PROPOSAL 1

ELECTION OF DIRECTORS

At the Annual Meeting, two directors will be elected to serve three-year terms expiring at our annual shareholder meeting in 2012. This section contains information relating to the two director nominees and the directors whose terms of office continue after the Annual Meeting. The director nominees were selected by the Nominating and Corporate Governance Committee and approved by the Board for submission to the shareholders. The nominees for election are Millard E. Morris and Randy Roach. Mr. Roach was first elected to the Board in March 2007 to fill the unexpired term of a former director who resigned from the Board. Daniel Phillips, age 62, is President and Chief Executive Officer of PAX, Inc., a supplier of fabricated heavy industrial steel to the petrochemical, petroleum refining, and power industries headquartered in Baton Rouge, Louisiana. Mr. Phillips founded PAX, Inc. in 1979, and has been an owner and officer of that company since that time.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF

ERNST & YOUNG LLP AS THE COMPANY S INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM FOR 2009

The Audit Committee has appointed Ernst & Young LLP as the Company s independent registered public accounting firm for 2009. The Board is asking shareholders to ratify this appointment. Although SEC regulations and the Nasdaq listing requirements require the Company s independent registered public accounting firm to be engaged, retained, and supervised by the Audit Committee, the Board considers the selection of an independent registered public accounting firm to be an important matter to shareholders and considers a proposal for shareholders to ratify this appointment to be an opportunity for shareholders to provide input to the Audit Committee and the Board on a key corporate governance issue.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will be offered the opportunity to make a statement if they so desire. They will also be available to answer questions.

The Board recommends a vote FOR Proposal 2.

THE BOARD, ITS COMMITTEES, AND ITS COMPENSATION

Board of Directors

The Board presently consists of eight members, seven of whom are non-employee directors. The Board is currently divided into three classes with each class serving three-year terms. The term of one class expires at each annual meeting of shareholders of the Company.

Thomas W. Hallagan is currently a non-employee director of the Company. His term expires at the Annual Meeting. As previously announced, Mr. Hallagan elected not to stand for re-election. The Nominating and Corporate Governance Committee intends to conduct a search for a new independent director. Until a suitable candidate is identified, the Board has reduced the size of the Board from eight to seven members, effective upon the completion of the Annual Meeting.

Director Compensation

Cash Compensation. Each non-employee director of the Company receives an annual cash retainer of \$35,000. Directors who are employees of the Company do not receive additional compensation for serving as directors. The chairs of the Audit and Compensation Committees receive an additional annual cash retainer of \$15,000 and each other member of the Audit and Compensation Committees receives an additional annual cash retainer of \$5,000. The chairs of the Nominating and Corporate Governance Committee and the Investment Committee each receive an additional cash retainer of \$5,000. The Company reimburses all directors for reasonable out-of-pocket expenses incurred in connection with their service as directors.

Stock-Based Compensation. Under our Non-Employee Director Restricted Stock Plan, non-employee directors receive an annual award of restricted stock equal to \$15,000 divided by the closing price of our common stock on the date of the annual meeting of shareholders at which the non-employee director is elected or is continuing as a member of the Board. Non-employee directors who are first elected or appointed to the Board other than at an annual meeting of shareholders receive a pro rata restricted stock grant. In either case, these shares of restricted stock vest at the next annual meeting of shareholders.

The following table sets forth information regarding the compensation of our non-employee directors for the year ended December 31, 2008.

Name	Fees Earned or Paid in Cash	Stock Awards (1)	Total
Thomas W. Hallagan (2)	\$ 43,459	\$ 14,987	\$ 58,445
Jared A. Morris	44,229	14,987	59,216
Millard E. Morris	38,459	14,987	53,445
Daniel Phillips	38,459	14,987	53,445
Randy Roach	39,229	14,987	54,216
Sean M. Traynor	47,688	14,987	62,675
Austin P. Young	49,229	14,987	64,216

- (1) On June 16, 2008, each non-employee director was granted 924 shares of restricted stock. The grant date fair value of each award, calculated in accordance with Financial Accounting Standards Board Statement No. 123(R) (revised 2004), Share-Based Payment (*FAS 123R*), was \$14,987. The amounts shown represent the expense recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008, in accordance with FAS 123R, with respect to the shares of restricted stock granted in both 2007 and 2008. Pursuant to SEC rules, the amounts shown in this column exclude the impact of estimated forfeitures related to service-based vesting conditions. See Note 13 to our consolidated financial statements included in our Annual Reports on Form 10-K for the years ended December 31, 2008 and 2007 for information regarding the assumptions made in determining these values. As of December 31, 2008, each non-employee director held 924 shares of restricted stock.
- (2) Mr. Hallagan's term as a director of the Company will expire at the Annual Meeting.

Corporate Governance

The Board and senior management of the Company believe that one of their primary responsibilities is to promote a corporate culture of accountability, responsibility, and ethical conduct throughout the Company. Consistent with these principles, the Company has, among other things, adopted:

corporate governance guidelines that describe the principles under which the Board operates;

a code of business conduct and ethics applicable to all employees; and

written charters for its Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, and Investment Committee.

Our corporate governance guidelines, code of business conduct and ethics, and committee charters are available on the Company's website (www.amerisafe.com) in the Investor Relations section. Copies of these documents are also available upon written request to the Company's Secretary. The Company will post information regarding any amendment to, or waiver from, its code of business conduct and ethics on its website in the Investor Relations section.

The Board periodically reviews its corporate governance policies and practices. Based on these reviews, the Board may adopt changes to policies and practices that are in the best interests of the Company and as appropriate to comply with any new SEC or Nasdaq listing requirements.

Director Independence

As part of the Company's corporate governance guidelines, the Board has established a policy requiring a majority of the members of the Board to be independent, as that term is defined in the Nasdaq listing requirements. The Board has determined that the current non-employee directors, Mr. Hallagan, Mr. J. Morris, Mr. M. Morris, Mr. Phillips, Mr. Roach, Mr. Traynor, and Mr. Young, are each independent of the Company and its management within the meaning of the Nasdaq listing requirements.

Board Meetings

The Board held six meetings during 2008. Each incumbent director attended at least 75% of the total number of meetings of the Board and committees on which he served. Under the Company's corporate governance guidelines, each director is expected to devote the time necessary to appropriately discharge his responsibilities and to rigorously prepare for and attend and participate in all Board meetings and meetings of Board committees on which he serves.

The Board has established a policy that its independent directors meet in executive session, without members of senior management present, at each regularly scheduled meeting of the full Board. The chairs of the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, and Investment Committee each preside as chair at meetings of independent directors at which the principal items to be considered are within the scope of the authority of the applicable committee. This approach is intended to provide leadership at all meetings of independent directors without the need to designate a single lead independent director.

Annual Meetings of Shareholders

The Company's directors are encouraged to attend our annual shareholder meetings, however, we do not currently have a policy relating to directors' attendance at these meetings. Two members of the Board attended the 2008 annual shareholder meeting.

Audit Committee

The Audit Committee currently consists of Mr. Young (Chair), Mr. J. Morris, and Mr. Roach. The Audit Committee oversees our accounting and financial reporting processes and the audits of the Company's financial statements. The functions and responsibilities of the Audit Committee include:

establishing, monitoring, and assessing the Company's policies and procedures with respect to business practices, including the adequacy of the Company's internal controls over accounting and financial reporting;

engaging the Company's independent registered public accounting firm and conducting an annual review of the independence of that firm;

pre-approving any non-audit services to be performed by the Company's independent registered public accounting firm;

reviewing the annual audited financial statements and quarterly financial information with management and the independent registered public accounting firm;

reviewing with the independent registered public accounting firm the scope and the planning of the annual audit;

reviewing the findings and recommendations of the independent registered public accounting firm and management's response to the recommendations of that firm;

overseeing compliance with applicable legal and regulatory requirements, including ethical business standards;

establishing procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters;

establishing procedures for the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters;

reviewing the adequacy of the Audit Committee charter on an annual basis; and

preparing the Audit Committee report to be included in our annual proxy statement.

The Audit Committee met six times during 2008. Our independent registered public accounting firm reports directly to the Audit Committee. Each member of the Audit Committee has the ability to read and understand fundamental financial statements. The Board has determined that each member of the Audit Committee is independent as defined in the Nasdaq listing requirements. In addition, the Board has determined that Mr. Young, Mr. J. Morris, and Mr. Roach each satisfy the SEC requirements relating to independence of audit committee members. The Board has also determined that Mr. Young meets the requirements of an audit committee financial expert as defined by the rules of the SEC, based on his professional experience described in his biographical information found at page 4 of this proxy statement.

Compensation Committee

Edgar Filing: AMERISAFE INC - Form DEF 14A

The Compensation Committee currently consists of Mr. Traynor (Chair), Mr. Hallagan, Mr. M. Morris, and Mr. Phillips. The Compensation Committee has sole authority for establishing, administering, and reviewing the Company's policies, programs, and procedures for compensating our executive officers and the Board. Under its charter, the Compensation Committee may delegate its responsibilities to a subcommittee comprised of Committee members. The functions and responsibilities of the Compensation Committee include:

evaluating the performance of and determining the compensation for the Company's executive officers, including its chief executive officer;

reviewing and approving employment or severance arrangements with senior management;

reviewing director compensation policies and making recommendations to the Board;

reviewing the adequacy of the Compensation Committee charter on an annual basis; and

reviewing and approving the Compensation Discussion and Analysis and the Compensation Committee Report to be included in our annual proxy statement.

The Compensation Committee met three times during 2008. Each member of the Compensation Committee is independent under the Nasdaq listing requirements.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee currently consists of Mr. J. Morris (Chair), Mr. Phillips, and Mr. Young. The functions and responsibilities of the Nominating and Corporate Governance Committee include:

developing and recommending corporate governance principles and procedures applicable to the Board and the Company's employees;

recommending committee composition and assignments;

identifying individuals qualified to become directors;

recommending director nominees;

recommending whether incumbent directors should be nominated for re-election to the Board;

reviewing the adequacy of the Nominating and Corporate Governance Committee charter on an annual basis; and

overseeing, at least annually, an evaluation of the performance of the Board and the Company's management in relation to the Company's corporate governance guidelines.

The Nominating and Corporate Governance Committee met five times during 2008. Each member of the Nominating and Corporate Governance Committee is independent under the Nasdaq listing requirements.

Qualifications for Director Nominees. In considering nominees for election as director, the Nominating and Corporate Governance Committee considers a number of factors, including the following:

personal and professional qualities, characteristics, attributes, accomplishments, and reputation in the business community, insurance industry, and otherwise;

Edgar Filing: AMERISAFE INC - Form DEF 14A

reputation in a particular field or area of expertise;

experience as a senior executive of a company or other organization of comparable size to the Company;

current knowledge and relationships in the markets and regions in which the Company does business and in the insurance industry and other industries relevant to the Company's business;

the ability to exercise sound business judgment;

the ability and willingness to commit to participate in activities of the Board, including attendance at, and active participation in, meetings of the Board and its committees;

the skills and personality of the nominee and how the Committee perceives the nominee will be a fit with existing directors and other nominees in maintaining a Board that is collegial and responsive to the needs of the Company and its shareholders;

the ability and willingness to represent the best interests of all of the Company's shareholders;

consistent demonstration of integrity;

increasing the diversity of viewpoints, background, and experience in addition to those of existing directors and other nominees; and

whether the nominee would meet the independence criteria of the Nasdaq listing requirements applicable to the Company and the rules promulgated by the SEC.

The Nominating and Corporate Governance Committee will also consider other criteria for director candidates included in its committee charter, the Company's corporate governance guidelines, or as may be established from time to time by the Board. The Nominating and Corporate Governance Committee will identify nominees based upon recommendations by members of the committee or other Board members, members of the Company's management, or, as discussed below, by shareholders of the Company. Upon identification of a potential nominee, members of the Nominating and Corporate Governance Committee will interview the candidate, and based upon that interview, the Committee will make its recommendation to the Board.

Shareholder Recommendations. The Nominating and Corporate Governance Committee will evaluate any director candidates recommended by a shareholder according to the same criteria as a candidate identified by the Nominating and Corporate Governance Committee. The Company has never received a recommendation for director candidates from our shareholders. In considering director candidates recommended by shareholders, the Nominating and Corporate Governance Committee will also take into account such additional factors as it considers relevant, including:

the personal and professional qualities, characteristics, attributes, accomplishments, and reputation of the candidate being submitted for consideration;

the investment the shareholder submitting the director candidate has in the Company;

the length of time that the submitting shareholder has been a shareholder of the Company; and

whether the director candidate is independent as determined in accordance with the rules promulgated by the SEC, the Nasdaq listing requirements and the Company's corporate governance guidelines.

a written statement by the shareholder and the director candidate agreeing to make available to the Nominating and Corporate Governance Committee all information reasonably requested in connection with the Nominating and Corporate Governance Committee's consideration of the director candidate; and

the director candidate's name, age, business and residential address, principal occupation or employment, number of shares of the Company's common stock and other securities beneficially owned, a resume or similar document detailing personal and professional experiences and accomplishments, and all other information relating to the director candidate that would be required to be disclosed in a proxy statement or other filing made in connection with the solicitation of proxies for the election of directors pursuant to the

Edgar Filing: AMERISAFE INC - Form DEF 14A

Securities Exchange Act of 1934, as amended, the rules of the SEC and the listing requirements and other criteria established by Nasdaq.

The mailing envelope should clearly indicate whether the communication is intended for the Board as a group, the non-employee directors, or a specific director.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Program Objectives

Our compensation program is intended to attract, retain, and motivate the key people necessary to enable our Company to maximize operational efficiency and profitability over the long term. Our Compensation Committee believes that executive compensation should seek to align the interests of the Company's executives and other key employees with those of the Company and its shareholders. Our compensation program is also designed to differentiate compensation based upon individual contributions, performance, experience, and tenure with our Company.

In establishing compensation, the Compensation Committee seeks to provide employees, including our executive officers, with a competitive total compensation package. The Compensation Committee sets compensation in this manner to ensure that our compensation practices do not put the Company at a competitive disadvantage in retaining and attracting executives and other employees while ensuring an appropriate cost structure for our Company.

Compensation Committee

Our compensation program for executives is designed and implemented under the direction of our Compensation Committee, which is composed of four independent directors. For additional information regarding our Compensation Committee, its authority, and responsibilities, see "The Board, Its Committees, and Its Compensation" Compensation Committee on page 7 of this proxy statement.

In 2007 the Compensation Committee retained Schiffers Associates, a compensation consulting firm, to assist it in evaluating our annual incentive compensation program. Schiffers Associates continued to assist the Committee in evaluating our annual incentive compensation program in 2008.

Executive Compensation Programs and Policies

The components of our executive compensation program provide for a combination of fixed and variable compensation. As described in more detail below, these components are:

base salary;

annual incentive compensation;

long-term equity-based incentive compensation;

broad-based employee benefits; and

severance benefits and limited other perquisites.

Base Salary. Base salaries are determined on the basis of management responsibilities, level of experience, and tenure with our Company, as well as internal and market comparisons. In setting base salaries for the executive officers of the Company, the Compensation Committee seeks to provide a reasonable level of fixed compensation that we believe is competitive with base salaries for comparable positions at similar companies. The Committee targets a base salary range of (a) from 65% to 75% of the chief executive officer's salary for the chief operating officer, and (b) from 45% to 55% of the chief executive officer's salary for the other executive officers. At the request of the Committee, Allen Bradley, our chief executive officer, makes annual recommendations with respect to changes in base salary for our executive officers, other than for himself, as well as other members of the senior management. Neither our chief executive officer nor any other executive officer participates in the Committee's decisions regarding the base salaries of our executive officers.

Annual Incentive Compensation. The Compensation Committee believes annual incentive compensation is a key element of the total compensation of each executive officer. The Compensation Committee also believes that placing a significant portion of executive compensation at risk each year, subject to the results of Company and individual performance, appropriately motivates executives to achieve the Company's

financial and other

objectives, thereby enhancing shareholder value. Annual incentive compensation is intended to link the near-term financial interest of the executives to that of the Company and its shareholders. As an executive or other key employee progresses to greater levels of responsibility within the Company, the Compensation Committee believes that the annual incentive award should represent an increasing portion of potential annual compensation. Although the Compensation Committee has retained discretion in paying incentive awards, it has established target awards of up to 100% of base salary for our chief executive officer, up to 70% of base salary for our chief operating officer, and up to 60% of base salary for each of our other executive officers.

At the recommendation of the Compensation Committee, in February 2008 the Board adopted a Management Annual Incentive Plan (*Annual Incentive Plan*). The Annual Incentive Plan was developed by the Compensation Committee with the assistance of Schiffers Associates, a compensation consulting firm. The Annual Incentive Plan is administered by the Compensation Committee. Under the Annual Incentive Plan, annual awards will be made based on Company financial and operational objectives and individual performance goals. In approving awards under the Annual Incentive Plan, the Compensation Committee may use its discretion to change the amounts that otherwise would be payable based upon Company and individual performance.

The Committee has not adopted a formal policy regarding recovery of incentive awards for fiscal years for which financial results are later restated. While not anticipated, the Committee would expect to consider any restatement in establishing incentive and other compensation awards for executives in future periods.

Long-term Incentive Compensation. In connection with our initial public offering in November 2005, the Board and our shareholders approved our Equity Incentive Plan. The Equity Incentive Plan is administered by the Committee and is designed to provide incentive compensation to executive officers and other key employees. Grants of stock options under the Equity Incentive Plan are designed to align the interests of management with those of our shareholders and are intended as a long-term incentive for future performance. To date, all option grants that have been awarded under our Equity Incentive Plan have been non-qualified stock options, thereby providing us with the ability to realize tax benefits upon the exercise of these option awards. The Committee also views these awards as an additional means to encourage management retention.

In each of 2007 and 2008, long-term equity-based incentive compensation represented approximately 24% of the total compensation of our executive officers who held such positions for the entire year, as measured by the related compensation expense as determined for financial accounting purposes. Our chief executive officer and two other executive officers who were employed at the time of the Company's initial public offering in November 2005 received significant stock option grants at that time. These executive officers have not received additional option grants since the initial public offering. Since our initial public offering, we have awarded option grants to newly hired executive officers and to our current chief financial officer in connection with her promotion to that position.

The Compensation Committee has not addressed the issue of whether the cumulative value of prior equity awards should be considered in making future awards. However, our Compensation Committee intends to make appropriate executive compensation decisions annually, so that our executives receive a total compensation package that is competitive, has a significant component that is at risk, and is consistent over the long term with the targets the Committee sets for its various components. When making equity-based incentive awards to executive officers, the Committee takes into consideration the dates on which the Company expects to make public announcements regarding earnings as well as other events or circumstances that have not been publicly announced that may be deemed material to the Company, our shareholders, and other investors. The Committee's purpose in taking those matters into consideration is to avoid any pricing of equity-based incentive awards that does not reflect as fully as possible material information relating to the Company at the time of grant. The increase in the value of equity awards is directly linked to an increase in shareholder return, subject to continued employment by our executives with respect to unvested equity awards. The Committee believes, as a general matter, that this positive result should not negatively impact future compensation decisions.

Employee Benefits. We do not provide our executives or other employees with defined pension benefits, supplemental retirement benefits, post-retirement payments, or deferred compensation programs. We do provide a 401(k) defined contribution plan that is available to all employees. We match 50% of employee contributions up to 4% of compensation for participating employees subject to limitations under applicable law. Our executives and other employees are fully vested in Company contributions to this plan after five years. We also provide health, life, and other insurance benefits to our executives on the same basis as our other full-time employees.

Severance and Change-in-Control Benefits. We have employment agreements with each of our executive officers. Among other things, these employment agreements provide each executive officer with severance compensation consisting of cash severance payments paid in installments and continued health benefits for a period of 12 months (18 months for our chief executive officer), in the event that an executive's employment is terminated by us without cause or by the executive under certain circumstances. The cash severance payment for the covered executives (other than our chief executive officer) is an amount equal to the officer's then current annual base salary plus the average annual incentive bonus received by the executive in the prior three years. For our chief executive officer, the cash severance payment is one and one-half times the amount described in the preceding sentence. These employment agreements also provide that the terminated executive will not engage in activities that are competitive with our business for 12 months (18 months for our chief executive officer). For additional information regarding the employment agreements with our executives, see *Executive Compensation Employment Agreements* on page 18 of this proxy statement.

Under the terms of our Equity Incentive Plan and the related award agreements, unvested stock options and restricted stock awards become fully vested upon a change in control of the Company. Under the Annual Incentive Plan our executives would be entitled to receive a prorated portion of the executive's target incentive award for the year in which a change in control occurs.

The Compensation Committee believes that these benefits are necessary and appropriate in order to attract and retain qualified executive officers insofar as these benefits are generally made available by other companies. In addition, the Compensation Committee recognizes that it may be difficult for our executive officers to find comparable employment in a short period of time and therefore these benefits address a valid concern, making an executive position with our Company more attractive. These issues are particularly significant to us, given that our corporate headquarters are not located in a major metropolitan area and it is unlikely that our executives could secure comparable employment without relocating to another city.

Executive Perquisites. Executive compensation also includes a limited number of perquisites that have historically been provided to our executives and that the Committee believes enhance our ability to attract and retain qualified executives. These perquisites include car allowances, disability insurance, reimbursement for annual medical examinations, and limited club memberships. Our executive officers are also permitted to accrue unused vacation on a more favorable basis than that available to other Company employees. Our employees (other than executive officers) are permitted to accrue up to 150% of their annual vacation time. Our executive officers are permitted to accrue up to 200 hours of vacation, a limit slightly higher than that available to employees with more than ten years of service. The Compensation Committee believes that this policy is appropriate given that the management responsibilities of our executive officers often do not permit them the flexibility to utilize their vacation time on an annual basis. For additional information regarding perquisites provided to our executives, see *Executive Compensation All Other Compensation* on page 18 of this proxy statement.

Stock Ownership Guidelines. The Compensation Committee has approved stock ownership guidelines for our executive officers. The target ownership by our chief executive officer is a dollar amount equal to three times his average base salary and annual incentive bonus for the three immediately preceding calendar years (or, if less, all complete calendar years employed by the Company). The target ownership for each of our other executive officers is a dollar amount equal to two times their average base salary for the three immediately preceding calendar years (or, if less, all complete calendar years employed by the Company). All forms of Company equity,

Edgar Filing: AMERISAFE INC - Form DEF 14A

whether vested or unvested, including common stock, restricted stock, restricted stock units, stock options, or other forms of equity-based awards, are counted for purposes of determining compliance with the ownership guidelines.

In determining whether an executive meets the applicable guideline, the value of shares of common stock, including restricted stock and similar awards, is based upon the closing price of our common stock on the last trading day of the most recent calendar year. In addition, the value of stock options is equal to the greater of (a) the value of the award on the date of grant calculated in accordance with the Black-Scholes-Merton option pricing model and (b) the difference between the applicable exercise price and the closing price of our common stock on the last trading day of the most recent calendar year.

Until an executive officer meets the ownership target provided under the guidelines, he or she is required to retain all shares received under the Company's compensation plans, except for shares sold to pay the exercise price, if any, and to satisfy tax obligations. After an executive meets the applicable guidelines, he or she is still required to retain 20% of any shares obtained by exercising a stock option or vesting of a restricted stock award, net of shares sold to pay the exercise price, if any, and to satisfy tax obligations.

The following table sets forth for each named executive officer the applicable stock ownership guideline and actual equity ownership as of December 31, 2008, as measured in dollars using the methodology described above.

Executive and Principal Position	Stock Ownership Guideline	Value of Stock Options at 12/31/2008	Value of Other Holdings at 12/31/2008	Total Stock Ownership
C. Allen Bradley, Jr. Chairman, President, and Chief Executive Officer	\$ 2,244,792	\$ 5,453,690	\$ 700,052	\$ 6,153,742
G. Janelle Frost Executive Vice President,	\$ 245,584	\$ 644,320	\$ 3,080	\$ 647,400
and Chief Financial Officer Geoffrey R. Banta Chief Operating Officer	\$ 480,000	\$ 2,738,375	\$ 177,277	\$ 2,915,652
Craig P. Leach Executive Vice President,	\$ 452,222	\$ 2,190,700	\$ 102,609	\$ 2,293,309

No Tax Gross-Up Payments. We do not provide, and no executive officer is entitled to receive, any tax gross-up payments in connection with compensation, severance, perquisites, or other benefits provided by the Company.

Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code provides that compensation in excess of \$1 million paid to the chief executive officer or to any of the other three most highly compensated executive officers (other than the chief financial officer) of a public company is not deductible for federal income tax purposes unless the compensation qualifies as performance based compensation. Awards of stock options granted under our Equity Incentive Plan are intended to qualify for deduction under federal tax law and regulation. The Committee reviews on an annual basis the potential impact of this deduction limitation on executive compensation. Based on current compensation levels, the Committee presently believes that no action is necessary at this time. The Compensation Committee intends to continue to evaluate the Company's potential exposure to this deduction limitation.

2008 Compensation

Compensation Survey. At the end of 2007, at the direction of the Compensation Committee, management undertook a survey (the *Survey*) of compensation practices and levels at a selected group of peer companies. The six companies in the Survey are all publicly traded insurance companies. They include three companies that, like our Company, derive their revenue almost exclusively from the workers' compensation insurance business. The other three companies surveyed derive most of their revenue from the insurance business, although not from workers' compensation insurance. The companies in the Survey group were:

Affirmative Insurance Holdings, Inc.

Meadowbrook Insurance Group, Inc.

AmCOMP, Inc.

SeaBright Insurance Holdings, Inc.

EMC Insurance Group, Inc.

Tower Group, Inc.

Base Salary. Based on the Survey, the Compensation Committee concluded that our chief executive officer's base salary was below the mean for chief executive officer base salaries at the survey companies. Based on the Survey results, and, with respect to Messrs. Banta and Leach, upon Mr. Bradley's recommendations and upon the Compensation Committee's view of their continuing contributions and value to the Company, in February 2008 Messrs. Bradley, Banta, and Leach each received increases to their base salaries. Mr. Bradley's annual base salary was increased to \$425,000, Mr. Banta's to \$255,000, and Mr. Leach's to \$235,000. Following the increase in Mr. Bradley's base salary, his base salary for 2008 was approximately 87% of the mean base salary of chief executive officers at the companies in the Survey. No adjustment was made to Mr. Narigon's base salary in 2008 because he received an increase in September 2007, the anniversary of his joining the Company, and the Committee wanted to conform the timing of his annual salary review to that of our other executive officers.

Effective November 1, 2008 Mr. Banta was made chief operating officer and Ms. Frost became our chief financial officer. Both Mr. Banta and Ms. Frost received increases to their base salaries in connection with their promotions. Mr. Banta's base salary was increased to \$300,000, and Ms. Frost's was increased to \$175,000.

The following table summarizes the base salaries of our named executive officers at December 31, 2007 and 2008:

Executive and Principal Position	Base Salary at 12/31/07	Base Salary at 12/31/08	Increase	Percentage Increase
C. Allen Bradley, Jr. Chairman, President, and Chief Executive Officer	\$ 400,000	\$ 425,000	\$ 25,000	6.25%

2008 Annual Incentive Compensation. In determining annual incentive compensation for 2008, the Compensation Committee considered the Company's and the executive officers' performance in relation to the goals set by the Compensation Committee under the Annual Incentive Plan at the beginning of the year. Although the Compensation Committee gave due consideration to the accomplishment of the goals established

under the Annual Incentive Plan, it also used significant discretion in making incentive awards under it. Goals established at the company level, and the results considered in making awards, were as follows:

Goal	Satisfactory Performance	Superlative Performance	Result
Return on Average Equity	15%	18%	17.1% on GAAP basis 23.2% on operating basis
Gross Written Premium	\$310 million	\$340 million	\$307.8 million
Net Combined Ratio	94%	Less than 90%	81.4%

Because of recent conditions in the financial markets and the resulting adverse effect on the Company's investment portfolio, the Committee considered return on average equity on both a GAAP basis and an operating basis. The Compensation Committee also established various personal goals for the executive officers under the Annual Incentive Plan. The goals established were, for the most part, qualitative rather than quantitative, and the Compensation Committee found that the established goals had been addressed satisfactorily by the executive officers. The Compensation Committee approved bonus payments at or above target levels for the executive officers that participated in the Annual Incentive Plan in 2008. The committee approved annual incentive awards equal to 100% of base salary to Mr. Bradley, 62% of base salary to Mr. Banta and 60% of base salary to Messrs. Leach and Narigon. Mr. Banta's award was determined by applying a weighted average of 60% of base salary for the ten months of the year he served as our executive vice president and chief financial officer and 70% of base salary for the two months he served as our chief operating officer. Additionally, the Compensation Committee approved an award to Ms. Frost, who became our chief financial officer in November 2008, equal to approximately 44% of her 2008 base salary compensation. Ms. Frost was not eligible to participate in the Annual Incentive Plan in 2008 as she did not become an executive officer until November 2008.

Although the Committee awarded a portion of the executive officers' annual incentive compensation for 2005, 2006, and 2007 in the form of restricted stock, it chose to pay annual incentive compensation for 2008 entirely in cash. The Committee chose not to make restricted stock a part of the 2008 annual incentive awards because management stock ownership guidelines had been approved by the Committee and because of the relatively low market price of the Company's common stock in relation to its book value at the time the awards were approved. Recipients of the annual incentive awards were encouraged by the Committee to use a portion of the cash awards to make open-market purchases of the Company's common stock.

Long-Term Incentive Compensation. In connection with her promotion to chief financial officer in November 2008 Ms. Frost received options to purchase 75,000 shares of our common stock with an exercise price of \$15.71, which was the closing price on the grant date. She had previously received options to purchase 19,000 shares of our common stock at \$9.00 at the time of our initial public offering in 2005. The Committee's purpose in granting additional stock options to Ms. Frost was to further align her financial interests with those of our shareholders and to provide a greater incentive to remain with our Company. The Committee also considered the relative number of stock options granted to Ms. Frost compared with our other executive officers. No other named executive officer received a stock option award in 2008.

All options that have been granted to date under our Equity Incentive Plan vest 20% each year commencing on the first anniversary of the date of grant, and if unexercised, expire on the tenth anniversary of the grant date. For additional information regarding outstanding equity awards held by our executive officers, see "Executive Compensation - Outstanding Equity Awards at Fiscal Year End" on page 21 of this proxy statement.

Employment Agreements

In March 2008, we entered into amended employment agreements with each of Messrs. Bradley, Banta, Leach, and Narigon. These agreements replaced our then existing employment agreements with each of these officers. In November 2008, we entered into an employment agreement with Ms. Frost in connection with her promotion to chief financial officer. Each of these employment agreements expires on March 1, 2011, unless extended. The term of each agreement is automatically extended for an additional consecutive one-year period unless either party provides notice not to extend the term at least 30 days prior to the applicable expiration date. The agreements provide for an annual base salary of not less than \$425,000 for Mr. Bradley, \$175,000 for Ms. Frost, \$255,000 for Mr. Banta, \$235,000 for Mr. Leach, and \$210,000 for Mr. Narigon. The officers are also eligible to receive an annual incentive award under our Annual Incentive Plan or any subsequent annual incentive plan that we may adopt.

Under these agreements, if we terminate the employment of one of our executive officers without cause, the terminated executive officer will be entitled to receive severance compensation consisting of cash severance paid in installments, and continued health benefits for a period of 12 months (18 months for our chief executive officer). The cash severance payment for the covered executives (other than our chief executive officer) is an amount equal to the officer's then current annual base salary plus the average annual incentive award received by the executive in the prior three years. For our chief executive officer, the cash severance payment is one and one-half times the amount described in the preceding sentence. These employment agreements also provide that the terminated executive will not engage in activities that are competitive with our business for 12 months (18 months for our chief executive officer).

An executive officer is deemed to have been terminated without cause if:

we elect not to extend the terms of his employment agreement or he is terminated by us for any reason other than:

death or disability;

indictment or arrest for, plea of no contest to, or conviction of a felony or other crimes involving theft, fraud, securities or drugs;

misconduct that is materially detrimental to the Company;

Edgar Filing: AMERISAFE INC - Form DEF 14A

actions that cause or are likely to cause material harm to the Company;

breach of fiduciary duty to or engaging in a prohibited conflict of interest with the Company;

failure to comply with reasonable and lawful instructions of our board of directors (or, in the case of our chief operating officer and executive vice presidents, reasonable and lawful instructions of our president);

gross negligence or willful disregard in the performance of his duties;

a breach of the employment agreement by the executive officer;

or

the executive terminates his employment with us following:

a material reduction in his authority or responsibility;

a material reduction in his base salary, other than as part of a program approved by the board of directors that applies to substantially all senior executives;

a termination of his employee benefits, unless the termination is applicable to all senior executives or is required under the applicable plan or law;

relocation of the executive's principal place of work without his consent with the effect of materially increasing his commute; or

a material breach of the employment agreement by us.

Each of our executive officers has agreed during the term of his employment by us not to engage in any business competitive with us or solicit our employees, agents, or policyholders without our prior written consent. If one of our executive officers is terminated by us without cause, the prohibition on engaging in competitive activities or soliciting our employees, agents, or policyholders extends for a period of 12 months (18 months for our chief executive officer) after the date of termination. If an executive officer is terminated by us for cause, the executive officer terminates his employment other than for one of the reasons specified above, or if an executive officer elects not to renew the term of his employment agreement, we have the option to extend the restriction on engaging in competitive or solicitation activities for a period of 12 months (18 months for our chief executive officer) after the date of termination or non-renewal by (a) delivering a written notice to the executive officer within 180 days after his termination or non-renewal, and (b) paying the executive officer the severance compensation provided under his employment agreement.

- (1) The shares of restricted stock held by these executive officers were awarded as a portion of the 2007 annual incentive compensation. These restricted stock awards vested on March 1, 2009, the first anniversary of the grant date.
- (2) The stock options vest 20% each year commencing on the first anniversary of the grant date.
- (3) The exercise price of these stock options was the closing price of our common stock on the grant date.
- (4) Represents the grant date value in accordance with FAS 123R of the shares of restricted stock and stock options granted to our executive officers for the year ended December 31, 2008. See Note 13 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2008 for information regarding the assumptions made in determining these values.

Equity Incentive Plan and 2008 Awards

Our Equity Incentive Plan was approved by our Board and shareholders in October 2005 and is administered by our Compensation Committee. The Equity Incentive Plan permits awards in the form of stock options, restricted stock, and restricted stock units. The maximum number of shares of our common stock that may be issued pursuant to equity awards under the Equity Incentive Plan is 1.9 million shares. Options granted under the Equity Incentive Plan are required to have an exercise price of not less than the fair market value of our common stock on the grant date.

Agreements evidencing awards may provide for accelerated vesting upon a change in control of our Company. Under the Equity Incentive Plan, a change in control is defined as:

1. the acquisition by any person, entity or group of 35% or more of our voting stock, other than such an acquisition by the Company or its subsidiaries or a Company benefit plan, or a transaction that is not deemed a change in control under 2 below;
2. a reorganization, merger, consolidation, sale, or other disposition of all or substantially all of our assets, or other transaction unless:

the holders of our voting stock immediately prior to the transaction beneficially own more than 50% of the combined voting power of the surviving entity;

no person, entity, or group beneficially owns 35% or more of the combined voting power of the surviving entity; and

a majority of the directors of the surviving entity were directors of our Company prior to the transaction;

3. when a majority of our directors (a) have not been approved by two-thirds of our then directors or (b) were elected or appointed as a result of an actual or threatened election contest; or
4. approval by our shareholders of a complete liquidation or dissolution of the Company.

In February 2008, the Compensation Committee approved annual incentive compensation awards for 2007 using a combination of cash bonuses and shares of restricted stock granted under our Equity Incentive Plan. The Audit Committee reviewed and discussed with both management and the Company's independent registered public accounting firm the audited financial statements of the Company for the year ended December 31, 2008 prior to their issuance. During 2008, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. The Audit Committee also discussed with its independent registered public accounting firm matters relating to its independence and received the written disclosures and letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence.

Taking all of these reviews and discussions into account, all of the Audit Committee members, whose names are listed below, recommended to the Board that it approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, for filing with the SEC.
