obtain a new CUSIP number for our Common Stock at the time of the Reverse Split. Subject to the provisions for elimination of fractional shares, as described above, consummation of the Reverse Split will not result in a change in the relative equity position or voting power of the holders of Common Stock. The number of stockholders will remain unchanged as a result of the Reverse Split.

NO REPLACEMENT CERTIFICATES WILL BE ISSUED TO STOCKHOLDERS IN CONNECTION WITH THE REVERSE SPLIT. THE CHANGE WILL OCCUR ON THE BOOKS OF THE COMPANY’S TRANSFER AGENT. The Company intends for the Reverse Split to treat stockholders holding the Company’s Common Stock in street name through a nominee (such as a bank or broker) in the same manner as stockholders whose shares are registered in their names. Nominees will be instructed to effect the Reverse Split for their beneficial holders by making the appropriate adjustment to the number of shares held in such accounts.

There are no arrears in dividends or defaults in principal or interest in respect to the securities which are to be exchanged.

U.S. Federal Income Tax Consequences of the Reverse Split

The combination of shares of pre-Reverse Split Common Stock into one share of post-Reverse Split Common Stock should be a tax-free transaction under the Code, and the holding period and tax basis of the pre-Reverse Split Common Stock will be transferred to the post-Reverse Split Common Stock.

The foregoing discussion should not be considered as tax or investment advice, and the tax consequences of the Reverse Split may not be the same for all stockholders. Stockholders should consult their own tax advisors to know their individual U.S. federal, state, local and foreign tax consequences. Foreign stockholders need to consult their tax advisors as this section does not apply to them.

Accounting Matters of the Reverse Split

The par value per share of the Company's Common Stock would remain unchanged after the Reverse Split. As a result, on the effective date of the Reverse Split, the stated capital on the balance sheet attributable to the Common Stock will be reduced proportionally, based on the exchange ratio of the Reverse Split, from its present amount, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value of the Common Stock will be restated because there will be fewer shares of the Common Stock outstanding.
