Section 1 – Registrant’s Business and Operations

Item 1.01 Entry into a Material Definitive Agreement

On August 25, 2016, Capstone Therapeutics Corp. (OTCQB: CAPS) (“the Company”) and LipimetiX Development, Inc., the Company’s drug development joint venture (“**JV**”), issued a press release announcing that the JV’s Series B-1 preferred stock offering totaling \$1,012,000 closed on August 25, 2016. Individual accredited investors and management participated in the financing. The Series B Preferred Stock and Warrant Purchase Agreement is furnished as Exhibits 10.1 to 10.5 to this Current report on Form 8-K and is incorporated by reference. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on form 8-K and is incorporated by reference.

This initial closing of the Series B-1 preferred stock offering resulted in the issuance of 94,537 shares of preferred stock, convertible to an equal number of the JV’s common stock at the election of the holders, and warrants to purchase an additional 33,088 shares of JV preferred stock, at an exercise price of \$10.70, with a ten-year term. The preferred stock represents 7.8% of the post-closing common stock of the JV, on an as-converted basis and suggests an approximate \$13.7 million post-money valuation. Following this initial Series B-1 closing, the Company owns 59.3% of the JV.

In connection with the Series B-1 financing, the JV entered into the Series B Preferred Stock and Warrant Purchase Agreement, furnished as Exhibit 10.1 to this Current report on Form 8-K. The Series B Preferred Stock and Warrant Purchase Agreement allows for issuance of up to an additional 45,640 Series B-1 preferred stock and 15,975 preferred stock warrants at the same terms as the current Series B-1 preferred stock and warrants, and up to 1,200,000 additional Series B-2 preferred stock, at terms yet to be determined. Series B preferred stock is a participating preferred stock. As a participating preferred, the preferred stock will earn a 5% cumulative dividend, payable only upon the election by the JV or in liquidation. Prior to the JV common stock holders receiving distributions, the participating preferred stockholders will receive their earned dividends and payback of their original investment. Subsequently, the participating preferred will participate in future distributions on an equal “as converted” share basis with common stock holders. The Series B preferred stock has “as converted” voting rights and other terms standard to a security of this nature.

Raising additional funds in the JV may or may not occur, and additional funds raised, if any, may not be sufficient for the JV to reach its development goals or create shareholder value, and may also contain terms or conditions that could significantly impact the Company’s investment value or ownership position.
