Specialty Distribution Sally

Edgar Filing: ALBERTO CULVER CO - Form 10-K

Sally Beauty Company operates a network of cash-and-carry professional beauty supply stores under the name *Sally Beauty Supply* and also sells professional beauty products to salon owners, salon professionals and franchises through its *Beauty Systems Group* full-service distribution business.

As of September 30, 2003, Sally Beauty Company, including its *Beauty Systems Group*, had 2,815 stores, including 139 franchise stores, in the United States, Puerto Rico, the United Kingdom, Canada, Japan, Germany and Mexico.

Sally Beauty Supply stores provide salon owners, hairdressers and consumers with an extensive selection of hair care products, cosmetics, styling appliances and other beauty items, including brands such as *Wella*, *Clairol*, *Revlon* and *L Oreal*. *Sally Beauty Supply* stores professional customers purchase salon supplies at a discount, while its retail customers purchase professional products at a higher price. As of September 30, 2003,

there were 2,272 *Sally Beauty Supply* stores in the United States, Puerto Rico, the United Kingdom, Japan, Germany and Mexico.

Beauty Systems Group distributes professional beauty products to salons in exclusive, licensed territories in the Northeast, East, Southeast, Midwest, Midsouth and Southwest United States and portions of Canada and Mexico. *Beauty Systems Group* operates 543 stores, including 139 franchise stores, as of September 30, 2003 that sell exclusively to the salon professional and maintains a sales force that consists of over 980 professional distributor sales consultants who call on the salons directly. In addition to selling professional beauty products, these sales consultants educate salon professionals and owners on new styles, techniques and business practices. The brands sold in the *Beauty Systems Group* stores and through professional distributor sales consultants, such as *Matrix*, *Paul Mitchell*, *Graham Webb*, *Redken*, *TIGI* and *Sebastian*, are sold to consumers exclusively through salons and are not available at *Sally Beauty Supply* stores.

In September 2003, the company announced its plans to acquire West Coast Beauty Supply, with an expected closing in December, 2003. This acquisition will expand the geographic reach of *Beauty Systems Group* throughout the western half of the United States and will increase *Beauty Systems Group*'s store count to over 650 outlets and bring the total number of professional distributor sales consultants to approximately 1,225.

PRODUCT DEVELOPMENT AND MARKETING

Many of the company's consumer products are developed in the company's laboratories. The company has established global structures for operations and research and development, which are designed to enable the company to implement cost-savings initiatives more quickly on a broad scale and to shorten the time that it takes to develop an idea into a market-ready product. New products introduced by the company are assigned product managers, who guide the products from development to the consumer. The product managers are responsible for the overall marketing plans for the products and coordinate advertising and marketing activities.

The company allocates a large portion of its revenues to the advertising and marketing of consumer beauty products. Net earnings are materially affected by these expenditures, which are charged against income in the period incurred. Advertising and marketing expenditures were \$212.4 million, \$189.1 million and \$179.0 million in fiscal years 2003, 2002 and 2001, respectively.

The company regards television as the best medium for advertising and uses it to conduct extensive network, spot and cable television advertising campaigns. The company also advertises through other media such as newspapers, magazines and radio, as well as through Sally Beauty Company's direct mailings to customers.

Extensive advertising and marketing are required to build and protect a branded consumer product's market position. The company believes there is significant consumer awareness of its major brands and that such awareness is an important factor in the company's operating results.

COMPETITION

The domestic and international markets for the company's branded consumer products are highly competitive and sensitive to changes in consumer preferences and demands. The company's competitors range in size from large, highly diversified companies (some of which have substantially greater financial resources than the company) to small, specialized producers. The company competes primarily on the basis of innovation, product quality and price and believes that brand loyalty and consumer acceptance are also important factors to the company's success.

Sally Beauty Company experiences domestic and international competition from a wide range of retail outlets, including mass merchandisers, drug stores and supermarkets, carrying a full line of beauty and health care products. In addition, Sally Beauty Company competes with local and regional cash-and-carry beauty supply stores and full-service dealers selling directly to salons through both professional distributor sales consultants and outlets open only to salon professionals. Sally also faces competition from certain manufacturers which use their own sales forces to distribute their professional beauty products directly to salons.

- 4 -

DISTRIBUTION

The company's sales force and independent brokers sell its retail beauty and health care products and food and household products by calling upon retail outlets such as mass merchandisers, supermarkets, drug stores, dollar stores, wholesalers and variety stores.

The company's sales representatives and brokers sell its professional hair care products primarily for the ethnic market in the United States to beauty supply outlets and to beauty distributors, who in turn sell to beauty salons, barber shops and beauty schools.

The company's products are sold internationally in more than 120 countries, primarily through direct sales by its subsidiaries, independent distributors and licensees. The company's foreign operations are subject to risks inherent in transactions involving foreign currencies and political uncertainties.

Sally Beauty Company, including its *Beauty Systems Group*, sells professional beauty supplies through its 2,815 stores, including 139 franchises, located in 48 states, Puerto Rico, the United Kingdom, Canada, Japan, Germany and Mexico. *Sally Beauty Supply* stores are cash-and-carry, primarily located in strip shopping centers. Sally operates the largest domestic chain of cash-and-carry beauty supply stores and, as such, is a major customer of some of the company's competitors in the personal care products industry. In addition, *Beauty Systems Group* distributes products in exclusive, licensed territories in the Northeast, East, Southeast, Midwest, Midsouth and Southwest United States and portions of Canada and Mexico to the professional market through its stores and over 980 professional distributor sales consultants. Sally sells Alberto-Culver's professional hair care products, but these products represent only a small portion of Sally's selection of salon brands.

EMPLOYEES

In its domestic and foreign operations, the company had approximately 17,000 full-time equivalent employees as of September 30, 2003 consisting of approximately 10,800 hourly personnel and 6,200 salaried employees. At September 30, 2002, the company had approximately 16,900 full-time equivalent employees.

Certain subsidiaries of the company have union contracts covering production, warehouse, shipping and maintenance personnel. The company considers relations with its employees to be satisfactory.

Independent Auditors Report

The Board of Directors and Stockholders

Alberto-Culver Company:

On October 21, 2003, except as to note 11 to the consolidated financial statements, as to which the date is November 5, 2003, we reported on the consolidated balance sheets of Alberto-Culver Company and Subsidiaries as of September 30, 2003 and 2002 and the related consolidated statements of earnings, cash flows and stockholders' equity for each of the years in the three-year period ended September 30, 2003, as contained in the 2003 annual report to stockholders. These consolidated financial statements and our report thereon are incorporated by reference in the annual report on Form 10-K for fiscal year 2003. In connection with our audits of the aforementioned consolidated financial statements, we also audited the related financial statement schedule as listed in Item 15(a)2 of the annual report on Form 10-K. That financial statement schedule is the responsibility of the company's management. Our responsibility is to express an opinion on that financial statement schedule based on our audits.

In our opinion, such financial statement schedule, when considered in relation to the basic consolidated financial statements taken as a whole, presents fairly, in all material respects, the information set forth therein.

As discussed in note 1 to the consolidated financial statements, in the year ended September 30, 2002, the Company changed its method of accounting for goodwill and trade names.
