## The Markets in Review

Dear Shareholder,

Diverging monetary policies and shifting economic outlooks between regions were the broader themes underlying market conditions during the 12-month period ended July 31, 2015. The period began with investors caught between the forces of low interest rates and an improving U.S. economy, high asset valuations, oil price instability and lingering geopolitical risks in Ukraine and the Middle East. As U.S. growth picked up considerably in the fourth quarter of 2014, the broader global economy showed signs of slowing. Investors favored the stability of U.S. assets despite uncertainty as to when the Federal Reserve (the Fed) would raise short-term interest rates. International markets continued to struggle even as the European Central Bank and the Bank of Japan eased monetary policy. Oil prices plummeted in late 2014 due to a global supply-and-demand imbalance, sparking a sell-off in energy-related assets and putting stress on emerging markets. Fixed income investors piled into U.S. Treasuries as their persistently low yields had become attractive as compared to the even lower yields on international sovereign debt.

Equity markets reversed in early 2015, with international markets outperforming the United States as global risks abated. Investors had held high expectations for the U.S. economy, but a harsh winter and west coast port strike brought disappointing first-quarter data and high valuations took their toll on U.S. stocks, while bond yields fell to extreme lows. (Bond prices rise as yields fall.) In contrast, economic reports in Europe and Asia easily beat investors' very low expectations, and accommodative policies from central banks in those regions helped international equities rebound. Oil prices stabilized, providing some relief for emerging market stocks, although a stronger U.S. dollar continued to be a headwind for the asset class.

U.S. economic data regained momentum in the second quarter, helping U.S. stocks resume an upward path, although meaningful strength in the labor market underscored the likelihood that the Fed would raise short-term rates before the end of 2015 and bond yields moved swiftly higher. The month of June brought a sharp, but temporary, sell-off across most asset classes as Greece's long-brewing debt troubles came to an impasse and investors feared the consequences should Greece leave the eurozone. Adding to global worries was a massive correction in Chinese equity prices despite policymakers' attempts to stabilize the market. As these concerns abated in the later part of July, developed markets rebounded with the help of solid corporate earnings. Emerging markets, however, continued to slide as Chinese equities remained highly volatile and growth estimates for many emerging economies were revised lower. Bond markets moved back into positive territory as softer estimates for global growth and the return of falling commodity prices caused yields to move lower.

At BlackRock, we believe investors need to think globally, extend their scope across a broad array of asset classes and be prepared to move freely as market conditions change over time. We encourage you to talk with your financial advisor and visit [blackrock.com](http://blackrock.com) for further insight about investing in today's markets.

## Municipal Market Overview

For the Reporting Period Ended July 31, 2015

### Municipal Market Conditions

Municipal bonds generated positive performance for the period, thanks to a favorable supply-and-demand environment and declining interest rates in the earlier half. (Bond prices rise as rates fall.) Interest rates moved lower in 2014 even as the U.S. Federal Reserve (the Fed) curtailed its open-market bond purchases. This, coupled with reassurance from the Fed that short-term rates would remain low for a considerable amount of time, resulted in strong demand for fixed income investments in 2014, with municipal bonds being one of the stronger performing sectors for the year. This trend continued into the beginning of 2015 until rate volatility ultimately increased in February as a result of uneven U.S. economic data and widening central bank divergence, i.e., rate cuts outside the United States while the Fed poised for normalizing U.S. rates. During the 12 months ended July 31, 2015, municipal bond funds garnered net inflows of approximately \$24 billion (based on data from the Investment Company Institute).

For the same 12-month period, total new issuance remained relatively strong from a historical perspective at \$406 billion (considerably higher than the \$306 billion issued in the prior 12-month period). A noteworthy portion of new supply during this period was attributable to refinancing activity (roughly 60%) as issuers took advantage of low interest rates and a flatter yield curve to reduce their borrowing costs.

### A Closer Look at Yields

From July 31, 2014 to July 31, 2015, yields on AAA-rated 30-year municipal bonds declined by 18 basis points ( bps ) from 3.30% to 3.12%, while 10-year rates fell by 7 bps from 2.26% to 2.19% and 5-year rates increased 8 bps from 1.22% to 1.30% (as measured by Thomson Municipal Market Data). Overall, the municipal yield curve remained relatively steep over the 12-month period even as the spread between 2- and 30-year maturities flattened by 49 bps and the spread between 2- and 10-year maturities flattened by 38 bps.

During the same time period, U.S. Treasury rates fell by 38 bps on 30-year bonds, 35 bps on 10-year bonds and 21 bps in 5-years. Accordingly, tax-exempt municipal bonds underperformed Treasuries across the yield curve, most notably in the intermediate part of the curve as a result of increased supply and tempered demand. In absolute terms, positive performance of muni bonds was driven largely by a supply/demand imbalance within the municipal market as investors sought income and incremental yield in an environment where opportunities had become scarce. More broadly, municipal bonds benefited from the greater appeal of tax-exempt investing in light of the higher tax rates implemented in 2014. The asset class is known for its lower relative volatility and preservation of principal with an emphasis on income as tax rates rise.

### Financial Conditions of Municipal Issuers

The majority of municipal credits remain strong, despite well-publicized distress among a few issuers. The four largest states—California, New York, Texas and Florida—have exhibited markedly improved credit fundamentals during the slow national recovery. However, several states with the largest unfunded pension liabilities have seen their bond prices decline noticeably and remain vulnerable to additional price deterioration. On the local level, Chicago's credit quality downgrade is an outlier relative to other cities due to its larger pension liability and inadequate funding remedies. BlackRock maintains the view that municipal bond defaults will remain minimal and in the periphery while the overall market is fundamentally sound. We continue to advocate careful credit research and believe that a thoughtful approach to structure and security selection remain imperative amid uncertainty in a modestly improving economic environment.

Investing involves risk including loss of principal. Bond values fluctuate in price so the value of your investment can go down depending on market conditions. Fixed income risks include interest-rate and credit risk. Typically, when interest rates rise, there is a corresponding decline in bond values. Credit risk refers to the possibility that the bond issuer will not be able to make principal and interest payments. There may be less information on the financial condition of municipal issuers than for public corporations. The market for municipal bonds may be less liquid than for taxable bonds. Some investors may be subject to Alternative Minimum Tax (AMT). Capital gains distributions, if any, are taxable.

## The Benefits and Risks of Leveraging

The Funds may utilize leverage to seek to enhance the distribution rate on, and net asset value ( NAV ) of, their common shares ( Common Shares ). However, these objectives cannot be achieved in all interest rate environments.

In general, the concept of leveraging is based on the premise that the financing cost of leverage, which is based on short-term interest rates, is normally lower than the income earned by a Fund on its longer-term portfolio investments purchased with the proceeds from leverage. To the extent that the total assets of the Funds (including the assets obtained from leverage) are invested in higher-yielding portfolio investments, the Funds' shareholders benefit from the incremental net income. The interest earned on securities purchased with the proceeds from leverage is paid to shareholders in the form of dividends, and the value of these portfolio holdings is reflected in the per share NAV.

To illustrate these concepts, assume a Funds' Common Shares capitalization is \$100 million and it utilizes leverage for an additional \$30 million, creating a total value of \$130 million available for investment in longer-term income securities. If prevailing short-term interest rates are 3% and longer-term interest rates are 6%, the yield curve has a strongly positive slope. In this case, the Funds' financing costs on the \$30 million of proceeds obtained from leverage are based on the lower short-term interest rates. At the same time, the securities purchased by the Funds with the proceeds from leverage earn income based on longer-term interest rates. In this case, the Funds' financing cost of leverage is significantly lower than the income earned on the Funds' longer-term investments acquired from leverage proceeds, and therefore the holders of Common Shares ( Common Shareholders ) are the beneficiaries of the incremental net income.

However, in order to benefit Common Shareholders, the return on assets purchased with leverage proceeds must exceed the ongoing costs associated with the leverage. If interest and other costs of leverage exceed the Funds' return on assets purchased with leverage proceeds, income to shareholders is lower than if the Funds had not used leverage. Furthermore, the value of the Funds' portfolio investments generally varies inversely with the direction of long-term interest rates, although other factors can influence the value of portfolio investments. In contrast, the value of the Funds' obligations under its leverage arrangement generally does not fluctuate in relation to interest rates. As a result, changes in interest rates can influence the Funds' NAVs positively or negatively. Changes in the future direction of interest rates are very difficult to predict accurately, and there is no assurance that the Funds' intended leveraging strategy will be successful.

Leverage also generally causes greater changes in a Funds' NAVs, market prices and dividend rates than comparable portfolios without leverage. In a declining market, leverage is likely to cause a greater decline in the net asset value and market price of a Funds' Common Shares than if the Funds were not leveraged. In addition, the Funds may be required to sell portfolio securities at inopportune times or at distressed values in order to comply with regulatory requirements applicable to the use of leverage or as required by the terms of leverage instruments, which may cause the Funds to incur losses. The use of leverage may limit the Funds' ability to invest in certain types of securities or use certain types of hedging strategies. The Funds incur expenses in connection with the use of leverage, all of which are borne by Common Shareholders and may reduce income to the Common Shares. Moreover, to the extent the calculation of the Funds' investment advisory fees includes assets purchased with the proceeds of leverage, the investment advisory fees payable to the Funds' investment advisor will be higher than if the Funds did not use leverage.

To obtain leverage, each Funds has issued Variable Rate Demand Preferred Shares ( VRDP Shares ) or Variable Rate Muni Term Preferred Shares ( VMTP Shares ) (collectively, Preferred Shares ) and/or leveraged its assets through the use of tender option bond trusts ( TOB Trusts ) as described in the Notes to Financial Statements.

Under the Investment Company Act of 1940, as amended (the 1940 Act ), each Fund is permitted to issue debt up to 33 1/3% of its total managed assets or equity securities (e.g., Preferred Shares) up to 50% of its total managed assets. A Fund may voluntarily elect to limit its leverage to less than the maximum amount permitted under the 1940 Act. In addition, a Fund may also be subject to certain asset coverage, leverage or portfolio composition requirements imposed by the Preferred Shares' governing instruments or by agencies rating the Preferred Shares, which may be more stringent than those imposed by the 1940 Act.

If a Fund segregates or designates on its books and records cash or liquid assets having a value not less than the value of the Funds' obligations under the TOB Trust (including accrued interest), a TOB Trust is not considered a senior security and is not subject to the foregoing limitations and requirements under the 1940 Act.

## Derivative Financial Instruments

The Funds may invest in various derivative financial instruments. Derivative financial instruments are used to obtain exposure to a security, index and/or market without owning or taking physical custody of securities or to manage market, equity, credit, interest rate, foreign currency exchange rate, commodity and/or other risks. Derivative financial instruments may give rise to a form of economic leverage. Derivative financial instruments also involve risks, including the imperfect correlation between the value of a derivative financial instrument and the underlying asset, possible default of the counterparty to the transaction or illiquidity of the derivative financial instrument. The Funds' ability to use a derivative financial instrument successfully depends on the investment advisor's ability to predict pertinent market movements accurately, which cannot be assured. The use of derivative financial instruments may result in losses greater than if they had not been used, may limit the amount of appreciation a Fund can realize on an investment and/or may result in lower distributions paid to shareholders. The Funds' investments in these instruments are discussed in detail in the Notes to Financial Statements.

<sup>6</sup> Average return.

<sup>7</sup> The Fund s discount to NAV, which narrowed during the period, accounts for the difference between performance based on price and performance based on NAV.

The following discussion relates to the Fund's absolute performance based on NAV:

The California municipal bond market delivered a gain during the 12-month period, as the combination of falling U.S. Treasury yields, the state's improving economy and rising revenues for state and local governments provided firm support for the market. These factors enabled longer-term bonds to outperform their short-term counterparts, and the Fund was positioned for this trend via its exposure to the long end of the yield curve. The Fund also maintained a fully invested posture with a low level of cash reserves, which allowed it to capitalize fully on the market's robust performance.

The Fund's positions in AA-rated credits within the school district, transportation and health sectors outperformed as California's improving credit profile enabled their valuations to rise. Positions in the utilities sector also aided performance. The Fund was further helped by having a zero weighting in Puerto Rico, where a deterioration of credit fundamentals led to a sharp downturn in prices.

Leverage on the Fund's assets, which was achieved through the use of tender option bonds, amplified the positive effect of falling rates on performance.

The Fund's use of U.S. Treasury futures contracts to manage interest rate risk had a slightly negative impact on performance given that bond yields declined during the reporting period.

The views expressed reflect the opinions of BlackRock as of the date of this report and are subject to change based on changes in market, economic or other conditions. These views are not intended to be a forecast of future events and are no guarantee of future results.

A: If the Merger is completed, Hampshire First will cease to exist and will merge with NBT Bank, with NBT Bank being the surviving bank.

Q: What will Hampshire First shareholders receive in the Merger?

A: If the Merger is approved by Hampshire First shareholders and the Merger is subsequently completed, each outstanding share of Hampshire First common stock (other than any dissenting shares) will be converted into the right to receive either: (1) \$15.00 in cash, without interest; (2) 0.7019 of a share of NBT Bancorp common stock for each share of Hampshire First common stock or (3) a mix of cash consideration for 35% of the stock owned by a Hampshire First shareholder and stock consideration for 65% of the stock owned. The exchange ratio of 0.7019 of a share of NBT Bancorp common stock for each share of Hampshire First common stock is subject to adjustment (as described in the Merger Agreement) if NBT Bancorp common stock falls outside of a certain range of the value of NBT Bancorp common stock on November 10, 2011. Hampshire First shareholders will receive NBT Bancorp common stock with a minimum value of \$12.00 and a maximum value of \$18.00 for each share of Hampshire First common stock exchanged for stock in connection with the Merger.

Hampshire First shareholders who elect either only cash consideration or only stock consideration for their shares may be required to accept a mix of the two in accordance with allocation provisions in the Merger Agreement. The reason is that the total consideration to be paid by NBT Bancorp in the Merger is subject to the requirement that 35% of the Hampshire First common stock be acquired for the cash consideration (or be dissenting shares) and that 65% be acquired for the stock consideration. The ability to receive all stock or all cash will depend on the elections of other Hampshire First shareholders. The allocation of the mix of consideration payable to Hampshire First shareholders who elect only cash or only stock will not be known until NBT Bank, as exchange agent, tallies the results of the cash/stock elections made by all Hampshire First shareholders, which will not occur until at or near the completion of the Merger. No guarantee can be made that Hampshire First shareholders will receive the amounts of cash or stock that they elected. If such an allocation is necessary to meet the overall 35% for cash and 65% for stock requirement, it shall be done on a prorated basis among the Hampshire First shareholders affected. Those Hampshire First

shareholders who initially elect to receive cash for 35% of their stock and stock for the other 65% will not be subject to the allocation. See “The Merger and the Merger Agreement - Merger Consideration” beginning on page 35 and “The Merger and the Merger Agreement - Allocation Procedures” beginning on page 37. Also Hampshire First shareholders who own 100 or fewer shares and who elect only cash consideration will not be subject to the allocation and will receive only cash.

Q: How do Hampshire First shareholders register their election to receive cash, NBT Bancorp common stock or a combination of both?

A: If the Merger is approved by Hampshire First shareholders, then an election form will be provided to Hampshire First shareholders under separate cover. Each Hampshire First shareholder should complete and return the election form, along with such holder's Hampshire First stock certificate(s), according to the instructions included with the form. The election deadline will be 5:00 p.m., Eastern Time, on the date specified in the election form. If you own shares of Hampshire First common stock in "street name" through a bank, broker or other nominee and you wish to make an election, you should seek instructions from the nominee holding your shares concerning how to make an election. If you do not send in the election form with your stock certificate(s) by the election deadline, you will be treated as though you have not made an election.

Q: What happens if a Hampshire First shareholder does not make a valid election to receive cash, NBT Bancorp common stock or a combination of both?

A: If a Hampshire First shareholder does not return a properly completed election form by the election deadline specified in the election form, such shareholder's Hampshire First common stock will be considered "non-election shares" and will be converted into the right to receive stock and/or cash as determined by NBT Bancorp according to the allocation procedures specified in the Merger Agreement.

Q: When will the Merger be completed?

A: We expect the Merger will be completed as soon as practicable after all of the conditions to completion contained in the Merger Agreement are satisfied or waived, including the receipt of required regulatory approvals and the approval of the Merger by Hampshire First shareholders at the Hampshire First special meeting. We currently expect to complete the Merger early in the second calendar quarter of 2012; however, there is no assurance that it will occur at such time, as certain conditions to the completion of the Merger, such as the receipt of required regulatory approvals, are not entirely within our control.

Q: What happens if the Merger is not completed?

A: If the Merger is not completed, Hampshire First shareholders will not receive any consideration for their shares of common stock in connection with the Merger. Instead, Hampshire First will remain an independent public company and its common stock will continue to be eligible for trading on the OTC. If the Merger Agreement is terminated within thirty-five days of the date of the Merger Agreement under certain specified circumstances, Hampshire First will be required to pay to NBT Bancorp a termination fee of approximately \$1,050,000, representing 2.5% of the aggregate value of the anticipated Merger consideration, plus up to \$250,000 in out of pocket deal-related expenses. In certain situations after thirty-five days of the date of the Merger Agreement, the termination fee payable by Hampshire First may be 5% of the Merger consideration. See the Merger Agreement under "Conditions to the Merger - Termination; Termination Fee" beginning on page 57.

Q: Who is being asked to approve matters in connection with the Merger?

A: Hampshire First shareholders are being asked to vote to approve the Merger-related proposals. Applicable New Hampshire law requires shareholder approval in connection with the Merger. By this proxy statement/prospectus, Hampshire First's board of directors is soliciting proxies from Hampshire First shareholders to approve the Merger Agreement at the Hampshire First special meeting, and any other matters that may come before the special meeting.

Q: Should Hampshire First shareholders send in their stock certificates with the enclosed proxy?

A: No. Hampshire First shareholders SHOULD NOT send in any stock certificates now with the enclosed proxy. An election form and transmittal materials, with instructions for their completion will be provided to Hampshire First shareholders under separate cover and the stock certificates should be sent with those materials at that time.

In the event that a Hampshire First shareholder fails to return a completed election form with such shareholder's stock certificates prior to the expiration of the election period and has not perfected a valid request for appraisal of such shares, a letter of transmittal with instructions for submission of such stock certificates will be mailed to such shareholder shortly following the Effective Time.

Q: What are the material federal income tax consequences of the Merger to Hampshire First shareholders?

A: The tax consequence of the Merger to Hampshire First shareholders will depend on whether only cash, only NBT common stock, or a combination of cash and NBT common stock is received in exchange for shares of Hampshire First common stock. If shares are exchanged solely for NBT common stock, no gain or loss should be recognized except with respect to cash received instead of any fractional share of NBT common stock. If shares are exchanged solely for cash, gain or loss should be recognized on the exchange. If shares are exchanged for a combination of NBT common stock and cash, gain should be recognized equal to the lesser of the cash received or the gain realized in the Merger (that is, the fair market value of the NBT common stock received, plus the cash received, and minus the Hampshire First shareholder's basis in the shareholder's Hampshire First's common stock). No loss should be recognized. Because the allocations of cash and NBT common stock received will depend on the elections of other Hampshire First shareholders, the actual tax consequences of the Merger will not be known until the allocations are completed.

Tax matters are very complicated, and the tax consequences of the Merger to a particular shareholder will depend in part on such shareholder's facts and circumstances. Accordingly, you should consult your tax advisor for a full understanding of the tax consequences of the Merger to you, including the applicability and effect of federal, state, local and foreign income and other tax consequences. For more information, please see the section entitled "Material Federal Income Tax Consequences of the Merger" beginning on page 59.

Q: Are Hampshire First shareholders entitled to appraisal rights?

A: Yes. Under applicable New Hampshire law, record holders of Hampshire First common stock who do not vote in favor of the proposal to adopt the Merger Agreement will be entitled to seek appraisal rights in connection with the Merger, and if the Merger is completed, obtain payment in cash equal to the fair value of their shares of Hampshire First common stock as determined by the Superior Court of Hillsborough County of the State of New Hampshire, instead of the Merger consideration. To exercise their appraisal rights, Hampshire First shareholders must strictly follow the procedures prescribed by New Hampshire law. A record holder of Hampshire First stock may elect to demand appraisal of such shares by: (1) delivering to Hampshire First, before the vote is taken, a written notice of intent to demand payment for all of the shares he or she beneficially owns; and (2) not voting for the Merger in person or by proxy. A vote in person or by proxy against the Merger or an abstention from voting shall not constitute a demand for an appraisal.

Within ten (10) days after the approval of the Merger, Hampshire First shall notify each dissenting shareholder who has complied with the appraisal rights procedures of the Effective Date of the Merger. These procedures are summarized in this proxy statement/prospectus under "Appraisal Rights" beginning on page 81. In addition, the text of the applicable provisions of New Hampshire law is included as Appendix C to this proxy statement/prospectus. Failure to strictly comply with these provisions will result in the loss of appraisal rights. For a more complete description of appraisal rights, please refer to the section entitled "Appraisal Rights" beginning on page 81.

Q: Are there any risks that I should consider in deciding whether to vote for the approval of the Merger?

A: Yes. You should read and carefully consider the risk factors set forth in the section of this proxy statement entitled "Risk Factors" beginning on page 20.

Q: When and where will Hampshire First shareholders meet?

A: Hampshire First will hold a special meeting of its shareholders on April 10, 2012, at 10:00 a.m., local time, at Hampshire First's office at 80 Canal Street, Manchester, New Hampshire.

Q: What matters are Hampshire First shareholders being asked to approve at the Hampshire First special meeting pursuant to this proxy statement/prospectus?

A: Hampshire First shareholders are being asked to adopt the Merger Agreement and approve the transactions contemplated by the Merger Agreement, including the Merger. Hampshire First shareholders are also being asked to approve the adjournment, postponement or continuation of the special meeting, if necessary, to solicit additional proxies in favor of the approval of the Merger Agreement.

7

---

Q: What does Hampshire First's board of directors recommend with respect to the Merger?

A: Hampshire First's board of directors has unanimously approved the Merger Agreement and determined that the Merger Agreement and the Merger are fair to and in the best interests of Hampshire First and its shareholders and unanimously recommends that Hampshire First shareholders vote "FOR" the Merger and "FOR" the adjournment, postponement or continuation of the special meeting, if necessary, to solicit additional proxies in favor of the approval of the Merger Agreement.

Q: Did the board of directors of Hampshire First receive an opinion from a financial advisor with respect to the Merger?

A: Yes. On November 15, 2011, Keefe Bruyette & Woods, Inc. (Keefe Bruyette) rendered its written opinion to the board of directors of Hampshire First that, as of such date and based upon and subject to the factors and assumptions described to the Hampshire First board during its presentation and set forth in the opinion, the consideration in the proposed Merger was fair, from a financial point of view, to holders of Hampshire First common stock. The full text of Keefe Bruyette's written opinion is attached as Appendix B to this proxy statement/prospectus. Hampshire First shareholders are urged to read the opinion in its entirety.

Q: Who can vote at the Hampshire First special meeting?

A: Holders of record of Hampshire First common stock at the close of business on February 24, 2012, which is the record date for the Hampshire First special meeting, are entitled to vote at the special meeting.

Q: How many votes must be represented in person or by proxy at the Hampshire First special meeting to have a quorum?

A: The holders of a majority of the shares of Hampshire First common stock outstanding and entitled to vote at the special meeting, present in person or represented by proxy, will constitute a quorum at the special meeting.

Q: What vote by Hampshire First shareholders is required to approve the Merger?

A: Assuming a quorum is present at the Hampshire First special meeting, approval of the Merger will require the affirmative vote of the holders of at least two-thirds (2/3) of the outstanding shares of Hampshire First common stock entitled to vote. Submission of proxies not designating an election will have the same effect as shares voted "FOR" the Merger and "FOR" the adjournment, postponement or continuation of the special meeting, if necessary, to solicit additional proxies in favor of the approval of the Merger Agreement. Abstentions and broker non-votes will have the same effect as shares voted "AGAINST" the Merger. Abstentions and broker non-votes will have no effect on the vote to adjourn, postpone, or continue the special meeting, if necessary, to solicit additional proxies in favor of the approval of the Merger Agreement.

As of the record date for the special meeting, directors and executive officers of Hampshire First, together with their affiliates, had sole or shared voting power over approximately 5.2% of the Hampshire First common stock outstanding and entitled to vote at the special meeting. Hampshire First directors, other than James M. Dunphy, have agreed with NBT Bancorp that all shares over which they or members of their immediate families have sole or shared voting control shall be voted in favor of the Merger. The aggregate total of these shares is 123,282, or 4.4%, of the total votes entitled to be cast at the special meeting. Additionally, Meridian Interstate Bancorp, Inc., the holding company for East Boston Savings Bank, beneficially owns 1,260,000 share of Hampshire First common stock, which includes 60,000 warrants to purchase common stock that may not be voted at the special meeting. Meridian has agreed to vote its 1,200,000 shares of common stock, representing approximately 43.1% of shares of Hampshire First common stock eligible to be voted at the special meeting, in favor of the Merger.

Q: How may the Hampshire First shareholders vote their shares for the Merger described in this proxy statement/prospectus?

A: Hampshire First shareholders may vote by completing, signing, dating and returning the proxy card in the enclosed prepaid return envelope as soon as possible or by attending the Hampshire First special meeting in person and voting their shares at the meeting. This will enable their shares to be represented and voted at the special meeting.

8

---

Q: Will a broker or bank holding shares in “street name” for a Hampshire First shareholder automatically vote those shares regarding the Merger for the shareholder at the Hampshire First special meeting?

A: No. A broker or bank WILL NOT be able to vote your shares with respect to the Merger without first receiving instructions from you on how to vote. If your shares are held in “street name,” you will receive separate voting instructions with your proxy materials. It is therefore important that you provide timely instruction to your broker or bank to ensure that all shares of Hampshire First common stock that you own are voted at the special meeting.

Q: Will Hampshire First shareholders be able to vote their shares at the Hampshire First special meeting in person?

A: Yes. Submitting a proxy will not affect the right of any Hampshire First shareholder to vote in person at the special meeting. If a Hampshire First shareholder holds shares in “street name,” the shareholder’s broker or bank should be asked how to vote those shares in person at the special meeting.

Q: What do Hampshire First shareholders need to do now?

A: After carefully reading and considering the information contained in this proxy statement/prospectus, Hampshire First shareholders are requested to vote by mail or by attending the special meeting and voting in person. If you choose to vote by mail, you should complete, sign, date and promptly return the enclosed proxy card. The proxy card will instruct the persons named on the proxy card to vote the shareholder’s Hampshire First shares at the special meeting as the shareholder directs. If a shareholder signs and sends in a proxy card and does not indicate how the shareholder wishes to vote, the proxy will be voted “FOR” both the Merger and the adjournment, postponement or continuation of the special meeting, if necessary, to solicit additional proxies in favor of the approval of the Merger Agreement. If you fail to mail in your proxy card by attending the Hampshire First special meeting and voting in person, you will be deemed to have voted “AGAINST” the Merger.

Q: What should a Hampshire First shareholder do if he or she receives more than one set of voting materials?

A: As a Hampshire First shareholder, you may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple Hampshire First proxy cards or voting instruction cards. For example, if you hold your Hampshire First shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold Hampshire First shares. If you are a holder of record and your Hampshire First shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive or otherwise follow the voting instructions set forth in this proxy statement in the sections entitled “Hampshire First Special Meeting of Shareholders”.

Q: May a Hampshire First shareholder change or revoke the shareholder’s vote after submitting a proxy?

A: Yes. If you have not voted through your broker, you can change your vote by: (1) providing written notice of revocation to the Clerk of Hampshire First, which must be filed with the Clerk by the time the special meeting begins; (2) submitting a later dated proxy card; or (3) attending the special meeting and voting in person. Any earlier proxy will be automatically revoked. However, simply attending the special meeting without voting will not revoke your proxy.

If you have instructed a broker to vote your shares, you must follow your broker’s directions to change your vote.

Q: What have Hampshire First directors and any significant Hampshire First shareholder agreed to do in connection with the Merger?

A: Each of the Hampshire First directors (except for James M. Dunphy, President and Chief Executive Officer of Hampshire First who has certain restrictive covenants in his new employment agreement with NBT Bancorp), has executed a voting and non-competition agreement under which they have agreed to vote their shares of Hampshire First common stock in favor of the Merger. The form of voting and non-competition agreement is attached to the Merger Agreement. In addition to voting in favor of the Merger, the Hampshire First directors have also agreed, subject to their fiduciary duties, to vote against any proposal for another Merger or similar transaction, or to take any action that would result in a breach by Hampshire First under the Merger Agreement.

In addition, Meridian which owns approximately 43.1% of the outstanding shares of Hampshire First's common stock eligible to be voted at the special meeting, has executed a voting agreement with NBT Bancorp in which it has agreed to vote its shares in favor of the Merger. Meridian is the parent bank holding company for East Boston Savings Bank, a Massachusetts chartered savings bank, and was one of the original investors in Hampshire First when it was formed in 2006.

Q: What happens if I sell my shares of Hampshire First common stock before the special meeting?

A: The record date for Hampshire First shareholders entitled to vote at the special meeting is earlier than both the date of the special meeting and the completion of the Merger. If you transfer your Hampshire First shares of common stock after the record date but before the special meeting, you will, unless special arrangements are made, retain your right to vote at the special meeting but will transfer the right to receive the Merger consideration to the person to whom you transfer your shares.

Q: If I am a Hampshire First shareholder, who can help answer my questions?

A: If you have any questions about the Merger or the special meeting, or if you need additional copies of this proxy statement/prospectus or the enclosed proxy card, you should contact Hampshire First's President and Chief Executive Officer, James M. Dunphy, by telephone at (603) 263-1444 or by mail at Hampshire First Bank, 80 Canal Street, Manchester, New Hampshire 03101

Q: Where can I find more information about NBT Bancorp and Hampshire First?

A: You can find more information about NBT Bancorp and Hampshire First from the various sources described under the section entitled "Where You Can Find More Information" on page 4.

The Merger and the Merger Agreement (page 31)

The terms and conditions of the Merger are contained in the Merger Agreement, which is attached to this proxy statement/prospectus as Appendix A. We encourage you to read the Merger Agreement carefully, as it is the legal document that governs the Merger.

Under the terms of the Merger Agreement, Hampshire First will merge with NBT Bank, with NBT Bank surviving the Merger.

Merger Consideration (page 35)

If the Merger is approved and is subsequently completed, Hampshire First shareholders (other than dissenting shareholders) will be given the opportunity to elect to receive for their shares of Hampshire First common stock: (1) all cash in the amount of \$15.00 per share, without interest; (2) all NBT Bancorp common stock, at an exchange ratio of 0.7019 of a share of NBT Bancorp common stock for each share of Hampshire First common stock; or (3) a mix of cash consideration for 35% of their shares and stock consideration for 65% of their shares. The exchange ratio of 0.7019 of a share of NBT Bancorp common stock for each share of Hampshire First common stock is subject to adjustment (as described in the Merger Agreement) if NBT Bancorp common stock falls outside of a certain range of the NBT common stock value on November 10, 2011. Hampshire First shareholders will receive NBT Bancorp common stock with a minimum value of \$12.00 and a maximum value of \$18.00 for each share of Hampshire First common stock exchanged for stock in connection with the Merger.

An amount of 35% of all outstanding Hampshire First common stock must be exchanged for cash (or be dissenting shares) and the remaining 65% must be exchanged for stock. We refer to the aggregate amount of Hampshire First common stock to be acquired with cash as the "Cash Consideration Pool" and the aggregate amount of Stock Consideration to be acquired with Stock Consideration as the "Stock Consideration Pool". In the event that the Cash Consideration Pool initially selected by Hampshire First shareholders is oversubscribed (i.e. exceeds 35% of the outstanding Hampshire First common stock), Hampshire First shareholders who make a cash only election will receive a mix of Cash Consideration and Stock Consideration. In the event that the Stock Consideration Pool initially selected by the Hampshire First shareholders is oversubscribed (i.e. exceeds 65% of the outstanding Hampshire First common stock), Hampshire First shareholders who make a stock only election will receive a mix of Cash Consideration and Stock Consideration in the Merger. The allocation of the mix of consideration payable to Hampshire First shareholders who initially make such a cash only or stock only election will not be known until NBT Bancorp tallies the results of the cash/stock elections made by all Hampshire First shareholders, which will not occur until near or at the Effective Time of the Merger. The allocation shall be prorated among the Hampshire First shareholders affected. Hampshire First shareholders who initially make an election to submit 35% of their stock for Cash Consideration and 65% for Stock Consideration will not be subject to such an allocation. Also, Hampshire First shareholders who own 100 or fewer shares and who elect only Cash Consideration will not be subject to the allocation and will receive only cash.

The following table shows the closing prices of NBT Bancorp common stock and Hampshire First common stock at November 15, 2011 (date preceding the execution date of the Merger Agreement) and February 29, 2012 (the most recent practicable trading day prior to the date of this proxy statement/prospectus):

November/Closing Price	NBT Bancorp	Hampshire First
November 15, 2011	\$21.60	\$9.10
February 29, 2012	\$21.81	\$15.00

No assurance can be given (and it is not likely) that the current market price of NBT Bancorp common stock will be equivalent to the market price of NBT Bancorp common stock on the date that Stock Consideration is received by Hampshire First shareholders or at any other time. At the Effective Time, the market price of the Stock Consideration could be greater or less than the value of the Cash Consideration due to fluctuations in the market price of NBT Bancorp common stock.

Exchange Procedures (page 36)

An election form and transmittal materials, with instructions for their completion, will be provided to Hampshire First shareholders of record as of the record date under separate cover. The election procedure entitles such shareholders to elect to receive cash, NBT Bancorp common stock, or a combination of cash and stock, or to make no election with respect to the Merger consideration. To make an effective election, a Hampshire First shareholder of record must submit a properly completed election form along with such shareholder's stock certificate(s) to NBT Bank, the exchange agent, by the election deadline, which shall be on or before 5:00 p.m., Eastern Time, on the date specified in the election form. Hampshire First shareholders are urged to carefully read and follow the instructions for completion of the election form and to submit the form in advance of the election deadline.

In the event that a Hampshire First shareholder fails to return a completed election form with such shareholder's stock certificates prior to the expiration of the election period or has not perfected a valid request for appraisal of such shares, a letter of transmittal with instruction for submission of such stock certificates will be mailed to such shareholder shortly following the Effective Time.

Effective Time of the Merger (page 49)

The Merger will occur as soon as practicable after the satisfaction of all the closing conditions specified in the Merger Agreement, including the receipt of all regulatory and shareholder approvals and after the expiration of all regulatory waiting periods and shall be effective on the date specified in the required documentation filed with the New Hampshire Banking Department or NHBD, and the Office of the Comptroller of the Currency or OCC. As of the date of this proxy statement/prospectus, the parties expect that the Merger closing will occur early in the second calendar quarter of 2012; however, there can be no assurance as to when or if the Merger will be completed.

Hampshire First Special Meeting of Shareholders (page 28)

A special meeting of the shareholders of Hampshire First will be held at Hampshire First's office at 80 Canal Street, Manchester, New Hampshire at 10:00 a.m., local time, on April 10, 2012, to approve (1) the Merger, (2) the adjournment, postponement or continuation of the special meeting, if necessary, to solicit additional proxies in favor of the approval of the Merger Agreement and (3) to act on any other business that may properly come before the special meeting or any adjournment or postponement thereof.

You can vote at the special meeting of Hampshire First shareholders if you owned Hampshire First common stock at the close of business on February 24, 2012, the record

date. On that date, there were 2,783,167 shares of Hampshire First common stock outstanding and entitled to vote, approximately 48.4% of which were owned by Hampshire First directors and executive officers and their affiliates, including Meridian. You can cast one vote for each share of Hampshire First common stock you owned on that date.

In order to approve the Merger, assuming a quorum is present at the Hampshire First special meeting, the holders of at least two-thirds (2/3) of the outstanding shares of Hampshire First common stock entitled to vote on the Merger must vote in favor of the Merger. If you fail to submit a proxy or fail to vote in person at the special meeting, or do not provide your broker with instructions, as applicable, your shares of common stock will not be voted on the Merger, which will have the same effect as a vote against the Merger.

Recommendation of the Hampshire First Board of Directors and Reasons for the Merger  
(page 39)

The Hampshire First board of directors has unanimously determined that the Merger Agreement and the Merger are fair to and in the best interests of Hampshire First and its shareholders and accordingly unanimously approved the Merger Agreement and recommends that Hampshire First shareholders vote “FOR” the approval of the Merger and “FOR” the adjournment, postponement, or continuation of the special meeting, if necessary, to solicit additional proxies in favor of the approval of the Merger Agreement.

In determining whether to approve the Merger and recommend adoption of the Merger Agreement to the Hampshire First shareholders, Hampshire First’s board considered the factors described under “The Merger and the Merger Agreement - Recommendation of the Hampshire First Board of Directors and Reasons for the Merger.”

Opinion of Hampshire First’s Financial Advisor (page 40 and Appendix B)

On November 15, 2011, Keefe Bruyette rendered its written opinion to the board of directors of Hampshire First, that, as of such date and based upon and subject to the factors and assumptions described to the Hampshire First board during its presentation and set forth in its written opinion, the consideration in the proposed Merger was fair, from a financial point of view, to Hampshire First and its shareholders. The full text of Keefe Bruyette’s written opinion, which sets forth the assumptions made, matters considered and limits on the review undertaken in connection with the opinion, is attached as Appendix B to this proxy statement/ prospectus and is incorporated by reference herein in its entirety. Hampshire First shareholders are urged to read the entire opinion carefully in connection with their consideration of the Merger. Keefe Bruyette’s written opinion is addressed to the board of directors of Hampshire First, is directed only to the consideration in the Merger and does not constitute a recommendation as to how any holder of Hampshire First common stock should vote with respect to the Merger or any other matter.

Interests of Hampshire First Directors and Executive Officers in the Merger (page 47)

In considering the recommendation of the board of directors of Hampshire First to adopt the Merger Agreement, you should be aware that executive officers and directors of Hampshire First have employment, agreements, change in control agreements, and stock options and warrants that give them interests in the Merger that are different from, or in addition to, their interests as Hampshire First shareholders. These interests and agreements include:

(1) Consulting and Employment Agreements with each of James M. Dunphy, Thomas Wiggins, and John F. Dinkel. NBT Bancorp has agreed to adopt and honor these agreements, subject to the amendments and limitations described below. The material terms of the agreements are as follows:

(a) The Consulting and Employment Agreement between Hampshire First and Mr. Dunphy, dated January 14, 2006 and as amended, provides that if, following a change in control (as the term is defined in the agreement), Mr. Dunphy is terminated other than “for cause”, or if Mr. Dunphy voluntarily terminates his employment within three (3) months of a change in control, he would be entitled to a lump sum payment equal to 2.99 times his current salary, the highest level of incentive compensation paid to him in any of the three preceding years under the terms of the Hampshire First Bank Incentive Compensation Plan (the “Hampshire First Incentive Plan”), along with continued health, medical and life insurance from Hampshire First, or its successor, for a period of 35 months, on the terms and cost to Mr. Dunphy as was available to him upon his date of termination. In exchange for waiving his rights to severance under this agreement, Mr. Dunphy will receive a lump sum payment of \$642,500, less applicable tax withholdings.

(b) Supplemental Retirement Plan. In addition, pursuant to an arrangement between Hampshire First and Mr. Dunphy, dated September 13, 2011, Mr. Dunphy would be entitled in the event of a change in control to a supplemental retirement benefit in the approximate

amount of \$64,000 determined as of February 2012, payable to him upon consummation of the Merger. Mr. Dunphy will also receive, or has received, certain other compensation in connection with the Merger including: (1) a lump sum payment in exchange for the cancellation of his 65,800 vested stock options granted under the Hampshire First Stock Option Plan (\$316,764, less applicable tax withholdings), which was paid by Hampshire First on November 30, 2011; and (2) an accelerated cash bonus of \$32,000, less applicable withholdings, under the Hampshire First Incentive Plan, which was paid by Hampshire First on December 15, 2011. Mr. Dunphy's executive vehicle agreement will be cancelled and he will not receive any payments or benefits as a result.

14

---

Pursuant to the terms of the Merger Agreement, in no event will any amount be paid to Mr. Dunphy on account of the Merger that would result in an “excess parachute payment” under Section 280G of the Internal Revenue Code of 1986, as amended, or that would result in the disallowance of a deduction by Hampshire First or NBT Bancorp for any “excess parachute” payment under Section 280G.

(c) New Employment Agreement and Change in Control Agreement with Mr. Dunphy. NBT Bancorp has entered into an Employment Agreement with Mr. Dunphy, which is effective upon consummation of the Merger, with an expiration date of January 1, 2014, renewable on December 31, 2013 and each December 31st thereafter unless Mr. Dunphy’s employment is terminated by reason of death, disability or “cause” or “good reason” as those terms are defined in the employment agreement. Mr. Dunphy’s salary under the agreement shall be \$206,850. In addition, Mr. Dunphy shall be eligible for performance bonuses and participation in employee benefit plans and reimbursement of reasonable travel and other expenses. If Mr. Dunphy’s employment is terminated without “cause” or if Mr. Dunphy resigns for “good reason”, he will be entitled to receive severance pay equal to one year’s salary plus benefits. The employment agreement provides Mr. Dunphy with the use of a vehicle and a retention payment to Mr. Dunphy in the amount of \$126,950 payable in a lump sum (less applicable taxes) upon the first year anniversary of Mr. Dunphy’s continuous employment with NBT Bancorp. If Mr. Dunphy’s employment is terminated prior to his completing one-year of service, he will be entitled to the retention payment if the termination is without “cause” or if Mr. Dunphy resigns for “good reason”. Mr. Dunphy is subject to certain restrictive covenants, including a non-competition obligation, for a period of one year following termination of employment for any reason.

Additionally, NBT Bancorp and Mr. Dunphy are parties to a Change in Control Agreement, dated November 16, 2011 and effective upon consummation of the Merger that provides, in part, that if Mr. Dunphy’s employment is terminated within 24 months of a change in control (as defined in the Agreement) without “cause” or for “good reason” (as those terms are defined in the Agreement), or Mr. Dunphy terminates employment without “good reason” within 12 months of the change in control, he will receive a severance payment equal to one year’s base pay plus continuation of health and welfare benefits for a period of one year from the date of termination.

(d) Hampshire First has entered into Consulting and Employment Agreements with Thomas Wiggins and John F. Dinkel, Jr., respectively, dated August 1, 2006 and August 8, 2006, and as amended from time to time. The agreements contain similar provisions to Mr. Dunphy’s agreement providing, in relevant part, that if, following a change in control (as the term is defined in the agreements), Messrs. Wiggins and Dinkel (who serve as Chief Financial Officer and Treasurer and Director of Community Banking, respectively) are terminated other than “for cause”, or if they voluntarily terminate their employment for “good reason” following a change in control, they will be entitled to a lump sum payment equal to fifteen (15) months of their then respective current salary plus the highest level of incentive compensation paid to them in any of the three preceding years under the terms of the Hampshire First Incentive Plan, along with continued health, medical and life insurance from Hampshire First, or its successor, for a period of fifteen (15) months, on the terms and cost to them as was available upon their respective dates of termination, regardless of whether they had availed themselves of such benefits prior to termination.

(2) Change in Control Agreements with Katherine Meyer, Dallas Laguerquist, Thomas Conaton and Lee Robator, each dated September 15, 2010. NBT Bancorp has agreed to adopt and honor these agreements. The relevant terms of the agreements provide for the payment of a lump sum amount ranging from six to fifteen months of annual salary in the event of a change in control. Payments are subject to reduction to such maximum amount that would not result in an “excess parachute payment” under Section 280G of the Internal Revenue Code of 1986, as amended.

(3) Hampshire First Stock Option Plan; Warrants. In 2007, Hampshire First established a stock option plan, following shareholder and regulatory approval, with grants awarded to all directors, senior management and various employees designated to participate in such plan

by its board of directors. Since the inception of the Plan to date, Hampshire First has granted approximately 446,650 options to purchase shares to employees, including officers, and directors of Hampshire First. There are also 180,000 warrants issued to certain executive and officers, of which 175,000 are outstanding. As of February 24, 2012, the following executives and directors held unvested options and warrants as follows:

Under the terms of the Stock Option Plan, all outstanding options become immediately exercisable in the event of a change of control. The average exercise price for each option granted is \$9.53. A description of the treatment of Hampshire First Stock Options at the Effective Date of the Merger is set forth on page 37.

(4) Indemnification and Insurance. The Merger Agreement contains provisions establishing the rights of Hampshire First officers and directors to indemnification and directors' and officers' liability insurance. See "Indemnification" on page 49 for a more detailed explanation of these rights.

#### Regulatory Approvals Required for the Merger (page 55)

Completion of the Merger is subject to various regulatory approvals, including approval of the OCC and NHBD. We filed all required applications and notices with such regulatory authorities (as that term is defined in the Merger Agreement) and OCC approval has been obtained without any terms, conditions, or restrictions that are deemed detrimental or having material adverse effect on NBT Bancorp after the completion of the Merger. We anticipate receiving NHBD approval prior to the date of the Hampshire First special meeting.

#### Conditions to the Merger (page 55)

Completion of the Merger depends on a number of conditions being satisfied or waived, including the following: (1) each of NBT Bancorp, NBT Bank and Hampshire First shall take all action required to authorize the execution, deliver and performance of the Merger Agreement and the transactions contemplated by the Merger Agreement, with evidence of such authorizations delivered to each other; (2) the approval of the Merger pursuant to the Merger Agreement by the affirmative vote of holders of at least two-thirds (2/3) of the issued and outstanding shares of Hampshire First in person or by properly executed and submitted proxy, at the Hampshire First special meeting; (3) the receipt of all regulatory approvals necessary to complete the transactions contemplated by the Merger Agreement, and the expiration of all applicable statutory waiting periods; (4) absence of any order, decree, memorandum, restriction or enforcement proceeding to which Hampshire First or NBT Bancorp or any affiliate thereof are subject, which have been issued, administered, supervised or prosecuted by any applicable regulatory authority which in effect prohibits completion of the Merger; (5) each of NBT Bancorp, NBT Bank and Hampshire First shall have delivered a certificate of its President to the effect that all required conditions to the

Merger, as set forth in the Merger Agreement, have been satisfied; (6) the performance in all material respects by each of NBT Bancorp, NBT Bank and Hampshire First of all obligations required to be performed under the Merger Agreement at or before the Effective Time and the continued accuracy of the representations and warranties made by the parties in the Merger Agreement; (7) execution of the Voting Agreement by Meridian and the voting and non-competition agreement by each of Hampshire First's directors (other than James M. Dunphy); ; (8) receipt by each of NBT Bancorp and Hampshire First of a satisfactory tax opinion from its respective counsel; (9) the approval for quotation on NASDAQ of the shares of NBT common stock issued in exchange for shares of Hampshire First common stock; (10) neither Hampshire First nor NBT Bancorp or NBT Bank shall have suffered and material adverse effect (as defined in the Merger Agreement) since December 31, 2010; and (11) NBT Bancorp shall have provided evidence to Hampshire First of satisfactory insurance coverage for Hampshire First directors and officers in accordance with the terms of the Merger Agreement.

Although we anticipate that the Effective Time will occur early in the second calendar quarter of 2012, because the satisfaction of certain of these conditions is beyond our control, we cannot be certain when, or if, the conditions to the Merger will be satisfied or waived or whether or not the Merger will be completed.

No Solicitation; Board Recommendation (page 56)

Hampshire First has agreed not to initiate, solicit, encourage or knowingly facilitate any inquiries or proposals from any third party relating to an acquisition of Hampshire First, or engage in any negotiations concerning, or provide any confidential or nonpublic information or data to, or have any discussions with, any person relating to, any acquisition proposal relating to Hampshire First. Notwithstanding these restrictions, the Merger Agreement provides that, under specified circumstances, in response to an unsolicited bona fide acquisition proposal from a third party which, in the good faith judgment of the Hampshire First board of directors, is or is reasonably likely to result in the consummation of a proposal which is superior to the Merger, Hampshire First may furnish information regarding Hampshire First and participate in discussions and negotiations with such third party.

Hampshire First has agreed to submit the Merger Agreement for approval and adoption by its shareholders. The Hampshire First board has recommended that its shareholders vote in favor of adopting the Merger Agreement. Hampshire First will not withdraw, qualify or adversely modify its recommendation to its shareholders to vote in favor of adoption of the Merger Agreement, except as permitted under the Merger Agreement in connection with a superior competing proposal. If, prior to the receipt of the Hampshire First shareholder approval, its board, after consultation with legal counsel, determines in good faith that, because of the receipt of a superior competing proposal, it would result in a violation of its fiduciary duties under New Hampshire law to continue to recommend adoption of the Merger Agreement, the Hampshire First board may withhold, withdraw, amend or modify its recommendation for Hampshire First shareholders' approval of the Merger.

Termination; Termination Fee (page 57)

NBT Bancorp and Hampshire First may mutually agree, in writing, at any time to terminate the Merger Agreement without completing the Merger, even if the Hampshire First shareholders have adopted the Merger Agreement.

The Merger Agreement may also be terminated and the Merger abandoned at any time prior to the Effective Time, as follows: (1) by mutual agreement to NBT Bancorp and Hampshire First; (2) upon a material breach by a party that has not been cured within 30 business days after written notice by the non-breaching party; (3) if the Effective Time shall not have occurred prior to June 30, 2012, (or September 30, 2012 if the reason the Effective Time has not occurred is due to the fact that the parties have not received approval from the regulatory authorities) unless the party seeking to terminate the Merger Agreement caused or materially contributed to the failure of the Merger to occur before such date; (4) if either party has been informed in writing by a regulatory authority that the requested approval or consent will not be granted, unless the failure to obtain approval or consent was due to the failure of the party seeking termination to perform under the Merger Agreement on or prior to the closing date; (5) by NBT Bancorp, if (a) Hampshire First fails to hold the Hampshire First special meeting to vote on the Merger within the time frame set forth in Merger Agreement; or (b) Hampshire First's board of directors fails to recommend or continue its recommendation that its shareholders vote in favor of the Merger or modifies, withdraws or adversely changes its recommendation that its shareholders vote in favor of the Merger; or (6) by Hampshire First or NBT Bancorp, at any time prior to the Hampshire First special meeting, in order for Hampshire First to concurrently enter into an acquisition agreement or similar agreement with respect to a superior competing proposal which has been received by Hampshire First and its board of directors in accordance with Section 5.10 of the Merger Agreement.

Hampshire First may be required to pay to NBT Bancorp a termination fee of \$1,050,000, representing 2.5% of the Merger consideration in certain circumstances occurring within 35 days of the date of the Merger Agreement and up to \$250,000.00 in out of pocket deal-related expenses, or a 5% termination fee in certain circumstances occurring more than 35 days after the date of the Merger Agreement, as described under the heading “Conditions to the Merger - Termination; Termination Fee” beginning on page 57.

Material Federal Income Tax Consequences of the Merger (page 59)

NBT Bancorp and Hampshire First will not be required to complete the Merger unless they receive legal opinions from their respective counsel to the effect that the Merger will qualify as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986.

Provided that the Merger qualifies as a reorganization for federal income tax purposes, the specific tax consequences of the Merger to a Hampshire First shareholder will depend upon the form of consideration such Hampshire First shareholder receives in the Merger.

If a Hampshire First shareholder receives solely shares of NBT Bancorp common stock (and cash instead of any fractional share of NBT Bancorp common stock) in exchange for such shareholder’s Hampshire First common stock, then the shareholder generally will not recognize any gain or loss, except with respect to the cash received in lieu of a fractional share of NBT Bancorp common stock. If a Hampshire First shareholder receives solely cash, then such shareholder generally will recognize gain or loss equal to the difference between the amount of cash such shareholder receives and the shareholder’s basis in the shareholder’s Hampshire First common stock. Generally, any gain recognized upon the exchange will be capital gain, and any such capital gain will be long-term capital gain if the Hampshire First shareholder has established a holding period of more than one year for the shareholder’s shares of Hampshire First common stock. If a Hampshire First shareholder receives a combination of whole shares of NBT Bancorp common stock and cash in exchange for the shareholder’s Hampshire First common stock, then the shareholder may recognize gain, but the shareholder will not recognize loss, upon the exchange of the shareholder’s shares of Hampshire First common stock for shares of NBT Bancorp common stock and cash. If the sum of the fair market value of the NBT Bancorp common stock and the amount of cash the Hampshire First shareholder receives in exchange for the shareholder’s shares of Hampshire First common stock exceeds the basis of the shareholder’s shares of Hampshire First common stock, the shareholder will recognize taxable gain equal to the lesser of the amount of such excess or the amount of cash the shareholder receives in the exchange. Generally, any gain recognized upon the exchange will be capital gain, and any such capital gain will be long-term capital gain if the Hampshire First shareholder has established a holding period of more than one year for the shareholder’s shares of Hampshire First common stock. Depending on certain facts specific to the Hampshire First shareholder, it is possible that any gain could instead be characterized as ordinary dividend income. The actual federal income tax consequences to Hampshire First shareholders electing to receive cash, NBT Bancorp Common Stock or a combination of cash and stock will not be ascertainable at the time Hampshire First shareholders make their election because it will not be known at the time how, or to what extent the allocation of proration procedure will apply.

For a more detailed discussion of the material federal income tax consequences of the transaction, see “Material Federal Income Tax Consequences of the Merger” beginning on page 59.

The tax consequences of the Merger to any particular shareholder will depend on that shareholder’s particular facts and circumstances. Accordingly, you are urged to consult your tax advisor to determine your tax consequences from the Merger.

Stock Market Quotation (page 58)

Application will be made by NBT Bancorp to have the shares of its common stock issued in exchange for Hampshire First common stock in connection with the Merger approved for

quotation on the NASDAQ.

Comparison of Shareholders' Rights (page 68)

The rights of Hampshire First shareholders who continue as NBT Bancorp shareholders after the Merger will be governed by Delaware Law and the certificate of incorporation and bylaws of NBT Bancorp rather than by the articles of agreement and bylaws of Hampshire First.

Appraisal Rights (page 81 and Appendix C)

Under Section 293-A:13.01 et seq. of the New Hampshire Business Corporation Act (“NHBCA”), holders of Hampshire First common stock may have the right to obtain an appraisal of the value of their shares of Hampshire First common stock in connection with the Merger, as determined by the Superior Court of Hillsborough County in the State of New Hampshire. To perfect appraisal rights, a Hampshire First shareholder must not vote for the adoption of the Merger Agreement or submit a blank proxy card and must strictly comply with all of the procedures required under Section 293-A:13.01 et seq. of the NHBCA. See “Appraisal Rights” in this proxy statement/prospectus beginning on page 81.

We have included a copy of the Section 293-A:13.01 et seq. of the NHBCA regarding Appraisal Rights as Appendix C to this proxy statement/prospectus.

#### Risk Factors

In addition to the other information contained in or incorporated by reference into this proxy statement/prospectus, including the matters addressed under the caption “Forward-Looking Statements,” Hampshire First shareholders should carefully consider the following risk factors in deciding whether to vote for adoption of the Merger Agreement. You should also consider the other information in this proxy statement/prospectus and all the other documents incorporated by reference into this proxy statement/prospectus. See “Where You Can Find More Information” on page 4 and “Incorporation of Certain Documents by Reference” on page 83.

#### Risks Related to the Merger.

Hampshire First shareholders may not receive the form of Merger consideration they elect.

The Merger Agreement contains provisions relating to election, adjustment, and allocation of the Merger consideration under certain circumstances. The allocation procedures are intended to provide that in the aggregate 35% of all outstanding Hampshire First common stock be exchanged for cash consideration and the remaining 65% be exchanged for stock consideration.

In the event that the Cash Consideration Pool initially selected by Hampshire First shareholders is oversubscribed by electing Hampshire First shareholders, Hampshire First shareholders who make a cash-only election (and who own more than 100 shares) will receive a mix of cash consideration and stock consideration. In the event that the Stock Consideration Pool is oversubscribed, Hampshire First shareholders who make a stock only election will receive a mix of cash consideration and stock consideration. The allocation shall be prorated among the Hampshire First shareholders affected. Hampshire First shareholders who initially make an election to submit 35% of their stock for cash consideration and 65% for stock consideration will not be subject to such an allocation.

Since the cash consideration will be paid for only 35% of the Hampshire First shares entitled to receive the Merger consideration at the Effective Time, the Cash Consideration Pool may be oversubscribed and Hampshire First shareholders who elect to receive cash consideration will receive a mix of cash consideration and stock consideration in the Merger. A Hampshire First shareholder who holds 100 or fewer shares and who makes a cash-only election will, however, receive only cash. It is also possible, although less likely, that the stock consideration Pool could be oversubscribed and that Hampshire First shareholders who elect to receive stock consideration will receive a mix of cash consideration and stock consideration in exchange for their shares in the Merger. The allocation of the mix of consideration payable to Hampshire First shareholders who make the all cash consideration or all stock consideration election will not be known until NBT Bancorp tallies the results of the cash/stock elections made by all Hampshire First shareholders, which will not occur until close to or at the Effective Time of the Merger. No guarantee can be made that Hampshire First shareholders who make such elections will receive the amounts of cash or stock they elected. Therefore, if there is an oversubscription of cash or an oversubscription of stock, it is likely that Hampshire First shareholders will not receive a portion of the Merger consideration in the form that they elect, which could result in, among other things, tax consequences that differ from those that would have resulted had such shareholders received the form of consideration they elected.

Because the market price of NBT Bancorp common stock may fluctuate, Hampshire First shareholders cannot be sure of the value of the Stock Consideration that they may receive.

Hampshire First shareholders may elect to receive Cash Consideration and/or Stock Consideration in the Merger. Under the terms of the Merger Agreement, 65% of the outstanding shares of Hampshire First’s common stock will be converted into the right to receive 0.7019 of a share of NBT Bancorp common stock for each share of Hampshire First common stock and the remaining 35% of outstanding shares of Hampshire First common stock will be exchanged for \$15.00 in cash. Based upon the \$21.37 closing price of NBT

Bancorp common stock on November 10, 2011, the exchange ratio of 0.7019 translates into a value of \$15.00 per share of Hampshire First common stock for Hampshire First shareholders who elect to receive Stock Consideration. However, because the Merger Agreement provides that the exchange ratio shall remain fixed at 0.7019 so long as the market value of a share of NBT Bancorp common stock remains within 20% of \$21.37 and because the market price of NBT Bancorp common stock is likely to fluctuate and differ from \$21.37 at the Effective Time, the value per share of NBT Bancorp common stock to be received by Hampshire First shareholders as Stock Consideration may be more or less than \$15.00, ranging from a maximum of \$18.00 per share to a minimum of \$12.00 per share of Hampshire First common stock exchanged for Stock Consideration. Because of the probable fluctuation in the price of NBT Bancorp common stock, at the time of the Hampshire First special meeting, you will not know or be able to determine the value of the NBT Bancorp common stock you will receive upon completion of the Merger. Stock price changes may result from a variety of factors, including general market and economic conditions, the regulatory environment and changes in the businesses, operations and prospects of NBT Bancorp. Many of these factors are beyond our control. See “The Merger and Merger Agreement - Adjustment to the Merger Consideration – Illustration of the Exchange Ratio” on page 36 for a more complete discussion and illustrations of the value that may be received by Hampshire First shareholders who elect to receive Stock Consideration for their shares of Hampshire First common stock.

Hampshire First shareholders who make elections will be unable to sell their shares in the market pending the Merger.

Hampshire First shareholders may elect to receive Cash Consideration and/or Stock Consideration in the Merger by completing an election form that is being sent under separate cover. Shareholders making the election will be required to remit their Hampshire First stock certificates together with their completed election forms. This means that, during the time between when the election is made and the date the Merger is completed, Hampshire First shareholders making an election will be unable to sell their Hampshire First common stock. If the Merger is unexpectedly delayed, this restriction could extend for a significant period of time. In order to minimize the period during which they cannot sell their shares, Hampshire First shareholders can deliver their election forms and certificates shortly before the election deadline; however, elections received after the election deadline will not be accepted or honored.

Hampshire First shareholders will have a reduced ownership and voting interest after the Merger and will exercise less influence over management.

Hampshire First shareholders currently have the right to vote in the election of the board of directors of Hampshire First and on other matters affecting Hampshire First. Upon the completion of the Merger, each Hampshire First shareholder who receives shares of NBT Bancorp common stock will become a shareholder of NBT Bancorp with a percentage ownership of NBT Bancorp that is substantially smaller than the shareholder's percentage ownership of Hampshire First. It is currently expected that the former shareholders of Hampshire First as a group will receive shares in the Merger constituting approximately 3.9% of the outstanding shares of NBT Bancorp common stock immediately after the Merger. As a result, Hampshire First shareholders will have less influence on the management and policies of NBT Bancorp than they now have on the management and policies of Hampshire First.

NBT Bancorp may fail to realize the anticipated benefits of the Merger.

The success of the Merger will depend on, among other things, NBT Bancorp's ability to realize anticipated cost savings and to combine the businesses of NBT Bank and Hampshire First in a manner that permits growth opportunities and does not materially disrupt the existing customer relationships of Hampshire First or result in decreased revenues due to loss of customers. If NBT Bancorp is not able to successfully achieve these objectives, the anticipated benefits of the Merger may not be realized fully or at all or may take longer to realize than expected.

NBT Bancorp and its subsidiaries on the one hand, and Hampshire First on the other hand, have operated and, until the completion of the Merger, will continue to operate, independently. Certain employees of Hampshire First may not be employed after the Merger. In addition, employees of Hampshire First that NBT Bancorp wishes to retain may elect to terminate their employment as a result of the Merger, which could delay or disrupt the integration process. It is possible that the integration process could result in the disruption of the ongoing business of NBT Bancorp following the Merger or cause inconsistencies in standards, controls, procedures and policies that adversely affect the ability of NBT Bancorp to maintain relationships with Hampshire First customers and employees or to achieve the anticipated benefits of the Merger.

The Merger Agreement may be terminated in accordance with its terms and the Merger may not be completed.

The Merger Agreement is subject to a number of conditions that must be fulfilled in order to complete the Merger. Those conditions include: (1) approval of the Merger by Hampshire First shareholders; (2) receipt of regulatory approvals; (3) absence of court orders prohibiting the completion of the Merger; (4) the continued accuracy of the representations and warranties by each party; (5) the performance by each party of their covenants and agreements; and (6) the receipt by each party of tax opinions from their respective legal

counsels.

21

---

In addition, certain circumstances exist whereby NBT Bancorp or Hampshire First may choose to terminate the Merger Agreement. (See “Conditions to the Merger - Termination; Termination Fee” beginning on page 57 for a more complete discussion of the circumstances under which the Merger Agreement could be terminated). There can be no assurance that the conditions to closing of the Merger will be fulfilled or that the Merger will be completed.

Termination of the Merger Agreement could negatively impact Hampshire First.

If the Merger Agreement is terminated, there may be various consequences, including: (1) Hampshire First and its business may have been adversely impacted by the failure to pursue other beneficial opportunities due to the focus of its management on the Merger and the incurring of Merger-related costs, without realizing any of the anticipated benefits of completing the Merger; and (2) the market price of Hampshire First common stock might decline, to the extent that the current market price reflects a market assumption that the Merger will be completed.

If the Merger Agreement is terminated and Hampshire First’s board of directors seeks another merger or business combination, Hampshire First shareholders cannot be certain that Hampshire First will be able to find a party willing to offer equivalent or more attractive consideration than the consideration NBT Bancorp has agreed to provide in the Merger.

Hampshire First agreed to pay NBT Bancorp a termination fee of \$1,050,000, representing 2.5% of transaction value, and up to \$250,000 in out of pocket deal-related expenses if the Merger Agreement had been terminated within thirty-five (35) days of the date of the Merger Agreement under circumstances set forth in the Merger Agreement. Hampshire First has further agreed to pay NBT Bancorp a termination fee of 5% of the transaction value if the Merger Agreement is terminated after thirty-five (35) days of the date of the Merger Agreement, also under circumstances set forth in the Merger Agreement. See “Termination; Termination Fee” beginning on page 57.

Hampshire First will be subject to business uncertainties and contractual restrictions while the Merger is pending.

Uncertainty about the effect of the Merger on employees and customers may have an adverse effect on Hampshire First and consequently on NBT Bancorp. These uncertainties may impair Hampshire First’s ability to attract, retain and motivate key personnel until the Merger is completed, and could cause customers and others that deal with Hampshire First to seek to change existing business relationships with Hampshire First. Retention of certain employees may be challenging while the Merger is pending, as certain employees may experience uncertainty about their future roles. If key employees depart because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with the business, NBT Bancorp’s business following the Merger could be negatively impacted. In addition, the Merger Agreement restricts Hampshire First from making certain acquisitions and taking other specified actions without the consent of NBT Bancorp until the Merger is completed. These restrictions may prevent Hampshire First from pursuing attractive business opportunities that may arise prior to the completion of the Merger. See “The Merger and the Merger Agreement - Conduct of Business Pending the Merger; Covenants” beginning on page 47 for a description of the restrictive covenants to which Hampshire First is subject.

The Merger Agreement limits Hampshire First’s ability to pursue alternatives to the Merger.

The Merger Agreement contains “no-shop” provisions that, subject to limited exceptions, limit Hampshire First’s ability to initiate, solicit, encourage or knowingly facilitate any inquiries or competing third-party proposals, or engage in any negotiations, or provide any confidential information, or have any discussions with any person relating to a proposal to acquire all or a significant part of Hampshire First. In addition, Hampshire First has agreed to pay NBT Bancorp a termination fee in the event that NBT Bancorp or Hampshire First terminates the Merger Agreement for certain reasons. These provisions might discourage a potential competing acquiror that might have an interest in acquiring all or a significant part of Hampshire First from considering or proposing that acquisition even if it were prepared to

pay consideration with a higher per share market price than that proposed in the Merger, or might result in a potential competing acquiror proposing to pay a lower per share price to acquire Hampshire First than it might otherwise have proposed to pay. Until the Merger Agreement is adopted by Hampshire First shareholders, Hampshire First's board of directors can consider and participate in discussions and negotiations with respect to an alternative unsolicited bona fide acquisition proposal (subject to its obligation to pay a termination fee under certain circumstances) so long as it determines in good faith (after consultation with its financial advisor and legal counsel) that such acquisition proposal is reasonably likely to be consummated and that such alternative acquisition proposal is reasonably likely to result in a transaction more favorable to Hampshire First shareholders from a financial point of view.

22

---

Hampshire First has agreed to keep NBT Bancorp apprised of developments, discussions and negotiations relating to any such acquisition proposal is reasonably likely to result in a transaction more favorable to Hampshire First shareholders from a financial point of view.

Hampshire First directors, executive officers and employees may have interests in the Merger different from the interests of unaffiliated Hampshire First shareholders.

The interests of some of the directors, executive officers and employees of Hampshire First in the Merger may be different from those of other, unaffiliated Hampshire First shareholders, and employees, directors and executive officers of Hampshire First may be participants in arrangements that are different from, or that are in addition to, those of other Hampshire First shareholders. These interests include: (1) at the Effective Time, each officer, director, and employee holding a Hampshire First stock option will, whether exercisable or not, become entitled to receive cash in an aggregate amount equal to the product of (a) the number of shares of Hampshire First common stock subject to the Hampshire First stock option, times (b) the difference, if any, between (x) \$15.00 and (y) the applicable exercise price per share under such Hampshire First Stock Option; (2) at the Effective Time, each officer, director and employee holding a Hampshire First warrant, whether exercisable or not, will become entitled to receive cash in an aggregate amount equal to the product of (a) the number of shares of Hampshire First common stock subject to the Hampshire First warrants times (b) the difference, if any, between (x) \$15.00 and (y) the applicable exercise price per share under the Hampshire First Warrant; and (3) the Employment and Change in Control Agreement with James M. Dunphy; a Consulting and Employment Agreement with Thomas Wiggins and John F. Dinkel, Jr., respectively, dated August 1, 2006 and August 8, 2006, and as amended from time to time; and Change in Control Agreements with Katherine Meyer, Dallas Laguerquist, Thomas Conaton and Lee Robator, each dated September 15, 2010, all of which provide for certain compensation to such officers in connection with the Merger.

These interests are described in more detail in the section of this proxy statement/prospectus entitled “The Merger and the Merger Agreement - Interests of Hampshire First Directors and Executive Officers in the Merger” beginning on page 47. On completion of the Merger, NBT Bank, as the surviving entity shall be responsible for the obligations of Hampshire First as described in this proxy statement/prospectus.

The shares of NBT Bancorp common stock to be received by Hampshire First shareholders as a result of the Merger will have rights that are different from the shares of Hampshire First common stock.

Upon completion of the Merger, the rights of former Hampshire First shareholders who become NBT Bancorp shareholders will be governed by Delaware law and the certificate of incorporation and bylaws of NBT Bancorp. The rights associated with Hampshire First common stock are different from the rights associated with NBT Bancorp common stock. See “Comparison of Shareholder Rights” beginning on page 68 for a discussion of the comparative rights associated with Hampshire First common stock and with NBT Bancorp common stock.

Following completion of the Merger, NBT Bancorp will face risks different from those faced by NBT Bancorp today, which may affect the market price of the shares of NBT Bancorp common stock.

Upon completion of the Merger, Hampshire First will cease to exist and certain holders of Hampshire First common stock will become holders of NBT Bancorp common stock. Some of NBT Bancorp’s and NBT Bank’s current businesses and markets differ from those of Hampshire First and, accordingly, the results of operations of NBT Bancorp after the Merger may be affected by factors different from those currently affecting its results of operations. For further information on NBT Bancorp and the factors to consider in connection with its business, see the documents incorporated by reference into this proxy statement/prospectus and referred to under “Incorporation of Certain Documents by Reference” beginning on page 83 and for further information regarding Hampshire First, see “Where You

#### Risks Relating to NBT Bancorp’s Business

Economic conditions may adversely affect NBT Bancorp’s liquidity and financial condition.

As a consequence of the economic slowdown that the United States has been experiencing, business activity across a wide range of industries faces serious difficulties due to the lack of consumer spending and the weakened financial condition of borrowers. Unemployment has also increased significantly. A continued weakness or further weakening in business and economic conditions generally or specifically in the principal markets in which NBT Bancorp does business could have one or more of the following adverse effects on NBT Bancorp’s business: (1) a decrease in the demand for loans and other products and services; (2) a decrease in the value of NBT Bancorp’s loans or other assets secured by consumer or commercial real estate; (3) a downgrade in the rating of debt securities held in NBT Bancorp’s investment securities portfolio; (4) an impairment of certain of NBT Bancorp’s intangible assets, such as goodwill; and (5) an increase in the number of borrowers and counterparties who become delinquent, file for protection under bankruptcy laws or default on their loans or other obligations to NBT Bancorp. An increase in the number of delinquencies, bankruptcies or defaults could result in a higher level of nonperforming assets, net charge-offs, provision for loan losses, and valuation adjustments on loans held for sale.

---

Commercial real estate and business loans increase NBT Bancorp's exposure to credit risks.

At September 30, 2011, NBT Bancorp's portfolio of commercial real estate and business loans totaled \$1.5 billion, or 40% of total loans. NBT Bancorp's plans are to continue to emphasize the origination of these types of loans, which generally expose NBT Bancorp to a greater risk of nonpayment and loss than residential real estate loans because repayment of such loans often depends on the successful operations and income stream of the borrowers. Additionally, such loans typically involve larger loan balances to single borrowers or groups of related borrowers compared to residential real estate loans. Also, some of NBT Bancorp's borrowers have more than one commercial loan outstanding. Consequently, an adverse development with respect to one loan or one credit relationship can expose NBT Bancorp to a significantly greater risk of loss compared to an adverse development with respect to a residential real estate loan. NBT Bancorp targets its business lending and marketing strategy towards small to medium-sized businesses. These small to medium-sized businesses generally have fewer financial resources in terms of capital or borrowing capacity than larger entities. If general economic conditions negatively impact these businesses, NBT Bancorp's results of operations and financial condition may be adversely affected.

Increases to the allowance for loan and lease losses may cause NBT Bancorp's earnings to decrease.

NBT Bancorp's customers may not repay their loans according to the original terms, and the collateral securing the payment of those loans may be insufficient to pay any remaining loan balance. Hence, NBT Bancorp may experience significant loan losses, which could have a material adverse effect on its operating results. NBT Bancorp makes various assumptions and judgments about the collectability of its loan portfolio, including the creditworthiness of its borrowers and the value of the real estate and other assets serving as collateral for the repayment of loans. In determining the amount of the allowance for loan and lease losses, NBT Bancorp relies on loan quality reviews, past loss experience, and an evaluation of economic conditions, among other factors. If NBT Bancorp's assumptions prove to be incorrect, NBT Bancorp's allowance for loan and lease losses may not be sufficient to cover losses inherent in NBT Bancorp's loan portfolio, resulting in additions to the allowance through an increased provision for loan losses reflected in NBT Bancorp's income statement. Material additions to the allowance would materially decrease NBT Bancorp's earnings and net income.

NBT Bancorp's emphasis on the origination of commercial loans is one of the more significant factors in evaluating its allowance for loan and lease losses. As NBT Bancorp continues to increase the amount of these loans, additional or increased provisions for loan losses may be necessary and as a result would decrease NBT Bancorp's earnings.

Bank regulators periodically review NBT Bancorp's allowance for loan and lease losses and may require NBT Bancorp to increase its provision for loan losses or loan charge-offs. Any increase in NBT Bancorp's allowance for loan and lease losses or loan charge-offs as required by these regulatory authorities could have a material adverse effect on its results of operations and/or financial condition.

Concentration of loans in NBT Bancorp's primary market area and expansion into the Manchester market may increase risk.

NBT Bancorp's success depends primarily on the general economic conditions in upstate New York, northeastern Pennsylvania, northwestern Vermont and western Massachusetts, as nearly all of NBT Bancorp's loans are to customers in those markets. Accordingly, the local economic conditions in those markets have a significant impact on the ability of borrowers to repay loans. In addition, the Merger will expand NBT Bancorp's market into New Hampshire, specifically the Manchester area. A decline in real estate valuations in these markets would lower the value of the collateral securing those loans. A significant weakening in general economic conditions such as inflation, recession, unemployment, or other factors beyond its control could also negatively affect NBT Bancorp's financial results.

Changes in interest rates could adversely affect NBT Bancorp's results of operations and financial condition.

NBT Bancorp's results of operations and financial condition are significantly affected by changes in interest rates. NBT Bancorp's financial results depend substantially on net interest income, which is the difference between the interest income that NBT Bancorp earns on interest-earning assets and the interest expense NBT Bancorp pays on interest-bearing liabilities. If NBT Bancorp's interest-earning assets mature or reprice more quickly than its interest-bearing liabilities in a given period as a result of decreasing interest rates, net interest income may decrease. Likewise, net interest income may decrease if interest-bearing liabilities mature or reprice more quickly than interest-earning assets in a given period as a result of increasing interest rates. NBT Bancorp has taken steps to mitigate this risk, such as selling thirty-year fixed rate residential mortgages, as well as increasing core deposit balances.

Changes in interest rates also affect the fair value of NBT Bancorp's interest-earning assets and, in particular, its investment securities available for sale. Generally, the fair value of NBT Bancorp's investment securities fluctuates inversely with changes in interest rates. Decreases in the fair value of NBT Bancorp's investment securities available for sale, therefore, could have an adverse effect on its shareholders' equity or its earnings if the decrease in fair value is deemed to be other than temporary.

Changes in interest rates may also affect the average life of NBT Bancorp's loans and mortgage-related securities. Decreases in interest rates can result in increased prepayments of loans and mortgage-related securities, as borrowers refinance to reduce borrowing costs. Under these circumstances, NBT Bancorp is subject to reinvestment risk to the extent that it is unable to reinvest the cash received from such prepayments at rates that are comparable to the rates on its existing loans and securities. Additionally, increases in interest rates may decrease loan demand and make it more difficult for borrowers to repay adjustable rate loans.

Strong competition may limit NBT Bancorp's growth and profitability.

Competition in the banking and financial services industry is intense. NBT Bancorp competes with commercial banks, savings institutions, mortgage brokerage firms, credit unions, finance companies, mutual funds, insurance companies and brokerage and investment banking firms operating locally and elsewhere. Many of these competitors (whether regional or national institutions) have substantially greater resources and lending limits than NBT Bancorp and may offer certain services that it does not or cannot provide. NBT Bancorp's profitability depends upon its ability to successfully compete in its market area.

The fairness opinion received by Hampshire First in connection with the Merger has not been updated since its date of issuance; accordingly the opinion may be based upon outdated information and therefore no longer present an accurate assessment.

The fairness opinion of Keefe Bruyette & Woods, Inc. rendered to Hampshire First is based upon information available as of the date of the opinion. Keefe Bruyette has not undertaken to update its opinion to reflect subsequent changes that may occur in the business or financial condition of Hampshire First, or in market, regulatory or financial conditions generally or any of the other assumptions relied upon by Keefe Bruyette in rendering its opinion. As a result, as of the date of the Hampshire First special meeting, and/or as of the Effective Time or thereafter, such changes, were they to occur, could render such assumptions invalid and Keefe Bruyette's opinion(s) inaccurate. Further, in rendering its opinion, Keefe Bruyette relied upon information prepared and supplied to them by the management of Hampshire First, without conducting any independent investigation to verify such information. Therefore, if such information proves to be inaccurate or invalid, the fairness opinion could prove to be inaccurate or invalid.

NBT Bancorp is a holding company and depends on its subsidiaries for dividends, distributions and other payments.

NBT Bancorp is a legal entity separate and distinct from NBT Bank and other subsidiaries. Its principal source of cash flow, including cash flow to pay dividends to its shareholders, is dividends from NBT Bank. There are statutory and regulatory limitations on the payment of dividends by NBT Bank to NBT Bancorp, as well as by NBT Bancorp to its shareholders. OCC regulations affect the ability of NBT Bank to pay dividends and other distributions to NBT Bancorp and to make loans to NBT Bancorp. Further, the Federal Reserve requires bank holding companies to serve as a source of strength for their subsidiary banks. If NBT Bank is unable to make dividend payments to NBT Bancorp and sufficient capital is not otherwise available, NBT Bancorp may not be able to make dividend payments to its common shareholders.

---

NBT Bancorp holds certain intangible assets that could be classified as impaired in the future. If these assets are considered to be either partially or fully impaired in the future, NBT Bancorp's earnings and the book values of these assets would decrease.

NBT Bancorp is required to test its goodwill and core deposit intangible assets for impairment on a periodic basis. The impairment testing process considers a variety of factors, including the current market price of its common stock, the estimated net present value of its assets and liabilities, and information concerning the terminal valuation of similarly situated insured depository institutions. If an impairment determination is made in a future reporting period, NBT Bancorp's earnings and the book value of these intangible assets will be reduced by the amount of the impairment. If an impairment loss is recorded, it will have little or no impact on the tangible book value of NBT Bancorp common shares or its regulatory capital levels, but such an impairment loss could significantly restrict NBT Bank from paying a dividend to NBT Bancorp.

A breach of information security, including as a result of cyber attacks, could disrupt NBT Bancorp's business and earnings.

NBT Bancorp and NBT Bank depend upon data processing, communication and information exchange on a variety of computing platforms and networks, and over the internet. In addition, NBT Bancorp and NBT Bank rely on the services of a variety of vendors to meet their data processing and communication needs. Despite existing safeguards, NBT Bancorp and NBT Bank cannot be certain that all of their systems are free from vulnerability to attack or other technological difficulties or failures. If information security is breached or difficulties or failures occur, despite the controls that NBT Bancorp and NBT Bank and their third party vendors have instituted, information can be lost or misappropriated, resulting in financial loss or costs to NBT Bancorp and NBT Bank or damages to others. Such costs or losses could exceed the amount of insurance coverage, if any, which would adversely affect NBT Bancorp's business and earnings.

Failure to timely integrate information technology systems could delay the Merger and increase our expenses.

Information technology systems collect, maintain, protect, update and retrieve borrower, depositor and other information critical to a bank's operations. NBT Bank and Hampshire First utilize different information technology systems and, consequently, the successful integration of these systems is very important. If integration difficulties arise, they could delay the Merger and produce significant expense, which could affect NBT Bancorp's profitability during the period in which they are incurred.

#### Risks Relating to Financial Services Industry Regulation.

NBT Bancorp operates in a highly regulated environment and may be adversely affected by changes in laws and regulations.

NBT Bancorp and NBT Bank are subject to extensive regulation, supervision, and examination by regulatory authorities. For example, NBT Bancorp is regulated by the Federal Reserve, and NBT Bank is regulated by the OCC and, to a lesser extent, the Federal Deposit Insurance Corporation, also known as the FDIC. Such regulators govern the activities in which NBT Bancorp and its subsidiaries may engage. These regulatory authorities have extensive discretion in connection with their supervisory and enforcement activities, including the imposition of restrictions on the operation of a bank, the classification of assets by a bank, and the adequacy of a bank's allowance for loan and lease losses.

Any change in regulation and supervision, whether in the form of supervisory policy, regulations, or legislation, could have a material impact on NBT Bancorp and its operations. NBT Bancorp believes that it is in substantial compliance with applicable federal, state and local laws, rules and regulations. Because NBT Bancorp's business is highly regulated, the laws, rules and applicable regulations are subject to regular

modification and change. There can be no assurance that proposed laws, rules and regulations, or any other law, rule or regulation, will not be adopted in the future, which could make compliance more difficult or expensive or otherwise adversely affect NBT Bancorp's business, financial condition or prospects. If, as a result of an examination, a federal banking agency were to determine that the financial condition, capital resources, asset quality, earnings prospects, management, liquidity or other aspects of any of NBT Bancorp's or NBT Bank's operations had become unsatisfactory, or that their management was in violation of any law or regulation, it may take a number of different remedial actions as it deems appropriate. These actions include the power to enjoin "unsafe or unsound" practices, to require affirmative actions to correct any conditions resulting from any violation or practice, to issue an administrative order that can be judicially enforced, to direct an increase in NBT Bancorp's or NBT Bank's capital, to restrict their growth, to assess civil monetary penalties against their officers or directors, to remove officers and directors and, if it is concluded that such conditions cannot be corrected or there is an imminent risk of loss to depositors, to terminate NBT Bank's deposit insurance. If NBT Bancorp or NBT Bank becomes subject to such regulatory actions, their business, results of operations, and reputation may be negatively impacted.

The Dodd-Frank Act may result in NBT Bancorp's business becoming subject to significant and extensive additional regulations which may adversely affect NBT Bancorp's results of operations and financial condition.

The Dodd-Frank Wall Street Reform and Consumer Protection Act (also known as the Dodd-Frank Act), significantly changes the regulation of banks, bank holding companies and the broader financial services industry. The Dodd-Frank Act includes provisions affecting large and small financial institutions alike, including several provisions that will profoundly affect how community banks and bank holding companies, such as NBT Bancorp, will be regulated in the future. Among other things, these provisions: (1) abolish the Office of Thrift Supervision and transfer its functions to the other federal banking agencies; (2) relax rules regarding interstate branching; (3) allow financial institutions to pay interest on business checking accounts; (4) change the method of calculating federal deposit insurance coverage; and (5) impose new capital requirements on bank holding companies.

The Dodd-Frank Act also establishes the Bureau of Consumer Financial Protection as an independent entity within the Federal Reserve, which will be given the authority to promulgate consumer protection regulations applicable to banks and other providers offering consumer financial services or products. This includes the authority to prohibit "unfair, deceptive or abusive" acts and practices. Banks with \$10 billion or less in assets, such as NBT Bank, will continue to be examined for compliance with the consumer laws by their primary bank regulators. The Dodd-Frank Act also directs the Federal Reserve to promulgate rules prohibiting excessive compensation paid to bank holding company executives.

Additionally, the Dodd-Frank Act includes a series of provisions covering mortgage loan origination standards affecting, among other things, originator compensation, minimum repayment standards, and pre-payments. The Dodd-Frank Act contains numerous other provisions affecting financial institutions of all types, many of which may materially affect NBT Bancorp's business, compliance responsibilities, human resources and operating environment.

The Dodd-Frank Act and the regulations adopted thereunder are expected to subject NBT Bancorp and other financial institutions to additional restrictions, oversight and costs that may have an adverse impact on its business, financial condition, results of operations or the price of NBT Bancorp common stock. The Dodd-Frank Act substantially increases regulation of the financial services industry and imposes restrictions on the operations and general ability of firms within the industry to conduct business consistent with historical practices. However, the ultimate effect of the Dodd-Frank Act on the financial services industry in general, and NBT Bancorp in particular, is uncertain at this time.

Any future increases in FDIC insurance premiums may adversely affect NBT Bancorp's earnings.

NBT Bancorp is generally unable to control the amount of premiums that NBT Bank is required to pay for FDIC deposit insurance. The economic downturn has significantly depleted the FDIC's Deposit Insurance Fund. As a result of these conditions and the enactment of the Dodd-Frank Act, the FDIC has increased deposit insurance assessments and thus raised deposit insurance premiums for insured banks. If there are additional bank or financial institution failures anywhere in the United States, NBT Bank may be required to pay even higher FDIC premiums. Any such future increases or required prepayments of FDIC insurance premiums may adversely impact NBT Bancorp's earnings.

NBT Bancorp and NBT Bank are subject to the Community Reinvestment Act and fair lending laws, and failure to comply with these laws could lead to material penalties.

The Community Reinvestment Act, the Equal Credit Opportunity Act, the Fair Housing Act and other fair lending laws and regulations impose nondiscriminatory lending requirements on financial institutions. The Department of Justice and other federal agencies are responsible for enforcing these laws and regulations. A successful challenge to an

institution's performance under the Community Reinvestment Act or fair lending laws and regulations could result in a wide variety of sanctions, including the required payment of damages and civil money penalties, injunctive relief, imposition of restrictions on mergers and acquisitions activity, and restrictions on expansion activity. Private parties may also have the ability to challenge an institution's performance under fair lending laws in litigation.

The approval of the Merger requires the affirmative vote of the holders of at least two-thirds (2/3) of the shares of Hampshire First common stock entitled to vote on the record date. A failure to vote or an abstention will have the same effect as a vote "AGAINST" the Merger. Submission of proxies not designating an election will have the same effect as shares voted "FOR" the Merger.

In the event that a sufficient number of votes are not cast, in person or by proxy at the special meeting, the special meeting may be adjourned to permit further solicitations of proxies. Should the special meeting be adjourned, by vote of a majority of the shares of Hampshire First common stock present in person or by proxy at the special meeting, no additional notice need be given of the adjourned meeting if the place, date and time thereof are announced at the special meeting at which the adjournment is taken, unless the date of the adjourned meeting is 30 days or more after the date for which the special meeting was originally noticed or a new record date is fixed for the adjourned meeting.

As of the record date, directors and executive officers of Hampshire First, together with their affiliates, beneficially owned approximately 145,912 shares of Hampshire First common stock entitled to vote at the special meeting of shareholders. #### Background of the Merger.

Hampshire First's board of directors had considered from time to time various opportunities for increasing long-term value for Hampshire First shareholders, taking into account, among other factors, Hampshire First's recent performance, its future prospects, and various strategic alternatives available to it. At the board's June 14, 2011 meeting, the board discussed the need to review the strategic direction of Hampshire First and determine the prospects for Hampshire First's growth in the near and long-term and assess the bank's merger and acquisition opportunities. The board considered that since Hampshire First's formation in 2006, the bank had grown to approximately \$250 million in total assets and had become profitable in 2009 on schedule with the board's expectations and business plan. However, the board noted that continued growth at the pace experienced in recent periods would be difficult and would likely necessitate additional capital. The board discussed the scale necessary to become more profitable and noted that raising the capital to support that growth would be difficult in light of the current environment facing financial institutions and the size of the bank. The board also discussed the type of merger partner that may be interested in the bank and which could best utilize the franchise that had been developed. It was discussed that the most favorable merger partner for the bank would be a larger out-of-market area institution that could better take advantage of the bank's franchise and further build on its

market share. The board also discussed the critical need to preserve the franchise value of the bank and the concerns regarding approaching in-market institutions which could lead to the erosion of the bank's personnel and customer base if it was disclosed that the bank was seeking an acquiror. The board discussed the minimum pricing levels at which the board would consider a strategic partnership and then authorized Chairman of the Board, Richard Gavegnano, and Director, President and Chief Executive Officer, James M. Dunphy, to begin approaching certain out-of-market area institutions to determine if there were any strategic partners which would have an interest in merging with the Bank at a favorable price.

In the weeks following the June 14, 2011 meeting, Mr. Gavegnano had confidential discussions regarding possible business combinations with two out-of-market financial institutions. The institutions contacted were limited to those whose market areas did not directly overlap that of the bank to minimize possible damage to its reputation, staff and customer base and to maximize the value that the addition of Hampshire First's franchise would bring to an acquiring institution.

During the discussions with the two potential transaction partners, Mr. Gavegnano received little interest in a potential transaction or transactions at prices or merger consideration that were near the minimum levels discussed by the board. At the board of directors' meeting on July 12, 2011, the board determined that it should seek the assistance of an investment banking firm to assist the board in assessing the value of Hampshire First and identifying favorable merger partners. The board determined to invite in investment banking firms to interview and learn more about what the current market for financial institutions in Hampshire First's position had to offer. During the following two weeks, the board heard presentations from three investment banking firms, including Keefe Bruyette. All three investment banks discussed the current market environment for financial institutions, potential candidates, past deal values and potential valuations of Hampshire First and potential merger partners. Each presentation was accompanied by discussion among the board and representatives of the respective investment banking firms. Among other things, the board asked questions about factors that might affect a potential transaction, including the timing of a transaction, the size of a potential strategic partner, the geographic footprint and regulatory status of a potential strategic partner and other factors necessary to making a determination regarding a strategic transaction.

During the discussions with Keefe Bruyette, Keefe Bruyette indicated that NBT Bancorp would be a strong merger partner as it had been expanding its market share in New England and it did not have a market presence in New Hampshire. Representatives of Keefe Bruyette also discussed the strong financial position and currency of NBT Bancorp and the strategic fit with Hampshire First. Keefe Bruyette noted that NBT Bancorp's community bank model seemed compatible with Hampshire First's and, given the lack of overlap, such a merger likely would result in minimal lay-offs and employee terminations. Keefe Bruyette discussed the potential pricing of such a transaction and the resulting financial profile of the combined entity. Upon the conclusion of the discussion, Mr. Gavegnano thanked the representatives of Keefe Bruyette for their presentation and responses and they were excused from the meeting. The board then discussed Keefe Bruyette's presentation at length, including the potential of NBT Bancorp as a strategic partner. Based upon the previous presentations by the other two investment bankers and the presentation by Keefe Bruyette, the board determined that Keefe Bruyette should be authorized to approach NBT Bancorp about its interest in a strategic transaction with Hampshire First. However, the board also discussed that other potential partners may warrant future consideration at a later time and the importance of maintaining a confidential and controlled process in approaching NBT Bancorp to limit any negative impact.

After representatives of Keefe Bruyette confirmed NBT Bancorp's interest in a merger transaction with Hampshire First, on August 2, 2011, representatives of Keefe Bruyette arranged a meeting between Mr. Gavegnano and Martin A. Dietrich, President and Chief Executive Officer of NBT Bancorp. At this meeting, Messrs. Gavegnano and Dietrich discussed the background, culture and operating strategies of each institution and how a merger transaction between the parties could be structured to best take advantage of and grow the Hampshire First franchise. The discussion between Messrs. Gavegnano and Dietrich included possible pricing, merger consideration and how the integration of Hampshire First into NBT Bancorp could be structured. On August 3, 2011, Hampshire First executed a confidentiality agreement with NBT Bancorp pursuant to which NBT Bancorp agreed, among other things, to keep all confidential and proprietary information about Hampshire First confidential and not to disclose such information except as set forth in the confidentiality agreement.

On August 15, 2011, Mr. Gavegnano, Mr. Dunphy, a representative of Keefe Bruyette and Mr. Dietrich met to discuss the terms of a possible merger and agreed that Hampshire First

would provide various requested information to NBT Bancorp to allow NBT Bancorp to formulate a potential offer to merge with Hampshire First. At this meeting the parties also discussed the pricing levels desired by Hampshire First, integration issues and how NBT Bancorp would expect to utilize the existing franchise and personnel of Hampshire First. At the Hampshire First board of directors' meeting on August 16, 2011, the board was updated on the meetings and discussions with NBT Bancorp. The board also discussed NBT Bancorp's financial condition, recent results of operations, operating strategy, strength and market performance of its stock, and its recent acquisition activity. At the meeting, the board determined to allow the negotiation process with NBT Bancorp to move forward. During this meeting, a phone call was placed to Hampshire First's counsel, Luse Gorman Pomerenk & Schick, P.C. (LGPS), to discuss various questions from the Hampshire First board of directors and discuss the fiduciary obligations of the board in the context of a merger or acquisition transaction.

During the following several weeks, Hampshire First provided due diligence data to NBT Bancorp and made its executive officers available to answer due diligence questions regarding Hampshire First's operations, assets, liabilities and personnel.

On September 13, 2011, the Hampshire First board of directors was updated by Mr. Dunphy regarding the initial due diligence being performed by NBT Bancorp and was informed that the process was moving along in a positive direction and the board determined that the process should continue to move forward.

On October 5, 2011, NBT Bancorp conducted additional diligence on Hampshire First and members of the senior management team of NBT Bancorp met with the executive officers of Hampshire First to discuss due diligence items and possible integration issues.

On October 11, 2011, Hampshire First received a written, non-binding proposal from NBT Bancorp to enter into a merger agreement with Hampshire First. Pursuant to the terms of the proposal, NBT Bancorp offered to acquire 100% of the outstanding shares of common stock of Hampshire First for a combination of cash and common stock. The initial proposal specified that 60% of the merger consideration for each share of Hampshire First common stock be paid in NBT Bancorp common stock at a fixed exchange ratio based on \$15.00 per share of Hampshire First common stock (with a collar used to provide price protection from changes in the price of NBT Bancorp common stock), and 40% of the merger consideration for each share of Hampshire First stock was to be paid in cash. As part of the proposal, NBT Bancorp would require that Meridian repurchase approximately \$15.4 million in loan participations (with \$1.0 million in unused commitments) held by Hampshire First in which the lead lender was East Boston Savings Bank. In addition, the proposal also provided that Hampshire First employment agreements, change-in-control agreements, and other existing management severance arrangements would be honored. The proposal also provided that employment opportunities would be available to certain Hampshire First employees, and that any employees of Hampshire First who would not be retained by NBT Bancorp or its subsidiary banks after the merger would be provided severance payments. The proposal stated that NBT Bancorp was also interested in retaining Mr. Dunphy to help lead its strategic efforts in New Hampshire. In addition, the proposal provided that any definitive merger agreement would contain normal and customary representations, warranties and terms and conditions; the transaction would be subject to any required regulatory and shareholder approvals; and the proposal was subject to a due diligence review of Hampshire First by NBT Bancorp.

At a Hampshire First board meeting held on October 11, 2011, the terms of the NBT Bancorp non-binding proposal were presented to the board of directors. During the meeting, Keefe Bruyette made a presentation to the board setting forth profiles of, and historical financial and performance data for, each of several possible acquirers other than NBT Bancorp. In addition, LGPS provided the board of directors a memorandum regarding, and discussed with the board, the board's fiduciary duties to shareholders in connection with a merger or sale of Hampshire First. After extensive discussion, the board directed Keefe Bruyette and LGPS to negotiate certain amendments to the non binding proposal, including a requirement that 65% of the merger consideration be in the form of NBT Bancorp stock, and 35% in the form of cash. The board also determined that the customary termination fee payable by Hampshire First in order to accept a superior offer from another acquirer after execution of the merger agreement should be a reduced fee during the first thirty days following the execution of the definitive merger agreement, in order to increase the ability for other potential acquirers to make a competing bid.

Over the next two weeks, NBT Bancorp conducted additional due diligence review of Hampshire First. Additionally, during this period, Hampshire First, Keefe Bruyette and LGPS conducted a due diligence review of NBT Bancorp, including on-site document due diligence at NBT Bancorp's headquarters and officer interviews on October 31, 2011. On October 21, 2011, Hinman, Howard & Kattell, LLP, legal counsel to NBT Bancorp, transmitted a draft merger agreement to Hampshire First and its advisors. At a regularly scheduled meeting of the NBT Bancorp board of directors on October 24, 2011, the financial and strategic merits of the proposed transaction were discussed and ultimately the Board

approved the transaction. LGPS transmitted the comments of Hampshire First, Keefe Bruyette and LGPS to NBT Bancorp's legal counsel on October 26, 2011. The parties and their advisors continued to negotiate the terms and conditions of the merger agreement and related documents over the course of the next two weeks.

On November 15, 2011, the Hampshire First board of directors held a special meeting to review and consider the proposed transaction with NBT Bancorp. Copies of presentation materials from Keefe Bruyette, as well as the Merger Agreement, an executive summary of the agreement provided by LGPS, and related materials, were distributed to the members of the board in advance of the meeting. Keefe Bruyette then presented its financial analysis of the proposed transaction. Keefe Bruyette reviewed the financial terms of the proposed transaction and summarized the financial rationale for the transaction for Hampshire First and responded to questions by the Hampshire First board. Keefe Bruyette delivered its oral opinion, which was subsequently confirmed in writing, that, as of the date of its opinion and subject to the limitations, qualifications, factors and assumptions set forth therein, the Merger consideration to be paid to the shareholders of Hampshire First was fair, from a financial point of view, to such shareholders. LGPS provided the board with a review of directors' fiduciary duties under New Hampshire law, reviewed the material terms of the Merger and the Merger Agreement, and responded to questions from the board. LGPS also reviewed the material terms of the compensation arrangements for Mr. Dunphy in connection with the Merger. After further discussion among the directors, Keefe Bruyette and LGPS, including the factors described under "The Merger and Merger Agreement—Recommendation of the Hampshire First Board of Directors and Reasons for the Merger," the Hampshire First board of directors unanimously determined that the Merger and the Merger Agreement were advisable, and fair to, and in the best interests of, Hampshire First and its shareholders, unanimously approved the Merger Agreement and related actions, and recommended that Hampshire First shareholders vote in favor of the approval of the Merger.

The parties entered into the Merger Agreement on November 16, 2011 and announced the transaction in a joint press release on that day. NBT Bancorp filed a Current Report on Form 8-K with the SEC which summarized the material terms of the Merger Agreement and included a copy of the Merger Agreement as an exhibit to the report.

**Merger Consideration.**

NBT Bancorp will pay cash for 35% of the shares of Hampshire First common stock outstanding immediately prior to the Effective Time and will issue shares of NBT Bancorp common stock for the remaining 65% of such shares. In accordance with the terms of the Merger Agreement, Hampshire First shareholders (other than dissenting shareholders) will be given the opportunity to elect to receive for each share of Hampshire First common stock they own, subject to adjustment and allocation procedures specified in the Merger Agreement, either:

\$15.00 in cash, without interest, which we refer to as Cash Consideration;

0.7019 of a share of NBT Bancorp common stock, which we refer to as Stock Consideration (subject to adjustment as described below); or

a mix of Cash Consideration and Stock Consideration, with the Cash Consideration for 35% of such shareholder's shares of Hampshire First common stock and the Stock Consideration for 65% of such shareholder's shares of Hampshire First common stock.

The exchange ratio of 0.7019 of a share of NBT Bancorp common stock for each share of Hampshire First common stock is subject to adjustment (as described in the Merger Agreement) if NBT Bancorp common stock falls outside of a range of 20% below or above the \$21.37 stock value on November 10, 2011. Hampshire First shareholders will receive NBT Bancorp common stock with a minimum value of \$12.00 and a maximum value of \$18.00 for each share of Hampshire First common stock exchanged for Stock Consideration in connection with the Merger.

No fractional shares of NBT Bancorp common stock will be issued in connection with the Merger. Instead, NBT Bancorp will make a cash payment to each Hampshire First shareholder who would otherwise receive a fractional share.

The value of the Stock Consideration will fluctuate with the market price of NBT Bancorp's common stock. No assurance can be given (and it is not likely) that the current market price of NBT Bancorp common stock will be equivalent to the market price of NBT Bancorp common stock on the date that the Stock Consideration is received by Hampshire First shareholders or at any other time. At the Effective Time, the market price of the Stock Consideration could be greater or less than the value of the Cash Consideration due to fluctuations in the market price of NBT Bancorp common stock.

Adjustment to the Merger Consideration.

Based upon the \$21.37 closing price of NBT Bancorp common stock on November 10, 2011, the exchange ratio of 0.7019 translates into a value of \$15.00 per share of Hampshire First common stock for Hampshire First shareholders who elect to receive Stock Consideration. However, because the market price of NBT Bancorp common stock is likely to fluctuate and differ from \$21.37 at the Effective Time, the value per share to be received by Hampshire First shareholders may be more or less than \$15.00, ranging from a maximum of \$18.00 per share to a minimum of \$12.00 per share. Under the Merger Agreement, the exchange ratio is calculated as follows:

- (a) if the Closing Price is equal to or more than \$17.10 and equal to or less than \$25.64, then the exchange ratio shall be equal to 0.7019.
- (b) if the Closing Price is less than \$17.10, then the exchange ratio shall be equal to the quotient (rounded to the nearest one-thousandth) obtained by dividing \$12.00 by the Closing Price; and
- (c) if the Closing Price is more than \$25.64, then the exchange ratio shall be equal to the quotient (rounded to the nearest one-thousandth) obtained by dividing \$18.00 by the Closing Price.

Illustration of the Exchange Ratio

The following examples illustrate how the exchange ratio works under different Closing Price scenarios:

Closing Price Less Than \$21.37 but \$17.10 or more: If, for example, the Closing Price is \$19.00, then each holder of Hampshire First common stock would receive Stock Consideration with a value of \$13.34 ( $\$19.00 \times 0.7019$ ).

Closing Price More Than \$21.37 but \$25.64 or less: If, for example, the Closing Price is \$22.00, then each holder of Hampshire First common stock would receive Stock Consideration with a value of \$15.44 ( $\$22.00 \times 0.7019$ ).

Closing Price Less Than \$17.10: If the Closing Price is \$16.00 (i.e., less than \$17.10), then each holder of Hampshire First common stock would receive Stock Consideration with a value of \$12.00.

Closing Price More Than \$25.64: If the Closing Price is \$26.50 (i.e., more than \$25.64), then each holder of Hampshire First common stock would receive Stock Consideration with a value of \$18.00.

Exchange Procedures.

An election form and transmittal materials are being mailed under separate cover to Hampshire First shareholders who hold shares of Hampshire First common stock in registered form. If you wish to make an election with respect to any of your shares, you must submit an election form and transmittal materials and the certificates evidencing your election shares to NBT Bank, the exchange agent, prior to the election deadline. Do not submit your stock certificates with your proxy card. You should only submit your stock certificates which represent your election shares when you have received and properly completed the election form and transmittal materials.

If you own your shares in "street name" through a broker, bank or other nominee, you must contact your broker, bank or other nominee for instructions on how to make an election. If you fail to make a proper election and are not dissenting to the Merger, you will be mailed a letter of transmittal shortly after the Effective Time, which will contain instructions on how to submit your Hampshire First shares in exchange for the Merger consideration.

Exchange Agent. After the election deadline, NBT Bancorp will deposit with NBT Bank, the exchange agent, (1) cash in an amount sufficient to allow the exchange agent to pay the aggregate Cash Consideration payment provided for in the Merger Agreement and (2) certificates (or evidence of shares in book entry form) representing shares of NBT Bancorp common stock, which we refer to as the “new certificates,” each to be given to the holders of Hampshire First common stock in exchange for old certificates representing shares of Hampshire First common stock. Any such cash or new certificates remaining in the possession of the exchange agent after the first anniversary of the Effective Time will be returned to NBT Bancorp. Any holder of old certificates who has not exchanged his, her or its old certificates by that time must look exclusively to NBT Bancorp, and only as a general creditor, for the Merger consideration to which he, she or it may be entitled upon exchange of such old certificates.

Until you surrender your Hampshire First stock certificates for exchange, you will accrue, but will not be paid, any dividends or other distributions declared after the Effective Time with respect to NBT Bancorp common stock into which any of your Hampshire First shares may have been converted. When you surrender your Hampshire First stock certificates, NBT Bancorp will pay any unpaid dividends or other distributions declared with respect to the shares of NBT Bancorp stock included in the Merger consideration you receive for your shares of Hampshire First common stock, without interest. After the completion of the Merger, there will be no transfers on the stock transfer books of Hampshire First of any shares of Hampshire First common stock.

If a certificate for Hampshire First common stock has been lost, stolen or destroyed, the exchange agent will issue the consideration properly payable under the Merger Agreement upon receipt of appropriate evidence as to that loss, theft or destruction, appropriate evidence as to the ownership of that certificate by the claimant, and appropriate and customary indemnification. The posting of a bond in a reasonable amount, for which a fee may be charged, may also be required.

NBT Bank will act as the exchange agent for the Merger. Its address is 20 Mohawk Street, Canajoharie, New York 13317. Its telephone number is (800) NBT-BANK (select "Option 7").

#### Allocation Procedures.

The aggregate amounts of Cash Consideration and Stock Consideration to be paid and issued, respectively, to Hampshire First shareholders in the Merger are fixed, subject to adjustment (as described in the Merger Agreement) if NBT Bancorp common stock falls outside of a certain range of the stock value on November 10, 2011. Hampshire First shareholders will receive NBT Bancorp common stock with a minimum value of \$12.00 and a maximum value of \$18.00 for each share of Hampshire First common stock exchanged for Stock Consideration in connection with the Merger.

Since the Cash Consideration will be paid for only 35% of the Hampshire First shares entitled to receive the Merger consideration at the Effective Time, it is likely that the Cash Consideration Pool may be oversubscribed and Hampshire First shareholders who elect to receive Cash Consideration will receive a mix of Cash Consideration and Stock Consideration in the Merger. In the event that the Cash Consideration Pool initially selected by Hampshire First shareholders is oversubscribed (i.e. exceeds 35% of the outstanding Hampshire First common stock), Hampshire First shareholders who make a cash-only election will receive a mix of Cash Consideration and Stock Consideration. In the event that the Stock Consideration Pool initially selected by the Hampshire First shareholders is oversubscribed (i.e. exceeds 65% of the outstanding Hampshire First common stock), Hampshire First shareholders who make a stock-only election will receive a mix of Cash Consideration and Stock Consideration in the Merger. The allocation of the mix of consideration payable to Hampshire First shareholders who initially make such a cash-only or stock-only election will not be known until NBT Bancorp tallies the results of the cash/stock elections made by all Hampshire First shareholders, which will not occur until near or at the Effective Time. The allocation will be prorated among the Hampshire First shareholders affected. Hampshire First shareholders who initially make an election to submit 35% of their stock for Cash Consideration and 65% for Stock Consideration will not be subject to such an allocation. Also, Hampshire First shareholders who own 100 or fewer shares and who elect only Cash Consideration will not be subject to the allocation and will receive only cash.

#### Treatment of Hampshire First Stock Options and Warrants.

The Merger Agreement provides that, at the Effective Time of the Merger, each outstanding option to purchase shares of Hampshire First common stock, whether or not such option is vested at the Effective Time, shall cease to be outstanding and shall be converted into the right to receive in cash, an aggregate amount equal to the product of: (1) the number of shares of Hampshire First common stock subject to unexercised options (both vested and unvested); and (2) the difference, if any, between (x) \$15.00 and (y) the applicable exercise price per share under the option. The cash paid to holders of such options will not be included in the Cash Consideration pool for purposes of the Merger Agreement's allocation procedures. The Merger Agreement also provides for identical treatment of each outstanding warrant to purchase shares of Hampshire First common stock, whether or not such warrant is vested at the Effective Time.

Recommendation of the NBT Bancorp Board of Directors and Reasons for the Merger.

NBT Bancorp's board of directors reviewed and discussed the transaction with NBT Bancorp's management in unanimously determining that the Merger was advisable and is fair to, and in the best interests of, NBT Bancorp and its shareholders. In reaching its determination, the NBT Bancorp board of directors considered a number of factors, including, among others, the following:

the complementary geographical locations of Hampshire First's branch network, which NBT Bancorp believes will augment NBT Bancorp's operations in the market areas in New England where NBT Bancorp is growing its presence;

the opportunity to further diversify NBT Bancorp's geographical markets and customer base as a whole, by expanding the size of its footprint through the Merger, and to do so in markets similar to those in which it currently operates;

NBT Bancorp's past experience and success in the acquisition and integration of banks;

the fact that the Merger is expected to be nominally accretive to operating earnings per share of NBT Bancorp in 2012, exclusive of one-time acquisition related charges;

the potential for the combined company to enhance non-interest income growth by providing enhanced and additional financial products and services to the customers of Hampshire First in the areas of benefit plan administration, investment management, comprehensive cash management, brokerage services and insurance;

the business, operations, technology, asset quality, competitive position, stock price performance, financial condition and results of operations of Hampshire First on an historical and a prospective basis;

the anticipated operating efficiencies, cost savings and opportunities for revenue enhancements of the combined company following the completion of the Merger, and the likelihood that they would be achieved after the Merger;

the possible range of the exchange ratios for the Merger and the resulting relative interests of NBT shareholders in the common stock of the combined company, and the amount of total cash consideration to be paid in the Merger;

the fact that the mixture of merger consideration includes a combination of cash and stock in which shareholders would have an election right, but no more than 35% of Hampshire First common stock would be exchanged for cash;

the collar range on the exchange ratio in the Merger Agreement, which would limit the possible dilution experienced by NBT shareholders as a result of fluctuations in the market price of NBT while the Merger is pending;

the deal protection provided by the termination fee of \$2,100,000 (or \$1,050,000 if within 35 days of the execution of the merger agreement), plus up to \$250,000 in out-of-pocket transaction expenses, payable under certain circumstances in the event of the termination of the Merger Agreement due to a competing offer or certain other reasons;

the intended tax treatment of the Merger as a tax-free reorganization; and

the likelihood of receiving all of the regulatory approvals required for the Merger.

Based on these reasons, NBT Bancorp's board of directors unanimously approved the Merger Agreement and the Merger. This discussion of the factors considered by NBT Bancorp's board of directors does not list every factor considered by the board but includes all material factors considered by the board. In reaching its determination to approve and adopt the Merger Agreement, the Board did not give relative or specific importance to each of the

factors listed above, and individual Directors may have given differing importance to different factors. Please note that this explanation of the Board's reasoning and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under the heading "Forward-Looking Statements" beginning on page 85.

Recommendation of the Hampshire First Board of Directors and Reasons for the Merger.

Hampshire First's board of directors has approved the Merger Agreement and at the November 15, 2011 Board Meeting, voted to unanimously recommend that Hampshire First shareholders vote "FOR" the approval of the Merger.

Hampshire First's board of directors has determined that the Merger is fair to, and in the best interests of, Hampshire First and its shareholders. In arriving at its determination, Hampshire First's board of directors considered a number of factors, including the following:

the board's review of information concerning the business, results of operations, financial condition, competitive position and future prospects of NBT Bancorp;

the opportunity for Hampshire First shareholders to have increased liquidity upon receipt of NBT Bancorp shares that trade on the NASDAQ in exchange for their Hampshire First shares that trade on the OTC;

the multiple of the Merger consideration to Hampshire First's tangible book value. See "Opinion of Hampshire First's Financial Advisor – Valuation – Recent Transaction Analysis" beginning on page 45;

the opportunity for Hampshire First shareholders to receive dividend payments on the shares of NBT Bancorp common stock that they receive following the Merger;

the current and prospective environment in which Hampshire First operates, including national, regional and local economic conditions, the competitive and regulatory environment facing Hampshire First in particular and banks and financial institutions generally (including additional compliance costs and potentially higher capital ratio thresholds), and the trend toward consolidation in the financial services industry and the likely effect of the foregoing factors on Hampshire First's ability to continue its past growth;

with respect to growth, the board's recognition that continued growth at the pace experienced in recent periods would be difficult and would likely necessitate additional capital. More specifically, the board considered the scale necessary to become more profitable and the fact that raising the capital to support that growth would be difficult in light of the current environment facing financial institutions and the size of Hampshire First;

results that could be expected to be obtained by Hampshire First if Hampshire First continued to operate independently, and the likely benefits to shareholders of such course of action, as compared with the value of the NBT Bancorp common stock being offered by NBT Bancorp;

the ability of NBT Bancorp to receive the necessary regulatory approvals to complete the Merger in a timely manner;

the board's assessment that it was unlikely that another acquirer had both the willingness and the financial capability to offer to acquire Hampshire First at a value that was materially higher than that being offered by NBT Bancorp;

the terms and conditions of the Merger Agreement, including the parties' respective representations, warranties, covenants and other agreements, the conditions to closing, the absence of a financing condition, a provision that permits Hampshire First's board of directors, in the exercise of its fiduciary duties, under certain conditions, to furnish information to, or engage in negotiations with, a third party that has submitted a bona fide unsolicited written proposal to acquire Hampshire First, a provision providing for Hampshire First's payment of a termination fee, plus up to \$250,000 in out of pocket deal-related expenses, to NBT Bancorp if the Merger Agreement is terminated under certain circumstances (which fee would have been less if the Merger Agreement was terminated in the first 35 days), and the effect such termination fee (including the

reduced fee during the first 35 days) could have on a third party's decision to propose a merger or similar transaction to Hampshire First at a greater value than that contemplated by the Merger;

the effects of the various mechanisms in the Merger Agreement to adjust the Exchange Ratio upward for a decline in the market value of NBT Bancorp's common stock below \$17.10 per share and to adjust the Exchange Ratio downward if the market value of NBT Bancorp's common stock rises above \$25.64, so as to maintain a Merger consideration of between \$12,000 and \$18,000 for each share of Hampshire First common stock exchanged for a share of NBT Bancorp common stock;

the effects of the Merger on Hampshire First's depositors and customers and the communities served by Hampshire First, which was deemed to be favorable given that they would continue to be served by a community banking organization that had greater resources and more locations than Hampshire First;

the effects of the Merger on Hampshire First's employees, including the prospects for employment with a strong, growing organization such as NBT Bancorp and the severance benefits agreed to be provided by NBT Bancorp to employees whose employment is terminated in connection with the Merger; and

the opinion of Keefe Bruyette, Hampshire First's financial advisor, as to the fairness of the consideration in the Merger, from a financial point of view, to Hampshire First's common shareholders. In this regard, Hampshire First's board of directors received from Keefe Bruyette a written opinion dated November 15, 2011 that, as of such date, the consideration in the proposed Merger was fair, from a financial point of view, to Hampshire First's common shareholders. The opinion is attached as Appendix B to this document.

The discussion and factors considered by Hampshire First's board of directors is not intended to be exhaustive, but includes all material factors considered. In approving the Merger Agreement, Hampshire First's board of directors did not assign any specific or relative weights to any of the foregoing factors and individual directors may have weighted factors differently.

**THE HAMPSHIRE FIRST BOARD OF DIRECTORS RECOMMENDS THAT HAMPSHIRE FIRST SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE MERGER, AND "FOR" THE ADJOURNMENT, POSTPONEMENT OR CONTINUATION OF THE SPECIAL MEETING, IF NECESSARY, TO SOLICIT ADDITIONAL PROXIES IN FAVOR OF THE APPROVAL OF THE MERGER AGREEMENT.**

#### Opinion of Hampshire First's Financial Advisor.

In October 2011, Hampshire First engaged Keefe Bruyette to render financial advisory and investment banking services to Hampshire First. Keefe Bruyette agreed to assist Hampshire First in assessing the fairness, from a financial point of view, of the Merger consideration in the proposed Merger, to the shareholders of Hampshire First. Hampshire First selected Keefe Bruyette because Keefe Bruyette is a nationally recognized investment banking firm with substantial experience in transactions similar to the Merger and is familiar with Hampshire First and its business. As part of its investment banking business, Keefe Bruyette is continually engaged in the valuation of financial services companies and their securities in connection with mergers and acquisitions.

As part of its engagement, a representative of Keefe Bruyette attended the meeting of the Hampshire First board held on November 15, 2011, at which the Hampshire First board evaluated the proposed merger with NBT Bancorp. At this meeting, Keefe Bruyette reviewed the financial aspects of the proposed Merger and rendered an opinion that, as of such date, the Merger consideration offered to Hampshire First shareholders in the Merger was fair, from a financial point of view. The Hampshire First board approved the Merger Agreement at this meeting.

The full text of Keefe Bruyette's written opinion is attached as Appendix B to this document and is incorporated herein by reference. Hampshire First shareholders are urged to read the opinion in its entirety for a description of the procedures followed, assumptions made,

matters considered, and qualifications and limitations on the review undertaken by Keefe Bruyette. The description of the opinion set forth herein is qualified in its entirety by reference to the full text of such opinion.

Keefe Bruyette's opinion speaks only as of the date of the opinion. The opinion is directed to the Hampshire First's board of director and addresses only the fairness, from a financial point of view, of the consideration offered to the Hampshire First shareholders. It does not address the underlying business decision to proceed with the Merger and does not constitute a recommendation to any Hampshire First shareholder as to how the shareholder should vote at the Hampshire First special meeting on the Merger or any related matter.

In rendering its opinion, Keefe Bruyette reviewed, among other things:

the Merger Agreement;

Annual Reports to Stockholders for the three years ended December 31, 2010 of Hampshire First and the Annual Reports to Stockholders and Annual Reports on Form 10-K for the three years ended December 31, 2010 of NBT Bancorp;

certain interim reports to shareholders of Hampshire First and certain interim reports to shareholders and Quarterly Reports on Form 10-Q of NBT Bancorp and certain other communications from Hampshire First and NBT Bancorp to their respective shareholders; and

other financial information concerning the businesses and operations of Hampshire First and NBT Bancorp furnished to Keefe Bruyette by Hampshire First and NBT Bancorp for purposes of Keefe Bruyette's analysis.

In addition, Keefe Bruyette held discussions with members of senior management of Hampshire First and NBT Bancorp regarding past and current business operations, regulatory relations, financial condition, future prospects of their respective companies, and other matters Keefe Bruyette deemed relevant, including the pro forma impact on NBT Bancorp of the recently announced acquisitions of Berkshire Hills Bancorp, Inc. branches by NBT Bancorp.

In addition, Keefe Bruyette compared certain financial and stock market information for Hampshire First and NBT Bancorp with similar information for certain other companies the securities of which are publicly traded, reviewed the financial terms of certain recent business combinations in the banking industry, and performed other studies and analyses that it considered appropriate.

In conducting its review and arriving at its opinion, Keefe Bruyette relied upon the accuracy and completeness of all of the financial and other information provided to them or otherwise publicly available. Keefe Bruyette did not independently verify the accuracy or completeness of any such information or assume any responsibility for such verification or accuracy. Keefe Bruyette relied upon the managements of Hampshire First and NBT Bancorp as to the reasonableness and achievability of the financial and operating forecasts and projections (and the assumptions and bases therefor) provided to Keefe Bruyette and assumed that such forecasts and projections reflected the best currently available estimates and judgments of such managements and that such forecasts and projections will be realized in the amounts and in the time periods estimated by such managements. Keefe Bruyette assumed, without independent verification, that the aggregate allowance for loan and lease losses for Hampshire First and NBT Bancorp are adequate to cover those losses. Keefe Bruyette did not make or obtain any evaluations or appraisals of the property, assets or liabilities of Hampshire First or NBT Bancorp, nor did it examine any individual credit files.

The projections furnished to Keefe Bruyette and used by it in certain of its analyses were prepared by Hampshire First's and NBT Bancorp's senior management teams. Hampshire First and NBT Bancorp do not publicly disclose internal management projections of the type provided to Keefe Bruyette in connection with its review of the Merger. As a result, such projections were not prepared with a view towards public disclosure. The projections were based on numerous variables and assumptions, which are inherently uncertain, including factors related to general economic and competitive conditions. Accordingly, actual results could vary significantly from those set forth in the projections.

Valuation.

For purposes of rendering its opinion, Keefe Bruyette assumed that, in all respects material to its analyses:

the Merger will be completed substantially in accordance with the terms set forth in the Merger Agreement with no additional payments or adjustments to the Merger consideration;

the representations and warranties of each party in the Merger Agreement and in all related documents and instruments referred to in the Merger Agreement are true and correct;

each party to the Merger Agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents;

all conditions to the completion of the Merger will be satisfied without any waivers; and

in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the Merger, no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, will be imposed that will have a material adverse effect on the future results of operations or financial condition of the combined entity or the contemplated benefits of the Merger, including the cost savings, revenue enhancements and related expenses expected to result from the Merger.

Keefe Bruyette further assumed that the Merger will be accounted for using the acquisition method under generally accepted accounting principles, and that the Merger will qualify as a tax-free reorganization for United States federal income tax purposes. Keefe Bruyette's opinion is not an expression of an opinion as to the prices at which shares of Hampshire First common stock or shares of NBT Bancorp common stock will trade following the announcement of the Merger or the actual value of the shares of common stock of the combined company when issued pursuant to the Merger, or the prices at which the shares of common stock of the combined company will trade following the completion of the Merger.

In performing its analyses, Keefe Bruyette made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, which are beyond the control of Keefe Bruyette, Hampshire First and NBT Bancorp. Any estimates contained in the analyses performed by Keefe Bruyette are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by these analyses. Additionally, estimates of the value of businesses or securities do not purport to be appraisals or to reflect the prices at which such businesses or securities might actually be sold. Accordingly, these analyses and estimates are inherently subject to substantial uncertainty. In addition, the Keefe Bruyette opinion was among several factors taken into consideration by the Hampshire First board in making its determination to approve the Merger Agreement and the Merger. Consequently, the analyses described below should not be viewed as determinative of the decision of the Hampshire First board with respect to the fairness of the consideration.

The following is a summary of the material analyses presented by Keefe Bruyette to the Hampshire First board on November 15, 2011, in connection with its fairness opinion. The summary is not a complete description of the analyses underlying the Keefe Bruyette opinion or the presentation made by Keefe Bruyette to the Hampshire First board, but summarizes the material analyses performed and presented in connection with such opinion. The preparation of a fairness opinion is a complex analytic process involving various determinations as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to partial analysis or summary description. In arriving at its opinion, Keefe Bruyette did not attribute any particular weight to any analysis or factor that it considered, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. The financial analyses summarized below include information presented in tabular format. Accordingly, Keefe Bruyette believes that its analyses and the summary of

its analyses must be considered as a whole and that selecting portions of its analyses and factors or focusing on the information presented below in tabular format, without considering all analyses and factors or the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the process underlying its analyses and opinion. The tables alone do not constitute a complete description of the financial analyses.

Summary of Proposal. Pursuant to the terms of the Agreement, each outstanding share of common stock, par value \$1.00 per share, of Hampshire First not owned by Hampshire First or NBT Bancorp or by any of their respective wholly-owned subsidiaries other than shares owned in a fiduciary capacity or as a result of debts previously contracted, will be converted into the right to receive either 0.7019 shares of common stock, par value \$0.01 per share, of NBT Bancorp or \$15.00 in cash. As an example, based on NBT Bancorp's closing price on November 14, 2011, of \$20.93, the Merger consideration represented a price of \$14.80 per share to Hampshire First's shareholders.

Recent Transactions Analysis. Keefe Bruyette reviewed publicly available information related to selected acquisitions of banks and bank holding companies as well as thrifts and thrift holding companies headquartered in New England that were announced after January 1, 2009, with announced aggregate transaction values less than \$500 million. The transactions included in the groups were:

Acquiror	Acquiree
Berkshire Hills Bancorp, Inc.	Connecticut Bank and Trust
Brookline Bancorp, Inc.	Bancorp Rhode Island, Inc.
People's United Financial, Inc.	Danvers Bancorp, Inc.
Berkshire Hills Bancorp, Inc.	Legacy Bancorp, Inc.

Union Savings Bank	First Litchfield Financial Corporation
United Financial Bancorp, Inc.	CNB Financial Corp.
Danvers Bancorp, Inc.	Beverly National Corporation
New England Bancshares, Inc.	Apple Valley Bank & Trust Company

Transaction multiples for the Merger were derived from an offer price of \$14.80 per share for Hampshire First. For each transaction referred to above, Keefe Bruyette derived and compared, among other things, the implied ratio of price per common share paid for the acquired company to:

tangible book value per share of the acquired company based on the latest publicly available financial statements of the company available prior to the announcement of the acquisition.

tangible equity premium to core deposits (total deposits less time deposits greater than \$100,000) based on the latest publicly available financial statements of the company available prior to the announcement of the acquisition.

market premium based on the closing price 1-day prior to the announcement of the acquisition.

The results of the analysis are set forth in the following table:

Transaction Price to:	NBT		Recent		Recent	
	Bancorp / Hampshire First Merger		Transactions Minimum		Transactions Maximum	
Tangible Book Value	141	%	111	%	200	%
Core Deposit Premium	9.9	%	1.3	%	14.1	%
Market Premium (1)	62.6	%	3.1	%	260.0	%

(1)Based on Hampshire First closing price of \$9.10 on November 14, 2011

No company or transaction used as a comparison in the above analysis is identical to Hampshire First, NBT Bancorp or the Merger. Accordingly, an analysis of these results is not mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies.

Contribution Analysis. Keefe Bruyette analyzed the relative contribution of NBT Bancorp and Hampshire First to the pro forma balance sheet and income statement items of the combined entity, including assets, gross loans held for investment, deposits, tangible common equity, last twelve months net income and market capitalization. Keefe Bruyette compared the relative contribution of balance sheet for the period ending September 30, 2011, which did not include any estimated purchase accounting adjustments, and income statement items with the estimated pro forma ownership for Hampshire First based on 65%

of Hampshire First shares exchanged for 0.7019 NBT Bancorp shares and 35% of Hampshire First shares exchanged for \$15.00 in cash. The results of Keefe Bruyette's analysis are set forth in the following table:

	NBT Bancorp		Hampshire First	
Assets	95	%	5	%
Gross Loans Held for Investment	94	%	6	%
Deposits	95	%	5	%
Tangible Common Equity	93	%	7	%

Financial Impact Analysis. Keefe Bruyette performed pro forma Merger analyses that combined projected income statement and balance sheet information of Hampshire First and NBT Bancorp. Assumptions regarding the accounting treatment, acquisition adjustments and cost savings were used to calculate the financial impact that the Merger would have on certain projected financial results of NBT Bancorp. In the course of this analysis, Keefe Bruyette used earnings estimates for NBT Bancorp for 2012 and 2013 from NBT Bancorp management and used earnings estimates for Hampshire First for 2012 and 2013 from Hampshire First management. This analysis indicated that the Merger is expected to be accretive to NBT Bancorp's estimated earnings per share in 2012 and 2013. The analysis also indicated that the Merger is expected to be accretive to book value per share and dilutive to tangible book value per share for NBT Bancorp and that NBT Bancorp would maintain well capitalized capital ratios. For all of the above analyses, the actual results achieved by NBT Bancorp following the Merger will vary from the projected results, and the variations may be material.

Discounted Cash Flow Analysis. Keefe Bruyette performed a discounted cash flow analysis to estimate a range of the present values of after-tax cash flows that Hampshire First could provide to equity holders through 2016 on a stand-alone basis. In performing this analysis, Keefe Bruyette used earnings estimates for Hampshire First for 2011-2012 and a growth rate of 12.0% thereafter, from Company management, and assumed discount rates ranging from 12.0% to 16.0%. The range of values was determined by adding (1) the present value of projected cash flows to Hampshire First shareholders from 2011 to 2016 and (2) the present value of the terminal value of Hampshire First's common stock. In determining cash flows available to shareholders, Keefe Bruyette assumed balance sheet growth per Hampshire First management and assumed that Hampshire First would maintain a tangible common equity / tangible asset ratio of 7.50% and would retain sufficient earnings to maintain that level. Any earnings in excess of what would need to be retained represented dividendable cash flows for Hampshire First. In calculating the terminal value of Hampshire First, Keefe Bruyette applied multiples ranging from 10.0 times to 14.0 times 2016 forecasted earnings. This resulted in a range of values of Hampshire First from \$11.21 to \$16.01 per share. The discounted cash flow present value analysis is a widely used valuation methodology that relies on numerous assumptions, including asset and earnings growth rates, terminal values and discount rates. The analysis did not purport to be indicative of the actual values or expected values of Hampshire First.

The Hampshire First board retained Keefe Bruyette as financial adviser to Hampshire First regarding the Merger. As part of its investment banking business, Keefe Bruyette is continually engaged in the valuation of bank and bank holding company securities in connection with Mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for other purposes. As specialists in the securities of banking companies, Keefe Bruyette has experience in, and knowledge of, the valuation of banking enterprises. In the ordinary course of its business as a broker-dealer, Keefe Bruyette may, from time to time, purchase securities from, and sell securities to, Hampshire First and NBT Bancorp. As a market maker in securities Keefe Bruyette may from time to time have a long or short position in, and buy or sell, debt or equity securities of Hampshire First and NBT Bancorp for Keefe Bruyette's own account and for the accounts of its customers.

Relationship with Hampshire First and NBT Bancorp.

Hampshire First and Keefe Bruyette have entered into an agreement relating to the services to be provided by Keefe Bruyette in connection with the Merger. Hampshire First paid Keefe Bruyette a cash fee of \$100,000 concurrently with the rendering of the fairness opinion relating to the proposed Merger. Additionally, Hampshire First has agreed to pay to Keefe Bruyette at the time of closing of the Merger a cash fee ("Contingent Fee") equal to \$600,000. The fees paid prior to the Contingent Fee payment will be credited against the Contingent Fee. Pursuant to the Keefe Bruyette engagement agreement, Hampshire First also agreed to reimburse Keefe Bruyette for reasonable out-of-pocket expenses and disbursements incurred in connection with its retention and to indemnify against certain liabilities, including liabilities under the federal securities laws. During the two years preceding the date of its opinion to Hampshire First, Keefe Bruyette has not received compensation for investment banking services from either Hampshire First or NBT Bancorp.

Interests of Hampshire First Directors and Executive Officers in the Merger.

In considering the recommendation of the board of directors of Hampshire First to adopt the Merger Agreement, you should be aware that executive officers and directors of Hampshire First have employment and other agreements and are participants in the Hampshire First Stock Option Plan or hold warrants that give them interests in the Merger that are different from, or in addition to, their interests as Hampshire First shareholders. These interests and agreements include:

(i) Consulting and Employment Agreements with each of James M. Dunphy, Thomas Wiggins, and John F. Dinkel. NBT Bancorp has agreed to adopt and honor these agreements, subject to the amendments and limitations described below. The material terms of the agreements are as follows:

(a) The Consulting and Employment Agreement between Hampshire First and Mr. Dunphy, dated January 14, 2006 and as amended, provides that if, following a change in control (as the term is defined in the agreement), Mr. Dunphy is terminated other than “for cause”, or if Mr. Dunphy voluntarily terminates his employment within three (3) months of a change in control, he would be entitled to a lump sum payment equal to 2.99 times his current salary, the highest level of incentive compensation paid to him in any of the three preceding years under the terms of the Hampshire First Bank Incentive Compensation Plan (the “Hampshire First Incentive Plan”), along with continued health, medical and life insurance from Hampshire First, or its successor, for a period of 35 months, on the terms and cost to Mr. Dunphy as was available to him upon his date of termination. In exchange for waiving his rights to severance under this agreement, Mr. Dunphy will receive a lump sum payment of \$642,500, less applicable tax withholdings.

(b) Supplemental Retirement Plan. In addition, pursuant to an arrangement between Hampshire First and Mr. Dunphy, dated September 13, 2011, Mr. Dunphy would be entitled in the event of a change in control to a supplemental retirement benefit in the approximate amount of \$64,000 determined as of February 2012, payable to him upon consummation of the Merger. Mr. Dunphy will also receive, or has received, certain other compensation in connection with the Merger including: (1) a lump sum payment in exchange for the cancellation of his 65,800 vested stock options granted under the Hampshire First Stock Option Plan (\$316,764, less applicable tax withholdings), which was paid by Hampshire First on November 30, 2011; and (2) an accelerated cash bonus of \$32,000, less applicable withholdings, under the Hampshire First Incentive Plan, which was paid by Hampshire First on December 15, 2011. Mr. Dunphy’s executive vehicle agreement will be cancelled and he will not receive any payments or benefits as a result.

Pursuant to the terms of the Merger Agreement, in no event will any amount be paid to Mr. Dunphy on account of the Merger that would result in an “excess parachute payment” under Section 280G of the Internal Revenue Code of 1986, as amended, or that would result in the disallowance of a deduction by Hampshire First or NBT Bancorp for any “excess parachute” payment under Section 280G.

(c) New Employment Agreement and Change in Control Agreement with Mr. Dunphy. NBT Bancorp has entered into an Employment Agreement with Mr. Dunphy, which is effective upon consummation of the Merger, with an expiration date of January 1, 2014, renewable on December 31, 2013 and each December 31st thereafter unless Mr. Dunphy’s employment is terminated by reason of death, disability or “cause” or “good reason” as those terms are defined in the employment agreement. Mr. Dunphy’s salary under the agreement shall be \$206,850. In addition, Mr. Dunphy shall be eligible for performance bonuses and participation in employee benefit plans and reimbursement of reasonable travel and other expenses. If Mr. Dunphy’s employment is terminated without “cause” or if Mr. Dunphy resigns for “good reason”, he will be entitled to receive severance pay equal to one year’s salary plus benefits. The employment agreement provides Mr. Dunphy with the use of a vehicle and a retention payment to Mr. Dunphy in the amount of One Hundred Twenty Six Thousand, Nine Hundred and Fifty Dollars (\$126,950) payable in a lump sum (less applicable taxes) upon the first year anniversary of Mr. Dunphy’s continuous employment with NBT Bancorp. If Mr.

Dunphy's employment is terminated prior to his completing one-year of service, he will be entitled to the retention payment if the termination is without "cause" or if Mr. Dunphy resigns for "good reason". Mr. Dunphy is subject to certain restrictive covenants, including a non-competition obligation, for a period of one year following termination of employment for any reason.

47

---

Additionally, NBT Bancorp and Mr. Dunphy are parties to a Change in Control Agreement, dated November 16, 2011 and effective upon consummation of the Merger that provides, in part, that if Mr. Dunphy's employment is terminated within 24 months of a change in control (as defined in the Agreement) without "cause" or for "good reason" (as those terms are defined in the Agreement), or Mr. Dunphy terminates employment without "good reason" within 12 months of the change in control, he will receive a severance payment equal to one year's base pay plus continuation of health and welfare benefits for a period of one year from the date of termination.

(d) Hampshire First has entered into Consulting and Employment Agreements with Thomas Wiggins and John F. Dinkel, Jr., respectively, dated August 1, 2006 and August 8, 2006, and as amended from time to time. The agreements contain similar provisions to Mr. Dunphy's agreement providing, in relevant part, that if, following a change in control (as the term is defined in the agreements), Messrs. Wiggins and Dinkel (who serve as Chief Financial Officer and Treasurer and Director of Community Banking, respectively) are terminated other than "for cause", or if they voluntarily terminate their employment for "good reason" following a change in control, they will be entitled to a lump sum payment equal to fifteen (15) months of their then respective current salary plus the highest level of incentive compensation paid to them in any of the three preceding years under the terms of the Hampshire First Incentive Plan, along with continued health, medical and life insurance from Hampshire First, or its successor, for a period of fifteen (15) months, on the terms and cost to them as was available upon their respective dates of termination, regardless of whether they had availed themselves of such benefits prior to termination.

(2) Change in Control Agreements with Katherine Meyer, Dallas Lagerquist, Thomas Conaton and Lee Robator, each dated September 15, 2010. NBT Bancorp has agreed to adopt and honor these agreements. The relevant terms of the agreements provide for the payment of a lump sum amount ranging from six to fifteen months of annual salary in the event of a change in control. Payments are subject to reduction to such maximum amount that would not result in an "excess parachute payment" under Section 280G of the Internal Revenue Code of 1986, as amended.

(3) Hampshire First Stock Option Plan; Warrants. In 2007, Hampshire First established a stock option plan, following shareholder and regulatory approval, with grants awarded to all directors, senior management and various employees designated to participate in such plan by its board of directors. Since the inception of the Plan to date, Hampshire First has granted approximately 446,650 options to purchase shares to employees, including officers, and directors of Hampshire First. There are also 180,000 warrants issued to certain executive and officers, of which 175,000 are outstanding. (iv) Indemnification and Insurance. The Merger Agreement contains provisions establishing the rights of Hampshire First officers and directors to indemnification and directors' and officers' liability insurance. See "Indemnification" below for a more detailed explanation of these rights.

#### Indemnification.

Pursuant to the Merger Agreement, NBT Bancorp has agreed, to the fullest extent as would have been permitted by Hampshire First's articles of agreement and bylaws and to the fullest extent permitted by law, to indemnify, defend and hold harmless each person who has served as an officer, director or employee of Hampshire First, against all costs or expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages, liabilities and settlement amounts as incurred in connection with any claim, action (whether threatened, pending or contemplated), suit, proceeding or investigation, whether claimed before or after the Effective Time and whether civil, criminal, administrative or investigative, arising out of or pertaining to matters existing or actions or omissions occurring at or before the Effective Time (including the transactions contemplated by the Merger Agreement); and NBT Bancorp will pay expenses in advance of the final disposition of any such action or proceeding to the fullest extent permitted under applicable law, provided that the person to whom such expenses are advanced agrees to repay such expenses if it is ultimately determined that such person is not entitled to indemnification.

#### Directors' and Officers' Liability Insurance.

Pursuant to Section 5.8 of the Merger Agreement, NBT Bancorp shall use its reasonable best efforts to maintain Hampshire First's existing directors' and officers' liability insurance policy or provide a policy providing comparable coverage and amounts for a period of 6 years after the Effective Time; provided, that if the aggregate cost of such insurance coverage exceeds 150% of the annual premiums currently paid by Hampshire First, then NBT Bancorp shall use reasonable efforts to obtain the most advantageous coverage obtainable for a premium equal to 150% of the annual premiums currently paid by Hampshire First.

#### Effects of the Merger.

As a result of the Merger, Hampshire First will cease to exist, there will no longer be any publicly held shares of Hampshire First common stock and the articles of association of the surviving bank will be NBT Bank's articles of association as in effect immediately prior to the Merger.

Those Hampshire First shareholders who receive only Cash Consideration for their shares will not be shareholders in the surviving corporation and therefore will not participate in NBT Bank's future earnings and potential growth as a subsidiary of NBT Bancorp or bear the risk of any losses incurred in the operation of, or decreases in the value of, the surviving company's business. Those Hampshire First shareholders who receive stock consideration will only participate in the surviving company's future earnings and potential growth through their ownership of NBT Bancorp common stock. All of the other incidents of stock ownership in Hampshire First as an ongoing independent corporation, such as the right to vote on certain corporate decisions, to elect directors and to receive dividends and distributions from Hampshire First, will be extinguished upon completion of the Merger.

#### Effective Time of the Merger.

The Merger will occur as soon as practicable after the satisfaction of all the closing conditions set forth in the Merger Agreement, including the receipt of all regulatory and shareholder approvals and after the expiration of all regulatory waiting periods. The Merger will be completed legally at the time the required documentation has been duly filed with the NHBD or at such other time as may be agreed by the parties in writing and specified in such documents filed with the NHBD. As of the date of this proxy statement/prospectus, the parties expect that the Merger will be completed early in the second calendar quarter of 2012; however, there can be no assurance as to when or if the Merger will occur.

If the Merger is not completed by the close of business on June 30, 2012 (or September 30, 2012 if the reason the Effective Time has not occurred is due to the fact that the parties have not received approval from the regulatory authorities) the Merger Agreement may be terminated by either Hampshire First or NBT Bancorp, unless the party seeking to terminate the Merger Agreement caused or materially contributed to the failure of the Merger to occur on or before such date.

Litigation Related to the Merger.

As of the date of this proxy statement/prospectus, there is no pending or, to the best knowledge of NBT Bancorp and Hampshire First, threatened, litigation or other legal or regulatory proceedings relating to the Merger.

Conduct of Business Pending the Merger; Covenants.

The Merger Agreement contains various restrictions on the operations of Hampshire First before the Effective Time. In general, the Merger Agreement obligates Hampshire First to conduct its business in the ordinary and usual course of business and use reasonable best efforts to preserve its business organization and assets and maintain its rights and franchises. In addition, Hampshire First has agreed that, except as otherwise required or permitted by the Merger Agreement or with the written consent of NBT Bancorp, it will not, among other things:

- c. grant any severance or termination pay (other than pursuant to its current policies, written agreements or practices) to, or enter into or amend any employment agreement with, or increase the compensation of, any employee, officer or director, except for routine periodic increases, individually and in the aggregate, in accordance with past practice or hire any employee other than the hiring of at-will employees at an annual rate of salary not to exceed \$50,000 to fill vacancies that may arise from time to time in the ordinary course of business;

- e. sell, gift, transfer, hypothecate, pledge, encumber or otherwise dispose of its common stock or preferred stock (other than in connection with deposits, repurchase agreements, acceptances, "treasury tax and loan" accounts established in the ordinary course of business and transactions in "federal funds") other than in the ordinary course of business consistent with past practice, or modify in any material way the manner in which it has heretofore conducted business or enter into any new line of business, incur or guaranty any indebtedness for borrowed money except in the ordinary course of business consistent with past practice;
- f. take any action which would result in any of its representations and warranties in the Merger Agreement becoming untrue as of any date after the date hereof or in any of the conditions set forth in Article VII of the Merger Agreement not being satisfied;
- g. waive, release, grant or transfer any rights of value or modify or change in any material respect any existing agreement to which it is a party, other than in the ordinary course of business, consistent with past practice;
- h.

implement any pension, retirement, profit sharing, bonus, welfare benefit or similar plan or arrangement that was not in effect on the date of the Merger Agreement, or amend any existing plan or arrangement except to the extent such amendments do not result in an increase in cost or as are required under applicable law;

- i. except for commitments already made, compromise, extend or restructure any loan with an unpaid principal balance exceeding \$250,000 without NBT Bancorp's and NBT Bank's consent, provided however, that with respect to such compromise, extension or restructure, NBT Bancorp and NBT Bank shall inform Hampshire First of its consent or objection within five (5) business days after Hampshire First's request for such consent. Should NBT Bancorp and NBT Bank fail to respond to such request within such time, it shall be deemed to have granted its consent to such request;
- j. except for commitments already made or consistent with past practices, sell, exchange or otherwise dispose of any investment securities prior to scheduled maturity or loans that are held for sale, except as consistent with past practices and policies;
- k. purchase any security for its investment portfolio not rated "A" or higher by either Standard & Poor's Corporation or Moody's Investor Services, Inc., except as consistent with past practices and policies;
- l. except as consistent with past practice, make any loan or other credit facility commitment (including without limitation, lines of credit and letters of credit) to any affiliate, or compromise, extend, renew or modify any such commitment outstanding;
- m. except as consistent with past practice, enter into, renew, extend or modify any other transaction with any affiliate;
- n. enter into any interest rate swap or similar commitment, derivative security, collateralized debt obligation or any other commitment, agreement or arrangement which is not consistent with past practice and which increases its credit or interest rate risk over the levels existing on November 16, 2011;
- o. change its accounting method, practice or principles of accounting except as may be required by GAAP or by any regulatory authority;
- p. except for accepting deposits and selling certificates of deposit in the ordinary course of business, enter into any contract for an amount in excess of \$25,000;
- q. make any capital expenditure in excess of \$25,000;
- r. enter into any new line of business;
- s. take any action that is intended or may reasonably be expected to result in any of its representations and warranties set forth in the Merger Agreement being or becoming untrue or materially misleading or in any of the conditions to the Merger not being satisfied, or in a violation of any provision of the Merger Agreement, except, in every case, as may be required by applicable laws; or
- t. agree to do any of the foregoing.

#### Representations and Warranties.

The Merger Agreement contains a number of customary representations and warranties by NBT Bancorp, NBT Bank and Hampshire First, regarding aspects of their respective businesses, financial condition, structure and other facts pertinent to the Merger that are customary for a transaction of this kind and are subject, in some cases, to specified exceptions and qualifications contained in the Merger Agreement or in the disclosure schedules delivered in connection therewith. All representations, warranties and covenants of the parties, other than certain covenants and agreements which by their terms apply in whole or in part after the completion of the Merger, terminate upon the Effective Time.

Employee Matters.

Pursuant to the terms of the Merger Agreement, NBT Bancorp has agreed that it will do the following in connection with any employment of Hampshire First employees:

(a) Subject to evaluation of personnel records, offer to retain all of Hampshire First's branch employees. Other Hampshire First employees whose positions might be eliminated or whose responsibilities might be materially changed as a result of the Merger will be considered for open positions within NBT Bancorp and NBT Bank. Notification will be given by NBT Bancorp following the execution of the Merger Agreement of employment opportunities available at NBT Bancorp or NBT Bank, and Hampshire First will notify NBT Bancorp of individuals who have an interest in applying for the open position(s) and such persons will be given first opportunity to fill the open position(s), provided they qualify for the position(s). In the event NBT Bancorp does not receive notification within five (5) business days thereafter or determines that the applicant is not qualified, then it will offer any such open positions to other candidates.

(b) NBT Bancorp will pay to Hampshire First employees who are not parties to employment, severance, or change of control agreements and whose employment is terminated other than for cause during the period beginning on the date of the Merger Agreement up to and including the Closing Date, a cash severance benefit equal to two (2) weeks of salary for each year of service with Hampshire First, with a minimum benefit equal to two (2) weeks of salary. NBT Bancorp and NBT Bank intend to honor all of Hampshire First's existing employment, severance, change of control and like agreements. Notwithstanding anything contained therein or in the Merger Agreement, no payment shall be made under any employment, retention bonus, deferred compensation, change of control and severance contract or plan that would constitute a "parachute payment" (as such term is defined in Section 280G of the Internal Revenue Code) or that would be prohibited by any regulatory authority to which Hampshire First is subject.

(c) After the completion of the Merger, employees of Hampshire First who become employed by NBT Bancorp or NBT Bank will be eligible for employee benefits that NBT Bancorp or NBT Bank, as the case may be, provides to its employees generally and, except as otherwise required by the Merger Agreement, on substantially the same basis as is applicable to such employees, provided that nothing in the Merger Agreement shall require any duplication of benefits. NBT Bancorp or NBT Bank will: (1) give credit to employees of Hampshire First with respect to the satisfaction of the limitations as to pre-existing condition exclusions, evidence of insurability requirements and waiting periods for participation and coverage that are applicable under the employee welfare benefit plans (within the meaning of Section 3(1) of the Employee Retirement Income Security Act ("ERISA")) of NBT Bancorp or NBT Bank, equal to the credit that any such employee had received as of the Effective Time towards the satisfaction of any such limitations and waiting periods under the comparable employee welfare benefit plans of Hampshire First and to waive preexisting condition limitations to the same extent waived under the corresponding plan; and (2) NBT Bancorp or NBT Bank will treat, and cause its applicable benefit plans to treat, the service of the Hampshire First employees with Hampshire First as service rendered to NBT Bancorp or NBT Bank, as applicable: (a) for purposes of eligibility to participate and vesting, but not for benefit accrual under any defined benefit plan (including minimum pension amount) attributable to any period before the Effective Time; and (b) for vacation and sick leave benefits. Benefits under NBT Bancorp pension plans, if any, shall be determined solely with reference to service with NBT Bancorp.

Resales of NBT Bancorp Common Stock.

The shares of NBT Bancorp common stock to be issued to Hampshire First shareholders in the Merger will be registered under the Securities Act. These shares may be traded freely and without restrictions by a Hampshire First shareholder.

Conditions to the Merger

The respective obligations of NBT Bancorp and Hampshire First to complete the Merger are subject to various conditions. The conditions include, without limitation, the following:

- i. all action required to be taken by or on the part of NBT Bancorp, NBT Bank and Hampshire First to authorize the execution, delivery and performance of the Merger Agreement and the transactions contemplated by the Merger Agreement shall have been duly and validly taken and Hampshire First and NBT Bancorp shall have received evidence of such authorizations;
- ii. all obligations of NBT Bancorp, NBT Bank and Hampshire First under the Merger Agreement shall have been performed and complied with in all material respects prior to the Effective Time, and representations and warranties made by both parties shall be true and correct in all material respects as of the closing of the Merger, except under limited circumstances, including where the facts which cause the representation or warranty to not be true would not constitute a material adverse effect on NBT Bancorp's and NBT Bank's or Hampshire First's assets, business, financial condition or results of operations;
- iii. the receipt of all regulatory approvals necessary to complete the transactions contemplated by the Merger Agreement and the expiration or termination, as applicable, of all applicable notices and statutory waiting periods and absence of any requirement that would restrict NBT Bancorp in its operations or have a material adverse effect on NBT Bancorp following completion of the Merger;
- iv. absence of any order, decree or injunction of a governmental entity which enjoins or prohibits the consummation of the Merger;
- v. delivery by each of Hampshire First, NBT Bancorp and NBT Bank of a certificate of its president, dated as of the closing date, to the effect that certain conditions set forth in the Merger Agreement have been met;
- vi. receipt by NBT Bancorp and Hampshire First of tax opinions from their respective counsels in form and substance satisfactory to each other;
  - vii. approval of the Merger by the shareholders of Hampshire First;
- viii. NBT Bancorp shall have provided to Hampshire First satisfactory evidence of insurance coverage for the directors and officers of Hampshire First, as required by the Merger Agreement;
- ix. approval of the shares of NBT Bancorp common stock to be issued as the Stock Consideration in the Merger for quotation on the NASDAQ;
- x. neither Hampshire First, NBT Bancorp nor NBT Bank shall have suffered any material adverse effect since December 31, 2010; and
- xi. execution of voting and non-competition agreement by each of the directors of Hampshire First (except for James M. Dunphy).

In addition to the foregoing, the effectiveness of NBT Bancorp's registration statement of which this proxy statement/prospectus is a part and absence of any stop order suspending its effectiveness or initiation of proceedings for that purpose that have not been withdrawn must occur before the Merger can be completed. The parties may waive conditions to their obligations in writing, to the extent permitted by applicable law.

Regulatory Approvals Required for the Merger.

Completion of the Merger is subject to the receipt of all required approvals and consents from regulatory authorities, and the expiration of any applicable statutory waiting periods,

without any term or condition that would have a material adverse effect on NBT Bancorp. NBT Bancorp and Hampshire First have agreed to use their reasonable best efforts to obtain all required regulatory approvals. These include approvals from the OCC and the NHBD. OCC approval was obtained on February 9, 2012. We anticipate receiving NHBD approval prior to the date of the Hampshire First special meeting.

55

---

Comptroller of the Currency.

The Merger was subject to approval by the OCC under the Bank Merger Act. OCC approval was received on February 9, 2012.

You should be aware that the approval by the OCC:

reflects only its views that the Merger does not contravene applicable competitive standards and is consistent with safety and soundness considerations;

is not an opinion of the OCC that the Merger is financially favorable to Hampshire First shareholders or that the OCC has considered the adequacy of the Merger consideration; and

is not an endorsement or recommendation of the Merger.

New Hampshire Banking Department

The Commissioner of the NHBD's approval is required under New Hampshire banking law for the Merger of Hampshire First with NBT Bank. The Commissioner, after such investigation as he deems necessary, may grant approval upon a finding that the public convenience and advantage and the interest of Hampshire First and NBT Bank, their stockholders and depositors, will be promoted by the proposed merger, and that the merger can be made without reducing the amount standing to the credit of any depositor as of the effective date of the merger, and without the apparent necessity of then imposing some restriction on the withdrawal of funds by depositors. The Commissioner has scheduled a hearing on March 12, 2012 regarding the Merger.

No Solicitation; Board Recommendation.

Hampshire First has agreed not to initiate, solicit, encourage or knowingly facilitate any inquiries or proposals from any third party relating to an acquisition of Hampshire First, or engage in any negotiations concerning, or provide any confidential or nonpublic information or data to, or have any discussions with, any person relating to, any acquisition proposal relating to Hampshire First. Notwithstanding these restrictions, the Merger Agreement provides that, under specified circumstances, in response to an unsolicited bona fide acquisition proposal from a third party which, in the good faith judgment of the Hampshire First board of directors, is or is reasonably likely to result in the consummation of a proposal which is superior to the Merger, Hampshire First may furnish information regarding Hampshire First and participate in discussions and negotiations with such third party.

Hampshire First has agreed to submit the Merger Agreement for approval and adoption by its shareholders. The Hampshire First board has recommended that its shareholders vote in favor of adopting the Merger Agreement. Hampshire First will not withdraw, qualify or adversely modify its recommendation to its shareholders to vote in favor of adoption of the Merger Agreement, except as permitted under the Merger Agreement in connection with a superior competing proposal. If, prior to the receipt of the Hampshire First shareholder approval, its board, after consultation with legal counsel, determines in good faith that, because of the receipt of a superior competing proposal, it would result in a violation of its fiduciary duties under New Hampshire law to continue to recommend adoption of the Merger Agreement, the Hampshire First board may withhold, withdraw, amend or modify its recommendation for Hampshire First shareholders' approval of the Merger.

Hampshire First agreed to submit the Merger Agreement for approval by its shareholders and convene a special meeting of shareholders as promptly as practicable after the registration statement of which this proxy statement/prospectus is a part is declared effective by the SEC. The Hampshire First board has recommended that its shareholders vote in favor of the Merger. Hampshire First will not withdraw or modify (or propose to withdraw or modify) its recommendation to its shareholders to vote in favor of the Merger, except as permitted under the Merger Agreement in connection with a superior competing proposal (as defined in the

Merger Agreement). If, prior to approval by its shareholders, the Hampshire First board, after consultation with legal counsel, determines in good faith that, because of the receipt of a takeover proposal that is a superior competing proposal, it would result in a violation of its fiduciary duties under New Hampshire law to continue to recommend adoption of the Merger Agreement, the Hampshire First board may modify or withdraw its recommendation.

Termination; Termination Fee.

The Merger Agreement may be terminated and the Merger abandoned at any time prior to the Effective Time, as follows:

by mutual agreement of NBT Bancorp and Hampshire First;

by NBT Bancorp or Hampshire First upon 30 days' written notice by the non-breaching party, if there has occurred and is continuing a breach by the other party of any representation, warranty or covenant and such breach cannot be or has not been cured within 30 days after the giving of written notice to the breaching party of such breach;

by NBT Bancorp, if Hampshire First (1) fails to hold its special meeting within the time frame specified in the Merger Agreement; or (2) submits the Merger Agreement to its shareholders without a recommendation for approval or makes an adverse recommendation;

by Hampshire First, in order to enter into an agreement with respect to a superior competing proposal (as defined in the Merger Agreement) or by NBT Bancorp, in the event that Hampshire First enters into such an agreement;

by either party, if the Merger has not closed by the close of business on June 30, 2012 (or September 30, 2012 if the reason the Merger has not close is that required regulatory approvals have not been received by that date), unless the party seeking to terminate the Merger Agreement caused or materially contributed to the failure of the Merger to occur before such date; or

by either party, if a required regulatory approval is denied by final, non-appealable action, unless the party seeking to terminate the Merger Agreement failed to comply with the Merger Agreement and such failure caused or materially contributed to such action.

If either NBT Bancorp or Hampshire First terminates the Merger Agreement under circumstances involving Hampshire First's consideration of an acquisition proposal or entry into a superior competing proposal, as defined in the Merger Agreement, within thirty-five (35) days of the date of the Merger Agreement, Hampshire First must pay NBT Bancorp a termination fee in an amount equal to \$1,050,000 (approximately 2.5% of the Merger consideration computed as of the date of the Merger Agreement), and must reimburse NBT Bancorp for out of pocket expenses, including, without limitation, the professional fees and expenses of legal counsel and accountants, actually incurred by NBT Bancorp and NBT Bank, not to exceed \$250,000.

If NBT Bancorp terminates the Merger Agreement because Hampshire First has agreed to enter into a superior competing proposal after the thirty-fifth (35th) day following the date of the Merger Agreement, Hampshire First must pay NBT Bancorp a termination fee in an amount equal to \$2,100,000 (approximately 5.0% of the Merger consideration computed as of the date of the Merger Agreement).

Modification or Amendment.

At any time prior to the Effective Time, the parties to the Merger Agreement may modify or amend the Merger Agreement, by written agreement executed and delivered by duly authorized officers of the respective parties, except to the extent that any such amendment would violate the law or would require resubmission of the Merger Agreement for vote by the shareholders of Hampshire First or NBT Bancorp.

At any time before the Effective Time, NBT Bancorp may revise the structure of the Merger and related transactions, to the extent that such revised structure (1) does not change the amount or form of consideration to be received by the shareholders of Hampshire First and the holders of Hampshire First stock options and warrants; (2) does not adversely affect the tax consequences to the shareholders of Hampshire First, (3) will not materially delay or

jeopardize required regulatory approvals; (4) does not cause any representation or warranty of any party to the Merger Agreement to become materially incorrect; or (5) does not diminish any benefits to Hampshire First officers, directors or employees. The Merger Agreement and any related documents would then be appropriately amended in order to reflect any such revised structure.

57

---

Stock Market Quotation.

As promptly as reasonably practicable following completion of the Merger, NBT Bancorp common stock will continue to trade on the NASDAQ, and Hampshire First common stock will cease to be quoted on the OTC.

Fees and Expenses.

Except in connection with a termination of the proposed transaction, NBT Bancorp and Hampshire First shall be responsible for their own expenses incurred in connection with the Merger Agreement and the transactions contemplated thereby.

### Material Federal Income Tax Consequences of the Merger

The following discussion addresses the material federal income tax consequences of the Merger to a Hampshire First shareholder who is a U.S. holder (defined below) and who holds shares of Hampshire First common stock as a capital asset. This discussion is based upon the Internal Revenue Code, Treasury regulations promulgated under the Internal Revenue Code, judicial authorities, published positions of the Internal Revenue Service (“IRS”) and other applicable authorities, all as in effect on the date of this discussion and all of which are subject to change (possibly with retroactive effect) and to differing interpretations. This discussion does not address all aspects of federal income taxation that may be relevant to Hampshire First shareholders in light of their particular circumstances and does not address aspects of federal income taxation that may be applicable to Hampshire First shareholders subject to special treatment under the Internal Revenue Code (including banks, tax-exempt organizations, insurance companies, dealers in securities, traders in securities that elect to use a mark-to-market method of accounting, investors in pass-through entities, Hampshire First shareholders who hold their shares of Hampshire First common stock as part of a hedge, straddle or conversion transaction, and Hampshire First shareholders who acquired their shares as compensation). In addition, this discussion does not address any aspect of state, local or foreign taxation. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax aspects set forth below.

For purposes of this section, the term “U.S. holder” means a beneficial owner of Hampshire First common stock that for U.S. federal income tax purposes is:

a citizen or resident of the United States;

a corporation or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the United States or any State or the District of Columbia;

an estate, the income of which is subject to U.S. federal income tax regardless of its source; or

a trust, the substantial decisions of which are controlled by one or more U.S. persons and which is subject to the primary supervision of a U.S. court, or a trust that validly has elected under applicable Treasury regulations to be treated as a U.S. person for U.S. federal income tax purposes.

Hampshire First shareholders are encouraged to consult their tax advisors with respect to the particular federal, state, local and foreign tax consequences of the Merger to them.

The closing of the Merger is conditioned upon the receipt by NBT Bancorp and Hampshire First of an opinion of their legal counsel, Hinman, Howard & Kattell, LLP and Luse Gorman Pomerenk & Schick, P.C., respectively, dated as of the closing date of the Merger, that, on the basis of facts, representations and assumptions set forth or referred to in that opinion (including factual representations contained in certificates of officers of NBT Bancorp and Hampshire First) which are consistent with the state of facts existing as of the closing date of the Merger, The Merger constitutes a reorganization under Section 368(a) of the Internal Revenue Code.

The tax and legality opinions delivered in connection with the registration statement on Form S-4, filed by NBT Bancorp in connection with the Merger are not binding on the IRS or the courts, and neither NBT Bancorp nor Hampshire First intends to request a ruling from the IRS with respect to the federal income tax consequences of the Merger. Consequently, no assurance can be given that the IRS will not assert, or that a court would not sustain, a position contrary to any of those set forth below. The discussion below is a summary of the material federal income tax consequences of the Merger to Hampshire First shareholders that will result from qualification of the Merger as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code. In addition, if any of the facts, representations or assumptions upon which the opinion is based is inconsistent with the actual facts, the federal

income tax consequences of the Merger could be adversely affected.

Exchange for NBT Bancorp Common Stock.

If, pursuant to the Merger, a U.S. holder exchanges all of his or her respective shares of Hampshire First common stock actually owned by him or her solely for shares of NBT Bancorp common stock, that holder will not recognize any gain or loss except regarding any cash received in lieu of any fractional share of NBT Bancorp common stock (as discussed below). The aggregate adjusted tax basis of the shares of NBT Bancorp common stock received in the Merger (including any fractional share deemed received and redeemed, as described below) will be equal to the aggregate adjusted tax basis of the shares of Hampshire First common stock surrendered for the NBT Bancorp common stock. The holding period of the NBT Bancorp common stock will include the period during which the surrendered shares of Hampshire First common stock were held by the Hampshire First shareholder. If a U.S. holder has differing bases or holding periods in respect of his or her respective shares of the surrendered Hampshire First common stock, that shareholder should consult his or her tax advisor prior to the exchange with regard to identifying the bases or holding periods of the particular shares of NBT Bancorp common stock received in the exchange.

Exchange for NBT Bancorp Common Stock and Cash.

If, pursuant to the Merger, a U.S. holder exchanges all of the holder's respective shares of Hampshire First common stock actually owned by him for a combination of NBT Bancorp common stock and cash, gain should be recognized equal to the lesser of the cash received or the gain realized in the Merger (that is, the fair market value of the NBT common stock received, plus the cash received, and minus the Hampshire First shareholder's basis in the shareholder's Hampshire First's common stock). No loss should be recognized.

Cash Received in Exchange for Hampshire First Stock.

If, pursuant to the Merger, a U.S. holder exchanges all of the holder's respective shares of Hampshire First common stock actually owned by him or her solely for cash, then such holder generally will recognize gain or loss equal to the difference between the amount of cash received and the basis in such Hampshire First common stock. Generally, any gain recognized upon the exchange will be capital gain.

Cash Received in Lieu of a Fractional Share.

Cash received by a U.S. holder in lieu of a fractional share of NBT Bancorp common stock generally will be treated as received in redemption of the fractional share, and a gain or loss generally will be recognized based on the difference between the amount of cash received in lieu of the fractional share and the portion of the shareholder's aggregate adjusted tax basis of the shares of Hampshire First common stock surrendered that is allocable to the fractional share. The gain or loss generally will be long-term capital gain or loss if the holding period for the redeemed fractional share of Hampshire First common stock is held for more than one year. The deductibility of capital losses is subject to limitations.

Reporting Requirements.

A holder of Hampshire First common stock who receives NBT Bancorp common stock as a result of the Merger will be required to retain records pertaining to the Merger. Certain Hampshire First shareholders are subject to certain reporting requirements with respect to the Merger. In particular, such shareholders will be required to attach a statement to their tax returns for the year of the Merger that contains the information listed in Treasury Regulation Section 1.368-3(b). Such statement must include the shareholder's adjusted tax basis in his or her Hampshire First common stock and other information regarding the reorganization. Holders of Hampshire First common stock are urged to consult with their tax advisers with respect to these and other reporting requirements applicable to the Merger.

Backup Withholding.

A holder of Hampshire First common stock may be subject to information reporting and backup withholding (currently at a rate of 28%) in connection with any cash payment received in exchange for his or her stock or instead of a fractional share of NBT Bancorp common stock if the shareholder is a non-corporate United States person and (1) fails to provide an accurate taxpayer identification number; (2) is notified by the IRS that it has failed to report all interest or dividends required to be shown on its federal income tax returns; or (3) in certain circumstances, fails to comply with applicable certification requirements. Amounts withheld under the backup withholding rules will be allowed as a refund or credit against a shareholder's federal income tax liability provided that the shareholder furnishes the required information to the IRS.

The foregoing discussion is not intended to be a complete analysis or description of all potential federal income tax consequences of the Merger transaction. In addition, this discussion does not address tax consequences that may vary with, or are contingent on, a Hampshire First shareholder's individual circumstances. It also does not address any federal estate tax or state, local or foreign tax consequences of the Merger. Tax matters are very complicated, and the tax consequences of the proposed Merger to a Hampshire First shareholder will depend upon the facts of his or her particular situation. Accordingly, we strongly encourage you to consult with a tax advisor to determine the particular tax consequences to you of the transaction, as well as to any later sale of shares of NBT Bancorp common stock received by you in the Merger.

#### Accounting Treatment.

In accordance with current accounting guidance, the Merger will be accounted for using the acquisition method. The result of this is that the recorded assets and liabilities of NBT Bancorp will be carried forward at their recorded amounts, the historical operating results will be unchanged for the prior periods being reported on and that the assets and liabilities of Hampshire First will be adjusted to fair value at the date of the Merger. In addition, all identified intangibles will be recorded at fair value and included as part of the net assets acquired. To the extent that the purchase price, consisting of cash plus the number of shares of NBT Bancorp common stock to be issued to former Hampshire First shareholders, option and warrant holders at fair value, exceeds the fair value of the net assets including identifiable intangibles of Hampshire First at the Merger date, that amount will be reported as goodwill. In accordance with current accounting guidance, goodwill will not be amortized but will be evaluated for impairment annually. Identified intangibles will be amortized over their estimated lives. Further, the acquisition method of accounting results in the operating results of Hampshire First being included in the operating results of NBT Bancorp beginning from the date of completion of the Merger.

Authorization To Vote On Adjournment Or Other Matters

General.

If, at the Hampshire First special meeting, the number of shares of Hampshire First common stock, present in person or by proxy, is insufficient to constitute a quorum or the number of shares of Hampshire First common stock voting in favor is insufficient to adopt the Merger Agreement, Hampshire First management intends to move to adjourn, postpone or continue the special meeting in order to enable the Hampshire First board of directors more time to solicit additional proxies. In that event, Hampshire First will ask its shareholders to vote only upon the adjournment proposal and not the proposal relating to adoption of the Merger Agreement.

In this proposal, Hampshire First is asking you to grant discretionary authority to the holder of any proxy solicited by the Hampshire First board of directors so that such holder can vote in favor of the proposal to adjourn the special meeting to solicit additional proxies. If the shareholders of Hampshire First approve the adjournment proposal, Hampshire First could adjourn the special meeting, and any adjourned session of the special meeting, and use the additional time to solicit additional proxies, including the solicitation of proxies from shareholders who have previously voted.

If the meeting adjourned for less than thirty days, no notice of the adjourned meeting is required to be given to shareholders, other than an announcement at the special meeting of the place, date and time to which the meeting is adjourned. If the meeting is adjourned for thirty days or more, notice must be provided to shareholders as in the case of an original meeting.

Vote Required

Pursuant to Hampshire First's bylaws, the adjournment proposal requires the affirmative vote of the holders of a majority of the shares of Hampshire First common stock present in person or represented by proxy at the special meeting. Abstentions and broker non-votes will not affect the vote on the adjournment proposal.

Recommendation of the Hampshire First Board of Directors

The Hampshire First board of directors recommends a vote "FOR" the proposal to authorize the board of directors to adjourn, postpone or continue the special meeting of shareholders to allow time for the further solicitation of proxies to approve the adoption of the Merger Agreement.

Indemnification of directors and officers	The bylaws of Hampshire First provide for indemnification to the fullest extent required or permitted by New Hampshire law, which provides for indemnification of a director if he/she acted in good faith and reasonably believed that his/her act was in the best interest of the bank, or not opposed to the bank's best interest.	Each NBT Bancorp director is entitled to indemnification if he or she acted in good faith and in a manner in which he or she reasonably believed to be in, or not opposed to, the best interest of NBT Bancorp and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.
Voting and Restrictions upon certain business combinations	Neither Hampshire First's articles of agreement nor its bylaws addresses merger approval or any restrictions. Under New Hampshire law governing state chartered banks, at least two-thirds (2/3) of the outstanding shares of Hampshire First common stock eligible to vote must approve a "contract of union" (i.e. merger).	Any business combination involving NBT Bancorp or a subsidiary requires the affirmative vote of the holders of not less than 80% of the outstanding shares of NBT common stock, excluding the shares owned by the major shareholder and its affiliates. The certificate defines "major shareholder" as any person who beneficially owns 5% or more of NBT Bancorp's voting stock. However, such an affirmative vote will not apply to a business combination involving a major shareholder or its affiliate if the business combination is approved by two-thirds of the directors who were directors prior to the time when the major shareholder became a major shareholder.
Stockholder Rights Plan	Hampshire First has no stockholder rights plan. Stockholders are provided with dissenters' rights under NHBCA.	NBT Bancorp has a stockholder rights plan, which is designed to ensure that a potential acquirer of NBT Bancorp will negotiate with the NBT Bancorp board and that all its shareholders will be treated equitably in the event of a takeover attempt. Amendments to certificate of incorporation	Hampshire First's articles of agreement provide generally that any amendment, addition, repeal, alteration or change of any provision of the articles of agreement may be made upon the approval of the Hampshire First Board and thereafter pursuant to the affirmative vote of a majority of the total votes eligible to be cast by the holders of all outstanding shares of capital stock entitled to vote thereon.	Amendments generally require the approval of the board of directors and the approval of the holders of a majority of the outstanding stock entitled to vote upon the amendment. Any amendment to those provisions of the certificate of incorporation relating to business combinations involving NBT Bancorp or a subsidiary and a major shareholder or affiliate require the affirmative vote of at least 80% of the outstanding shares of voting stock, and if there is a major shareholder, such 80% vote must include the affirmative vote of at least 80% of the outstanding shares of voting stock held by shareholders other than the major shareholder and its affiliates.

In addition, Hampshire First shareholders may adopt, amend, or repeal any of the bylaws by the affirmative vote of the majority of votes eligible to be cast.	A majority of the directors, or shareholders holding a majority of the outstanding shares entitled to vote, may make, amend or repeal the bylaws. NBT Bancorp bylaws permit the shareholders to adopt, approve or designate bylaws that may not be amended, altered or repealed except by a specified percentage in interest of all of the shareholders or of a particular class of shareholders.

Anti-Takeover Provisions.

Hampshire First. Neither the articles of agreement nor the bylaws address business combinations or mergers. Under the New Hampshire law governing state chartered banks, at least two-thirds (2/3) of the outstanding shares of Hampshire First common stock eligible to vote must approve the Merger.

NBT Bancorp. Under the DGCL, a corporation is prohibited from engaging in any business combination with an "interested stockholder" for a period of three years from the date on which the stockholder first becomes an interested stockholder unless:

prior to the stockholder becoming an interested stockholder, the board of directors approves the business combination or the transaction in which the stockholder became an interested shareholder;

upon the completion of the transaction in which the shareholder became an interested stockholder, the interested stockholder owns at least 85% of the voting stock of the corporation other than shares held by directors who are also officers and certain employee stock plans; or

the business combination is approved by the board of directors and by the affirmative vote of two-thirds of the outstanding voting stock not owned by the interested stockholder at a meeting.

The DGCL defines the term “business combination” to include transactions such as mergers, consolidations, transfers of 15% or more of the assets of the corporation or, with certain exceptions, transactions that result in stock of the corporation being issued or transferred to the interested stockholder. The DGCL defines the term “interested stockholder” generally as any person who (together with affiliates and associates) owns (or in certain cases, within the past three years owned) 15% or more of the outstanding voting stock of the corporation.

In order to approve any business combination, NBT Bancorp's certificate of incorporation requires the affirmative vote of at least 80% of the outstanding shares of voting stock, and if there is a major shareholder (defined in NBT Bancorp's certificate of incorporation as any person who beneficially owns 5% or more of NBT Bancorp's voting stock), such 80% vote must include the affirmative vote of at least 80% of the outstanding shares of voting stock held by shareholders other than the major shareholder and its affiliates.

**Federal Law.** Federal law provides that, subject to some exemptions, no person acting directly or indirectly or through or in concert with one or more other persons may acquire control of an insured institution or holding company of an insured institution, without giving at least 60 days prior written notice providing specified information to the appropriate federal banking agency. In the case of NBT Bancorp and NBT Bank, the appropriate federal banking agencies are the Federal Reserve and the OCC, respectively, and in the case of Hampshire First, the appropriate federal banking agency is the FDIC. Control is defined for this purpose as the power, directly or indirectly, to direct the management or policies of an insured institution or to vote 25% or more of any class of voting securities of an insured institution. Control is presumed to exist where the acquiring party has voting control of at least 10% of any class of the institution's voting securities and other conditions are present. The OCC may prohibit the acquisition of control if the agency finds, among other things, that:

the acquisition would result in a monopoly or substantially lessen competition;

the financial condition of the acquiring person might jeopardize the financial stability of the institution;

the effectiveness of the depository institutions involved in combating money laundering activities or

the competence, experience or integrity of any acquiring person or any of the proposed management personnel indicates that it would not be in the interest of the depositors or the public to permit the acquisition of control by that person.

Federal law also provides that, subject to some exceptions, a bank holding company may not acquire more than five percent of the voting stock of a bank or bank holding company, and a new holding company may not be formed to acquire control of a bank or bank holding company, without the prior approval of the Federal Reserve. Control is defined for this purpose in a similar manner as discussed in the preceding paragraph. The Federal Reserve may not approve the acquisition of control if it finds that the acquisition of control would result in a monopoly or would further an attempt to monopolize the business of banking in any part of the United States or if the acquisition of control would substantially lessen competition or tend to create a monopoly and the anticompetitive effects are not clearly outweighed by the public benefits of the proposed transaction. The Federal Reserve also may not approve the acquisition of control if the company fails to provide the Federal Reserve with adequate assurances regarding the availability of information concerning the operations or activities of the company and any affiliate of the company that the Federal Reserve determines to be appropriate. The Federal Reserve also must take into consideration:

the financial resources and future prospects of the companies and banks concerned, and the convenience and needs of the community to be served;

the managerial resources of a company or bank, including the competence, experience, and integrity of officers, directors, and principal shareholders;

the company's record of meeting the credit needs of its entire community, including low-and moderate-income neighborhoods; and

the effectiveness of the company in combating money laundering activities.

#### Shareholder Approval of a Merger.

Hampshire First. Under New Hampshire law governing state-chartered banks, a “contract of union” (i.e. a merger), must be approved by at least two-thirds (2/3) of the outstanding shares of Hampshire First common stock entitled to vote on the Merger. Neither Hampshire First’s articles of agreement nor its bylaws addresses merger approval or any restrictions.

NBT Bancorp. Approval by NBT Bancorp shareholders is not required for the Merger. When required, pursuant to the certificate of incorporation of NBT Bancorp, any business combination involving NBT Bancorp or a subsidiary and a major shareholder or affiliate requires the affirmative vote of the holders of not less than 80% of the outstanding shares of NBT Bancorp common stock, excluding the shares owned by the major shareholder and its affiliates. The certificate defines “major shareholder” as any person who beneficially owns 5% or more of NBT Bancorp’s voting stock. However, such an affirmative vote will not apply to a business combination involving a major shareholder or its affiliate if the business combination is approved by two-thirds (2/3) of the directors who were directors prior to the time when the major shareholder became a major shareholder.

#### Dissenters’ Rights.

Hampshire First. Under the NHBCA, shareholders may, under certain circumstances, exercise a right of dissent from certain limited corporate actions and obtain payment for the fair value of their shares. For example, subject to certain exceptions, dissenters’ rights are available under New Hampshire law to any shareholder of a constituent corporation in the event of a merger if such shareholder is entitled to vote upon the merger or if the corporation is a subsidiary that is merged with its parent. Neither Hampshire First’s articles of agreement nor its bylaws grant any dissenters’ rights in addition to the statutorily prescribed rights.

Shareholders who desire to exercise their dissenters’ rights must satisfy all of the conditions and requirements set forth in the NHBCA in order to maintain these rights and obtain any payment due in respect of the exercise of these rights.

NBT Bancorp. Under the DGCL, a shareholder of a corporation participating in certain major corporate transactions may, under varying circumstances, be entitled to appraisal rights pursuant to which the shareholder may receive cash in the amount of the fair market value of his or her shares in lieu of the consideration he or she would otherwise receive in the transaction. Unless a corporation’s certificate of incorporation provides otherwise, these appraisal rights are not available:

with respect to the sale, lease or exchange of all or substantially all of the assets of the corporation;

with respect to a merger or consolidation by a corporation the shares of which either are listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or are held of record by more than 2,000 holders, if the terms of the merger or consolidation allow the shareholders to receive only shares of the surviving corporation or shares of any other corporation that either are listed on a national securities exchange or designated as a national market system security on an interdealer quotation system by the National Association of Securities Dealers, Inc. or are held of record by more than 2,000 holders, plus cash in lieu of fractional shares; or

to shareholders of the corporation surviving a merger, if no vote of the shareholders of the surviving corporation is required to approve the merger and if certain other conditions are met.

### Common Stock.

### Dividend Rights

Subject to the preferential rights of any other shares or series of capital stock, holders of shares of NBT Bancorp common stock are entitled to receive dividends on shares of common stock if, as and when authorized and declared by the NBT Bancorp board out of funds legally available for dividends and to share ratably in the assets of NBT Bancorp legally available for distribution to its shareholders in the event of its liquidation, dissolution or winding-up after payment of, or adequate provision for, all known debts and liabilities of NBT Bancorp. The payment of dividends by NBT Bancorp is subject to limitations that are imposed by law and applicable regulation.

### Voting Rights

The holders of common stock of NBT Bancorp have exclusive voting rights in NBT Bancorp. Each outstanding share of NBT common stock entitles the holder to one vote on all matters submitted to a vote of shareholders, including the election of directors. Unless a larger vote is required by law, NBT Bancorp's certificate of incorporation or NBT Bancorp's bylaws, when a quorum is present at a meeting of shareholders, a majority of the votes properly cast upon any question other than the election of directors shall decide the question. A plurality of the votes properly cast for the election of a person to serve as a director shall elect such person; no cumulative voting is permitted.

For a description of the provisions of the NBT Bancorp certificate of incorporation that may have the effect of delaying, deferring or preventing a change in control of NBT Bancorp, see "Comparison of Shareholders' Rights — Voting and Restrictions upon Certain Business Combinations" beginning on page 72 in the table in the preceding section of this document.

### Preferred Stock.

The NBT Bancorp board of directors is authorized, without any further vote or action by the NBT Bancorp shareholders, to issue shares of preferred stock in one or more series, to establish the number of shares in each series and to fix the designation, powers, preferences and rights of each such series and the qualifications, limitations or restrictions of the series, in each case, if any, as are permitted by Delaware law. Since the NBT Bancorp board has the power to establish the preferences and rights of each class or series of preferred stock, it may afford the shareholders of any series or class of preferred stock preferences, powers and rights, voting or otherwise, senior to the rights of holders of shares of NBT Bancorp common stock. The issuance of shares of preferred stock could have the effect of delaying, deferring or preventing a change in control of NBT Bancorp. There are currently no preferred shares issued and outstanding.

#### Stockholder Rights Plan.

NBT Bancorp adopted a stockholder rights plan in October 2004 designed to ensure that any potential acquirer of NBT Bancorp would negotiate with the NBT Bancorp board and that all NBT Bancorp shareholders would be treated equitably in the event of a takeover attempt. At that time, NBT Bancorp paid a dividend of one preferred share purchase right for each outstanding share of NBT Bancorp common stock. Similar rights are attached to each share of NBT Bancorp common stock that were issued after November 15, 2004, including the shares of common stock issuable in a merger. Any person or group which acquires beneficial ownership of 15 percent or more of the NBT Bancorp outstanding common stock, or begins a tender or exchange offer for 15 percent or more of the NBT Bancorp common stock shall be entitled to exercise its right under the stockholder rights plan. Additionally, until the occurrence of such an event, the rights are not severable from the NBT Bancorp common stock and therefore, the rights will transfer upon the transfer of shares of the NBT Bancorp common stock. Upon the occurrence of such events, each right entitles the holder to purchase one one-thousandth of a share of NBT Bancorp preferred stock at a price of \$70. The rights plan also provides that upon the occurrence of certain specified events the holders of rights will be entitled to acquire additional equity interests in NBT Bancorp or in the acquiring entity, such interests having a market value of two times the right's exercise price of \$70. The rights expire October 24, 2014, and are redeemable in whole, but not in part, at NBT Bancorp's option prior to the time they become exercisable, for a price of \$0.001 per right. The rights have certain anti-takeover effects. The rights may cause substantial dilution to a person or group that attempts to acquire NBT Bancorp on terms not approved by the NBT Bancorp board. The rights should not interfere with any merger or other business combination approved by the NBT Bancorp board.

#### Registrar and Transfer Agent.

NBT Bancorp's registrar and transfer agent is NBT Bank.

#### Certificate of Incorporation and Bylaws of NBT Bancorp; Certain Anti-Takeover Restrictions

The following discussion is a general summary of the material provisions of NBT Bancorp's certificate of incorporation and bylaws and certain other regulatory provisions that may be deemed to have an "anti-takeover" effect. The following description of certain of these provisions is necessarily general and, with respect to provisions contained in NBT Bancorp's certificate of incorporation and bylaws, reference should be made in each case to the document in question.

NBT Bancorp's certificate of incorporation and bylaws contain certain provisions relating to corporate governance and rights of shareholders that might discourage future takeover attempts. As a result, shareholders who might desire to participate in such transactions may not have an opportunity to do so. In addition, these provisions will also render the removal of the board of directors or management of NBT Bancorp more difficult.

The following description is a summary of the provisions of the certificate of incorporation and bylaws. See "Where You Can Find More Information" on page 4 as to how to obtain a copy of these documents.

#### Directors.

The board of directors is divided as evenly as possible into three classes. One class is elected at each annual meeting of shareholders for a term of three years. Thus, it would take at least two annual elections to replace a majority of NBT Bancorp's board of directors. Under NBT Bancorp bylaws, any shareholder may nominate a director for consideration at a shareholders' meeting if the nomination is in writing and provided certain information as described in the bylaws, are delivered and received by NBT Bancorp within ten (10) days of when public notice of the meeting is first given.

#### Restrictions on Removing Directors from Office.

An NBT Bancorp shareholder may remove a director only for cause by the affirmative vote of a majority in voting power of the shareholders entitled to vote and to be present at the meeting called for such purpose.

#### Restrictions on Certain Business Combinations.

Any business combination involving NBT Bancorp or a subsidiary requires the affirmative vote of the holders of not less than 80% of the outstanding shares of NBT Bancorp common stock, excluding the shares owned by the major shareholder and its affiliates. The certificate defines “major shareholder” as any person who beneficially owns 5% or more of NBT Bancorp’s voting stock. However, such an affirmative vote will not apply to a business combination involving a major shareholder or its affiliate if the business combination is approved by two-thirds of the directors who were directors prior to the time when the major shareholder became a major shareholder

#### Amendments to Certificate of Incorporation and Bylaws.

Amendments to the certificate of incorporation generally require the approval of the board of directors and the approval of the holders of a majority of the outstanding stock entitled to vote upon the amendment. Any amendment to those provisions of the certificate of incorporation that relate to business combinations involving NBT Bancorp or a subsidiary and a major shareholder or affiliate require the affirmative vote of at least 80% of the outstanding shares of voting stock, and if there is a major shareholder, such 80% vote must include the affirmative vote of at least 80% of the outstanding shares of voting stock held by shareholders other than the major shareholder and its affiliates.

A majority of the directors, or shareholders holding a majority of the outstanding shares entitled to vote, may make, amend or repeal the bylaws. NBT Bancorp bylaws permit the shareholders to adopt, approve or designate bylaws that may not be amended, altered or repealed except by a specified percentage in interest of all of the shareholders or of a particular class of shareholders.

#### Change of Control Regulations.

##### The Change In Bank Control Act.

The Change in Bank Control Act provides that no person, acting directly or indirectly or through or in concert with one or more other persons, may acquire control of a bank holding company unless the Federal Reserve has been given 60 days prior written notice. For this purpose, the term “control” means the acquisition of the ownership, control or holding of the power to vote 35% or more of any class of a bank holding company’s voting stock, and the term “person” includes an individual, corporation, partnership, and various other entities. In addition, an acquiring person is presumed to acquire control if the person acquires the ownership, control or holding of the power to vote of 10% or more of any class of the holding company’s voting stock if (a) the bank holding company’s shares are registered pursuant to Section 12 of the Exchange Act or (b) no other person will own, control or hold the power to vote a greater percentage of that class of voting securities. Accordingly, the prior approval of the Federal Reserve would be required before any person could acquire 10% or more of the common stock of NBT Bancorp.

##### The Bank Holding Company Act.

The Bank Holding Company Act provides that no company may acquire control of a bank directly or indirectly without the prior approval of the Federal Reserve. Any company that acquires control of a bank becomes a “bank holding company” subject to registration, examination and regulation by the Federal Reserve. Pursuant to federal regulations, the term “company” is defined to include banks, corporations, partnerships, associations, and certain trusts and other entities, and “control” of a bank is deemed to exist if a company has voting

control, directly or indirectly of at least 35% of any class of a bank's voting stock, and may be found to exist if a company controls in any manner the election of a majority of the directors of the bank or has the power to exercise a controlling influence over the management or policies of the bank. In addition, a bank holding company must obtain Federal Reserve approval prior to acquiring voting control of more than 5% of any class of voting stock of a bank or another bank holding company.

If the Merger is completed, Hampshire First will cease to exist and there will be no future meetings of shareholders. If the Merger is not completed or if Hampshire First is otherwise required to do so under applicable law, Hampshire First will hold a 2012 annual meeting of shareholders. Any shareholder nominations or proposals for other business intended to be presented at Hampshire First's next annual meeting must be submitted to Hampshire First as set forth below.

Under Hampshire First's bylaws, a shareholder must follow certain procedures to nominate persons for election as directors at an annual meeting of shareholders. These procedures provide that nominations for director nominees must generally be submitted in writing to the Corporate Secretary of Hampshire First at its principal address no later than 40 days prior to the date of the annual meeting.

#### Appraisal Rights

Pursuant to Sections 13.01 et seq. of Chapter 293-A of the NHBCA, if the Merger is consummated, any holder of shares of Hampshire First common stock who objects to the Merger is entitled to dissent from the Merger and to have the fair value of such shares ("Dissenting Stock"), as determined by Hampshire First, or if necessary, judicially determined, paid to him or her, by complying with the provisions of Sections 13.01 et seq. of the New Hampshire Corporate Law. Failure to take any steps set forth in Sections 13.01 et seq. in connection with the exercise of such rights may result in termination or waiver thereof.

The following is a summary of the statutory procedures required to be followed by a holder of Dissenting Stock (a "dissenting shareholder") in order to exercise his or her rights under the New Hampshire Corporate Law. This summary, however, is not a complete statement of all applicable requirements but contains substantially all material information regarding the exercise of appraisal rights under Sections 293-A:13.01 et seq. of the NHBCA, the text of which is attached as Appendix C to this proxy statement-prospectus. Additionally, the following summary does not constitute any legal or other advice, nor does it constitute a recommendation that Hampshire First shareholders exercise their appraisal rights under Section 293-A; 13.01 et seq.

If a shareholder elects to exercise dissenters' rights with respect to the Merger, such shareholder must (1) deliver to Hampshire First prior to the vote on the Merger at the Special Meeting a written notice of intention to demand payment for his shares if the Merger is effected and (2) not vote in favor of the Merger. The written notice required to be delivered to Hampshire First by a dissenting shareholder is in addition to and separate from any proxy or vote against the Merger. Neither voting against nor failure to vote for the Merger will constitute the written notice required to be filed by a dissenting shareholder. Failure to vote against the Merger, however, will not constitute a waiver of rights under Section 293-A:13.01 et seq. of the NHBCA provided that a written notice has been properly filed. A signed proxy that is returned but which does not contain any instructions as to how it should be voted will be voted in favor of approval of the Merger and will be deemed a waiver of dissenters' rights. See "Hampshire First Special Meeting - Proxy Card; Revocation of Proxy" on page 28.

Subject to the foregoing, a beneficial shareholder may assert dissenters' rights as to shares held on his or her behalf only if (1) he or she submits to Hampshire First the record shareholder's written consent to the dissent not later than the time the beneficial shareholder asserts dissenters' rights and (2) he or she does so with respect to all shares of Hampshire First Common Stock of which he or she is the beneficial owner or over which he or she has the power to direct the vote. A record holder of shares of Hampshire First Common Stock may dissent on behalf of any beneficial owner with respect to all but not less than all the shares of such beneficial owner if the record holder notifies Hampshire First in writing of the name and address of each such person on whose behalf he asserts dissenters' rights. All notices of intention to demand payment should be addressed to James M. Dunphy, President and Chief Executive Officer, Hampshire First Bank, 80 Canal Street, Manchester, New Hampshire 03101.

If the Merger is approved, Hampshire First is obligated to give written notice to each dissenting shareholder who timely filed a notice of intention to demand payment and who did not vote in favor of approval of the Merger no later than 10 days after the approval of the Merger by the shareholders of Hampshire First. The notice must be accompanied by a copy of Section 293-A:13.01 et seq. and must (1) state where a demand for payment must be sent and where and when certificates for Dissenting Stock must be deposited in order to obtain payment, (2) inform holders of uncertificated shares to what extent transfer of the shares will be restricted after the payment demand is received, (3) be accompanied by a form for demanding payment that includes the date of the first announcement to news media or to shareholders of the terms of the proposed Merger (i.e., November 16, 2011) and requires that the person asserting dissenters' rights certify whether or not he or she acquired beneficial ownership of the shares before that date and (4) set a date by which Hampshire First shall receive the payment demand, which date shall not be less than 30 days nor more than 60 days after the date the notice is delivered. The dissenting shareholder must demand payment, certify whether he or she acquired ownership of such shares prior to November 16, 2011 and deposit the certificates in accordance with the terms of the notice. A dissenting shareholder who fails to demand payment or deposit certificates for Dissenting Stock, as required, shall have no right under Section 293-A:13.01 et seq. to receive payment for the Dissenting Stock.

Unless the Merger has been effected and Hampshire First has made the payment required below within 60 days after the date for demanding payment and depositing certificates for Dissenting Stock, Hampshire First shall return any certificates for Dissenting Stock so deposited. If such Dissenting Stock has been returned by Hampshire First, then Hampshire First may at a later time send a new notice conforming to the requirements herein described.

As soon as the Merger has been consummated, or upon receipt of demand for payment, if the Merger has already been consummated, Hampshire First shall pay to each dissenting shareholder who has made proper demand and deposited his or her certificates the amount which Hampshire First estimates to be the fair value of his or her Dissenting Stock, with accrued interest, if any, accompanied by (1) Hampshire First's balance sheet as of the end of a fiscal year ending not more than 16 months before the date of payment, (2) an income statement and a statement of changes in shareholders' equity for such fiscal year, (3) Hampshire First's latest available interim financial statements, if any, (4) a statement of Hampshire First's estimate of the fair value of the shares, (v) an explanation of how the interest was calculated and (5) a statement of the dissenting shareholder's right to demand supplemental payment pursuant to Section 293-A:13.28 if the shareholder is dissatisfied with Hampshire First's offer, as well as a copy of Section 293-A:13.01 et seq. Hampshire First may withhold payment from any dissenting shareholder acquiring beneficial ownership of the Hampshire First common stock subsequent to November 16, 2011, the date on which announcement of the Merger was first made. For such shares of Hampshire First common stock acquired after November 16, 2011, Hampshire First, upon consummation of the Merger, shall estimate the fair value of such shares, plus accrued interest, if any, and pay such estimated amount to each holder of such shares who agrees to accept such payment in full satisfaction of his or her demand. With each such offer of payment, Hampshire First shall send its estimate of the fair value of such shares of Hampshire First common stock, an explanation of how the interest was calculated, and a statement of such dissenting shareholder's right to demand payment if such dissenting shareholder is dissatisfied with such offer.

Fair value of Dissenting Stock means the value immediately before the completion of the Merger, excluding any change in value in anticipation of the Merger if such exclusion is not inequitable (which amount may be more, less or the same as the consideration to be received by shareholders of Hampshire First in connection with the Merger).

If Hampshire First fails to remit such fair value to the dissenting shareholder within 60 days from the date set for demanding payment, or if Hampshire First fails to return any deposited certificates or release the transfer restrictions imposed on uncertificated shares within 60 days of the date set for demanding payment, or if such dissenting shareholder believes the amount paid or offered to be paid, as the case may be, to be less than fair value (or that the interest, if any, is not correct), such dissenting shareholder may send Hampshire First his or her own

estimate of fair value (and interest, if any) and demand payment of the deficiency, or reject Hampshire First's offer and demand payment of the fair value (and interest, if any). If the dissenting shareholder does not notify Hampshire First of his or her payment demand within 30 days after Hampshire First has made payment or offered payment, as the case may be, such shareholder shall be entitled to no more than the amount remitted.

81

---

Within 60 days after a demand for payment of the deficiency, if it remains unsettled, Hampshire First (or its successor, as applicable) shall file a petition with the Superior Court of Hillsborough County, New Hampshire (the "Court") requesting determination of the fair value of the Dissenting Stock and accrued interest. All dissenting shareholders whose demands have not been settled shall be parties to such action and shall be served a copy of the petition. The Court shall determine the fair value of the Dissenting Stock and each dissenting shareholder shall be entitled to judgment for the amount by which the amount previously remitted by Hampshire First is exceeded by the Court's determination of fair value, if any. If Hampshire First does not file a petition, each dissenting shareholder who has made a demand and who has not settled his or her claim shall be entitled to receive the amount demanded with interest and may sue to enforce his or her claim in an appropriate court.

Costs of an appraisal proceeding, including costs and expenses of appraisers appointed by the Court, shall be determined by the Court and assessed against Hampshire First, except that the Court may assess any part of such costs and expenses to all or some of the dissenting shareholders who are parties and whose action the Court finds to be arbitrary, vexatious or not in good faith in demanding payment under Section 293-A:13.01 et seq. Fees and expenses of counsel and experts for the respective parties may be assessed against (1) Hampshire First if the Court finds it failed to comply substantially with the requirements of Section 293-A: 13.01 et seq. or (2) either Hampshire First or a dissenting shareholder if the Court finds that the party acted arbitrarily, vexatiously or not in good faith with respect to its dissenters' rights. The Court may award reasonable attorney fees to be paid out of the amounts awarded to the dissenting shareholders if the Court finds that the services of counsel for any dissenting shareholder have been of substantial benefit to other dissenting shareholders similarly situated and that such attorney fees should not be assessed against Hampshire First.

This section is intended as a brief summary of the material provisions of the New Hampshire statutory procedures that a shareholder must follow in order to seek and perfect appraisal rights. This summary, however, is not a complete statement of all applicable requirements but contains all material information regarding the exercise of appraisal rights. The following summary does not constitute any legal or other advice, nor does it constitute a recommendation that Hampshire First shareholders exercise their appraisal rights under Section 293-A:13.01 et seq.

In view of the complexity of Section 293-A:13.01 et seq of the NHBCA, Hampshire First shareholders who may wish to pursue appraisal rights should consult their legal counsel and financial advisors.

### Forward-Looking Statements

When we use words or phrases like “will probably result,” “we expect,” “will continue,” “we anticipate,” “estimate,” “project,” “plan”, “should cause,” or similar expressions in this report or in any press releases, public announcements, filings with the SEC, or other disclosures, we are making “forward-looking statements” as described in the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, but are not limited to: (1) the financial condition, results of operations and business of NBT Bancorp and Hampshire First; (2) statements about the benefits of the Merger, including future financial and operating results, cost savings, enhancements to revenue and accretion to reported earnings that may be realized from the Merger; and (3) statements about our respective plans, objectives, expectations and intentions and other statements that are not historical facts.

These forward-looking statements are based on current beliefs and expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control. In addition, these forward-looking statements are subject to assumptions with respect to future business strategies and decisions that are subject to change.

The following factors, among others, could cause actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statements:

general economic conditions in the areas in which NBT Bancorp and Hampshire First operates including volatility and disruption in national and international financial markets;

NBT Bancorp’s and Hampshire First’s businesses may not be combined successfully, or such combination may take longer to accomplish than expected;

delays or difficulties in the integration by NBT Bancorp of recently acquired businesses;

the growth opportunities and cost savings from the Merger may not be fully realized or may take longer to realize than expected;

the risk that the Merger Agreement may be terminated in certain circumstances occurring more than 35 days after the date of the Merger Agreement which would require Hampshire First to pay NBT Bancorp a termination fee of 5% of the Merger consideration;

operating costs, customer losses and business disruption following the Merger, including adverse effects of relationships with employees, may be greater than expected;

regulatory approvals of the Merger may not be obtained, or adverse regulatory conditions may be imposed in connection with regulatory approvals of the Merger;

adverse governmental or regulatory policies may be enacted;

the interest rate environment may change, causing margins to compress and adversely affecting net interest income;

the risks associated with continued diversification of assets and adverse changes to credit quality;

competition from other financial services companies in our markets;

political instability or acts of war or terrorism; and

the risk that the continuing economic slowdown could adversely affect credit quality and loan originations and could cause a significant increase in FDIC deposit insurance premiums or assessments.

Additional factors that could cause actual results to differ materially from those expressed in the forward-looking statements are discussed in NBT Bancorp reports filed with the SEC.

84

---

All subsequent written and oral forward-looking statements concerning the proposed transaction or other matters attributable to either of us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements above. Except as required by law, neither NBT Bancorp, NBT Bank nor Hampshire First undertakes any obligation to update any forward-looking statement to reflect circumstances or events that occur after the date of this joint proxy statement/ prospectus and both parties specifically disclaims such obligation.

(i) At the option of each holder of Hampshire Bank Common Stock, all of such holder's Hampshire Bank Common Stock shall be converted into the right to receive the number of shares of NBT Common Stock that is equal to the number of shares of Hampshire Bank Common Stock held by such holder times the Exchange Ratio (the "All Stock Election"), provided that:

Such shares of Hampshire Bank Common Stock shall be allocated by NBT on a pro rata basis among non-electing holders based upon the number of shares of Hampshire Bank Common Stock for which an election has not been received by the Election Deadline in order to achieve the overall ratio of sixty five percent (65%) of Hampshire Bank Common Stock to be converted into NBT Common Stock and thirty five percent (35%) of Hampshire Bank Common Stock to be converted into cash after taking into account Dissenting Shares. Notice of such allocation shall be provided promptly to each holder whose shares of Hampshire Bank Common Stock are allocated pursuant to this Section 2.4(b).

(c) An election form and other appropriate transmittal materials in such form as the parties shall mutually agree (the "Election Form") shall be mailed to shareholders of Hampshire Bank prior to the Election Period. (d) Any holder of Hampshire Bank Common Stock may at any time prior to the Election Deadline revoke an Election and either: (i) submit a new Election Form in accordance with the procedures in Section 2.4(c); or (ii) withdraw the certificate(s) for Hampshire Bank Common Stock deposited therewith by providing written notice that is received by the Exchange Agent by 5:00 p.m., local time for the Exchange Agent, on the business day prior to the Election Deadline. In the event of the termination of this Agreement, the Exchange Agent shall return any certificates deposited by the holder of Hampshire Bank Common Stock to such holder at the address and to the Person set forth in the Election Form.

(e) If more than thirty five percent (35%) of the total number of shares of Hampshire Bank Common Stock issued and outstanding constitute Dissenting Shares or, at the Election Deadline, have been deposited for exchange with cash pursuant to the All Cash Election or the Mixed Election and not withdrawn pursuant to Section 2.4(d), NBT will cause to be

eliminated by the Exchange Agent, from the shares deposited pursuant to the All Cash Election, subject to the limitations described in Section 2.4(e)(iv), a sufficient number of such shares so that the total number of shares remaining on deposit for exchange into cash pursuant to the All Cash Election and the Mixed Election, when added to the number of Dissenting Shares, does not exceed thirty five percent (35%) of the shares of Hampshire Bank Common Stock issued and outstanding on the Election Deadline. The holders of Hampshire Bank Common Stock who have made the Mixed Election shall not be required to have more than sixty five percent (65%) of their shares of Hampshire Bank Common Stock converted into NBT Common Stock. After giving effect to Section 2.4(b), such elimination will be effected as follows:

A-7

---

(i) Subject to the limitations described in Section 2.4(e)(iv), NBT will eliminate or cause to be eliminated from the shares deposited pursuant to the All Cash Election, and will add or cause to be added to the shares deposited for NBT Common Stock pursuant to the All Stock Election, on a pro rata basis in relation to the total number of shares deposited pursuant to the All Cash Election minus the number of shares so deposited by the holders described in Section 2.4(e)(iv), such number of whole shares of Hampshire Bank Common Stock on deposit for cash pursuant to the All Cash Election as may be necessary so that the total number of shares remaining on deposit for cash pursuant to the All Cash Election or the Mixed Election, when added to the number of Dissenting Shares, is equal, as nearly as practicable, to thirty five percent (35%) of the shares of Hampshire Bank Common Stock issued and outstanding immediately prior to the Effective Time;

(ii) All shares of Hampshire Bank Common Stock that are eliminated pursuant to Section 2.4(e)(iv) from the shares deposited for cash pursuant to All Cash Election shall be converted into NBT Common Stock as provided by Section 2.4(a)(i);

(iii) Notice of such allocation shall be provided promptly to each holder whose shares of Hampshire Bank Common Stock are eliminated from the shares on deposit for exchange with cash pursuant to Section 2.4(e)(i); and

(iv) Notwithstanding the foregoing, the holders of one hundred (100) or fewer shares of Hampshire Bank Common Stock of record on the date of this Agreement who have elected the All Cash Election shall not be required to have any of their shares of Hampshire Bank Common Stock converted into NBT Common Stock.

(f) If fewer than thirty five percent (35%) of the total number of shares of Hampshire Bank Common Stock issued and outstanding have, at the Election Deadline, been deposited for cash pursuant to the All Cash Election or the Mixed Election and not withdrawn pursuant to Section 2.4(d), NBT will promptly add, or cause to be added by the Exchange Agent, to such deposited shares, a sufficient number of shares of Hampshire Bank Common Stock deposited for shares of NBT Common Stock pursuant to the All Stock Election so that the total number of shares of Hampshire Bank Common Stock on deposit for cash pursuant to the All Cash Election or the Mixed Election immediately prior to the Effective Time, when added to the number of Dissenting Shares, is not less than thirty five percent (35%) of the shares of Hampshire Bank Common Stock issued and outstanding immediately prior to the Effective Time. The holders of Hampshire Bank Common Stock who have elected to have their shares converted pursuant to the Mixed Election shall not be required to have more than thirty five percent (35%) of their shares of Hampshire Bank Common Stock converted into cash. After giving effect to Section 2.4(b), such addition will be effected as follows:

(i) NBT will cause to be added to the shares deposited for cash pursuant to the All Cash Election or the Mixed Election, and will eliminate or cause to be eliminated from the shares deposited for NBT Common Stock pursuant to the All Stock Election, on a pro rata basis in relation to the total number of shares of Hampshire Bank Common Stock deposited for shares of NBT Common Stock pursuant to the All Stock Election, such number of whole shares of Hampshire Bank Common Stock not then on deposit for cash as may be necessary so that the number of shares remaining on deposit for exchange with cash, when added to the number of Dissenting Shares, is equal, as nearly as practicable, to thirty five percent (35%) of the shares of Hampshire Bank Common Stock issued and outstanding immediately prior to the Effective Time;

(ii) All shares of Hampshire Bank Common Stock that are added pursuant to Section 2.4(f)(i) to the shares deposited for cash shall be converted into cash as provided by Section 2.4(a)(ii); and

(iii) Notice of such allocation shall be provided promptly to each holder whose shares of Hampshire Bank Common Stock are added to the shares on deposit for cash pursuant to Section 2.4(f).

(g) If, subsequent to the date of this Agreement but prior to the Effective Time, the outstanding shares of NBT Common Stock or Hampshire Bank Common Stock shall be increased, decreased, changed into or exchanged for a different number of shares, in each case by reason of any stock split, recapitalization, or other similar change, the Exchange Ratio shall be adjusted proportionately.

(h) No certificates or scrip representing less than one share of NBT Common Stock shall be issued upon the surrender for exchange of a certificate or certificates which immediately prior to the Effective Time represented outstanding shares of Hampshire Bank Common Stock. In lieu of any such fractional share, each holder of such shares who would otherwise have been entitled to a fraction of a share of NBT Common Stock, upon surrender of certificates representing shares of Hampshire Bank Common Stock for exchange, shall be paid upon such surrender cash (without interest) in an amount equal to such fraction multiplied by the Closing Price.

2.5. Exchange Procedures.

(a) As soon as practicable after the Effective Time, NBT shall cause to be deposited with the Exchange Agent, for exchange in accordance with this Article II, certificates representing the aggregate number of shares of NBT Common Stock and cash, by wire transfer of immediately available funds, into which the outstanding shares of Hampshire Bank Common Stock shall be converted pursuant to Section 2.4. As soon as practicable after the Effective Time, and in no event later than five (5) business days after the Effective Time, NBT shall cause the Exchange Agent to mail to all holders of record of Hampshire Bank Common Stock who have not previously surrendered their certificate with an Election Form, excluding any holders of Dissenting Shares, letters of transmittal specifying the procedures for delivery of such holders' certificates formerly representing Hampshire Bank Common Stock to the Exchange Agent in exchange for the Merger Consideration (including cash in lieu of fractional shares) pursuant to this Article II. A letter of transmittal will be deemed properly completed only if accompanied by certificates representing all shares of Hampshire Bank Common Stock to be converted thereby.

(b) As soon as practicable, after surrender to the Exchange Agent of the certificates of Hampshire Bank Common Stock in accordance with the instructions of the letter of transmittal, the Exchange Agent shall distribute to the former holders of shares of Hampshire Bank Common Stock a certificate representing the number of shares of NBT Common Stock, and a check for cash payable in the Merger (including cash in lieu of fractional shares, if any), that such holder is entitled to receive pursuant to this Agreement. In no event shall the holder of any such surrendered certificates be entitled to receive interest on any stock or cash to be received in the Merger. If any certificate surrendered for exchange is to be issued in a name other than that in which the surrendered certificate is issued, the certificate so surrendered shall be properly endorsed and otherwise in proper form for transfer and the Person requesting such exchange shall affix any required stock transfer tax stamps to the certificate or provide funds for their purchase or establish to the satisfaction of the Exchange Agent that such taxes are not payable.

(c) At and after the Effective Time, each certificate of Hampshire Bank Common Stock (except as set forth in Section 2.10 with respect to Dissenting Shares) shall represent only the right to receive the Merger Consideration. No dividends or other distributions declared after the Effective Time with respect to NBT Common Stock shall be paid to the holder of any unsurrendered certificate formerly representing shares of Hampshire Bank Common Stock until such holder shall surrender such certificate in accordance with this Section. After the surrender of a certificate in accordance with this Section 2.5, the record holder thereof shall be entitled to receive any such dividends or other distributions, without any interest thereon, which theretofore have become payable with respect to shares of NBT Common Stock.

(d) At the Effective Time, the stock transfer books of Hampshire Bank shall be closed and no transfer of Hampshire Bank Common Stock shall thereafter be made or recognized. If, after the Effective Time, certificates representing such shares are presented for transfer, they shall be cancelled and exchanged for the Merger Consideration as provided in this Section 2.5. NBT and the Exchange Agent shall be entitled to rely upon Hampshire Bank's stock transfer books to establish the identity of those Persons entitled to receive the Merger Consideration, which books shall be conclusive with respect thereto. In the event of a dispute with respect to ownership of stock represented by any certificate for shares of Hampshire Bank Common Stock, NBT and the Exchange Agent shall be entitled to deposit any Merger

Consideration represented thereby in escrow with an independent third party and thereafter be relieved with respect to any claims thereto.

(e) In the event any certificate shall have been lost, stolen, destroyed or mutilated, upon the making of an affidavit of that fact by the Person claiming such certificate to be lost, stolen, destroyed or mutilated and, if required by NBT, the making of an indemnity agreement in a form reasonably requested by NBT and/or the posting by such Person of a bond in such amount as NBT may reasonably direct as indemnity against any claim that may be made against it with respect to such certificate, the Exchange Agent will issue in exchange for such lost, stolen, destroyed or mutilated certificate the Merger Consideration deliverable in respect thereof pursuant to this Agreement.

(f) Neither NBT nor Hampshire Bank shall be liable to any holder of shares of Hampshire Bank Common Stock for any Merger Consideration delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law. After the first anniversary of the Effective Time, NBT shall be entitled to instruct the Exchange Agent to release to NBT all of the shares of NBT Common Stock and cash then remaining undistributed to former shareholders of Hampshire Bank. Thereafter and until such time as any remaining undistributed shares of NBT Common Stock and cash are delivered to a public official pursuant to any applicable property, escheat or similar Law, NBT shall deliver certificates representing an appropriate number of shares of NBT Common Stock and/or a check for cash payable in the Merger (including cash in lieu of fractional shares), if any, to such former shareholders of Hampshire Bank who present either to the Exchange Agent or NBT: (i) certificates representing Hampshire Bank Common Stock; (ii) the accompanying letter of transmittal; and (iii) other related documents.

Such shareholders instead shall be entitled to receive payment of the fair value of such shares held by them in accordance with the provisions of the NHRS, except that all Dissenters' Shares held by shareholders who shall have failed to perfect or who effectively shall have withdrawn or otherwise lost their rights as dissenting shareholders under the NHRS shall thereupon be deemed to have been converted into and to have become exchangeable, as of the Effective Time, for the right to receive, without any interest thereon, the Merger Consideration upon surrender in the manner provided in Section 2.5 of the certificate(s) that, immediately prior to the Effective Time, evidenced such shares.

(b) Hampshire Bank shall give NBT: (i) prompt notice of any written demands for payment of the fair value of any shares of Hampshire Bank Common Stock, attempted withdrawals of such demands and any other instruments served pursuant to the NHRS and received by Hampshire Bank relating to shareholders' dissenters' rights; and (ii) the opportunity to participate in all negotiations and proceedings with respect to demands under the NHRS consistent with the obligations of Hampshire Bank thereunder. (b) Any Indemnified Party wishing to claim indemnification under this Section 5.8, upon learning of any such claim, action, suit, proceeding or investigation, shall promptly notify NBT thereof, but the failure to so notify shall not relieve NBT of any liability it may have hereunder to such Indemnified Party if such failure does not materially and substantially prejudice NBT. NBT shall use its reasonable best efforts to maintain Hampshire Bank's existing directors' and officers' liability insurance policy or provide a policy providing comparable coverage and amounts to the Persons currently covered by Hampshire Bank's existing policy for a period of 6 years after the Effective Time; provided, however, that in no event shall NBT be obligated to expend, in order to maintain or provide such insurance coverage an amount in the aggregate in excess of 150% of the amount of the annual premiums paid by Hampshire Bank as of the date hereof for such insurance ("Maximum Insurance Amount"); provided further, that if the amount of the premiums necessary to maintain or procure such insurance coverage exceeds the Maximum Insurance Amount, NBT shall obtain the most advantageous coverage obtainable for a premium equal to the Maximum Insurance Amount.

(b) Hampshire Bank shall notify NBT and NBT Bank promptly (but in no event later than 24 hours) after receipt of any Acquisition Proposal, or any material modification of or material amendment to any Acquisition Proposal, or any request for nonpublic information relating to Hampshire Bank or for access to the properties, books, or records of Hampshire Bank by any Person that informs the Hampshire Bank board of directors or a member of senior management of Hampshire Bank that it is considering making, or has made, an Acquisition Proposal. Such notice to NBT and NBT Bank shall be made orally and in writing, and shall indicate the identity of the Person making the Acquisition Proposal or intending to make or considering making an Acquisition Proposal or requesting non-public information or access to the books and records of Hampshire Bank, and the material terms of any such Acquisition Proposal and any modification or amendment to such Acquisition Proposal. 6.3. Termination Fee.

- (a) If NBT/NBT Bank terminates this Agreement (i) under Section 6.1(b) due to an, uncured material breach by Hampshire Bank following an Acquisition Proposal with respect to Hampshire Bank having been publicly announced or otherwise communicated or made

known to Hampshire Bank's board of directors; or (ii) under Section 6.1(e), or if Hampshire Bank terminates this Agreement under Section 6.1(f), by reason of Hampshire Bank having agreed to enter into a Superior Competing Proposal within thirty-five (35) days of the date of this Agreement, Hampshire Bank shall pay NBT a termination fee in an amount equal to \$1,050,000 (approximately 2.5% of the Merger Consideration computed as of the date of this Agreement), plus reimbursement for out of pocket expenses, including, without limitation, the professional fees and expenses of legal counsel and accountants, actually incurred by NBT, NBT Bank and their Subsidiaries in connection with this Agreement and the Transactions, such costs and expenses not to exceed \$250,000.

A-37

---

(b) If NBT/NBT Bank terminates this Agreement under Section 6.1(f), by reason of Hampshire Bank having agreed to enter into a Superior Competing Proposal after the thirty-fifth (35) day following the date of this Agreement, Hampshire Bank shall pay NBT a termination fee in an amount equal to \$2,100,000 (approximately 5.0% of the Merger Consideration computed as of the date of this Agreement).

(c) The right to receive payment of a termination fee under Sections 6.3(a) or (b) will constitute the sole and exclusive remedy of NBT, NBT Bank and any of their Subsidiaries against Hampshire Bank and its Subsidiaries and their respective officers and directors with respect to a termination under Sections 6.1(b), (e) or (f) under circumstances resulting in the payment of a termination fee. Under no circumstances shall NBT/NBT Bank be entitled to receive termination fees under both Section 6.3(a) and 6.3(b).

(d) Amounts payable under this Section 6.3, shall be paid without setoff, by wire transfer of immediately available funds, to an account specified by NBT, not later than three (3) business days following the termination. Hampshire Bank acknowledges that the expense payment and termination fee contained in this Section 6.3 is an integral part of the Transactions and that, without these provisions, NBT and NBT Bank would not enter into this Agreement.

(e) The parties agree that the termination fee and expense payment provisions of Sections 6.3(a),(b) and (c) are fair and reasonable in the circumstances. If a court of competent jurisdiction shall nonetheless, by a final, non-appealable judgment, determine that the amount of any such termination fee exceeds the maximum amount permitted by Law, then the amount of such termination fee shall be reduced to the maximum amount permitted by Law in the circumstances, as determined by such court of competent jurisdiction.

As to immediate family members, the Hampshire Bank Directors will use their best efforts to cause the shares to be present and voted in accordance with (i) and (ii) above.

(b) The Hampshire Bank Directors will not make any public statements with respect to the Merger contrary to or inconsistent with the statements made by Hampshire Bank in support of the Merger or the Hampshire Bank Board of Directors recommendation to its shareholders to vote in favor of the Merger

2. No Disposition of Stock

The Hampshire Bank Directors shall not, prior to the meeting at which Hampshire Bank shareholders vote on the Merger Agreement (as such meeting may be adjourned), sell, transfer, gift, assign, encumber, create any third party rights in, or otherwise dispose of any of Hampshire Bank Common Stock except for: (i) transfers by will or operation of Law, in which case this Agreement shall bind the transferee, (ii) transfers to charities, charitable trusts, or other charitable organizations under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, (iii) transfers pursuant to any pledge agreement existing as of the date of this Voting and Non-Competition Agreement, and (iv) transfers for estate and tax planning purposes, including transfers to lineal descendants or a spouse, or to a trust or other entity for the benefit of one or more of the foregoing persons; provided that in each case the transferee agrees in writing to be bound by the terms of this Voting and Non-Competition Agreement.

The Board of Directors  
Hampshire First Bank  
80 Canal Street  
Manchester, NH 03101

Members of the Board:

You have requested our opinion as investment bankers as to the fairness, from a financial point of view, to the stockholders of Hampshire First Bank (“HFBN”) of the Merger Consideration (as defined below), in the proposed merger (the “Merger”) of HFBN with and into NBT Bank, a national bank and wholly-owned subsidiary of NBT Bancorp, Inc. (“NBT”), pursuant to the Agreement and Plan of Merger, dated as of November 15, 2011, by and between HFBN, NBT and NBT Bank (the “Agreement”). Pursuant to the terms of the Agreement, each outstanding share of common stock, par value \$1.00 per share, of HFBN (the “Common Shares”) not owned by HFBN or NBT or by any of their respective wholly-owned subsidiaries, other than shares owned in a fiduciary capacity or as a result of debts previously contracted, will be cancelled and retired and converted into the right to receive 0.7019 shares of common stock, par value \$0.01 per share, of NBT or cash in the amount of \$15.00 (the “Merger Consideration”). The terms and conditions of the Merger Consideration are more fully described in the Agreement.

Keefe, Bruyette & Woods, Inc, has acted as financial advisor to HFBN. As part of our investment banking business, we are continually engaged in the valuation of bank and bank holding company securities in connection with acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for various other purposes. As specialists in the securities of banking companies, we have experience in, and knowledge of, the valuation of banking enterprises. In the ordinary course of our business as a broker-dealer, we may, from time to time purchase securities from, and sell securities to, HFBN and NBT, and as a market maker in securities, we may from time to time have a long or short position in, and buy or sell, debt or equity securities of HFBN and NBT for our own account and for the accounts of our customers. To the extent we have any such position as of the date of this opinion it has been disclosed to HFBN. We have in the past, and may in the future, provide investment banking and financial advisory services to NBT and receive compensation for such services. We have acted exclusively for the Board of Directors of HFBN in rendering this fairness opinion and will receive a fee from HFBN for our services. A portion of our fee is contingent upon the successful completion of the Merger.

In connection with this opinion, we have reviewed, analyzed and relied upon material bearing upon the financial and operating condition of HFBN and NBT and the Merger, including among other things, the following: (i) the Agreement; (ii) the Annual Reports to Stockholders for the three years ended December 31, 2010 of HFBN and the Annual Reports to Stockholders and Annual Reports on Form 10-K for the three years ended December 31, 2010 of NBT; (iii) certain interim reports to stockholders of HFBN and certain interim reports to stockholders and Quarterly Reports on Form 10-Q of NBT and certain other communications from HFBN and NBT to their respective stockholders; and (iv) other financial information concerning the businesses and operations of HFBN and NBT furnished to us by HFBN and NBT for purposes of our analysis. We have also held discussions with senior management of HFBN and NBT regarding the past and current business operations, regulatory relations, financial condition and future prospects of their respective companies and such other matters as we have deemed relevant to our inquiry. In addition, we have compared certain financial and stock market information for HFBN and NBT with similar information for certain other companies the securities of which are publicly traded, reviewed the financial terms of certain recent business combinations in the banking industry and performed such other studies and analyses as we considered appropriate.

In conducting our review and arriving at our opinion, we have relied upon the accuracy and completeness of all of the financial and other information provided to us or publicly available and we have not independently verified the accuracy or completeness of any such information or assumed any responsibility for such verification or accuracy. We have relied upon the management of HFBN and NBT as to the reasonableness and achievability of the financial and operating forecasts and projections (and the assumptions and bases therefore) provided to us, and we have assumed that such forecasts and projections reflect the best currently available estimates and judgments of such managements and that such forecasts and projections will be realized in the amounts and in the time periods currently estimated by such managements. We are not experts in the independent verification of the adequacy of allowances for loan and lease losses and we have assumed, with your consent, that the aggregate allowances for loan and lease losses for HFBN and NBT are adequate to cover such losses. In rendering our opinion, we have not made or obtained any evaluations or appraisals of the property, assets or liabilities of HFBN or NBT, nor have we examined any individual credit files.

B-1

---

We have assumed that, in all respects material to our analyses, the following: (i) the Merger will be completed substantially in accordance with the terms set forth in the Agreement with no additional payments or adjustments to the Merger Consideration; (ii) the representations and warranties of each party in the Agreement and in all related documents and instruments referred to in the Agreement are true and correct; (iii) each party to the Agreement and all related documents will perform all of the covenants and agreements required to be performed by such party under such documents; (iv) all conditions to the completion of the Merger will be satisfied without any waivers or modifications to the Agreement; and (v) in the course of obtaining the necessary regulatory, contractual, or other consents or approvals for the Merger, no restrictions, including any divestiture requirements, termination or other payments or amendments or modifications, will be imposed that will have a material adverse effect on the future results of operations or financial condition of the combined entity or the contemplated benefits of the Merger, including the cost savings, revenue enhancements and related expenses expected to result from the Merger.

We have considered such financial and other factors as we have deemed appropriate under the circumstances, including, among others, the following: (i) the historical and current financial position and results of operations of HFBN and NBT; (ii) the assets and liabilities of HFBN and NBT; and (iii) the nature and terms of certain other merger transactions involving banks and bank holding companies. We have also taken into account our assessment of general economic, market and financial conditions and our experience in other transactions, as well as our experience in securities valuation and knowledge of the banking industry generally. Our opinion is necessarily based upon conditions as they exist and can be evaluated on the date hereof and the information made available to us through the date hereof. Our opinion does not address the underlying business decision of HFBN to engage in the Merger, or the relative merits of the Merger as compared to any strategic alternatives that may be available to the HFBN.

This opinion addresses only the fairness, from a financial point of view, as of the date hereof, to the holders of the Common Shares of the Merger Consideration in the Merger. We express no view or opinion as to any terms or other aspects of the Merger.

Further, we are not expressing any opinion about the fairness of the amount or nature of the compensation to any of the HFBN's officers, directors or employees, or any class of such persons, relative to the compensation to the public shareholders of HFBN in connection with the Merger.

In addition, this opinion does not in any manner address the prices at which the NBT common stock will trade following the consummation of the Merger and we express no view or opinion as to how the stockholders of HFBN should vote at the stockholders meeting to be held in connection with the Merger.

This opinion has been reviewed and approved by our Fairness Opinion Committee in conformity with our policies and procedures established under the requirements of Rule 2290 of the Financial Industry Regulatory Authority.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration in the Merger is fair, from a financial point of view, to holders of the Common Shares.

Very truly yours,

Keefe, Bruyette & Woods,  
Inc

Chapter 293-A  
NEW HAMPSHIRE BUSINESS CORPORATION ACT

DISSENTERS' RIGHTS

A. RIGHT TO DISSENT AND OBTAIN PAYMENT FOR SHARES

293-A:13.01 DEFINITIONS. -- In this subdivision:

(1) "Corporation" means the issuer of the shares held by a dissenter before the corporate action, or the surviving or acquiring corporation by merger or share exchange of that issuer.

(2) "Dissenter" means a shareholder who is entitled to dissent from corporate action under RSA 293-A:13.02 and who exercises that right when and in the manner required by RSA 293-A:13.20 through 293-A:13.28.

(3) "Fair value," with respect to a dissenter's shares, means the value of the shares immediately before the effectuation of the corporate action to which the dissenter objects, excluding any appreciation or depreciation in anticipation of the corporate action, unless exclusion would be inequitable.

(4) "Interest" means interest from the effective date of the corporate action until the date of payment, at the average rate currently paid by the corporation on its principal bank loans or, if none, at a rate that is fair and equitable under all the circumstances.

(5) "Record shareholder" means the person in whose name shares are registered in the records of a corporation or the beneficial owner of shares to the extent of the rights granted by a nominee certificate on file with a corporation.

(6) "Beneficial shareholder" means the person who is a beneficial owner of shares held in a voting trust or by a nominee as the record shareholder.

(7) "Shareholder" means the record shareholder or the beneficial shareholder.

293-A:13.02 RIGHT TO DISSENT. -- (a) A shareholder is entitled to dissent from, and obtain payment of the fair value of his shares in the event of, any of the following corporate actions:

(1) Consummation of a plan of merger to which the corporation is a party:

(i) If shareholder approval is required for the merger by RSA 293-A:11.03 or the articles of incorporation and the shareholder is entitled to vote on the merger; or

(ii) If the corporation is a subsidiary that is merged with its parent under RSA 293-A:11.04.

(2) Consummation of a plan of share exchange to which the corporation is a party as the corporation whose shares will be acquired, if the shareholder is entitled to vote on the plan.

(3) Consummation of a sale or exchange of all, or substantially all, of the property of the corporation other than in the usual and regular course of business, if the shareholder is entitled to vote on the sale or exchange, including a sale in dissolution, but not including a sale pursuant to court order or a sale for cash pursuant to a plan by which all or substantially all of the net proceeds of the sale will be distributed to the shareholders within one year after

the date of sale.

(4) An amendment of the articles of incorporation that materially and adversely affects rights in respect of a dissenter's shares because it:

(i) Alters or abolishes a preferential right of the shares.

C-1

---

(ii) Creates, alters, or abolishes a right in respect of redemption, including a provision respecting a sinking fund for the redemption or repurchase, of the shares.

(iii) Alters or abolishes a preemptive right of the holder of the shares to acquire shares or other securities.

(iv) Excludes or limits the right of the shares to vote on any matter, or to cumulate votes, other than a limitation by dilution through issuance of shares or other securities with similar voting rights.

(v) Reduces the number of shares owned by the shareholder to a fraction of a share if the fractional share so created is to be acquired for cash under RSA 293-A:6.04.

(5) Any corporate action taken pursuant to a shareholder vote to the extent the articles of incorporation, bylaws, or a resolution of the board of directors provides that voting or nonvoting shareholders are entitled to dissent and obtain payment for their shares.

(6) Consummation of a plan of conversion to which the corporation is a party converting to another entity.

(b) A shareholder entitled to dissent and obtain payment for his shares under this subdivision shall not challenge the corporate action creating his entitlement, unless the action is unlawful or fraudulent with respect to the shareholder or the corporation.

293-A:13.03 DISSENT BY NOMINEES AND BENEFICIAL OWNERS. -- (a) A record shareholder may assert dissenters' rights as to fewer than all the shares registered in his name only if he dissents with respect to all shares beneficially owned by any one person and notifies the corporation in writing of the name and address of each person on whose behalf he asserts dissenters' rights. The rights of a partial dissenter under this subsection are determined as if the shares as to which he dissents and his other shares were registered in the names of different shareholders.

(b) A beneficial shareholder may assert dissenters' rights as to shares held on his behalf only if:

(1) He submits to the corporation the record shareholder's written consent to the dissent not later than the time the beneficial shareholder asserts dissenters' rights; and

(2) He does so with respect to all shares of which he is the beneficial shareholder or over which he has power to direct the vote.

#### B. PROCEDURE FOR EXERCISE OF DISSENTERS' RIGHTS

293-A:13.20 NOTICE OF DISSENTERS' RIGHTS. -- (a) If proposed corporate action creating dissenters' rights under RSA 293-A:13.02 is submitted to a vote at a shareholders' meeting, the meeting notice shall state that shareholders are or may be entitled to assert dissenters' rights under this subdivision and be accompanied by a copy of this subdivision.

(b) If corporate action creating dissenters' rights under RSA 293-A:13.02 is taken without a vote of shareholders or by consent pursuant to RSA 293-A:7.04, the corporation shall notify in writing all shareholders entitled to assert dissenters' rights that the action was taken and send them the dissenters' notice described in RSA 293-A:13.22.

293-A:13.21 NOTICE OF INTENT TO DEMAND PAYMENT. -- (a) If proposed corporate action creating dissenters' rights under RSA 293-A:13.02 is submitted to a vote at a shareholders' meeting, a shareholder who wishes to assert dissenters' rights:

C-2

---

(b) A shareholder who does not satisfy the requirements of subsection (a) is not entitled to payment for his shares under this subdivision.

293-A:13.22 DISSENTERS' NOTICE. -- (a) If proposed corporate action creating dissenters' rights under RSA 293-A:13.02 is authorized at a shareholders' meeting, the corporation shall deliver a written dissenters' notice to all shareholders who satisfied the requirements of RSA 293-A:13.21.

(b) The dissenters' notice shall be sent no later than 10 days after corporate action was taken, and shall:

(1) State where the payment demand shall be sent and where and when certificates for certificated shares shall be deposited.

(2) Inform holders of uncertificated shares to what extent transfer of the shares will be restricted after the payment demand is received.

(3) Supply a form for demanding payment that includes the date of the first announcement to news media or to shareholders of the terms of the proposed corporate action and requires that the person asserting dissenters' rights certify whether or not the acquired beneficial ownership of the shares before that date.

(4) Set a date by which the corporation shall receive the payment demand, which date shall not be fewer than 30 nor more than 60 days after the date the notice is delivered.

(5) Be accompanied by a copy of this subdivision.

293-A:13.23 DUTY TO DEMAND PAYMENT. -- (a) A shareholder sent a dissenters' notice described in RSA 293-A:13.22 shall demand payment, certify whether he acquired beneficial ownership of the shares before the date required to be set forth, in the dissenter's notice pursuant to RSA 293-A:13.22(b)(3), and deposit his certificates in accordance with the terms of the notice.

(b) The shareholder who demands payment and deposits his share certificates under subsection (a) retains all other rights of a shareholder until these rights are cancelled or modified by the taking of the proposed corporate action.

(c) A shareholder who does not demand payment or deposit his share certificates where required, each by the date set in the dissenters' notice, is not entitled to payment for his shares under this subdivision.

293-A:13.24 SHARE RESTRICTIONS. -- (a) The corporation may restrict the transfer of uncertificated shares from the date the demand for their payment is received until the proposed corporate action is taken or the restrictions released under RSA 293-A:13.26.

(b) The person for whom dissenters' rights are asserted as to uncertificated shares retains all other rights of a shareholder until these rights are cancelled or modified by the taking of the proposed corporate action.

293-A:13.25 PAYMENT. -- (a) Except as provided in RSA 293-A:13.27, as soon as the proposed corporate action is taken, or upon receipt of a payment demand, the corporation shall pay each dissenter who complied with RSA 293-A:13.23 the amount the corporation estimates to be the fair value of his shares, plus accrued interest.

(b) The payment shall be accompanied by:

(1) The corporation's balance sheet as of the end of a fiscal year ending not more than 16 months before the date of payment, an income statement for that year, a statement of changes in shareholders' equity for that year, and the latest available interim financial

statements, if any;

(2) A statement of the corporation's estimate of the fair value of the shares;

(3) An explanation of how the interest was calculated;

C-3

---

(4) A statement of the dissenter's right to demand payment under RSA 293-A:13.28; and

(5) A copy of this subdivision.

293-A:13.26 FAILURE TO TAKE ACTION. -- (a) If the corporation does not take the proposed action within 60 days after the date set for demanding payment and depositing share certificates, the corporation shall return the deposited certificates and release the transfer restrictions imposed on uncertificated shares.

(b) If after returning deposited certificates and releasing transfer restrictions, the corporation takes the proposed action, it shall send a new dissenters' notice under RSA 293-A:13.22 and repeat the payment demand procedure.

293-A:13.27 AFTER-ACQUIRED SHARES. -- (a) A corporation may elect to withhold payment required by RSA 293-A:13.25 from a dissenter, unless he was the beneficial owner of the shares before the date set forth in the dissenters' notice as the date of the first announcement to news media or to shareholders of the terms of the proposed corporate action.

(b) To the extent the corporation elects to withhold payment under subsection (a), after taking the proposed corporate action, it shall estimate the fair value of the shares, plus accrued interest, and shall pay this amount to each dissenter who agrees to accept it in full satisfaction of his demand. The corporation shall send with its offer a statement of its estimate of the fair value of the shares, an explanation of how the interest was calculated, and a statement of the dissenter's right to demand payment under RSA 293-A:13.28.

293-A:13.28 PROCEDURE IF SHAREHOLDER DISSATISFIED WITH PAYMENT OR

OFFER. -- (a) A dissenter may notify the corporation in writing of his own estimate of the fair value of his shares and amount of interest due, and demand payment of his estimate, less any payment under RSA 293-A:13.25, or reject the corporation's offer under RSA 293-A:13.27 and demand payment of the fair value of his shares and interest due, if:

(1) The dissenter believes that the amount paid under RSA 293-A:13.25 or offered under RSA 293-A:13.27 is less than the fair value of his shares or that the interest due is incorrectly calculated;

(2) The corporation fails to make payment under RSA 293-A:13.25 within 60 days after the date set for demanding payment; or

(3) The corporation, having failed to take the proposed action, does not return the deposited certificates or release the transfer restrictions imposed on uncertificated shares within 60 days after the date set for demanding payment.

(b) A dissenter waives his right to demand payment under this section unless he notifies the corporation of his demand in writing under subsection (a) within 30 days after the corporation made or offered payment for his shares.

#### C. JUDICIAL APPRAISAL OF SHARES

293-A:13.30 COURT ACTION. -- (a) If a demand for payment under RSA 293-A:13.28 remains unsettled, the corporation shall commence a proceeding within 60 days after receiving the payment demand and petition the court to determine the fair value of the shares and accrued interest. If the corporation does not commence the proceeding within the 60-day period, it shall pay each dissenter whose demand remains unsettled the amount demanded.

(b) The corporation shall commence the proceeding in the superior court of the county where a corporation's principal office, or, if none in this state, its registered office, is located.

If the corporation is a foreign corporation without a registered office in this state, it shall commence the proceeding in the county in this state where the registered office of the domestic corporation merged with or whose shares were acquired by the foreign corporation was located.

(c) The corporation shall make all dissenters, whether or not residents of this state, whose demands remain unsettled parties to the proceeding as in an action against their shares and all parties shall be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law.

C-4

---

(d) The jurisdiction of the court in which the proceeding is commenced under subsection (b) is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend decisions on the question of their value. The appraisers have the powers described in the order appointing them, or in any amendment to it. The dissenters are entitled to the same discovery rights as parties in other civil proceedings.

(e) Each dissenter made a party to the proceeding is entitled to judgment:

(1) For the amount, if any, by which the court funds the fair value of his shares, plus interest, exceeds the amount paid by the corporation; or,

(2) For the fair value, plus accrued interest, of his after-acquired shares for which the corporation elected to withhold payment under RSA 293-A:13.27.

293-A:13.31 COURT COSTS AND COUNSEL FEES. -- (a) The court in an appraisal proceeding commenced under RSA 293-A:13.30 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the costs against the corporation, except that the court may assess costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds the dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment under RSA 293-A:13.28.

(b) The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable:

(1) Against the corporation and in favor of any or all dissenters if the court finds the corporation did not substantially comply with the requirements of RSA 293-A:13.20 through RSA 293-A:13.28.

(2) Against either the corporation or a dissenter, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this subdivision.

(c) If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to these counsel reasonable fees to be paid out of the amounts awarded the dissenters who were benefited.

Information Not Required in Prospectus

Item 20. Indemnification of Directors and Officers

Reference is made to the provisions of Article 12 of NBT's restated certificate of incorporation, and the provisions of Article VI of NBT's bylaws, as amended.

NBT Bancorp is a Delaware corporation subject to the applicable indemnification provisions of the DGCL. Section 145 of the DCGL provides for the indemnification, under certain circumstances, of persons who are or were directors, officers, employees or agents of NBT Bancorp, or are or were serving at the request of NBT Bancorp in such a capacity with another business organization or entity, against expenses, judgments, fines and amounts paid in settlement in actions, suits or proceedings, whether civil, criminal, administrative, or investigative, brought or threatened against or involving such persons because of such person's service in any such capacity. In the case of actions brought by or in the right of NBT Bancorp, Section 145 provides for indemnification only of expenses, and only upon a determination by the Court of Chancery or the court in which such action or suit was brought that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses.

NBT Bancorp's bylaws provide for indemnification of directors, officers, trustees, employees and agents of NBT Bancorp, and for those serving in such roles with other business organizations or entities, in the event that such person was or is made a party to (or is threatened to be made a party to) any civil, criminal, administrative or investigative action, suit, or proceeding (other than an action by or in the right of NBT Bancorp) by reason of the fact that such person is or was serving in such a capacity for or on behalf of NBT Bancorp. NBT Bancorp will indemnify any such person against expenses (including attorneys' fees), judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of NBT Bancorp, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Similarly, NBT Bancorp shall indemnify such persons for expenses reasonably incurred in actions, suits, or proceedings brought by or in the right of NBT Bancorp, if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of NBT Bancorp. In addition, NBT Bancorp may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of NBT Bancorp or is acting in such capacity for another business organization or entity at NBT Bancorp's request, against any liability asserted against such person and incurred in such capacity, or arising out of such person's status as such, whether or not NBT Bancorp would have the power or obligation to indemnify him against such liability under NBT Bancorp's bylaws.

Article 12 of NBT Bancorp's certificate of incorporation provides that no director will be personally liable to NBT Bancorp or its shareholders for monetary damages for breach of a fiduciary duty as a director other than liability for any breach of such director's duty of loyalty to NBT Bancorp or its shareholders, for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, for any payment of a dividend or approval of a stock repurchase that is illegal under Section 174 of the DGCL, or for any transaction from which the director derived an improper personal benefit.

The foregoing indemnity and insurance provisions have the effect of reducing directors' and officers' exposure to personal liability for actions taken in connection with their respective positions.

In addition, as permitted under Delaware law, the Registrant maintains liability insurance covering directors and officers of the Registrant and its subsidiaries.

Item 22. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Exchange Act; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

(2) insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the small business issuer pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(3) to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(4) to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of, and included in the registration statement when it became effective.
