CAESARS ENTERTAINMENT CORPORATION

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

(UNAUDITED)

In these footnotes, the words "Company," "Caesars Entertainment," "we," "our," and "us" refer to Caesars Entertainment Corporation, a Delaware corporation, and its subsidiaries, unless otherwise stated or the context requires otherwise.

Note 1 Organization and Basis of Presentation

Organization

As of June 30, 2012, we owned, operated, or managed, through various subsidiaries, 53 casinos in 13 U.S. states and seven countries. The majority of these casinos operate in the United States and England, primarily under the Caesars, Harrah's, and Horseshoe brand names in the U.S. Our casino entertainment facilities include 34 land-based casinos, 12 riverboat or dockside casinos, three managed casinos on Indian lands in the U.S., one managed casino in Canada, one casino combined with a greyhound racetrack, one casino combined with a thoroughbred racetrack, and one casino combined with a harness racetrack. Our 34 land-based casinos include one in Uruguay, nine in England, one in Scotland, two in Egypt, and one in South Africa. We view each casino property as an operating segment and aggregate all such casino properties into one reportable segment.

On January 28, 2008, Caesars Entertainment was acquired by affiliates of Apollo Global Management, LLC ("Apollo") and affiliates of TPG Capital, LP (together with such affiliates, "TPG" and, together with Apollo, the "Sponsors") in an all-cash transaction ("the Acquisition"). As a result of the Acquisition and through February 7, 2012, our stock was not publicly traded.

Effective February 8, 2012, as the result of the Company's initial public offering, our common stock trades on the NASDAQ Global Select Market ("NASDAQ") under the symbol "CZR." In connection with the public offering, the Company effected a 1.742-for-one split of its common stock. All applicable share and per-share data presented herein have been retroactively adjusted to give effect to this stock split. See Note 7, "Stockholders' Equity, Non-controlling Interests, and Loss Per Share," for further information.

Basis of Presentation

The accompanying unaudited consolidated condensed financial statements of the Company have been prepared under the rules and regulations of the Securities and Exchange Commission ("SEC") applicable for interim periods and, therefore, do not include all information and footnotes necessary for complete financial statements in conformity with accounting principles generally accepted in the United States ("GAAP"). The results for the interim periods reflect all adjustments (consisting primarily of normal recurring adjustments) that management considers necessary for a fair presentation of financial position, results of operations, and cash flows.

The results of operations for our interim periods are not necessarily indicative of the results of operations that may be achieved for the entire 2012 fiscal year. The financial information as of December 31, 2011 is derived from our audited consolidated condensed financial statements and footnotes for the year ended December 31, 2011 included in our 2011 Annual Report on Form 10-K (the "2011 10-K") which has been recast to reflect the assets and liabilities of Harrah's St. Louis casino as held for sale as further described in Note 2, "Acquisitions, Investments and Dispositions." The information included in this Quarterly Report of Form 10-Q (the "10-Q") should be read in conjunction with the footnotes and management's discussion and analysis of the consolidated condensed financial statements in the 2011 10-K. We have recast certain amounts for prior periods to conform to our 2012 presentation.

Note 2 Acquisitions, Investments and Dispositions

Acquisitions and Investments

Chester Downs

In January 2012, we received notice that the minority owners of Chester Downs and Marina, LLC ("Chester Downs") elected to exercise their put rights thereby requiring us to purchase from the minority owners 90% of their interest in Chester Downs for consideration of \$9.6 million. We consummated this purchase on February 14, 2012. As a result, we now have a 99.5% ownership interest in this property.

Table of Contents**Windsor Casino Limited**

In June 2012, Windsor Casino Limited ("WCL") redeemed and canceled all of the WCL shares held by HPP International Corporation (a Hilton affiliate), an unrelated third party, representing 50% of WCL's equity, for \$8.7 million. The redemption of the shares increased Caesars ownership interest to 100%. The results of WCL for the periods subsequent to the transaction are consolidated with our results of operations. Prior to June 2012, we had a 50% ownership interest in WCL that was accounted for under the equity method. WCL operates Caesars Windsor located in Windsor, Ontario, and the province of Ontario owns the complex.

Dispositions**Harrah's St. Louis**

In May 2012, the Company, along with certain of its wholly-owned subsidiaries, entered into an equity interest purchase agreement with Penn National Gaming, Inc. ("Penn") whereby the Company is selling its Harrah's St. Louis casino to Penn for a purchase price of \$610.0 million subject to customary closing conditions, including the receipt of regulatory approvals. The sale is expected to close in the second half of 2012. The Company expects to use the net proceeds from the sale to fund Caesars Entertainment Operating Company, Inc. ("CEOC") capital expenditures or to repurchase certain outstanding debt obligations of CEOC.

All assets and liabilities included in the purchase agreement have been classified as held for sale in our consolidated condensed balance sheets at June 30, 2012 and December 31, 2011, as follows:

(In millions)	June 30, 2012	December 31, 2011

Table of Contents**Note 3 Property and Equipment, net**

Property and equipment, net consisted of the following:

(In millions)	June 30, 2012	December 31, 2011
Land and land improvements	\$ 7,420.5	\$ 7,411.8
Land concessions	504.4	606.7

Less: accumulated depreciation	(2,958.2)	(2,607.4)
	\$ 16,676.1	\$ 17,069.9

Interest capitalized was \$9.2 million and \$0.2 million for the quarter ended June 30, 2012 and 2011, respectively, and \$18.0 million and \$0.7 million for the six months ended June 30, 2012 and 2011, respectively. Interest capitalized in 2012 was primarily related to the Linq project in Las Vegas.

In March 2012, we recorded an impairment of \$167.5 million on tangible assets related to a previously halted development project in Biloxi, Mississippi that was included in construction in progress. During the second quarter of 2012, we determined that it is more likely than not that we will divest of our investment in a land concession in Macau prior to the end of the remaining 35-year term of the concession. As a result, we performed an impairment assessment on this investment and recorded an impairment charge of \$101.0 million.

Depreciation expense, which is included in depreciation and amortization, corporate expense, and income from discontinued operations in our consolidated condensed statements of comprehensive loss, is as follows:

(In millions)	Quarter Ended June 30, 2012	Quarter Ended June 30, 2011	Six Months Ended June 30, 2012	Six Months Ended June 30, 2011
Depreciation expense	\$ 184.7	\$ 175.7	\$ 374.4	\$ 355.5

Note 4 Goodwill and Other Intangible Assets

The following table sets forth changes in our goodwill and other intangible assets for the six months ended June 30, 2012.

(In millions)	Amortizing Intangible Assets	Non-Amortizing Intangible Assets Goodwill	Other
Balance at December 31, 2011	\$ 1,163.7	\$ 3,360.4	\$ 3,199.5

Other, including foreign currency translation	0.1		0.1
Balance at June 30, 2012	\$ 1,077.4	\$ 3,360.4	\$ 3,166.6

We completed an impairment assessment of goodwill and other non-amortizing intangible assets during the second quarter of 2012, and recorded an impairment of \$33.0 million related to trademark intangibles as a result of reduced revenues associated with our trademarks. For our assessment, we determined the estimated fair value of each reporting unit as a function, or multiple, of earnings before interest, taxes, depreciation and amortization (EBITDA), combined with estimated future cash flows discounted at rates commensurate with the Company's capital structure and the prevailing borrowing rates within the casino industry in general. Both EBITDA multiples and discounted cash flows are

Edgar Filing: CAESARS ENTERTAINMENT Corp - Form 10-Q

common measures used to value and buy or sell cash-intensive businesses such as casinos. We determine the estimated fair values of our non-amortizing intangible assets by primarily using the Relief From Royalty Method and Excess Earnings Method under the income approach.

Credit Agreement

In connection with the Acquisition, CEOC entered into the senior secured credit facilities (the "Credit Facilities"). This financing is neither secured nor guaranteed by Caesars Entertainment's other direct, wholly-owned subsidiaries, including the subsidiaries that own properties that are security for the CMBS Financing, as defined in our 2011 10-K.

In May 2011, CEOC amended its Credit Facilities to, among other things: (i) allow CEOC to buy back loans from individual lenders at negotiated prices at any time, which may be less than par, (ii) allow CEOC to extend the maturity of term loans or revolving commitments, as applicable, and for CEOC to otherwise modify the terms of loans or revolving commitments in connection with such an extension, and (iii) modify certain other provisions of the credit facilities. CEOC also extended its Credit Facilities by (i) converting \$799.4 million of B-1, B-2 and B-3 term loans held by consenting lenders to B-5 term loans with an extended maturity date of January 28, 2018 and a higher interest rate with respect to such extended term loans (the "Extended Term Loans") and (ii) converting \$423.3 million of revolver commitments held by consenting lenders into Extended Term Loans.

In March 2012, CEOC amended its Credit Facilities to, among other things, (i) extend the maturity of \$2,731.4 million of B-1, B-2 and B-3 term loans held by consenting lenders from January 28, 2015 to January 28, 2018 and increase the interest rate with respect to such extended term loans (the "Term B-6 Loans"); (ii) convert \$82.3 million of original maturity revolver commitments held by consenting lenders to Term B-6 Loans and promptly following such conversion, repay \$1,095.6 million of B-1, B-2, B-3 and B-6 term loans; (iii) extend the maturity of \$25.0 million original maturity revolver commitments from January 28, 2014 to January 28, 2017 and increase the interest rate and the undrawn commitment fee with respect to such extended revolver commitments and terminate \$6.3 million of original maturity revolver commitments; and (iv) modify certain other provisions of the Credit Facilities. In addition to the foregoing, CEOC may elect to extend and/or convert additional term loans and/or revolver commitments from time to time.

During the second quarter of 2012, CEOC extended the maturity on an additional \$123.5 million of B-1, B-2, and B-3 term loans and converted another \$38.0 million of original maturity revolver commitments to Term B-6 Loans.

As of June 30, 2012, our Credit Facilities provide for senior secured financing of up to \$7,300.5 million, consisting of (i) senior secured term loans in an aggregate principal amount of \$6,220.3 million comprised of \$1,987.0 million maturing on January 28, 2015, \$975.0 million maturing on October 31, 2016, and \$3,258.3 million maturing on January 28, 2018 and (ii) a senior secured revolving credit facility in an aggregate principal amount of up to \$1,080.2 million, with \$1,055.2 million maturing January 28, 2014 and \$25.0 million maturing on January 28, 2017, including both a letter of credit sub-facility and a swingline loan sub-facility. The term loans under the Credit Facilities require scheduled quarterly payments of \$3.8 million, with the balance due at maturity. As of June 30, 2012, \$97.9 million of the revolving credit facility is committed to outstanding letters of credit. After consideration of the letter of credit commitments, \$982.3 million of additional borrowing capacity was available to the Company under its revolving credit facility as of June 30, 2012.

CMBS Financing

In March 2011, we purchased \$108.1 million of face value of CMBS Loans for \$73.5 million, recognizing a gain of \$33.2 million, net of deferred financing costs. In April 2011, we purchased \$50.0 million of face value of CMBS Loans for \$35.0 million, recognizing a gain of \$14.3 million, net of deferred financing costs.

In January 2012, we purchased \$2.0 million of face value of CMBS Loans for \$1.0 million, recognizing a gain of \$1.0 million, net of deferred financing costs. In March 2012, we purchased \$116.7 million of face value of CMBS Loans for \$70.8 million, recognizing a gain of \$44.8 million, net of deferred financing costs. In April 2012, we purchased \$83.7 million of face value of CMBS Loans for \$50.2 million, recognizing a gain of \$32.7 million, net of deferred finance charges.

Other Financing Transactions

In February 2012, Chester Downs issued \$330.0 million aggregate principal amount of 9.25% senior secured notes due 2020 through a private placement. Chester Downs used \$232.4 million of the proceeds of the notes to repay its existing term loan plus accrued interest and a prepayment penalty. The remaining proceeds were used to make a distribution to Chester Downs' managing member, Harrah's Chester Downs Investment Company, LLC, a wholly-owned subsidiary of CEOC, and for other general corporate purposes.

In February 2012, Caesars Operating Escrow LLC and Caesars Escrow Corporation, wholly owned subsidiaries of CEOC, completed the offering of \$1,250.0 million aggregate principal amount of 8.5% senior secured notes due 2020, the proceeds of which were placed into escrow. On March 1, 2012, the escrow conditions were satisfied and CEOC assumed the notes. CEOC used \$1,095.6 million of the net proceeds from this transaction to repay a portion of its senior secured term loans under the Credit Facilities in connection with the March 2012 amendment discussed above.

During the second quarter of 2012, a subsidiary of Caesars Entertainment purchased \$5.9 million face value of CEOC debt for \$3.2 million, recognizing a gain of \$1.0 million.

In June 2012, a subsidiary of Caesars Entertainment issued a non-interest bearing promissory note in the amount of \$28.5 million. See Note 7, Stockholders' Equity, Non-controlling Interests, and Loss Per Share, for more information.

Restrictive Covenants and Other Matters

Certain of our borrowings have covenants and requirements that include, among other things, the maintenance of specific levels of financial ratios. Failure to comply with these covenants can result in limiting our long-term growth prospects by hindering our ability to incur future indebtedness or grow through acquisitions. Specifically, CEOC's senior secured credit facilities require CEOC to maintain a senior secured leverage ratio of no more than 4.75 to 1.0, which is the ratio of senior first priority secured debt to last twelve months (LTM) Adjusted EBITDA-Pro Forma - CEOC Restricted. This ratio excludes up to \$2,200.0 million of first priority senior secured notes and up to \$350.0 million aggregate principal amount of consolidated debt of subsidiaries that are not wholly owned. This ratio also reduces the amount of senior first priority secured debt by the amount of unrestricted cash on hand. As of June 30, 2012, CEOC's senior secured leverage ratio was 4.30 to 1.0. Many factors affect CEOC's continuing ability to comply with the covenant including (a) changes in gaming trips, spend per trip and hotel metrics, which are correlated to a consumer recovery, (b) increases in cost-savings actions, (c) asset sales, (d) issuing additional second lien or unsecured debt, (e) equity financings, (f) delays in investments in new developments, or (g) a combination thereof. In addition, under certain circumstances, our senior secured credit facilities allow us to apply cash contributions received by CEOC as an increase to Adjusted EBITDA if CEOC is unable to meet its Senior Secured Leverage Ratio.

In addition, certain covenants contained in CEOC's senior secured credit facilities and indentures covering its second priority senior secured notes and first priority senior secured notes restrict our ability to take certain actions such as incurring additional debt or making acquisitions if we are unable to meet a fixed charge coverage ratio (LTM Adjusted EBITDA-Pro Forma - CEOC Restricted to fixed charges) of at least 2.0 to 1.0, a total first priority secured leverage ratio (first priority senior secured debt to LTM Adjusted EBITDA-Pro Forma - CEOC Restricted) of no more than 4.5 to 1.0, and/or a consolidated leverage ratio (consolidated total debt to LTM Adjusted EBITDA-Pro Forma - CEOC Restricted) of no more than 7.25 to 1.0. As of June 30, 2012, CEOC's total first priority secured leverage ratio and consolidated leverage ratio were 6.05 to 1.0 and 12.02 to 1.0, respectively. For the twelve months ended June 30, 2012, CEOC's earnings were insufficient to cover fixed charges by \$614.8 million. For purposes of calculating the fixed charge coverage ratio, fixed charges includes consolidated interest expense less interest income and any cash dividends paid on preferred stock (other than amounts eliminated in consolidation). For purposes of calculating the total first priority secured leverage ratio and the consolidated leverage ratio, the amounts of first priority senior secured debt and consolidated total debt, respectively, are reduced by the amount of unrestricted cash on hand. The covenants that provide for the fixed charge coverage ratio, total first priority secured leverage ratio, and consolidated leverage ratio described in this paragraph are not maintenance covenants.

Table of Contents**Note 6 Derivative Instruments*****Derivative Instruments Interest Rate Swap Agreements***

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. As of June 30, 2012, we have entered into eight interest rate swap agreements for notional amounts totaling \$5,750.0 million. The difference to be paid or received under the terms of the interest rate swap agreements is accrued as interest rates change and recognized as an adjustment to interest expense for the related debt. Changes in the variable interest rates to be paid or received pursuant to the terms of the interest rate swap agreements will have a corresponding effect on future cash flows.

The major terms of the interest rate swap agreements as of June 30, 2012 are as follows:

Effective Date	Notional Amount (In millions)	Fixed Rate Paid	Variable Rate Received as of June 30, 2012	Next Reset Date	Maturity Date
April 25, 2011	\$ 250.0	1.351%	0.245%	July 25, 2012	January 25, 2015

April 25, 2011	250.0	1.350%	0.245%	July 25, 2012	January 25, 2015
January 25, 2011	1,000.0	3.068%	0.245%	July 25, 2012	January 25, 2015
April 25, 2011	1,000.0	3.150%	0.245%	July 25, 2012	January 25, 2015
January 25, 2011	1,000.0	3.750%	0.245%	July 25, 2012	January 25, 2015
April 25, 2011	1,000.0	3.264%	0.245%	July 25, 2012	January 25, 2015
January 25, 2011	1,000.0	3.814%	0.245%	July 25, 2012	January 25, 2015

The variable rate on our interest rate swap agreements did not materially change as a result of the July 25, 2012 reset.

On January 18, 2012, the Company amended the terms of three \$1,000.0 million notional value of interest rate swap contracts with a corresponding change in the elected interest rate on \$3,000.0 million of term loans under the Credit Facilities. Effective January 25, 2012 through January 25, 2014, the variable rate received on the swaps changed from three-month to one-month LIBOR and the fixed payment rate was reduced by 16.5 basis points. The table above reflects the amended payment rates.

Derivative Instruments Interest Rate Cap Agreements

We have an interest rate cap agreement to partially hedge the risk of future increases in the variable rate of the CMBS Financing. The CMBS interest rate cap agreement, which was effective in January 2008 and terminates February 13, 2013, is for a notional amount of \$6,500.0 million at a LIBOR cap rate of 4.5%. We are amortizing deferred losses from the interest rate cap frozen in accumulated other comprehensive loss (AOCL) into income over the original remaining term of the hedged forecasted transactions that are still probable of occurring. For the quarter and six months ended June 30, 2012, we recorded \$5.2 million and \$10.4 million, respectively, as an increase to interest expense, and we will record an additional \$13.9 million as an increase to interest expense and AOCL through the termination date, all related to deferred losses on the interest rate cap. At June 30, 2012, \$4,650.2 million of the interest rate cap was designated a cash flow hedging instrument for accounting purposes. Any future changes in fair value of the portion of the interest rate cap not designated as a hedging instrument will be recognized in interest expense during the period in which the changes in value occur.

The hedging relationship between the CMBS Financing and the interest rate cap has remained effective subsequent to each debt extinguishment. In connection with the extinguishments, we reclassified deferred losses out of AOCL and into interest expense associated with the hedge for which the forecasted future transactions are no longer probable of occurring.

Derivative Instruments Other

During the second quarter of 2012, the Company entered into a \$33.2 million written put option (the Option) for certain preferred equity interests. The potential future aggregate cash payments of \$33.2 million related to the Option may occur from time to time. Based on the structure of this security as a written put option, the obligation for these potential cash payments is not reflected in our consolidated condensed balance sheets. Additionally, the Option is recorded in our consolidated condensed balance sheets at its fair value, which was \$0 as of June 30, 2012.

In addition to the impact on interest expense from amounts reclassified from AOCL, the difference to be paid or received under the terms of the interest rate swap agreements is recognized as interest expense and is paid quarterly. This cash settlement portion of the interest rate swap agreements increased interest expense for the quarters and six months ended June 30, 2012 and 2011 by approximately \$42.2 million and \$84.0 million, and \$50.8 million and \$117.3 million, respectively.

At June 30, 2012, our variable-rate debt, excluding \$5,750.0 million of variable-rate debt hedged using interest rate swap agreements, represents 28% of our total debt, while our fixed-rate debt is 72% of our total debt.

Note 7 Stockholders Equity, Non-controlling Interests, and Loss Per Share

Common Stock

In January 2012, the Company entered into an agreement with certain of its direct and indirect stockholders, pursuant to which the Company, Hamlet Holdings, and entities controlled by the Sponsors released the contractual transfer restrictions on 24.2 million shares of our common stock (the Released Shares) beneficially owned by certain indirect stockholders (the Participating Co-Investors). In consideration for such release, the Participating Co-Investors agreed to contribute 1.8 million shares to the Company (the Delivered Shares). The Company agreed to cause the registration for resale (the Shelf Registration) under the Securities Act of the remaining Released Shares not constituting Delivered Shares (the Registered Shares) and the listing of the Registered Shares on NASDAQ.

In February 2012, the Company received the Delivered Shares, placed them into its treasury, and offered 1.8 million newly issued shares of its common stock and an underwriters allotment of 271,697 shares, in a public offering, at \$9.00 per share. As a result of the public offering, the Company's common stock trades on the NASDAQ under the symbol CZR. In connection with this public offering, the Company effected a 1.742-for-one split of its common stock.

Table of Contents

The Shelf Registration was filed in February 2012, and, upon its effectiveness, 50% of the Registered Shares became eligible for resale under the Shelf Registration. The Participating Co-Investors agreed not to offer or sell, dispose of or hedge, directly or indirectly, the remaining 50% of the Registered Shares without the permission of certain of the underwriters for the public offering for a period of 180 days from the pricing of such offering, subject to certain exceptions and automatic extension in certain circumstances.

In March 2012, the Company filed a prospectus with the SEC, as part of a registration statement, to sell shares of common stock, up to a maximum aggregate offering price of \$500.0 million. In April 2012, the Company entered into an equity distribution agreement with Citigroup Global Markets Inc. and Credit Suisse Securities (USA) LLC, whereby the Company may issue and sell up to 10.0 million shares of the Company's common stock from time to time. As of June 30, 2012, the Company has sold 15,000 shares with an aggregate offering price of approximately \$216,000.

Non-controlling Interests

In March 2012, Rock Ohio Ventures, LLC (formerly known as Rock Gaming, LLC) (Rock) and Caesars Interactive Entertainment, Inc. (CIE), a majority-owned subsidiary of Caesars, entered into an agreement pursuant to which Rock purchased approximately 6,155 shares of CIE common stock for \$30.4 million in cash and agreed to purchase additional shares of CIE common stock on or before July 2, 2012. In June 2012, CIE and Rock modified the agreement such that CIE issued to Rock approximately 382 shares of CIE common stock and a promissory note for \$28.5 million in exchange for \$30.4 million in cash. The promissory note is convertible into approximately 5,773 shares of CIE common stock upon the satisfaction of certain specified criteria and is classified as long-term debt in our consolidated condensed balance sheet at June 30, 2012. Pursuant to the terms of the original agreement, Rock has the option to purchase approximately 3,140 additional shares of CIE common stock for \$19.2 million in cash, which option must be exercised on or before November 15, 2012.

Loss Per Share

Basic loss per share from continuing operations and discontinued operations is calculated by dividing loss from continuing operations and income from discontinued operations, respectively, net of income taxes, by the weighted-average number of common shares outstanding for each period. Because the Company generated net losses for the quarter and six months ended June 30, 2012 and 2011, the weighted-average basic shares outstanding was used in calculating diluted loss per share from continuing operations, and diluted earnings per share from discontinued operations, as using diluted shares would be anti-dilutive to loss per share.

The following table shows the number of shares which were excluded from the computation of diluted loss per share for the quarter and six months ended June 30, 2012 and 2011, as they were anti-dilutive:

(In millions)	Quarter Ended June 30,		Six Months Ended June 30,	
	2012	2011	2012	2011
Stock options outstanding	8.2	6.9	8.2	7.0
Warrants outstanding	0.4	0.1	0.4	0.1
Total anti-dilutive potential common shares	8.6	7.0	8.6	7.1

Note 8 Stock-Based Compensation

Our stock-based compensation expense consists primarily of time-based and performance-based options of Caesars Entertainment and one of its subsidiaries that have been granted to management, other personnel and key service providers. The Company has recognized compensation expense associated with its stock-based compensation programs as follows:

(In millions)	Quarter Ended June 30,		Six Months Ended June 30,

Table of Contents

During the quarter ended June 30, 2012, the Company recorded \$16.2 million of expense related to stock-based awards of its subsidiaries, of which \$15.5 million related to liability-classified awards that are re-measured to fair value at each reporting date, and \$0.7 million related to equity-classified awards that are measured at their fair value at the date of grant.

In February 2012, the Company declared a 1.742-for-one stock split in connection with its public offering, and the Board of Directors adopted the 2012 Performance Incentive Plan (the "2012 Incentive Plan"). Directors, employees, officers and consultants or advisors who render services to the Company or its subsidiaries may be selected to receive awards under the 2012 Incentive Plan. Our Board of Directors or a subcommittee thereof has the authority to administer the 2012 Incentive Plan. The 2012 Incentive Plan includes the following limits:

no more than 6,867,018 shares may be issued with respect to incentive stock options under the 2012 Incentive Plan;

the maximum number of shares of common stock subject to those options and stock appreciation rights that are granted during any calendar year to any individual under the 2012 Incentive Plan is 3,433,509 shares, prior to consideration of the July 2012 amendment as further described in Note 16, "Subsequent Events";

the maximum number of shares of common stock which may be delivered pursuant to performance-based awards (other than options and stock appreciation rights intended to satisfy the requirements for "performance-based compensation" under Internal Revenue Code Section 162(m), and other than cash awards covered by the cap in the following sentence) that are granted to any one participant in any calendar year will not exceed 1,373,404 shares, either individually or in the aggregate;

in addition, the aggregate amount of compensation to be paid to any one participant in respect of all performance-based awards payable only in cash and not related to shares of common stock and granted to that participant in any one calendar year will not exceed \$25.0 million; and

awards cancelled during the year will be counted against the limits in the preceding two bullets to the extent required by Section 162(m) of the Internal Revenue Code.

As a result of adopting the 2012 Incentive Plan, options may no longer be granted under the Company's Management Equity Incentive Plan adopted February 27, 2008 (the "2008 Incentive Plan").

The following is a summary of share-based option activity, adjusted for the stock split, including options under the 2008 Incentive Plan and 2012 Incentive Plan and warrants to purchase common stock, for the six months ended June 30, 2012:

	Shares	Weighted Average Exercise Price

Note 9 Write-downs, Reserves, and Project Opening Costs, net of Recoveries

Write-downs, reserves, and project opening costs, net of recoveries include project opening costs and various pre-tax charges to record contingent liability reserves, costs associated with efficiency projects, project write-offs, demolition costs, and other non-routine transactions, net of recoveries of previously recorded non-routine reserves.

The components of write-downs, reserves, and project opening costs, net of recoveries are as follows:

(In millions)	Quarter Ended June 30,		Six Months Ended June 30,	
	2012	2011	2012	2011
Write-downs and reserves, net of recoveries:				
Remediation costs	\$ 3.6	\$ 4.3	\$ 6.0	\$ 7.8
Efficiency projects	1.7	14.0	7.8	25.5
Flood insurance deductibles	0.1	4.4	0.5	4.4
Litigation reserves, awards and settlements	(0.2)	5.3	(0.2)	6.1
Divestitures and abandonments	1.9	(2.6)	14.6	(0.4)
Other	0.8	(0.3)	0.1	
Total write-downs and reserves, net of recoveries	7.9	25.1	28.8	43.4
Project opening costs	0.1	4.1	1.8	4.3
Total write-downs, reserves, and project opening costs, net of recoveries	\$ 8.0	\$ 29.2	\$ 30.6	\$ 47.7

Remediation costs relate to projects at certain of our Las Vegas properties.

Efficiency projects represent costs incurred to identify and implement efficiency programs aimed at streamlining corporate and operating functions to achieve cost savings and efficiencies, such as Project Renewal.

Flood insurance deductibles represent the deductibles incurred as a result of the temporary closures of certain properties due to flooding.

Litigation reserves, awards and settlements include costs incurred/(reversed) as a result of the Company's involvement in various litigation matters, including contingent losses.

Divestitures and abandonments include (gains)/losses on divested assets and costs associated with various projects that are determined to no longer be viable.

Note 10 Income Taxes

Total income taxes were allocated as follows:

(In millions)	Quarter Ended June 30,		Six Months Ended June 30,	
	2012	2011	2012	2011
Income tax (benefit) on loss before income taxes	\$ (118.6)	\$ (107.7)	\$ (277.4)	\$ (193.5)
Income tax expense on discontinued operations	8.8	8.0	16.2	15.5
Accumulated other comprehensive loss/(income)	1.7	(17.2)	4.6	0.2
Accumulated deficit				6.0

We classify reserves for tax uncertainties within accrued expenses and deferred credits and other in our consolidated condensed balance sheets, separate from any related income tax payable or deferred income taxes. Reserve amounts relate to any potential income tax liabilities resulting from uncertain tax positions as well as potential interest or penalties associated with those liabilities.

Edgar Filing: CAESARS ENTERTAINMENT Corp - Form 10-Q

We file income tax returns, including returns for our subsidiaries, with federal, state, and foreign jurisdictions. We are under regular and recurring audit by the Internal Revenue Service (IRS) on open tax positions, and it is possible that the amount of the liability for unrecognized tax benefits could change during the next twelve months. The IRS audit of our 2008 federal income tax year concluded during the quarter ended June 30, 2010. The IRS proposed an adjustment to our cancellation of debt income tax position which was appealed. In the quarter ended June 30, 2012, the issue was settled resulting in a reduction of our net operating loss carryforwards of approximately \$5.4 million. In connection with the settlement, the total amount of unrecognized tax benefits (UTB) decreased by \$72.2 million. The decrease in UTB did not impact the Company's effective tax rate.

Note 11 Fair Value Measurements

Items Measured at Fair Value on a Recurring Basis

The following table shows the fair value of our financial assets and financial liabilities that are required to be measured at fair value as of June 30, 2012 and December 31, 2011:

(In millions)	Balance	Level 1	Level 2	Level 3
June 30, 2012				
Assets:				
Investments	\$ 114.5	\$ 113.0	\$ 1.5	\$
Derivative instruments	*		*	
Liabilities:				
Derivative instruments	(353.2)		(353.2)	
December 31, 2011				
Assets:				
Investments	\$ 108.4	\$ 106.9	\$ 1.5	\$
Derivative instruments	*		*	
Liabilities:				
Derivative instruments	(336.1)		(336.1)	

* Amount rounds to zero

The following section describes the valuation methodologies used to estimate or measure fair value, key inputs, and significant assumptions:

Investments Investments consist of debt and equity securities with maturity dates greater than 90 days at the date of the security's acquisition. The majority of these securities are traded in active markets, have readily determined market values, and use Level 1 inputs. Securities for which there are not active markets or the market values are not readily determinable are valued using Level 2 inputs. All of these investments are included in either prepayments and other current assets or deferred charges and other in our consolidated condensed balance sheets.

The fair value of investments in marketable securities were as follows:

(In millions)	June 30, 2012	December 31, 2011
Corporate bonds	\$ 1.5	\$ 1.5
Equity securities	2.7	2.4
Government bonds	108.3	102.5
Other liquid investments	2.0	2.0
Total investments	\$ 114.5	\$ 108.4

Gross unrealized gains and losses on marketable securities at June 30, 2012 and December 31, 2011 were not material.

Derivative instruments The estimated fair values of our derivative instruments are derived from market prices obtained from dealer quotes for similar, but not identical, assets or liabilities. Such quotes represent the estimated amounts we would receive or pay to terminate the contracts. Derivative instruments are included in either deferred charges and other, or deferred credits and other, in our consolidated condensed balance sheets. Our derivatives are recorded at their fair values, adjusted for the credit rating of the counterparty if the derivative is an asset, or adjusted for the credit rating of the Company if the derivative is a liability. See Note 6, Derivative Instruments, for more information.

Table of Contents**Items Measured at Fair Value on a Non-recurring Basis**

The following table shows the fair value of our assets that are required to be measured at fair value as of June 30, 2012 and the total impairment recorded on these assets during the three months ended June 30, 2012:

(In millions)	Balance	Level 1	Level 2	Level 3	Total Impairment
June 30, 2012					
Assets:					
Intangible and Tangible Assets	\$ 593.9	\$	\$	\$ 593.9	\$ (134.0)

The following section describes the valuation methodologies used to estimate or measure fair value, key inputs, and significant assumptions:

Intangible and Tangible Assets Market and income approaches were used to value the intangible and tangible assets in accordance with the provisions of FASB Codification Subtopic 350, *Intangibles – Goodwill and Other*, and Subtopic 360, *Property, Plant, and Equipment*. Inputs included an expected range of market values, probabilities made by management that each value could be achieved, expected cash flows, recent comparable transactions, discounted cash flows, discount rate, royalty rate, growth rate, and tax rate.

Items Disclosed at Fair Value

Long-term debt The fair value of the Company's debt has been calculated based on the borrowing rates available as of June 30, 2012, for debt with similar terms and maturities, and based on market quotes of our publicly traded debt. As of June 30, 2012, the Company's outstanding debt had a fair value of \$18,946.9 million and a carrying value of \$19,943.6 million.

Note 12 Litigation, Commitments, and Contingent Liabilities**Litigation**

The Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any pending litigation to have a material adverse effect on our consolidated financial position, results of operations, or cash flows.

Contractual Commitments and Contingent Liabilities**Contractual commitments**

Material changes to our aggregate indebtedness are described in Note 5, *Debt*. At June 30, 2012, our estimated interest payments for the years ended December 31, 2012 through 2016 are \$882.0 million, \$1,771.3 million, \$1,773.1 million, \$1,396.7 million, and \$1,227.2 million, respectively, and our estimated interest payments thereafter are \$1,782.6 million.

There have been no material changes of our other known contractual obligations to those set forth in our 2011 10-K.

Contingent Liability - Nevada Sales and Use Tax

The Supreme Court of Nevada decided in early 2008 that food purchased for subsequent use in the provision of complimentary and/or employee meals is exempt from use tax. Previously, such purchases were subject to use tax and the Company has claimed, but not recognized into earnings, a use tax refund totaling \$32.2 million, plus interest, as a result of the 2008 decision. In early 2009, the Nevada Department of Taxation (*Department*) audited our refund claim, but has taken the position that those same purchases are now subject to sales tax; therefore, they subsequently issued a sales tax assessment totaling \$27.4 million plus interest after application of our refund on use tax.

On October 21, 2010, the administrative law judge (*ALJ*) issued a decision and ruled in our favor on a number of key issues. Although both the Company and the Nevada Department of Taxation filed an appeal of the decision with the Nevada

Table of Contents

Tax Commission (Commission), the case was returned to the ALJ for further factual development. The ALJ s issued a second decision on March 8, 2012, reversing her previous, partially favorable ruling relating to the taxability of complimentary employee meals and affirmed the taxability of complimentary meals but limited the retroactive application of the sales tax to the Company s use tax refund claims. The ALJ decision was affirmed in the Commission hearing on June 25, 2012. We are awaiting the Commission s written decision; however, we intend to petition for judicial review in District Court.

Subsequent to the written Commission decision issued in February for another gaming company, the Department has issued draft regulations requiring the collection of sales tax on the retail value of complimentary meals and the cost of employee meals. Although the Commission approved the regulation on June 25, 2012, there are several additional approvals required, including by the Legislative Commission, before the regulation is finalized. On June 6, 2012, the Department issued additional guidance regarding the payment of sales tax on complimentary and employee meals, maintaining that meals are taxable as of February 15, 2012 but that the payment of the tax is due, without penalty or interest, at the earlier of (a) one month after approval of the regulation by the Legislative Commission, (b) one month after a Nevada Supreme Court decision, (c) the effective date of any legislation or (d) June 30, 2013. The Department provided this additional guidance regarding the deferral of payment requirements because the Legislative Commission has not had the opportunity to approve the regulation and because there are several ongoing appeals that have not been heard by the Tax Commission and the Nevada Supreme Court .

Due to uncertainty regarding the ultimate outcome of our pending litigation and/or the final approval and form of the pending regulation, we continue to record certain reserves against loss on this matter.

There have been no material updates for our other contingent liabilities to those set forth in our 2011 10-K.

Note 13 Supplemental Cash Flow Disclosures***Cash Paid for Interest and Taxes***

The following table reconciles our interest expense, net of capitalized interest, per the consolidated condensed statements of comprehensive loss, to cash paid for interest:

Note 14 Related Party Transactions

In connection with the Acquisition, the Sponsors entered into a services agreement with Caesars Entertainment relating to the provision of financial and strategic advisory services and consulting services. In addition, we pay a monitoring fee for management services and advice. Fees paid to the Sponsors, which are included in corporate expense in our consolidated condensed statements of comprehensive loss, were \$7.5 million in each of the quarters ended June 30, 2012 and 2011 and \$15.0 million for each of the six-month periods ended June 30, 2012 and 2011. We also reimburse the Sponsors for expenses that they incur related to their management services.

Note 15 Recent Accounting Pronouncements

Effective January 1, 2012, we adopted the updated guidance related to fair value measurement and disclosure requirements. The changes result in common fair value measurement and disclosure requirements between GAAP and International Financial Reporting Standards and change the wording used to describe many of the requirements in GAAP for measuring fair value and for disclosing information about fair value measurements. This new guidance did not have any impact on our consolidated financial position, results of operations, or cash flows.

Effective January 1, 2012, we adopted the new guidance for the presentation of comprehensive income. The new guidance requires that all nonowner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. As this is a presentation and disclosure requirement, there was no impact on our consolidated financial position, results of operations, or cash flows upon adoption.

Effective January 1, 2012, we adopted the revised guidance for goodwill impairment testing. The new guidance allows an entity to perform a qualitative assessment on goodwill to determine whether it is more likely than not (defined as having a likelihood of more than 50%) that the fair value of a reporting unit is less than its carrying amount as a basis for determining whether it is necessary to perform the two-step goodwill impairment test. In July 2012, the guidance was amended to include assessments for indefinite-lived intangible assets. The Company adopted the amended guidance in the second quarter of 2012 as permitted under the amendment.

Note 16 Subsequent Events

Option Exchange

On July 23, 2012, certain committees of our Board of Directors and the holders of a majority of the issued and outstanding shares of our voting common stock approved a one-time stock option exchange program to permit the Company to cancel certain options to purchase stock of Caesars Entertainment held by some of our employees, service providers and directors (the "Eligible Options"), in exchange for new, or replacement, options (the "Option Exchange"). They also approved an amendment to the Caesars Entertainment Corporation 2012 Performance Incentive Plan (the "2012 Plan") to increase the maximum number of shares of the Company's common stock with respect to which stock options and stock appreciation rights may be granted during any calendar year to any individual under the 2012 Plan from 3,433,509 shares to 6,500,000 shares.

As a result of the Option Exchange, assuming all eligible options are exchanged, we will incur approximately \$16 million in additional compensation expense attributable to the incremental fair value of the replacement options granted to eligible participants in exchange for surrendered Eligible Options, measured as of the date such awards are granted, of which approximately \$3 million will be recorded in the third quarter of 2012, upon consummation of the exchange. The unamortized compensation expense from the surrendered Eligible Options and any incremental compensation expense associated with the replacement options under the Option Exchange will be recognized over the expected life of the new awards. Including the impact of the incremental expense, assuming all eligible options are exchanged, we will recognize a total non-cash charge of approximately \$63 million over the vesting period of the replacement options of Caesars Entertainment.

Baltimore, Maryland VLT License

On July 31, 2012, the State of Maryland Video Lottery Facility Location Commission granted a license to operate a video lottery terminal (VLT) facility in downtown Baltimore to CBAC Gaming, LLC (CBAC Gaming), the investment group led by Caesars and Rock.

CBAC Gaming plans to invest more than \$300 million to develop Harrah's Baltimore. In addition to 3,750 VLTs, the property will offer multiple food and beverage amenities, including a fine dining steakhouse and signature casual dining restaurants. The process of obtaining necessary permits and arranging logistics will commence immediately. Construction is expected to begin in the second quarter of 2013, with an opening targeted in the second quarter of 2014.

Note 17 Consolidating Financial Information of Guarantors and Issuers

CEOC is the issuer of certain debt securities that have been guaranteed by Caesars Entertainment and certain subsidiaries of CEOC. The following consolidating schedules present condensed financial information for Caesars Entertainment, the parent and guarantor; CEOC, the subsidiary issuer; guarantor subsidiaries of CEOC; and non-guarantor subsidiaries of Caesars Entertainment and CEOC as of June 30, 2012, and December 31, 2011, and for the quarters and six months ended June 30, 2012 and 2011.

In lieu of providing separate unaudited financial statements for the guarantor subsidiaries, we have included the accompanying condensed consolidating financial statements based on Rule 3-10 of the SEC's Regulation S-X. Management does not believe that separate financial statements of the guarantor subsidiaries are material to our investors; therefore, separate financial statements and other disclosures concerning the guarantor subsidiaries are not presented.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of the financial position and operating results of Caesars Entertainment for the quarters and six months ended June 30, 2012 and 2011 should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations presented in the 2011 10-K.

REGIONAL AGGREGATION

The executive officers of the Company review operating results, assess performance, and make decisions related to the allocation of resources on a property-by-property basis. We believe, therefore, that each property is an operating segment and that it is appropriate to aggregate and present the operations of the Company as one reportable segment. To provide more meaningful information than would be possible on a consolidated basis, the Company's casino properties (as of June 30, 2012 or otherwise noted below), have been grouped into seven regions as shown in the table below to facilitate discussion of the Company's operating results.

In May 2012, the Company entered into an agreement to sell its Harrah's St. Louis casino to Penn National Gaming, Inc. for a purchase price of \$610.0 million. The sale is expected to close in the second half of 2012 and the Company expects to use the net proceeds from the sale to fund CEOC capital expenditures or to repurchase certain outstanding debt obligations of CEOC. As a result of the transaction, the assets and liabilities of the Harrah's St. Louis casino that are included in the sale are classified as held for sale in the consolidated condensed balance sheets at June 30, 2012 and December 31, 2011. The results of the Harrah's St. Louis casino are presented as Discontinued Operations in the consolidated condensed statements of comprehensive loss for the quarters and six months ended June 30, 2012 and 2011 and are no longer included in the Iowa/Missouri region results.

* Operating margin is calculated as income/(loss) from operations divided by net revenues for the respective period.

Quarter ended June 30, 2012 compared to June 30, 2011

Net revenues for the second quarter of 2012 were \$2,165.7 million, up \$4.0 million, or 0.2%, from the year-earlier period, due mainly to increased revenues from the Company's international and online operations, including Playtika Ltd., which was acquired during 2011, that offset lower casino revenues in several U.S. regions, primarily Atlantic City. Casino revenues in the second quarter of 2012 have deteriorated from the first quarter of 2012 due to a softening of economic conditions which has negatively impacted the Company's results.

For the second quarter of 2012, income from operations decreased \$149.8 million, or 64.7%, to \$81.8 million from \$231.6 million in the prior-year quarter, due mainly to non-cash impairment charges of \$101.0 million related to the Macau land concession and \$33.0 million related to trademark intangibles as well as higher depreciation expense in the Las Vegas region associated with the 662-room Octavius Tower at Caesars Palace that opened to the public in January 2012.

Net loss attributable to Caesars for the second quarter of 2012 was \$241.7 million, up \$86.2 million, or 55.4%, from the second quarter of 2011. Higher net losses in the second quarter of 2012 reflect the decrease in income from operations described above, largely offset by lower interest expense and an increase in gains on early extinguishments of debt.

Six months ended June 30, 2012 compared to June 30, 2011

Net revenues for the six months ended June 30, 2012 were \$4,374.1 million, up \$96.3 million, or 2.3%, from the year-earlier period and reflect the increase in the first quarter of 2012 due mainly to higher revenues in the Las Vegas and Louisiana/Mississippi regions, and revenue increases from the Company's international and online operations, including revenues related to Playtika, largely offset by a decline in casino revenues, primarily Atlantic City.

For the six months ended June 30, 2012, income from operations decreased \$287.9 million, or 67.6%, to \$138.3 million from \$426.2 million in the year-ago period. This decrease was mainly attributable to the impairments recognized in the second quarter of 2012, discussed above, as well as a \$167.5 million non-cash impairment related to a previously halted development project in Biloxi, Mississippi. Also contributing to the decrease in income from operations was higher depreciation expense associated with the Octavius Tower and higher corporate expense. The decrease to income from operations from 2011 was partially offset by the income impact of higher revenues, a decrease of approximately \$24 million in property tax expense due to lower property tax assessments in Atlantic City and other cost reductions achieved as part of Project Renewal and other cost-savings initiatives.

Net loss attributable to Caesars for the six months ended June 30, 2012 was \$522.3 million, up \$219.4 million, or 72.4%, from the same period in 2011 and reflects the decrease in income from operations described above and higher interest expense, partially offset by an increase in gains on early extinguishments of debt. See "Other Factors Affecting Net Income" below for further discussion of the Company's interest expense and early extinguishments of debt.

Performance Metrics

The Company measures its performance in part through tracking of trips by rated customers, which means a customer whose gaming activity is tracked through its Total Rewards customer-loyalty system (trips), and by spend per rated customer trip (spend per trip). A trip is created by a Total Rewards card holder engaging in one or more of the following activities while at one of the Company's properties: (1) hotel stay, (2) gaming activity, or (3) a comp redemption, which means the receipt of a complimentary item given out by the Company's casinos. In markets where we have multiple properties, customers often engage in trip generating activities at more than one property in a day. In these instances, we consider the market as a whole and do not count multiple trips. Customer spend means the cumulative rated theoretical spend (which is the amount of money expected to be retained by the casino based upon the mathematics underlying the particular game as a fraction of the amount of money wagered by the customer) across all game types for a specific customer. For the Atlantic City region, the Company refers to customers that stay at a hotel in one of its properties as lodgers and customers that may play at a casino located in one of its properties but do not stay at a hotel at such property as non-lodgers.

The following table reflects the percentage increase/(decrease) in trips and spend per trip for the U.S. regions for the quarter and six months ended June 30, 2012, compared with the same periods in 2011.

	Quarter Ended June 30, 2012		Six Months Ended June 30, 2012	
	Trips	Spend per Trip	Trips	Spend per Trip
Consolidated Caesars	(1.6)%	(1.9)%	(0.4)%	(1.5)%
Las Vegas region	2.3%	(3.3)%	3.8%	(2.9)%
Atlantic City region:				
Lodgers	(10.9)%	0.7%	(7.1)%	(0.2)%
Non-lodgers	(8.2)%	(0.7)%	(4.2)%	1.0%
All other regions	2.1%	(2.7)%	1.2%	(2.6)%

On a consolidated basis, in 2012 compared to 2011, trips in the second quarter decreased 1.6% and decreased 0.4% in the six-month period. Trip increases were reflected in several of the U.S. regions in the second quarter and six months ended June 30, 2012 from 2011; however, they were unable to offset the declines in the Atlantic City region overall. The declines in spend per trip were led by the VIP segment, with the retail segment showing gains in some regions.

On a consolidated basis, in 2012 compared to 2011, second quarter cash average daily room rates increased from \$92 to \$95, and increased from \$92 to \$94 in the six-month period. Total occupancy percentage remained flat in the second quarter and the six months ended June 30, 2012.

Second-quarter net revenues in the Las Vegas region decreased \$5.7 million, or 0.7%, in 2012 from 2011. Trip increases of 2.3% and the additional rooms resulting from the January 2012 opening of the Octavius Tower at Caesars Palace resulted in increased rooms revenues in the second quarter of 2012 from 2011; however lower casino revenues resulting from spend per trip declines, particularly in the VIP segment, of 3.3% more than offset those increases. Hotel revenues in the region increased 4.4%, as cash average daily room rates increased 4.5% to \$97 from \$93, which was partially offset by a decrease in total occupancy

percentages of 2.6 percentage points for the second quarter of 2012 from 2011. Income from operations decreased for the second quarter of 2012 due to the income impact of lower revenues and increases in property operating expenses and depreciation expense mainly associated with the Octavius Tower. Results in the region were also negatively impacted by the Linq construction activities, which the Company estimates to have reduced net revenues by approximately \$10 million to \$15 million and reduced income from operations by approximately \$5 million to \$10 million.

Net revenues for the six months ended June 30, 2012 in the Las Vegas region increased \$39.5 million, or 2.6%, from 2011, due primarily to strength in the international, high-end gaming segment in the first quarter of 2012 and to increased rooms revenues partially resulting from the January 2012 opening of the Octavius Tower. Trips increased by 3.8% in the six months ended June 30, 2012 from 2011; however, spend per trip declined 2.9%. Hotel revenues in the region increased 4.8% due in part to the 662 additional Octavius Tower rooms, cash average daily room rates increased 2.8% to \$96 from \$94, partially offset by total occupancy percentages which decreased 1.6 percentage points for the six months ended June 30, 2012 from 2011. Income from operations decreased for the six months ended June 30, 2012, due primarily to an increase in depreciation expense associated with the Octavius Tower. The results in the region were also negatively impacted by construction on the Linq as described above.

During 2011, we commenced construction on Project Linq, a dining, entertainment, and retail development between our Flamingo and Imperial Palace casinos, on the east side of the Las Vegas Strip, which is scheduled to open in phases in the second half of 2013. Project Linq includes the construction of a 550-foot observation wheel, the High Roller, which is expected to open in the first quarter of 2014. Through June 30, 2012, \$100.9 million had been spent on this project, of which \$48.1 million was spent in 2012.

Net revenues for the second-quarter 2012 in the Atlantic City region were down \$40.9 million, or 8.6%, from 2011, due mainly to lower casino revenues caused in part by a decline in trips. Trips by lodgers and non-lodgers declined 10.9% and 8.2%, respectively, in the second quarter of 2012 from 2011 due mainly to new competition in the Northeast and Mid-Atlantic regions; however, spend per trip metrics for both lodger and non-lodger segments did not decline significantly compared with prior year. The Company expects the market to continue to be challenged by local and regional competition in future quarters. Income from operations was down in the second quarter of 2012 compared with 2011 due mainly to the income impact of lower revenues, partially offset by a decrease in property tax expense of approximately \$7 million due to lower property tax assessments in Atlantic City.

In the six months ended June 30, 2012, net revenues declined from 2011 by \$57.9 million, or 6.2%, due largely to trip declines in both the lodger and non-lodger segments. Spend per trip rose in the non-lodger segment but spend per trip by lodgers declined in the six months ended June 30, 2012 from 2011. Income from operations was down due mainly to the income impact of lower revenues, partially offset by a decrease in property tax expense of approximately \$24 million due to lower property tax assessments in Atlantic City.

Second-quarter 2012 net revenues in the Louisiana/Mississippi region increased slightly from 2011, due to last year's flood related closures at three properties. There were increases in casino, food and beverage, and rooms revenues due mainly to a rise in trips; however spend per trip was down. Income from operations was lower in the second quarter of 2012 from 2011 due mainly to increased property operating expenses which more than offset the higher revenues.

For the six months ended June 30, 2012, net revenues in the region increased \$23.5 million, or 4.2%, from 2011. A rise in trips with a slight decline in spend per trip attributed to increases in casino, food and beverage and other revenues. Loss from operations was \$88.2 million in the six months ended June 30, 2012 compared with income from operations of \$70.6 million in 2011 due mainly to a \$172.0 million charge in the first quarter of 2012, of which \$167.5 million was a non-cash impairment related to a previously halted development project in Biloxi, Mississippi, partially offset by the income impact of higher revenues.

Iowa/Missouri Region

The following results exclude Harrah's St. Louis casino which has been classified as a Discontinued Operation in our consolidated condensed statements of comprehensive loss for the quarter and six months ended June 30, 2012 and 2011 as a result of the pending sale of this property.

* Operating margin is calculated as income/(loss) from operations divided by net revenues for the respective period.

Net revenues in the second quarter of 2012 in the Iowa/Missouri region decreased \$2.7 million, or 2.3%, from 2011 due mainly to a decline in casino revenues resulting from fewer trips partly attributable to increased competition in the region; however, spend per trip increased. Income from operations increased for the second quarter of 2012 from 2011, due to a decrease in property operating expenses, partially offset by lower revenues.

Net revenues in the six months ended June 30, 2012 increased \$1.4 million, or 0.6%. Trips declined compared to the prior year period while spend per trip increased. Income from operations increased for the six months ended June 30, 2012 from 2011 due to higher revenues and reduced property operating expenses.

Second-quarter 2012 net revenues in the Illinois/Indiana region decreased \$2.7 million, or 1.0%, from 2011, largely due to a decline in casino revenues attributable in part to new competition in the region beginning in the third quarter of 2011. The decline was partially offset by the comparative impact of the flood-related property closures in the second quarter of 2011. While trips rose slightly in 2012 compared to 2011 there was a decline in spend per trip. Income from operations for the second quarter of 2012 increased \$2.3 million, or 5.7%, from the same period in 2011 due mainly to reduced property operating expenses, lower depreciation expense and a decrease in write-downs, reserves, and

project opening costs, net of recoveries.

Table of Contents

Net revenues in the six months ended June 30, 2012 decreased \$6.7 million, or 1.2%, from 2011, due to declines in casino revenues. Trips were negatively impacted by a bridge closure which began in the first week of September 2011 through reopening in February 2012, and new competition, but rose slightly when compared to the six months ended June 30, 2011. Spend per trip also declined compared to 2011. Income from operations for the six months ended June 30, 2012 from 2011 increased slightly due mainly to reduced property operating expenses that were able to offset revenue declines.

Second-quarter 2012 net revenues decreased \$6.9 million, or 6.4%, from the same period in 2011 due mainly to a decline in casino revenues. Trips to the properties in the region increased; however, there was decline in spend per trip. Income from operations was down due mainly to lower revenues, partially offset by reduced property operating expenses.

Net revenues in the six months ended June 30, 2012 decreased \$11.8 million, or 5.5%, from 2011 due to a decline in casino revenues. Income from operations in the six months ended June 30, 2012 was down due to the income impact of lower revenues, partially offset by reduced property operating expenses.

Managed, International, and Other

The Managed region includes Caesars management companies that operate three Indian-owned casinos, Caesars Windsor and Horseshoe Cleveland, and the results of Thistledown Racetrack. The International region includes the results of Caesars international operations. The Other region is comprised of corporate expenses, including administrative, marketing, and development costs, income from certain non-consolidated affiliates, and the results of Caesars Interactive Entertainment, Inc. (CIE), which consists of the businesses related to the World Series of PoRer (WSOP) brand, an online real-money business in the U.K. and alliances with online gaming providers in Italy and France, and the results of Playtika Ltd., a social media and mobile games developer, since May 2011 when CIE acquired a controlling interest.

Net revenues in the second quarter of 2012 for Managed, International, and Other increased \$56.8 million, or 42.0%, from 2011, due mainly to higher revenues associated with the Company's growing online operations, including the addition of revenues attributable to the 2011 acquisition of Playtika Ltd. Loss from operations increased \$108.1 million, or 164.0%, in the second quarter of 2012 from 2011, due mainly to non-cash impairment charges, including \$101.0 million related to the Macau land concession and \$33.0 million related to trademark intangibles, partially offset by the income impact of higher revenues.

Table of Contents

In the six months ended June 30, 2012, net revenues for Managed, International, and Other increased \$108.3 million, or 37.1%, from 2011, due mainly to increases associated with our online operations, as well as increased revenues at our London Clubs properties. Loss from operations increased \$98.8 million, or 91.1%, in the six months ended June 30, 2012 from 2011, mainly due to the impairment charges described above and an increase in corporate expense, partially offset by the income impact of higher revenues.

Interest Expense, Net of Interest Capitalized						

Interest expense, net of interest capitalized, decreased by \$28.1 million, or 5.4% in the second quarter of 2012, due primarily to mark-to-market gains on derivatives of \$17.6 million in 2012 compared with losses of \$23.1 million in 2011, partially offset by higher debt balances compared with the year ago quarter. Interest expense, net of interest capitalized, increased by \$60.5 million or 6.1% for the six months ended June 30, 2012 from 2011, due primarily to higher debt balances compared to the year ago period, and the write off of deferred financing costs and debt discounts associated with debt transactions completed in the six months ended June 30, 2012. Interest expense is reported net of interest capitalized of \$9.2 million and \$0.2 million for the second quarter of 2012 and 2011, respectively, and \$18.0 million and \$0.7 million for the six months ended June 30, 2012 and 2011, respectively. Interest capitalized in 2012 is primarily related to the Linq project in Las Vegas.

Gains on Early Extinguishments of Debt

During the second quarter of 2012, the Company recognized a gain on early extinguishment of debt of \$32.7 million, net of deferred financing costs, due primarily to the purchase of \$83.7 million face value of CMBS Loans for \$50.2 million. During the second quarter of 2011, the Company recognized a gain on early extinguishment of debt of \$14.7 million, net of deferred financing costs, due to the purchase of \$50.0 million face value of CMBS Loans for \$35.0 million. During the six months ended June 30, 2012, the Company recognized gains on early extinguishments of debt of \$79.5 million, net of deferred financing costs, due primarily to the purchases of \$202.4 million face value of CMBS Loans for \$122.0 million. During the six months ended June 30, 2011, the Company recognized gains on early extinguishments of debt of \$47.9 million, net of deferred financing costs, due to purchases of \$158.1 million face value of CMBS Loans for \$108.5 million.

LIQUIDITY AND CAPITAL RESOURCES

Cost Savings Initiatives

Caesars Entertainment has undertaken comprehensive cost-reduction efforts to rightsize expenses with business levels through its implementation of Project Renewal, an initiative designed to reinvent certain aspects of the Company's functional and operating units to gain significant further cost reductions and streamline its operations. As a part of Project Renewal, we designed a shared-services organization that will enable more efficient decision making and sharing of best practices. Caesars anticipates that the Company will have a permanently lower cost structure and will benefit from greater concentration of specified talent and quicker decision making. We estimate that Project Renewal and other cost-savings programs produced \$42.5 million and \$84.5 million, in incremental cost savings for the second quarter and six months of 2012, respectively, when compared to the same periods in 2011. Additionally, as of June 30, 2012, these cost-savings programs will produce additional annual cost savings of \$147.2 million, based on the full implementation of current projects that are in process. As we firm up cost reduction activities, this figure could change.

Table of Contents

Capital Spending and Development

We incur capital expenditures in the normal course of business, and we perform ongoing refurbishment and maintenance at our existing casino entertainment facilities, to maintain our quality standards. We also continue to pursue development and acquisition opportunities for additional casino entertainment and other hospitality facilities that meet our strategic and return on investment criteria.

Our planned development projects, if they go forward, will require, individually and in the aggregate, significant capital commitments and, if completed, may result in significant additional revenues. The commitment of capital, the timing of completion, and the commencement of operations of development projects are contingent upon, among other things, negotiation of final agreements and receipt of approvals from the appropriate political and regulatory bodies. We must also comply with covenants and restrictions set forth in our debt agreements.

Our capital spending for the six months ended June 30, 2012 totaled \$192.2 million, which includes an increase of \$27.5 million of construction payables. Estimated total capital expenditures for 2012, including 2012 expenditures associated with Project Linq, are expected to be between \$590.0 million and \$640.0 million.

Cash used for capital expenditures in the normal course of business is typically made available from cash flows generated by our operating activities and established debt programs, while cash used for development projects, including projects currently under development as well as additional projects being pursued, is typically funded from established debt programs, specific project financing, and additional debt offerings. As a result of the sale of Harrah's St. Louis, the Company expects to use the net proceeds from the sale to fund CEOC capital expenditures or to repurchase certain outstanding debt obligations of CEOC.

Liquidity and Capital Resources

Our cash and cash equivalents, excluding restricted cash, totaled \$985.1 million at June 30, 2012 compared to \$894.6 million at December 31, 2011. Restricted cash, including \$70.8 million included in prepayments and other current assets, totaled \$417.0 million at June 30, 2012. Nearly all of the restricted cash consists of cash reserved under loan agreements for development projects and certain expenditures incurred in the normal course of business, such as interest service, real estate taxes, property insurance, and capital improvements. The net proceeds generated from the sale of Harrah's St. Louis will be utilized to fund CEOC capital expenditures or to repurchase certain outstanding debt obligation of CEOC. Our cash flows from operating, investing, and financing activities associated with Harrah's St. Louis, which is defined as discontinued operations for the six months ended June 30, 2012, are included in our consolidated condensed statements of cash flows.

We are a highly leveraged company and a substantial portion of our operating cash flows are used to fund debt service. As of June 30, 2012, we had \$19,943.6 million book value of indebtedness outstanding, including capital lease indebtedness. Cash paid for interest for the six months ended June 30, 2012 was \$885.7 million. Payments of short-term debt obligations and other commitments are expected to be made from operating cash flows and from borrowings under our established debt programs. Our operating cash inflows are typically used for operating expenses, debt service costs, working capital needs, and capital expenditures in the normal course of business. Long-term obligations are expected to be paid through operating cash flows, refinancing of debt, or, if necessary, additional debt or equity offerings.

In addition to cash flows from operations, available sources of cash include amounts available under our current revolving credit facility. At June 30, 2012, our additional borrowing capacity under the credit facility was \$982.3 million. In March 2012, the Company filed a prospectus with the SEC, as part of a registration statement, to sell shares of common stock, up to a maximum aggregate offering price of \$500.0 million, and, in April 2012, the Company entered into an equity distribution agreement whereby the Company may issue and sell up to 10.0 million shares of the Company's common stock from time to time.

In recent years, we have not been generating sufficient operating cash flows to fund our investing activities, requiring us to fund our investments with additional financing. Our ability to fund our operations and pay our debt and debt service obligations depends, in part, upon economic and other factors that are beyond our control, and disruptions in capital markets and restrictive covenants related to our existing debt could impact our ability to secure additional funds through financing activities.

A substantial portion of our financing is comprised of credit facility and notes financing obtained by CEOC. The CEOC financings are neither secured nor guaranteed by Caesars' other wholly-owned subsidiaries, including certain subsidiaries that own properties that secure \$4,829.1 million face value, as of June 30, 2012, of the CMBS loans. Information pertaining solely to the consolidated financial position and results of CEOC and its subsidiaries can be found in Exhibit 99.1 of this 10-Q.

Table of Contents

Please refer to Note 5, Debt, in Item 1 of this Form 10-Q for details on our debt outstanding. This detail includes, among other things, a table presenting details on our individual borrowings outstanding as of June 30, 2012 and December 31, 2011, changes in our debt outstanding, and certain changes in the terms of existing debt for the quarter ended June 30, 2012. Note 5 also includes details on restrictive covenants related to certain of our borrowings. Note 6, Derivative Instruments, discusses the use of interest rate swap and interest rate cap derivatives to manage the mix of our debt between fixed and variable rate instruments.

As described in Note 5 to our consolidated condensed financial statements, certain of our borrowings have covenants and requirements that include, among other things, the maintenance of specific levels of financial ratios. Failure to comply with these covenants can result in limiting our long-term growth prospects by hindering our ability to incur future indebtedness or grow through acquisitions. We are in compliance with CEOC's senior secured credit facilities and indentures, including the senior secured leverage ratio, as of June 30, 2012. In order to comply with the quarterly senior secured leverage ratio in the future, the Company will need to achieve a certain amount of Adjusted EBITDA - Pro- Forma - CEOC Restricted and / or reduced levels of total senior secured net debt (total senior secured debt less unrestricted cash). The factors that could impact the foregoing include (a) changes in gaming trips, spend per trip and hotel metrics, which are correlated to a consumer recovery, (b) ability to effect cost-savings initiatives, (c) asset sales, (d) issuing additional second lien or unsecured debt, or project financing, (e) equity financings, (f) delays in development project spending, or (g) a combination thereof. In addition, under certain circumstances, our senior secured credit facilities allow us to apply cash contributions received by CEOC as an increase to Adjusted EBITDA if CEOC is unable to meet its Senior Secured Leverage Ratio. However, there is no guarantee that such contributions will be forthcoming.

Based upon the Company's current operating forecast, as well as our ability to achieve one or more of the factors noted above, the Company believes that it will continue to be in compliance with the senior secured leverage ratio and meet its cash flow needs during the next twelve months. If the Company was unable to maintain compliance with the senior secured leverage ratio and the Company failed to remedy a default pursuant to the terms of its senior secured credit facilities, there would be an event of default under the senior secured credit agreement. We cannot assure you that our business will generate sufficient cash flows from operations, that we will be successful in sales of assets, or that future borrowings will be available to us, to fund our liquidity needs and pay our indebtedness when due. If we are unable to meet our liquidity needs or pay our indebtedness when it is due, we may be required to further reduce expenses, sell additional assets, or attempt to restructure our debt. Any such actions could negatively impact our competitive position and revenue generation. In addition, we have pledged a significant portion of our assets as collateral under certain of our debt agreements, and, if any of those lenders accelerate the repayment of borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness.

Guarantees of Third-Party Debt and Other Obligations and Commitments

Material changes to our aggregate indebtedness are described in Note 5, Debt, of this Form 10-Q. At June 30, 2012, our estimated interest payments for the years ended December 31, 2012 through 2016 are \$882.0 million, \$1,771.3 million, \$1,773.1 million, \$1,396.7 million and \$1,227.2 million, respectively, and our estimated interest payments thereafter are \$1,782.6 million.

There have been no material changes outside the ordinary course of business to our other known contractual obligations, which are set forth in the table included in our 2011 10-K.

CAUTIONARY STATEMENT PURSUANT TO THE PRIVATE

SECURITIES LITIGATION REFORM ACT OF 1995

This quarterly report on Form 10-Q contains or may contain forward-looking statements intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they do not relate strictly to historical or current facts. We have based these forward-looking statements on our current expectations about future events. Further, statements that include words such as may, will, project, might, expect, believe, anticipate, intend, could, would, estimate, or the negative of these words or other words or expressions of similar meaning may identify forward-looking statements. These forward-looking statements are found at various places throughout the report. These forward-looking statements, including, without limitation, those relating to future actions, new projects, strategies, future performance, the outcome of contingencies such as legal proceedings, and future financial results, wherever they occur in this report, are necessarily estimates reflecting the best judgment of our management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements should, therefore, be considered in light of various important factors set forth above and from time to time in our filings with the Securities and Exchange Commission.

In addition to the risk factors set forth above, important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include without limitation:

the impact of our substantial indebtedness;

the impact, if any, of unfunded pension benefits under multi-employer pension plans;

the effects of local and national economic, credit and capital market conditions on the economy in general, and on the gaming industry in particular;

construction factors, including delays, increased costs of labor and materials, availability of labor and materials, zoning issues, environmental restrictions, soil and water conditions, weather and other hazards, site access matters and building permit issues;

the effects of environmental and structural building conditions relating to our properties;

our ability to timely and cost-effectively integrate companies that we acquire into our operations;

our ability to realize the expense reductions from our cost savings programs;

access to available and reasonable financing on a timely basis;

changes in laws, including increased tax rates, smoking bans, regulations or accounting standards, third-party relations and approvals, and decisions, disciplines and fines of courts, regulators and governmental bodies;

Edgar Filing: CAESARS ENTERTAINMENT Corp - Form 10-Q

litigation outcomes and judicial and governmental body actions, including gaming legislative action, referenda, regulatory disciplinary actions and fines and taxation;

the ability of our customer-tracking, customer loyalty and yield-management programs to continue to increase customer loyalty and same-store or hotel sales;

our ability to recoup costs of capital investments through higher revenues;

acts of war or terrorist incidents, severe weather conditions, uprisings or natural disasters;

access to insurance on reasonable terms for our assets;

abnormal gaming holds (gaming hold is the amount of money that is retained by the casino from wagers by customers);

the potential difficulties in employee retention and recruitment as a result of our substantial indebtedness or any other factor; and

the effects of competition, including locations of competitors and operating and market competition.

You are cautioned to not place undue reliance on these forward-looking statements, which speak only as of the date of this quarterly report for Form 10-Q. We undertake no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this quarterly report on Form 10-Q or to reflect the occurrence of unanticipated events, except as required by law.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates, and commodity prices. Our primary exposure to market risk is interest rate risk associated with our debt. We attempt to limit our exposure to interest rate risk by managing the mix of our debt between fixed-rate and variable-rate obligations. Of our \$22,707.4 million face value of debt, including capital lease obligations, at June 30, 2012, we have entered into interest rate swap agreements to fix the interest rate on \$5,750.0 million of variable rate debt, and \$6,265.1 million of debt remains subject to variable interest rates.

We use interest rate swaps to manage the mix of our debt between fixed and variable rate instruments. We do not purchase or hold any derivative financial instruments for trading purposes.

Foreign currency translation gains and losses were not material to our results of operations for the quarter ended June 30, 2012. Our only material ownership interests in businesses in foreign countries are London Clubs, Caesars Golf Macau, and an approximate 95% ownership of a casino in Uruguay. Therefore, we have not been subject to material foreign currency exchange rate risk from the effects that exchange rate movements of foreign currencies would have on our future results of operations or cash flows.

From time to time, we hold investments in various available-for-sale equity securities; however, our exposure to price risk arising from the ownership of these investments is not material to our consolidated financial position, results of operations, or cash flows.

Item 4. Controls and Procedures

Our principal executive officer and principal financial officer have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act)), as of June 30, 2012. Based on such evaluation, they have concluded that, as of such date, our disclosure controls and procedures are effective and designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in applicable SEC rules and forms, and that such information is accumulated and communicated to management, including our principal executive officer and principal financial officer, to allow timely decisions regarding required disclosure.

There has been no change in our internal control over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

The Company is party to ordinary and routine litigation incidental to our business. We do not expect the outcome of any pending litigation to have a material adverse effect on our consolidated financial position or results of operations.

Item 5. Other Information

We currently plan to hold our 2013 Annual Meeting of Stockholders (the 2013 Annual Meeting) on April 24, 2013 with a location and time to be determined. The record date for determining the stockholders entitled to receive notice of, and to vote at, the 2013 Annual Meeting is expected to be the close of business on February 25, 2013. Because we did not hold an annual meeting of stockholders last year, we are informing our stockholders of the following deadlines for stockholder proposals.

In order to be considered timely, a stockholder proposal submitted in accordance with Rule 14a-8 under the Exchange Act, for inclusion in our proxy materials for the 2013 Annual Meeting must have been received by our Corporate Secretary no later than January 15, 2013, which we believe is a reasonable time before we begin to print and send our proxy materials.

Stockholders also have the right under our Bylaws to nominate director candidates and make other stockholder proposals by following specified procedures. For a stockholder proposal for the 2013 Annual Meeting that is not intended to be included in our proxy statement under Rule 14a-8 of the Exchange Act, including director nominations, the stockholder must (1) provide the information required by our Bylaws and (2) their notice must be delivered to or mailed and received at the principal executive offices of the Corporation not less than ninety (90) days nor more than one hundred twenty (120) days prior to the first anniversary of the preceding year's annual meeting (which anniversary date, in the case of the first annual meeting following the closing of the Corporation's initial public offering, shall be deemed to be April 15, 2012). Based upon our Bylaws, stockholders should timely deliver notice to our Corporate Secretary not earlier than December 16, 2012 and not later than January 15, 2013.

Proposals shall be sent to our principal executive offices at One Caesars Palace Drive, Las Vegas, NV 89109, Attention: Corporate Secretary.
