While we are announcing this structure today to facilitate integration planning, all employees of both companies will continue in their present roles until the close.

### *Legal*

We are pleased to announce the management teams that will lead the Legal functions of the combined Actavis and Forest organization following the close of the acquisition later this year. With a larger and more complex global specialty pharmaceutical company resulting from the combination of our companies, this structure will ensure that we are able to continue to provide legal support seamlessly at close, and that we operate our global business to the highest levels of compliance at all times. The following individuals will report to Bob Bailey.

Our compliance organization will be jointly led by Deborah Penza and Joseph Zimmerman. Within Deborah's organization, which has a general purview of Global Generics and International Brands, Lynne Baxter will oversee the management of our corporate records program. With annual revenues of approximately \$15 billion, and operations in more than 60 countries, an efficient and effective Finance function is critical to capturing the value of the combination of Actavis and Forest. The following individuals will lead key functions across our global Finance organization, following the close of the Forest acquisition.

Rita Weinberger will assume a new role supporting the North American Brands organization. Todd Branning will lead the finance team supporting the North American Generics, International and the Anda organization. ### **Business as Usual**

With these announcements, we are providing clarity as to the initial organization of what will be a much larger and more complex global company. We would encourage all employees to refrain from speculation regarding leadership of individual teams or divisions, as these announcements will be communicated over the next several weeks.

It is important to remember that until close, Actavis and Forest will continue to operate as separate companies, and competitors, focused on continuing to grow our respective businesses and deliver the financial results we have promised to our shareholders; continuing to deliver the highest quality products, with the best service to our customers; and continuing to focus on improving all that we do.
