**Item 1.01 Entry into a Material Definitive Agreement.**

On June 30, 2006, the Compensation Committee of the Board of Directors of Digital Music Group, Inc. (the "Company") approved the Management Incentive Bonus Plan (the "Plan") for the year ending December 31, 2006.

The Plan functions as follows:

*Participants*

Each corporate officer of the Company, presently consisting of the President and Chief Executive Officer, Chief Operating Officer, Chief Financial Officer and two Vice Presidents of Business Development, is a participant in the Plan, and has an annual target bonus. Participants may be added during the year, if approved by the Compensation Committee, on a pro rata basis; however, no additions may be made during the final five months of 2006. Only those participants who are employed on the last day of the fiscal year shall be eligible to receive a bonus, unless there is a contractual obligation otherwise. Also, participants who voluntarily resign from the Company prior to the annual earnings announcement for 2006 shall forfeit all 2006 bonuses.

*Administration*

The Plan will be administered by the Compensation Committee of the Company. The Compensation Committee retains the right to decide all matters of interpretation with respect to the Plan. Decisions of the Compensation Committee shall be final and binding. The Compensation Committee also retains the right to amend, clarify or redefine, prospectively or retroactively, any and all terms of the Plan by a majority vote of its members.

*Performance Criteria*

The following three performance criteria will be used to calculate bonuses under the Plan for 2006:

1. Deployment of capital for acquisitions approved by the Content Acquisition Committee of the Company;
2. Net loss of the Company; and
3. Achievement of corporate objectives.

*Performance Measurement*

For the first two performance criteria above, specific performance metrics will be used to determine the achievement of bonuses. The third performance criteria is discretionary in nature and will be based on an assessment by the Compensation Committee of qualitative factors including, but not limited to: maintaining value and liquidity in the Company's stock price; attracting and retaining high-caliber employees in all departments; expanding the geographic and various content network of channel partners; successfully renegotiating the Company's contracts with online music stores; maintaining good relationships with channel partners, content owners, artists and other important third parties; acquiring quality catalogs; efficiently processing the new catalogs, and achieving preliminary performance consistent with the acquisition economics; implementing an effective investor relations program; maintaining effective systems and controls over the business and financial reporting; and maintaining open and candid communications with the Board of Directors.

## Edgar Filing: Digital Music Group, Inc. - Form 8-K

Each performance criteria above is given a weighting, and they each add up to 100%. A lower and upper boundary is also set on each side of the performance metric. In the event the lower boundary is not met, there will be no target bonus paid on that component of the bonus. In the event the upper boundary is met, target bonus is paid out at 100%. Performance between the boundaries are paid based on a straight-line calculation.

### *Target Bonuses and Calculation*

The target bonus weighting for the corporate officers on a percentage basis applied to the three performance criteria above is as follows:

| Officer            | Title                                  | Performance Criteria (%) |    |    |
|--------------------|--|--------------------------|----|----|
|                    |  | 1                        | 2  | 3  |
| Mitchell Koulouris | President and Chief Executive Officer  | 35                       | 35 | 30 |
| Anders Brown       | Chief Operating Officer                | 20                       | 50 | 30 |
| Karen Davis        | Chief Financial Officer                | 35                       | 35 | 30 |
| Peter Koulouris    | Vice President of Business Development | 40                       | 20 | 40 |
| Richard Rees       | Vice President of Business Development | 40                       | 20 | 40 |

The maximum target bonuses under the Plan will be 100% of the annual base salary currently in effect for the President and Chief Executive Officer, Chief Operating Officer and Chief Financial Officer, and 75% of the annual base salary currently in effect for the two Vice Presidents of Business Development.

The individual bonuses will be determined by the Compensation Committee by multiplying the annual base salary amount subject to bonus for each corporate officer by the applicable performance metrics and by the target bonus weighting percentages for each performance criteria set forth above.

### *Payment of Bonuses*

Bonuses under the Plan will be paid to the corporate officers as soon as practical after the release of the Company's annual results for 2006 and in no event later than April 15, 2007.
