REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Administrative Committee and Participants,

Williams-Sonoma, Inc. 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Williams-Sonoma, Inc. 401(k) Plan (formerly the Williams-Sonoma, Inc. Associate Stock Incentive Plan) (the Plan) as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2006 and 2005, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year), is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2006 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

WILLIAMS-SONOMA, INC. 401(k) PLAN

(Formerly the Williams-Sonoma, Inc. Associate Stock Incentive Plan)

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2006 AND 2005

1. DESCRIPTION OF PLAN

The following description of the Williams-Sonoma, Inc. 401(k) Plan, formerly the Williams-Sonoma, Inc. Associate Stock Incentive Plan (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General - The Plan, which became effective as of February 1, 1989, is a defined contribution plan covering eligible salaried and hourly employees and was created to provide savings opportunities to the employees of Williams-Sonoma, Inc. (the Company). In April 2006, the name of the Plan was changed from the Williams-Sonoma, Inc. Associate Stock Incentive Plan to the Williams-Sonoma, Inc. 401(k) Plan, and an employee stock ownership plan feature was added for the purpose of obtaining a corporate tax deduction for dividends paid on shares held in the Williams-Sonoma, Inc. Stock Fund. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is intended to be qualified under the Internal Revenue Code Sections 401(a), 401(k), 401(m), and 4975(e)(7).

Contributions - The Plan allows participants to defer a portion of their income and have such amounts paid into the Plan, thus reducing the participants' taxable income in the year of contribution. Full-time regular employees who are at least 21 years old may participate as soon as administratively practicable (approximately 30 days after their date of hire). Part-time and casual employees who are at least 21 years old may participate as soon as administratively practicable (approximately 30 days after their completion of 1,000 hours of service with the Company within a 12-month period). Temporary employees are not eligible to become participants. The Plan permits eligible employees to make elective deferral contributions up to 15% of their eligible compensation (base salary, hourly wages, and overtime) each pay period (4% for certain higher paid individuals through December 2006, 5% thereafter). Participants who reach age 50 by the end of a calendar year and make the maximum deferrals into the Plan can make additional catch-up contributions. Participants are also allowed to rollover to the Plan certain pre-tax distributions from other qualified plans and arrangements.

The Company makes a matching contribution to each participant's account equal to 50% of the participant's elective deferral contribution each pay period, taking into account only those contributions that do not exceed 6% of the participant's eligible pay (4% for certain higher paid individuals through December 2006, 5% thereafter). The Company does not match participants' rollover and catch-up contributions.

During 2006 and 2005, federal income tax rules generally limited participants' maximum salary deferral contributions to \$15,000 and \$14,000, respectively, and catch-up contributions to \$5,000 and \$4,000, respectively.

Edgar Filing: WILLIAMS SONOMA INC - Form 11-K

Participant accounts - The Plan maintains individual accounts for participants. Each participant's account is credited with the participant's contributions, the Company's matching contributions and earnings (or losses). Participants can transfer their own contributions freely between funds at any time and still qualify for the Company's matching contribution. Prior to November 1, 2005, all matching contributions were invested in the Williams-Sonoma, Inc. Stock Fund. Effective November 1, 2005, participants were allowed

Table of Contents

to reallocate past matching contributions out of the Williams-Sonoma, Inc. Stock Fund into one or more investment funds. Effective December 1, 2005, Company matching contributions are now invested in the same funds as the participant's elective deferral contributions. The investment alternatives available to participants during 2006 and 2005 were as follows:

Williams-Sonoma, Inc. Stock Fund - consists of Williams-Sonoma, Inc. common stock

Dodge & Cox Balanced Fund - a balanced fund invested in stocks and bonds

Dodge & Cox Stock Fund - a large cap value fund invested in stocks of large, mature U.S. companies

Edgar Filing: WILLIAMS SONOMA INC - Form 11-K

Participant loans Participants who are employed by the Company are allowed to borrow from their individual account up to 50% of their vested minimum account balance, from a minimum loan of \$1,000 up to a maximum loan of \$50,000 (reduced in the case of participants with loans outstanding in the previous year). The loans are secured by the vested balance in the participant's account and bear interest at a fixed rate equal to 1% plus the prime lending rate as published by the Wall Street Journal at the beginning of the calendar month in which the loan is initiated. Principal and interest are required to be repaid ratably through regular payroll deductions for up to five years, unless the loan is to acquire a participant's principal residence, in which case the maximum term of the loan is fifteen years. If a participant leaves the Company, any unpaid loan balance must be paid in full on the participant's last day of employment. If the participant does not repay the loan as required, the outstanding balance of the loan is treated as a taxable distribution from the Plan.

Table of Contents

Vesting - Participants are immediately 100% vested in their elective deferral contributions, rollover contributions, catch-up contributions and any earnings attributable thereto. For the first five years of a participant's employment, the Company's matching contributions and any earnings attributable thereto generally vest at a rate of 20% per year of service, measured from the participant's hire date. Thereafter, all Company matching contributions vest immediately.

Forfeitures - When a participant terminates employment prior to full vesting and takes a full distribution of the vested portion, any unvested Company matching contributions and earnings attributable thereto are immediately forfeited and used to reduce the amount of future Company matching contributions (subject to restoration if the participant returns to employment before incurring a five-year break in service). When a participant terminates employment prior to full vesting and defers distribution from the Plan, the unvested portion of the Company matching contributions remains in the Plan (except if the participant's vested balance is \$5,000 or less following separation) until the participant has a five-year break in service, at which time the unvested contributions and any attributable earnings thereto are forfeited. These forfeitures may be used to reduce the amount of future Company contributions, pay the Plan's administrative expenses, and fund the restoration of forfeited amounts. During 2006 and 2005, Company cash contributions were reduced by \$1,367,100 and \$705,653, respectively, from forfeited unvested accounts.

Payment of benefits - Benefits are payable upon termination of employment, hardship, death, disability, retirement or attainment of at least age 59 1/2. A participant is not required to take the distributions until after the participant both separates from the Company and attains age 70 1/2, except if the participant's vested account balance is \$5,000 or less following separation, in which case the Plan will issue the participant a full distribution. Distribution of a participant's benefits may be made in cash, Company common stock (to the extent the distribution is invested in the Williams-Sonoma, Inc. Stock Fund), or both, and are recorded when paid.

Plan termination - The Company has no intention at this time to terminate the Plan, but retains the authority to amend or terminate the Plan at any time for any reason. In the event of Plan termination, participants' accounts become fully vested. Net assets of the Plan are applied for the exclusive benefit of the participants.

Plan administrative and investment expenses - Administrative expenses incurred by the Plan are generally paid by the Company. Investment expenses incurred by the Plan are generally paid from Plan assets.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents - Cash and cash equivalents primarily represent shares held in the Schwab Government Securities Fund.

Edgar Filing: WILLIAMS SONOMA INC - Form 11-K

Purchases and sales Purchases and sales of securities are recorded on a trade-date basis.

Investments Investments in common stock and mutual funds are stated at fair value, which is based on publicly quoted market values. Participant loans are valued at the outstanding loan balance.

The Plan invests in various securities including mutual funds and Williams-Sonoma, Inc. stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility.

Table of Contents

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair market values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Benefits payable - As of December 31, 2006 and 2005, the following amounts were due to participants who had withdrawn from participation in the Plan:

| | <u>2006</u> | <u>2005</u> |
|---------------------------|----------------------|----------------------|
| Deferred benefits payable | \$ 27,654,552 | \$ 30,605,586 |
| Benefits payable | 252,727 | 190,352 |
| | <u>\$ 27,907,279</u> | <u>\$ 30,795,938</u> |

Deferred benefits payable represent vested account balances greater than \$5,000 payable to all terminated Plan participants who have elected to defer distribution of their account balances. Benefits payable represent vested account balances of \$5,000 or less which will be paid to participants in the coming year. Benefit payments to participants are recorded upon distribution.

Related party transactions The Charles Schwab Trust Company is the trustee of the Plan, as defined by the Plan, and Schwab Retirement Plan Services, Inc. is the administrator of the Plan. All investments managed by both companies qualify as exempt party-in-interest transactions. Fees paid to The Charles Schwab Trust Company and Schwab Retirement Plan Services, Inc. for trustee and administrative fees amounted to \$385,237 and \$385,714 in 2006 and 2005, respectively.

In addition, the Plan issues loans to participants that are secured by the balances in the participants' accounts. These transactions qualify as exempt party-in-interest transactions.

Interest Interest income is recorded on the accrual basis.

Dividends Dividends represent amounts paid on shares held in the Williams-Sonoma, Inc. Stock Fund and are determined based on shares held as of the record date. Participants may elect to receive a payout or have their dividends reinvested into the fund.

5. INCOME TAX STATUS

On February 11, 2003, the Internal Revenue Service (IRS) issued a determination letter that stated the Plan, as amended through December 31, 2002, was qualified and the trust established thereunder tax-exempt. The Plan has been amended since receiving the determination letter. The Administrative Committee believes that the amendments to the Plan, as adopted subsequent to December 31, 2002, have not affected the Plan s qualified status. The Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Administrative Committee believes the Plan is operating in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust was tax-exempt as of December 31, 2006. Therefore, a provision for income taxes has not been included in the Plan s financial statements.
