To the Holders of Common Shares of Otter Tail Corporation:

You are cordially invited to attend the Annual Meeting of Shareholders of Otter Tail Corporation, which will be held at the Bigwood Event Center, Best Western The Falls Inn and Suites, 925 Western Avenue, Highway 210 West and Interstate 94, Fergus Falls, Minnesota, 56537 at 10:00 A.M. (CDT) on Monday, April 13, 2015.

Enclosed are a formal Notice of Annual Meeting and the Proxy Statement, which describe the business to be conducted at the meeting. The Board of Directors proposes that shareholders elect Ms. Karen M. Bohn, Mr. Charles S. MacFarlane and Ms. Joyce Nelson Schuette for three-year terms on the Board of Directors. Shareholders will be asked to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2015.

Otter Tail Corporation uses the U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to our shareholders a Notice of Internet Availability of Proxy Materials (the Notice). Shareholders will receive the Notice instead of a paper copy of our Proxy Statement, Proxy Card and the 2014 Annual Report on Form 10-K. The Notice contains instructions on how to access those documents over the Internet or, if you prefer, instructions on how to receive paper or e-mail copies of the proxy materials. We believe this process provides shareholders with the information they need in a timely manner while reducing environmental impact and lowering the costs of printing and distributing our proxy materials.

Your vote is important. Whether or not you attend the meeting, we encourage you to vote your shares by telephone, Internet or the mail. Instructions on voting your shares are on the Notice or Proxy Card you received for the Annual Meeting.

If your shares are held of record in a brokerage account, please follow the instructions you receive from your broker. Your broker will submit a Proxy Card to Otter Tail Corporation reflecting the votes it receives. Employee Stock Ownership Plan participants should follow the instructions provided by Wells Fargo Bank, N.A.

Sincerely,

Nathan I. Partain
Chairman of the Board

A: You have the right to revoke your proxy any time before the Annual Meeting by:

providing written notice to an officer of Otter Tail Corporation and voting in person at the Annual Meeting;

submitting another proper proxy by telephone or the Internet; or

Shares voted as abstentions (or as withhold authority as to Directors) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting and as unvoted, although present and entitled to vote, for purposes of determining the approval of the matter as to which the shareholder has abstained.

If your shares are held in the name of a brokerage firm and you do not provide voting instructions to your broker, your shares will not be voted on any proposal for which your broker does not have discretionary authority to vote. If a broker submits a proxy that indicates that the broker does not have discretionary authority as to certain shares to vote on one or more proposals, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting but will not be considered as present and entitled to vote with respect to such proposals. Brokers have discretionary authority to vote on the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

Table of Contents

Meetings and Committees of the Board of Directors

The full Board of Directors of Otter Tail Corporation considers all major decisions of Otter Tail Corporation. The Board of Directors has established a standing Audit Committee, Compensation Committee, and Corporate Governance Committee so that certain important matters can be addressed in more depth than may be possible in a full Board of Directors meeting. Each committee operates under a charter that is reviewed annually by that committee and approved by the Board of Directors.

Pursuant to Otter Tail Corporation's bylaws and governance guidelines, the Board of Directors determines the best board leadership structure for Otter Tail Corporation from time to time. Otter Tail Corporation recognizes that different board leadership structures may be appropriate for companies in different situations. Since 2002 Otter Tail Corporation has had a separate Chairman of the Board and Chief Executive Officer. The Chairman and Chief Executive Officer are elected annually by the Board. Otter Tail Corporation believes that its leadership structure, with a separate Chief Executive Officer and Chairman of the Board, is the optimal structure for Otter Tail Corporation at this time. The Chief Executive Officer and the Chairman of the Board have an excellent working relationship.

The Board of Directors acting as a Risk Committee of the whole retains responsibility for risk oversight for Otter Tail Corporation. The Board of Directors is routinely called upon in the exercise of its business judgment to assess the risk involved in matters brought to it for consideration. As a part of the strategic planning process the Board of Directors assesses the risk involved in the strategic plan of Otter Tail Corporation. In addition the Board of Directors conducts a complete corporate risk assessment at least annually and reviews risk regularly and routinely throughout the year.

The full Board of Directors held a total of six regularly scheduled and special meetings in 2014. In addition to these meetings, the Board of Directors also held a planning retreat with senior management in June 2014. During 2014, the Board of Directors met in executive session without the Chief Executive Officer and management at each meeting. It also met in executive session with only the independent Directors at certain meetings. Each Director attended at least 75 percent of the total meetings of the Board of Directors and the meetings of the committees on which he or she served. Each Director attended the Annual Meeting of Shareholders in 2014. It is expected that the Directors and executive officers of Otter Tail Corporation will attend the Annual Meeting of Shareholders in 2015.

Audit Committee

The Audit Committee reviews the financial results of Otter Tail Corporation, reviews accounting, audit and control procedures, and retains and supervises the independent registered public accounting firm. The Audit Committee has oversight responsibility for Otter Tail Corporation's Code of Conduct. In 2014, this committee was composed of four members (five members through February 6, 2014) of the Board of Directors: Ms. Bohn, Mr. Fritze (Chair, since April 14, 2014), Mr. Partain, Ms. Schuette, Mr. Spies and Mr. Stake. Mr. Partain and Mr. Spies (retired April 14, 2014) served on this Committee until and including the February 6, 2014 meeting. The Board has determined that all committee members, including Mr. Partain and Mr. Spies, are independent Directors as defined by the NASDAQ Listing Standards. The Board of Directors has determined that Mr. Fritze and Mr. Stake meet the SEC definition of an audit committee financial expert and all members of the committee are financially literate. The Audit Committee routinely meets in executive session with internal audit and the independent registered public accounting firm without management present. During the course of 2014 the committee received training on new financial issues affecting Otter Tail Corporation. The Audit Committee held four meetings in 2014. For further information on the actions of the Audit Committee, please refer to the Report of the Audit Committee on page 33. The Audit Committee Charter may be reviewed at www.ottertail.com.

Table of Contents

Compensation Committee

The Compensation Committee reviews, recommends and reports to the Board of Directors on all compensation programs, plans and policies involving Otter Tail Corporation's Board of Directors and certain executive officers and it develops, evaluates and recommends for approval all equity based compensation plans of Otter Tail Corporation. The Compensation Committee oversees the administration of the 1999 Employee Stock Purchase Plan, the 1999 Stock Incentive Plan, the 2014 Stock Incentive Plan and the Executive Annual Incentive Plan. The Compensation Committee periodically retains an outside compensation consultant to advise it in its decision making process. That consultant has not been used by management to an extent that would require disclosure under SEC rules. Subject to approval by the Board of Directors, this committee sets compensation for the Directors, the Chief Executive Officer, the Chief Financial Officer and certain other executive officers. In 2014, this committee was composed of three members of the Board of Directors: Ms. Johnson, Ms. Schuette and Mr. Stake (Chair). The Board has determined that all committee members are independent Directors as defined by the NASDAQ Listing Standards. The Compensation Committee held six meetings in 2014. For further information on the actions of the Compensation Committee, please refer to the Compensation Discussion and Analysis (CD&A) on page 13 and the Report of the Compensation Committee on page 22. The Compensation Committee Charter may be reviewed at www.ottertail.com.

Corporate Governance Committee

The Corporate Governance Committee identifies and recommends to the Board of Directors qualified candidates for election as Directors, recommends Director committee assignments and recommends actions necessary for the proper governance of Otter Tail Corporation and for the evaluation of the performance of the Board of Directors and Chief Executive Officer. With input from the Chief Executive Officer, the Corporate Governance Committee recommends certain executive officers for annual election. The Corporate Governance Committee reviews issues and developments related to corporate governance practices and makes recommendations to the Board of Directors on changes in structure, rule or practice necessary for compliance and for good corporate governance.

Otter Tail Corporation's Corporate Governance Committee Charter provides that the skills and characteristics required generally of Directors include diversity, age, business background and experience, accomplishments, experiences in the businesses related to Otter Tail Corporation and a willingness to make the requisite commitment of time and effort. Accordingly, the Board of Directors has not set minimum standards for Director candidates. Rather, it seeks highly qualified individuals with diverse backgrounds and business and life experiences that will enable them to constructively review and guide management of Otter Tail Corporation. The Corporate Governance Committee retained a consultant to identify Director candidates in 2014 and the consultant identified Mr. O'Keefe, who was appointed to the Board on April 14, 2014. The Corporate Governance Committee considers and evaluates potential Director candidates and makes its recommendations to the full Board of Directors. Any shareholder may submit a recommendation for nomination to the Board of Directors by sending a written statement of the qualifications of the recommended individual to the President and Chief Executive Officer, Otter Tail Corporation, Box 9156, Fargo, North Dakota 58106-9156. The Corporate Governance Committee will use the same process for evaluating all nominees, regardless of whether the nominee recommendation is submitted by a shareholder or some other source.

If a shareholder wishes to nominate a candidate for election to the Board of Directors, in order for the nomination to be properly made the shareholder must give written notice to the Secretary of Otter Tail Corporation. Notice must be received at Otter Tail Corporation's principal executive offices at least 90 days before the date that is one year after the prior year's regular meeting. The notice must set forth: (i) the name and address of the shareholder who intends to make the nomination and of the nominee or nominees, (ii) a representation that the shareholder is a holder of record of shares of Otter Tail Corporation entitled to vote at the meeting and that the shareholder intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (iii) a description of all arrangements or understanding between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder, (iv) such other information regarding each nominee proposed by the

shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated, or intended to be nominated, by the Board of Directors, and (v) the consent of each nominee to serve as a Director of Otter Tail Corporation if so elected.

The Corporate Governance Committee is composed of three members of the Board of Directors who, during 2014, were Ms. Bohn (Chair), Mr. Fritze and Mr. O Keefe (since April 14, 2014). Mr. Spies served on this committee until his retirement on April 14, 2014. The Board has determined that all committee members, including Mr. Spies, are independent Directors as defined by the NASDAQ Listing Standards. The Corporate Governance Committee held four meetings in 2014. The Corporate Governance Committee Charter may be reviewed at www.ottertail.com.

Director Compensation

Having made no changes to Director compensation since 2008, the Compensation Committee retained Towers Watson (Towers) to assess the competitiveness of the compensation provided to Directors of Otter Tail Corporation taking into consideration current market conditions. In December 2013, based on the recommendation of Towers and a review of the peer group data the Compensation Committee elected to increase the retainer for the Chairman of the Board and for the Committee Chairpersons. Non-employee Directors of Otter Tail Corporation receive an annual retainer for their services as a Director. Non-employee Directors, except the Chairman, receive an annual retainer of \$60,000. The Chairman receives an annual retainer of \$125,000 (previously \$84,000). Each committee chair receives an additional retainer of \$14,000 (previously \$7,000) per year. These changes were effective April 2014. Directors do not receive a meeting fee for attending either committee or Board of Director meetings. In addition, non-employee Directors receive actual expense reimbursement if they are required to furnish their own transportation to Board of Directors or committee meetings outside their city of residence.

Each non-employee Director receives an annual grant of restricted stock, which in 2014 was 2,100 (previously 2,000) shares granted under the terms of the 2014 Stock Incentive Plan on the date of the Annual Meeting. The shares of restricted stock vest over a period of four years at the rate of 25% per year and are eligible for full dividend and voting rights.

Directors may elect to receive their compensation (other than expense reimbursements) in the form of cash, stock or a combination. Directors may elect to defer the receipt of all or part of their cash compensation pursuant to the Otter Tail Corporation Deferred Compensation Plan for Directors. The deferral may be in the form of cash or stock units. Cash deferrals receive interest at a rate equal to 1% over the prime commercial rate of U.S. Bank National Association. Deferrals in the form of stock units are credited quarterly with dividend equivalents equal to the dividend rate on Otter Tail Corporation's common shares and the deferred amount is paid out in common shares.

Otter Tail Corporation has established a stock ownership guideline for Directors. Directors are expected to hold Otter Tail Corporation stock equal to five times the value of the non-Chair annual retainer (\$300,000) to be obtained within five years of beginning service on the Board of Directors. All existing Directors either meet the guidelines or are in the five-year period provided to reach the guidelines.

Compensation Discussion and Analysis

Executive Summary

Otter Tail Corporation believes that strong, effective leadership is the cornerstone of its continued growth and success. To be successful, Otter Tail Corporation must be able to attract, retain and motivate highly qualified executive officers with the competencies needed to excel in a rapidly changing marketplace and to understand issues relating to a diverse group of companies in several different industries.

Executive compensation at Otter Tail Corporation is focused on results. Total direct compensation includes base pay, annual cash incentive and stock-based long-term incentive. The mix of pay is designed to reflect a strong bias towards pay for performance by placing a majority of target compensation at risk. The only element of total direct compensation that is not performance based is base pay. Annual cash incentive and stock-based long-term incentive are performance and metric based. Discretion is exercised only in the individual performance portion of annual cash incentive.

At the 2014 Annual Meeting of Shareholders, Otter Tail Corporation provided shareholders an advisory vote on executive compensation. The shareholders voted to approve, on an advisory basis, the compensation of Otter Tail Corporation's Named Executive Officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure set forth in Otter Tail Corporation's Proxy Statement for the 2014 Annual Meeting. The vote was 24,630,886 shares For (87.6% of the shares voted), 1,806,830 shares Against (6.4% of the shares voted), and 1,692,091 shares Abstain (6.0% of the shares voted).

The Compensation Committee takes into account the result of the shareholder vote in determining executive compensation policies and decisions. The Compensation Committee viewed the 2014 vote as a strong expression of the shareholders' general satisfaction with Otter Tail Corporation's current executive compensation programs. While the Compensation Committee considered this shareholder satisfaction in determining to continue the present framework of executive compensation programs, decisions regarding incremental changes in the compensation programs and individual compensation were made in consideration of Otter Tail Corporation's performance, current economic conditions, and individual executive performance as described in more detail below.

Consistent with the shareholders' preference expressed in voting at the 2011 Annual Meeting of Shareholders, the Board of Directors determined that an advisory vote on the compensation of Otter Tail Corporation's executive officers will be conducted every three years. The next shareholder advisory vote will take place at the 2017 Annual Meeting of Shareholders.

Purpose and Philosophy

The Compensation Committee of the Board of Directors is responsible for developing and recommending to the Board of Directors Otter Tail Corporation's executive compensation program for the principal executive officers:

Edward J. McIntyre, who became our interim President and Chief Executive Officer on September 8, 2011 and was appointed President and Chief Executive Officer on January 3, 2012. As of April 14, 2014 he ceased serving as President on the appointment of Charles S. MacFarlane as President and Chief Operating Officer.

Kevin G. Moug, our Senior Vice President and Chief Financial Officer.

Charles S. MacFarlane, who became our President and Chief Operating Officer and retained the title of Chief Executive Officer, Otter Tail Power Company as of April 14, 2014, having been promoted from Senior Vice President, Electric Platform and President and Chief Executive Officer, Otter Tail Power Company.

George A. Koeck, our Senior Vice President, General Counsel and Corporate Secretary.

Timothy J. Rogelstad, who became our Senior Vice President, Electric Platform and President, Otter Tail Power Company, on April 14, 2014. He was not a Named Executive Officer last year.

Shane N. Waslaski, Senior Vice President, Manufacturing & Infrastructure Platform. Mr. Waslaski resigned his position effective May 15, 2014.

These individuals are referred to in this CD&A as the executive officers. Each of these executive officers is included in the Summary Compensation Table and the related tables beginning on page 23.

The Compensation Committee has adopted an Executive Compensation Policy which outlines the overall executive compensation philosophy of Otter Tail Corporation and describes the components of executive compensation for the executive officers.

Otter Tail Corporation provides fair and equitable compensation to its executive officers by combining base pay, annual cash incentive, stock-based long-term incentive, retirement plans, and competitive health, dental and other benefits. The Executive Annual Incentive Plan is designed to reward executives for Otter Tail Corporation's current year financial success and recognize the responsibilities of the executive officers for meeting Otter Tail Corporation's financial performance goals. Stock-based incentives focus on long-term performance by aligning the executive officers' long-term financial interests with Otter Tail Corporation's shareholders' interest. Pension and retirement plans are provided to encourage long tenure amongst the executive officers. Health, dental, vacation and other benefits are designed to be competitive with companies with whom Otter Tail Corporation competes for executive talent.

The key elements of our executive compensation practices are:

Pay for performance – a significant proportion of the compensation for the executive officers is at risk and is contingent on company performance.

Performance-based vesting – the long-term incentive vests at the end of three years based on total shareholder return compared to the total shareholder return of the companies in the Edison Electric Institute Index and beginning 2015 return on equity as well.

Edgar Filing: Otter Tail Corp - Form DEF 14A

Caps on incentive payouts Our short-term incentive and performance share awards are designed to pay out at a maximum of 190% and 150% of target respectively.

Share ownership We require all of our executive officers to own a meaningful amount of Otter Tail Corporation stock.

Independent consultant Our consultant is independent and provides only minimal other work for Otter Tail Corporation and its subsidiaries.

Table of Contents

Recoupment Policy The Executive Compensation Policy includes a Recoupment Policy, which provides that, after an accounting restatement, Otter Tail Corporation will attempt to recoup amounts paid to current and former executive officers under the Annual Cash Incentive Plan, the 1999 Stock Incentive Plan or the 2014 Stock Incentive Plan during the prior three years that would not have been paid based on the restated financial statements.

Market Conditions and Peer Group

The Compensation Committee periodically retains a compensation consultant to provide market-based compensation data in connection with its consideration of the compensation of the executive officers. In 2013, the Compensation Committee retained Towers to assess the competitiveness of the compensation provided to executive officers of Otter Tail Corporation taking into consideration current market conditions. To appropriately assess market conditions Towers created a peer group of publicly traded utility, manufacturing and distribution companies of comparable size heavily weighted to electric utilities to reflect the relative size of Otter Tail Corporation's operating companies, and taking into account other considerations that Towers deemed relevant such as geographic location (the Peer Group). The Peer Group is found below:

Removed from the previous Peer Group are CH Energy Group Inc., Donaldson Company, Inc., DPL Inc., Fastenal Company, Polaris Industries, Inc. and Titan Machinery, Inc. and added are Apogee Enterprises, Inc., Tennant Company, Unitil Corp. and Vectren Corporation. Towers used this Peer Group as well as other published survey data to compare the compensation provided to the executive officers in the areas of total remuneration, annual incentive, and long-term incentive. The analysis compared both the structure of compensation and the amount of compensation provided to each of the executive officers. Towers found that the structure of compensation was in line with market practices. Towers also found that the amount of total compensation and that the individual components of compensation provided the executive officers were competitive with market at the 50th percentile. The Compensation Committee utilized the information provided by Towers as a reference point in determining 2014 compensation for the executive officers. In addition the Compensation Committee considered individual performance, historical compensation and internal equity as well as regional considerations. The Compensation Committee received compensation recommendations from

Table of Contents

Mr. McIntyre for Mr. Moug, Mr. MacFarlane, Mr. Koeck and Mr. Waslaski. The Compensation Committee may, but is not required, to consider the recommendations. The Compensation Committee does not receive a recommendation for Mr. McIntyre. The Committee also considered this information in determining compensation levels for Mr. MacFarlane and Mr. Rogelstad as they assumed new roles in April.

Base Pay

Base pay is a traditional element of compensation provided almost universally by corporations. Base pay is set with reference to the market for similar jobs in the utility and general industry sectors as determined by the Peer Group. An individual executive's base pay also takes into consideration tenure, experience, skillset and individual performance.

Annual Cash Incentive

The Otter Tail Corporation Executive Annual Incentive Plan provides annual cash incentives to the executive officers for achieving annual performance targets for Otter Tail Corporation, the Electric Platform, or Manufacturing & Infrastructure Platform of Otter Tail Corporation depending upon the executive officer's position and responsibilities. The annual cash incentive is designed to place a significant portion of each executive officer's annual cash compensation at risk depending upon the financial and workplace safety performance of Otter Tail Corporation for that year and the individual performance of the executive officer. The target annual cash incentive for each executive officer is measured as a percentage of base pay. The target for annual cash incentive is set with reference to the market data for similar jobs in the utility and general industry sectors as determined by the Peer Group and published data.

The financial targets for the annual cash incentive are premised upon the executive officers delivering on their financial, safety and individual performance commitments to Otter Tail Corporation as reflected, in part, in the annual budget approved by the Board of Directors.

The Compensation Committee set threshold performance levels in addition to the target performance levels for the financial measures in order to incent the executive officers to strive for the best possible performance in a difficult year and a maximum performance level to reward exceptional performance.

As noted above, the Annual Incentive Plan includes a non-financial measure for workplace safety. One of Otter Tail Corporation's five core values is safety. Otter Tail Corporation strives to provide safe work places and requires safe work practices throughout its businesses. The Compensation Committee believes that management's commitment to workplace safety is critical to achieving Otter Tail Corporation's goals regarding workplace safety. Safety is measured against the weighted average composite case rate for the industries in which Otter Tail Corporation and its subsidiaries operate. The incentive for safety is paid if the weighted average composite case rate of Otter Tail Corporation and its subsidiaries is less than the weighted average composite case rate for the past three years for the industries in which Otter Tail Corporation and its subsidiaries operate. There is no threshold or maximum performance level for the safety performance measure. Subject to the discretion of the Compensation Committee, the safety incentive is not to be paid in a year where there is a workplace fatality due to a workplace accident.

- Corporate Return on Equity.** Mr. McIntyre, Mr. Moug, Mr. MacFarlane, and Mr. Koeck receive the applicable target percentage of total target payout if Otter Tail Corporation achieves the targeted corporate return on equity. The award amount is reduced for achievement of the threshold corporate return on equity and additional increments are paid for performance above the target. Otter Tail Corporation exceeded target corporate return on equity in 2014, with adjustments for early disposition of a lease on an aircraft as part of the strategic realignment of the portfolio of companies and a goodwill impairment recorded at Foley Company.
- Electric Platform Net Income.** Mr. MacFarlane and Mr. Rogelstad receive the applicable target percentage of total target payout if the Electric Platform achieves its targeted net income, prorated for the time each spent in their roles as President of the Electric Platform. The award amount is reduced for achievement of threshold net income and additional increments are paid for performance above the target. The Electric Platform exceeded threshold net income in 2014.

Table of Contents

5. **Electric Platform Return on Equity.** Mr. MacFarlane and Mr. Rogelstad receive the applicable target percentage of total target payout if the Electric Platform achieves its targeted return on equity, prorated for the time each spent in their roles as President of the Electric Platform. The award amount is reduced for achievement of threshold return on equity and additional increments are paid for performance above the target. The Electric Platform exceeded target return on equity for 2014.

6. **Manufacturing & Infrastructure Platform Return on Invested Capital.** Mr. Waslaski, who resigned his employment effective May 15, 2014, would have received the applicable target percentage of the total target payout if the Manufacturing & Infrastructure Platform had achieved its targeted Return on Invested Income (ROIC). The award amount would have been reduced for achievement of threshold ROIC and additional increments would have been paid for performance above the target. The Manufacturing & Infrastructure Platform exceeded target ROIC for 2014, with adjustments to exclude the impact of the goodwill impairment at Foley Company.

7. **Individual Performance.** Each executive officer receives a percentage of the total target payout based upon individual performance. The actual amount of the award is determined by Mr. McIntyre, who may award up to 200% of the target amount, and it is subject to Compensation Committee approval. Mr. McIntyre's individual performance award is determined solely by the Compensation Committee.

8. **Safety Incentive.** Each executive officer receives 10% of the total target payout if Otter Tail Corporation (Mr. McIntyre, Mr. Moug, Mr. Koeck and Mr. MacFarlane), the Electric Platform (Mr. MacFarlane and Mr. Rogelstad) and the Manufacturing & Infrastructure Platform (Mr. Waslaski) achieve their respective targets for workplace safety. The performance level for safety was met by all entities in 2014.

9. **Compensation Committee Discretion.** The Compensation Committee has discretion over the treatment of extraordinary gains, write offs or other events when determining the amount of annual cash incentive to be paid. In making its determinations in 2014, the Compensation Committee exercised this discretion by making adjustments for early disposition of a lease on an aircraft as part of the strategic realignment of the portfolio of companies and for a goodwill impairment at Foley Company.

Long-Term Incentives

Long-term incentive compensation for executive officers consists of performance share awards and restricted stock awards granted by the Compensation Committee under the Otter Tail Corporation 2014 Stock Incentive Plan.

The performance share awards are designed to tie the long-term incentives for the executive officers to Otter Tail Corporation stock performance and to further align the interests of the executive officers with shareholders. It does so in two ways. First, the number of shares awarded to the executive officers is based upon total shareholder return as compared to the total shareholder return of companies in the Edison Electric Institute Index (EEI Index) for the three-year period beginning on the first day of the year in which the grant is awarded. The EEI Index provides total shareholder returns for 48 shareholder owned electric utilities. Second, the value of the shares awarded increases or decreases with value provided to shareholders. In February 2015, the Compensation Committee added an additional metric for new awards such that 33.3% of the target payout will be based on achieving a three-year adjusted return on equity goal with 66.7% based on achieving the total shareholder return goal.

The restricted stock awards are also designed to align the interest of the executive officers with that of shareholders. They do so by rewarding continuity of service of the executive officers since the restricted stock awards vest over a period of four years and unvested restricted stock is forfeited upon voluntary termination. In addition, the value of shares awarded increases or decreases with the value provided to shareholders. In February 2015 the Compensation Committee awarded Restricted Stock Units in lieu of Restricted Stock Awards in substantially the same form as the former Restricted Stock Awards.

Table of Contents

In 2014, the Compensation Committee set targeted long-term incentive with reference to the market data for similar jobs in the utility and general industry sectors as determined by the Peer Group and published data. For performance shares, the number of shares actually awarded to each executive officer was calculated by dividing the targeted value delivered for each executive officer by grant date fair value on April 11, 2014 (\$20.12). For restricted stock, the number of shares actually awarded to each executive officer was calculated by dividing the targeted value delivered for each executive officer by the per share price of Otter Tail Corporation common stock on April 11, 2014 (\$29.32).

The grants of performance shares were approved by the Compensation Committee on April 14, 2014. Whether the performance shares become payable is based upon the total shareholder return of Otter Tail Corporation as compared to the total shareholder returns of the companies that comprise the EEI Index over a three-year period. For the grant awarded in 2014 the three-year period is from January 1, 2014 through December 31, 2016. The EEI Index is chosen because it is the sector which includes Otter Tail Corporation common shares. For purposes of this calculation, total shareholder return equals stock appreciation plus the value of dividends reinvested. The actual payment of common shares may range from zero to 150% of the target amount and will be paid in 2017. The target amount will be paid if the total shareholder return for Otter Tail Corporation is at the 50th percentile of the total shareholder returns of the companies that comprise the EEI Index over the three-year period, or if the executive retires. The threshold performance level is set at the 25th percentile and the maximum performance level is set at the 75th percentile. Payment is capped at target amount should total shareholder return be negative. Otter Tail Corporation believes the target is appropriate as it is indicative of performance consistent with the sector over the three-year measurement period. Stronger than sector performance is awarded with additional shares. Weaker than sector performance is penalized with the executive officers receiving fewer or no shares. The performance shares, to the extent they become payable, are paid in common shares of Otter Tail Corporation.

On September 23, 2014, the Compensation Committee amended Mr. McIntyre's outstanding performance share awards in connection with his contemplated retirement. If Mr. McIntyre retires and receives payment of target shares under the terms of the retirement provision of the 2013 award, he now has the additional opportunity to receive payment, if any, based on the actual performance of the Company against the performance goals set in the original award. The 2014 award was revised to reduce the number of shares from 44,800 to 32,200 to be received upon retirement and to provide the opportunity to receive payment, if any, based on the actual performance of the Company against the performance goals set in the original award.

The grants of restricted stock were approved by the Compensation Committee on April 14, 2014. The shares vest at a rate of 25% per year over a four-year period with the first quarter vesting on April 8, 2015, and the remaining quarters on the same date in 2016, 2017 and 2018, and vest in full upon retirement. Upon the grant date the executive officers are eligible for full dividend and voting rights.

Other Benefits

The executive officers receive health, dental, life, vacation and other traditional benefits identical to or consistent with the non-executive employees of Otter Tail Corporation.

Total Realized Pay

Otter Tail Corporation believes considering Total Realized Pay, the actual remuneration earned by the executive officers in a particular year, is an important additional factor when considering total compensation. Information related to Total Realized Pay is meant to supplement, rather than to replace the information found in the Summary Compensation Table. Total Realized Pay reflects the compensation actually paid based on performance, which can sometimes differ substantially from compensation as presented in the Summary Compensation Table. For example, total compensation as presented in the Summary Compensation Table contains estimated values of grants of performance shares that are based on multiple assumptions that may or

Table of Contents

may not be realized and can only be realized at the end of a three-year performance period. In addition, the Summary Compensation Table may show an increase or decrease in change in pension value, depending on the valuation assumptions and discount rates used to calculate present value of pension benefits.

Otter Tail Corporation defines Total Realized Pay as the sum of:

Base pay paid with respect to the year;

Annual incentive award paid with respect to the year;

The value realized upon the vesting of long-term incentive awards of performance shares, stock options, restricted stock and restricted stock units during the year; and

Other compensation paid with respect to the year.

When considering Total Realized Pay, Otter Tail Corporation excludes the following:

Change in pension value as reported in the Summary Compensation Table, because it is largely driven by accounting and valuation assumptions which are not reflective of the compensation realized by the executive officer in a particular year; and

The value of long-term incentive awards such as performance shares and restricted stock which are granted in a particular year, but cannot be earned in that year.

The following table compares Total Realized Pay for our named executive officers employed as of December 31, 2014 to the Total Compensation as presented in the Summary Compensation Table. As noted above, this table is not intended to be a substitute for the Summary Compensation Table.

Stock Ownership Guidelines

Otter Tail Corporation has established common stock ownership guidelines to ensure that the executive officers remain focused on long-term shareholder value. The ownership guidelines are as follows: Mr. McIntyre, 5 x base salary; Mr. Moug, 2 x base salary; Mr. MacFarlane, 2 x base salary; Mr. Rogelstad, 2 x base salary; and

Table of Contents

Mr. Koeck, 1 x base salary. While stock options are not considered as shares for purposes of satisfying the ownership guidelines, vested and unvested shares of restricted stock and restricted stock units are included. New officers are given five years to meet the guidelines. All of the executive officers meet guidelines with the exception of Mr. McIntyre and Mr. Rogelstad who have held their positions for less than five years.

Retirement Income and Deferred Compensation

Historically, the executive officers of Otter Tail Corporation have provided Otter Tail Corporation with long-term service. Otter Tail Corporation believes that this long-term service by its executive officers has been fundamental to its success. Accordingly, Otter Tail Corporation encourages long-term service by providing executive officers security in retirement through its pension and supplemental retirement plans. The executive officers, except for Mr. McIntyre and Mr. Waslaski, participate in the plans related to retirement income. Retirement benefits for Mr. McIntyre and Mr. Waslaski are described separately below.

Central to providing retirement security and encouraging long-term service by its executive officers are the Otter Tail Corporation Pension Plan (Pension Plan) and non-qualified Executive Survivor and Supplemental Retirement Plan (ESSRP). Combined, these plans deliver a defined pension benefit that increases with years of service and compensation. A further description of the benefits under these plans is found in the narrative description to the Pension Benefits Table on page 30.

Mr. McIntyre and Mr. Waslaski participated in the Executive Restoration Plus Plan (Restoration Plan), which was adopted in 2012 for executive officers and certain others who are not eligible to participate in the Pension Plan and the ESSRP. Subject to its annual discretion, Otter Tail Corporation will contribute a sum equal to 6.5% of annual compensation for the plan year in excess of Internal Revenue Code Section 401(a)(17) compensation limit in effect for that year plus 3% of annual compensation to retirement accounts for Mr. McIntyre and Mr. Waslaski provided they are employed on the last day of the plan year, except that contributions will be made for partial years in the event of retirement. A further description of the benefits under the plan is found in the narrative description to the Pension Benefits Table on page 30.

The executive officers except for Mr. McIntyre and Mr. Waslaski, who defer under the Restoration Plan, may elect to participate in a non-qualified deferred compensation plan. The plan offers a relatively low cost, competitive benefit consistent with plans offered by other employers. Participation in the plan is limited to the executive officers of Otter Tail Corporation and certain other employees of Otter Tail Corporation and its subsidiaries. Under the plan, participants may defer up to 50% of their base pay and 100% of their annual cash incentive compensation. The amounts deferred are segregated into one or more accounts chosen by the participant and earn a return based upon the performance of the investment option chosen by the participant. One account under the plan has a beginning distribution date coinciding with retirement. Other accounts may have distribution dates determined by the participant. Deferred contributions are made pre-tax. Each participant makes his or her own investment decisions on the amounts deferred and is solely at risk for investment returns. There are no Otter Tail Corporation contributions to the plan for executive officers and Otter Tail Corporation is not at risk for individual investment returns.

Otter Tail Corporation also provides a 401(k) retirement savings plan in which the employees of Otter Tail Corporation, including the executive officers, may participate. The plan permits all employees to set aside a portion of their income into the 401(k) retirement savings plan and Otter Tail Corporation matches 50% of the first 5% set aside by an employee up to the statutory maximum. Employees hired after September 1, 2006, may be awarded an enhanced employer contribution. In 2014, that award was 4%. The participation of the executive officers is on precisely the same terms as other participants in the plan.

Severance Benefits

Otter Tail Corporation has entered into change in control severance agreements with each of the executive officers, which provide financial protection in the event of a change in control that disrupts the executive

Table of Contents

officer's career. These agreements are designed to attract and retain high caliber executive officers, recognizing that change in control protections are commonly provided at comparable companies with which Otter Tail Corporation competes for executive talent. In addition, the change in control protections will enhance the impartiality and objectivity of the executive officers in the event of a change in control situation and better ensure that shareholder interests are protected. The protections contained in the change in control agreements provide for a double trigger, which means that there must be both a change in control and a termination of employment for the provisions to apply. A more complete description of the change in control agreements is found in the tabular disclosure in this Proxy Statement found at page 31.

Otter Tail Corporation has also entered into executive employment agreements with the executive officers, except for Mr. McIntyre who has chosen not to receive one. These agreements have been entered into by Otter Tail Corporation to clearly define the obligations of Otter Tail Corporation and the benefits to the executive officer upon termination from employment. These agreements are more fully described in the tabular disclosure in this Proxy Statement found at page 31.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code imposes limits on tax deductions for executive compensation in excess of \$1,000,000 paid to certain executive officers. It is the Compensation Committee's policy to take reasonable steps to preserve this tax deduction.

Report of Compensation Committee

The Compensation Committee of Otter Tail Corporation's Board of Directors is composed of three independent Directors as defined by the NASDAQ Listing Standards and operates under a written charter adopted by the Board of Directors. The Compensation Committee reviewed and discussed with management the foregoing CD&A. Based upon that review and discussion with management and its independent review of the CD&A, the Compensation Committee has recommended to the Board of Directors that the CD&A be included in this Proxy Statement and in Otter Tail Corporation's Annual Report on Form 10-K for the year ended December 31, 2014, filed with the SEC.

- (1) In each year bonuses paid to each of the executive officers were based in part upon the achievement of individual goals established at the beginning of the year, undertaking additional work outside of the scope of their normal responsibilities and individual performance as determined by the Chief Executive Officer and the Compensation Committee, for each executive officer except for Mr. McIntyre, whose bonus was determined by the Compensation Committee using the same criteria.

- (2) The amounts shown represent the aggregate grant-date fair values of performance award grants (2014 \$27.99/share for Mr. McIntyre's award and \$19.72/share for all others, 2013 \$37.51/share, 2012 \$21.75/share) and restricted stock grants (2014 \$29.41/share, 2013 \$31.03/share, 2012 \$21.32/share), as determined in accordance with FASB ASC Topic 718 and using the same assumptions as are described at Note 7 to the consolidated financial statements in the Annual Report on

Table of Contents

Form 10-K of Otter Tail Corporation for 2014. The estimated maximum payout value of the performance awards based on the per share grant-date fair value of the awards are as follows: Mr. McIntyre (2014 \$1,880,928, 2013 \$1,687,950, 2012 \$1,770,450); Mr. Moug (2014 \$387,498, 2013 \$547,646, 2012 \$543,750,); Mr. MacFarlane (2014 \$772,038, 2013 \$547,646, 2012 \$474,150); Mr. Koeck (2014 \$325,380, 2013 \$457,622, 2012 \$439,350, 2011 \$391,926) and Mr. Rogelstad (2014 \$221,850). Because the amounts shown primarily reflect the value ascribed to performance shares, which are awarded only if Otter Tail Corporation meets certain share price benchmarks over a three-year period as compared to peers and described in the CD&A, the amount may not represent the value actually received by the executive officers. See the CD&A for a more detailed description.

- (3) Non-Equity Incentive Plan Compensation represents awards earned during 2014, 2013, and 2012 for achieving financial and safety goals under the Executive Annual Incentive Plan. See the CD&A for a more detailed description.
- (4) This column represents the change in pension value and was determined using the same assumptions as are described at Note 11 to the consolidated financial statements in the Annual Report on Form 10-K of Otter Tail Corporation for each of 2014, 2013, and 2012. In 2013 the change in pension values were (\$162,453) for Mr. Moug, (\$135,330) for Mr. MacFarlane, and (\$36,052) for Mr. Koeck.
- (5) Amounts reflected in All Other Compensation for 2014 consist of (i) amounts contributed by Otter Tail Corporation under the Otter Tail Corporation 401(k) retirement savings plan for 2014 as follows: Mr. McIntyre, \$16,900; Mr. Moug, \$6,500; Mr. MacFarlane, \$5,112; Mr. Koeck, \$6,500; and Mr. Rogelstad, \$4,952; (ii) the amount of Otter Tail Corporation's contribution under the Employee Stock Ownership Plan for 2014 which was invested in common shares for the account of Mr. MacFarlane, \$1,067 and Mr. Rogelstad, \$2,591; (iii) health savings account contributions as follows: Mr. McIntyre, \$1,000; Mr. Moug, \$1,250; Mr. MacFarlane, \$728; Mr. Koeck, \$1,570; Mr. Rogelstad, \$200, and Mr. Waslaski, \$1,000; and (iv) amounts contributed to the Executive Restoration Plus Plan as follows: Mr. McIntyre, \$92,758; (v) negotiated payments/severance related to Mr. Waslaski's resignation, \$667,794; payment of unused accrued vacation to Mr. MacFarlane upon transfer between companies, \$50,597.

- (1) The grant date of all awards is the effective date established by the Board of Directors in the action in which such award is approved.
- (2) Represents awards granted to Mr. McIntyre, Mr. Moug, Mr. MacFarlane, Mr. Koeck, and Mr. Waslaski effective January 1, 2014 under the Executive Annual Incentive Plan and described in the CD&A. The awards are contingent upon Otter Tail Corporation reaching performance targets in four categories of performance: corporate earnings per share, return on equity, safety, and individual performance. Each executive is entitled to receive an award in an amount of 50% to 200% of the target for each financial category based upon the performance of Otter Tail Corporation in the category, provided Otter Tail Corporation meets at least the threshold performance level. Each executive is entitled to receive an award in an amount of 0% to 200% of the target for individual performance awarded at the discretion of the Compensation Committee for Mr. McIntyre and at the discretion of Mr. McIntyre and the Compensation Committee for Mr. Moug and Mr. Koeck. The workplace safety measure is paid at 100% if the target is met. This plan and targets are more fully described in the CD&A. The amount actually paid in 2014 is reported in part under Non-Equity Incentive Plan Compensation and in part under Bonus in the Summary Compensation Table.

Represents an incentive award granted to Mr. MacFarlane effective January 1, 2014 and April 14, 2014 and Mr. Rogelstad effective April 14, 2014 as determined on a basis consistent with the Executive Annual Incentive Plan and described in the CD&A. Power Company reaching performance targets in three categories of performance: net income, return on equity and safety, and individual performance. Mr. MacFarlane and Mr. Rogelstad are entitled to receive an award in an amount of 50% to 200% of the target for each financial category based upon the performance of Otter Tail Power Company, provided Otter Tail Power Company meets at least the threshold performance level. The workplace safety measure is paid at 100% if the target is met. Mr. MacFarlane and Mr. Rogelstad are entitled to receive an award in an amount of 0% to 200% of target for individual performance awarded at the discretion of Mr. McIntyre and the Compensation Committee. The amount actually paid in 2014 is reported in part under Non-Equity Incentive Plan Compensation and in part under Bonus in the Summary Compensation Table.

Represents an incentive award granted to Mr. Waslaski as determined on a basis consistent with the Executive Annual Incentive Plan and described in the CD&A. The awards were contingent upon the Manufacturing and Infrastructure Platform reaching performance targets in two categories of performance: return on invested capital and safety; Otter Tail Corporation's reaching a performance target for earnings per share; and individual performance. Mr. Waslaski was entitled to receive an award of 50% to 200% of the target for each financial category based upon the performance of the appropriate entity provided the threshold is met. The workplace safety measure was payable at 100% provided the target was met. Mr. Waslaski was entitled to receive an award in an amount of 0% to 200% of target for individual performance awarded at the discretion of Mr. McIntyre and the Compensation Committee. No amounts were paid in 2014 because Mr. Waslaski resigned effective May 15, 2014.

- (3) Represents grants of performance shares to each of Mr. McIntyre, Mr. Moug, Mr. MacFarlane, Mr. Koeck and Mr. Rogelstad that vest dependent upon the three-year total shareholder return as compared to the total shareholder returns for the companies comprising the EEI Index. In the event of death, disability or retirement at age 62 or older the performance shares vest assuming the performance goal is at target. In the event of resignation for good reason or termination without cause performance shares vest on a pro rata basis based upon the performance against the goal at the time of termination. Performance shares vest at threshold upon retirement for Mr. McIntyre, with an opportunity for Mr. McIntyre to receive an additional payment based upon actual performance exceeding target performance. The awards of performance shares are more fully described in the CD&A.
- (4) Represents restricted stock grants to Mr. Moug, Mr. Koeck, Mr. MacFarlane and Mr. Rogelstad that vest ratably on April 8, 2015, April 8, 2016, April 8, 2017 and April 8, 2018 provided they are employed by Otter Tail Corporation on those dates. Restricted stock vests in full upon disability, death, retirement or following a change in control. The executive officers have voting and dividend rights in the restricted shares.
- (5) The amounts shown represent the aggregate grant-date fair value of the stock awards as determined in accordance with FASB ASC Topic 718. Because the amounts indicated include the value ascribed to performance shares, which are awarded only if Otter Tail Corporation meets certain share price benchmarks as compared to peers and described in the CD&A, the amount may not reflect the value actually provided to the executive officers. See the CD&A for a more detailed description.
- (6) These grants for Mr. Waslaski were forfeited upon his resignation.

The fair market value as used in this table is the average of the high and low price of Otter Tail Corporation's common shares on the date of exercise or vesting.

Mr. McIntyre's restricted stock was awarded both as an executive and as a Director and was shown in the Director Compensation Table in the year awarded.

- (2) Includes accelerated vesting of 3,491 restricted shares for Mr. Moug and 3,289 restricted shares for Mr. Koeck under the terms of their Restricted Stock Award Agreements.

Pension, ESSRP, and Restoration Plus Plans

The Pension Plan is a tax-qualified defined benefit pension plan. Employees of Otter Tail Corporation and non-union employees of Otter Tail Power Company hired prior to September 1, 2006, and union employees of Otter Tail Power Company hired prior to November 1, 2013 (January 1, 2009 for Coyote Station employees) are eligible to participate in the Pension Plan. Benefits for Mr. MacFarlane, Mr. Moug and Mr. Koeck are determined by multiplying 37% of final average earnings (as defined in the Plan) by a fraction the numerator of which is the number of years of benefit accrual service up to 30 years and the denominator of which is 30. For these executive officers, final average earnings is determined using the 42 consecutive months out of the last 10 consecutive years prior to the participant's retirement which produces the highest average salary. In addition, for each year of benefit accrued service earned in excess of 30 years, the executive's benefit will increase by 1% up to a maximum of 110% of the benefit. For Mr. Rogelstad, the benefit is determined by multiplying 38% of his final average earnings by a fraction the numerator of which is the number of years of benefit accrual service up to 30 years and the denominator of which is 30. Final average earnings for Mr. Rogelstad is determined by using the 30 consecutive months out of the last 10 years prior to the participant's retirement that produces the highest average salary. A full pension benefit is paid if the executive officer retires after he or she reaches age 62. If the executive officer commences payment prior to age 62, there is a reduction in pension benefit on a scale beginning at 5% at age 61 and ending at 39% at age 55, the earliest age at which the pension benefit may be received. The Plan does not provide for a lump sum distribution. The Plan does not contemplate, nor have there been granted, additional years of credited service.

Mr. McIntyre and Mr. Waslaski are not eligible to participate in the Pension Plan.

Table of Contents

Mr. Moug, Mr. MacFarlane, Mr. Koeck and Mr. Rogelstad participate in the ESSRP. Participation in the ESSRP is determined by the Board of Directors. Mr. Koeck will receive retirement benefits under the ESSRP equal to the greater of the following:

- (1) A benefit equal to 70% of the participant's final average earnings (as defined in the ESSRP) offset by the participant's social security benefit and the amount of the participant's benefit from Otter Tail Corporation's tax-qualified defined benefit Pension Plan; provided the amount of this benefit will not increase after December 31, 2010. The benefit amount accrues over a 15-year period. If this benefit is applicable, it will be paid for 15 years to the participant or the participant's beneficiary, or for such longer period of time as the participant lives. Final average earnings under the ESSRP is the average of the participant's total cash payments (base pay and bonus) paid to the participant during the highest consecutive 42 months in the 10 years prior to the date as of which final average earnings is determined.
- (2) The benefit calculated under Otter Tail Corporation's tax-qualified defined benefit Pension Plan, modified to include the participant's bonus in the computation of covered compensation and to exclude any statutory compensation and benefits limit, and offset by the participant's benefit from the tax-qualified defined benefit Pension Plan. If this benefit is applicable, it will be paid in the same form as the participant's tax-qualified defined benefit Pension Plan benefit.

Mr. Moug, Mr. MacFarlane and Mr. Rogelstad will receive retirement benefits under the ESSRP equal to the greater of the following:

- (1) A benefit equal to 65% of the participant's final average earnings (as defined in the ESSRP) offset by the participant's social security benefit and the amount of the participant's benefit from Otter Tail Corporation's tax-qualified defined benefit Pension Plan; provided that the amount of this benefit will not increase after December 31, 2010. The benefit amount accrues over a 15-year period. If this benefit is applicable, it will be paid for 15 years to the participant or the participant's beneficiary, or for such longer period of time as the participant lives. Final average earnings for Mr. Moug is defined in the same manner as for Mr. Koeck. Final average earnings for Mr. MacFarlane and Mr. Rogelstad is defined as the average of the total cash payments (base pay and bonus) paid to the participant during the highest consecutive 30 months in the 10 years prior to the date as of which final average earnings is determined.
- (2) The benefit calculated under Otter Tail Corporation's tax-qualified defined benefit Pension Plan, modified to include the participant's bonus in the computation of covered compensation and to exclude any statutory compensation and benefit limits, and offset by the participant's benefit from the tax-qualified defined Pension Plan. If this benefit is applicable, it will be paid in the same form as the participant's tax-qualified defined benefit Pension Plan benefit.

The executive officers are all vested in their benefits under the ESSRP. Mr. Moug and Mr. Koeck were granted an additional 5 and 3.6 years of service, respectively, under the ESSRP as of January 1, 2005. These increases were designed to more equitably apply the reduction in benefits caused by the January 1, 2005 Amendment to the ESSRP. The ESSRP does not provide for a lump sum distribution.

If an executive officer under the ESSRP dies while employed by Otter Tail Corporation, Otter Tail Corporation will pay the participant's beneficiary an amount equal to four times the participant's annual salary and bonus at the time of death. If an executive officer under the ESSRP dies after retirement or dies after termination for other reasons with a vested benefit, Otter Tail Corporation will pay the participant's beneficiary a lesser amount, depending upon the executive officer's age at death and his or her vested percentage.

If an executive officer retires prior to age 62 or terminates employment prior to retirement, with a vested benefit in the ESSRP, the executive officer will receive a reduced benefit amount. If a participant dies while still employed, his or her beneficiary will receive the actuarial equivalent of the participant's benefit in 15 annual installments. Upon a change in control (as defined in the ESSRP), or in the event of the death of the executive officer while actively employed by Otter Tail Corporation, the executive officer becomes 100% vested in his or her accrued benefit. In the event of disability, years of credited service and years of participation continue to

Table of Contents

accrue under the ESSRP until such time as payments under Otter Tail Corporation's long-term disability plan end. The Board of Directors has the right to amend, suspend or terminate the ESSRP, but no such action can reduce the benefits already accrued.

Mr. McIntyre participates and Mr. Waslaski participated in the Executive Restoration Plus Plan which is a nonqualified defined contribution plan. The plan permits a participant to defer up to 50% of salary in 1% increments and up to 100% of annual cash incentive compensation in 1% increments. In addition, subject to its annual discretion, Otter Tail Corporation will contribute a sum equal to 6.5% of the annual compensation for the plan year in excess of Internal Revenue Code Section 401(a)(17) compensation limit in effect for that plan year plus 3% of annual compensation to the deferral and retirement accounts for Mr. McIntyre and Mr. Waslaski, provided they are employed on the last day of the plan year. The plan provides that each participant makes his or her own investment decisions on the amounts deferred and on the amounts contributed by Otter Tail Corporation and is solely at risk for investment returns. A participant's elected deferred sub-account will be fully vested at all times. A participant's employer contributions sub-account will be vested to the same extent he or she is vested in any employer contributions under the Otter Tail Corporation Retirement Savings Plan, provided, however, that a participant will become fully vested in their employer contribution sub-account upon death, becoming disabled, or upon a change in control, provided the date on which the participant becomes fully vested in the employer contributions as a result of any of those events occurs while the participant is actively employed by or associated with Otter Tail Corporation. The plan was amended in February 2015 to allow for full vesting of employer contributions if retiring at or after age 62 and to allow Otter Tail Corporation to make restorative or other discretionary contributions on behalf of participants.

If a participant separates from service or becomes disabled, the vested portion of the participant's account will be paid in a lump sum. If a participant dies while still employed, the participant's vested account will be paid to the participant's beneficiary in a lump sum payment. The Board of Directors has the right to amend, suspend or terminate the Executive Restoration Plus Plan, but no such action can reduce the benefits already accrued.

The following table summarizes the number of years of credited service and present accumulated value of the pension benefits for Mr. Moug, Mr. MacFarlane, Mr. Koeck and Mr. Rogelstad under the Otter Tail Corporation Pension Plan and ESSRP. Payments made for Mr. McIntyre and Mr. Waslaski under the Executive Restoration Plus Plan are found on the Non-Qualified Deferred Compensation Table and in the Summary Compensation Table.

Potential Termination Payments Upon a Change in Control

Otter Tail Corporation has entered into change in control severance agreements (the "Severance Agreements") with the Named Executive Officers. The Severance Agreements provide for certain payments and other benefits if, following a Change in Control, Otter Tail Corporation terminates the executive officer's employment without Cause or the executive officer terminates his or her employment for Good Reason. Such payments and benefits include: (i) severance pay equal to two times the sum of the executive officer's salary (at the highest annual rate in effect during the two years prior to the termination) and average annual incentive compensation (for the two years prior to the termination); (ii) two years of continued life, health and disability insurance; (iii) the payment of legal fees and expenses relating to the termination; and (iv) the termination of any noncompetition arrangement between Otter Tail Corporation and the executive officer. Under the Severance Agreements, "Cause" is defined as willful and continued failure to perform duties and obligations or willful misconduct materially injurious to Otter Tail Corporation; "Good Reason" is defined to include a material change in the employee's responsibility or status, a reduction in salary or benefits, or a mandatory relocation; and "Change in Control" is defined to include a change in control of the type required to be disclosed under SEC proxy rules, acquisition by a person or group of 35% of the outstanding voting stock of Otter Tail Corporation, a proxy fight

or contested election that results in Continuing Directors (as defined in the Agreements) not constituting a majority of Otter Tail Corporation's Board of Directors, or another event the majority of the Continuing Directors determines to be a Change in Control.

Potential Termination Payments due Outside a Change in Control

Otter Tail Corporation has entered into employment agreements (the Employment Agreements) with Mr. Moug, Mr. MacFarlane and Mr. Koeck, and Mr. Rogelstad is a participant in the Executive Severance Plan. Mr. McIntyre does not have an Employment Agreement and is not a participant in the Executive Severance Plan. The Employment Agreements provide that if Otter Tail Corporation terminates the employment of the executive officer for Cause or if the executive officer terminates the employment relationship without Good Reason (as defined in the Employment Agreements) the executive officer will receive base pay and benefits through the date of termination. Alternatively, if Otter Tail Corporation terminates the employment of the executive officer for any other reason, or if the executive officer terminates the employment relationship for Good Reason, Otter Tail Corporation will pay a severance payment equal to 1.5 times the sum of the executive officer's base pay plus his most recent annual cash incentive payment in full satisfaction of Otter Tail Corporation's obligations to the executive officer. The Executive Severance Plan provides Mr. Rogelstad with a severance payment under similar circumstances equal to 1.5 times the sum of his base pay plus the target annual cash incentive payment.

The following table presents information regarding potential payments pursuant to the agreements described above, the 1999 Stock Incentive Plan and the 2014 Stock Incentive Plan for each of the executive officers named below assuming the event took place on December 31, 2014.

Compensation Policies and Risk

Otter Tail Corporation believes that its compensation policies and practices for its employees are such that they are not likely to create risk that would have a material adverse effect on Otter Tail Corporation. As described in this Proxy Statement, the executive officers of Otter Tail Corporation are paid two forms of incentive compensation. Short-term incentives are measured against earnings per share, platform net income, platform return on equity, return on invested capital, workplace safety and individual performance. These financial and safety measures are transparent, subject to review and the recoupment policy and can be verified by audit. Only a portion of short-term incentive, individual performance, is discretionary. Otter Tail Corporation's long-term incentives are based upon stock performance and again, are transparent and subject to review and the recoupment policy. In short, Otter Tail Corporation believes there is little room for manipulation and a relatively low level of risk. To the extent that incentive compensation is used for other employees at Otter Tail Corporation, consistent practices are followed. Otter Tail Corporation's disclosure in this Proxy Statement was considered and discussed first by the executive team, including its Vice President of Human Resources, and then by the Compensation Committee and the Board of Directors.

The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that Otter Tail Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the

independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standards No. 16, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board (PCAOB). Otter Tail Corporation's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence and the Audit Committee discussed with the independent registered public accounting firm that firm's independence.

Ratification of Independent Registered Public Accounting Firm

At the Annual Meeting of Shareholders, the Board of Directors will propose that shareholders ratify the appointment of the firm of Deloitte & Touche LLP as the independent registered public accounting firm to audit the consolidated financial statements of Otter Tail Corporation for 2015. This firm has no direct or indirect financial interest in Otter Tail Corporation.

Shareholder ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. However, the Board of Directors is submitting the appointment of Deloitte & Touche LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee, which is solely responsible for appointing and terminating our independent registered public accounting firm, may in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Otter Tail Corporation and its shareholders.

A partner of the independent registered public accounting firm of Deloitte & Touche LLP will be present at the Annual Meeting to answer questions and to make a statement if he or she desires to do so. An affirmative vote of a majority of the common shares present and entitled to vote with respect to the ratification of the independent registered public accounting firm is required for ratification.
