A copy of the Company's press release is attached to this report as Exhibit 99.1 and incorporated herein by reference.

Item 3.02 Unregistered Sales of Equity Securities.

On September 4, 2013, the Company entered into a Teaming and Co-Marketing Agreement with NRG Energy, Inc. (NRG) for the marketing and sales of the Company's power plants. The agreement allows NRG to purchase power plants from the Company and sell the electricity and heat to end users or customers can purchase the power plants directly from the Company.

The terms of the agreement include the issuance of warrants to NRG that permit them to purchase up to 5 million shares of the Company's common stock at predetermined prices based on attaining minimum sales goals. In order for the warrants to vest to NRG, certain sales targets must be achieved within certain time periods. There are three tranches of warrants with varying strike prices, qualifying order targets, vesting dates and expiration dates. The weighted average strike price for all 5 million shares underlying the warrants is \$2.18. The qualifying order vesting dates range from March 2014 through September 2015 and the expiration dates range from February 2017 through August 2018. The warrants were issued without registration under the Securities Act of 1933, as amended (the Securities Act), in reliance upon the exemption from registration set forth in Section 4(2) of the Securities Act based on the terms of the transaction and the status of NRG.
