Dear Class B Shareholders:

You are cordially invited to attend a special meeting of the holders of Class B common stock of Chicago Mercantile Exchange Holdings Inc. The meeting will be held at p.m., Central Time, on Tuesday, March 16, 2004, in , located at , Chicago, Illinois.

At the special meeting, you will be asked to consider and vote on the following proposal:

To give the Board of Directors the authority, upon not less than ten days notice to all market participants, to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to our GLOBEX® electronic trading system, if

(1) trading volume on GLOBEX in either of the two near-by quarterly expiration Eurodollar futures contracts during the regular trading hours session, RTH, during the five trading days from March 8, 2004 through and including March 12, 2004, the Initial Measurement Period, is less than 25% of total RTH trading volume in the corresponding contract; or

(2) for the period subsequent to March 12, 2004, if the trading volume on GLOBEX during RTH in either of the two near-by quarterly expiration Eurodollar futures contracts is less than 25% of total RTH trading volume in the corresponding contract month during two consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week).

Total RTH trading volume will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contracts (currently the March 2004 and June 2004 contracts). In addition, for the two weeks immediately following the expiration of the near-by quarterly futures contract, only the new near-by contract will be included in the calculation.

If the proposal is approved, and trading volume on GLOBEX during RTH with respect to each of the applicable contracts is equal to or greater than 25% of total RTH trading volume in the corresponding contract during the Initial Measurement Period, the Board shall take no action unless, following the special meeting, the trading volume on GLOBEX during RTH is less than 25% of total RTH trading volume in the corresponding contract during any two consecutive five day trading periods. If the proposal is approved and trading volume on GLOBEX during RTH is less than 25% of total RTH trading volume in either corresponding contract during the Initial Measurement Period, then the Board will have the authority to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to GLOBEX as described above.

Under our certificate of incorporation, we are required to maintain open outcry floor trading on our exchange for a particular traded product, including our Eurodollar futures contracts, as long as the open outcry market is liquid. While the moving of the first two near-by quarterly expiration Eurodollar contracts is not considered a closing of Eurodollar open outcry floor trading, the Board has determined that it is in the best interests of the company and its Class B shareholders to seek the approval of our Class B shareholders. Our board of directors has carefully considered the proposal and believes that it is necessary to the achievement of important business objectives and is in the best interest of all of our shareholders. **Our Board of Directors has approved the proposal and recommends that you vote FOR the proposal at the special meeting.**

This solicitation is being made on behalf of the Board of Directors of Chicago Mercantile Exchange Holdings Inc. This letter and the accompanying proxy statement and proxy card are first being mailed to holders of our Class B common stock on or about February , 2004. The accompanying proxy statement describes the proposal in more detail. We encourage you to read the entire document carefully.

Your vote is very important. You are entitled to notice of and to vote at the special meeting only if you were a shareholder of record of our Class B common stock at the close of business on February 20, 2004. We urge you to vote by signing, dating and mailing the enclosed proxy card before the meeting, even if you plan to attend the meeting. You also may vote by telephone or over the Internet by following the instructions on the enclosed proxy card.

Sincerely,

Terrence A. Duffy

Notice of Special Meeting of Holders of Class B Common Stock

March 16, 2004

The special meeting of holders of Class B common stock of Chicago Mercantile Exchange Holdings Inc. will be held at _____, p.m., Central Time, on Tuesday, March 16, 2004, in _____, located at _____, Chicago, Illinois, to consider and vote on the following proposal:

To give the Board of Directors the authority, upon not less than ten days notice to all market participants, to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to our GLOBEX[®] electronic trading system, if

(1) trading volume on GLOBEX in either of the two near-by quarterly expiration Eurodollar futures contracts during the regular trading hours session, RTH, during the five trading days from March 8, 2004 through and including March 12, 2004, the Initial Measurement Period, is less than 25% of total RTH trading volume in the corresponding contract; or

(2) for the period subsequent to March 12, 2004, if the trading volume on GLOBEX during RTH in either of the two near-by quarterly expiration Eurodollar futures contracts is less than 25% of total RTH trading volume in the corresponding contract month during two consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week).

Total RTH trading volume will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contracts (currently the March 2004 and June 2004 contracts). In addition, for the two weeks immediately following the expiration of the near-by quarterly futures contract, only the new near-by contract will be included in the calculation.

The proposal is being submitted to a vote of the holders of Class B common stock. In the proxy statement, we refer to this proposal as the proposal. No other business will be transacted at the special meeting other than possible postponements or adjournments of the special meeting.

The accompanying proxy statement describes the proposal in more detail. We encourage you to read the entire document carefully.

You are entitled to notice of and to vote at the special meeting only if you were a shareholder of record of Chicago Mercantile Exchange Holdings Inc. Class B common stock at the close of business on February 20, 2004.

Your vote is important. We urge you to vote your shares promptly, even if you plan to attend the meeting. You may vote over the Internet, by telephone or by returning the enclosed proxy card. Specific instructions on how to vote can be found on the proxy card. Our proxy tabulator, Computershare Investor Services, must receive any proxy that will not be delivered in person to the special meeting by noon, Central Time, on Tuesday, March 16, 2004 in order for your vote to be counted.

Proxy Statement

GENERAL INFORMATION

When and where is the special meeting?

The special meeting of holders of Class B common stock of Chicago Mercantile Exchange Holdings Inc. will be held on Tuesday, March 16, 2004, at _____, p.m., Central Time, in _____, located at _____, Chicago, Illinois. In this proxy statement, we refer to Chicago Mercantile Exchange Holdings Inc. as CME Holdings. In this proxy statement, the terms we, us and our refer to CME Holdings.

All holders of Class B common stock on February 20, 2004, the record date for the special meeting, are invited to attend the special meeting. If you attend, you may be asked to present valid picture identification, such as a driver's license or passport. Shareholders will not be allowed to use cameras, recording devices and other electronic devices at the meeting.

What is the Board of Directors proposing?

We are asking you to give the Board of Directors the authority, upon not less than ten days notice to all market participants, to transition all trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to our GLOBEX® electronic trading system, if

(1) trading volume on GLOBEX in either of the two near-by quarterly expiration Eurodollar futures contracts during the regular trading hours session, RTH, during the five trading days from March 8, 2004 through and including March 12, 2004, the Initial Measurement Period, is less than 25% of total RTH trading volume in the corresponding contract; or

(2) for the period subsequent to March 12, 2004, if the trading volume on GLOBEX during RTH in either of the two near-by quarterly expiration Eurodollar futures contracts is less than 25% of total RTH trading volume in the corresponding contract month during two consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week).

How will RTH trading volume be calculated?

Total RTH trading volume will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contracts. As of today, that means packs, bundles and spreads, except for spread transactions involving only March 2004 and June 2004 contracts would be excluded from the calculation of total trading volume. In addition, for the two weeks immediately following the expiration of the near-by quarterly futures contract, only the new near-by contract will be included in the calculation. Consequently, for the week ending on March 19, 2004 and the week ending March 26, 2004, we would only look at whether trading volume on GLOBEX for the June 2004 contract exceeded 25% of total trading volume for the June 2004 contract.

Why are we being asked to vote on the proposal?

Under Section 1(b) of Subdivision 2 of Division B of Article Four of our certificate of incorporation, any change, amendment or modification of the terms of Section 3 of that Subdivision 2 shall be submitted to a vote of the holders of our Class B common stock for their consideration and approval. Section 3 contains the exchange's commitment to maintain floor trading as long as an open outcry market is liquid. While the moving of the first two near-by quarterly expiration Eurodollar contracts is not considered a closing of Eurodollar open outcry floor trading, the Board has determined that it is in the best interests of company and its Class B shareholders to seek the approval of our Class B shareholders. Therefore, we are asking all holders of our Class B common stock to vote on the proposal. We are not amending our charter.

What is the recommendation of the Board of Directors?

Our Board of Directors has approved the proposal and recommends that you vote **FOR** the proposal at the special meeting.

Why is the Board of Directors making the proposal?

Electronic trading is an important element of our growth strategy and now represents more than half of our revenues. In addition to overall demand for electronic trading, electronic trading of Eurodollars on GLOBEX is growing substantially and rapidly. For example, the volume of electronic trading of our Eurodollar futures in January 2004 increased over 200 percent from the same period one year ago and averaged over 100,000 contracts per day for the first time. On February 1, 2004 trading in the two near-by quarterly expiration Eurodollar futures contracts represented approximately 10 percent and 15 percent, respectively, of our total RTH trading volume. We believe that if the trading volume in these contracts reaches 25 percent, the market will continue to transition naturally. However, if our volume and liquidity decreases, we need to be able to take steps to effectively compete with other exchanges offering competing Eurodollar futures contracts. For example, Euronext.Liffe has stated that it will launch contracts in direct competition with our Eurodollar futures contracts beginning on March 18, 2004. These contracts will trade exclusively on an electronic platform. We believe that the proposal submitted for your approval will provide us with the required flexibility. The proposal is consistent with our growth strategy and is aimed to ensure the liquidity of our Eurodollar market.

When will the proposal be effective?

If the proposal is approved and total trading volume on GLOBEX in either of the two near-by quarterly expiration Eurodollar futures contracts during RTH during the Initial Measurement Period is less than 25% of total RTH trading volume in the corresponding contract, as described above, the Board of Directors will have the authority to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to GLOBEX, following the special meeting, but with not less than 10 days prior notice to all market participants.

If the proposal is approved and total trading volume on GLOBEX in each of the two near-by quarterly expiration Eurodollar futures contracts during RTH during the Initial Measurement Period is more than 25% of total RTH trading volume in the corresponding contract, as described above, the proposal will be not be implemented unless total trading volume on GLOBEX in either of the two near-by quarterly expiration Eurodollar futures contracts during RTH in the corresponding contract has failed to meet the 25% threshold during two consecutive five day trading periods, measured from the end of each trading week (in each case including the last day of the week). Once that event has occurred, the Board of Directors will have the authority to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to GLOBEX, but with not less than 10 days prior notice to all market participants.

How will we know what the total trading volume on GLOBEX in each of the two near-by quarterly expiration Eurodollar future contracts is during RTH?

We will publish on our Web site the total trading volume on GLOBEX in each of the two near-by quarterly expiration Eurodollar future contracts during RTH as of the end of each day beginning on February 1, 2004. As soon as practicable after the close of business on March 12, 2004, the last day of the Initial Measurement Period, we will announce by press release the preliminary total trading volume on GLOBEX in each of the two near-by quarterly expiration Eurodollar future contracts during RTH for the Initial Measurement Period. We expect to announce final results prior to the special meeting. The calculation of the trading volumes, however, includes trades that may not be recorded until up to two days after the Initial Measurement Period. If we are within one to two percent of our 25 percent threshold, we may not be able to announce whether the minimum 25 percent threshold has been exceeded until after the special meeting.

Who is entitled to vote?

You may vote only if you owned shares of Class B common stock of CME Holdings as of the close of business on February 20, 2004, the record date for the special meeting. Holders of our Class A common stock are not entitled to notice of or vote at the special meeting. The table below shows how many shares of our Class B common stock were outstanding on the record date and the number of votes to which each share is entitled on the proposal on which shareholders of our Class B common stock will vote at the special meeting:

Class of	Number of	
Class B Common Stock	Outstanding Shares	Number of Votes Per Share
Class B-1	625	6
Class B-2	813	2
Class B-3	1,287	1
Class B-4	413	1/6

How do I vote?

You may vote by proxy or in person at the special meeting. If you want to vote by proxy, please complete, sign and date the enclosed proxy card and return it promptly in the enclosed postage-prepaid envelope, or promptly cast your vote by telephone or over the Internet. If you plan to attend the meeting and vote in person, we will give you a ballot when you arrive.

If you vote by proxy, the individuals named on the proxy card (your proxies) will vote your shares in the manner you indicate. You may specify whether your shares should be voted for, against or abstain on the proposal.

Your vote is important. Whether or not you plan to attend the special meeting, we urge you to vote your shares by completing, signing, dating and mailing the enclosed proxy card in the accompanying envelope. You may also cast your vote by telephone by calling the number on your proxy card or electronically over the Internet by going to the Web site designated on your proxy card. Voting by proxy will not affect your right to attend the meeting and vote your shares in person.

What if I return my proxy card but do not provide voting instructions?

If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, your shares will be voted **FOR** the proposal.

No other business will be transacted at the special meeting other than possible postponements or adjournments. In the event of a motion to postpone or adjourn the meeting, your proxies will vote in accordance with their best judgment.

Can I change my mind after I vote?

Yes, if you attend the meeting, you may change your vote at any time before the voting closes at the meeting. If you give a proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in the following ways:

You may sign and deliver another proxy with a later date;

You may vote by telephone or over the Internet at a later date;

You may deliver a written revocation to our Corporate Secretary, Kathleen M. Cronin, before the special meeting; or

You may attend the meeting and vote in person.

Your most current vote is the one that is counted. Simply attending the meeting will not automatically revoke your proxy. You must vote in person at the meeting in order to revoke your proxy.

If you do not attend the special meeting, your vote or revocation must be received by our proxy tabulator, Computershare Investor Services, by noon, Central Time, on Tuesday, March 16, 2004 to be counted.

Is my vote confidential?

All proxies, ballots and tabulations that identify the vote of a particular shareholder will be kept confidential, except as necessary to allow the inspectors of election to certify the voting results or to meet legal requirements. Representatives of Computershare Investor Services, our transfer agent, will act as the inspectors of election and will count the votes.

Comments written on proxy cards or ballots may be provided by Computershare to our Corporate Secretary, Kathleen M. Cronin, with the name and address of the shareholder. Each comment will be provided without reference to the vote of the shareholder, unless the vote is mentioned in the comment or unless disclosure of the vote is necessary in order to understand the comment. At our request, the inspectors of election may provide us with a list of shareholders who have not voted and periodic status reports on the aggregate vote. These status reports may include breakdowns of vote totals by different types of shareholders, although it is expected that we will not be able to determine how individual shareholders voted.

How many votes must be present to hold the special meeting?

Your shares will be counted as present at the special meeting if you attend the meeting and vote in person, if you properly return a proxy card or if you vote by telephone or over the Internet. In order for us to conduct the special meeting, holders of at least a majority of the aggregate number of votes entitled to vote on the proposal must be present, either in person or by proxy, at the special meeting. This is referred to as a quorum.

Proxies marked `abstain` are counted as present for establishing a quorum. To ensure that there will be a quorum for the proposal, please vote before the special meeting, and allow your shares to be represented at the meeting by your proxies. Voting before the special meeting will not prevent you from voting in person at the meeting. If you vote in person at the meeting, your previous vote will be revoked automatically.

How many votes are needed to approve the proposal?

Assuming that a quorum is present, a majority of the aggregate votes cast by the holders of the Class B common stock present, in person or by proxy, and voting at the special meeting, is required to approve the proposal. A quorum consists of one-third of the aggregate votes entitled to be cast by the holders of the Class B common stock. Proxies marked `abstain` will have no effect on the outcome of any shareholder vote on the proposal.

PROPOSAL

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form PRE 14A

The board of directors is asking your approval of the following proposal:

To give the Board of Directors the authority, upon not less than ten days notice to all market participants, to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract to our GLOBEX® electronic trading system, if

(1) trading volume on GLOBEX in either of the two near-by quarterly expiration Eurodollar futures contracts during the regular trading hours session, RTH, during the five trading days from March 8, 2004 through and including March 12, 2004, the Initial Measurement Period, is less than 25% of total RTH trading volume in the corresponding contract; or

(2) for the period subsequent to March 12, 2004, if the trading volume on GLOBEX during RTH in either of the two near-by quarterly expiration Eurodollar futures contracts is less than 25% of total RTH trading volume in the corresponding contract month during two consecutive five day trading periods, as measured on the last full day of each trading week (in each case including the last day of the week).

Total RTH trading volume will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contracts (currently the March 2004 and June 2004 contracts). In addition, for the two weeks immediately following the expiration of the near-by quarterly futures contract, only the new near-by contract will be included in the calculation.

Since we opened our doors in 1898 as the Chicago Butter and Egg Board, we have thrived on our ability to anticipate customer needs and develop innovative solutions to exceed expectations. As a public company, our strategic initiatives include optimizing our volume, efficiency and liquidity. Our ability to successfully implement these strategies depends in large part on our ability to remain competitive and ensure the deep liquidity in our markets that our customers expect of us.

Electronic trading is an important element of our growth strategy and now represents more than half of our revenues. In addition to overall demand for electronic trading, electronic trading of Eurodollars on GLOBEX is growing substantially and rapidly. For example, the volume of electronic trading of our Eurodollar futures in January 2004 increased over 200 percent from the same period one year ago and averaged over 100,000 contracts per day for the first time. On February 11, 2004 trading in the two near-by quarterly expiration Eurodollar futures contracts represented approximately 15 percent and 10 percent, respectively, of our total RTH trading volume. We believe that if the trading volume in these contracts reaches 25 percent, the market will continue to transition naturally. However, if our volume and liquidity decreases, we need to be able to take steps to effectively compete with other exchanges offering competing Eurodollar futures contracts. For example, Euronext.liffe has stated that it will launch contracts in direct competition with our Eurodollar futures contracts beginning on March 18, 2004. These contracts will trade exclusively on an electronic platform. We believe that the proposal submitted for your approval will provide us with the required flexibility to transition trading to GLOBEX in an orderly fashion. The proposal is consistent with our growth strategy and is aimed to ensure the liquidity of our Eurodollar market.

Expanding our electronic trading is not a new strategy and the proposal is just another step in our approach to increase the trading of our Eurodollar contract on GLOBEX. In addition to the proposal, we are also expanding our GLOBEX market maker program in our electronic Eurodollar futures market by increasing the number of market makers allowed in the program and by extending the program to include our regular trading hour session. Additionally, we will enhance our Eurodollar trading complex to expand our open outcry trading facilities, increase floor access to GLOBEX and expand the use of hand held trading devices to facilitate Eurodollar futures trading in both our GLOBEX and open outcry markets. We believe these programs will increase overall trading activity in our Eurodollar futures contracts and increase Eurodollar futures trading volumes on GLOBEX.

If this proposal is approved and total trading volume on GLOBEX during RTH during the five trading days from March 8, 2004 through and including March 12, 2004 is less than 25% of total RTH trading volume, as described above, the Board of Directors will have the authority to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to GLOBEX following the special meeting, but with not less than 10 days prior notice to all market participants.

If the proposal is approved and total trading volume on GLOBEX during RTH during the five trading days from March 8, 2004 through and including March 12, 2004 is equal to or greater than 25% of total RTH trading volume, as described above, the proposal will not be implemented unless total trading volume on GLOBEX during RTH has failed to meet the 25% threshold during two consecutive five day trading periods, measured from the end of each trading week (in each case including the last day of the week). Once that event has occurred, the Board of Directors will have the authority to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to GLOBEX, but with not less than 10 days prior notice to all market participants.

OUR BOARD OF DIRECTORS RECOMMENDS THAT

YOU VOTE FOR THE PROPOSAL

SECURITY OWNERSHIP OF DIRECTORS AND EXECUTIVE OFFICERS

The following table shows, as of January 30, 2004, the amount of all classes of common stock beneficially owned by each of our directors and our chief executive officer during the last completed fiscal year and the five most highly compensated executive officers other than the chief executive officer at the end of the last completed fiscal year, and by all directors and executive officers as a group. In general, beneficial ownership includes those shares over which a person has the power to vote, or the power to transfer, and stock options that are currently exercisable or will become exercisable within 60 days of January 30, 2004. Except as otherwise noted, the persons named in the table below have sole voting and investment power with respect to all shares shown as beneficially owned by them.

- (1) Other than with respect to the election of Class B directors and some matters relating to trading rights associated with Class B shares, holders of both classes of common stock will vote together as a single class on all matters to be presented for a vote of shareholders, unless otherwise required by law. As a holder of only shares of Class A common stock, Waddell & Reed Financial, Inc. is not entitled to vote on the proposal.
- (2) Information as to Waddell & Reed Financial, Inc. is based upon a report on Schedule 13G filed with the SEC on January 30, 2004. Such report was filed by Waddell & Reed Financial, Inc., Waddell & Reed Financial Services, Inc., Waddell & Reed, Inc., Waddell & Reed Investment Management Company and Waddell & Reed Ivy Investment Company and indicates that each shareholder has sole power to vote and beneficial ownership of 1,649,112, 1,446,428, 1,446,428, 1,446,428, and 202,684, respectively.

PROXY SOLICITATION

We will pay the costs of soliciting proxies. In addition to mailing proxy solicitation material, our directors and employees also may solicit proxies in person, by telephone or by other electronic means of communication. We will not compensate these directors and employees additionally for this solicitation, but we may reimburse them for any out-of-pocket expenses that they incur in the process of soliciting the proxies. We will arrange for brokers and other custodians, nominees and fiduciaries to forward the solicitation materials to their beneficial owners, and we will reimburse them for any out-of-pocket expenses that they reasonably incur in the process of forwarding the materials. We have retained Morrow & Co., Inc. to aid in the solicitation of proxies. It is estimated that the fee for Morrow & Co. will be approximately \$ plus reasonable out-of-pocket costs and expenses.

By Order of the Board of Directors,

Kathleen M. Cronin

Managing Director, General Counsel and Corporate Secretary

PROPOSAL

Edgar Filing: CHICAGO MERCANTILE EXCHANGE HOLDINGS INC - Form PRE 14A

The Board of Directors recommends a vote FOR the following proposal:

To give the Board of Directors the authority, upon not less than ten days notice to all market participants, to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to our GLOBEX® electronic trading system, if

(1) trading volume on GLOBEX in either of the two near-by quarterly expiration Eurodollar futures contracts during the regular trading hours session, RTH, during the five trading days from March 8, 2004 through and including March 12, 2004, the Initial Measurement Period, is less than 25% of total RTH trading volume in the corresponding contract; or

(2) for the period subsequent to March 12, 2004, if the trading volume on GLOBEX during RTH in either of the two near-by quarterly expiration Eurodollar futures contracts is less than 25% of total RTH trading volume in the corresponding contract month during two consecutive five day trading period, as measured on the last full day of each trading week (in each case including the last day of the week).

Total RTH trading volume will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contracts (currently the March 2004 and June 2004 contracts). In addition, for the two weeks immediately following the expiration of the near-by quarterly futures contract, only the new near-by contract will be included in the calculation.

PROPOSAL

The Board of Directors recommends a vote FOR the following proposal:

To give the Board of Directors the authority, upon not less than ten days notice to all market participants, to transition trading in an orderly fashion in the two near-by quarterly expiration Eurodollar futures contract months to our GLOBEX[®] electronic trading system, if

(1) trading volume on GLOBEX in either of the two near-by quarterly expiration Eurodollar futures contracts during the regular trading hours session, RTH, during the five trading days from March 8, 2004 through and including March 12, 2004, the Initial Measurement Period, is less than 25% of total RTH trading volume in the corresponding contract; or

(2) for the period subsequent to March 12, 2004, if the trading volume on GLOBEX during RTH in either of the two near-by quarterly expiration Eurodollar futures contracts is less than 25% of total RTH trading volume in the corresponding contract month during two consecutive five day trading period, as measured on the last full day of each trading week (in each case including the last day of the week).

Total RTH trading volume will be calculated as open outcry pit trading plus GLOBEX, excluding any pack, bundle or spread that includes any contract other than the two near-by contracts (currently the March 2004 and June 2004 contracts). In addition, for the two weeks immediately following the expiration of the near-by quarterly futures contract, only the new near-by contract will be included in the calculation.
