**HARRAH S ENTERTAINMENT, INC.**

**NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS**

**JUNE 30, 2008**

**(UNAUDITED)**

**Note 1 Basis of Presentation and Organization**

Harrah s Entertainment, Inc. ( Harrah s Entertainment, the Company, we, our or us, and including our subsidiaries where the context requires ) is a Delaware corporation. As of June 30, 2008, we own or manage 51 casinos, primarily under the Harrah s, Caesars and Horseshoe brand names in the United States. Our casino entertainment facilities include 32 land-based casinos, 12 dockside casinos, three managed casinos on Indian lands, one combination thoroughbred racetrack and casino, one combination greyhound racetrack and casino, one combination harness racetrack and casino and one managed casino in Canada. Our 32 land-based casinos include one in Uruguay, ten in the United Kingdom, two in Egypt and one in South Africa. We view each property as an operating segment and aggregate all operating segments into one reporting segment.

On January 28, 2008, Harrah s Entertainment was acquired by affiliates of Apollo Global Management, LLC ( Apollo ) and TPG Capital, LP ( TPG ) in an all cash transaction, hereinafter referred to as the Merger. Although Harrah s Entertainment continued as the same legal entity after the Merger, the accompanying Consolidated Condensed Statement of Operations, the Consolidated Condensed Statement of Cash Flows and the Consolidated Condensed Statement of Comprehensive Income for the six months ended June 30, 2008, are presented as the Predecessor period for the period preceding the Merger and as the Successor period for the period succeeding the Merger. As a result of the application of purchase accounting as of the Merger date, the consolidated condensed financial statements for the Successor period and the Predecessor period are presented on different bases and are, therefore, not comparable.

Certain of our properties were sold in 2006, and prior to their sales, assets and liabilities of these properties were classified in our Consolidated Condensed Balance Sheets as Assets/Liabilities held for sale, and their operating results through the date of their sales were presented as discontinued operations. See Note 12 for further information regarding discontinued operations.

**Note 2 The Merger**

The Merger was completed on January 28, 2008, and was financed by a combination of borrowings under the Company s new term loan facility due 2015, the issuance of Senior Notes due 2016 and Senior Toggle Notes due 2018, certain real estate term loans and equity investments of Apollo/TPG, co-investors and members of management. See Note 6 for a discussion of our debt.

The purchase price was approximately \$30.7 billion, including the assumption of \$12.4 billion of debt and approximately \$1.0 billion of transaction costs. All of the outstanding shares of Harrah s Entertainment stock were redeemed, with stockholders receiving \$90.00 in cash for each outstanding share of common stock.

As a result of the Merger, the issued and outstanding shares of non-voting common stock and non-voting preferred stock of Harrah s Entertainment are owned by entities affiliated with Apollo/TPG, certain co-investors and members of management, and the issued and outstanding shares of voting common stock of Harrah s Entertainment are owned by Hamlet Holdings LLC, which is owned by certain individuals affiliated with Apollo/TPG. The value assigned to the equity interests issued was determined by the price paid for those interests. As a result of the Merger, our stock is no longer publicly traded.

The purchase price allocation is in process and will be completed within one year of the Merger; thus, for purposes of these financial statements, the preliminary allocation of the purchase price for property and equipment, intangible assets and deferred income taxes is based on preliminary valuation data. The purchase price was allocated to the underlying assets acquired and liabilities assumed based upon their estimated fair values at the date of acquisition. We determined the estimated fair values after review and consideration of relevant information including discounted cash flow analyses, quoted market prices and our own estimates. To the extent that the purchase price exceeded the fair value of the net identifiable tangible and intangible assets, such excess was allocated to goodwill. Goodwill and intangible assets that are determined to have an indefinite life are not amortized.

We account for our goodwill and other intangible assets in accordance with Statement of Financial Accounting Standards ( SFAS ) No. 142, which requires assessments for impairment of intangible assets that are not subject to amortization at least annually, or more frequently if events or changes in circumstances indicate that the asset might be impaired. Impairment may result from, among other things, deterioration in the performance of the business, adverse market conditions and adverse changes in applicable laws or regulations.

As discussed above, the purchase price allocation being performed in connection with the Merger has not yet been completed and remains subject to change. As a result, we are not yet able to assess whether any impairments of our assets have occurred in the post-Merger period. We will perform an impairment analysis upon the finalization of the purchase price allocation. If we determine that an impairment has occurred after consideration of the recent decline in the results of operation of the Company, we will record a write-down of the carrying value of the affected asset as an operating expense in the period the determination is made.

The following unaudited pro forma consolidated financial information assumes that the Merger was completed at the beginning of 2008 and 2007.

(In millions)	Second Quarter Ended June 30,		Six Months Ended June 30,	
	2008	2007	2008	2007
Net revenues	\$ 2,602.1	\$ 2,701.8	\$ 5,202.7	\$ 5,357.4
(Loss)/income from continuing operations	\$ (69.0)	\$ 11.3	\$ (463.1)	\$ (72.0)
Net (loss)/income	\$ (68.7)	\$ 53.3	\$ (375.4)	\$ (11.9)

For the quarter ended June 30, 2008, pro forma results include \$5.1 million of costs related the Merger. Pro forma results for the six months ended June 30, 2008, include non-recurring charges of \$82.8 million related to the accelerated vesting of stock options, stock appreciation rights (SARs) and restricted stock and \$64.9 million of other costs related to the Merger. Results for the quarter and six months ended June 30, 2007, included \$3.5 million and \$7.6 million, respectively, for costs related to the Merger.

The unaudited pro forma results are presented for comparative purposes only. The pro forma results are not necessarily indicative of what our actual results would have been had the Merger been completed at the beginning of the periods, or of future results.

### Note 3 Stock-Based Employee Compensation

Prior to the completion of the Merger, the Company granted stock options, SARs and restricted stock for a fixed number of shares to employees and directors under share-based compensation plans. The exercise prices of the stock options were equal to the fair market value of the underlying shares at the date of grant. Compensation expense for restricted stock awards was measured at fair value on the date of grant based on the number of shares granted and the quoted market price of the Company's common stock. Such value was recognized as expense over the vesting period of the award adjusted for actual forfeitures.

In connection with the Merger, on January 28, 2008, outstanding and unexercised stock options and SARs, whether vested or unvested, were cancelled and converted into the right to receive a cash payment equal to the product of (a) the number of shares of common stock underlying the options and (b) the excess, if any, of the merger consideration over the exercise price per share of common stock previously subject to such options, less any required withholding taxes. In addition, outstanding restricted shares vested and became free of restrictions, and each holder received \$90 in cash for each outstanding share.

<sup>(1)</sup> Represents the weighted-average grant date fair value per share-based unit, using the Black-Scholes option-pricing model for stock options and SARs and the average high/low market price of the Company's common stock for restricted shares.

The total fair value of stock options and SARs cancelled and restricted shares vested during the period from January 1, 2008, through January 27, 2008, (predecessor entity) was approximately \$42.9 million, \$48.6 million and \$51.2 million, respectively.

As of December 31, 2007, there was approximately \$12.7 million, \$38.2 million and \$36.6 million of total unrecognized compensation cost related to stock option grants, SARs and restricted share awards, respectively, under the stock-based compensation plans. The consummation of the Merger accelerated the recognition of compensation cost of \$82.8 million, which was included in Merger and integration costs in the Consolidated Condensed Statements of Operations in the period from January 1, 2008, through January 27, 2008, (predecessor entity).

## Share-based Compensation Plans Successor Entity

In February 2008, the Board of Directors approved and adopted the Harrah's Entertainment, Inc. Management Equity Incentive Plan (the "Equity Plan"). The Board of Directors approved the grant of options to purchase 3,218,020 shares of our non-voting common stock in February 2008. The Equity Plan authorizes equity award options to be granted to management and other personnel and key service providers. Grants may be either shares of time-based options or shares of performance-based options, or a combination. Time-based options generally vest in equal increments of 20% on each of the first five anniversaries of the grant date and have a strike price equivalent to fair market value on the date of grant. The performance-based options vest based on the investment returns of our stockholders. One-half of the performance-based options become eligible to vest upon the stockholders receiving cash proceeds equal to two times their amount vested, and one-half of the performance-based options become eligible to vest upon the stockholders receiving cash proceeds equal to three times their amount vested subject to certain conditions and limitations. In addition, the performance-based options may vest earlier at lower thresholds upon liquidity events prior to December 31, 2009 and 2011, as well as pro-rata, in certain circumstances.

The following is a summary of share-based option activity for the period January 28, 2008 to June 30, 2008:

Options	Shares	Successor Entity		Weighted Average Remaining Contractual Term (years)

<sup>(1)</sup> Represents the weighted-average grant date fair value per option, using the Monte Carlo simulation option-pricing model for performance-based options, and the Black-Scholes option-pricing model for time-based options.

<sup>(2)</sup> On January 27, 2008, an executive and the Company entered into a stock option rollover agreement that provides for the conversion of options to purchase shares of the Company prior to the Merger into options to purchase shares of the Company following the Merger with such conversion preserving the intrinsic spread value of the converted option. The rollover option is immediately exercisable with respect to 133,133 shares of non-voting common stock of the Company at an exercise price of \$25.00 per share. The rollover options expire on June 17, 2012.

There are no provisions in the Equity Plan for the issuance of SARs or restricted shares.

The weighted-average grant date fair value of options granted during the quarter ended June 30, 2008 was \$37.20. There were no stock option exercises during the period January, 28, 2008 through June 30, 2008.

The Company utilized historical optionee behavioral data to estimate the option exercise and termination rates used in the option-pricing models. The expected term of the options represents the period of time the options were expected to be outstanding based on historical trends. Expected volatility was based on the historical volatility of the common stock of Harrah's Entertainment and its competitor peer group for a period approximating the expected life. The Company does not expect to pay dividends on common stock. The risk-free interest rate within the expected term was based on the U.S. Treasury yield curve in effect at the time of grant.

The assumptions and fair value of options granted during the quarter ended June 30, 2008 and the period January 28, 2008 to June 30, 2008 are as follows:

	Successor Entity Quarter Ended June 30, 2008	Successor Entity January 28 to June 30, 2008

Weighted average fair value per share of options granted	\$	37.20	\$	36.50

As of June 30, 2008, there was approximately \$79.7 million of total unrecognized compensation cost related to stock option grants. This cost is expected to be recognized over a remaining weighted-average period of 2.3 years. The compensation cost that has been charged against income for stock option grants was approximately \$5.2 million and \$6.9 million for the quarter ended June 30, 2008 and for the period January 28, 2008 through June 30, 2008, respectively. \$3.8 million was included in Corporate expense and \$1.4 million was included in Property general, administrative and other in the Consolidated Condensed Statements of Operations for the quarter ended June 30, 2008 and \$5.1 million was included in Corporate expense and \$1.8 million was included in Property general, administrative and other in the Consolidated condensed Statements of Operations for the period January 28, 2008 through June 30, 2008.

Estimated annual amortization expense for those assets for the years ending December 31, 2008, 2009, 2010, 2011 and 2012 is \$179.3 million, \$193.8 million, \$183.2 million, \$179.1 million and \$171.1 million, respectively. The amount of amortization to be recorded in future periods is subject to change as the purchase price allocation is refined and finalized.

## **Note 5 Preferred and Common Stock**

### *Preferred Stock*

As of June 30, 2008, the authorized Preferred Stock shares are 40,000,000, par value \$0.01 per share, stated value \$100.00 per share.

On January 28, 2008, the Board adopted a resolution authorizing the creation and issuance of a series of Preferred Stock to be known as the Non-Voting Perpetual Preferred Stock. The number of shares constituting such series shall be 20,000,000.

On a quarterly basis, each share of non-voting preferred stock accrues dividends at a rate of 15.0% per annum, compounded quarterly. Dividends will be paid in cash, when, if and as declared by the board of directors, subject to approval by relevant regulators. We currently do not expect to pay cash dividends. Dividends on Non-Voting Perpetual Preferred Stock are cumulative. As of June 30, 2008 such dividends in arrears are \$130.6 million. Shares of the non-voting preferred stock rank prior in right of payment to the non-voting and voting common stock and are entitled to a liquidation preference.

Upon the occurrence of any liquidating event, each holder of non-voting preferred stock shall have the right to require the Company to repurchase each outstanding share of non-voting preferred stock before any payment or distribution shall be made to the holders of non-voting common stock, voting common stock or any other junior stock. After the payment to the holders of non-voting preferred stock of the full preferential amounts, the holders of non-voting preferred stock shall have no right or claim to any of the remaining assets of the Company. Non-voting preferred stock may be converted into non-voting common stock on a pro rata basis with the consent of the holders of a majority of the non-voting preferred stock. Neither the non-voting preferred stock nor the non-voting common stock will have any voting rights.

#### *Common Stock*

As of June 30, 2008, the authorized Common Stock of the Company totaled 80,000,020 shares, consisting of 20 shares of Voting Common Stock, par value \$0.01 per share and 80,000,000 shares of Non-Voting Common Stock, par value \$.01 per share. The voting common stock represents less than 1% of the capital stock of Harrah's Entertainment, with the non-voting common stock and non-voting preferred stock together representing the remainder.

The Voting Common Stock has no economic rights or privileges, including rights in liquidation. The holders of Voting Common Stock shall be entitled to one vote per share on all matters to be voted on by the stockholders of the Company.

Subject to the rights of holders of Preferred Stock, when, as and if dividends are declared on the Common Stock, the holders of Non-Voting Common Stock shall be entitled to share in dividends equally, share for share.

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, holders of Non-Voting Common Stock will receive a pro rata distribution of any remaining assets after payment of or provision for liabilities and the liquidation preference on preferred stock (including the Non-Voting Preferred Stock), if any.

In connection with the Merger, \$7.7 billion, face amount, of our debt was retired, \$4.6 billion, face amount, of our debt was retained and \$20.5 billion, face amount, of new debt was issued, resulting in a very different debt structure for the successor entity. The discussion that follows is intended to update the information provided in our 2007 Annual Report on Form 10-K.

Charges of \$211.3 million were recorded in the first quarter of 2008 for premiums paid and write-offs of unamortized deferred financing costs and market value premiums associated with the early retirement of debt in connection with the Merger.

At June 30, 2008, \$5.7 million, face amount, of our 8.875% Senior Subordinated Notes due September 15, 2008 and \$5.1 million, face amount, of our 7.5% Senior Notes due January 15, 2009, are classified as long-term in our Consolidated Condensed Balance Sheet because the Company has both the intent and the ability to refinance these notes. The majority of our debt is due after 2010. Payments of short-term debt obligations

## Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

and other commitments are expected to be made from operating cash flows and from borrowings under our established debt programs. Long-term obligations are expected to be paid through operating cash flows, refinancing of debt, joint venture partners or, if necessary, additional debt offerings.

In July 2008, HOC made the permitted election under the Indenture governing its 10.75%/11.5% Senior Toggle Notes due 2018 and the Senior Unsecured Interim Loan Agreement dated January 28, 2008, to pay all interest due on January 28, and February 1, 2009, for the loan in kind. The Company intends to use the cash savings generated by this election for general corporate purposes.

### *Credit Agreement*

As of June 30, 2008, our senior secured credit facilities (the "Credit Facilities") provide for senior secured financing of up to \$9.25 billion, consisting of (i) senior secured term loan facilities in an aggregate principal amount of up to \$7.25 billion maturing on January 28, 2015 and (ii) a senior secured revolving credit facility in an aggregate principal amount of \$2.0 billion, maturing January 28, 2014, including both a letter of credit sub-facility and a swingline loan sub-facility. Interest on the Credit Agreement is based on our debt ratings and leverage ratio and is subject to change. In addition, we may request one or more incremental term loan facilities and/or increase commitments under our revolving facility in an aggregate amount of up to \$1.75 billion, subject to certain conditions and receipt of commitments by existing or additional financial institutions or institutional lenders. As of June 30, 2008, \$7.23 billion in borrowings was outstanding under the Credit Facilities with an additional \$0.2 billion committed to back letters of credit. After consideration of these borrowings and letters of credit, \$1.8 billion of additional borrowing capacity was available to the Company under the Credit Facilities as of June 30, 2008.

Borrowings under the Credit Facilities bear interest at a rate equal to the then-current LIBOR rate or at a rate equal to the alternate base rate, in each case plus an applicable margin. In addition, on a quarterly basis, we are required to pay each lender (i) a commitment fee in respect of any unused commitments under the revolving credit facility and the delayed draw portion of the term facility and (ii) a letter of credit fee in respect of the aggregate face amount of outstanding letters of credit under the revolving credit facility. As of June 30, 2008, the Credit Facilities bore interest based upon 300 basis points over LIBOR and bore a commitment fee for unborrowed amounts of 50 basis points.

## Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

The Credit Facilities require scheduled quarterly payments on the term loans in amounts equal to 0.25% of the original principal amount of the term loans for six years and three quarters, with the balance paid at maturity.

### *CMBS Financing*

In connection with the Merger, eight of our properties (the CMBS properties) and their related assets were spun out of HOC to Harrah's Entertainment. As of the Merger date, the CMBS properties were Harrah's Las Vegas, Rio, Flamingo Las Vegas, Harrah's Atlantic City, Showboat Atlantic City, Harrah's Lake Tahoe, Harveys Lake Tahoe and Bill's Lake Tahoe. The CMBS properties borrowed \$6.5 billion secured by the assets of the CMBS properties. On May 22, 2008, Paris Las Vegas and Harrah's Laughlin and their related operating assets were spun out of HOC to Harrah's Entertainment and became property secured under the CMBS loans, and Harrah's Lake Tahoe, Harveys Lake Tahoe, Bill's Lake Tahoe and Showboat Atlantic City were transferred to HOC from Harrah's Entertainment as contemplated under the debt agreements effective pursuant to the Merger.

### *Derivative Instruments*

We account for derivative instruments in accordance with SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, and all amendments thereto. SFAS No. 133 requires that all derivative instruments be recognized in the financial statements at fair value. Any changes in fair value are recorded in the statements of operations or in other comprehensive income/(loss), depending on whether the derivative is designated and qualifies for hedge accounting, the type of hedge transaction and the effectiveness of the hedge. The estimated fair values of our derivative instruments are based on market prices obtained from dealer quotes. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts.

Our derivative instruments contain a credit risk that the counterparties may be unable to meet the terms of the agreements. We minimize that risk by evaluating the creditworthiness of our counterparties, which are limited to major banks and financial institutions, and we do not anticipate nonperformance by the counterparties.

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. As of June 30, 2008, we have ten interest rate swap agreements for notional amounts totaling \$6.5 billion. The difference to be paid or received under the terms of the interest rate swap agreement is accrued as interest rates change and recognized as an adjustment to interest expense for the related debt. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreement will have a corresponding effect on future cash flows. The major terms of the interest rate swap agreements are as follows.

Effective Date	Notional Amount (In millions)	Fixed Rate Paid	Variable Rate Received as of June 30, 2008	Next Reset Date	Maturity Date
April 25, 2007	\$ 200	4.898%	2.920%	July 25, 2008	April 25, 2011
April 25, 2007	200	4.896%	2.920%	July 25, 2008	April 25, 2011
April 25, 2007	200	4.925%	2.920%	July 25, 2008	April 25, 2011
April 25, 2007	200	4.917%	2.920%	July 25, 2008	April 25, 2011
April 25, 2007	200	4.907%	2.920%	July 25, 2008	April 25, 2011
September 26, 2007	250	4.809%	2.920%	July 25, 2008	April 25, 2011
September 26, 2007	250	4.775%	2.920%	July 25, 2008	April 25, 2011
April 25, 2008	1,000	4.172%	2.920%	July 25, 2008	April 25, 2012
April 25, 2008	2,000	4.276%	2.920%	July 25, 2008	April 25, 2013
April 25, 2008	2,000	4.263%	2.920%	July 25, 2008	April 25, 2013

Until February 15, 2008, none of our interest rate swap agreements were designated as hedging instruments; therefore, gains or losses resulting from changes in the fair value of the swaps were recognized in earnings in the period of the change. On February 15, 2008, eight of our interest rate swap agreements for notional amounts totaling \$3.5 billion were designated as hedging instruments, and on April 1, 2008, the remaining swap agreements were designated as hedging instruments. Upon designation as hedging instruments, only any measured ineffectiveness is recognized in earnings in the period of change. In the quarter and six months ended June 30, 2008, a credit of \$40.9 million and a net charge of \$68.5 million, respectively, representing the changes in the fair values of our swap agreements are included in Interest expense in our 2008 Consolidated Condensed Statement of Operations compared with \$14.3 million for both the quarter and six months ended June 30, 2007.

Additionally, on January 28, 2008, we entered into an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the CMBS debt. The interest rate cap agreement, which was effective January 28, 2008, and

terminates February 13, 2013, is for a notional amount of \$6.5 billion at a LIBOR cap rate of 4.5%. The interest rate cap was designated as a hedging instrument on May 1, 2008. In the quarter and six months ended June 30, 2008, a credit of \$20.1 million and a net charge of \$12.3 million, respectively, are included in Interest expense in our Consolidated Condensed Statement of Operations.

## Note 7 Fair Value Measurements

We adopted the required provisions of SFAS No. 157, Fair Value Measurements, on January 1, 2008. SFAS No. 157 outlines a valuation framework and creates a fair value hierarchy in order to increase the consistency and comparability of fair value measurements and the related disclosures.

FASB Staff Position 157-2, Effective Date of FASB Statement No. 157, defers the effective date of Statement 157 to fiscal years beginning after November 15, 2008, and interim periods within those fiscal years for nonfinancial assets and nonfinancial liabilities, except for items that are recognized or disclosed at fair value in an entity's financial statements on a recurring basis (at least annually). At this time, we have chosen not to apply Statement 157 early for nonrecurring measurements made for nonfinancial assets and nonfinancial liabilities. There were no nonfinancial assets or nonfinancial liabilities recognized or disclosed at fair value during the first six months of 2008.

Under SFAS 159, The Fair Value Option for Financial Assets and Financial Liabilities, entities are permitted to choose to measure many financial instruments and certain other items at fair value. We did not elect the fair value measurement option under SFAS No. 159 for any of our financial assets or financial liabilities.

In accordance with the fair value hierarchy described in SFAS No. 157, the following table shows the fair value of our financial assets and financial liabilities that are required to be measured at fair value as of June 30, 2008.

(In millions)	Balance at June 30, 2008	Level 1	Level 2	Level 3
<b>Assets</b>				
Derivative instruments	\$ 173.5	\$	\$ 173.5	\$
Deferred compensation plan assets	142.3		142.3	
<b>Liabilities</b>				
Derivative instruments	71.8		71.8	
Deferred compensation plan liabilities	123.4		123.4	

The following section describes the valuation methodologies used to measure fair value, key inputs, and significant assumptions:

**Derivative instruments** The estimated fair values of our derivative instruments are based on market prices obtained from dealer quotes. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts. Derivative instruments are included in the Deferred costs and other and Deferred credits and other lines of our Consolidated Condensed Balance Sheets. See Note 6 for more information on our derivative instruments.

**Deferred compensation plan assets and liabilities** The estimated fair values of our deferred compensation plan assets and liabilities are based on the market values of the underlying account funds. Deferred compensation plan assets are included in Deferred costs and other and Deferred credits and other lines of our Consolidated Condensed Balance Sheets.

**Note 9 Commitments and Contingent Liabilities***Contractual Commitments*

We continue to pursue additional casino development opportunities that may require, individually and in the aggregate, significant commitments of capital, up-front payments to third parties and development completion guarantees.

The agreements pursuant to which we manage casinos on Indian lands contain provisions required by law that provide that a minimum monthly payment be made to the tribe. That obligation has priority over scheduled repayments of borrowings for development costs and over the management fee earned and paid to the manager. In the event that insufficient cash flow is generated by the operations to fund this payment, we must pay the shortfall to the tribe. Subject to certain limitations as to time, such advances, if any, would be repaid to us in future periods in which operations generate cash flow in excess of the required minimum payment. These commitments will terminate upon the occurrence of certain defined events, including termination of the management contract. Our aggregate monthly commitment for the minimum guaranteed payments, pursuant to these contracts for the three managed Indian-owned facilities now open, which extend for periods of up to 65 months from June 30, 2008, is \$1.2 million. Each of these casinos currently generates sufficient cash flows to cover all of its obligations, including its debt service.

In February 2008, we entered into an agreement with the State of Louisiana whereby we extended our guarantee of an annual payment obligation of JCC, our wholly-owned subsidiary, of \$60 million owed to the State of Louisiana. The guarantee was extended for one year to end March 31, 2011.

In addition to the guarantees discussed above, as of June 30, 2008, we had commitments and contingencies of \$1,567.3 million, including construction-related commitments.

*Severance Agreements*

As of June 30, 2008, we have severance agreements with 22 of our executives, which provide for payments to the executives in the event of their termination after a change in control, as defined. These agreements provide, among other things, for a compensation payment of 1.5 to 3.0 times the executive's average annual compensation, as defined. The estimated amount, computed as of June 30, 2008, that would be payable under the agreements to these executives aggregated approximately \$53.9 million. The estimated amount that would be payable to these executives does not include an estimate for the tax gross-up payment, provided for in the agreements, that would be payable to the executive if the executive becomes entitled to severance payments which are subject to federal excise tax imposed on the executive.

*Employment Agreements*

We entered into an employment agreement with one executive that replaced his severance agreement as of January 28, 2008. The employment agreement provides for payments to the executive in the event of his termination after a change in control, as defined, and provides for, among other things, a compensation payment of 3.0 times the executive's average annual compensation, as defined. The estimated amount, computed as of June 30, 2008, that would be payable under the agreement to the executive based on the compensation payment aggregated approximately \$16.5 million. The estimated amount that would be payable to the executive does not include an estimate for the tax gross-up payment, provided for in the agreement, that would be payable to the executive if the executive becomes entitled to severance payments which are subject to federal excise tax imposed on the executive.

### *Self-Insurance*

We are self-insured for various levels of general liability, workers' compensation and employee medical coverage. Insurance claims and reserves include accruals of estimated settlements for known claims, as well as accruals of actuarial estimates of incurred but not reported claims.

### **Note 10 Litigation**

Certain of our legal proceedings are reported in our Annual Report on Form 10-K for the year ended December 31, 2007, with material developments since that report described below.

#### *Litigation Related to the Merger*

On October 5, 2006, Henech Kaiman and Joseph Weiss filed a purported class action complaint in the Delaware Court of Chancery, Civil Action No. 2453-N, against Harrah's, its board of directors and the Sponsors, challenging the proposed transaction as inadequate and unfair to Harrah's public stockholders. Two similar putative class actions were subsequently filed in the Delaware Court of Chancery: Phillips v. Loveman, et al., Civil Action No. 2456-N; and Momentum Partners v. Atwood, et al., Civil Action No. 2455-N. On October 19, 2006, the Delaware Court of Chancery consolidated the three Delaware cases under the heading In Re Harrah's Entertainment, Inc. Shareholder Litigation.

On December 22, 2006, Delaware plaintiffs' counsel filed an amended and consolidated class action complaint against Harrah's, its directors, the Sponsors, and added as defendants Apollo Management V, L.P., Hamlet Holdings and Merger Sub. The consolidated complaint alleges that Harrah's board of directors breached their fiduciary duties and that the Sponsors aided and abetted the alleged breaches of fiduciary duty in entering into the merger agreement. The consolidated complaint seeks, among other relief, class certification of the lawsuit, an injunction against the proposed transaction, compensatory and/or rescissory damages to the class, and an award of attorneys' fees and expenses to plaintiffs. On February 14, 2007, defendants began to produce documents in response to plaintiff's initial discovery request.

Subsequent to the entering of a memorandum of understanding and a stipulation of settlement by the parties, a Stipulation and Order of Dismissal was submitted to the Delaware Court of Chancery on April 29, 2008. On June 12, 2008, the court entered an Order and Final Judgment approving the settlement and dismissing the action.

#### *Litigation Related to Development*

On March 6, 2008, Caesars Bahamas Investment Corporation (CBIC), an indirect subsidiary of Harrah's Operating Company, Inc. (HOC) terminated its previously announced agreement to enter into a joint venture in the Bahamas with Baha Mar Joint Venture Holdings Ltd. and Baha Mar JV Holding Ltd. (collectively, Baha Mar). To enforce its rights, on March 13, 2008, CBIC filed a complaint against Baha Mar, and the Baha Mar Development Company Ltd., in the Supreme Court of the State of New York, seeking a declaratory judgment with respect to CBIC's rights under the Subscription and Contribution Agreement (the Subscription Agreement), between CBIC and Baha Mar, dated January 12, 2007. Pursuant to the Subscription Agreement, CBIC agreed, subject to certain conditions, to subscribe for shares in Baha Mar Joint Venture Holdings Ltd., which was formed to develop and construct a casino, golf course and resort project in the Bahamas. The complaint alleges that (i) the Subscription Agreement grants CBIC the right to terminate the agreement at any time prior to the closing of the transactions contemplated therein, if the closing does not occur on time; (ii) the closing did not occur on time; and, (iii) CBIC exercised its right to terminate the Subscription Agreement, and to abandon the transactions contemplated therein. The complaint seeks a declaratory judgment that the Subscription Agreement has been terminated in accordance with its terms and the transactions contemplated therein have been abandoned.

Baha Mar and Baha Mar Development Company Ltd. (Baha Mar Development) filed an Amended Answer and Counterclaims against CBIC and a Third Party Complaint dated June 18, 2008 against HOC in the Supreme Court of the State of New York. Baha Mar and the Baha Mar Development Company Ltd. allege that CBIC wrongfully terminated the Subscription Agreement and that CBIC wrongfully failed to make capital contributions under the Joint Venture Investors Agreement (Investors Agreement), by and between CBIC and Baha Mar, dated January 12, 2007. In addition, Baha Mar and Baha Mar Development allege that HOC wrongfully failed to perform its purported obligations under the Harrah's Baha Mar Joint Venture Guaranty, dated January 12, 2007 (Guaranty). Baha Mar and Baha Mar Development assert claims for breach of contract, breach of fiduciary duty, promissory estoppel, equitable estoppel and negligent misrepresentation. Baha Mar and Baha Mar Development seek (i) declaratory relief; (ii) specific performance; (iii) the recovery of alleged monetary damages; (iv) the recovery of attorneys' fees, costs, and expenses and (v) the dismissal with prejudice of CBIC's Complaint. CBIC and HOC have each answered, denying all allegations of wrongdoing.

In addition, the Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any pending litigation to have a material adverse effect on our consolidated financial position or results of operations.

#### **Note 11 Income Taxes**

We are subject to income taxes in the United States as well as various states and foreign jurisdictions in which we operate. We account for income taxes under SFAS No. 109, *Accounting for Income Taxes*, whereby deferred tax assets and liabilities are recognized for the expected future tax consequences of events that have been included in the financial statements or income tax returns. Deferred tax assets and liabilities are determined based on differences between financial statement carrying amounts of existing assets and their respective tax bases using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

We adopted the provisions of FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* an interpretation of FASB Statement No. 109 ( FIN 48 ), on January 1, 2007. As a result of the implementation of FIN 48, we recognized an approximate \$12 million reduction to the January 1, 2007, balance of retained earnings.

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. As a large taxpayer, we are under continual audit by the Internal Revenue Service ( IRS ) on open tax positions, and it is possible that the amount of the liability for unrecognized tax benefits could change during the next twelve months. We are participating in the IRS's Compliance Assurance Program for the 2007 and 2008 tax years. This program accelerates the examination of key transactions with the goal of resolving any issues before the tax return is filed. Our 2004, 2005, and 2006 federal income tax returns are currently being examined by the IRS in a traditional audit process.

We also are subject to exam by various state and foreign tax authorities, although tax years prior to 2004 are generally closed as the statutes of limitations have lapsed. However, various subsidiaries are still being examined by the New Jersey Division of Taxation for tax years beginning with 1999.

We classify reserves for tax uncertainties within Accrued expenses and Deferred credits and other in our Consolidated Condensed Balance Sheets, separate from any related income tax payable or deferred income taxes. In accordance with FIN 48, reserve amounts relate to any uncertain tax position, as well as potential interest or penalties associated with those items.

#### **Note 12 Discontinued Operations**

Discontinued operations consist of insurance proceeds from the settlement of claims related to hurricane damages to Grand Casino Gulfport, which we sold in March 2006. Operating results for Grand Casino Gulfport were presented as discontinued operations until its sale. No gain or loss was recorded on this sale. Pursuant to the terms of the sale agreement, we were to retain all insurance proceeds related to Grand Casino Gulfport, and in the six months ended June 30, 2008, \$141.1 million of insurance proceeds related to Mississippi Gulf Coast claims are reported in Discontinued operations in our Consolidated Condensed Statement of Operations.

#### **Note 13 Insurance Proceeds Related to Hurricane-Damaged Properties**

In first quarter 2008, we entered into a settlement agreement with our insurance carriers related to the remaining unsettled claims associated with damages incurred in Mississippi from Hurricane Katrina in 2005, and the final payment of \$338.1 million was received in first quarter. Insurance proceeds exceeded the net book value of the impacted assets and costs and expenses that were reimbursed under our business interruption claims, and the excess is recorded as income in the line item, Write-downs, reserves and recoveries, for properties included in continuing operations and in the line item, Income from discontinued operations, for properties included in discontinued operations. In the six months ended June 30, 2008, \$185.4 million of insurance proceeds are included in Write-downs, reserves and recoveries and \$141.1 million of insurance proceeds are included in Discontinued operations in our Consolidated Condensed Statements of Operations.

#### **Note 14 Related Party Transactions**

In connection with the Merger, Apollo/TPG and their affiliates entered into a services agreement with Harrah's Entertainment relating to the provision of financial and strategic advisory services and consulting services. We paid Apollo/TPG a one-time transaction fee of \$200 million for structuring the Merger and debt financing negotiations. This amount has been included in the overall purchase price of the Merger. In addition, we pay an annual monitoring fee equal to the greater of \$30 million or 1% of the Company's EBITDA, as defined, for management services and advice.

**Note 15 Consolidating Financial Information of Guarantors and Issuers**

As of June 30, 2008, HOC, a 100% owned subsidiary of Harrah's Entertainment, is the issuer of certain debt securities that have been guaranteed by Harrah's Entertainment and certain subsidiaries of HOC. The following consolidating schedules present condensed financial information for Harrah's Entertainment, the parent and guarantor; HOC, the subsidiary issuer; guarantor subsidiaries of HOC; and non-guarantor subsidiaries of Harrah's Entertainment and HOC, which includes the CMBS properties, as of June 30, 2008, and December 31, 2007, and for the successor companies for the three months ended June 30, 2008, and the period January 28, 2008, through June 31, 2008, and for the predecessor companies for the periods from January 1, 2008, through January 27, 2008, and for the three months and six months ended June 30, 2007.

The financial information included in this section reflects ownership of the CMBS properties pursuant to the spin-off and transfer described in Note 6 Debt, *CMBS Financing*.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion and analysis of the financial position and operating results of Harrah's Entertainment, Inc. (referred to in this discussion, together with its consolidated subsidiaries where appropriate, as Harrah's Entertainment, the Company, we, our and us) for the second quarter and first six months of 2008 and 2007, updates, and should be read in conjunction with, Management's Discussion and Analysis of Financial Condition and Results of Operations presented in our 2007 Annual Report on Form 10-K.

**ACQUISITION BY PRIVATE EQUITY FIRMS**

On January 28, 2008, Harrah's Entertainment was acquired by affiliates of Apollo Global Management, LLC (Apollo) and TPG Capital, LP (TPG) in an all cash transaction, hereinafter referred to as the Merger, valued at approximately \$30.7 billion, including the assumption of \$12.4 billion of debt and approximately \$1.0 billion of acquisition costs. Holders of Harrah's Entertainment stock received \$90.00 in cash for each outstanding share of common stock. As a result of the Merger, the issued and outstanding shares of non-voting common stock and non-voting preferred stock of Harrah's Entertainment are owned by entities affiliated with Apollo/TPG and certain co-investors and members of management, and the issued and outstanding shares of voting common stock of Harrah's Entertainment are owned by Hamlet Holdings LLC, which is owned by certain individuals affiliated with Apollo/TPG. As a result of the Merger, our stock is no longer publicly traded.

**OPERATING RESULTS AND DEVELOPMENT PLANS**

In accordance with Generally Accepted Accounting Principles, we have separated our historical financial results for the Successor period and the Predecessor period; however, we have also combined the Successor and Predecessor periods results for the six months ended June 30, 2008, in the presentations below because we believe that it enables a meaningful presentation and comparison of results.

Revenues for the second quarter of 2008 were 3.7% lower than second quarter 2007 due primarily to turbulent economic conditions in the United States that have impacted customer visitation to our casinos. Second quarter income from continuing operations was further impacted by higher interest expense due to higher debt levels.

## Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

For the six months ended June 30, 2008, revenues were 2.9% lower than in the prior year period, driven by declines in the Las Vegas market due to lower customer spend per trip and fewer hotel rooms available at three of our properties in Las

Vegas, the impact of a smoking ban in Illinois, and heavy rains and flooding affecting visitor volumes at our properties in the midwest. Income from continuing operations was also impacted by expense incurred in connection with the Merger, primarily related to the accelerated vesting of employee stock options, stock appreciation rights (SARs) and restricted stock, higher interest expense and losses on the early extinguishments of debt, partially offset by proceeds from the settlement of insurance claims related to hurricane damage in 2005.

The executive officers of our Company review operating results, assess performance and make decisions related to the allocation of resources on a property-by-property basis. We, therefore, believe that each property is an operating segment and that it is appropriate to aggregate and present the operations of our Company as one reportable segment. In order to provide more detail than would be possible on a consolidated basis, our properties have been grouped as follows to facilitate discussion of our operating results:

<b>Las Vegas</b>	<b>Atlantic City</b>	<b>Louisiana/Mississippi</b>	<b>Iowa/Missouri</b>

(3) Re-branded from Caesars Indiana in July 2008.

(4) Managed, not owned.

(5) We have a 50 percent interest in Windsor Casino Limited, which manages this property. The province of Ontario owns the complex. The property was re-branded from Casino Windsor in June 2008.

(6) Operates 10 casino clubs in the United Kingdom, 2 in Egypt and 1 in South Africa.

Included in income from operations for each grouping are project opening costs and write-downs, reserves and recoveries. Project opening costs include costs incurred in connection with the integration of acquired properties into Harrah's Entertainment's systems and technology and costs incurred in connection with expansion and renovation projects at various properties. Write-downs, reserves and recoveries include various pretax charges to record asset impairments, contingent liability reserves, project write-offs, demolition costs, recoveries of previously recorded charges and other non-routine transactions.

The declines in revenues and income from operations in the second quarter 2008 reflect lower visitation and spend per trip as our customers reacted to high travel costs and other economic concerns.

For the first six months of 2008, lower revenues and income from operations were driven by lower spend per trip in the market and declines in the number of hotel rooms available at Caesars Palace due to re-modeling and at Harrah's Las Vegas and Rio due to room remediation projects.

In July 2007, we announced plans for an expansion and renovation of Caesars Palace Las Vegas, which is expected to cost approximately \$1.3 billion and will include a 650-room hotel tower, including 75 luxury suites, additional meeting space, a remodeled and expanded pool area and other renovations and improvements. As of June 30, 2008, \$346.6 million had been spent on this project. This expansion is scheduled for completion in phases in 2009 and 2010. In August 2007, Harrah's Entertainment and AEG, a leading sports and entertainment developer and operator, announced plans to enter into a 50/50 joint venture to develop a 20,000-seat arena, which is expected to commence operations in 2011. This development is subject to completion of definitive documents and other customary conditions.

Combined second quarter 2008 revenues for the Atlantic City region were higher than in the second quarter of 2007, as favorable results from Harrah's Atlantic City and Harrah's Chester offset declines at other properties in the region. However, income from operations was lower than in last year's second quarter due to reduced visitor volume and higher advertising costs.

## Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

For the six months ended June 30, 2008, Atlantic City regional revenues increased due to the inclusion of Harrah's Chester, which opened for simulcasting and live harness racing on September 10, 2006 and for slots play on January 22, 2007 and strong results from the partial opening of the new hotel tower at Harrah's Atlantic City, but income from operations was flat compared to the prior year six-month period. The Atlantic City market continues to be affected by the opening of three slot competitor parlors in eastern Pennsylvania and one in Yonkers, New York, and smoking restrictions in Atlantic City.

Construction has been completed on an upgrade and expansion of Harrah's Atlantic City, which will include a new hotel tower with approximately 960 rooms, a casino expansion and a retail and entertainment complex. A new 620-seat buffet and substantially all of a retail promenade opened on February 16, 2007. Portions of the new hotel tower opened in the first and second quarters of 2008, and the remaining phase opened in July 2008. This project is expected to cost approximately \$565 million, \$469.2 million of which had been spent as of June 30, 2008.

Combined second quarter 2008 revenues from our properties in Louisiana and Mississippi were lower than in second quarter 2007, driven by lower visitor volume at our Tunica properties, due in part to disruptions related to the renovation and re-branding of Grand Casino Tunica. Income from operations declined from the prior year period as insurance proceeds of \$37.0 million were received in second quarter 2007.

Combined revenues for the six months ended June 30, 2008, were 4.0% lower than in the six month period last year due to declines in visitation to the Tunica market and disruptions during the renovation at the former Grand Tunica. For the six months ended June 30, 2008 and 2007, income from operations includes insurance proceeds of \$185.4 million and \$55.7 million, respectively, that are in excess of the net book value of the impacted assets and costs and expenses that were reimbursed under our business interruption claims. All proceeds from claims related to the 2005 hurricanes have now been received. Insurance proceeds are included in Write-downs, reserves and recoveries in our Consolidated Condensed Statements of Operations.

In May 2008, Grand Casino Resort in Tunica, Mississippi, was re-branded to Harrah's Tunica. In connection with the re-branding, renovations to the property costing approximately \$45 million were completed. In conjunction with the renovation and re-branding project, a strategic alliance with Food Network star, Paula Deen, was formed, and a new Paula Deen Buffet also opened in May 2008.

We have decided to slow down construction of Margaritaville Casino & Resort in Biloxi, Mississippi, as we refine the design of that project and explore all of our alternatives related to the project and its financing. We are adjusting our plan for development to better align with the economic environment, market conditions on the Gulf Coast and the current financing environment. We license the Margaritaville name from an entity affiliated with the singer/songwriter Jimmy Buffett. As of June 30, 2008, \$125.5 million had been spent on this project.

Combined second quarter 2008 total revenues at our Iowa and Missouri properties were lower than in last year's second quarter, driven primarily by Harrah's St. Louis, where the opening of a new facility by a competitor impacted results. Income from operations was higher than in the prior year second quarter due to cost savings and efficiencies, particularly at our Iowa facilities.

For the six months ended June 30, 2008, combined revenues at our Iowa and Missouri properties were 2.9% lower than in the same period last year. Strong results in Iowa and North Kansas City helped offset the impact of the revenue decline in St. Louis due to increased competition.

Second quarter 2008 combined revenues and income from operations were lower than in second quarter 2007 due to reduced customer volumes and spend per trip resulting primarily from the imposition of a smoking ban in Illinois.

Combined revenues and income from operations for the six months ended June 30, 2008, were lower than in the same period last year due to heavy rains and flooding and the smoking ban in Illinois. Caesars Indiana was closed for four days in March 2008 due to flooding in the area.

In June 2008, the Illinois Supreme Court overturned an earlier ruling by a State court that had declared a 3% tax that was assessed on Harrah's Joliet and three unrelated riverboats unconstitutional. Due to the uncertainty of the situation, we had continued to accrue and pay this tax while the matter was decided in the courts; therefore, this decision had no impact on the results of the operations of Harrah's Joliet.

In July 2008, Caesars Indiana was re-branded to Horseshoe Southern Indiana. The re-branding and renovation project cost approximately \$53.0 million.

In August 2008, construction was completed on the renovation and expansion of Horseshoe Hammond, which will include a two-level entertainment vessel including a 108,000-square-foot casino. The project cost approximately \$485 million, \$396.5 million of which had been spent as of June 30, 2008.

Second quarter 2008 revenues and income from operations from our Nevada properties outside of Las Vegas were lower than in second quarter 2007 due to lower customer spend per trip, the opening of an expansion at a competing property in Reno and higher costs aimed at attracting and retaining customers.

The same factors that drove declines in second quarter 2008 also drove lower revenues and income from operations for the six months ended June 30, 2008.

Managed, international and other results include income from our managed properties, results of our international properties and certain marketing and administrative expenses, including development costs, and income from our non-consolidated subsidiaries. Favorable International revenues for second quarter and the six months ended June 30, 2008, are due to inclusion of three new properties of London Clubs International Limited ( London Clubs ) that opened during 2007, partially offset by the impact of a new smoking ban enacted in mid-2007. Income from operations for London Clubs was further impacted by a lower table game hold percentage, higher gaming taxes imposed during 2007 and reserves for receivables due from a joint venture member that may not be collectible. As of June 30, 2008, London Clubs owns or manages ten casinos in the United Kingdom, two in Egypt and one South Africa. London Clubs also has one casino under development in the United Kingdom.

Our second quarter and six-month 2008 results from managed properties were lower than in the 2007 periods due to the termination of our contract with the Prairie Band Potawatomi Nation on June 30, 2007, and lower operating results at our other managed casinos.

Corporate expense was higher in the second quarter and first six months of 2008 due to a monitoring fee paid to affiliates of Apollo/TPG in periods subsequent to the Merger, partially offset by the continued realization of cost savings and efficiencies identified in an on-going project that began in September 2006.

2008 merger and integration costs include costs incurred in connection with the Merger, including the expense related to the accelerated vesting of employee stock options, SARs and restricted stock.

Amortization of intangible assets was higher in the second quarter and first six months of 2008 due to higher estimated amortization of intangible assets identified in the preliminary purchase price allocation in connection with the Merger.

Interest expense increased in the second quarter and first six months of 2008 from the same periods in 2007 primarily due to increased borrowings in connection with the Merger. Also included in interest expense in the quarter and six months ended June 30, 2008, are a credit of \$61.0 million and a charge of \$80.8 million, respectively, representing the changes in the fair values of our derivative instruments. In the quarter and six months ended June 30, 2007, the change in the fair value of the swaps was \$14.3 million. A change in interest rates on variable-rate debt will impact our financial results. For example, assuming a constant outstanding balance for our variable-rate debt, excluding \$6.5 billion of variable-rate debt for which we have entered into interest rate swap agreements, for the next twelve months, a hypothetical 1% change in corresponding interest rates would change interest expense for the next twelve months by approximately \$72.6 million, or \$24.4 million per quarter. At June 30, 2008, our variable-rate debt, excluding \$6.5 billion of variable-rate debt for which we have entered into interest rate swap agreements, represents approximately 30.3% of our total debt, while our fixed-rate debt is approximately 69.7% of our total debt.

Losses on early extinguishments of debt represent premiums paid and the write-offs of unamortized deferred financing costs and market value premiums related to debt retired in connection with the Merger.

Other income includes lower interest income on the cash surrender value of life insurance policies in 2008. Other income in the six months ended June 30, 2007, included a gain on the sale of corporate assets.

For the quarter and six months ended June 30, 2008, tax benefits were generated by operating losses caused by higher interest expense, partially offset by non-deductible merger costs, international income taxes and state income taxes. For the quarter and six months ended June 30, 2007, the effective tax provision rate is higher than the federal statutory rate due primarily to state income taxes.

Minority interests reflect minority owners' shares of income from our majority owned subsidiaries.

Discontinued operations for the six months ended June 30, 2008, reflects insurance proceeds of \$87.3 million, after taxes, representing the final funds received that were in excess of the net book value of the impacted assets and costs and expenses that were reimbursed under our business

interruption claims for Grand Casino Gulfport. For the quarter and six months ended June 30, 2007, Discontinued operations reflected \$42.0 million and \$60.2 million, after taxes, respectively, that

were reimbursed under our business interruption claims for Grand Casino Gulfport and Harrah's Lake Charles, both of which were sold in 2006. Pursuant to the terms of the sales agreements, we retained all insurance proceeds related to these properties.

### **CAPITAL SPENDING AND DEVELOPMENT**

In addition to the development and expansion projects discussed in the OPERATING RESULTS AND DEVELOPMENT PLANS section, we also perform on-going refurbishment and maintenance at our casino entertainment facilities to maintain our quality standards, and we continue to pursue development and acquisition opportunities for additional casino entertainment facilities that meet our strategic and return on investment criteria. Prior to the receipt of necessary regulatory approvals, the costs of pursuing development projects are expensed as incurred. Construction-related costs incurred after the receipt of necessary approvals are capitalized and depreciated over the estimated useful life of the resulting asset. Project opening costs are expensed as incurred.

Our planned development projects, if they go forward, will require, individually and in the aggregate, significant capital commitments and, if completed, may result in significant additional revenues. The commitment of capital, the timing of completion and the commencement of operations of casino entertainment development projects are contingent upon, among other things, negotiation of final agreements and receipt of approvals from the appropriate political and regulatory bodies. Cash needed to finance projects currently under development as well as additional projects pursued is expected to be made available from operating cash flows, established debt programs (see DEBT AND LIQUIDITY), joint venture partners, specific project financing, guarantees of third-party debt and additional debt offerings. Our capital spending for the first six months of 2008 totaled approximately \$814.5 million. Estimated total capital expenditures for 2008 are expected to be between \$1.75 billion and \$1.95 billion.

### **DEBT AND LIQUIDITY**

We generate substantial cash flows from operating activities, as reflected on the Consolidated Condensed Statements of Cash Flows. These cash flows reflect the impact on our consolidated operations of the success of our marketing programs, our strategic acquisitions and on-going cost containment focus. For the first six months of 2008 and 2007, we reported cash flows from operating activities of \$735.7 million and \$649.9 million, respectively.

We use the cash flows generated by the Company to fund reinvestment in existing properties for both refurbishment and expansion projects, pursue additional growth opportunities via strategic acquisitions of existing companies or properties and new development opportunities and to fund debt services. When necessary, we supplement the cash flows generated by our operations with funds provided by financing activities.

Our cash and cash equivalents totaled approximately \$1.2 billion at June 30, 2008, compared to \$721.0 million at June 30, 2007.

We believe that our cash and cash equivalents balance, our cash flows from operations and the financing sources discussed herein will be sufficient to meet our normal operating requirements during the next twelve months and to fund additional investments. In addition, we may consider issuing additional debt in the future to fund potential acquisitions or growth, to refinance existing debt or to finance specific capital projects. We continue to review additional opportunities to acquire or invest in companies, properties and other investments that meet our strategic and return on investment criteria. If a material acquisition or investment is completed, our operating results and financial condition could change significantly in future periods. In connection with the Merger, we incurred substantial additional debt, which significantly changed our financial position.

We may from time to time seek to retire or purchase our outstanding debt through cash purchases and/or exchanges, in open market purchases, privately negotiated transactions or otherwise. Such repurchases or exchanges, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

A substantial portion of the financing of the Merger is comprised of bank and bond financing obtained by Harrah's Operating Company, Inc. (HOC), a wholly-owned subsidiary of Harrah's Entertainment. This financing is neither secured nor guaranteed by Harrah's Entertainment's other direct, wholly-owned subsidiaries, including certain subsidiaries that own properties that are secured under \$6.5 billion of commercial mortgage-backed securities (CMBS). Pro forma information pertaining solely to the consolidated financial position and results of HOC and its subsidiaries can be found in Exhibit 99 of this Form 10-Q.

In connection with the Merger, \$7.7 billion, face amount, of our debt was retired, \$4.6 billion, face amount, of our debt was retained and \$20.5 billion, face amount, of new debt was issued, resulting in a very different debt structure for the Successor company. The discussion that follows is intended to update the information provided in our 2007 Annual Report on Form 10-K.

At June 30, 2008, \$5.7 million, face amount, of our 8.875% Senior Subordinated Notes due September 15, 2008 and \$5.1 million, face amount, of our 7.5% Senior Notes due January 15, 2009, are classified as long-term in our Consolidated Condensed Balance Sheet because the Company has both the intent and the ability to refinance these notes. The majority of our debt is due after 2010. Payments of short-term debt obligations and other commitments are expected to be made from operating cash flows and from borrowings under our established debt programs. Long-term obligations are expected to be paid through operating cash flows, refinancing of debt, joint venture partners or, if necessary, additional debt offerings.

In July 2008, HOC made the permitted election under the Indenture governing its 10.75%/11.5% Senior Toggle Notes due 2018 and the Senior Unsecured Interim Loan Agreement dated January 28, 2008, to pay all interest due on January 28, and February 1, 2009, for the loan in kind. The Company intends to use the cash savings generated by this election for general corporate purposes.

### **Credit Agreement**

As of June 30, 2008, our senior secured credit facilities (the "Credit Facilities") provide for senior secured financing of up to \$9.25 billion, consisting of (i) senior secured term loan facilities in an aggregate principal amount of up to \$7.25 billion maturing on January 28, 2015 and (ii) a senior secured revolving credit facility in an aggregate principal amount of \$2.0 billion, maturing January 28, 2014, including both a letter of credit sub-facility and a swingline loan sub-facility. Interest on the Credit Agreement is based on our debt ratings and leverage ratio and is subject to change. In addition, we may request one or more incremental term loan facilities and/or increase commitments under our revolving facility in an aggregate amount of up to \$1.75 billion, subject to certain conditions and receipt of commitments by existing or additional financial institutions or institutional lenders. As of June 30, 2008, \$7.23 billion in borrowings was outstanding under the Credit Facilities with an additional \$0.2 billion committed to back letters of credit. After consideration of these borrowings and letters of credit, \$1.8 billion of additional borrowing capacity was available to the Company under the Credit Facilities as of June 30, 2008.

Borrowings under the Credit Facilities bear interest at a rate equal to the then-current LIBOR rate or at a rate equal to the alternate base rate, in each case plus an applicable margin. In addition, on a quarterly basis, we are required to pay each lender (i) a commitment fee in respect of any unused commitments under the revolving credit facility and the delayed draw portion of the term facility and (ii) a letter of credit fee in respect of the aggregate face amount of outstanding letters of credit under the revolving credit facility. As of June 30, 2008, the Credit Facilities bore interest based upon 300 basis points over LIBOR and bore a commitment fee for unborrowed amounts of 50 basis points.

The Credit Facilities require scheduled quarterly payments on the term loans in amounts equal to 0.25% of the original principal amount of the term loans for six years and three quarters, with the balance paid at maturity.

### **CMBS Financing**

In connection with the Merger, eight of our properties (the "CMBS properties") and their related assets were spun out of HOC to Harrah's Entertainment. As of the Merger date, the CMBS properties were Harrah's Las Vegas, Rio, Flamingo Las Vegas, Harrah's Atlantic City, Showboat Atlantic City, Harrah's Lake Tahoe, Harveys Lake Tahoe and Bill's Lake Tahoe. The CMBS properties borrowed \$6.5 billion of mortgage loans and/or related mezzanine financing and/or real estate term loans, which are secured by the assets of the CMBS properties. On May 22, 2008, Paris Las Vegas and Harrah's Laughlin and their related operating assets were spun out of HOC to Harrah's Entertainment and Harrah's Lake Tahoe, Harveys Lake Tahoe, Bill's Lake Tahoe and Showboat Atlantic City were transferred to HOC from Harrah's Entertainment as contemplated under the debt agreements effective pursuant to the Merger.

### **Derivative Instruments**

We account for derivative instruments in accordance with SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," and all amendments thereto. SFAS No. 133 requires that all derivative instruments be recognized in the financial statements at fair value. Any changes in fair value are recorded in the statements of operations or in other comprehensive income/(loss), depending on whether the derivative is designated and qualifies for hedge accounting, the type of hedge transaction and the effectiveness of the hedge. The estimated fair values of our derivative instruments are based on market prices obtained from dealer quotes. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts.

Our derivative instruments contain a credit risk that the counterparties may be unable to meet the terms of the agreements. We minimize that risk by evaluating the creditworthiness of our counterparties, which are limited to major banks and financial institutions, and we do not anticipate nonperformance by the counterparties.

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. As of June 30, 2008, we have ten interest rate swap agreements for notional amounts totaling \$6.5 billion. The difference to be paid or received under the terms of the interest rate swap agreement is accrued as interest rates change and recognized as an adjustment to interest expense for the related debt. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreement will have a corresponding effect on future cash flows. The major terms of the interest rate swap agreements are as follows.

Effective Date	Notional Amount (In millions)	Fixed Rate Paid	Variable Rate Received as of June 30, 2008	Next Reset Date	Maturity Date
April 25, 2007	\$ 200	4.898%	2.920%	July 25, 2008	April 25, 2011
April 25, 2007	200	4.896%	2.920%	July 25, 2008	April 25, 2011
April 25, 2007	200	4.925%	2.920%	July 25, 2008	April 25, 2011
April 25, 2007	200	4.917%	2.920%	July 25, 2008	April 25, 2011
April 25, 2007	200	4.907%	2.920%	July 25, 2008	April 25, 2011
September 26, 2007	250	4.809%	2.920%	July 25, 2008	April 25, 2011
September 26, 2007	250	4.775%	2.920%	July 25, 2008	April 25, 2011
April 25, 2008	1,000	4.172%	2.920%	July 25, 2008	April 25, 2012
April 25, 2008	2,000	4.276%	2.920%	July 25, 2008	April 25, 2013
April 25, 2008	2,000	4.263%	2.920%	July 25, 2008	April 25, 2013

Until February 15, 2008, none of our interest rate swap agreements were designated as hedging instruments; therefore, gains or losses resulting from changes in the fair value of the swaps were recognized in earnings in the period of the change. On February 15, 2008, eight of our interest rate swap agreements for notional amounts totaling \$3.5 billion were designated as hedging instruments, and on April 1, 2008, the remaining swap agreements were designated as hedging instruments. Upon designation as hedging instruments, only any measured ineffectiveness is recognized in earnings in the period of change. In the quarter and six months ended June 30, 2008, a credit of \$40.9 million and a net charge of \$68.5 million, respectively, representing the changes in the fair values of our swap agreements are included in Interest expense in our 2008 Consolidated Condensed Statement of Operations compared with \$14.3 million for both the quarter and six months ended June 30, 2007.

Additionally, on January 28, 2008, we entered into an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the CMBS debt. The interest rate cap agreement, which was effective January 28, 2008, and terminates February 13, 2013, is for a notional amount of \$6.5 billion at a LIBOR cap rate of 4.5%. The interest rate cap was designated as a hedging instrument on May 1, 2008. In the quarter and six months ended June 30, 2008, a credit of \$20.1 million and a net charge of \$12.3 million, respectively, are included in Interest expense in our Consolidated Condensed Statement of Operations.

#### Guarantees of Third-Party Debt and Other Obligations and Commitments

The tables below summarize total material additions to or changes in our contractual obligations and other commitments, which were disclosed in Management's Discussion and Analysis of Financial Condition and Results of Operations presented in our 2007 Annual Report on Form 10-K.

Contractual Obligations <sup>(a)</sup> (In millions)	Increase/ (Decrease)	Total
Debt, including capital lease obligations	\$ 12,839.4	\$ 25,202.5
Estimated interest payments <sup>(b)</sup>	10,554.7	12,998.9
Operating lease obligations	(433.7)	2,013.6
Purchase order obligations	(8.1)	74.8
Guaranteed payments to State of Louisiana	30.2	165.0
Construction commitments	(288.6)	1,001.0
Community reinvestment	(4.7)	125.8
Entertainment obligations	34.6	167.4
Other contractual obligations	(26.0)	74.2

<sup>(a)</sup> In addition to the contractual obligations disclosed in this table, we have unrecognized tax benefits that, based on uncertainties associated with the items, we are unable to make reasonably reliable estimates of the period of potential cash settlements, if any, with taxing authorities.

<sup>(b)</sup> Estimated interest for variable rate debt is based on rates in effect at June 30, 2008.

Other Commitments (In millions)	Increase/ (Decrease)	Total
Guarantees of loans	\$ (170.6)	\$
Letters of credit	5.7	198.9
Minimum payments to tribes	(6.9)	48.4

The agreements pursuant to which we manage casinos on Indian lands contain provisions required by law that provide that a minimum monthly payment be made to the tribe. That obligation has priority over scheduled repayments of borrowings for development costs and over the management fee earned and paid to the manager. In the event that insufficient cash flow is generated by the operations to fund this payment, we must pay the shortfall to the tribe. Subject to certain limitations as to time, such advances, if any, would be repaid to us in future periods in which operations generate cash flow in excess of the required minimum payment. These commitments will terminate upon the occurrence of certain defined events, including termination of the management contract. Our aggregate monthly commitment for the minimum guaranteed payments, pursuant to these contracts for the three managed Indian-owned facilities now open, which extend for periods of up to 65 months from June 30, 2008, is \$1.2 million. Each of these casinos currently generates sufficient cash flows to cover all of its obligations, including its debt service.

### **Competitive Pressures**

Many casino operators are reinvesting in existing markets in an effort to attract new customers, thereby increasing competition in those markets. As companies have completed expansion projects, supply has sometimes grown at a faster pace than demand in certain markets and competition has increased significantly. Furthermore, several operators, including Harrah's Entertainment, have announced plans for additional developments or expansions in some markets.

Several states and Indian tribes are considering legislation enabling the development and operation of casinos or casino-like businesses in their jurisdictions.

Although, historically, the short-term effect of such competitive developments on our Company generally has been negative, we are not able to determine the long-term impact, whether favorable or unfavorable, that development and expansion trends and events will have on current or future markets. We believe that the geographic diversity of our operations; our focus on multi-market customer relationships; our service training, our rewards and customer loyalty programs; and our continuing efforts to establish our brands as premier brands upon which we have built strong customer loyalty have well-positioned us to face the challenges present within our industry. We utilize the unique capabilities of WINet, a sophisticated nationwide customer database, and Total Rewards, a nationwide loyalty program that allows our customers to earn cash, comps and other benefits for playing at our casinos. We believe these sophisticated marketing tools provide us with competitive advantages, particularly with players who visit more than one market.

### **SIGNIFICANT ACCOUNTING POLICIES AND ESTIMATES**

We prepare our Consolidated Condensed Financial Statements in conformity with accounting principles generally accepted in the United States. Certain of our accounting policies, including the estimated lives assigned to our assets, the determination of bad debt, asset impairment, fair value of guarantees and self-insurance reserves, the purchase price allocations made in connection with our acquisitions/merger and the calculation of our income tax liabilities, require that we apply significant judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. Our judgments are based on our historical experience, terms of existing contracts, observance of trends in the industry, information provided by our customers and information available from other outside sources, as appropriate. There can be no assurance that actual results will not differ from our estimates. For a discussion of our significant accounting policies and estimates, please refer to Management's Discussion and Analysis of Financial Condition and Results of Operations and Notes to Consolidated Financial Statements presented in our 2007 Annual Report on Form 10-K. Except for estimates related to the fair values and lives assigned to assets in connection with the Merger, there were no newly identified significant accounting estimates in second quarter 2008, nor were there any material changes to the critical accounting policies and estimates discussed in our 2007 Annual Report.

### **RECENTLY ISSUED ACCOUNTING STANDARDS**

The following are accounting standards adopted or issued in the second quarter of 2008 that could have an impact to our Company.

In September 2006, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 157, Fair Value Measurements, which defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. SFAS No. 157 applies under other accounting pronouncements that require or permit fair value measurements, but it does not require any new fair value measurements. The provisions of SFAS No. 157 were to be effective for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. In February 2008, the FASB issued Staff Position (FSP) No. 157-2, Effective Date of FASB Statement No. 157. FSP No. 157-2 defers the effective date of Statement No. 157 to fiscal years beginning after November 15, 2008, and interim periods within those

fiscal years for nonfinancial assets and nonfinancial liabilities, except for items that are recognized or disclosed at fair value in an entity's financial statements on a recurring basis (at least annually). Also in February 2008, the FASB issued FSP No. 157-1, Application of FASB Statement No. 157 to FASB Statement No. 13 and Other Accounting Pronouncements That Address Fair Value Measurements for Purposes of Lease Classification or Measurement Under Statement 13. FSP No. 157-1 excludes FASB Statement No. 13, Accounting for Leases, and other accounting pronouncements that address fair value measurements for purposes of lease classification or measurement under Statement 13. We adopted the required provisions of SFAS 157 on January 1, 2008. The required provisions did not have a material impact on our financial statements.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities-including an amendment of SFAS No. 115, which permits an entity to measure certain financial assets and financial liabilities at fair value. Entities that elect the fair value option will report unrealized gains and losses in earnings at each subsequent reporting date. SFAS No. 159 was effective as of January 1, 2008. At this time, we do not expect to adopt the fair value option for assets and liabilities; however, future events and circumstances may impact that decision.

In December 2007, the FASB issued SFAS No. 141 (Revised 2007), Business Combinations. SFAS No. 141(R) will significantly change the accounting for business combinations. Under SFAS No. 141(R), an acquiring entity will be required to recognize all the assets acquired and liabilities assumed in a transaction at the acquisition-date fair value with limited exceptions. SFAS No. 141(R) will change the accounting treatment for certain specific items, including:

Acquisition costs will be generally expensed as incurred;

Assets that an acquirer does not intend to use will be recorded at fair value reflecting the assets' highest and best use;

Noncontrolling interests (formerly known as minority interests - see Statement 160 discussion below) will be valued at fair value at the acquisition date;

Acquired contingent liabilities will be recorded at fair value at the acquisition date and subsequently measured at either the higher of such amount or the amount determined under existing guidance for non-acquired contingencies;

In-process research and development will be recorded at fair value as an indefinite-lived intangible asset at the acquisition date;

Restructuring costs associated with a business combination will be generally expensed subsequent to the acquisition date; and

Changes in deferred tax asset valuation allowances and income tax uncertainties after the acquisition date generally will affect income tax expense.

SFAS No. 141(R) also includes a substantial number of new disclosure requirements. SFAS No. 141(R) applies prospectively to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. Earlier adoption is prohibited. We are currently evaluating the impact of this statement on our financial statements.

In December 2007, the FASB also issued SFAS No. 160, Noncontrolling Interests in Consolidated Financial Statements - An Amendment of Accounting Research Bulletin No. 51, the provisions of which are effective for periods beginning after December 15, 2008. This statement requires an entity to classify noncontrolling interests in subsidiaries as a separate component of equity. Additionally, transactions between an entity and noncontrolling interests are required to be treated as equity transactions. We are currently evaluating the impact of this statement on our financial statements.

In March 2008, the FASB issued SFAS No. 161, Disclosures about Derivative Instruments and Hedging Activities - an amendment of FASB Statement No. 133. SFAS No. 161 requires enhanced disclosures about an entity's derivative and hedging activities. It requires disclosures that allow financial statement users to understand (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related

## Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

hedged items are accounted for under Statement No. 133 and its related interpretations, and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. This Statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. Because SFAS No. 161 applies only to financial statement disclosures, it will not have a material impact on our consolidated financial position, results of operations and cash flows.

On April 25, 2008, the FASB issued FSP No. 142-3, Determination of the Useful Life of Intangible Assets. This Staff Position amends the list of factors an entity should consider in developing renewal or extension assumptions used in determining the useful life of recognized intangible assets under Statement 142. The FSP requires

entities to disclose information for recognized intangible assets that enables financial statement users to understand the extent to which expected future cash flows associated with intangible assets are affected by the entity's intent or ability to renew or extend the arrangement associated with the intangible asset. The FSP also requires the following disclosures in addition to those required by Statement 142:

The entity's accounting policy on the treatment of costs incurred to renew or extend the term of a recognized intangible asset

In the period of acquisition or renewal, the weighted-average period prior to the next renewal or extension (both explicit and implicit), by major intangible asset class

For an entity that capitalizes renewal or extension costs, the total amount of costs incurred in the period to renew or extend the term of a recognized intangible asset for each period for which a statement of financial position is presented by major intangible asset class

This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods with in those fiscal years. While the guidance on determining the useful life of a recognized intangible asset must be applied prospectively only to intangible assets acquired after the FSP's effective date, the disclosure requirements of the FSP must be applied prospectively to all intangible assets recognized as of, and after, the FSP's effective date. Early adoption is prohibited. This FSP will affect intangible assets acquired by Harrah's after the effective date as well as require additional disclosures for existing intangible assets.

#### **PRIVATE SECURITIES LITIGATION REFORM ACT**

This quarterly report on Form 10-Q contains forward-looking statements intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. You can identify these statements by the fact that they do not relate strictly to historical or current facts. We have based these forward-looking statements on our current expectations about future events. Further, statements that include words such as may, will, project, might, expect, believe, anticipate, intend, could, would, estimate, continue or pursue or words or expressions of similar meaning may identify forward-looking statements. These forward-looking statements are found at various places throughout this report. These forward-looking statements, including without limitation, those relating to future actions, new projects, strategies, future performance, the outcome of contingencies such as legal proceedings and future financial results, wherever they occur in this report, are necessary estimates reflecting the best judgment of our management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements should, therefore, be considered in light of various important factors set forth from time to time in our filings with the Securities and Exchange Commission.

Important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include without limitation:

the impact of the substantial indebtedness incurred to finance the consummation of the Merger;

the effect of local and national economic, credit and capital market conditions on the economy in general, and on the gaming and hotel industry in particular;

construction factors, including delays, increased costs of labor and materials, availability of labor and materials, zoning issues, environmental restrictions, soil and water conditions, weather and other hazards, site access matters and building permit issues;

the effects of environmental and structural building conditions relating to our properties;

our ability to timely and cost effectively integrate companies that we acquire into our operations;

## Edgar Filing: HARRAHS ENTERTAINMENT INC - Form 10-Q

access to available and reasonable financing on a timely basis;

changes in laws, including increased tax rates, regulations or accounting standards, third-party relations and approvals, and decisions of courts, regulators and governmental bodies;

litigation outcomes and judicial actions, including gaming legislative action, referenda and taxation;

the ability of our customer-tracking, customer loyalty and yield-management programs to continue to increase customer loyalty and same-store or hotel sales;

our ability to recoup costs of capital investments through higher revenues;

acts of war or terrorist incidents or natural disasters;

access to insurance on reasonable terms for our assets;

abnormal gaming holds;

the potential difficulties in employee retention as a result of the Merger; and

the effects of competition, including locations of competitors and operating and market competition.

You are cautioned to not place undue reliance on these forward-looking statements, which speak only as of the date of this quarterly report for Form 10-Q. We undertake no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this quarterly report on Form 10-Q or to reflect the occurrence of unanticipated events, except as required by law.

### **Item 3. Quantitative and Qualitative Disclosure About Market Risk**

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our debt. We attempt to limit our exposure to interest rate risk by managing the mix of our debt between fixed-rate and variable-rate obligations. Of our approximate \$24.0 billion total debt at June 30, 2008, \$7.3 billion, excluding \$6.5 billion of variable-rate debt for which we have entered into interest rate swap agreements, is subject to variable interest rates. We have hedging arrangements with respect to LIBOR borrowings for a notional amount of \$6.5 billion, all of which fix the floating rates of interest to fixed rates. In addition to the swap agreements, we entered into an interest rate cap agreement for a notional amount of \$6.5 billion at a LIBOR cap rate of 4.5%. Assuming a constant outstanding balance for our variable rate debt for the next twelve months, a hypothetical 1% change in interest rates would change interest expense for the next twelve months by approximately \$72.6 million.

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. We have also utilized treasury rate locks to hedge the risk of future treasury rate increases for certain forecasted debt issuances, but we do not currently have any treasury rate lock agreements. We do not purchase or hold any derivative financial instruments for trading purposes.

Foreign currency translation gains and losses were not material to our results of operations for the second quarter and first six months of 2008. Our only material ownership interest in businesses in foreign countries is London Clubs and an approximate 95% ownership of a casino in Uruguay. Therefore, we have not been subject to material foreign currency exchange rate risk from the effects that exchange rate movements of foreign currencies would have on our future operating results or cash flows. With our acquisition of London Clubs in late 2006 and development opportunities that we are pursuing in international markets, we could become subject to material foreign currency exchange rate risk in the future.

From time to time, we hold investments in various available-for-sale equity securities; however, our exposure to price risk arising from the ownership of these investments is not material to our consolidated financial position, results of operations or cash flows.

### **Item 4. Controls and Procedures**

Our principal executive officer and principal financial officer have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)), as of June 30, 2008. Based on such evaluation, they have concluded that as of such date, our disclosure controls and procedures are effective and designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable SEC rules and forms, and that such information is accumulated and communicated to management, including our principal executive officer and principal financial officer, to allow timely decisions regarding required disclosure.

There has been no change in our internal control over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

### **Item 4T. Controls and Procedures**

**PART II OTHER INFORMATION**

**Item 1. Legal Proceedings.**

Certain of our legal proceedings are reported in our Annual Report on Form 10-K for the year ended December 31, 2007, with material developments since that report described below.

**Litigation Related to the Merger**

On October 5, 2006, Henoch Kaiman and Joseph Weiss filed a purported class action complaint in the Delaware Court of Chancery, Civil Action No. 2453-N, against Harrah's, its board of directors and the Sponsors, challenging the proposed transaction as inadequate and unfair to Harrah's public stockholders. Two similar putative class actions were subsequently filed in the Delaware Court of Chancery: Phillips v. Loveman, et al., Civil Action No. 2456-N; and Momentum Partners v. Atwood, et al., Civil Action No. 2455-N. On October 19, 2006, the Delaware Court of Chancery consolidated the three Delaware cases under the heading In Re Harrah's Entertainment, Inc. Shareholder Litigation.

On December 22, 2006, Delaware plaintiffs' counsel filed an amended and consolidated class action complaint against Harrah's, its directors, the Sponsors, and added as defendants Apollo Management V, L.P., Hamlet Holdings and Merger Sub. The consolidated complaint (the "Complaint") alleges that Harrah's board of directors breached their fiduciary duties and that the Sponsors aided and abetted the alleged breaches of fiduciary duty in entering into the merger agreement. The consolidated complaint seeks, among other relief, class certification of the lawsuit, an injunction against the proposed transaction, compensatory and/or rescissory damages to the class, and an award of attorneys' fees and expenses to plaintiffs. On February 14, 2007, defendants began to produce documents in response to plaintiff's initial discovery request.

Subsequent to the entering of a memorandum of understanding and a stipulation of settlement by the parties, a Stipulation and Order of Dismissal was submitted to the Delaware Court of Chancery on April 29, 2008. On June 12, 2008, the court entered an Order and Final Judgment approving the settlement and dismissing the action.

**Litigation Related to Development**

On March 6, 2008, Caesars Bahamas Investment Corporation ("CBIC"), an indirect subsidiary of Harrah's Operating Company, Inc. ("HOC") terminated its previously announced agreement to enter into a joint venture in the Bahamas with Baha Mar Joint Venture Holdings Ltd. and Baha Mar JV Holding Ltd. (collectively, "Baha Mar"). To enforce its rights, on March 13, 2008, CBIC filed a complaint against Baha Mar, and the Baha Mar Development Company Ltd., in the Supreme Court of the State of New York, seeking a declaratory judgment with respect to CBIC's rights under the Subscription and Contribution Agreement (the "Subscription Agreement"), between CBIC and Baha Mar, dated January 12, 2007. Pursuant to the Subscription Agreement, CBIC agreed, subject to certain conditions, to subscribe for shares in Baha Mar Joint Venture Holdings Ltd., which was formed to develop and construct a casino, golf course and resort project in the Bahamas. The complaint alleges that (i) the Subscription Agreement grants CBIC the right to terminate the agreement at any time prior to the closing of the transactions contemplated therein, if the closing does not occur on time; (ii) the closing did not occur on time; and, (iii) CBIC exercised its right to terminate the Subscription Agreement, and to abandon the transactions contemplated therein. The complaint seeks a declaratory judgment that the Subscription Agreement has been terminated in accordance with its terms and the transactions contemplated therein have been abandoned.

Baha Mar and Baha Mar Development Company Ltd. ("Baha Mar Development") filed an Amended Answer and Counterclaims against CBIC and a Third Party Complaint dated June 18, 2008 against HOC in the Supreme Court of the State of New York. Baha Mar and the Baha Mar Development Company Ltd. allege that CBIC wrongfully terminated the Subscription Agreement and that CBIC wrongfully failed to make capital contributions under the Joint Venture Investors Agreement ("Investors Agreement"), by and between CBIC and Baha Mar, dated January 12, 2007. In addition, Baha Mar and Baha Mar Development allege that HOC wrongfully failed to perform its purported obligations under the Harrah's Baha Mar Joint Venture Guaranty, dated January 12, 2007 ("Guaranty"). Baha Mar and Baha Mar Development assert claims for breach of contract, breach of fiduciary duty, promissory estoppel, equitable estoppel and negligent misrepresentation. Baha Mar and Baha Mar Development seek (i) declaratory relief; (ii) specific performance; (iii) the recovery of alleged monetary damages; (iv) the recovery of attorneys fees, costs, and expenses and (v) the dismissal with prejudice of CBIC's Complaint. CBIC and HOC have each answered, denying all allegations of wrongdoing.

In addition, the Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any pending litigation to have a material adverse effect on our consolidated financial position or results of operations.
