4. Segment information:

DOCOMO s chief operating decision maker (CODM) is its board of directors. The CODM evaluates the performance and makes resource allocations of its segments based on the information provided by DOCOMO s internal management reports.

DOCOMO realigned its conventional five operating segments, which consist of mobile phone business, credit services business, home shopping services business, internet connection services business for hotel facilities, and miscellaneous businesses into three operating segments, which consist of mobile communications business, smart life business and other businesses from the first quarter of this fiscal year in order to clearly define its business management of the mobile communications fields where DOCOMO is taking steps to reinforce its competitiveness, and the new business fields where DOCOMO is striving for its further expansion of revenue sources by making Smart Life a reality toward the establishment of a new path to grow.

The mobile communications business includes mobile phone services (Xi services and FOMA services), satellite mobile communications services, international services and the equipment sales related to these services. The smart life business includes video and music distribution, electronic books and other services offered through DOCOMO s dmarket portal, as well as finance/payment services, shopping services and various other life-related services. The other businesses primarily includes Mobile Phone Protection services, as well as development, sales and maintenance of IT systems.

In connection with this realignment, segment information for the nine months ended December 31, 2013 and the three months ended December 31, 2013 has been restated to conform to the presentation for the nine months ended December 31, 2014 and the three months ended December 31, 2014.

Accounting policies used to determine segment operating revenues and operating income (loss) are consistent with those used to prepare the consolidated financial statements in accordance with U.S. GAAP.

As indicated in Note2. (b) Change in accounting estimate, effective July 1, 2014, DOCOMO has revised its estimate of the useful life of a part of the software for telecommunications network and internal-use software based on the actual utilization of the software to reflect an extended expected useful life. As a result, compared with the method used prior to July 1, 2014, operating income for the Mobile communications business segment, Smart life business segment, and Other businesses segment increased by \(\frac{3}{4}\), 475 million, \(\frac{4}{3}\) million, and \(\frac{4}{2}\), 179 million, respectively, for the nine months ended December 31, 2014, and increased by \(\frac{4}{1}\), 845 million, \(\frac{4}{3}\) million, and \(\frac{4}{1}\), 834 million, respectively, for the three months ended December 31, 2014.

Operating income is operating revenues less operating expenses.

DOCOMO does not disclose geographical information since the amounts of operating revenues generated outside Japan are immaterial.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) - (Continued)

5. Contingencies:

(a) Litigation

DOCOMO is involved in litigation and claims arising in the ordinary course of business. DOCOMO believes that none of the litigation or claims outstanding, pending or threatened against DOCOMO would have a materially adverse effect on DOCOMO s results of operations, financial position or cash flows.

(b) Guarantees

DOCOMO enters into agreements in the normal course of business that provide guarantees for counterparties. These counterparties include subscribers, related parties, foreign wireless telecommunications service providers and other business partners.

DOCOMO provides subscribers with guarantees for product defects of cellular phone handsets sold by DOCOMO, but DOCOMO is provided with similar guarantees by the handset vendors and no liabilities were recognized for these guarantees.

Though the guarantees or indemnifications provided in transactions other than those with the subscribers are different in each contract, the likelihood of almost all of the performance of these guarantees or indemnifications are remote and amount of payments DOCOMO could be claimed for is not specified in almost all of the contracts. Historically, DOCOMO has not made any significant guarantee or indemnification payments under such agreements. DOCOMO estimates the fair value of the obligations related to these agreements is not significant. Accordingly, no liabilities were recognized for these obligations.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) - (Continued)

6. Fair value measurements:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value according to observability. The inputs are described as follows:

Level 1 quoted prices in active markets for identical assets or liabilities

Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability

Level 3 unobservable inputs for the asset or liability

DOCOMO also distinguishes assets and liabilities measured at fair value every period on a recurring basis from those measured on a nonrecurring basis in certain circumstances.

(a) Assets and liabilities measured at fair value on a recurring basis

DOCOMO s assets and liabilities measured at fair value on a recurring basis include available-for-sale securities and derivatives.

DOCOMO s assets and liabilities that were measured at fair value on a recurring basis at March 31, 2014 and December 31, 2014 were as follows:

(b) Assets and liabilities measured at fair value on a nonrecurring basis

Certain assets and liabilities are measured at fair value on a nonrecurring basis in certain circumstances.

DOCOMO may be required to measure fair value of receivables held for sale, long-lived assets, equity securities whose fair values are not readily determinable, and other assets or liabilities on a nonrecurring basis.

Receivables held for sale

Receivables held for sale are measured at the lower of cost or fair value.

Receivables held for sale are classified as Level 2. DOCOMO measures the fair value of the receivables held for sale by discounting, at LIBOR-based discount rates, estimated future cash flows while taking into account factors such as default probabilities and loss severity of similar trade receivables.

7. Subsequent event:

(a) Share Repurchases

During January 2015, NTT DOCOMO, INC. repurchased its common stock. Related information is disclosed in Note 3 Equity.

(b) Tata Teleservices Limited

Tata Teleservices Limited (TTSL) is a telecommunications operator in India and a privately held company.

As of December 31, 2013 and 2014, DOCOMO held approximately 26.5% of the outstanding common shares of TTSL and has accounted for the investment under the equity method.

Under the shareholders agreement (the Agreement) entered into among TTSL, Tata Sons Limited (Tata Sons), the parent company of TTSL, and DOCOMO, when DOCOMO entered into a business alliance with TTSL in March 2009, DOCOMO shall have certain shareholder rights including the right to require Tata Sons to find a suitable buyer for DOCOMO s entire stake (1,248,974,378 shares, or approximately 26.5% of outstanding shares) in TTSL for 50% of the DOCOMO s acquisition price, which amounts to 72.5 billion Indian rupees (or ¥138.5 billion*) or at fair value, whichever is higher, in the event that TTSL fails to achieve certain specified performance targets by March 31, 2014. The right became exercisable on May 30, 2014, and DOCOMO exercised the right on July 7, 2014.

The obligation of Tata Sons under the Agreement was not fulfilled, although DOCOMO repeatedly held discussions with Tata Sons in regards to the sale of its entire stake in TTSL, pursuant to the Agreement. Accordingly, DOCOMO submitted its request for arbitration to the London Court of International Arbitration on January 3, 2015.

The sale of investment in TTSL has not been completed as Tata Sons has not fulfilled its obligation, and thus DOCOMO has not accounted for the sales transaction for the year ending March 31, 2015. DOCOMO continues to account for the investment in TTSL under the equity method as DOCOMO continues to hold approximately 26.5% of the outstanding voting shares of TTSL and have the representation on the board of directors of TTSL even after submitting the request for arbitration. The financial effect of this matter cannot be estimated at this time due to the aforementioned uncertainties surrounding this investment. DOCOMO may recognize a gain or loss upon disposition of its TTSL shares or in the event that it becomes probable that the likelihood of the transaction as described above will not be carried out.
