and on August 30, 2016 an Extraordinary General Meeting of **Cemig** enabled postponement of the date of exercise of the Put Option from its original date (the last business day of the sixtieth month following the date of subscription of the shares in **Parati**) until November 30, 2017, (the last business day of the seventy seventh month); having reference also to a decision of the Board of Directors of May 30, 2016;

b) on August 28, 2016 **Cemig** sent correspondence to the banks holding the Put Option (**the Banks**), namely Banco Santander (Brasil) S.A. (**Santander**),

BV Financeira S.A. Crédito, Financiamento e Investimento (**BV Financeira**),

BB Banco de Investimento S.A. (**BB BI**) and

Banco BTG Pactual S.A. (**BTG**)

requesting release of the pledge that had been given, on the following shares in **Taesá**:

18,411,545 (eighteen million four hundred eleven thousand five hundred forty five) common shares and

36,823,090 (thirty six million eight hundred twenty three thousand ninety) preferred shares

to make it possible to carry out a *follow-on* transaction, jointly with

Fundo de Investimentos em Participações Coliseu (**FIP Coliseu**),

in a secondary public offering of Units in **Taesá**, with restricted efforts in Brazil under CVM Instruction 476, and international efforts under Rule 144A and Regulation S of the US Securities Act;

c)

on November 30, 2016 **BTG** exercised the Put Option in the First Exercise Window , under the Stockholders Agreements of the successors of **Parati** Luce Empreendimentos e Participações S.A. (**Lepsa**) and Rio Minas Energia Participações S.A. (**RME**)

as a result of which Cemig acquired the following shares previously held by BTG:

76,817,097 (seventy six million eight hundred seventeen thousand ninety seven) preferred shares in **Lepsa**, and

R\$ 921,047,584.94 (nine hundred twenty one million forty seven thousand five hundred eighty four Reais ninety four centavos),

and the gross-up factor represented

R\$ 303,893,397.90 (three hundred three million eight hundred ninety three thousand three hundred ninety seven Reais ninety centavos);

e) on September 15, 2017, the remaining banks holders of the Put Option notified Cemig of their intention to exercise the Put Option on all the shares they hold in RME and Lepsa, pursuant to their rights under the Stockholders Agreement as signed by **Cemig, Santander, BV Financeira** and **BB-BI**, with **RME** and **Lepsa** as consenting parties, the amount to be paid by November 30, 2017;

f) in this situation it becomes essential to extend the date for exercise of the Put Option, so as to avoid

- (i) Light becoming state-controlled, an event which could give rise to early maturity of several of Light's financing contracts, which have cross-default clauses; and
- (ii) an accentuated fall in the stock price of its shares, which would be negative for the Banks referred to, since one of the guarantees of the Put Option would lose value;

g) extension of the exercise date of the Put Option is conditional upon prior authorization by the stockholders of Cemig in an Extraordinary General Meeting;

do now propose to you as follows:

Re-ratification of the decision taken by the Extraordinary General Meeting of May 30, 2016, altering its terms so as to postpone the date of exercise of the Put Option granted by Cemig on April 11, 2011 to:
Redentor Fundo de Investimento em Participações (FIP Redentor)

(succeeded by Banco Santander S.A. (Brasil)),

BV Financeira S.A. Crédito, Financiamento e Investimento (BV Financeira), and

BB Banco de Investimento S.A. (BB BI).

As can be seen, the objective of this proposal is to meet the legitimate interests of the stockholders and of the Company, and for this reason it is the hope of the Board of Directors that it will be approved.

- i. *The principal stages and, if it is possible to indicate them, the related periods and deadlines expected for Renova's decision on the proposal:*

Renova, jointly with its controlling stockholders and Brookfield, is in a phase of negotiation of an investment agreement for increase of capital in Renova. This negotiation is still at its initial phase and, after conclusion of this investment agreement and compliance with the conditions precedent that are usual in transactions of this type, but which are not yet duly decided, the process of capital increase will begin its associated deadlines and periods are not yet able to be determined.

- ii. *Whether the transaction in question involves assignment to Brookfield, by part of the controlling stockholders of Renova, of rights to subscribe shares for consideration, and if so, the price for said assignment:*

The transaction in question does not involve assignment, for consideration, of any subscription rights held by the controlling stockholders of the company, but does involve assignment of such rights by the controlling stockholders without consideration.

- iii. *What percentage of the common shares in Renova may be owned by Brookfield on completion of the transaction:*

The final percentage of the common shares that will be owned by Brookfield on completion of the process of capital increase will depend on whether minority stockholders decide to match the capital increase, or not.

As a hypothetical calculation: in a scenario of a capital increase of R\$ 1.4 billion, at a base price of R\$ 6.00/Unit, considering the shares assigned by the controlling stockholders, if none of the minority stockholders accompany the capital increase, this situation would indicate that Brookfield would hold 62.7% of the common shares.

In an alternative hypothetical calculation: in a scenario of a capital increase of R\$ 1.4 billion, at a base price of R\$ 6.00/Unit, including the shares assigned by the controlling stockholders, and full matching of the capital increase by all minority stockholders, Brookfield would hold 53.2% of the common shares.

- iv.

Whether it is planned that there will be a change in the structure of control of the Company upon completion of the transaction.

If the volume of the capital increase proposed, of R\$ 1.4 billion, is realized, at the proposed base price for the transaction of R\$ 6.00/Unit, as mentioned in the previous answer, the transaction will result in Renova having a new controlling stockholder. It should be noted that the conditions of assumption of control are yet to be decided in the negotiation of the investment agreement, which is in progress. Renova reiterates that all the rights of the minority stockholders will be fully respected.

The Company reiterates its commitment to keep the market duly and timely updated on the progress of the capital increase transaction.

all the above to serve the remainder of the present term of office of two years, that is to say until the Annual General Meeting to be held in 2018.

The Chair then further explained that, to complete the Board of Directors, the following **stockholders** should now nominate candidates:

The representatives of the stockholder (**BNDESPar**) requested that it be recorded in the minutes that they considered it essential to warn the other stockholders present at this meeting, and the Chair of the meeting, that Cemig is subject to the provisions of Law 13303, in force since July 1, 2016; and that as a result it was their opinion that for this election the requirements and prohibitions imposed by Article 17 of that Law should be obeyed in relation to the parties nominated for seats on the Board of Directors.

The representatives of the stockholder **BNDESPar** then registered, with the status of a protest, for the information of the other stockholders and in the best interests of the Company:

the existence of an irregularity in the separate voting procedure at the General Meeting of Stockholders held on April 29, 2016, which elected one sitting member and one substitute member of the Board of Directors without complying with the quorum for minority stockholders specified in Article 141, of §4 of Sub-item I of Law 6404/1976

and that the CVM (Brazilian Securities Commission) was made aware of this occurrence in Case N° 19957.002996/2017-73, which culminated in ex-officio opening of administrative proceedings.

After the statement by the CVM, the stockholder **BNDESPar** asked, in various communications to the Company, for a general meeting of stockholders to be called to decide on the subject.

In its replies, the management of Cemig stated that it would include the matter on the agenda of a future general meeting of stockholders for the purpose of electing members to the Board of Directors, and their understanding is that this has not been complied with in this present meeting.

Mr. Luciano de Araújo Ferraz then said that, in relation to the first statement by the representatives of the stockholder **BNDESPar**, the State of Minas Gerais has its own enabling regulations governing Article 91 of Law 13303/2016, which enact a period of twenty four months for adaptation to the requirements of that Law.

He said that Article 27 of Minas Gerais State Decree 47154/2017 orders that the new rules governing state-controlled companies in relation to managers come into force at the earlier of two events: when the by-laws are changed, or after twenty-four months; and thus there was no disobedience to the law in this Meeting.

In relation to the second statement by the representatives of the stockholder **BNDESPar**, Mr. Luciano de Araújo Ferraz argued that the debate on the membership of the Board of Directors will not be affected if thirteen or fourteen sitting memberships of the Board and their related substitute Memberships are processed, so that the stockholder **BNDESPar**, with its stockholding position, will elect to the Board of Directors two sitting members and their related substitute members.

The representative of the stockholder **FIA Dinâmica Energia**, Daniel Alves Ferreira, then took the floor and said that the case before the CVM is in progress, and that the CVM had not yet made any decision; and that this Meeting will consider the request of the stockholder BNDESPar, so that nothing has been lost.

Continuing with the meeting, the representatives of the stockholder **BNDESPar**, in accordance with the schedule of votes cast, then attributed their total of 54,342,992 for membership of the Board of Directors, electing the following sitting members:

**Patricia Gracindo Marques

Brazilian, divorced, company manager, domiciled in São Paulo, SP, at Rua Funchal 411/5º, Vila Olímpia, CEP 04551-060, bearer of Identity Card 59879098-6, issued by the Public Safety Department of São Paulo State, and CPF 810318827-15;

and said their substitute members would be elected later.

The stockholders present then requested that Article 147, Paragraph 3, Sub-Item I of Law 6404/1976 be applied to the election of Patrícia Gracindo Marques de Assis Bentes as a Member of the Board of Directors of Renova Energia S.A., and this was approved unanimously, i.e. by votes representing 367,836,373 shares.

33. MARKET ANNOUNCEMENT DATED SEPTEMBER 21, 2017: SUPREME COURT SUSPENDS RULING THAT HAD PREVENTED RECONCILIATION ON MAJOR POWER PLANT CONCESSION

COMPANHIA ENERGÉTICA DE MINAS GERAIS CEMIG
LISTED COMPANY CNPJ 17.155.730/0001-64 NIRE 31300040127

MARKET ANNOUNCEMENT

**Supreme Court suspends ruling that had prevented
reconciliation on major power plant concessions**

Cemig (*Companhia Energética de Minas Gerais*), a listed company with securities traded on the stock exchanges of São Paulo, New York and Madrid, in compliance with CVM Instruction 358 of January 3, 2002 as amended, **hereby reports** to the Brazilian Securities Commission (CVM), the São Paulo Stock Exchange (Brasil, Bolsa, Balcão B3) and the market **as follows**:

Justice Dias Toffoli of the Federal Supreme Court (*Supremo Tribunal Federal* STF) has granted an interim order suspending the effects of the appeal judgment given by the Federal Audit Board (*Tribunal de Contas da União* TCU) in which the TCU had ruled against continuation of the reconciliation proceedings in progress between the federal government and Cemig on the question of extension of the concessions of the *Jaguara*, *São Simão* and *Miranda* Hydroelectric Plants.

The STF gave this decision in the proceedings on Application for order of *mandamus* (*mandado de segurança*) No. 35192, brought by Cemig against the judgment of the TCU.

The TCU had based its decision on argument that the negotiations in progress between the federal government and Cemig would put at risk the proceedings for holding of tenders for those same concessions, organized by the National Electricity Agency (Aneel) which had been scheduled for September 27. The TCU had further alleged it was not aware of the terms of the reconciliation process in progress.

The reconciliation talks are being held in the Federal Administration Reconciliation and Arbitration Chamber (CCAF) of the Federal Attorney General's Office aiming to bring to a conclusion legal actions currently before the judiciary, including the STF itself: the Ordinary Appeal in Application for Mandamus No. 34203, and Action for Provisional Remedy No. 3980, in which Justice Dias Toffoli himself is also the reporting Justice.

Cemig reports that these meetings began this month, and further meetings are scheduled. In Cemig's view, this STF's decision reopens the possibility of negotiation with the federal government on the subject of these concessions.

PROPOSAL
BY THE BOARD OF DIRECTORS
TO THE
EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS
TO BE HELD ON OCTOBER 26, 2017
AT 11. A.M.

Dear Stockholders:

The Board of Directors of Companhia Energética de Minas Gerais *Cemig* has considered the matters and analysis described below:

Information

- a) The share capital of Companhia Energética de Minas Gerais (*Cemig* or the Company) is:
- | | | |
|----------------------------|----------------------|---|
| | R\$ 6,294,208,270.00 | (six billion two hundred ninety four million, two hundred eight thousand two hundred seventy Reais), |
| represented by | 420,764,708 | (four hundred twenty million seven hundred sixty four thousand seven hundred eight) nominal common shares |
| each with nominal value of | R\$ 5.00 | (five Reais) |
| and | 838,076,946 | (eight hundred thirty eight million seventy six thousand nine hundred forty six) nominal preferred shares |
| each with nominal value of | R\$ 5.00 | (five Reais) |
- b) The right to vote in any decision relating to the Company's share capital is held exclusively by the common shares, each carrying the right to one vote in the decisions of the General Meeting of Stockholders.
- c) The preferred shares have right of preference in the event of reimbursement of shares and the right to a minimum annual dividend of the greater of the following amounts:

10% (ten percent) of their nominal value;
or 3% (three percent) of the value of the stockholders' equity corresponding to the shares.

- d) The common shares and the preferred shares have equal rights to distribution of bonuses.
- e) The stockholders have the right of preference in subscription of increases of capital and in the issue of the Company's securities, in accordance with the applicable legislation.
- f) The Company has assumed a significant amount of debt to finance the capital expenses necessary for compliance with its long-term growth objectives. On June 30, 2017 its consolidated current liabilities exceeded consolidated current assets by R\$ 3.9 billion. On that date the totals of its loans, financings and debentures were: short-term, R\$ 5.19 billion; and long-term, R\$ 9.41 billion.
- g) In June 2017 Cemig presented to the market a list of assets which were being examined from the point of view of disinvestment, for possible sale over the period 2017-2018, to improve its short-term liquidity situation and reduce its indebtedness.
- h) It is the function of the General Meeting of Stockholders to decide on any change in the company's share capital, and consequent change to the by-laws.

Analysis

- a) Due to its high level of debt, Cemig is subject to certain restrictions on its capacity to raise funds, which could be an impediment when entering into new contracts for financing of its operations, or for refinancing of existing obligations, and this might adversely affect its business, operational results and financial situation.
- b) An increase in share potential could significantly mitigate the present perception of Cemig's credit risk, which mainly results from its high leverage.
- c) This capital increase also has the merit of giving the Company a more robust capital structure, enabling it to reduce the present level of financial expenses and leverage, and enabling new financial transactions.
- d) Existing stockholders will be given first refusal right to subscribe the new shares in proportion to those they currently hold.
- e) The shares subscribed will have full rights to all the benefits, including dividends and/or Interest on Equity, that are declared by the Company.
- f) The issue price has been set in accordance with the criteria established in Sub-item III of §1 of Article 170 of Law 6404/1976, as amended, using as parameter the weighted average market price of the preferred shares on the São Paulo securities exchange (B3 S.A.) in the period of May 4, 2017 to August 31, 2017 (120 days).

This weighted average price was: R\$ 8.22, (eight Reais and twenty two centavos),
to which was applied a discount of: 20%,
resulting in a price per share of R\$ 6.57 (six Reais and fifty seven centavos).

- g) The reason for the discount is the volatility of the Brazilian stock market. The discount aims to stimulate minority shareholders to take up their rights to the subscription avoiding any possibility that the capital increase might become impracticable in a situation of price depression or high volatility of the stock market during the subscription preference period.

h) From the economic point of view the discount is practically neutral, since if every stockholder subscribes the new issue (or sells the stockholder's first refusal right), there will be no impact for the present stockholders. The practical effect is that the same group of assets will be divided between a larger number of shares, which causes no adverse effect for the Company nor for its stockholders, nor for the market, which adjusts automatically.

i) With the issue of a capital increase for

up to R\$ 1,000,000,000.00 (one billion Reais),
the Company's share capital will increase
from R\$ 6,294,208,270.00 (six billion two hundred ninety four million, two hundred eight thousand two hundred seventy Reais),
to up to R\$ 7,294,208,270.00 (seven billion two hundred ninety four million, two hundred eight thousand two hundred seventy Reais).

j) Subscription and payment of

up to 200,000,000 (two hundred million) new shares,
with nominal value of R\$ 5.00 (five Reais) each,
of which up to 66,849,505 (sixty six million eight hundred forty nine thousand five hundred five) are common shares,
and up to 133,150,495 (one hundred thirty three million one hundred fifty thousand four hundred ninety five) are preferred shares,
at price per share of R\$ 6.57 (six Reais and fifty seven centavos),
will enable the company to obtain total funding of
up to R\$ 1,314,000,000.00 (one billion three hundred fourteen million Reais).
Of this amount, the difference,
of up to R\$ 314,000,000.00 (three hundred fourteen million Reais),
will be allocated to the capital reserve account.

k) The potential for dilution resulting from the issue, if any stockholder does not subscribe, is 13.704239283%

for both the common shares and for the preferred shares.

l) The present stockholders may exercise their preferential right to subscribe in the period October 30 to November 29, 2017,

in the proportion of 15.887624200% applied to

the number of shares of each type that they hold at the close of market on the day of the Extraordinary General Meeting of Stockholders that decides on this subject. The shares subscribed must be paid at sight, in cash.

m) Stockholders who do not wish to exercise their rights of first refusal for the subscription may assign those rights or trade them on a securities exchange.

n) Any stockholders who opt to subscribe leftover shares may do so, at the same price and on the same conditions, exclusively on the following dates:

1st apportionment: in the period December 1 - 4, 2017,

in proportion to the shares subscribed during the preference period; and

2nd apportionment: in the period December 6 - 7, 2017,

in proportion to the shares subscribed in the preference period plus those subscribed in the first apportionment period.

o) If there are any shares not subscribed after these two rounds of allocation, the Company will sell the entire remaining balance of unsubscribed shares on a securities exchange, as enabled by §7 of Article 171 of Law 6404/1976.

p)

Within up to 5 (five) business days after the date of the Extraordinary General Meeting of Stockholders to be held for the purpose of confirming and approving the said capital increase, the Company will announce the date for credit of the shares subscribed.

and in view of these considerations, the Board of Directors now proposes to you:

Authorization of an increase in the Company's share capital,

from	R\$ 6,294,208,270.00	(six billion two hundred ninety four million, two hundred eight thousand two hundred seventy Reais),

adjusted by a discount of	20%	(twenty per cent).
