Item 7.01 Regulation FD Disclosure

As previously disclosed, on April 13, 2016, Peabody Energy Corporation, a Delaware corporation (Peabody Energy or the Company), and a majority of the Company's wholly owned domestic subsidiaries, as well as one international subsidiary in Gibraltar (collectively with the Company, the Debtors), filed voluntary petitions under Chapter 11 of Title 11 of the U.S. Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Eastern District of Missouri (the Bankruptcy Court). The Debtors' Chapter 11 cases (collectively, the Chapter 11 Cases) are being jointly administered under the caption In re Peabody Energy Corporation, et al., Case No. 16-42529.

Also as previously disclosed, on December 22, 2016, the Debtors filed with the Bankruptcy Court a Joint Plan of Reorganization under Chapter 11 of the Bankruptcy Code and a related Disclosure Statement. On January 25, 2017, the Debtors filed with the Bankruptcy Court the First Amended Joint Plan of Reorganization and the First Amended Disclosure Statement. On January 27, 2017, the Debtors filed with the Bankruptcy Court the Second Amended Joint Plan of Reorganization (as amended, the Plan) and the Second Amended Disclosure Statement (as amended, the Disclosure Statement) to address certain modifications resulting from a hearing before the Bankruptcy Court on January 26, 2017. Thereafter, on January 27, 2017, the Bankruptcy Court issued an order approving the Disclosure Statement. Also on January 27, 2017, the Bankruptcy Court issued an order approving the exit facility commitment letter, dated as of January 11, 2017, from Goldman Sachs Bank USA, JPMorgan Chase Bank, N.A., Credit Suisse AG, Credit Suisse Securities (USA) LLC, Macquarie Capital Funding LLC and Macquarie Capital (USA) Inc. (the Exit Facility Commitment Letter). The Exit Facility Commitment Letter was filed with the Bankruptcy Court on January 11, 2017 and previously disclosed on the Company's Form 8-K filed with the SEC on January 12, 2017.

Beginning on January 30, 2017, members of the Company's management will make presentations to potential lenders in connection with the Company's previously announced proposed senior secured term loan financing transaction. The lender presentation slides are furnished as Exhibit 99.1 to this Current Report on Form 8-K and are incorporated by reference herein.

The information set forth in and incorporated into this Item 7.01 of this Current Report on Form 8-K is being furnished pursuant to Item 7.01 of Form 8-K and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference into any of Peabody Energy's filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and regardless of any general incorporation language in such filings, except to the extent expressly set forth by specific reference in such a filing. The filing of this Item 7.01 of this Current Report on Form 8-K shall not be deemed an admission as to the materiality of any information herein that is required to be disclosed solely by reason of Regulation FD.

Cautionary Note Regarding Forward-Looking Statements

This Current Report contains forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. These forward-looking statements include statements that relate to the intent, beliefs, plans or expectations of Peabody Energy or its management at the time of this Current Report, as well as any estimates or projections for the outcome of events that have not yet occurred at the time of this Current Report. All statements other than statements of historical fact are forward-looking statements. Forward-looking statements include expressions such as believe, anticipate, expect, estimate, intend, may, plan, predict, will and similar expressions. All forward-looking statements made by Peabody Energy are predictions and not guarantees of future performance and are subject to various risks, uncertainties and factors relating to Peabody Energy's operations and business environment, and the progress of its Chapter 11 Cases, all of which are difficult to predict and many of which are beyond Peabody Energy's control. These risks, uncertainties and factors could cause Peabody Energy's actual results to differ materially from those matters expressed in or implied by these forward-looking statements. Such factors include, but are not limited to: those described under the Risk Factors section and

elsewhere in Peabody Energy's most recently filed Annual Report on Form 10-K and subsequent filings with the SEC, including its Quarterly Reports on Form 10-Q for the quarters ended March 31, 2016 and June 30, 2016, which are available on Peabody Energy's website at www.peabodyenergy.com and on the SEC's website at www.sec.gov, such as unfavorable economic, financial and business conditions, as well as risks and uncertainties relating to the Chapter 11 Cases, including, but not limited to:

Peabody Energy's ability to confirm and consummate the Plan;

Peabody Energy's ability to obtain Bankruptcy Court approval with respect to motions or other requests made to the Bankruptcy Court in the Chapter 11 Cases, including maintaining strategic control as debtor-in-possession;

the effects of the Chapter 11 Cases on Peabody Energy's operations, including customer, supplier, banking, insurance and other relationships and agreements, and relationships with third parties, regulatory authorities and employees;

Bankruptcy Court rulings in the Chapter 11 Cases, as well as the outcome of all other pending litigation and the outcome of the Chapter 11 Cases in general;

the length of time that Peabody Energy will operate under Chapter 11 protection and the continued availability of operating capital during the pendency of the proceedings;

the risks associated with third-party motions in the Chapter 11 Cases, which may interfere with Peabody Energy's ability to confirm and consummate the Plan and restructuring generally;

increased advisory costs to execute the Plan and increased administrative and legal costs related to the Chapter 11 Cases and other litigation and the inherent risks involved in a bankruptcy process;

the impact of the New York Stock Exchange's delisting of Peabody Energy's common stock on the liquidity and market price of Peabody Energy's common stock and on Peabody Energy's ability to access the public capital markets;

the likelihood that Peabody Energy's common stock will be cancelled and extinguished upon confirmation of the proposed Plan with no payments made to the holders of Peabody Energy's common stock;

the volatility of the trading price of Peabody Energy's common stock and the absence of correlation between any increases in the trading price and its expectation that the common stock will be cancelled and extinguished upon confirmation of the proposed Plan with no payments made to the holders of Peabody

Energy's common stock;

Peabody Energy's ability to continue as a going concern in the long-term, including Peabody Energy's ability to confirm the Plan that restructures Peabody Energy's debt obligations to address Peabody Energy's liquidity issues and allow emergence from the Chapter 11 Cases;

Peabody Energy's ability to maintain adequate debtor-in-possession financing or use cash collateral;

the potential adverse effects of the Chapter 11 Cases on Peabody Energy's liquidity, results of operations, or business prospects;

the cost, availability and access to capital and financial markets, including the ability to secure new financing upon and after emerging from the Chapter 11 Cases;

the risk that the Chapter 11 Cases will disrupt or impede Peabody Energy's international operations, including the Australian operations;

and other risks and uncertainties. Forward-looking statements made by Peabody Energy in this Current Report, or elsewhere, speak only as of the date on which the statements were made. New risks and uncertainties arise from time to time, and it is not possible for Peabody Energy to predict all of these events or how they may affect it or its anticipated results. Peabody Energy does not undertake any obligation to publicly update any forward-looking statements except as may be required by law. In light of these risks and uncertainties, readers should keep in mind that the events referenced by any forward-looking statements made in this Current Report may not occur and should not place undue reliance on any forward-looking statements.

The Plan provides that Peabody Energy equity securities will be canceled and extinguished upon confirmation of the Plan by the Bankruptcy Court, and that the holders thereof would not be entitled to receive, and would not receive or retain, any property or interest in property on account of such equity interests. The Plan also sets forth the proposed recoveries for Peabody Energy's other securities. Trading prices for Peabody Energy's equity or other securities may bear little or no relationship during the pendency of the Chapter 11 Cases to the actual recovery, if any, by the holders thereof at the conclusion of the Chapter 11 Cases. In the event of cancellation of Peabody Energy equity securities, as contemplated by the Plan, amounts invested by the holders of such securities would not be recoverable and such securities would have no value. Accordingly, Peabody Energy urges caution with respect to existing and future investments in its equity or other securities.
