Part I. FINANCIAL INFORMATION

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

Item 1. Financial Statements

THIS FORM 10-QSB/A IS BEING FILED FOR THE PURPOSE OF AMENDING AND RESTATING PARTS OF FORM 10-QSB TO REFLECT THE RESTATEMENT OF OUR CONDENSED CONSOLIDATED FINANCIAL STATEMENTS AS OF AND FOR THE PERIODS ENDED JUNE 30, 2000 AND 2001. THESE REVISIONS HAVE BEEN MADE REGARDING SUBORDINATED DEBT ROLLFORWARDS AND THE RECALCULATION OF EXPENSES ASSOCIATED WITH CERTAIN WARRANTS ISSUED BY THE COMPANY. ALL PORTIONS OF THE FORM 10-QSB THAT ARE EFFECTED BY THESE REVISIONS HAVE BEEN ADJUSTED ACCORDINGLY. ALL INFORMATION IN THIS FORM 10-QSB/A IS AS OF JUNE 30, 2001 AND DOES NOT REFLECT ANY SUBSEQUENT INFORMATION OR EVENTS OTHER THAN THE RESTATEMENT.

The following consolidated financial statements of the Registrant are attached to this Form 10-QSB:

1. Interim Balance Sheet as of June 30, 2001 and Balance Sheet as of December 31, 2000.
2. Interim Statements of Operations for the three and six month periods ending June 30, 2001, and June 30, 2000.
3. Interim Statements of Cash Flows for the six month periods ending June 30, 2001 and June 30, 2000.

The Financial Statements reflect all adjustments which are, in the opinion of management, necessary to a fair statement of results for the periods presented.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operation

On August 19, 2002, we reported that we had discovered accounting inaccuracies in certain prior period financial statements requiring restatement of the financial statements for those periods. This statement involved inaccuracies related to the recording of expenses associated with the issuance of certain warrants by the Company. We are restating our statements of operations, cash flows, and stockholders' equity for the years ended December 31, 2001 and 2000 and for the interim periods ended March 31, June 30 and September 30 of 2001 and 2002, and the balance sheets as of December 31, 2001 and 2000.

We have determined that in 2000 and 2001, the Company did not record the proper amount of expense associated with the issuance of warrants by the Company in connection with the issuance of certain subordinated debt and certain senior debt by the Company. Based upon the fair value of the warrants at the time of issuance, a debt discount was to be recorded in the amount of such warrant value with respect to the subordinated and senior debt with which the warrants were associated. This discount was to be amortized and expensed over the term of the debt. The total amount of this debt discount related to the warrants was \$487,440 and was to be recorded over the period from November, 1999 through September 30, 2002. During that time, the total amount actually recorded was \$14,273, which was recorded for the quarter ended December 31, 2001.

We have determined that the amount of such expense should have been recorded in the following periods for the following amounts:

Two Months Ended December 31, 1999	\$42,556
Quarter Ended March 31, 2000	\$45,523
Quarter Ended June 30, 2000	\$45,523
Quarter Ended September 30, 2000	\$45,523
Quarter Ended December 31, 2000	\$45,523

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

Quarter Ended March 31, 2001	\$42,471
Quarter Ended June 30, 2001	\$36,368
Quarter Ended September 30, 2001	\$43,243
Quarter Ended December 31, 2001	\$18,998
Quarter Ended March 31, 2002	\$ 6,875
Quarter Ended June 30, 2002	\$ 6,875
Quarter Ended September 30, 2002	\$ 6,875

The restated financial statements in this Report incorporate the proper entries for these expenses and all necessary adjustments have been made to the statement of operations, cash flows, stockholders' equity and balance sheet in the financial statements.

Results of Operations

Net Sales. For the fiscal quarter ended June 30, 2001, net sales were \$6,876,000, compared to net sales of \$5,434,000 for the three months ended June 30, 2000, an increase of 26.5%. Net sales for the first six months of fiscal 2001 increased 2.9% to \$12,957,000, compared to net sales of \$12,596,000 for the six months ended June 30, 2000. For the six month period, sales of laminated, specialty and printed films increased by 78.0% compared to the same period of the prior year. This increase was offset by a decline in the sales of metallized balloons for the same period.

Cost of Sales. For the fiscal quarter ended June 30, 2001, cost of sales increased to 73.7% of net sales as compared to 66.1% of net sales in the three month period ended June 30, 2000. This increase was the result principally of the shift in sales to laminated films and latex balloons. Cost of goods sold was 73.5% of net sales for the first six months of fiscal 2001, compared to 67.8% for the six-month period ended June 30, 2000.

Administrative. For the fiscal quarter ended June 3, 2001, administrative expenses were \$818,000, or 11.9% of net sales as compared to \$858,000, or 15.8% of net sales for the three month period ended June 30, 2000. For the first six months of fiscal 2001, administrative expenses were \$1,565,000, or 12.1% of net sales as compared to \$1,715,000, or 13.6% of net sales for the six month period ended June 30, 2000. The decrease in administrative expenses is attributable principally to a reduction in personnel.

2

Selling. For the fiscal quarter ended June 30, 2001, selling expenses were \$445,000, or 6.5% of net sales, as compared to \$555,000, or 10.2% of net sales for the three month period ended June 30, 2000. For the first six months of fiscal 2001, selling expenses were \$871,000, or 6.7% of net sales as compared to \$1,078,000, or 8.5% of net sales for the three month period ended June 30, 2000. The decline in selling expense dollars is primarily related to a decrease in personnel in Mexico.

Advertising and Marketing. For the fiscal quarter ended June 30, 2001, advertising and marketing expenses were \$307,000, or 4.5% of net sales as compared to \$310,000, or 5.7% of net sales in the three month period ended June 30, 2000. For the first six months of fiscal 2001, advertising and marketing expenses were \$578,000, or 4.5% of sales as compared to \$625,000, or 4.9% of net sales for the six month period ended June 30, 2000.

Other Income or Expense. Interest expense increased to \$279,000 for the quarter ended June 30, 2001, as compared to \$226,000 for the three month period ended June 30, 2000. Interest expense increased to \$621,000 for the six months ended June 30, 2001, as compared to \$557,000 for the three month period ended

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

June 30, 2000. The increase in interest expense was due to the Company's increased level of borrowings.

Net Income or Loss. For the fiscal quarter ended June 30, 2001, the Company had income before taxes and minority interest of \$50,000 as compared to a loss before taxes and minority interest of \$364,000 for the three month period ended June 30, 2000. Income tax expense for the second quarter of fiscal 2001 was \$4,000, resulting in net income of \$24,000. The income tax expense for the three month period ended June 30, 2000 was \$23,000, resulting in a net loss of \$356,000. For the six months ended June 30, 2001, net loss was \$152,000, as compared to a net loss of \$225,000 for the six month period ended June 30, 2000.

Financial Condition

Liquidity and Capital Resources. Cash flow used in operations during the six months ended June 30, 2001 was \$1,046,000, which was affected by an increase in accounts receivable resulting from increased sales volume and an increase in inventory. During the six month period ended June 30, 2000, cash flows provided by operations were \$1,503,000, primarily the result of a disposition of assets.

Investment Activities. During the six months ended June 30, 2001, cash flow used in investing activities for the purchase of machinery and equipment was \$408,000. In the six month period ended June 30, 2000, \$1,287,000 was used in investing activities, primarily for the purchase of an interest in CTI Mexico.

Financing Activities. For the six months ended June 30, 2001, cash flow provided by financing activities was \$1,104,000. The primary source of this cash flow was the net proceeds from new long-term indebtedness (less the payment of prior indebtedness). Cash flow provided by financing activities for the six month period ending June 30, 2000 was \$44,000, resulting from the use of the short-term revolving line of credit.

3

At June 30, 2001, the Company had a cash balance of \$30,000. The Company's current cash management strategy includes maintaining minimal cash balances and utilizing the revolving line of credit for liquidity. At December 31, 2000, the Company had cash and cash equivalents of \$393,000. At June 30, 2001, the Company had working capital of (\$1,100,000), and at December 31, 2000, working capital was (\$3,862,000).

The Company believes that existing capital resources and cash generated from operations will be sufficient to meet the Company's requirements for at least 12 months.

Seasonality. In the metallized balloon product line, sales have historically been seasonal, with approximately 20% to 27% of annual sales of metallized balloons being generated in December and January and 11% to 13% of annual mylar sales being generated in June and July in recent years. The sale of latex balloons and laminated film products have not historically been seasonal. As sales of latex balloons and laminated film products have increased in relation to sales of metallized balloons, the effect of this seasonality has been reduced.

Safe Harbor Provision of the Private Securities Litigation Act of 1995 and Forward Looking Statements. The Company operates in a dynamic and rapidly changing environment that involves numerous risks and uncertainties. The market for mylar and latex balloon products is generally characterized by intense competition, frequent new product introductions and changes in customer tastes which can render existing products unmarketable. The statements contained in

Edgar Filing: CTI INDUSTRIES CORP - Form 10QSB/A

Item 2 (Management's Discussion and Analysis of Financial Condition and Results of Operation) that are not historical facts may be forward-looking statements (as such term is defined in the rules promulgated pursuant to the Securities Exchange Act of 1934) that are subject to a variety of risks and uncertainties more fully described in the Company's filings with the Securities and Exchange Commission including, without limitation, those described under "Risk Factors" in the Company's Form SB-2 Registration Statement (File No. 333-31969) effective November 5, 1997. The forward-looking statements are based on the beliefs of the Company's management, as well as assumptions made by, and information currently available to the Company's management. Accordingly, these statements are subject to significant risks, uncertainties and contingencies which could cause the Company's actual growth, results, performance and business prospects and opportunities in 2001 and beyond to differ materially from those expressed in, or implied by, any such forward-looking statements. Wherever possible, words such as "anticipate," "plan," "expect," "believe," "estimate," and similar expressions have been used to identify these forward-looking statements, but are not the exclusive means of identifying such statements. These risks, uncertainties and contingencies include, but are not limited to, the Company's limited operating history on which expectations regarding its future performance can be based, competition from, among others, national and regional balloon, packaging and custom film product manufacturers and sellers that have greater financial, technical and marketing resources and distribution capabilities than the Company, the availability of sufficient capital, the maturation and success of the Company's strategy to develop, market and sell its products, risks inherent in conducting international business, risks associated with securing licenses, changes in the Company's product mix and pricing, the effectiveness of the Company's efforts to control operating expenses, general economic and business conditions affecting the Company and its customers in the United States and other countries in which the Company sells and anticipates selling its products and services and the

4

Company's ability to (i) adjust to changes in technology, customer preferences, enhanced competition and new competitors; (ii) protect its intellectual property rights from infringement or misappropriation; (iii) maintain or enhance its relationships with other businesses and vendors; and (iv) attract and retain key employees. There can be no assurance that the Company will be able to identify, develop, market, sell or support new products successfully, that any such new products will gain market acceptance, or that the Company will be able to respond effectively to changes in customer preferences. There can be no assurance that the Company will not encounter technical or other difficulties that could delay introduction of new or updated products in the future. If the Company is unable to introduce new products and respond to industry changes or customer preferences on a timely basis, its business could be materially adversely affected. The Company is not obligated to update or revise these forward-looking statements to reflect new events or circumstances.

Note 5 - Recent Accounting Pronouncements

SFAS NO. 141 "BUSINESS COMBINATIONS", AND SFAS 142, "GOODWILL AND INTANGIBLE ASSETS"

On July 20, 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) 141, Business Combinations, and SFAS 142, Goodwill and Intangible Assets. SFAS 141 is effective for all business combinations completed after June 30, 2001. SFAS 142 is effective for fiscal years beginning after December 15, 2001; however, certain provisions of this Statement apply to goodwill and other intangible assets acquired between July 1, 2001 and the effective date of SFAS 142.

Although it is still reviewing the provisions of these Statements, management's preliminary assessment is that these Statements will not have a material impact on the Company's financial position or results of operations
