PROXY STATEMENT

Annual Meeting of Stockholders

May 20, 2009

INTRODUCTION

This Proxy Statement is furnished in connection with a solicitation of proxies by the Board of Directors (Board) of First Midwest Bancorp, Inc., a Delaware corporation (FMBI, the Company or we), to be used at our 2009 Annual Meeting of Stockholders (Annual Meeting) on Wednesday, May 20, 2009 at 9:30 a.m., Central time, at the Wyndham Drake Oak Brook, 2301 York Road, Oak Brook, Illinois 60523, and at any adjournments or postponements of the Annual Meeting. The approximate date on which this Proxy Statement and the accompanying form of proxy are first being sent to stockholders is April 8, 2009.

DEFINED TERMS

For your reference, *Annex A* to this proxy statement includes a glossary of certain terms, including terms relating to certain federal programs designed to restore stability to the financial markets and which impose executive compensation limitations on institutions participating in those programs.

VOTING INSTRUCTIONS AND INFORMATION

Who can vote at the Annual Meeting?

You are entitled to vote or direct the voting of your shares of FMBI common stock (Common Stock) if you were a stockholder of record at the close of business on March 23, 2009, the record date (Record Date) for the Annual Meeting. On that date, there were approximately 48,712,000 shares of Common Stock outstanding, each of which is entitled to one vote for each matter to be voted on at the Annual Meeting, held by approximately 2,500 registered stockholders of record.

A proxy is your direction to another person to vote your shares in the manner you instruct. When you sign the enclosed proxy card, you will appoint certain members of our management to vote your shares at the Annual Meeting in the manner you instruct. Even if you plan to attend the Annual Meeting, you should complete, sign and return your proxy card in advance.

Who is and is not a stockholder of record?

If you hold Common Stock that is registered in your name at our transfer agent, BNY Mellon Shareowner Services (formerly, Mellon Investor Services L.L.C.) as of the Record Date, you are a stockholder of record. However, if you hold shares of our Common Stock indirectly through a

Table of Contents

broker, bank or similar institution, you are not a stockholder of record, rather, you are a stockholder whose shares are held in street name and your broker, bank, or other nominee is considered the stockholder of record and you are considered the beneficial owner of the shares.

We sent copies of our proxy materials directly to all stockholders of record. If you are a beneficial owner whose shares are held in street name, these materials were sent to you by the bank, broker or similar institution through which you hold your shares. As the beneficial owner, you can direct this entity on how to vote your shares at the Annual Meeting and it is obligated to provide you with a voting instruction form for you to use for this purpose.

What does it mean if I receive more than one proxy card?

If you receive multiple proxy cards, this means you hold your shares in more than one account. To ensure that all your shares are voted, sign and return each proxy card. If you vote on the Internet or by telephone, you will need to vote once for each proxy voting instruction card you receive.

Do current FMBI employees who participate in the FMBI benefit plans receive a proxy mailing?

Employees who participate in the *First Midwest Bancorp, Inc. Savings and Profit Sharing Plan* (Savings and Profit Sharing Plan), *First Midwest Bancorp, Inc. Non-qualified Retirement Plan* (Retirement Plan), *First Midwest Bancorp, Inc. Stock Option Gain Deferral Plan* (Gain Deferral Plan) and/or the *First Midwest Bancorp, Inc Dividend Reinvestment Plan*, and have a Company e-mail address, will receive an e-mail from Broadridge Financial Solutions, Inc. describing how to access proxy materials and vote via the Internet or telephone. One e-mail will be sent for all accounts registered in the same employee name. If the employee's accounts are registered in different names, he or she will receive a separate e-mail for each account. This e-mail will be titled: FIRST MIDWEST BANCORP, INC. 2009 ANNUAL MEETING OF STOCKHOLDERS AND PROXY VOTE.

The trustees under these plans are the record owners of all shares of Common Stock held in the plans, and the trustees will vote the shares held for the account of each employee in accordance with the instructions received from the employee. Employees should instruct the trustees how to vote their shares by using the instructions provided in the e-mail and vote via the Internet or by telephone. If the trustees do not receive voting instructions by the specified deadline, the trustees will vote the shares proportionally in the same manner as those shares for which instructions were received. Because the employees are not the record owners of the related shares, the employees may not vote these shares in person at the Annual Meeting.

What do I need to do to attend the Annual Meeting?

All stockholders must bring an acceptable form of identification, such as a driver's license, in order to attend the Annual Meeting in person. In addition, if you hold shares in street name and would like to attend our Annual Meeting, you will need to bring an account statement or other acceptable evidence of ownership of Common Stock as of the close of business on March 23, 2009, the Record Date for voting. In order to vote at the Annual Meeting, you will also need a valid legal proxy, which you can obtain by contacting your account representative at the broker, bank or similar institution through which you hold your shares. See below *How do I vote?*

Table of Contents

How do I vote?

You may cast your vote in one of four ways:

By Internet. The web address for Internet voting can be found on the enclosed proxy card. Internet voting is available 24 hours a day. If you choose to vote by Internet, then you do not need to return the proxy card. To be valid, your vote by Internet must be received by the deadline specified on the card.

By Telephone. The number for telephone voting can be found on the enclosed proxy card. Telephone voting is available 24 hours a day. If you choose to vote by telephone, then you do not need to return the proxy card. To be valid, your vote by telephone must be received by the deadline specified on the card.

By Mail. Mark the enclosed proxy card, sign and date it, and return it in the pre-paid envelope we have provided. To be valid, your vote by mail must be received by the deadline specified on the card.

At the Annual Meeting. You can vote your shares in person at the Annual Meeting. If you are a stockholder of record, in order to vote at the Annual Meeting, you must present an acceptable form of identification, such as a driver's license. If you hold your shares in street name, in order to vote at the Annual Meeting, you must obtain a legal proxy which you can obtain by contacting your account representative at the broker, bank or similar institution through which you hold your shares (see, *What do I need to do to attend the Annual Meeting?* on page 2), and bring that proxy to the Annual Meeting.

How can I revoke my proxy, substitute a new proxy or change my vote?

You can revoke your proxy or substitute a new proxy at any time before your proxy is voted at the Annual Meeting by:

subsequently submitting a new proxy through the Internet or by telephone; or

subsequently executing and mailing a proxy card that is received on a later date; or

giving written notice of revocation to our Corporate Secretary at One Pierce Place, Suite 1500, Itasca, Illinois 60143; or

voting in person at the Annual Meeting.

If your shares are held in street name, you may change your vote by submitting new voting instructions to your broker, bank, or other nominee.

How can I obtain an additional proxy card?

If you lose, misplace or otherwise need to obtain a proxy card, and:

you are a stockholder of record, contact our Corporate Secretary's office at 630-875-7463; or

Edgar Filing: FIRST MIDWEST BANCORP INC - Form DEF 14A

you hold Common Stock indirectly through a bank, broker or similar institution, contact your account representative at that organization.

Table of Contents

If I submit a proxy by the Internet, telephone or mail, how will my shares be voted?

If you properly submit your proxy by the Internet, telephone or mail, and you do not subsequently revoke your proxy, your shares will be voted in accordance with your instructions. If you sign, date and return your proxy card, but do not give voting instructions, your shares will be voted as follows:

FOR the election of our director nominees;

FOR the ratification of the appointment of Ernst & Young LLP as our independent auditors for our fiscal year ending December 31, 2009;

FOR approval of certain amendments to the *First Midwest Bancorp, Inc. Omnibus Stock and Incentive Plan*;

FOR approval of executive compensation; and

otherwise in accordance with the judgment of the persons voting the proxy on any other matter properly brought before the Annual Meeting.

How are votes counted?

Election of Directors. You may vote FOR or AGAINST any or all director nominees, or you may ABSTAIN as to one or more directors. A majority of the votes cast with respect to the election of a director must be voted FOR the director in order for the director to be elected. A vote to ABSTAIN is not treated as a vote cast with respect to the election of a director, and thus will have no effect on the outcome of the vote. A director who fails to receive a majority FOR vote will tender his or her resignation to the Board for consideration, and our Nominating and Corporate Governance Committee will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results.

Advisory (non-binding) Vote Ratifying the Appointment of Independent Auditors. You may vote FOR or AGAINST the ratification of the appointment of our independent auditors or you may ABSTAIN. A majority of the votes cast must be voted FOR ratification in order for the proposal to pass. A vote to ABSTAIN is not treated as a vote FOR or AGAINST, and thus will have no effect on the outcome of the vote. This is an advisory vote, the results of which will be considered by the Audit Committee of the Board.

Amendments to the First Midwest Bancorp, Inc. Omnibus Stock and Incentive Plan. You may vote FOR or AGAINST approval of certain amendments to the *First Midwest Bancorp, Inc. Omnibus Stock and Incentive Plan* or you may ABSTAIN. A majority of the shares present in person or represented by proxy at the Annual Meeting must be voted FOR this proposal in order for it to pass. A vote to ABSTAIN will have the effect of a vote AGAINST the proposal.

Advisory (non-binding) Vote Approving Executive Compensation. You may vote FOR or AGAINST the advisory (non-binding) vote approving executive compensation or you may ABSTAIN. A majority of the votes cast must be voted FOR the proposal in order for it to pass. A vote to ABSTAIN is not treated as a vote FOR or AGAINST, and thus will have no effect on the outcome of the vote. This is an advisory vote, the results of which will be considered by the Compensation Committee of the Board.

Table of Contents

Broker Non-Vote. A failure by your broker to vote your shares when you have not given voting instructions will have no effect on the outcome of the vote on the election of directors, the advisory (non-binding) vote ratifying the independent auditors or the advisory (non-binding) vote approving executive compensation. Because the affirmative vote of a majority of the outstanding shares of Common Stock is necessary to approve the proposal regarding certain amendments to the *First Midwest Bancorp, Inc. Omnibus Stock and Incentive Plan*, a failure by your broker to vote your shares when you have not given voting instructions will have the effect of a vote AGAINST that proposal.

How many votes are required to transact business at the Annual Meeting?

A quorum is required to transact business at the Annual Meeting. The holders of a majority of the outstanding shares of Common Stock as of March 23, 2009, present in person or represented by proxy and entitled to vote, will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes are treated as present for quorum purposes.

Who pays for the expenses of this proxy solicitation?

We will pay the expenses of the preparation of proxy materials and the solicitation of proxies for the Annual Meeting. In addition to the solicitation of proxies by mail, solicitations may be made by certain of our directors, officers or employees or affiliates telephonically, electronically or by other means of communication. Directors, officers and employees will receive no additional compensation for any such solicitation. We will reimburse brokers and other similar institutions for costs incurred by them in mailing proxy materials to beneficial owners in accordance with applicable rules.

Table of Contents

ITEM 1 ELECTION OF DIRECTORS

Nominees for Election

Our Board consists of 14 directors, which are divided into three classes, with each class serving for staggered three-year terms. As a result, each year, only one class of directors stands for election at our annual meeting of stockholders. This year, the seven individuals named below have been, upon the recommendation of our Nominating and Corporate Governance Committee, nominated by our Board to stand for election at the Annual Meeting. All nominees are currently directors of FMBI and, with the exception of Barbara A. Boigegrain, Michael L. Scudder, and Thomas J. Schwartz, previously have been elected by our stockholders.

Messrs. Scudder and Schwartz were each elected by the Board as a director on September 14, 2008 following the unexpected death of John M. O Meara, the Company's former Chairman and Chief Executive Officer.

The Nominating and Corporate Governance Committee identified and recommended Barbara A. Boigegrain as a director to the full Board on August 19, 2008, and the Board elected her as member effective August 20, 2008.

If elected, each nominee will hold office for a three-year term ending in 2012 and until his or her successor has been elected and qualified, or until his or her earlier resignation or removal. All nominees have informed us that they are willing to serve as directors. Each nominee will tender his or her resignation as a director in accordance with our By-Laws and Corporate Governance Guidelines if he or she fails to receive the required vote for election, and the Board will determine whether it is in the best interest of the Company to accept any tendered resignation.

Nomination Process

In evaluating, identifying and recommending nominees for the Board, our Nominating and Corporate Governance Committee places primary emphasis on the criteria set forth in our Corporate Governance Guidelines, namely:

the individual's judgment, expertise, character, skills, background, knowledge of matters useful to the oversight of the Company and other relevant experience;

the individual's ability and willingness to commit adequate time to Board and committee matters; and

the extent to which the interplay of the individual's expertise, skills, knowledge and personality with that of other Board members will build a Board that is effective, collegial and responsive to the needs of the Company.

We do not set specific, minimum qualifications that nominees must meet in order to be recommended to the Board. Each nominee is evaluated based on his or her individual merits, taking into account the needs of the Company and the composition of the Board. The Nominating and Corporate Governance Committee discusses and evaluates possible candidates in detail and outside consultants are sometimes employed to help identify potential candidates, the fees for which are reviewed and approved by the Chair of the Nominating and Corporate Governance Committee. When determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee considers

Table of Contents

the director's past attendance at meetings, participation in and contributions to Board activities and the most recent Board self-evaluation.

The Nominating and Corporate Governance Committee will consider and evaluate director candidates recommended by stockholders in the same manner as other candidates identified by the Committee. A stockholder wanting to formally nominate a candidate must do so by following the procedures described in the Company's Articles of Incorporation and By-Laws, as amended from time to time.

Independence of Nominees and Non-Employee Directors

Our Board determines the independence of all non-employee directors in accordance with the independence requirements of the Nasdaq Stock Market listing standards (Nasdaq Rules). Accordingly, each year the Board affirmatively determines whether each non-employee director has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Annually, each non-employee director is required to complete a questionnaire that provides information about relationships that might affect the determination of independence. Management then provides the Nominating and Corporate Governance Committee and Board with relevant facts and circumstances of any relationship bearing on the independence of a director or nominee that are outside the categories permitted under Nasdaq Rules.

Based on the review and recommendation by the Nominating and Corporate Governance Committee, the Board analyzed the independence of each of the Company's nominees and other current directors, and determined that the following directors meet the standards of independence under our Corporate Governance Guidelines and Nasdaq Rules: Barbara A. Boiegrain, Vernon A. Brunner, Bruce S. Chelberg, John F. Chlebowski, Jr., Joseph W. England, Brother James Gaffney, Thomas M. Garvin, Patrick J. McDonnell, John E. Rooney, Ellen A. Rudnick, John L. Sterling and J. Stephen Vanderwoude. Our Board also determined that Robert P. O'Meara, the Company's current Chairman and former Chief Executive Officer, Michael L. Scudder, the Company's current President and Chief Executive Officer and Thomas J. Schwartz, the current President and Chief Executive Officer of our wholly owned subsidiary First Midwest Bank are all not independent under the standards of our Corporate Governance Guidelines and Nasdaq Rules.

In addition, our Board determined that each member of the Audit Committee is financially literate and has accounting or related financial management expertise, as such qualifications are defined under Nasdaq Rules, and Patrick J. McDonnell is an audit committee financial expert within the meaning of the rules and regulations of the Securities and Exchange Commission (SEC).

The following individuals are the nominees for election for service on the Board:

Boiegrain</i></p> <p>(51)</p> <p><i>Director since 2008</i></p>	<p>Since 1994, Ms. Boiegrain has served as general secretary and chief executive officer of the General Board of Pension and Health Benefits of The United Methodist Church, Evanston, Illinois (a pension, health and welfare benefit trustee and administrator). Table of Contents**ITEM 2 ADVISORY (NON-BINDING) VOTE RATIFYING INDEPENDENT AUDITORS****Independent Auditors**

The Audit Committee of the Board has selected Ernst & Young LLP as our independent auditors for our fiscal year ending December 31, 2009. We are submitting the selection of independent auditors for stockholder ratification at the Annual Meeting. We expect a representative of Ernst & Young LLP to be present at the Annual Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions from stockholders. Ernst & Young LLP also served as our independent auditors for our fiscal year ended December 31, 2008.

Our organizational documents do not require that our stockholders ratify the selection of our independent auditors. If our stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain Ernst & Young LLP, but may retain them nonetheless. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of FMBI.

Fees Paid to Independent Auditors

The Audit Committee, or a designated member thereof, approves in advance all audit and any non-audit service rendered by Ernst & Young LLP on behalf of the Company. The following table shows information about fees paid by the Company to Ernst & Young LLP.

Further, under our fee policy, the independent auditors may not perform the non-audit services identified by the SEC as prohibited. **ITEM 3 APPROVAL OF AMENDMENTS TO
THE FIRST MIDWEST BANCORP, INC. OMNIBUS STOCK AND INCENTIVE PLAN**

Background

We currently maintain a *First Midwest Bancorp, Inc. Omnibus Stock and Incentive Plan* (Omnibus Plan), which we use for awarding all equity-based compensation to employees. Historically, we have granted stock options and shares of restricted stock and restricted stock units to key employees under the Omnibus Plan. We believe such equity awards align the interest of employees with those of stockholders because the value of an option award is only realized if our stock price increases after the date of grant, and the value of a restricted stock or restricted stock unit award appreciates as our stock price increases. As of the Record Date, only 663,918 shares remain available for future issuance under the Omnibus Plan, of which only 154,810 may be used for restricted stock or restricted stock unit awards.

Proposed Amendment

We are asking our stockholders to approve an amendment to the Omnibus Plan to:

1. Increase the number of shares available for issuance under the Omnibus Plan by 1 million shares of Common Stock.
2. Remove all restrictions on the number of authorized shares that may be issued as restricted stock or restricted stock units.
3. Change the definition of *Change-in-Control* to conform to our form of employment agreement adopted in 2007, so that the definition of *Change-in-Control* will require the acquisition of 25% of the voting stock of the Company rather than acquisition of only 10% of the voting stock of the Company.
4. Expressly prohibit the re-pricing of equity awards without stockholder approval.
5. Add provisions relating to compliance with the EESA and TARP (collectively, the Omnibus Plan Amendments).

Purpose of the Omnibus Plan Amendments

We believe that our ability to attract and retain qualified, high-performing employees is vital to our success and growth as a company. Equity compensation is a very effective retention tool that encourages and appropriately rewards employee performance and aligns their interests with those of the stockholders. Consequently, we believe the Omnibus Plan Amendments will allow us to issue compensatory awards that are responsive to FMBI's needs and will advance our long-term interests.

If the Omnibus Plan Amendments are not approved by stockholders we will be severely limited in our ability to make awards under our employee equity compensation programs. Without equity-based compensation, we would be at a competitive disadvantage in the ability to provide a market-competitive, total compensation package necessary to attract, retain and motivate the talent critical to our future success. We strongly believe that our equity-based incentive programs and emphasis on employee stock ownership have been integral to our success in the past and will continue to be important to our ability to achieve consistently strong performance in the years ahead.

Table of Contents

On February 18, 2009, our Board approved the Omnibus Plan Amendments, subject to stockholder approval. In formulating and reaching its decision to recommend approval of the Omnibus Plan Amendments, the Board considered current best practices.

The following table shows what the breakdown of available shares would have been had the Omnibus Plan Amendments been in effect as of the Record Date:

Total	Director Plan	Amended Omnibus Plan
1,873,196	209,278	1,663,918

As of the Record Date, there were outstanding awards of 2,733,453 stock options, which have a weighted-average exercise price of \$31.57 and a weighted-average term of 5.2 years, and 142,243 shares of restricted stock under all of our equity compensation plans. As of the Record Date, the average of the high and low sale price of one share of our Common Stock as quoted on the Nasdaq Stock Market was \$9.22.

Effect of EESA and ARRA*

We are participants in the CPP, and we have consented to the limitations on executive compensation that were established for this program and in effect as of October 20, 2008 (see the section entitled *2008 Developments- Government Intervention and Regulation* beginning on page 31). Subsequently, on February 17, 2009, the President signed into law the ARRA, which directs the Treasury to adopt rules to implement compensation standards for CPP participants, including a prohibition on bonus, retention or incentive pay, other than a certain prescribed value of restricted stock.

It is likely that these new legislative and regulatory restrictions will preclude us from issuing stock options and impose limits on our ability to issue restricted stock grants to our named executive officers so long as we are CPP participants.

Summary Description of the Omnibus Plan Amendments

The following discussion sets forth the material terms of the Omnibus Plan as amended by this proposal if approved by stockholders. The following is only a summary, and does not purport to be complete and is qualified in its entirety by reference to the provisions of the Omnibus Plan Amendments which are attached hereto as Appendix B.

Administration. The Compensation Committee administers the Omnibus Plan and will determine the number of shares covered by awards and establish the terms, conditions and other provisions of the awards. Each member of the Compensation Committee must be a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and an outside director within the meaning of Section 162(m) of the Code. The Compensation Committee may interpret the Omnibus Plan and establish, amend and rescind any rules relating to the plan, including adoption of rules or procedures. For more information about our Compensation Committee, see the section entitled *Board Committees - Compensation Committee* beginning on page 21.

Participants. The Compensation Committee determines the employees eligible to participate in the Omnibus Plan. As of December 31, 2008, there were approximately 117 employees eligible for participation under the Plan.

* Annex A includes a glossary of certain terms used in this proxy statement including terms relating to the federal programs discussed in this proposal.

Table of Contents

Authorized Shares for Future Awards. The Omnibus Plan authorizes the issuance of future awards for the acquisition of 1,663,918 shares of Common Stock to participants, which represents approximately 3.4% of our issued and outstanding Common Stock as of the Record Date. Of the shares available for issuance, all shares may be used for full value awards, which are awards other than stock options or stock appreciation rights. The following shares may be added back to the aggregate Omnibus Plan limit: (1) shares tendered in payment of the option price; (2) shares withheld by the Company to satisfy the tax withholding obligations; and (3) canceled awards.

No Repricing of Stock Options. The Omnibus Plan expressly prohibits the repricing of stock options without stockholder approval. The Company has never repriced option awards.

No Annual Evergreen Provision. The Omnibus Plan provides a specific number of shares of our Common Stock available for awards and does not contain an annual or automatic increase in the number of available shares.

Death, Disability or Retirement. In the event the employment of a participant is terminated by reason of death, disability, or retirement, any outstanding awards then exercisable may be exercised at any time prior to the earlier of: (1) the award's expiration date, or (2) the third anniversary of the termination date. Awards vest 100% upon the death of the participant or if the participant's employment terminates due to disability or retirement at or after his or her normal retirement date (as defined by our Omnibus Plan).

Dividends Paid on Shares of Restricted Stock. Historically we have paid dividends during the restricted period to the holders of unvested shares of restricted stock issued under the Omnibus Plan. However, the Compensation Committee has determined that, with respect to future issuances of restricted stock, we will hold all dividends and pay them to participants only upon completion of the restricted period when the restrictions lapse. Dividends on forfeited shares will be forfeited. We may pay dividends in cash or in shares of restricted stock.

Types of Awards. The Compensation Committee may in its discretion issue the awards listed below to participants subject to the terms of the Omnibus Plan and such terms, conditions, and provisions as the Compensation Committee may determine to be necessary or desirable. Except to the extent permitted by the specific terms of nonqualified stock options, no award will be assignable or transferable except by will, the laws of descent and distribution or, in the Compensation Committee's discretion, in certain other manners.

- i *Stock Options.* Stock options may be issued in the form of incentive stock options within the meaning of Section 422 of the Code, or stock options not meeting such Code definition, nonqualified stock options. All of the shares available under the Omnibus Plan may be awarded in the form of incentive stock options. The exercise price of any option may not be less than the fair market value per share of our Common Stock on the date of issuance.* Each stock option may be exercised in whole or in part after the grant becomes exercisable. The exercise price may be paid in cash, in shares of already owned Common Stock, in any combination of cash and shares, pursuant to a broker-assisted cashless exercise program or by such methods as the Compensation Committee may deem appropriate. For information about our historical practice regarding stock options see the section entitled *What are the elements of our Executive Compensation Program? Equity Grants* beginning on page 37.

* Fair market value is the average of the high and low sale price of one share of Common Stock as quoted on the Nasdaq Stock Market on the operative date.

Table of Contents

- i *Restricted Stock Awards (RSAs).* Restricted stock awards are awards of shares of Common Stock that after issuance, may not be sold or otherwise disposed of during a restricted period. Once the restricted period ends the shares may be sold or transferred by the holder. The Compensation Committee will determine the terms and conditions applicable to RSAs. Restricted stock may be voted by the recipient during the restricted period. A recipient of a grant of restricted stock will generally earn unrestricted ownership thereof only if he or she is continuously employed by us during the entire restricted period. For information about our historical practice regarding RSAs see the section entitled *What are the elements of our Executive Compensation Program? Equity Grants* beginning on page 37.

- i *Restricted Stock Units (RSUs).* RSUs are fixed or variable share units generally valued in whole or in part by reference to, or otherwise based on, the fair market value of our Common Stock. The Compensation Committee will determine the terms and conditions applicable to RSUs. A RSU may be payable in Common Stock, cash or a combination of both. For information about our historical practice regarding RSUs see the section entitled *What are the elements of our Executive Compensation Program? Equity Grants* beginning on page 37.

- i *Performance Shares.* Performance shares are awards of restricted stock (described above) that are awarded, or vest, upon the achievement of certain performance goals as determined by the Compensation Committee. The Compensation Committee will determine the terms and conditions applicable to performance shares. The value of performance shares is determined by the market value of our Common Stock on the date of issuance. Performance shares may be voted by the recipient during the applicable performance period. For information about our historical practice regarding performance shares see the section entitled *What are the elements of our Executive Compensation Program? Equity Grants and Performance-Awarded Restricted Stock Awards* beginning on pages 37 and 39.

- i *Stock Appreciation Rights (SARs).* Stock appreciation rights may be issued independently of any stock option or in tandem with all or any part of a stock option issued under the Omnibus Plan, upon such terms and conditions as the Compensation Committee may determine. When exercised, stock appreciation rights provide for the payment by the Company in cash or in shares of Common Stock, an amount equal to the difference between the fair market value per share of our Common Stock at the time of exercise over such value at the time of grant for each stock appreciation right exercised.

- i *Other Incentive Awards.* The Compensation Committee may issue other types of awards of Common Stock or awards based in whole or in part by reference to Common Stock. Such awards could include, without limitation, unrestricted stock grants or awards related to the establishment or acquisition by the Company or any subsidiary of a new or start-up business or facility.

Adjustments. In the event there is a change in the capital structure of the Company as a result of any stock dividend or split, recapitalization, merger, consolidation or spin-off or other similar corporate change, the Compensation Committee will make an adjustment in the number and class of shares of Common Stock available for issuance under the Omnibus Plan, the number and class of shares subject to the per person limit on awards issued in any year and the number and class of shares covered by any outstanding award and the price per share thereof.

Table of Contents

Change-in-Control. As amended, the definition of *Change-in-Control* will require the acquisition of 25% of the voting stock of the Company (rather than 10% as previously provided) by an unrelated third party. Also, a *Change-in-Control* will occur if there is an unwelcome change in a majority of the members of our Board, the stockholders approve a plan of complete liquidation or dissolution of the Company, or in the event that after we merge with another organization, our stockholders do not continue to own more than half of the voting stock of the merged company and more than half of the members of the board of the merged company are not members of our Board.

This provision is consistent with our form of employment agreement adopted in 2007. Under the Omnibus Plan, in the event of a *Change-in-Control*, unless a particular award agreement provides otherwise:

- i all awards will vest 100% and all options will become exercisable in full;

- i all restrictions applicable to RSAs and RSUs will terminate;

- i all Performance Units and Performance Shares will be paid out based upon the extent to which performance goals during the performance period have been met up to the date of the *Change-in-Control*, or at target, whichever is higher; and

- i all Other Awards will be paid out based on the terms thereof.

Amendments and Termination. The Board may amend, modify, suspend or terminate the Omnibus Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law, except that no amendment or alteration that would adversely affect the rights of any participant under any award previously issued to such participant shall be made without the consent of such participant. There is no set termination date for the Omnibus Plan, although no award may be issued under the plan on or after February 21, 2011.

Federal Income Tax Considerations

The following discussion summarizes the federal income tax consequences to Participants who may receive grants of awards under the Omnibus Plan. The discussion is based upon current interpretations of the Code, and the regulations promulgated thereunder.

Nonqualified Stock Options. For federal income tax purposes, no income is recognized by a participant upon the issuance of a nonqualified stock option under the Omnibus Plan. Upon the exercise of a nonqualified option, compensation taxable as ordinary income will be realized by the participant in an amount equal to the excess of the fair market value of a share of Common Stock on the date of such exercise over the exercise price. A subsequent sale or exchange of such shares will result in gain or loss measured by the difference between (1) the exercise price, increased by any compensation reported upon the participant's exercise of the option, and (2) the amount realized on such sale or exchange. Such gain or loss will be capital in nature if the shares were held as a capital asset and will be long-term if such shares were held for more than one year. The Company is entitled to a deduction for compensation paid to a participant at the same time and in the same amount as the participant is considered to have realized compensation by reason of the exercise of an option.

Incentive Stock Options. No taxable income is realized by a Participant pursuant to the exercise of an incentive stock option issued under the Omnibus Plan, and if no disqualifying disposition of such shares is made by such participant within two years after the date of grant or within one year after the transfer of such shares to such participant, then (1) upon the sale of such shares, any amount realized in

Table of Contents

excess of the option price will be taxed to such participant as a long-term capital gain and any loss sustained will be a long-term capital loss, and (2) no deduction will be allowed to the Company for Federal income tax purposes. Upon exercise of an incentive stock option, the participant may be subject to alternative minimum tax on certain items of tax preference. If the shares of Common Stock acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of the holding period described above, generally (1) the Participant will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares) over the option price thereof, and (2) the Company will be entitled to deduct such amount. Any further gain or loss realized will be taxed as short-term or long-term capital gain or loss, as the case may be, and will not result in any deduction by the Company. If an incentive stock option is exercised at a time when it no longer qualifies as an incentive stock option, the option is treated as a nonqualified stock option.

Stock Appreciation Rights. No taxable income is recognized by a participant upon the issuance of an SAR under the Omnibus Plan. Upon the exercise of an SAR, however, compensation taxable as ordinary income will be realized by the participant in an amount equal to the cash received upon exercise, plus the fair market value on the date of exercise of any shares of Common Stock received upon exercise. Shares of Common Stock received on the exercise of an SAR will be eligible for capital gain treatment, with the capital gain holding period commencing on the date of exercise of the SAR.

Restricted Stock and Performance Shares. A recipient of restricted stock or performance shares generally will be subject to tax at ordinary income rates on the fair market value of the Common Stock at the time the award vests or is no longer subject to forfeiture. However, a recipient who so elects under Section 83(b) of the Code within 30 days of the date of the grant will recognize ordinary taxable income on the date of the grant equal to the fair market value of the award as if the award was unrestricted and could be sold immediately. If the shares subject to such election are forfeited, the recipient will not be entitled to any deduction, refund or loss for tax purposes with respect to the forfeited stock. Upon sale of the restricted stock after vesting or after the forfeiture period has expired, the holding period to determine whether the recipient has long-term or short-term capital gain or loss begins when the restriction period expires.

However, if the recipient timely elects to be taxed as of the date of the grant, the holding period commences on the date of the grant and the tax basis will be equal to the fair market value of the award on the date of the grant as if the award were then unrestricted and could be sold immediately. A participant receiving dividends with respect to an award for which the above-described election has not been made and prior to the time the restrictions lapse will recognize compensation taxable as ordinary income, rather than dividend income, in an amount equal to the dividends paid. The amount of ordinary income recognized upon the lapse of restrictions or by making the above-described election is deductible by the Company as compensation expense, except to the extent the deduction limits of Section 162(m) of the Code apply.

Restricted Stock Units. A recipient of RSUs will generally be subject to tax at ordinary income rates on the fair market value of Common Stock issued pursuant to such an award. The fair market value of any Common Stock received will generally be included in income at the time of receipt. The capital gain or loss holding period for any Common Stock distributed under an award will begin when the recipient recognizes ordinary income with respect to that distribution. The amount of ordinary income recognized is deductible by the Company as compensation expense, except to the extent the deduction limits of Section 162(m) of the Code apply.

Table of Contents

Other Incentive Awards. The federal income tax consequences of Other Incentive Awards will depend on how such awards are structured. Generally, the Company will be entitled to a deduction with respect to such awards only to the extent that the recipient realizes compensation income in connection with such awards. It is anticipated that Other Incentive Awards will usually result in compensation income to the recipient in some amount. However, some forms of Other Incentive Awards may not result in any compensation income to the recipient or any income tax deduction for the Company.

Performance Goals and Maximum Awards. Section 162(m) of the Code disallows federal income tax deductions for certain compensation in excess of \$1,000,000 per year paid to each of the Company's Chief Executive Officer and its other four most highly compensated executive officers (collectively, the Covered Employees). Under Section 162(m), compensation that qualifies as other performance-based compensation is not subject to the \$1,000,000 limit. One of the conditions necessary to qualify certain incentive awards as other performance-based compensation is that the material terms of the performance goals under which the award is made must be disclosed to, and approved by, the stockholders of the Company before the incentive compensation is paid.

Golden Parachute Payments. Awards that are granted, accelerated or enhanced upon the occurrence of, or in anticipation of, a change-in-control may give rise, in whole or in part, to excess parachute payments under Section 280G and Section 4999 of the Code. With respect to any excess parachute payment, the participant would be subject to a 20% excise tax on, and we would be denied a deduction for the excess amount.

Effect of EESA. We have contractually agreed to abide by a provision of EESA and the Treasury's regulations which limits our tax deduction for compensation paid to our named executive officers to \$500,000 annually. This provision of EESA amended the Code by adding Section 162(m)(5). Code Section 162(m)(5) imposes a \$500,000 deduction limit. In addition, prior to the amendment, certain performance based compensation paid under shareholder approved plans did not count toward such limit. The EESA and Code Section 162(m)(5) eliminate that exclusion for us. See the section entitled *2008 Developments - Government Intervention and Regulation* beginning on page 31.

Omnibus Plan Benefits

The type and amount of any future awards under the Omnibus Plan are not currently determinable by the Compensation Committee.

Registration with the SEC

The Company intends to file a Registration Statement on Form S-8 relating to the issuance of Common Stock under the Omnibus Plan with the SEC pursuant to the Securities Act of 1933, as amended (Securities Act), as soon as is practicable after approval of the Omnibus Plan by the Company's stockholders.

Directors' Recommendation

The Board unanimously recommends stockholders vote For approval of the Omnibus Plan Amendment.

ITEM 4 ADVISORY (NON-BINDING)

VOTE ON EXECUTIVE COMPENSATION *

On February 17, 2009, the President signed into law the ARRA, which revised Section 111(e) of the EESA to require any recipient of funds in the TARP program to permit a separate shareholder vote to approve the compensation of executives, as disclosed pursuant to the compensation disclosure rules of the SEC. We received TARP funds through our participation in the CPP (see the section entitled *2008 Developments - Government Intervention and Regulation* beginning on page 31). In order to comply with the ARRA, the Board has decided to provide shareholders with the right to cast an advisory vote to approve the compensation of the Company's executives at the Annual Meeting.

This proposal, commonly known as a "say-on-pay" proposal, gives you as a shareholder the opportunity to endorse or not endorse our executive compensation program through the following resolution:

Resolved, that the stockholders approve the compensation of the Company's executives, as described in the *Named Executive Officer Compensation Discussion and Analysis* and the tabular and accompanying narrative disclosure regarding Named Executive Officer compensation in this Proxy Statement for its 2009 Annual Meeting.

Because your vote is advisory, it will not be binding upon the Board. However, the Compensation Committee may take into account the outcome of the vote when considering future executive compensation arrangements.

We believe that our compensation policies and procedures are reasonable as they further the Company's goals of offering our named executive officers market-competitive compensation that is appropriately balanced between base and variable, or "at-risk" pay. We also believe that our compensation program is effective and appropriate. We encourage you to review closely our *Named Executive Officer Compensation Discussion and Analysis* and the related tabular disclosure (pages 30 through 59). We organized this information to discuss each element of our compensation programs, and certain compensation information for our named executive officers for the past three years as required by SEC rules. As a result, most of our tabular disclosure is backwards-looking.

The EESA and ARRA, and future regulations will greatly affect our compensation practices going forward. These laws apply to us because we sold preferred stock to the Treasury in the fourth quarter of 2008 under the CPP. Unfortunately, key details of these new laws will be determined only after the Treasury issues new regulations. As a result, we cannot reliably predict what changes we will be required to make to our compensation programs, and what effect these changes will have on our competitive position.

Directors' Recommendation

The Board unanimously recommends stockholders vote "For" this proposal.

* Annex A includes a glossary of certain terms used in this proxy statement including terms relating to the federal programs discussed in this proposal.

Corporate Governance Guidelines and Committee Charters

The Corporate Governance Guidelines and the charters of the three standing committees of our Board describe our corporate governance practices. The Corporate Governance Guidelines and charters are intended to ensure that our Board has practices in place to review and evaluate our business operations and to make decisions that are independent of management. The Corporate Governance Guidelines establish the practices the Board follows with respect to Board composition and selection, Board meetings, management and Board performance evaluations, succession planning, Board committees and director compensation. The Corporate Governance Guidelines and standing committee charters are reviewed periodically and updated as necessary to reflect changes in regulatory requirements and evolving corporate governance practices.

Code of Ethics and Standards of Conduct and Code of Ethics for Senior Financial Officers

We have adopted a Code of Ethics and Standards of Conduct, which applies to all of our directors, officers and employees, as well as a Code of Ethics for Senior Financial Officers which applies to our senior financial officers. Our Code of Ethics and Standards of Conduct meets the requirements of a code of ethics as defined by Item 406 of Regulation S-K, and also meets the requirements of a code of business conduct and ethics under Nasdaq Rules. Annually all employees are required to certify that they have reviewed and are familiar with the Code of Ethics and Standards of Conduct, and all officers are required to certify compliance with the code. Waivers of the Code of Ethics and Standards of Conduct for executive officers are required to be disclosed to the Chair of the Nominating and Corporate Governance Committee of the Board. Both documents are available on our website and we will provide stockholders with a printed copy upon request.

Table of Contents

Meetings

Our Board holds regularly scheduled quarterly meetings. Typically, committee meetings occur either the day of, or the day prior to the Board meeting. Twice a year, the Board devotes additional time to presentations and discussions with senior management about the Company's long-term strategy. At each quarterly Board meeting, time is set aside for the independent directors to meet without management present.

In addition to the quarterly meetings, typically there are special meetings each year. For example, during 2008 our Board held four special meetings, our Compensation Committee held three special meetings and our Nominating and Corporate Governance Committee held two special meetings. Our Audit Committee did not hold any special meetings during 2008.

We expect our directors to attend all Board meetings and meetings of committees of the Board on which they serve. Directors are also expected to attend each annual stockholders meeting. All directors, including the current nominees for director, attended last year's annual stockholders meeting held on May 21, 2008, with the exception of Ms. Boige grain who was not elected to the Board until August 20, 2008.

The Board held a total of eight meetings during 2008. Director attendance at meetings of the Board and its committees averaged 95% during 2008. Each director attended at least 75% of the total number of meetings of the Board and committees on which he or she served. The Board met in executive session without management present during all of its 2008 meetings with the committee chair who is most familiar with the subject matter being discussed leading the discussion.

Board Committees

Our Board has three standing committees, our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Each standing committee has a written charter and the Board has determined that each of the members of our standing committees is independent under the provisions of our Corporate Governance Guidelines and Nasdaq Rules. The Board also established an Executive Committee in October of 2008. The Executive Committee held one meeting during 2008.

Under our Corporate Governance Guidelines, the members of each Board committee (including each committee chair and any vice-chair) are appointed by the Board upon the recommendation of the Nominating and Corporate Governance Committee, and a member may only serve as the chair of one committee of the Board at any given time. On April 1, 2009 Vernon A. Brunner, the chair of our Compensation Committee, died. As a result: (1) J. Stephen Vanderwoude (who was previously the vice-chair of our Compensation Committee and chair of the Nominating and Corporate Governance Committee) became the chair of our Compensation Committee; and (2) Brother James Gaffney (who was previously the vice-chair of our Nominating and Corporate Governance Committee) became the chair of our Nominating and Corporate Governance Committee.

Table of Contents

The table below provides current membership and meeting information for each of the Board committees for the 2008 fiscal year. In November of 2008: (1) Both Ms. Boiegrain and Ms. Rudnick joined the Audit Committee; (2) Both Ms. Boiegrain and Brother James Gaffney joined the Compensation Committee; and (3) Mr. McDonnell joined the Nominating and Corporate Governance Committee.

* Committee Chair

Below is a description of each standing committee of our Board as well as our Executive Committee. Each standing committee has the authority to engage legal counsel or other advisors or consultants as it deems appropriate to carry out its responsibilities. The charter of each standing committee describes the specific responsibilities and functions of such committee, and you may view each charter by visiting our website at www.firstmidwest.com/aboutinvestor_corporate.asp.

Audit Committee. The primary responsibilities of the Audit Committee are to: (1) assist the Board in its oversight of the integrity of our financial statements and systems of internal control over financial reporting; (2) oversee the Company's compliance with legal and regulatory requirements relating to financial reporting and disclosure; (3) evaluate the independence and qualifications of our independent auditors; and (4) oversee the performance of our independent auditors and our internal audit function. The Audit Committee also is solely responsible for the appointment, compensation, and retention of our independent auditors. The Audit Committee relies on the expertise and knowledge of management, the internal auditors, and the independent auditor in carrying out its oversight responsibilities. The Audit Committee Charter describes the Committee's specific responsibilities.

Compensation Committee. The primary responsibilities of the Compensation Committee are to: (1) assist the Board in establishing the annual goals and objectives of the Chief Executive Officer; (2) recommend to the Board the compensation of the Chief Executive Officer and senior officers of the Company; (3) oversee and advise the Board on the adoption of policies that govern our compensation programs and other compensation-related policies; (4) oversee administration of our equity-based compensation and other benefit plans; and (5) approve and authorize grants of equity compensation awards under our equity plans. From time to time the Compensation Committee reviews the compensation paid to non-employee directors, and makes recommendations to the Board for any

Table of Contents

adjustments. Our Chief Executive Officer generally attends Compensation Committee meetings but is not present for the executive sessions or for any discussion of his compensation.

The Compensation Committee has the sole authority to retain and terminate any compensation consultant used to assist in the evaluation of executive compensation and to approve the consultant's fees and retention terms. From time to time the Compensation Committee retains Deloitte Consulting, a compensation consultant, to provide analysis and advice on various matters relating to the compensation of our executive officers and directors. Deloitte Consulting does not perform any other services for the Company and is directly accountable to the Compensation Committee. The Committee must approve all services performed by the consultant and the Committee believes that the advice of Deloitte Consulting has been fully independent during its service to the Compensation Committee. From time to time the Compensation Committee may delegate authority to the Company's Retirement and Benefit Plans Administration Committee, Chief Executive Officer, Chief Financial Officer or the employee resources director to fulfill certain administrative duties regarding the compensation programs. Each member of the Compensation Committee must be a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and an outside director within the meaning of Section 162(m) of the Code (see the section entitled *Named Executive Officer Discussion and Analysis* beginning on page 30 for more information about the Compensation Committee's work).

Nominating and Corporate Governance Committee. The primary responsibilities of the Nominating and Corporate Governance Committee are to: (1) determine the slate of director nominees for election to our Board; (2) identify and recommend candidates to fill vacancies occurring between annual stockholder meetings; (3) review the composition of Board committees; (4) monitor compliance with, review, and recommend changes to the Code of Ethics and Standards of Conduct and Corporate Governance Guidelines; and (5) review our policies and programs that relate to matters of corporate responsibility. The Chair of the Nominating and Corporate Governance Committee also is responsible for leading the Board's annual performance review. The Nominating and Corporate Governance Committee regularly reviews and recommends any necessary or desirable changes to our By-Laws.

Executive Committee. The Executive Committee, which is subject to the supervision and control of the Board, has been delegated substantially all of the powers of the Board of Directors to act between meetings of the Board, except for certain matters reserved to the Board by law.

Related Person Transactions

We maintain a policy for reviewing, approving and monitoring transactions involving the Company and related persons (generally, directors and executive officers or their immediate family members, or stockholders owning 5% or more of our Common Stock). Our policy covers any transaction that meets the minimum threshold for disclosure in a proxy statement under SEC rules and regulations (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect interest).

Our Nominating and Corporate Governance committee is responsible for reviewing and approving (or ratifying) all transactions with related persons. The Nominating and Corporate Governance Committee will take into account all relevant factors in its analysis, including whether the transaction is on terms comparable to those available to third-parties. The Nominating and Corporate Governance Committee will also determine whether any transaction with a related person impairs the independence of a

Table of Contents

director, or presents a conflict of interest on the part of a director or executive officer. The Chair of the Nominating and Corporate Governance Committee may pre-approve or ratify any transaction with a related person involving an amount up to \$500,000. The policy also provides that transactions involving competitive bids, the rendering of services by a regulated entity and certain ordinary course of business banking transactions shall be deemed to be pre-approved by the Nominating and Corporate Governance Committee.

During 2008, the Nominating and Corporate Governance Committee reviewed and approved the employment of Brian J. O Meara, our Director of Marketing and son of our former Chairman and Chief Executive Officer John M. O Meara, who earned more than \$120,000 in 2008. Also during 2008, the Company and our banking subsidiary, engaged in transactions in the ordinary course of business with some of our executive officers, directors and entities with which they are associated. All loans, loan commitments and other banking services in connection with these transactions were in the ordinary course of business, on substantially the same terms, including current interest rates and collateral, as those prevailing at the time for comparable transactions with others not related to the Company and did not involve more than the normal risk of collectibility or present other unfavorable features.

Compensation Committee Interlocks and Insider Participation

None of our executive officers during the 2008 fiscal year served, or currently serves, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or our Compensation Committee.

Each communication should specify the applicable addressee or addressees to be contacted as well as the general topic of the communication. The Company will initially receive and process communications before forwarding them to the addressee. Communications also may be referred to other departments within the Company. The Company generally will not forward to the directors a stockholder communication that it determines to be primarily commercial in nature or related to an improper or irrelevant topic, or that requests general information about the Company. Concerns about questionable accounting or auditing matters should be reported in writing to the Board's Audit Committee Chair or the Company's Audit Services Director at First Midwest Bancorp, Inc., One Pierce Place, Suite 1500, Itasca, Illinois 60143.

The following table sets forth, as of February 15, 2009, information about the beneficial ownership of our Common Stock by all directors, our named executive officers (as defined on page 32), and our directors and all executive officers as a group. We calculated the Percent of Class based on approximately 48,712,000 shares of Common Stock outstanding on February 15, 2009. In accordance with SEC regulations, we also include shares subject to options that are currently exercisable or will become exercisable within 60 days of February 15, 2009. Those shares are deemed to be outstanding and beneficially owned by the person holding such option for the purpose of computing the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

DIRECTOR COMPENSATION

We use a combination of cash and equity-based compensation to attract and retain qualified candidates to serve on our Board. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties and comparative data regarding director compensation of our peers. Neither Michael L. Scudder, our President and Chief Executive Officer, nor Thomas J. Schwartz, the President and Chief Executive Officer of First Midwest Bank, receives compensation for serving as a member of the Board.

Cash Compensation. In 2008, the annual cash component of our director compensation program consisted of an annual fixed retainer of \$40,000 for each non-employee director plus additional annual retainers of: (1) \$8,000 for the chair of the Audit Committee; (2) \$4,000 for each Audit Committee member; (3) \$4,000 for the Chair of the Compensation Committee; and (4) \$4,000 for the Chair of the Nominating and Corporate Governance Committee. As of September 14, 2008, we implemented an annual cash retainer for our non-employee Chairman of the Board in the amount of \$100,000. Each annual retainer was paid in equal quarterly installments in arrears. Payment of each annual retainer was contingent upon the director's service during the preceding quarter. We also reimbursed our directors for any Board and committee attendance-related expenses.

Equity-Based Compensation. The annual equity component of our non-employee director compensation program generally each year is issued on the day of our February full Board meeting. Equity awards are issued as authorized by the Board and recommended by the Compensation Committee. Historically, our non-employee director equity awards have been in the form of nonqualified stock options, however, in May of 2008 the Board determined that shares of restricted stock, rather than non-qualified stock options would be issued for the equity component of our non-employee director compensation program in the future. Director equity awards are issued under the *First Midwest Bancorp, Inc. Amended and Restated Directors Stock Plan* (Directors Plan).

In 2008, the aggregate dollar value of the equity component of our annual non-employee director compensation was based on \$56,000 for each director. Due to limitations with regard to the number of shares available for issuance under the Directors Plan, we were able to issue only a partial equity award (in the form of non-qualified stock options) to our non-employee directors on February 20, 2008. The balance of the non-employee director equity awards were issued (in the form of shares of restricted stock) on May 21, 2008 after the Company's stockholders approved an additional 200,000 shares of Common Stock for issuance under the Directors Plan.

Table of Contents

The February awards were calculated by determining a pro-rated dollar amount for each award based on the number of shares available for issuance under the Directors Plan, divided by \$28.095, the average of the high and low sale price of one share of our Common Stock on the date of grant as reported by the Nasdaq Stock Market. The May awards were calculated by taking the dollar value of the balance, divided by \$24.79, the average of the high and low sale price of one share of our Common Stock on the date of grant as reported by the Nasdaq Stock Market. Each non-employee director received a full equity award in 2008 with the exception of Barbara A. Boigegrain who received a pro-rated award of shares of restricted Common Stock on August 20, 2008 (the day she joined the Board). The equity awards for our non-employee directors for the 2008 fiscal year were as follows:

	Non-Qualified Stock Options	Restricted Stock
Barbara A. Boigegrain	-	973
Vernon A. Brunner	3,740	635
Bruce S. Chelberg	3,740	635
John F. Chlebowski, Jr.	3,740	635
Joseph W. England	3,740	635
Brother James Gaffney	3,740	-

Ellen A. Rudnick	3,740	635
John L. Sterling	3,740	635
J. Stephen Vanderwoude	3,740	635

Non-qualified Stock Options: The exercise price of non-qualified stock options issued to non-employee directors is equal to the average of the high and low sale price of one share of our Common Stock on the date of grant as reported by the Nasdaq Stock Market. Each option has a term of ten years from the date of grant and becomes exercisable one year from the grant date subject to accelerated vesting in the event of end of Board service, death, disability or a change-in-control, as defined in the Directors Plan. Options are nontransferable except to family members, family trusts or partnerships and include reload features. Information relating to the reload feature can be found on page 38.

Restricted Stock: The number of shares granted under each award of restricted stock is equal to the dollar value of the award, divided by the average of the high and low sale price of one share of our Common Stock on the date of grant. These awards have a vesting period of one year from the date of grant, and are nontransferable prior to vesting. In the event of a change-in-control, as defined in the Directors Plan, all unvested shares of restricted stock will vest in full, the restrictions will lapse and the shares will be freely transferable.

Deferred Compensation Plan for Non-Employee Directors. The First Midwest Bancorp, Inc. Deferred Compensation Plan for Non-employee Directors (Directors Deferred Plan) allows non-employee directors to defer receipt of either 50% or 100% of any director fees and retainers. Deferral elections are made in December of each year for amounts to be earned in the following year. Accounts are deemed to be invested in separate investment accounts under the plan, with the same investment alternatives as those available under our Retirement Plan, including an investment account for shares of our Common Stock. For a list of the funds available for investment under the Directors Deferred Plan and the investment returns for the year ended December 31, 2008, see the fund table presented in the section of this Proxy Statement entitled *Non-qualified Deferred Compensation* beginning on page 52.

Table of Contents

The accounts of directors participating in the Directors Deferred Plan are adjusted to reflect the investment return related to such deemed investments and they are able to modify their investment elections at any time. Deferred director fees and retainers are payable at the director's election, either as a lump sum or in installments over a period not to exceed fifteen years. Payments under the Directors Deferred Plan begin at the date specified by the director or upon cessation of service as a director.

The following table summarizes the cash compensation we paid to our non-employee directors during 2008, and the dollar amount expensed by the Company for financial statement purposes during 2008 with respect to equity grants (including annual equity compensation grants and stock option reload grants) issued in 2008 and 2007 to our non-employee directors.

Pursuant to the SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions.

The fair value of options granted was determined on the date of grant using the Black-Scholes option-pricing model, a theoretical method for estimating the present value of stock options based on complex assumptions about the stock's price volatility and dividend rate of the underlying stock, interest rates and the expected life of the options. The assumptions used are set forth in Note 17 to the 2008 audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008.

Edgar Filing: FIRST MIDWEST BANCORP INC - Form DEF 14A

In 2008, each non-employee director (excluding Barbara A. Boigegrain) was granted options to purchase 3,740 shares of our Common Stock at an exercise price of \$28.095 per share. The fair value of the options totaled \$13,492

per grant or \$3.61 per share. The amount reported for Robert P. O Meara includes the reload option grant he received in 2007. John F. Chlebowski, Jr. s expense includes his initial stock option grant awarded upon appointment in June of 2007.

- (5) The aggregate number of unexercised stock options outstanding as of December 31, 2008 issued to each non-employee director is as follows: Barbara A. Boigegrain, 0; Vernon A. Brunner, 7,643; Bruce S. Chelberg, 26,281; John F. Chlebowski, Jr., 6,586; Joseph W. England, 26,281; Brother James Gaffney, 26,281; Thomas M. Garvin 6,366; Patrick J. McDonnell, 18,712; Robert P. - (6) The amounts in column (e) represent amounts paid under our matching gift donation program to eligible educational institutions designated by the applicable director.
- (7) Barbara A. Boigegrain was appointed to our Board effective August 20, 2008. Because we pay our annual cash retainer for directors in equal quarterly installments, one quarter in arrears, and payment of each quarterly installment is contingent upon the director s service during the preceding quarter, Ms. Boigegrain s annual cash retainer was pro-rated to reflect her service as a director in the 3rd quarter of 2008 only. It is the Company s practice to issue a partial equity award to non-employee directors who are appointed after July 1 of the fiscal year, accordingly Ms. Boigegrain was granted a partial equity award for the 2008 fiscal year.
- (8) Brother James Gaffney has elected not to receive any compensation for his service on the Board.
- (9) The fees earned amount reported for Robert P. O Meara includes a pro-rated annual cash non-employee Board Chair retainer as described on page 26. The all other compensation amount reported for Robert P. O Meara also includes payments made on his behalf under a Retirement and Consulting Agreement between him and the Company. Under this agreement he pays 17% of the premium for health coverage under the Company s medical program for retirees and the Company pays the balance. For 2008, the Company s payment under this provision was approximately \$7,535.

In addition to the forgoing, pursuant to the terms of our merger agreement with the former directors of the 2nd National Bank of Danville, we paid a cash annual director emeritus fee to William F. O Meara in the amount of \$1,200, in equal quarterly installments.

NAMED EXECUTIVE OFFICER COMPENSATION DISCUSSION AND ANALYSIS*

This section provides information and perspective regarding our compensation programs for our named executive officers for the 2008 fiscal year and accompanies the tables that follow.

2008 Developments

Our compensation programs were impacted by several unexpected developments during 2008. These developments include the implementation of the Company's succession plan, deteriorating economic conditions and unprecedented levels of government intervention and regulation of the financial sector which continues in 2009.

Implementation of Succession Plan: On September 13, 2008 our then Chairman and Chief Executive Officer, John M. O'Meara died unexpectedly. In accordance with the Company's long-standing succession plan, on September 14, 2008 the Board:

 elected Michael L. Scudder as its President and Chief Executive Officer, and appointed him a member of the Board;

 elected Robert P. O'Meara (who formerly served as the Company's Chairman from 1998 through 2007) as the Chairman of the Board; and

 appointed Thomas J. Schwartz as a member of the Board.

Also pursuant to the succession plan, the Board of Directors of First Midwest Bank named Thomas J. Schwartz as the President and Chief Executive Officer of First Midwest Bank. On December 5, 2008, Victor P. Carapella also was promoted to the position of Commercial Banking Group Manager of First Midwest Bank.

Subsequent to these appointments and promotions, and in recognition of the new executive responsibilities undertaken by each officer, the Compensation Committee: (1) adjusted Michael L. Scudder's annual base salary from \$426,000 to \$600,000, retroactively applied to September 14, 2008; (2) adjusted Thomas J. Schwartz's annual base salary from \$426,000 to \$475,000, retroactively applied to September 14, 2008; (3) adjusted Victor P. Carapella's salary from \$228,000 to \$280,000; and (4) implemented an annual cash retainer for Robert P. O'Meara as our non-employee Board Chair in the amount of \$100,000, retroactively applied to September 14, 2008. In recognition of his new leadership role and substantially increased responsibilities, the Compensation Committee also approved a special one-time performance equity grant for 30,920 shares of our Common Stock to Michael L. Scudder which will vest over a three-year performance period. This grant is further described in the 2008 *Grants of Plan Based Awards Table* on page 47 and under the section entitled *Equity Awards- 2008 CEO Promotion Award* beginning on page 39.

Deteriorating Economic Conditions: Overall performance for 2008 reflected solid core operating earnings offset by increased credit-related costs stemming from prolonged and significant weakness in the economy, particularly in the residential housing markets. Over the course of 2008, we worked to prepare for the demands of this environment by increasing our loan loss reserves, adding to our capital, expanding our credit remediation resources and reducing our operating costs. These conditions and

actions impacted several of our 2008 performance metrics that are fundamental to our compensation plans and programs, such as return on assets, earnings per share and loan portfolio quality. See the section entitled *Short-Term Incentive Compensation* beginning on page 35.

Government Intervention and Regulation. In response to the deteriorating economic conditions and the prolonged financial market crisis, the United States government has taken a variety of extraordinary measures designed to restore confidence in the financial markets and to strengthen financial institutions, including programs established under the EESA, which was enacted by the U.S. Congress in October of 2008. We elected to participate in several of these measures, including the CPP promulgated under TARP, which was designed to stabilize the financial markets by providing capital to healthy institutions and increase the flow of credit to businesses and consumers. Under this program, on December 5, 2008, we sold \$193 million of our preferred stock and a ten-year warrant to purchase up to 1,305,230 shares of common stock to the Treasury.

Participation in the CPP requires institutions to limit executive compensation by adopting: (1) measures that discourage unnecessary and excessive risk taking; (2) a right to recover (claw-back) incentive compensation based on erroneous information; (3) a ban on golden parachute payments; and (4) a limit on tax deductions for remuneration to certain executive officers to \$500,000. The Company and the Compensation Committee have taken, and will continue to take, all steps necessary to comply with the requirements imposed in connection with the Company's participation in the CPP. Steps taken to date include:

Our named executive officers entered into agreements and executed waivers consenting to the restrictions and limitations required by the TARP program rules (including the claw-back of incentive compensation based on erroneous information) in effect as of October 20, 2008;

The Compensation Committee conducted a review of our incentive programs from a risk perspective and concluded they do not encourage unnecessary or excessive risk; and

The Company has limited the tax deductibility of a portion of the compensation earned by certain of our named executive officers. Subsequent to our election to participate in the CPP, on February 17, 2009, the President signed into law the ARRA, which, among other things will impose additional restrictions on executive compensation for institutions that receive TARP capital, including companies that participated in the CPP prior to enactment of ARRA. The ARRA directs the Treasury to issue regulations implementing strict limitations on compensation paid or accrued by financial institutions participating in the CPP. These limitations are to include:

A prohibition on paying or accruing any bonus, incentive or retention compensation for at least the five most highly compensated employees, other than certain awards of long-term restricted stock or bonuses payable under existing employment agreements;

A prohibition on making any payments to the five highest paid executive officers and the next five most highly compensated employees for departure from the Company other than compensation earned for services rendered or accrued benefits;

Subjecting bonus, incentive and retention payments made to the five highest paid executive officers and the next 20 most highly compensated employees to repayment (claw-back) if based on statements of earnings, revenues, gains or other criteria that are later found to be materially inaccurate;

Table of Contents

A prohibition on any compensation plan that would encourage manipulation of reported earnings;

Establishment by the Board of a company-wide policy regarding excessive or luxury expenditures including office and facility renovations, aviation or other transportation services and other activities or events that are not reasonable expenditures for staff development, reasonable performance incentives or similar measures in the ordinary course of business;

Submitting a say-on-pay proposal to a non-binding vote of shareholders, whereby shareholders vote to approve the compensation of executives as disclosed pursuant to the executive compensation disclosures included in the proxy statement; such a proposal will be presented at the Annual Meeting, as described in this Proxy Statement under *Item 4- Approval of Non-Binding Advisory Vote on Executive Compensation*; and

A review by the Treasury of any bonus, retention awards or other compensation paid to the five highest paid executive officers and the next 20 most highly compensated employees prior to February 17, 2009 to determine if such payments were excessive and negotiate for the reimbursement of such excess payments.

The ARRA directs the Treasury and SEC to issue regulations implementing the foregoing. There are numerous questions regarding the scope of the limitations and the requirements of the ARRA. None of the regulations mandated by the law had been issued by the Treasury prior to the finalization of this Proxy Statement. Pending the issuance of regulations, the Board, the Compensation Committee and management are reviewing the requirements of the ARRA, its impact on current and future compensation, and the effect of the law's requirements on the Company's competitive position. Actions required by consideration of ARRA, competitive factors and our overall compensation philosophy and objectives may include changes to the form and amount of compensation paid to our executive officers, including higher base salaries, the reduction or elimination of bonus compensation, issuance of long-term restricted stock awards and modifications to existing agreements.

Except as expressly mentioned otherwise, the following discussion does not address the effect, if any, compliance with the ARRA may have on our executive compensation program and references to the TARP program refer to its requirements as applicable prior to the ARRA.

Overview

Our Compensation Committee reviews and evaluates our general compensation philosophy and oversees the development, implementation and any revision to our compensation policies and programs, including:

recommending to our Board goals and objectives relating to the compensation of our Chief Executive Officer;

assisting our Board in evaluating our Chief Executive Officer and recommending to our Board the Chief Executive Officer's compensation;

reviewing and recommending to our Board the annual compensation of senior management; and

monitoring all compensation and benefit programs for our senior management.

Consistent with our values, our Compensation Committee seeks to link executive compensation with performance while supporting the successful recruitment, development, and retention of executive talent so we can achieve our business objectives and create shareholder value.

The Compensation Committee evaluates the compensation for our named executive officers each year. In evaluating the compensation of our Chief Executive Officer's direct reports, the Compensation Committee considers the Chief Executive Officer's recommendations to the Committee. This includes the compensation of the other named executive officers based on his review of their performance, job responsibilities, importance to our overall business strategy, our compensation philosophy (including market practice) and his subjective evaluation of performance relative to strategic, financial and leadership objectives. Our Chief Executive Officer does not make a recommendation to the Compensation Committee regarding his own compensation.

What are the objectives of our compensation programs?

Our primary objectives with respect to executive compensation are several, including to:

link compensation with individual and corporate performance;

attract and retain those individuals with the skills and leadership abilities necessary for building long-term shareholder value;

align cash and equity compensation programs with the achievement of measurable corporate and individual performance objectives; and

synchronize executive incentives with the creation of value for our stockholders.

We believe that our ability to attract and retain qualified, high-performing employees is vital to our success and growth as a Company. Consequently, it is very important to us to provide market-responsive, total direct compensation opportunities to our executive officers (including our named executive officers) that include stock-based incentives and other cash rewards. We believe equity compensation is a very effective retention tool that encourages and appropriately rewards employee performance and aligns their interests with stockholders.

How do we measure corporate performance?

We measure our performance against a peer group of fourteen banking companies whose size and business lines are similar to ours, and who operate primarily in larger, urban centers like ours. For 2008, this peer group consisted of the following companies:*

AMCORE Financial, Inc.	Fulton Financial Corp.	UCBH Holdings Inc.
BOK Financial Corporation	MB Financial, Inc.	Valley National Bancorp, Inc.
Commerce Bancshares, Inc.	Old National Bancorp, Inc.	Whitney Holding Corp.
Cullen/Frost Bankers, Inc.	Provident Bankshares Corporation	Wintrust Financial Corporation
First Commonwealth Financial Corporation	Susquehanna Bancshares, Inc.	

Our relative performance is measured on multiple factors focusing heavily on three indicators frequently used to assess a banking company's results: return on assets, earnings per share and loan portfolio quality.

Who advises our Compensation Committee?

In formulating our approach to compensation over the past decade, our Compensation Committee has been advised by several compensation consulting firms. Over the most recent seven years, the Compensation Committee has retained Deloitte Consulting (Deloitte). Deloitte has in-depth knowledge of our business and the competitive environment for executive talent. Deloitte has consulted with us on peer group analysis and program design. In 2006, Deloitte assisted in the implementation of our Performance-Awarded Restricted Stock program described on page 39. Deloitte has also actively reviewed the workings of our remaining compensation programs as part of its ongoing work.

The Compensation Committee and management also receive legal advice with respect to management pay, compensation design and related considerations from Vedder, Price, Kaufman & Kammholz, P.C., a law firm with extensive experience advising financial institutions with respect to such matters.

What are the elements of our Executive Compensation Program?

Our named executive officer compensation program is made up of:

Base Salary

Short-Term Incentive Compensation (STIC)

Discretionary Cash Bonus

Equity Grants (LTIC)

Performance-Awarded Restricted Stock Awards (PARS)

* Our Performance-Awarded Restricted Stock program, adopted and implemented in 2006 and described on page 39, takes into consideration the results of our peer group over certain periods. In 2006 our peer group included Greater Bay Bancorp, Sky Financial Group, Inc. and Texas Regional Bancshares Inc., each of which was acquired during 2007. We replaced these peers with BOK Financial Corporation, Commerce Bancshares, Inc. and Old National Bancorp, Inc. for 2007. In 2007 our peer group included Wilmington Trust Corp which was replaced by Valley National Bancorp, Inc. during 2008.

Table of Contents

When setting each named executive officer's total direct compensation opportunity we consider the median salary paid by our peer group for positions of similar responsibility. We generally review compensation elements in aggregate to assess each named executive officer's total direct compensation opportunity. Our approach results in some pay difference among our named executive officers (including our Chief Executive Officer and other named executive officers), which is consistent with the survey data and the scope and the level of job responsibilities for each office. Final decisions concerning compensation reflect a named executive officer's annual achievements, Company performance, and our views regarding a named executive officer's scope of responsibilities, demonstrated leadership abilities, and management experience and effectiveness. The Compensation Committee considers these factors collectively, along with recommendations from our Chief Executive Officer for his direct reports, and ultimately uses its judgment in making final decisions concerning compensation.

Base Salary

We pay our named executive officers and other employees a base salary as part of a competitive compensation package. We typically consider salary levels as part of our annual compensation review process or in some cases upon a promotion. Base salary is set based upon the responsibilities of the executive taking into account competitive market compensation paid by other companies for positions of similar responsibility. Median salary levels are targeted for each position.

Our Chief Executive Officer recommends changes in base salary for his direct reports directly to the Compensation Committee. Chief Executive Officer pay is set directly by the Compensation Committee and is recommended to the Board for approval. Annual base salary changes generally become effective January 1 except for certain interim-year promotions.

Short-Term Incentive Compensation

Our named executive officers participate in our short-term incentive compensation (STIC) program, a program under which we award performance-based cash compensation to employees. Under our STIC program, each participant's target award is based upon a combination of Company performance and individual performance.

Target performance under our STIC program is the level at which a participant will earn 100% of his or her target award. Target payouts are set at 60% of base salary for our Chief Executive Officer and 50% or 40% for the remaining named executive officers. Depending upon the relationship of actual financial performance, loan portfolio quality and the individual's annual evaluation, final payouts under our STIC program may be as little as zero and as high as 150% of target award.

STIC awards for our named executive officers have a heavier weighting placed upon Company performance (60% to 85% depending upon grade). The weighting of each component varies based upon the grade of the participant. With respect to the STIC award for our Chief Executive Officer, 85% is based upon Company performance.

Company performance is determined through the establishment and weighting of specific performance metrics at the outset each year, specifically: (i) 75 % on financial performance (net income), relative to peers; and (ii) 25% on loan portfolio quality (average ratio of non-performing assets plus loans past due by 90 days to total loans), relative to peers.

Table of Contents

Individual performance is based on achievement of a combination of qualitative and quantitative objectives during the performance period, which are specific to the individual's responsibilities and position within the Company. Individual performance is based upon the participant's annual performance evaluation rating. In order for the individual performance award to be paid, the Company must achieve threshold on at least one of the Company performance measurements for the year. In other words, if the Company's threshold net income or loan portfolio performance is not achieved for the year, no individual performance awards will be paid under the STIC plan, regardless of whether they are earned.

2008 STIC Awards

For the 2008 fiscal year, we established target award levels for Company performance based upon the median performance of our peer group for 2007 with respect to net income, and actual results for 2008 with respect to loan portfolio quality. Target payout levels were predicated on achievement of net income levels reflective of achieving peer group median return on average assets of 1.02% weighted at 75%, and maintenance of loan portfolio quality levels relative to peer group medians of 2.00% weighted at 25%. Peer group data used for purposes of establishing target payout levels was based upon prior full and year-end data.

The Company's 2008 net income performance was \$49,336,000. This was lower than the performance target of \$83,458,000. The Company's 2008 loan portfolio quality (average ratio of non-performing assets plus loans past due by 90 days to total loans) was 3.57%. This was higher than the performance target of 2.00%. As a result, the Company did not achieve the threshold performance with respect to either Company performance measurements during 2008 and no award was issued to any participant (including the named executive officers) for either the Company or individual component of the award.

The Compensation Committee is currently reviewing the STIC program and performance metrics for 2009. *Because the ARRA directs the Treasury to adopt rules to implement compensation standards for CPP participants, including a prohibition on paying or accruing bonuses and incentives (other than certain limited awards of restricted stock), it is likely that we will not be able to use STIC bonuses for the incentive of our named executive officers until the EESA no longer applies to us.*

Discretionary Cash Bonus

Discretionary cash bonuses may be paid from time to time to executive level officers, including named executive officers. When awarded, these bonuses result from unusual or nonrecurring activity such as a significant corporate acquisition or extra ordinary circumstances. Unlike the other elements of our compensation programs which are based on either a combination of Company and individual performance or peer group data, discretionary cash bonuses are based solely on individual performance.

2008 Discretionary Awards

The Compensation Committee did not approve discretionary cash bonuses for any named executive officer for the 2008 performance year, except Victor P. Carapella, who became a named executive officer on December 5, 2008. Mr. Carapella was awarded a discretionary cash bonus of \$39,400. In evaluating this award, the Compensation Committee considered Mr. Carapella's accomplishments of priorities set at the beginning of the year, contributions to the Company's strategic initiatives, support of its mission, execution of leadership objectives, and initiatives in addressing issues within the retail and commercial markets in which we operated during the 2008 fiscal year.

Table of Contents

Because the ARRA directs the Treasury to adopt rules to implement compensation standards for CPP participants, including a prohibition on paying or accruing bonuses and incentives (other than certain limited awards of restricted stock), it is likely that we will not be able to use discretionary bonuses to recognize the performance of our named executive officers until the EESA no longer applies to us.

Equity Grants

All of our executive officers, including our named executive officers, are eligible to receive long-term incentive compensation (LTIC) in the form of equity awards. We intend our equity awards to provide a vehicle for equity ownership in alignment with the interest of our stockholders, retain key executives through the vesting periods, and maintain market competitive compensation.

We have granted equity awards annually at the discretion of the Compensation Committee and Board based upon the recommendation of our Chief Executive Officer for his direct reports, and at the recommendation of the Compensation Committee for our Chief Executive Officer. Recommendations are based on the individual's performance for the preceding year. The Chief Executive Officer award is targeted at a value of 100% of base pay. The awards for the other named executive officers are targeted at 75% or 55% of base pay. Individual awards can vary from zero to 125% of the target award level based upon assessment of the executive's personal performance.

No executive officer, including the Chief Executive Officer or any other named executive officer, has a role in the timing of equity awards. We do not choose the time for making equity awards based in any way on any pending release to the public of material information, rather we adhere to a policy established over 20 years ago. Under this policy, awards generally are granted on the day of our Board meeting in February, following acceptance by the Board of awards approved by the Compensation Committee at its meeting held the day before. The February Board meeting generally occurs mid-month, approximately four weeks after we have announced year-end financial results.

2007 Fiscal Year Awards (Issued in 2008)

In February 2008, our Compensation Committee announced its intent to award restricted stock or restricted stock unit awards, rather than the non-qualified stock options to employees (including our named executive officers) under our LTIC program. However due to certain restrictions of our Omnibus Plan, our senior executive officers, including the named executive officers (but excluding our then Chief Executive Officer, John M. O'Meara), received non-qualified stock options rather than restricted stock or restricted stock units.

Based on the evaluation of individual performance for the 2007 performance year, the average LTIC award as a percentage of the LTIC target for the named executive officers was 112%. In assessing individual performance, the Compensation Committee considered the recommendation of the Chief Executive Officer for his direct reports and the Compensation Committee's sole determination with respect to the Chief Executive Officer, and each officer's accomplishments of priorities set at the beginning of the year, contributions to the Company's strategic initiatives, support of the Company's mission, execution of leadership objectives, and initiatives in addressing business and financial issues arising as a result of the general economic environment and developments within the retail and commercial markets in which we operated during the 2007 fiscal year.

Table of Contents

As a result, the 2008 equity awards for the named executive officers approved by the Compensation Committee and the Board in February of 2008 were:

Michael L. Scudder	25,019 non-qualified stock options
Thomas J. Schwartz	25,019 non-qualified stock options
Paul F. Clemens	18,464 non-qualified stock options
Victor P. Carapella	16,738 non-qualified stock options
Janet M. Viano	9,867 non-qualified stock options
John M. O Meara	25,027 restricted stock units

These amounts also are included in the *2008 Grant of Plan-Based Awards* table below. Also see the *2008 Summary Compensation* table for a discussion of the dollar amount expensed during the 2008 fiscal year by the Company for financial statement purposes with respect to equity grants issued to our named executive officers, including the 2008 equity grants.

The primary features of our non-qualified option grants applicable to our named executive officers are described below:

The options will vest in equal installments on the second and third anniversaries of the date of grant, have a ten-year exercise term and are forfeited if employment is terminated prior to vesting. Backdating or repricing is not permitted.

The exercise price for the shares is the average of the high and low trading prices as quoted on the Nasdaq Stock Market on the date of grant.

Options may be exercised by tendering previously owned shares for payment of the exercise price. In order to preserve the option holder's equity position and to encourage retention of the shares acquired, so-called "reload" stock options are automatically granted when the option is exercised in this manner.*

The ability to defer receipt of the shares until termination of employment is also available to facilitate retention of the shares acquired.

The primary features of our restricted stock or restricted stock unit awards applicable to our named executive officers are described below:

The restricted stock or restricted stock units vest in equal installments on the second and third anniversaries of the date of grant.

In determining the number of restricted stock or restricted stock unit awarded, the Compensation Committee uses the average of the high and low trading prices as quoted on the Nasdaq Stock Market on the date of grant.

Restricted stock units may be settled, at the election of the holder, in shares of our Common Stock or in cash equal to the fair market thereof.

*The exercise price of the reload option is the average of that day's high and low trading prices. Reload stock options vest on the earlier of six months after the reload grant date or thirty days before the expiration of the underlying option for which the reload was granted (subject to continued employment). All reload stock options become fully exercisable in connection with death, disability or change-in-control. The term of a reload stock option is the same as the remaining term of the underlying non-qualified stock option being exercised but is subject to cancellation if the recipient sells any shares of our Common Stock during the six months after the grant date or any of the shares acquired upon the underlying stock option exercise. Reload stock options are nontransferable except to family members, family trusts or partnerships.

The ARRA directs the Treasury to adopt rules to implement compensation standards for CPP participants, including a prohibition on paying or accruing bonuses and incentives. However the ARRA permits CPP participants to issue shares of restricted stock, but only to the extent: (1) the value of the stock does not exceed one-third of the total amount of annual compensation of the employee receiving the stock; (2) the stock does not fully vest until after all CPP-related obligations have been satisfied; and (3) any other conditions which the Treasury may specify have been met. As a result, it is likely that our ability to use LTIC awards to provide long term- oriented compensation to our named executive officers will be limited, and perhaps suspended, until the EESA no longer applies to us.

2008 CEO Promotion Award

In December 2008, our Compensation Committee approved a special one-time performance equity grant for 30,920 shares of our Common Stock to our current President and Chief Executive Officer, Michael L. Scudder, which will vest over a three-year performance period and be payable on March 15, 2012, provided that the Company achieves an average annual core return on average assets (ROAA) during the period equal to or exceeding the average annual core ROAA achieved by our peer group for the same period. In making this award, the Compensation Committee considered Michael L. Scudder's new leadership role and substantially increased responsibilities upon assuming the position of President and Chief Executive Officer after the unexpected death of John M. O'Meara, our former Chairman and Chief Executive Officer, on September 13, 2008.

Performance-Awarded Restricted Stock Awards

All of our senior executive officers, including our named executive officers, are entitled to participate in our Performance-Awarded Restricted Stock Award Program (PARS). The PARS Program was adopted in 2006 after an analysis of our executive compensation program revealed that although the compensation program is intended to deliver above median level compensation for above median level performance, the executive compensation program had, in fact, fallen short of this goal over the period 2001-2005. With the assistance of Deloitte, the Compensation Committee implemented a new performance-awarded restricted stock, or PARS Program during 2006 designed to deliver above-median compensation for above-median performance.

The total award cycle for our PARS program is five years, consisting of a three year measurement period followed by a two-year vesting period (50% on the first and second anniversaries of the grant date). The measurement period is set at three years to reflect a realistic time period for achieving long-term Company performance goals, and the vesting period is set at two years to enhance the retentive power of the award. We implemented the PARS program in 2006.

Table of Contents

PARS awards are made annually, but only if our performance, as measured by annual core return on average assets (ROAA) for the fiscal year plus the prior two years (the performance period), exceeds the seventy-fifth percentile of our peer group's performance as measured by annual core ROAA during the same performance period. If we exceed this threshold, the participants will be eligible to receive an award, to the extent our average change in core earnings per share (EPS)* over the measurement period is above median peer levels based on the following table:

Average Change in Core Earnings Per Share	Upper Limit as a % of Target Grant
FMBI Performance to Percentile	Value
75 th	100%
70 th	80%
65 th	60%
60 th	40%
55 th	20%
Median	0%

Targeted percentages for awards are based on a percentage of base pay. The resultant dollar amount is converted to restricted share awards or units on the day of the grant based on the average of the high and low trading prices of one share of our Common Stock on that date.

Awards for Three-year Period of 2005-2007 (Issued in 2008)

The PARS awards we issued in May of 2008 reflect the Company's core ROAA for the 2005, 2006 and 2007 fiscal years, and the Company's change in core EPS for the three-year period ended December 31, 2007. Based on the Company's core ROAA and change in core EPS during these periods when compared to peers using the framework discussed above, the 2008 PARS grants were made at 36% of target.

The target award for our former Chief Executive Officer, John M. O'Meara, was based on 100% of base pay, 50% of base pay for Messrs. Scudder and Schwartz, and 30% of base pay for all other named executive officers. As a result, the PARS awards for the named executive officers were approved by the Compensation Committee and the Board in May of 2008 as follows:

Michael L. Scudder	2,578 shares of restricted stock
Thomas J. Schwartz	2,976 shares of restricted stock
Paul F. Clemens	954 shares of restricted stock
Victor P. Carapella	954 shares of restricted stock
Janet M. Viano	942 shares of restricted stock
John M. O'Meara	9,846 restricted stock units

See the 2008 Summary Compensation and 2008 Grants of Plan-Based Awards tables and their related footnotes below beginning on pages 45 and 48.

The Compensation Committee will next consider the grant of PARS awards at its May 2009 meeting. These grants will be based on the Company's core ROAA for the 2006, 2007 and 2008 fiscal years, and the Company's change in core EPS for the 2006, 2007 and 2008 fiscal years.

* For purposes of calculating core return on average assets and core earnings per share, a core net income component is used and defined as net income before extraordinary items less the after-tax portion of gains or losses on sale of investment securities and nonrecurring items, applying a tax rate of 35%.

How do we determine retirement and other welfare benefits?

There is no material difference in the welfare benefit plans we provide to executive officers compared to the welfare benefit plans we provide to other salaried employees. Years of service and pay level of our executives drive the value of their retirement benefits. These programs, which are available to all employees, include group insurance, vacation, tuition reimbursement and contribution matching gift plans.

Retirement benefits are delivered through tax-qualified defined benefit and defined contribution plans and non-qualified defined contribution plans. Executive officers are beneficiaries of these qualified programs on the same basis as other employees, and in the non-qualified programs, on the same basis as other officers in accordance with the plans. Upon the recommendation of management, in November 2006 the Compensation Committee authorized the making of a number of amendments to the long-standing pension plan of the Company which is described in further detail beginning on page 51. The amendments were adopted in February 2007 and included a so-called soft freeze eliminating any new enrollments of employees into the plan and a reduction in the growth of benefits effective April 1, 2007. These changes will assist us in controlling what had become an unacceptably high and rapidly increasing cost, while continuing to provide appropriate, competitive retirement benefits for our employees.

Do we have formal equity ownership guidelines for our executive officers?

The Company grants stock awards to employees with the intent of closely aligning the interests of the Company's management and stockholders. Accordingly, the Company would like senior officers to retain ownership of a material portion of Company stock obtained through its equity programs.

In this spirit, the Company's Board of Directors recently has established minimum stock ownership guidelines that apply to all non-employee directors and members of senior management of the Company. Under these guidelines, non-employee directors are encouraged to own Company stock equal in value to five times their annual retainer. Our President and Chief Executive Officer is encouraged to own Company stock equal in value to three times his annual salary, and senior officers are encouraged to own Company stock equal in values ranging from one to two times their annual salary, depending upon their salary grade. Ownership levels will be determined by considering stock acquired through open market purchases, employee benefit plans and the Company's equity compensation plans.

Do we have employment contracts with our executive officers?

Employment contracts are extended to executive level employees in exchange for loyal service, and agreements not to solicit or compete in the event of a termination of employment. The agreements provide for the executive's position, compensation and benefits, including severance payments in the

Table of Contents

event of loss of position for other than cause. The agreements also impose confidentiality and non-solicitation obligations on the executive. In the event of a loss of position following a change-in-control of the corporation, significant separation benefits are triggered, including lump sum payments, equity award vesting acceleration and similar benefits. These agreements are detailed in the tables and narrative following this Compensation Discussion and Analysis. At its February 2007 meeting, the Compensation Committee completed a year long review of the executive employment agreements. The Compensation Committee determined, as it had in the past, that the terms of the agreements are consistent with competitive practice and are important to attracting and retaining executive talent. As a result, the Compensation Committee updated and renewed the agreements on largely the same terms that have existed for more than ten years.

Our named executive officers entered into amendments to their employment contracts and executed waivers consenting to the restrictions and limitations required by the TARP program rules in connection with our participation with the CPP. During the period that the Treasury holds preferred stock of the Company pursuant to the CPP, we may be prohibited or restricted from making many of the payments to which our named executive officers are entitled under their respective employment contracts. See the section entitled *2008 Developments- Government Intervention and Regulation* beginning on page 31.

Do we provide perquisites to our executive officers?

The Company provides perquisites to executives, including the named executive officers, which the Compensation Committee believes are reasonable and within market practice.

We have a Company vehicle policy that provides a car allowance to senior management, including our executive officers. We also provide relocation assistance to our newly hired or relocated salaried executive employees, including our named executive officers. We provide the relocation assistance to offer a competitive compensation package to our current and prospective executive employees because we believe that potential new hires and our current executive employees view relocation assistance as a valuable benefit.

What tax considerations do we evaluate in making compensation decisions?

We consider the tax effects of various forms of compensation and the potential for excise taxes to be imposed on our named executive officers, which might have the effect of frustrating the purpose(s) of such compensation. In conducting this assessment we consider several provisions of the Code including:

Section 162(m). Prior to amendments enacted by EESA, Section 162(m) limited the ability of public companies like ours to deduct certain compensation in excess of \$1 million paid to our Chief Executive Officer or to other named executive officers. This limitation did not apply to compensation that qualifies as performance-based. In administering the performance-based portion of our executive compensation program (the STIC, stock options and PARS described above), the Compensation Committee historically has satisfied the requirements for deductibility under Section 162(m) and believes, based on current tax laws, that substantially all the payments under those awards will be deductible.

Effect of EESA on Section 162(m). We participated in the CPP on December 5, 2008. See the Section entitled *Government Intervention and Regulation* beginning on page 31. As a result, we became subject to certain executive compensation requirements under EESA. Among those was our

Table of Contents

agreement to not take a federal income tax deduction for annual compensation paid to any named executive officer in excess of \$500,000. In addition, certain performance-based compensation paid under our shareholder approved plans is no longer exempt from Section 162(m) limits. We first became subject to amended Section 162(m) on December 5, 2008. This limit was prorated in 2008 but will fully apply to compensation earned by our named executive officers in 2009. It will continue to apply to us for so long as Treasury owns any securities purchased from us under the CPP. As a result, we are likely to be denied a deduction for a portion of the compensation earned by our named executive officers in 2009 and in any future year until we have redeemed all of our CPP securities.

Sections 280G and 4999. We provide our named executive officers with a change-in-control provision (CIC) through their employment agreements with the Company. Our CIC provisions provide for tax protection in the form of a reimbursement to the executive for any excise tax under Section 4999 as well as any additional income and employment taxes resulting from such reimbursement. Section 4999 imposes a 20% nondeductible excise tax on our named executive officers who receive an excess parachute payment and Section 280G disallows the tax deduction to the payer (our successor) for any excess parachute payment. An excess parachute payment is the aggregate amount of cash and other benefits payable upon a change-in-control that exceeds 2.99 the executive's base amount (average W-2 compensation for 5 calendar years preceding the change in control). The IRS imposes the excise tax on the amount that exceeds the executive's base amount. The intent of the reimbursement is to provide a benefit without a tax penalty to our executives who are displaced in the event of a change-in-control. We believe the provision of tax protection for excess parachute payments for our executive officers is consistent with market practice, is a valuable executive talent retention incentive, and is consistent with the objectives of our overall executive compensation program.

Effect of EESA on Sections 280G and 4999. We agreed to abide by a provision of EESA which limits the amounts that we can deduct for income tax purposes under change in control and similar agreements. EESA also amended Section 280G by expanding the definition of a parachute payment to include certain severance payments paid by reason of an involuntary termination or in connection with bankruptcy, liquidation, or receivership by the employer. The EESA limitations and the expanded definition will apply to us for so long as Treasury owns any securities purchased from us under the CPP. The EESA requires a financial institution participating in the CPP to commit not to provide excess parachute payments under Section 280G. The EESA also amended the definition of excess parachute payment to include a payment to a named executive officer who is terminated for cause when he would otherwise continue working or who terminates for good reason.

Our named executive officers have entered into agreements and executed waivers consenting to the restrictions and limitations required by the TARP program rules as of October 20, 2008 in connection with our participation with the CPP. See the section entitled *2008 Developments-Government Intervention and Regulation* beginning on page 31.

Section 409A. Section 409A generally governs the form and timing of nonqualified deferred compensation payments. Section 409A imposes sanctions on participants in nonqualified deferred compensation plans that fail to comply with Section 409A rules, including accelerated income inclusion, an additional 20% income tax (in addition to ordinary income tax) and an interest penalty. We have amended our nonqualified deferred compensation plans to comply with Section 409A or to qualify for an exemption from Section 409A.

page 36. The dollar amounts in column (g) represent cash bonuses paid in February 2009, 2008 and 2007 under our STIC Program for performance during the preceding fiscal year. See the section entitled *Short-Term Incentive Compensation* beginning on page 35. The dollar amounts in columns (c), (d) and (g) include amounts deferred at the direction of the named executive officer, if elected, pursuant to the qualified and, if applicable, non-qualified defined contribution retirement plans. For additional information regarding amounts deferred in the current year, see the *Non-qualified Deferred Compensation* table below on page 54. The amount reported in column (c) for John M. O Meara for 2008 is annualized and does not reflect the fact that his employment with the Company terminated in September.

- (2) The awards in column (e) represent the issuance of restricted stock awards/units under our PARS Program pursuant to our Omnibus Plan. See the section entitled *Performance-Awarded Restricted Stock Awards* beginning on page 39. The amount for Michael L. special one-time performance equity grant for 30,920 shares of our Common Stock which will vest over a three year performance period and be payable on March 15, 2012 in recognition of his new leadership role and substantially increased responsibilities. See the section entitled *Equity Grants 2008 CEO Promotion Award* beginning on page 39.

- (3) The awards in column (f) represent the issuance of non-qualified stock options under our Omnibus Plan per our annual equity compensation practice. See the section entitled *Equity Grants* beginning on page 37.
- (4) The amounts in columns (e) and (f) reflect the compensation expense recognized for stock awards and option grants made in 2008 (for 2008 compensation), 2007 (for 2007 compensation) in 2006 (for 2006 compensation) and in prior fiscal years (to the extent such awards remained unvested in whole or in part at the beginning of the 2008, 2007 and 2006 fiscal years, respectively), to each named executive officer in accordance with SFAS No. 123R Share Based Payments. Pursuant to the SEC rules the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. The amount for John M. O'Meara's stock awards reflects the full grant date value of his awards as required by SFAS No. 123R, because he satisfied the award's retirement age provision which enabled him to vest in the award upon termination of employment. See the *2008 Grants of Plan-Based Awards* table below beginning on page 47 for the full fair value of stock and option awards granted in 2008.

Refer to Note 17 to the Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2008, for a discussion of the relevant assumptions used in calculating the compensation expense and grant-date fair value pursuant to SFAS No. 123R. The recognized compensation expense and grant-date fair value of the stock-based awards will likely vary from the actual amount the individual receives.

- (5) The amounts in column (h) represent the actuarial increase in the present value of the named executive officer's benefit under our qualified broad-based pension plan. See the section entitled *Pension Benefits* beginning on page 51. These amounts were determined using the interest rate and mortality rate assumptions consistent with those used in our 2008 audited financial statements. John M. O'Meara died in September of 2008 and the actuarial increase in his benefit under our pension plan from December 31, 2007 through September 13, 2008 was \$89,420.
- (6) The following table presents the type and amounts for each component included in column (i). No amount has been included for perquisites and other personal benefits, except where the aggregate amount exceeds \$10,000.

PENSION BENEFITS

We sponsor a noncontributory tax-qualified defined benefit retirement plan (Pension Plan) covering approximately 80% of all employees, including the named executive officers. The amount of the monthly pension benefit is based on the average monthly pension-eligible compensation and credited service of the participant. Average monthly compensation is the average of the highest sixty consecutive months of pay within the last 120 months of service and credited service is based on the period of employment with First Midwest, subject to limitations on services prior to 1980.

Pension-eligible compensation consists of base salary, bonuses, incentive compensation, overtime and vacation pay, but excludes severance, and amounts realized from the exercise of non-qualified stock options and the release of restricted stock/unit awards. Pension-eligible compensation is capped by tax laws applicable to tax-qualified pension plans. For 2008, this limit was \$230,000. Any amounts that become ineligible due to the Code limits are used to compute the pension restoration contribution to the non-qualified retirement plan as discussed further under the section entitled *Non-qualified Deferred Compensation* beginning on page 52.

Our Pension Plan provides for pension benefits under normal retirement (the attainment of age 65), early retirement (the attainment of age 55 with fifteen or more years of service), termination after five years of service, disability retirement after ten years of service and death before retirement with five or more years of service. A participant may elect to have his/her benefit paid each month in the form of a single life annuity or one of several actuarially equivalent forms of payment, including a lump sum.

Early retirement pension benefits are reduced by 6% for each of the first five years (ages 60-65) and by 4% for each of the next five years (ages 55-60) that the pension commencement date precedes the normal retirement age of 65. Of the named executive officers, only Messrs. Schwartz and Carapella are eligible for early retirement.

Table of Contents

In February 2007, we approved several changes to the Pension Plan which include the elimination of new enrollment of employees, a reduction of the rate for which future benefits grow effective April 1, 2007 and a modification to the number of months used in the determination of the monthly final average pay from sixty months to eighty-four months. After these amendments became effective in 2007, the Pension Plan was designed to provide an annual pension benefit at normal retirement of 27% of final average pension-eligible compensation for a participant with thirty years of credited service.

2008 PENSION BENEFITS TABLE

The following table shows the present value of the accumulated benefit as of December 31, 2008 payable to each of the named executive officers, including the number of years of service credited to each named executive officer under our Pension Plan determined using interest rate and mortality rate assumptions consistent with those used in our 2008 audited financial statements.

NON-QUALIFIED DEFERRED COMPENSATION

We maintain two non-qualified deferred compensation plans in which our named executive officers may participate, the *First Midwest Bancorp, Inc. Non-qualified Retirement Plan* (Retirement Plan) and the *First Midwest Bancorp, Inc. Non-Qualified Stock Option Gain Deferral Plan* (Gain Deferral Plan).

Non-qualified Retirement Plan

The Retirement Plan is a defined contribution deferred compensation plan under which participants are credited with deferred compensation equal to contributions and benefits based on amounts that would have accrued under our tax-qualified plans but for limitations under the Code, and up to 75% of base salary and up to 100% of annual bonus and auto allowance that the participant has elected to defer. Deferral elections are made by eligible participants in December of each year for amounts to be earned in the following year. Participant accounts are deemed to be invested in separate investment accounts in an irrevocable rabbi trust under the plan, with similar investment alternatives as those available under our Savings and Profit Sharing Plan (our tax-qualified 401(k) savings and profit sharing plan), including an investment account deemed invested in shares of our Common Stock. Participants are able to modify their investment elections at any time. Participant accounts are adjusted to reflect the investment return of the deemed investments. The table below shows the investment funds available

Non-qualified Stock Option Gain Deferral Plan

In 1998 our Board adopted the Gain Deferral Plan with the purpose to encourage stock ownership of certain key executives. This plan combines traditional deferred compensation arrangements with stock option exercise transactions by allowing eligible stock option participants to defer to a future date the receipt of shares representing the value realized upon exercise of the underlying stock options. In response to the addition of Section 409A of the Code, the Gain Deferral Plan is only available on a limited basis. Currently, 22 stock option participants are eligible to participate, including the named executive officers. Deferrals are held for each participant in separate individual accounts in an irrevocable rabbi trust. Amounts deferred under the Gain Deferral Plan are denominated and paid in shares of Common Stock and are adjusted for dividends as if the dividends were reinvested in shares of Common Stock.

Distributions

Under both the Retirement Plan and the Gain Deferral Plan, payments begin after termination and are payable at the participant's election, either as a lump sum or in installments over a period not to exceed fifteen years. Earlier payment may be made upon showing of financial hardship to the satisfaction of the Compensation Committee. Distributions are paid in cash under the Retirement Plan, and are paid as in-kind stock distributions under the Gain Deferral Plan. Payments to executive officers and others will be delayed as necessary to comply with Code Section 409A.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

We have entered into agreements and maintain plans covering our executive officers that will require the Company to provide incremental compensation in the event of involuntary termination of employment or a change-in-control. We describe these obligations below. Please note, during the period that the Treasury holds preferred stock of the Company pursuant to the CPP, the Company may be prohibited or restricted from making many of the payments described below to our named executive officers.

Overview

We have entered into employment agreements with each of our named executive officers. These agreements have been in place for many years, in most instances since 1997, and provide for automatic annual renewal. The agreements set forth the executive's title and responsibilities and the executive's pay, confidentiality and non-solicitation commitments by the executive and payments, if any, to be made to the executive upon termination of employment. Termination of employment also impacts stock option and restricted stock awards we have made, as well as benefits payable under our employee benefit plans.

The following discussion takes each termination of employment situation—voluntary resignation, discharge for cause, discharge without cause, resignation due to constructive discharge, death and disability—and a change-in-control of the Company, and describes the additional amounts that the Company would pay or provide to the executive officer or the officer's beneficiaries as a result. The discussion below and the amounts shown reflect certain assumptions we have made in accordance with SEC rules. These assumptions are that the termination of employment or change-in-control occurred on December 31, 2008 and that the value of a share of our stock on that day was \$19.97, the closing price as reported by the Nasdaq Stock Market on December 31, 2008. In addition, the following discussion and amounts do not include the payments and benefits which are not enhanced by the termination of employment or change-in-control. These payments and benefits include:

Benefits accrued under our Savings and Profit Sharing Plan and Pension Plan in which all employees participate;

Table of Contents

Accrued vacation pay, health plan continuation and other similar amounts payable when employment terminates under programs applicable to our salaried employees generally;

Balances accrued under the non-qualified Retirement Plan described on page 52 and the Gain Deferral Plan as described on page 53; and

Stock options which have vested and become exercisable prior to the employment termination or change-in-control.

For convenience, the payments and benefits described above are referred to in the following discussion as the executive officer's vested benefits.

John O. Meara died in September of 2008 and the payments received by his estate under the plans described herein were made in accordance with the respective plans, and on the same terms and conditions as all other employees of the Company. Due to his death he is not included in the tables that follow.

Voluntary Resignation

We are not obligated to pay amounts over and above vested benefits in the event of employment termination due to voluntary resignation, unless the executive's age and years of service qualify for special provisions applicable for retirement. None of our executives have qualified upon any retirement provisions as of December 31, 2008.

Under the confidentiality commitments in the employment agreement, the executive is required to not disclose our confidential information or use it for another's benefit. In addition, the executive may not solicit any of our clients or customers to not do business with us or solicit any of our employees to leave us. These non-solicitation provisions apply eighteen months after termination of employment for Messrs. Scudder and Schwartz, and one year after termination for all other named executive officers.

Discharge for Cause

We are not obligated to pay any amounts over and above vested benefits if an executive officer's employment terminates because of discharge for cause and the executive is bound by the confidentiality and non-solicitation commitments. The executive officer's right to exercise vested options expires upon discharge for cause, and, if the cause is fraud or embezzlement of funds, benefits under the Gain Deferral Plan are subject to forfeiture. In general, a discharge will be for cause if the executive has intentionally failed to perform his or her duties, engaged in illegal or gross misconduct that harms the Company or been convicted of a felony involving moral wrongdoing.

Death or Disability

We provide our employees, including our executive officers, with group life and disability insurance coverage. The group life insurance benefit is a multiple of base salary ranging from two times to four times base salary and is subject to limits contained in the policy. The disability benefit is a monthly benefit, paid until age 65, equal to two-thirds of base salary at the time of disability. These benefits would be paid to the named executives or beneficiary, in addition to the vested benefits, in the event of death or disability.

Table of Contents

The following table summarizes the amounts to be paid to our named executive officers, assuming death or disability on December 31, 2008.

Name	Life	Disability Benefits		
	Insurance (Death) Benefit	Monthly Amount	Months to Age 65	Total Payment

Janet M. Viano	\$649,000	\$12,017	139	\$1,670,363

We have provided that all unvested stock options and restricted stock awards become vested in the event of the death or disability of the employee, including our executive officers. The following table summarizes the unvested stock options and restricted stock awards that would have vested on December 31, 2008 if the executive's employment terminated that day due to death or disability.

Discharge Not For Cause; Resignation Due to Constructive Discharge

Our employment agreements obligate the Company to pay severance benefits if an executive officer's employment is involuntarily terminated other than for cause and the confidentiality and non-solicitation commitments bind the executive. The executive is also required to execute a general release of claims as a condition to receiving severance benefits. This scenario includes the resignation by the executive under circumstances that constitute constructive discharge, except in this case; the non-solicitation commitments do not apply. Constructive discharge will generally arise if the executive determines we have breached the employment agreement by not maintaining his or her appointed positions, power and authority, failed to pay or provide the agreed-upon compensation, given notice that the agreement will not automatically renew, or required the executive to move to an office location more than eighty miles from his or her current location.

Our primary obligation in these circumstances is to continue the executive's salary and participation in medical plans for a defined severance period and to pay a pro-rata annual bonus for the year employment terminates. We will also provide outplacement assistance. The severance period is nine months for Messrs. Scudder and Schwartz and six months for the other executive officers. The severance period may be extended for up to an additional six-month severance period.

Table of Contents**SEVERANCE**

The following table summarizes the severance benefits that would be payable to the named executive officers had employment terminated involuntarily on December 31, 2008. Please note, during the period that the Treasury holds preferred stock of the Company pursuant to the CPP, the Company may be prohibited or restricted from making the payments described below.

Name	Salary Continuation			Pro-Rated Annual Bonus ⁽¹⁾	Medical Benefits/ Outplacement ⁽²⁾	Total
	Monthly Amount	Number of Months	Total Salary Continuation			
Michael L. Scudder	\$50,000	9	\$450,000	\$360,000	\$77,057	\$887,057

Janet M. Viano	\$18,667	6	\$112,002	\$89,600	\$28,808	\$230,410

Notes:

- (1) Pro-rated annual bonus based on target bonus for year of termination and number of days elapsed at date of termination. Amount reflects full 2008 target bonus since termination is presumed to occur on last day of year.
- (2) Reflects amount of health benefit continuation (COBRA) premium paid by the Company during salary continuation period and outplacement services estimated to be 12% of annual base salary.

CHANGE-IN-CONTROL

We have special provisions in our employment agreements and plans in the event of a change-in-control of our Company. In general, a change-in-control will occur if a person or group acquires more than 25% of our voting stock, there is an unwelcome change in a majority of the members of our Board, or if after we merge with another organization our stockholders do not continue to own more than half of the voting stock of the merged company and more than half of the members of the board of the merged company were not members of our Board.

The severance benefits under our employment agreements are enhanced in the event of involuntary termination (including constructive discharge) upon a change-in-control and the confidentiality commitments apply. For this purpose, resignation by the executive for any reason after completion of a one-year post change-in-control transition period will qualify as constructive discharge. The enhanced benefits consist of a lump sum payment of approximately two and one-half years' pay in the case of Messrs. Scudder and Schwartz and two years' pay for the other named executive officers. The employment agreements also provide for a gross-up payment should the executive be subject to the excise tax on golden parachute payments under the Code. In addition, all unvested stock options and restricted stock awards vest in full upon a change-in-control, whether or not the executive's employment terminates.

Table of Contents

The table below summarizes the additional payments we would be obligated to make if a change-in-control and the executive's employment terminated on December 31, 2008. Please note, during the period that the Treasury holds preferred stock of the Company pursuant to the CPP, the Company may be prohibited or restricted from making the payments described below.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the *Named Executive Officer Discussion and Analysis* that precedes this report. Based on this review and discussion, the Compensation Committee has recommended to the Board that the *Named Executive Officer Discussion and Analysis* be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2008.

The Company is participating in the TARP program established by the Treasury under the EESA. As required by the TARP, the Compensation Committee certifies that it has reviewed with our senior risk officers the TARP Senior Executive Officer incentive compensation arrangements for 2008 and has made reasonable efforts to ensure that such arrangements do not encourage our TARP Senior Executive Officers (who are our named executive officers) to take unnecessary and excessive risks that threaten the value of the Company. See the Section entitled *2008 Developments- Government Intervention and Regulation* beginning on page 31.

AUDIT COMMITTEE REPORT

The primary responsibilities of the Audit Committee (we, us) are to: (1) assist the Board in its oversight of the integrity of the Company's financial statements and systems of internal control over financial reporting; (2) oversee the Company's compliance with legal and regulatory requirements relating to financial reporting and disclosure; (3) evaluate the independence and qualifications of the Company's independent auditors; and (4) oversee the performance of the Company's independent auditors and its internal audit function. We also are solely responsible for the appointment, compensation, and retention of the Company's independent auditors. The Board has adopted an Audit Committee Charter, which sets forth the specific duties of the Audit Committee, a copy of which is available on the Company's website.

In carrying out our oversight responsibilities, we rely on the expertise and knowledge of management, the independent auditors and the internal auditors. Management is responsible for determining that its financial statements are complete, accurate and in accordance with U.S. generally accepted accounting principles. Management, in conjunction with the internal auditors, is responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out a proper audit of the Company's financial statements and internal control over financial reporting. It is not the duty of the Audit Committee to plan or conduct audits, to determine that the Company's financial statements are complete and accurate and are in accordance with U.S. generally accepted accounting principles, or to conduct investigations or other types of auditing or accounting reviews or procedures.

We have reviewed and had discussions with management and Ernst & Young LLP regarding the Company's audited financial statements for the fiscal year ended December 31, 2008. We also have discussed with Ernst & Young LLP the matters required under Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. We have received the required disclosures from Ernst & Young LLP under applicable Public Company Accounting Oversight Board standards regarding auditor independence, and have discussed the auditors' independence with Ernst & Young LLP. We have established policies and procedures regarding the pre-approval of all services provided by the independent auditors. We have reviewed the audit and non-audit services provided by Ernst & Young LLP for the fiscal year ended December 31, 2008 and considered whether such services are compatible with maintaining the auditors' independence, and determined to engage Ernst & Young LLP as the independent registered public accounting firm of First Midwest Bancorp, Inc. for the fiscal year ending December 31, 2009.

Based upon our review of the Company's audited financial statements and the discussions noted above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in our charter, we have, pursuant to authority delegated by the Board, approved the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the SEC.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (Exchange Act) requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership of, and transactions in, our equity securities with the SEC. Such directors, executive officers and stockholders are also required to furnish us with copies of all Section 16(a) reports they file. Purchases and sales of our equity securities by such persons are published on our website at http://www.firstmidwest.com/aboutinvestor_SEC.asp. Based on a review of the copies of such reports, and on written representations from our reporting persons, we believe that all Section 16(a) filing requirements applicable to our directors, executive officers and stockholders were complied with during the fiscal year ended December 31, 2008.

Incorporation by Reference

To the extent that this Proxy Statement is incorporated by reference into any other filing by FMBI under the Securities Act or the Exchange Act, the Sections of this Proxy Statement entitled Audit Committee Report and Compensation Committee Report (to the extent permitted by the rules of the SEC) will not be deemed incorporated, unless specifically provided otherwise in such filing. We also include several website addresses in this Proxy Statement for your reference. The information on these websites is not part of this Proxy Statement.

Other Business

At the date hereof, there are no other matters that the Board intends to present, or has reason to believe others will present, at the Annual Meeting. If other matters come before the Annual Meeting, the persons named in the accompanying form of proxy will vote in accordance with their best judgment with respect to such matters.

Stockholder Proposals for 2010 Annual Meeting of Stockholders

Stockholders who, in accordance with the SEC's Rule 14a-8, wish to present proposals for inclusion in the proxy materials to be distributed by us in connection with our 2010 Annual Meeting of Stockholders must submit their proposals to our Corporate Secretary on or before December 8, 2009. As the rules of the SEC make clear, simply submitting a proposal does not guarantee its inclusion.

In accordance with our Articles of Incorporation, for a matter not included in our proxy materials to be properly brought before the 2010 Annual Meeting of Stockholders, a stockholder's notice of the matter must be timely delivered to First Midwest Bancorp, Inc. ATTN: Corporate Secretary, One Pierce Place, Suite 1500, Itasca, Illinois 60143, not less than 120 nor more than 180 days prior to the date of the meeting, which currently is scheduled for May 19, 2010. As a result, any notice given by or on behalf of a stockholder pursuant to these provisions of our Articles of Incorporation (and not pursuant to the SEC's Rule 14a-8) must be received no earlier than November 20, 2009 and no later than January 19, 2010.

Stockholder Recommendations for Director Candidates

The Nominating and Corporate Governance Committee will consider candidates recommended by stockholders. The policy of the Nominating and Corporate Governance Committee is to consider

Table of Contents

candidates recommended by stockholders in the same manner as other candidates. Stockholders who wish to submit director candidates for consideration by the Nominating and Corporate Governance Committee for election at our 2010 Annual Meeting of Stockholders may do so by submitting in writing such candidates' names, in compliance with the procedures and along with the other information required by our Articles of Incorporation, to First Midwest Bancorp, Inc. ATTN: Corporate Secretary, One Pierce Place, Suite 1500, Itasca, Illinois 60143 between November 20, 2009 and January 19, 2010.

Important Notice Regarding Delivery of Stockholder Documents

SEC rules allow us to deliver a single copy of our proxy materials to multiple stockholders of record sharing the same address and last name, or who we reasonably believe are members of the same family and who consent to receive a single copy of these materials in a manner provided by these rules. This practice is referred to as "householding" and can result in significant savings of paper and mailing costs. We have been notified that certain brokers and banks holding our Common Stock for their customers will household proxy materials. Stockholders sharing an address whose shares of our Common Stock are held by a broker or bank, who now receive multiple copies of our proxy materials and who wish to receive only one copy of these materials per household, should contact their broker or bank to request that only one set of these materials be delivered in the future.

If you are a registered holder receiving multiple copies of our annual report and proxy statement, you may request householding in the future by contacting our Corporate Secretary.

Policies on Reporting of Concerns Regarding Accounting and Other Matters and on Communicating with Independent Directors

We have adopted policies on reporting of concerns regarding accounting and other matters and on communicating with our independent Directors.

Any person, whether or not an employee, who has a concern about the conduct of FMBI or its subsidiaries or affiliates, or any of our people, including with respect to our accounting, internal accounting controls or auditing issues, may, in a confidential or anonymous manner, communicate that concern via regular mail to the Company's Audit Services Director, or to the Chairman of the Audit Committee, in either case, at First Midwest Bancorp, Inc., One Pierce Place, Suite 1500, Itasca, Illinois 60143.

Any interested party, whether or not an employee, may contact an individual director, the Board as a group, or a specified Board committee or group, including our independent directors as a group, by submitting written correspondence to First Midwest Bancorp, Inc., Attn: Board of Directors, One Pierce Place, Suite 1500, Itasca, Illinois 60143. Each communication should specify the applicable addressee or addressees to be contacted as well as the general topic of the communication. The Company will initially receive and process communications before forwarding them to the addressee. Communications also may be referred to other departments within the Company.

Voting Via the Internet or by Telephone

Provisions have been made for you to vote your shares of Common Stock via the Internet or by telephone. You may also vote your shares by mail. Please see the Section entitled *How do I vote?* beginning on page 3 and the Proxy Card accompanying this Proxy Statement for specific instructions on how to cast your vote by any of these methods.

Table of Contents

The Internet and telephone voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. We have been advised that the Internet and telephone voting procedures that have been made available to you are consistent with the requirements of applicable law. Stockholders voting via the Internet and by telephone should understand that there may be costs associated with voting in these manners, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

Glossary of Terms

ARRA: means the *American Reinvestment and Recovery Act of 2009*, which was signed into law on February 17, 2009. The ARRA amends the EESA and its programs, and contains additional restrictions on executive compensation applicable to institutions that receive TARP capital, including companies that participated in the CPP prior to enactment of ARRA. The AARA is described in greater detail in the section entitled *2008 Developments- Government Intervention and Regulation* beginning on page 31.

Code: means the Internal Revenue Code of 1986, as amended.

CPP: means the *Capital Purchase Program* promulgated under TARP and EESA in October of 2008. The CPP requires each participating institution to place certain limits on executive compensation, which are described in greater detail in the section entitled *2008 Developments- Government Intervention and Regulation* beginning on page 31.

EESA: means the *Emergency Economic Stabilization Act of 2008*, which was signed into law on October 17, 2008. The EESA seeks to restore stability and liquidity to the financial markets with a series of programs designed to provide assistance to U.S. controlled financial institutions due to the prolonged credit and liquidity crisis. The TARP program (see below) was established under the EESA as well as programs that: (1) provide federal guaranties of certain money market funds; (2) give the SEC the authority to suspend the application of FAS 157 (Fair Value Measurements); and (3) increase, through December 31, 2009, FDIC deposit insurance to \$250,000.

TARP empowered the Treasury to purchase or insure up to \$700 billion of troubled assets through programs under which the Treasury could purchase preferred stock from financial institutions, or purchase bad assets directly from financial institutions at fair market values. President Bush used his executive authority to declare that TARP funds may be spent on any program he personally deems necessary to avert the financial crisis and thus extend the use of TARP funds to support the auto industry.

Treasury: means the United States Department of the Treasury.

5.4 Adjustment in Capitalization. In the event of any change in the outstanding shares of Stock that occurs after ratification of the Plan by the stockholders of the Company by reason of a Stock dividend or split, recapitalization, merger, consolidation, combination, exchange of shares, or other similar corporate change, the aggregate number of shares of Stock available for issuance under Section 5.1, subject to each outstanding Award and the other terms thereof, and the limitations set forth in Section 5.3, shall be adjusted appropriately by the number of shares the Committee, whose determination shall be conclusive; provided, however, that fractional shares shall be rounded to the nearest whole share.

5.5 No Repricing Without Stockholder Approval. Notwithstanding anything in the Plan to the contrary, the Committee may not reprice Options granted under the Plan, nor may the Board amend the Plan to permit repricing of Options granted under the Plan, unless the stockholders of the Company provide prior approval for such repricing. Adjustments pursuant to Section 5.4 shall not be considered a repricing.

Section 6. Duration of Plan

6.1 Duration of Plan. This Plan shall remain in effect, subject to the Board's right to earlier terminate the Plan pursuant to Section 15 hereof, until all Stock subject to it shall have been purchased or acquired pursuant to the provisions hereof. Notwithstanding the foregoing, no Award may be granted under the Plan on or after February 21, 2011.

Section 7. Stock Options

7.1 Grant of Options. Subject to the provisions of Section 5 and 6, Options may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee shall have complete discretion in determining the number of Options granted to each Participant. The Committee may grant any type of Option to purchase Stock that is permitted by law at the time of grant.

7.2 Option Price. No Option granted pursuant to the Plan shall have an Option price that is less than the Fair Market Value of the Stock on the date the Option is granted.

7.3 Exercise of Options. Options awarded under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall approve, either at the time of grant of such Options or pursuant to a general determination, and which need not be the same for all Participants, provided that, to the extent required to comply with Rule 16b-3, no Option shall be exercisable within the first six months of its term, unless death or Disability of the Participant occurs during such period. Each Option which is intended to qualify as an Incentive Stock Option pursuant to Section 422 of the Code, and each Option which is intended to qualify as another type of ISO which may subsequently be authorized by law, shall comply with the applicable provisions of the Code pertaining to such Options.

7.4 Payment. Options shall be exercised by the delivery of a written notice of exercise to the Company, setting forth the number of shares of Stock with respect to which the Option is to be

Table of Contents

exercised, accompanied by full payment for the Stock. The Option Price upon exercise of any Option shall be payable to the Company in full either:

- (a) in cash or its equivalent (including, for this purpose, the proceeds from a cashless exercise as permitted under Federal Reserve Board's Regulation),
- (b) by tendering Previously-Acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the total Option price (including, for this purpose, Stock deemed tendered by affirmation of ownership),
- (c) by any other means which the Committee determines to be consistent with the Plan's purpose and applicable law, or
- (d) by a combination of (a), (b), and (c).

The exercise of an Option shall cancel any related SAR to the extent of the number of shares as to which the Option is exercised. As soon as practicable after receipt of each notice and full payment, the Company shall deliver to the Participant a certificate or certificates representing the acquired shares of Stock. Notwithstanding the foregoing, the Option price payable with respect to the exercise of any Options by a Participant who has a deferral election in effect under the Company's Nonqualified Stock Option Gain Deferral Plan (the Gain Deferral Plan) shall be made solely by tendering previously-acquired Stock in accordance with paragraph (b) above. As soon as practicable after receipt of notice of exercise and payment, the Company shall deliver to the trustee of the trust established under the Gain Deferral Plan, a certificate or certificates representing such number of shares of Stock determined by dividing (i) the excess of (A) the Fair Market Value of the shares of Stock purchased pursuant to such Option exercise, over (B) the aggregate exercise price of the shares of Stock purchased, by (ii) the Fair Market Value of one share of Stock. In addition, as soon as practicable after receipt of such notice and payment of the Option price (other than payment by affirmation of ownership), the Company shall deliver to the Participant a certificate or certificates representing shares with a Fair Market Value equal to the aggregate option exercise price paid, net of any tax withholding pursuant to Section 16.2. For purposes of the foregoing, Fair Market Value shall be determined on the date of Option exercise.

7.5 Limitations on ISOs. All shares authorized for issuance under this Plan may be issued pursuant to Incentive Stock Options. Notwithstanding anything in the Plan to the contrary, to the extent required from time to time by the Code, the following additional provisions shall apply to the grant of Options which are intended to qualify as Incentive Stock Options (as such term is defined in Section 422 of the Code):

- (a) The aggregate Fair Market Value (determined as of the date the Option is granted) of the shares of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company) shall not exceed \$100,000 or such other amount as may subsequently be specified by the Code; provided that, to the extent that such limitation is exceeded, any excess Options (as determined under the Code) shall be deemed to be Nonstatutory (Nonqualified) Stock Options.
- (b) Any Incentive Stock Option authorized under the Plan shall contain such other provisions as the Committee shall deem advisable, but shall in all events be consistent with and contain or be deemed to contain all provisions required in order to qualify the Options as Incentive Stock Options.

Table of Contents

(c) All Incentive Stock Options must be granted within ten years from the earlier of the date on which this Plan was adopted by the Board of Directors or the date this Plan was approved by the stockholders.

(d) Unless exercised, terminated, or cancelled sooner, all Incentive Stock Options shall expire no later than ten years after the date of grant.

7.6 Restrictions on Stock Transferability. The Committee shall impose such restrictions on any shares of Stock acquired pursuant to the exercise of an Option under the Plan as it may deem advisable, including, without limitation, restrictions under the applicable Federal securities law, under the requirements of any stock exchange upon which such shares of Stock are then listed and under any blue sky or state securities laws applicable to such shares.

7.7 Termination of Employment Due to Death, Disability, Retirement. In the event the employment of a Participant is terminated by reason of death, Disability, or Retirement, any outstanding Options then exercisable may be exercised at any time prior to the expiration date of the Options or within three (3) years after such date of termination of employment, whichever period is the shorter. For purposes of the preceding sentence, in the event such termination is due to death or Disability, then any outstanding Options shall vest 100% and be deemed exercisable in full as of such termination. However, in the case of Incentive Stock Options, the favorable tax treatment prescribed under Section 422 of the Code shall not be available if such options are not exercised within three (3) months after date of termination, or twelve (12) months in the case of Disability, provided such Disability constitutes total and permanent disability as defined in Section 22(e)(3) of the Code. If an Incentive Stock Option is not exercised within three (3) months of termination due to Retirement, it shall be treated as a Nonstatutory (Nonqualified) Stock Option for the remainder of its allowable exercise period.

7.8 Termination of Employment other than Due to Death, Disability, Retirement or for Cause; Termination for Cause. If the employment of the Participant shall terminate for any reason other than death, Disability, Retirement, or involuntarily for Cause, the rights under any then outstanding Option granted pursuant to the Plan shall terminate upon the expiration date of the Option or one month after such date of termination of employment, whichever first occurs; provided, however, that in the event such termination of employment occurs after a Change-in-Control (as defined in Section 14.2 of the Plan), the rights under any then outstanding Option granted pursuant to the Plan shall terminate upon the expiration date of the Option or three years after such date of termination of employment, whichever first occurs. Where termination of employment is involuntarily for Cause, rights under all Options shall terminate immediately upon termination of employment.

7.9 Nontransferability of Options. Except as provided below, no Option granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution. Further, all Options granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant. Notwithstanding the foregoing, the Committee may, in its discretion, authorize all or a portion of the Options (other than Incentive Stock Options) granted to a Participant to be on terms which permit transfer by such Participant to:

(a) the spouse, children or grandchildren of the Participant (Immediate Family Members);

(b) a trust or trusts for the exclusive benefit of such Immediate Family Members, or;

Table of Contents

(c) a partnership in which such Immediate Family Members are the only partners,

provided that:

(i) there may be no consideration for any such transfer;

(ii) the Award Agreement pursuant to which such Options are granted expressly provides for transferability in a manner consistent with this Section 7.9; and

(iii) subsequent transfers of transferred Options shall be prohibited except those in accordance with Section 12. Following transfer, any such Options shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer, provided that for purposes of Section 12 hereof the term Participant shall be deemed to refer to the transferee. The provisions of Sections 7 and 14 relating to the period of exercisability and expiration of the Option shall continue to be applied with respect to the original Participant, and the Options shall be exercisable by the transferee only to the extent, and for the periods, set forth in said Sections 7 and 14.

Section 8. Stock Appreciation Rights

8.1 *Grant of Stock Appreciation Rights.* Subject to the provisions of Sections 5 and 6, Stock Appreciation Rights (SARs) may be granted to Participants at any time and from time to time as shall be determined by the Committee. An SAR may be granted at the discretion of the Committee in any of the following forms:

(a) In lieu of Options,

(b) In addition to Options,

(c) Upon lapse of Options,

(d) Independent of Options,

(e) Each of the above in connection with previously awarded Options.

8.2 *Exercise of SARs in Lieu of Options.* SARs granted in lieu of Options may be exercised for all or part of the shares of Stock subject to the related Option upon the surrender of the right to exercise an equivalent number of Options. The SAR may be exercised only with respect to the shares of Stock for which its related Option is then exercisable. Option shares with respect to which the SAR shall have been exercised may not be subject again to an Award under this Plan. SARs granted pursuant to this Section 8.2 with respect to which the Option shares have been exercised will immediately lapse upon such exercise.

8.3 *Exercise of SARs in Addition to Options.* SARs granted in addition to Options shall be deemed to be exercised upon the exercise of the related Options.

8.4 *Exercise of SARs Independent of Options.* SARs granted independent of Options may be exercised upon whatever terms and conditions the Committee, in its sole discretion, imposes upon the SARs.

Table of Contents

8.5 *Exercise of SARs Upon Lapse of Options.* SARs granted upon lapse of Options shall be deemed to have been exercised upon the lapse of the related Options as to the number of shares of Stock subject to the Options. Notwithstanding Section 5.2 above, cancelled Options in an amount equal to the related SARs shall not be available again for Awards under the Plan.

8.6 *Payment of SAR Amount.* Upon exercise of the SAR, the holder shall be entitled to receive payment of an amount (subject to Section 8.8 below) determined by multiplying:

(a) The difference between the Fair Market Value of a share of Stock at the date of exercise over the price fixed by the Committee at the date of grant, by

(b) The number of shares with respect to which the Stock Appreciation Right is exercised.

8.7 *Form and Timing of Payment.* At the discretion of the Committee, payment for SARs may be made in cash or Stock, or in a combination thereof.

8.8 *Limit of Appreciation.* At the time of grant, the Committee may establish in its sole discretion, a maximum amount per share which will be payable upon exercise of an SAR.

8.9 *Term of SAR.* The term of an SAR granted under the Plan shall not exceed ten years and one day.

8.10 *Termination of Employment.* In the event the employment of a Participant is terminated by reason of death, Disability, Retirement, or any other reason, any SARs outstanding shall terminate in the same manner as specified for Options under Sections 7.7 and 7.8 herein.

8.11 *Nontransferability of SARs.* No SAR granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution. Further, all SARs granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant.

Section 9. Restricted Stock and Restricted Stock Units

9.1 *Grant of Restricted Stock or Restricted Stock Units.* Subject to the provisions of Sections 5 and 6, the Committee, at any time and from time to time, may grant shares of Restricted Stock or Restricted Stock Units under the Plan to such Participants and in such amounts as it shall determine. Each grant of Restricted Stock or Restricted Stock Units shall be in writing. The Committee, in its discretion, may permit a Participant to defer receipt of any Restricted Stock Units beyond the expiration of any applicable Period of Restriction.

9.2 *Transferability.* Except as provided in Sections 9.8 and 9.9 hereof, the shares of Restricted Stock and Restricted Stock Units granted hereunder may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated for such period of time as shall be determined by the Committee and shall be specified in the Restricted Stock grant or the Restricted Stock Unit grant, or upon earlier satisfaction of other conditions (which may include the attainment of performance goals as defined in Section 10.8 hereof), as specified by the Committee in its sole discretion and set forth in the Restricted Stock grant or the Restricted Stock Unit grant.

9.3 *Other Restrictions.* The Committee shall impose such other restrictions on any shares of Restricted Stock or Restricted Stock Units granted pursuant to the Plan as it may deem advisable

including, without limitation, restrictions under applicable Federal or state securities laws, and may legend the certificates representing Restricted Stock to give appropriate notice of such restrictions.

9.4 Voting Rights. Participants holding shares of Restricted Stock or Restricted Stock Units granted hereunder may exercise full voting rights with respect to those shares during the Period of Restriction.

9.5 Dividends and Other Distributions. During the Period of Restriction, Participants holding shares of Restricted Stock or Restricted Stock Units granted hereunder shall be entitled to receive all dividends and other distributions paid with respect to those shares or units while they are so held. If any such dividends or distributions are paid in shares of Stock, the shares shall be subject to the same restrictions on transferability as the shares of Restricted Stock or Restricted Stock Units with respect to which they were paid.

9.6 Termination of Employment Due to Retirement. In the event a Participant's employment terminates on or after his Normal Retirement Date, the Period of Restriction applicable to the Restricted Stock or the Restricted Stock Units pursuant to Subsection 9.2 hereof shall automatically terminate and, except as otherwise provided in Subsection 9.3, the shares of Restricted Stock shall thereby be free of restrictions and freely transferable. In the event a Participant terminates employment on or after his Early Retirement Date but prior to Normal Retirement Date, any shares of Restricted Stock and any Restricted Stock Units still subject to restrictions at the date of such termination automatically shall be forfeited and returned to the Company; provided, however, that the Committee in its sole discretion may waive the restrictions remaining on any or all shares of Restricted Stock or any and all Restricted Stock Units, or add such new restrictions to those shares of Restricted Stock or Restricted Stock Units as it deems appropriate.

9.7 Termination of Employment Due to Death or Disability. In the event a Participant terminates his employment with the Company because of death or Disability during the Period of Restriction, the restrictions applicable to the shares of Restricted Stock or to the Restricted Stock Units pursuant to Section 9.2 hereof shall automatically terminate and, except as otherwise provided in Subsection 9.3, the shares of Restricted Stock shall thereby be free of restrictions and freely transferable.

9.8 Termination of Employment for Reasons other than Death, Disability, or Retirement. In the event that a Participant terminates his employment with the Company for any reason other than those set forth in Sections 9.6 and 9.7 hereof during the Period of Restriction, then any shares of Restricted Stock and any Restricted Stock Units still subject to restrictions at the date of such termination automatically shall be forfeited and returned to the Company; provided, however, that, in the event of an involuntary termination of the employment of a Participant by the Company other than for Cause, the Committee in its sole discretion may waive the automatic forfeiture of any or all such shares or units, and/or may add such new restrictions to such shares of Restricted Stock or Restricted Stock Units as it deems appropriate.

9.9 Nontransferability. No shares of Restricted Stock or Restricted Stock Units granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution until the termination of the applicable Period of Restriction. All rights with respect to Restricted Stock or Restricted Stock Units granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant.

10.1 *Grant of Performance Units or Performance Shares.* Subject to the provisions of Sections 5 and 6, Performance Units or Performance Shares may be granted to Participants at any time and from time to time as shall be determined by the Committee. The Committee shall have complete discretion in determining the number of Performance Units or Performance Shares granted to each Participant.

10.2 *Value of Performance Units and Performance Shares.* Each Performance Unit shall have an initial value of one hundred dollars (\$100) and each Performance Share initially shall represent one share of Stock. The Committee shall set performance goals in its discretion which, depending on the extent to which they are met, will determine the ultimate value of the Performance Unit or Performance Share to the Participant. The time period during which the performance goals must be met shall be called a performance period, and also is to be determined by the Committee.

10.3 *Payment of Performance Units and Performance Shares.* After a performance period has ended, the holder of a Performance Unit or Performance Share shall be entitled to receive the value thereof as determined by the extent to which performance goals discussed in Section 10.2 have been met.

10.4 *Form and Timing of Payment.* Payment in Section 10.3 above shall be made in cash, stock, or a combination thereof as determined by the Committee. Payment may be made in a lump sum or installments as prescribed by the Committee. If any payment is to be made on a deferred basis, the Committee may provide for the payment of dividend equivalents or interest during the deferral period.

10.5 *Termination of Employment Due to Death, Disability, or Retirement.* In the case of death, Disability, or Retirement, the holder of a Performance Unit or Performance Share shall receive prorata payment based on the number of months service during the performance period but based on the achievement of performance goals during the entire performance period. Payment shall be made at the time payments are made to Participants who did not terminate service during the performance period.

10.6 *Termination of Employment for Other Reasons.* In the event that a Participant terminates employment with the Company for any reason other than death, Disability or Retirement, all Performance Units and Performance Shares shall be forfeited; provided, however, that in the event of an involuntary termination of the employment of the Participant by the Company other than for Cause, the Committee in its sole discretion may waive the automatic forfeiture provisions and pay out on a prorata basis.

10.7 *Nontransferability.* Units or Performance Shares granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, otherwise than by will or by the laws of descent and distribution until the termination of the applicable performance period. All rights with respect to Performance Units and Performance Shares granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant.

10.8 *Performance Goals.* For purposes of Sections 9.2 and 10.2 hereof, performance goals shall mean the criteria and objectives, determined by the Committee pursuant to the Plan, which shall be satisfied or met during the applicable restriction period or performance period, as the case may be, as a condition to the Participant's receipt, in the case of a grant of the Restricted Stock or a grant of Performance Shares, of the shares of Stock subject to such grant, or in the case of a Performance Unit Award, of payment with respect to such Award. Such criteria and objectives may include, but are not

limited to, return on assets, return on equity, growth in net earnings, growth in earnings per share, growth in the Fair Market Value of the Stock, or any combination of the foregoing or any other criteria and objectives determined by the Committee. Upon completion of the restricted period or the performance period, as the case may be, the Committee shall certify the level of the performance goals attained and the amount of the Award payable as a result thereof.

Section 11. Other Awards

11.1 *Grant of Other Awards.* Subject to the provisions of Section 5 and 6, Other Awards may be granted to Participants at any time and from time to time as shall be determined by the Committee.

11.2 *Terms of Other Awards.* Other Awards may be made in contribution or in tandem, with, in replacement of, or as alternatives to Awards under Section 7, 8, 9 or 10 of this Plan or of any other incentive or employee benefit plan of the Company or any of its subsidiaries. An Other Award may provide for payment in cash or in Stock or a combination thereof.

Section 12. Beneficiary Designation

12.1 *Beneficiary Designation.* Each Participant under the Plan may name, from time to time, any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his death before he receives any or all of such benefit. Each designation will revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee, and will be effective only when filed by the Participant in writing with the Committee during his lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to his estate.

Section 13. Rights of Employees

13.1 *Employment.* Nothing in the Plan shall interfere with or limit in any way the right of the Company to terminate any Participant's employment at any time, nor confer upon any Participant any right to continue in the employ of the Company.

13.2 *Participation.* No employee shall have a right to be selected as a Participant, or, having been so selected, to be selected again as a Participant.

Section 14. Change-in-Control

14.1 *In General.* Except as expressly provided, otherwise in an Award Agreement, in the event of a Change-in-Control of the Company as defined in Section 14.2 below, all Awards under the Plan shall vest 100%, whereupon all Options shall become exercisable in full, the restrictions applicable to Restricted Stock shall terminate, and Performance Units and Performance Shares shall be paid out based upon the extent to which performance goals during the performance period have been met up to the date of the Change-in-Control, or at target, whichever is higher, and all Other Awards shall be paid out based on the terms thereof.

14.2 *Definition.* For purposes of the Plan, a Change-in-Control shall mean any of the following events:

(b) during any period of two consecutive years, individuals, who at the beginning of such period constitute the Board of Directors of the Company, and any new director, whose election by the Board of Directors or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds (2/3rds) of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority thereof, or

(c) the consummation of, a reorganization, merger or consolidation, the sale or other disposition of all or substantially all of the assets, or a similar transaction or series of transactions involving the Company (a Business Combination) in each case, unless (1) all or substantially all of the individuals and entities who were the beneficial owners, respectively, of the Voting Stock immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the total voting power represented by the voting securities entitled to vote generally in the election of directors of the Company or the corporation resulting from the Business Combination (including, without limitation, a corporation which as a result of the Business Combination owns the Company or all or substantially all of the Company's assets either directly or through one or more subsidiaries), in substantially the same proportions as their ownership, immediately prior to the Business Combination of the Voting Stock of the Company, and (2) at least a majority of the members of the board of directors of the Company or such corporation resulting from the Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement, or action of the Incumbent Board, providing for such Business Combination; or

(d) the stockholders of the Company approve a plan of complete liquidation or dissolution of the Company.

The Board has final authority to determine the exact date on which a Change-in-Control has been deemed to have occurred under (a), (b), (c) and (d) above.

Section 15. Amendment, Modification and Termination of Plan

15.1 *Amendment, Modification, Suspension and Termination of Plan.* The Board may amend, modify, suspend or terminate this Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law, except that no amendment or alteration that would adversely affect the rights of any Participant under any Award previously granted to such Participant shall be made without the consent of such Participant.

Section 16. Tax Withholding

16.1 *Tax Withholding.* The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy Federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of the Plan.

16.2 *Share Withholding.* With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock, or upon any other taxable event arising as a result of awards granted hereunder, Participants may elect to satisfy the withholding requirement, in whole or in part, by having the Company withhold shares of Stock having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax which would be imposed on the transaction; provided, however, that in the event a deferral election is in effect with respect to the shares deliverable upon exercise of an Option, then the Participant may only elect to have such withholding made from the Stock tendered to exercise such Option. All such elections shall be irrevocable, made in writing, signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

Section 17. Indemnification

17.1 *Indemnification.* Each Person who is or shall have been a member of the Committee or of the Board shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be a party or in which he may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgment in any such action, suit, or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.
