The share repurchase will be effected in a private, non-underwritten transaction at a price per share equal to the price per share at which the underwriters will purchase shares from the selling stockholder in the offering, less an amount equal to 1% of the public offering price per share (subject to certain adjustments). Hilton expects to fund the share repurchase with available cash, borrowings under its revolving credit facility and/or new unsecured indebtedness. Although the share repurchase will be conditioned upon, among other things, the closing of the offering, the closing of the offering will not be conditioned upon the closing of the share repurchase. The share repurchase has been approved by a committee of the Company s board of directors comprising certain independent directors who are not affiliated with HNA or the selling stockholder, and is apart from, and will not count toward, the Company s existing share repurchase program.
