VOTING SECURITIES AND PRINCIPAL HOLDERS

Stockholders of record at the close of business on October 3, 2003, are entitled to notice of and to vote the shares of Class A Common Stock (common stock), \$.01 par value, held by them on such date, at the Annual Meeting or any and all postponements or adjournments thereof. On October 3, 2003, there were 33,237,205 shares of common stock outstanding and entitled to vote at the Annual Meeting. The common stock is the Company's only class of outstanding voting securities and will vote as a single class on all matters to be presented and for each director to be elected at the Annual Meeting. Each share of common stock entitles the holder thereof to one vote on each matter and for each director to be elected.

If you are a stockholder of record, and you attend the Annual Meeting and vote in person, your vote will supercede any proxy that you previously executed.

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding at the close of business on October 3, 2003 will constitute a quorum.

Submitted proxies reflecting broker non-votes or abstentions will be deemed present at the Annual Meeting in determining the presence of a quorum. Broker non-votes occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted, and the broker does not exercise discretion to vote those shares on a particular matter.

A list of stockholders will be available for inspection at least ten days prior to the Annual Meeting at the Office of the Secretary, 1717 H Street, N.W., Washington, D.C. 20006.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Our Amended and Restated Bylaws provide that the number of directors shall be not less than seven, nor more than twenty-five, and give the board of directors the authority to determine the actual number of directors within that range. COMMON STOCK PURCHASE ARRANGEMENTS

Prior to the Company's IPO in October 2000, Watson Wyatt & Company had a stock purchase plan to encourage ownership of redeemable common stock by associates. The stock purchase plan was terminated upon completion of the IPO. Under the stock purchase plan, Watson Wyatt & Company regularly sold common stock to associates on or about March 1 of each year. The stock purchase plan permitted associates to borrow up to the full amount of the purchase price of the common stock from Watson Wyatt & Company's lenders, and Watson Wyatt & Company guaranteed repayment of all such loans. The loans provided for full recourse to the individual borrower and were secured by a pledge of the stock purchased. Officers, directors and executive officers had access to this credit facility on the same basis as other associates.

As of October 3, 2003, 865,355 shares of common stock, representing approximately 2.6% of the outstanding shares of common stock, remained pledged to the Company's lenders to secure loans to stockholders. As of the same date, the aggregate amount of outstanding loans was approximately \$929,095. This loan program remains in place to accommodate the amortization of loans in existence at the time of the IPO. No new loans have been extended since the IPO, and no new loans will be extended under this loan program.

Option Grants in Fiscal Year 2003

Under the 2000 Long-Term Incentive Plan, each associate was granted options in October 2000 (at the time of the IPO) to purchase stock valued at 40% of his or her target bonus amount, subject to a minimum grant of 100 options. The Company's executive officers and directors were granted options at that time using the same formula. These options will expire after seven years, subject to early termination in specified circumstances, and will vest in five equal annual installments over a period of five years. The Company did not grant any options under the Plan to the named executive officers in fiscal year 2003. The Company does not currently intend to issue further stock options under the 2000 Long-Term Incentive Plan.

Aggregated Option Exercises and Fiscal Year 2003 Year-End Option Values

The following table sets forth information concerning the number and value of unexercised options held by the named executive officers at fiscal year 2003 year-end. The value of unexercised in-the-money options held at fiscal year 2003 year-end represents the pre-tax total gain which the option holder would realize if he exercised all of the in-the-money options held at fiscal year 2003 year-end, and is determined by multiplying the number of shares of common stock underlying the options by the difference between \$23.18, which was the closing price per share of the Company's common stock on the New York Stock Exchange on June 30, 2003 (the last trading day of fiscal year 2003), and the applicable per share option exercise price. An option is in-the-money if the fair market value of the underlying shares exceeds the exercise price of the option. None of the executive officers named in the Summary Compensation Table exercised options in fiscal year 2003.

terms of the excess plans, up to the amounts shown in the table above. Pursuant to Section 401(a)(17) of the IRC, annual compensation in excess of \$200,000 cannot be taken into account in determining qualified plan benefits.

17

The following changes were made to the qualified pension plan and non-qualified excess pension plans effective July 1, 2003:

The five-year certain and life normal form of payment was changed to a single life annuity. After July 1, 2003, the benefit of an associate will be actuarially reduced if the associate elects the five-year certain and life annuity.

The period used to determine average annual compensation was changed from 36 consecutive months to 60 consecutive months.

Early retirement upon attainment of age 50 with 10 years of continuous service has been eliminated. Early retirement upon attainment of age 55 with 5 years of continuous service remains in effect.

The reduction for early retirement has been changed. An associate's benefit will be reduced by 8% per year for the first four years and 6% for years in excess of four that the associate's benefit commences before age 62. Before the change, an associate's benefit was reduced 5% per year for commencement prior to age 60.

Under a grandfathering rule, all of the plan provisions in effect on June 30, 2003 except for the normal form of payment will remain in effect for five years for associates who were actively employed on this date. Associates who retired or terminated employment on or before June 30, 2003, and associates hired on or after July 1, 2003, are not eligible for the grandfathering.

Compensation Philosophy

The Company compensation philosophy is applied to all associates, including executive officers. The compensation program takes into consideration the Company's business strategy and market conditions. Specifically, the compensation program has been designed to:

1. Attract, motivate and retain associates by providing competitive compensation based on individual and Company performance;

2. Focus management on maximizing stockholder value;
3. Provide competitive base compensation, supplemented with variable compensation based on individual achievement of annual and long-term results;
4. Foster an ownership mentality among associates and reward their focus on long-term objectives;
5. Compensate associates fairly on a global basis, relative to other associates and the market; and
6. Provide compensation that reflects the Company's performance, relative to its key competitors.

The Committee commissioned an external survey of peer group senior executive compensation, including CEOs, in fiscal year 2003. Of the companies surveyed, the differences in size, complexity and organizational structure make direct competitor comparisons difficult. In making its determinations, the Committee relied on publicly available information, the above-mentioned survey and its knowledge of the market for key executives.

Base and Bonus Compensation

For the fiscal year ending June 30, 2003, the compensation of the Company's executive officers and all other bonus-eligible associates was comprised primarily of two elements: base salary and fiscal year-end bonus.

The Company's compensation program establishes target bonuses for all bonus-eligible associates, based on their band level and base salary. Funding for the bonus pool is based on the Company's fiscal year-end net operating income and may be greater than or less than total target bonuses. Individual bonus awards are at each manager's discretion and are based on the manager's assessment of the associate's achievement of stated goals and support of Company values.

With respect to base compensation for the CEO's direct reports, the decisions were based on each associate's experience, competencies, expected level of responsibility in the coming year, external market value and internal equity. The CEO's decisions with respect to bonus compensation for such reports were based on the Company's overall financial performance, business unit financial performance and individual achievement of other business objectives.

Base and bonus compensation for the Company's executives who report to the CEO was determined by the CEO. The Committee reviewed the CEO's determinations concerning base and bonus compensation for his direct reports.

Stock Programs

The Company's long-term compensation plans are designed to recognize the individual's past, present and potential future contributions. The Company believes that stock ownership aligns associate financial interest with those of other stockholders and the Company.

Stock Options

In connection with the IPO in October 2000, the Company implemented the 2000 Long-Term Incentive Plan, under which it may grant stock options. In October 2000, executive officers and other eligible associates were granted options to purchase the Company's common stock pursuant to this plan, based on a formula related to their target bonus amounts. There were no grants of options under the plan in fiscal year 2003, and the Company does not currently intend to issue any further stock options under the 2000 Long-Term Incentive Plan.

Stock Purchase Plan

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

The Company continued the 2001 Employee Stock Purchase Plan during fiscal 2003. The Employee Stock Purchase Plan is available to all associates, and approximately 32% of eligible Company associates currently participate in this plan.

Deferred Stock Unit Plan

In September 2002, the Company issued its first grants under its 2001 Deferred Stock Unit Plan for Selected Employees. Under this Plan, associates of the Company in bands 5 and above are granted deferred stock units in lieu of 25% of their discretionary bonus.

Compensation of the Chief Executive Officer

In addition to the specific factors listed below, quantitative and qualitative factors mentioned in the *Base and Bonus Compensation* section are also taken into consideration in assessing the performance of the CEO.

During fiscal year 2003, Mr. Haley's base salary was \$700,400, an increase of \$20,400, or 3%, from his fiscal year 2002 base salary of \$680,000.

Mr. Haley's fiscal year 2003 bonus was approved by the board of directors based on the recommendation of the Compensation Committee. The Committee recommended, and the board approved, a bonus equal to 65% of Mr. Haley's target bonus. His target bonus was 87.5% of his base compensation. Following are some of the factors that were taken into account:

1. Success in the Company meeting established financial goals;
2. Leadership in representing the Company with the investment community;
3. Successful promotion of continuous quality improvements and effective risk management;
4. Actions taken to strengthen operations of the Company in Asia Pacific, Canada and Latin America;
5. Development of succession plans for leadership teams and key client service teams;
6. Progress in implementing a diversity program throughout the Company;
7. Actions taken to ensure that the senior management team is organized and operating effectively; and
8. Relativity to the average bonus compensation level of the Company's associates.

Deductibility of Executive Compensation

In order to maximize the deductibility for federal income tax purposes of compensation paid to executive officers, the Company has a Senior Officers Deferred Compensation Plan that requires deferral of compensation in excess of \$1.0 million that would otherwise be payable to the CEO and the four other highest compensated executive officers.

Watson Wyatt & Company also transferred its Continental European operations to a newly-formed holding company owned by a subsidiary of Watson Wyatt & Company and Watson Wyatt LLP in exchange for 50.1% of its shares. Effective July 1, 1998, Watson Wyatt & Company sold one-half of its investment in the holding company to Watson Wyatt LLP. Mr. Paul N. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors, among others, to file with the SEC and the New York Stock Exchange, initial reports of ownership and reports of changes in ownership of the Company's common stock. Persons subject to Section 16 are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. As a matter of practice, the Company assists the Company's executive officers and directors in preparing initial reports of ownership and reports of changes in ownership, and files those reports with the SEC on their behalf.

21

Based solely on a review of the copies of such forms furnished to the Company and written representations from the Company's executive officers and directors, the Company believes that, except as described below, all of its executive officers and directors filed required reports on a timely basis under Section 16(a). The following reports were inadvertently filed late due to an error by the Company's administrative staff: (1) Mr. Marini on a sale of shares; (2) Messrs. Gabarro, Shoven and Wright and Ms. Rabbitt on accrued payments under the Compensation Plan for Outside Directors.

**PROPOSAL NO. 2:
PROPOSAL TO APPROVE THE AMENDMENT OF
THE WATSON WYATT & COMPANY HOLDINGS
2001 EMPLOYEE STOCK PURCHASE PLAN**

In August 2001, the board of directors adopted the Company's 2001 Employee Stock Purchase Plan (the "ESPP"), which subsequently was approved by the stockholders in November 2001. The ESPP is intended to provide employees of the Company with additional incentives by permitting them to acquire a proprietary interest in the Company through the purchase of shares of the Company's common stock. If approved, 1,500,000 additional shares of common stock will be authorized and reserved for issuance under the ESPP. The Board has approved, and hereby submits to the stockholders for approval, amendments to the ESPP. As of October 3, 2003, 184,282 shares of the 750,000 shares originally authorized remain available for issuance under the ESPP. The following is a summary description of the ESPP and is qualified in its entirety by reference to the full text of the ESPP, which is set forth as Exhibit A to this proxy statement.

Administration

The administration of the ESPP is overseen by the Compensation Committee of the board of directors. The committee has full power to interpret the ESPP and, subject to the express terms of the ESPP, to establish the terms of offerings under the ESPP. The decisions of the committee are final and binding on all participants.

Eligibility

All associates of the Company (including officers and directors), who work more than twenty hours per week and more than five months in any calendar year (unless otherwise required by local law), and who commenced employment with the Company on or before the first day of the applicable Offering Period (as defined below), will be eligible to participate in the ESPP. However, an employee will not be eligible to participate if, as a result of participating, that employee would hold five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any subsidiary. Further, no employee's right to purchase common stock under the ESPP may accrue at a rate which exceeds \$25,000 per year of the fair market value of stock, or \$6,250 for each Offering Period of the fair market value of stock. Approximately 3,988 employees currently would be eligible to participate in the ESPP.

Offerings Under the ESPP

Eligible employees of the Company may elect to participate in the ESPP by giving notice to the Company and instructing the Company to withhold a specified percentage of the employee's salary during four successive three-month periods. Generally, the four periods run from February 1 to April 30, May 1 to July 31, August 1 to October 31, and November 1 to January 31, and each period is referred to as an Offering Period. An eligible employee may authorize a salary deduction of any whole percentage, up to ten percent (10%), of his base, straight-time, gross earnings. An employee's salary deductions may be reduced to zero, without his or her consent, at any time during an Offering Period, to comply with the limitations contained in the ESPP or under Section 423 of the Internal Revenue Code of 1986, as amended (the "Code").

Purchase Price and Shares Purchased

On the last business day of an Offering Period, the withheld salary will be used to purchase common stock at a price equal to 85% of the fair market value of the common stock on either the first day or the last day of the Offering Period, whichever price is less (the "Purchase Price"). For this purpose, fair market value is the closing sales price reported on the New York Stock Exchange or, in the absence of reported sales on the relevant date, the closing sales price on the immediately preceding date on which sales were reported. If, on the last day of an Offering Period,

the number of shares of common stock to be purchased by all participants exceeds the number of shares available for purchase during the Offering Period, the Company will make a pro rata allocation of the shares remaining available for purchase. As of October 3, 2003, the closing price on the New York Stock Exchange for a share of Company common stock was \$23.45.

Withdrawal/Termination of Participation

Shares will be purchased automatically on the last day of the Offering Period for a participating employee who remains an eligible participant. Participation ends automatically upon an employee's termination of employment with the Company for any reason, including retirement or death. During any Offering Period, an employee may withdraw from participation in the ESPP at any time prior to five business days before the end of any Offering Period, or may once during the Offering Period decrease the rate of salary deductions. Upon a participant's termination or withdrawal from the ESPP, all accumulated payroll deductions for the participant made prior to termination, are returned, without interest, and no shares are purchased for that employee's account.

Shares Subject to the ESPP

The maximum number of shares of common stock which may be purchased by employees under the ESPP, if approved, will be 2,250,000 shares (of which 565,718 have already been issued pursuant to the ESPP), subject to adjustments for stock splits, stock dividends and similar transactions. The shares may be authorized but unissued shares of common stock, issued shares held in or acquired for the Company's treasury, or shares reacquired by the Company upon purchase in the open market.

Amendment and Termination of the ESPP

The ESPP may be amended or terminated by the board of directors in any respect, except that no amendment shall be effective without stockholder approval if the amendment would increase the aggregate number of shares of common stock which may be issued under the ESPP, and no termination, modification or amendment of the ESPP may, with respect to the Offering Period in which the termination, modification or amendment occurs, adversely affect the rights of an employee then participating in the ESPP without the employee's consent.

Federal Income Tax Consequences

The following general summary describes the typical U.S. federal income tax consequences of the ESPP based upon provisions of the Code as in effect on the date hereof, current regulations promulgated and proposed thereunder, and existing public and private administrative rulings of the Internal Revenue Service, all of which are subject to change (possibly with retroactive effect). This summary is not intended to be a complete analysis and discussion of the federal income tax treatment of the ESPP, and does not discuss gift or estate taxes or the income tax laws of any municipality, state, or foreign country.

23

The ESPP is intended to qualify as an employee stock purchase plan under Section 423 of the Code. An employee will not recognize income upon electing to participate in the ESPP or upon purchasing shares under the ESPP. If the employee does not dispose of shares for at least two years from the beginning of the Offering Period in which the shares were purchased, or in the event of his or her death (whenever occurring), the employee will realize ordinary income upon the disposition (including by sale, gift or death) in an amount equal to the lesser of: (i) the excess of the fair market value of the shares at the time of disposition over their Purchase Price, or (ii) the excess of the fair market value of the shares on the first day of the Offering Period over their Purchase Price. Any additional gain will be taxed as long-term capital gain. If the fair market value of the shares at the time of their disposition is below the Purchase Price, the employee will not recognize any ordinary income, and any loss will be a long-term capital loss. The Company will not have a deductible expense as a result of the purchase of stock under the ESPP, unless there is a disqualifying disposition, as described in the next paragraph.

If shares purchased under the ESPP are sold by an employee within two years after the beginning of the Offering Period in which the shares were purchased, then that sale constitutes a disqualifying disposition in which the employee will realize (1) ordinary income in an amount equal to the excess of the fair market value of the shares on the date of purchase (i.e., the last day of the Offering Period) over the Purchase Price, and (2) a capital gain or loss equal to the difference between (i) the amount received for the shares and (ii) the sum of the Purchase Price and the amount of ordinary income recognized. If the disqualifying disposition occurs more than one year after the date of purchase, any capital gain or loss will be long-term; otherwise it will be short-term. If an employee recognizes ordinary income as a result of a disqualifying disposition, the Company will be entitled to a corresponding deduction. To the extent required under the Code and Internal Revenue Service guidance, the

Company will withhold income and employment taxes with respect to purchases and dispositions of shares under the ESPP.

New Plan Benefits

Because benefits under the ESPP will depend on employees' elections to participate and the fair market value of the Company's common stock at various future dates, it is not possible to determine the benefits that will be received by executive officers and other employees if the ESPP is approved by the stockholders. Non-employee directors are not eligible to participate in the ESPP.

Vote Required

The affirmative vote of a majority of the shares voted in person or by proxy at the Annual Meeting is required for adoption of Proposal No. 2.

The board of directors recommends that stockholders vote FOR Proposal No. 2 to approve the amendment of the 2001 Employee Stock Purchase Plan.

**PROPOSAL NO. 3:
PROPOSAL TO APPROVE THE AMENDED
WATSON WYATT & COMPANY HOLDINGS
COMPENSATION PLAN FOR OUTSIDE DIRECTORS**

The Amended and Restated Bylaws of the Company allow directors who are not active associates (outside directors) to receive compensation.

Under the compensation plan in effect through fiscal year 2003, outside directors of the Company were paid a quarterly retainer of \$6,250 plus \$1,500 per day for board meetings; \$1,000 per day for regular committee meetings (\$750 if held in conjunction with a board meeting); \$2,000 per day for committee meetings if the outside director chaired that committee (\$1,000 if held in conjunction with a board meeting); and \$1,000 per day for other meetings. Telephone meetings of less than four hours duration were compensated at 40% of the applicable per day fee. The plan also required that outside directors satisfy a stock ownership requirement to own a minimum of 3,000 shares of the Company's common stock. Under the plan, outside directors may elect for fees paid to them to be paid in cash and shares of Watson Wyatt's common stock, until such time as the director satisfies the stock ownership requirement. To date, shares distributed under the plan have been issued shares held in or acquired for the Company's treasury, or shares reacquired by the Company upon purchase in the open market.

In August 2003, the board of directors approved amendments to the Compensation Plan for Outside Directors (the Plan). Consistent with New York Stock Exchange (NYSE) rules relating to equity compensation plans, the Company is submitting the Plan as amended for stockholder approval. Under the Plan as amended, outside directors of the Company would be paid a quarterly retainer of \$11,250 plus \$1,500 per day for board meetings; \$1,000 per day for regular committee meetings (\$750 if held in conjunction with a board meeting); \$2,000 per day for committee meetings if the outside director chaired that committee (\$1,000 if held in conjunction with a board meeting); and \$1,000 per day for other meetings. Telephone meetings of less than four hours duration are compensated at 40% of the applicable per day fee, and telephone meetings of the Audit Committee are compensated at \$1,000 per telephone meeting. Outside directors also will receive a Watson Wyatt common stock grant of 1,000 shares per year. The Plan requires that, within five years, outside directors own and hold a minimum of 5,000 shares of the Company's common stock while serving as a director. Under the Plan, outside directors may elect for fees paid to them to be paid in cash and in shares of Watson Wyatt common stock, until such time as the director satisfies the stock ownership requirement.

The maximum number of shares that may be issued under the Plan after the date of the Annual Meeting is 50,000, subject to adjustments for stock splits, stock dividends and similar transactions. The shares may be authorized but unissued shares of common stock, issued shares held in or acquired for the Company's treasury, or shares reacquired by the Company upon purchase in the open market. The Plan may be amended from time to time by the board of directors, except that any such amendment is subject to stockholder approval to the extent required under NYSE rules. Currently, NYSE rules require only that any material revision to that portion of the Plan that constitutes an equity compensation plan be approved by stockholders. As of October 3, 2002, there are six outside directors eligible to participate in the Plan.

The full text of the Plan is set forth as Exhibit B to this proxy statement and the foregoing description is qualified by reference to the actual terms of the Plan.

Vote Required

The affirmative vote of a majority of the shares voted in person or by proxy at the Annual Meeting is required for adoption of Proposal No. 3.

The board of directors recommends that stockholders vote FOR Proposal No. 3 to approve the amended Compensation Plan for Outside Directors.

Other proxy solicitation expenses that we will pay include those for preparation, mailing and tabulating the proxies.

Management knows of no other matter that may come up for action at the Annual Meeting. However, if any other matter properly comes before the meeting, the proxies named on the enclosed proxy will vote in accordance with their judgment upon such matter. Under the Company's Amended and Restated Bylaws, unless the date of the 2004 Annual Meeting of stockholders is advanced by more than 40 days or delayed by more than 40 days from the anniversary of the 2003 Annual Meeting, notice of any such proposal or nomination must be provided in writing to the Secretary of the Company no later than the close of business on July 20, 2004. In addition, stockholders wishing to make such proposals or nominations must satisfy other requirements set forth in the Company's Amended and Restated Bylaws. If the stockholder does not also comply with the requirements of Rule 14a-4 under the Securities Exchange Act of 1934, the Company may exercise discretionary voting authority under proxies it solicits to vote in accordance with its best judgment on any such proposal submitted by a stockholder.

A-3

Section 5.2 Participant's Memorandum Account. All payroll deductions made for a Participant shall be credited to a memorandum account established for such Participant for purposes of recording, as a bookkeeping entry, the payroll deductions made by the Participant under this Plan. A Participant may not make any separate cash payment with respect to such memorandum account.

Section 5.3 Changes in Payroll Deductions. During any Offering Period, a Participant may discontinue his participation in this Plan for that Offering Period as provided in Section 8.1 hereof or, not more than once during any Offering Period, he or she may decrease the rate of his payroll deductions during that Offering Period by completing and filing with the Plan Administrator a new payroll deduction authorization form specifying the new payroll deduction rate. (a) To the extent necessary to comply with (i) the limitations contained in the Plan on the number of shares available to any Participant and (ii) Section 423(b)(8) of the Code, a Participant's payroll deductions may be reduced to zero percent (0%) by the Plan Administrator without the Participant's consent, at any time during an Offering Period.

(b) In the event that a Participant's payroll deductions are reduced pursuant to Section 5.4(a) above, payroll deductions shall recommence for such Participant at the rate specified in the Participant's payroll deduction authorization form then on file with the Plan Administrator effective as of the beginning of the first Offering Period which is scheduled to end in the immediately succeeding calendar year, unless the payroll deduction authorization election is terminated by the Participant, as provided in Section 8.1 hereof.

ARTICLE VI

GRANTING OF OPTION

Section 6.1 Maximum Number of Option Shares. On each Offering Period Commencement Date, each Participant in the Plan shall be granted an option to purchase on the Exercise Date for such Offering Period at the applicable Option Price up to the number of shares of Common Stock determined by dividing such Participant's payroll deductions accumulated prior to such Exercise Date and credited to the Participant's memorandum account as of such Exercise Date by the applicable Option Price; *provided, however*, that such option shall also be subject to the limitations contained in Sections 3.2 and 8.1 of the Plan.

Section 6.2 Option Price. The Option Price for shares of Common Stock to be purchased with accumulated payroll deductions during any Offering Period shall be the lower of 85% of the Fair Market Value of the Common Stock on the applicable (a) Offering Period Commencement Date, or (b) Exercise Date.

ARTICLE VII

EXERCISE OF OPTION

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

Section 7.1 Automatic Exercise. Unless the Participant withdraws from the Plan as provided in Section 8.1 hereof, the option granted to the Participant pursuant to Section 6.1 of the Plan during the applicable Offering Period shall be exercised automatically on the applicable Exercise Date for the purchase of the number of full shares of Common Stock which the accumulated payroll deductions credited to the Participant's memorandum account at such time will purchase at the applicable Option Price; *provided, however*, that in no event shall the accumulated payroll deductions credited to the Participant's memorandum account as of the Exercise Date be used to purchase shares of Common Stock that exceed the maximum number of shares available for purchase after the application of Section 4.1(b). Any amounts remaining to the credit of such Participant in the memorandum account following an applicable Exercise Date as a result of the application of Section 4.1(b) shall be promptly refunded to the Participant, without interest.

A-4

Section 7.2 Fractional Shares. Fractional shares of Common Stock will not be issued under the Plan. Any accumulated payroll deductions which would have been used to purchase fractional shares, unless refunded pursuant to Section 8.1, will be held for the purchase of Common Stock in the next immediately succeeding Offering Period, without interest.

Section 7.3 Exercise of Options. An option granted to a Participant under this Plan may be exercised only during the Participant's lifetime and only by such Participant.

Section 7.4 Delivery of Stock. As promptly as practicable after each Exercise Date on which a purchase of shares of Common Stock occurs, the Company shall arrange for the delivery to each Participant, as appropriate, of the shares of Common Stock purchased in the Offering Period upon the exercise of such Participant's option hereunder. At the Company's election, this delivery may occur through a transfer agent or brokerage account established for this purpose, and the Company may require as a condition to participation in the Plan that each Participant establish an account with a brokerage firm selected by the Company.

Section 7.5 Stock Transfer Restrictions.

(a) Shares of Common Stock acquired pursuant to the Plan may not be disposed of by the Participant for at least 3 months following the Exercise Date.

(b) The Plan is intended to satisfy the requirements of Section 423 of the Code. A Participant will not obtain the benefits of this provision if such Participant disposes of shares of Common Stock acquired pursuant to the Plan within two (2) years after the Offering Period Commencement Date or within one (1) year after the date such Common Stock is purchased by the Participant on the applicable Exercise Date, whichever is later.

Section 7.6 Taxes. At the time an option granted under this Plan is exercised, in whole or in part, or at the time some or all of the shares of Common Stock issued under the Plan are disposed of, the Participant shall be required to make adequate provision for the satisfaction of all federal, state, or other tax withholding obligations which arise upon the exercise of the option or the disposition of the Common Stock, as applicable.

ARTICLE VIII

WITHDRAWAL

Section 8.1 In General. A Participant may withdraw all, but not less than all, of the payroll deductions credited to his memorandum account that have not yet been used to exercise his option under the Plan at least five (5) business days before the end of the Offering Period by giving written notice to the Plan Administrator. All of the payroll deductions credited to the Participant's memorandum account shall be paid to such Participant promptly after the Plan Administrator's receipt of such notice of withdrawal, without interest, and the Participant's option for the Offering Period shall be automatically terminated and no further payroll deductions for the purchase of shares shall be made on behalf of such Participant for such Offering Period. If a Participant withdraws from the Plan during an Offering Period, payroll deductions shall not resume at the beginning of the next immediately succeeding Offering Period unless the Participant files a new payroll deduction authorization form with the Plan Administrator prior to the applicable Offering Period Commencement Date and in such time and manner as the Committee shall prescribe.

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

Section 8.2 Effect on Subsequent Participation. An Employee's withdrawal from participation in the Plan pursuant to Section 8.1 hereof will not have any effect upon the Employee's eligibility to participate in the Plan during any succeeding Offering Period or in any similar plan which may hereafter be adopted by the Company and for which such Employee is otherwise eligible; *provided, however*, in order to resume participation in this Plan, the Employee must satisfy the requirements of Article III.

A-5

Section 8.3 Termination of Employment. Upon the termination of a Participant's employment for any reason, including retirement or death, the Participant shall be deemed to have withdrawn from the Plan and the payroll deductions that have accumulated for such Participant prior to such termination, if any, shall be promptly returned, without interest, to the Participant or, in the case of the Participant's death, to the person or persons entitled thereto under Section 12.1 hereof, and such Participant's option shall be automatically terminated, and no further payroll deductions for the purchase of shares shall be made for the Participant with respect to such Offering Period.

Section 10.2 Registration of Stock. Shares of Common Stock purchased by a Participant under the Plan will be registered in the name of the Participant, or, if the Participant so directs by written notice to the Plan Administrator prior to the applicable Exercise Date, in the names of the Participant and one such other person as may be designated by the Participant, as joint tenants with rights of survivorship or as tenants by the entirety, to the extent permitted by applicable law, provided that such designation is not treated as a disposition under the Code.

Section 10.3 Restrictions on Exercise. The Committee may, in its discretion, require as conditions to the exercise of any option that the shares of Common Stock reserved for issuance upon the exercise of such option shall have been duly listed, upon official notice of issuance, upon a stock exchange or market, and that either:

(a) a registration statement under the Securities Act of 1933, as amended (the Securities Act), with respect to said shares shall be effective; or

(b) the Participant shall have represented at the time of exercise, in form and substance satisfactory to the Company, that he or she is an accredited investor as defined in applicable rules under the Securities Act and that it is his or her intention to purchase the shares for investment and not for resale or distribution.

ARTICLE XII

MISCELLANEOUS

Section 12.1 Designation of Beneficiary. A Participant may file a written designation of a beneficiary who is to receive the shares and cash, if any, credited to the Participant's memorandum account under the Plan in the event of the Participant's death subsequent to an Exercise Date on which the option is exercised but prior to the delivery to such Participant of such shares and cash. In addition, a Participant may file a written designation of a beneficiary who is to receive any cash that has been credited to the Participant's memorandum account under the Plan in the event of the Participant's death prior to the exercise of the option; *provided, however*, in no event shall such beneficiary be entitled to authorize the exercise of such option. In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Company shall deliver any shares or cash credited to the Participant's memorandum account to the executor or administrator of the estate of the Participant.

Section 12.2 Non-Transferability. Neither payroll deductions credited to any Participant's memorandum account nor any option or rights with regard to the exercise of an option or the right to receive Common Stock under the Plan may be assigned, transferred, pledged, or otherwise disposed of in any way by the Participant, other than by will or the laws of descent and distribution. Any such attempted assignment, transfer, pledge or other disposition shall be without effect, except that the Company, or Designated Subsidiary, may, in its discretion, treat such act as an election to withdraw from participation in the Plan in accordance with Section 8.1.

Section 12.3 Use of Funds. All payroll deductions received or held by the Company or Designated Subsidiary, under the Plan may be used by the Company or the Designated Subsidiary for any corporate purpose. The Company or Designated Subsidiary shall not be obligated to segregate such payroll deductions. At all times prior to an Exercise Date, Participants' rights hereunder shall be equivalent to those of a general unsecured creditor.

Section 12.4 Changes in Capitalization.

(a) If, while any options are outstanding under the Plan, the outstanding shares of Common Stock of the Company have increased, decreased, changed into, or been exchanged for a different number or kind of shares or securities of the Company through any reorganization, merger, recapitalization, reclassification, stock split, reverse stock split or similar transaction, appropriate and proportionate adjustments may be made by the Committee in the number and/or kind of shares which are subject to purchase under outstanding options and in the Option Price or Prices applicable to such outstanding options and in the number and/or kind of shares which may be offered in the Offering Periods described in Section 4.2. No such adjustments shall be made for dividends payable in cash.

(b) Upon the dissolution or liquidation of the Company, or upon a reorganization, merger or consolidation of the Company with one or more corporations as a result of which the Company is not the surviving corporation or survives only as a wholly owned subsidiary, or upon a sale of substantially all of the property or capital stock of the Company to another corporation, the Committee shall provide either (i) that notwithstanding anything to the contrary in Section 4.2, the Offering Period that last commenced prior to the effective date of such transaction will end, and the Exercise Date for such Offering Period will occur, either on the last business day or such earlier date as determined in the sole discretion of the Committee before the effective date of such transaction, or (ii) that the holder of each option then outstanding under the Plan will thereafter be entitled to receive at the next Exercise Date, upon the exercise of such option, for each share as to which such option shall be exercised, as nearly as reasonably may be determined, the cash, securities and/or property which a holder of one share of the Common Stock was entitled to receive upon and at the time of such transaction. The Board of Directors shall take such steps in connection with such transactions as the Board shall deem necessary to assure that the provisions of this Section 12.4(b) shall thereafter be applicable, as nearly as reasonably may be determined, in relation to the said cash, securities and/or property as to which each such holder of any such option might hereafter be entitled to receive.

Section 12.5 Governmental Regulation. The Company's obligation to sell and deliver shares of the Company's Common Stock under this Plan is subject to the approval of any governmental authority required in connection with the authorization, issuance or sale of such stock. In this regard, the Committee may, in its discretion, require as a condition to the exercise of any option that a registration statement under the Securities Act of 1933, as amended, with respect to the shares of Common Stock reserved for issuance upon exercise of the option shall be effective.

Section 12.6 Amendment and Termination. The Board of Directors shall have complete power and authority to terminate or amend the Plan; *provided, however*, that the Board of Directors shall not, without the approval of the shareholders of the Company, increase the aggregate number of shares of Common Stock that may be issued under the Plan (except pursuant to Section 12.4 above), *and, provided, further, however*, that no termination, modification, or amendment of the Plan may, without the consent of a Participant then holding an option under the Plan to purchase shares of Common Stock, adversely affect the rights of such Participant under such option.

Section 12.7 Effective Date. The Plan shall become effective as of February 1, 2002, subject to approval by the holders of a majority of the shares of Common Stock present and represented at any special or annual meeting of the shareholders of the Company duly held within 12 months before or after adoption of the Plan by the Board. If the Plan is not so approved, the Plan shall not become effective.

Section 12.8 Right to Terminate Employment. Nothing in the Plan or in the agreement evidencing any Award granted under the Plan shall confer upon any Participant the right to continue as an employee or a director of the Company or affect the right of the Company or any of its Subsidiaries to terminate the Participant's employment at any time, subject, however, to the provisions of any agreement of employment between the Participant and the Company, its parent, if any, or any of its Subsidiaries.

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

Section 12.9 Transfer, Leave of Absence. For purposes of this Plan, neither a transfer of an Employee from the Company to a Subsidiary or other affiliate of the Company, or vice versa, or from one Subsidiary or affiliate of the Company to another, shall be deemed a termination of employment.

Section 12.10 Effect of Plan. The provisions of the Plan shall, in accordance with its terms, be binding upon, and inure to the benefit of, all successors of each Participant in the Plan, including, without limitation, such Participant's estate and the executors, administrators or trustees thereof, heirs and legatees, and any receiver, trustee in bankruptcy or representative of creditors of such Participant.

Section 12.11 Governing Law. To the extent not preempted by applicable U.S. Federal law, this Plan will be construed in accordance with and governed by the laws of the State of Delaware as to all matters, including, but not limited to, matters of validity, construction, and performance.

For Argentina, Thailand and other jurisdictions which do not permit Payroll Deductions as provided in Article V, the Plan Administrator shall provide for authorized direct transfers from the Employees' bank accounts into the Company's bank accounts or such other payment alternative that would satisfy local law and shall otherwise take appropriate steps to conduct the Plan in accordance with the local laws of any applicable foreign jurisdiction.

Section 13.3 Reduced Purchases Due to Currency Restrictions. In countries with currency restrictions that may limit Participants' purchases, the Automatic Exercise provision of Section 7.1 shall apply only to the lesser of (a) the accumulated payroll deductions credited to the Participant's memorandum account as of the exercise date or (b) the maximum amount which can be transferred to purchase Common Stock pursuant to applicable currency restrictions at the Exercise Date. Any balance then held to purchase Common Stock shall be applied to purchase Common Stock upon receipt of appropriate documentation, as determined by the Company, from the applicable institution applying currency restrictions applicable to the Participant.

EXHIBIT C

WATSON WYATT & COMPANY HOLDINGS AUDIT COMMITTEE CHARTER

Organization

This charter governs the operations of the audit committee. The committee shall review and reassess the charter at least annually and obtain the approval of the board of directors. The committee shall be members of, and appointed by, the board of directors and shall comprise at least three directors, each of whom are independent of management and the Company. Members of the committee shall be considered independent as long as they do not accept any consulting, advisory, or other compensatory fee from the Company and are not an affiliated person of the Company or its subsidiaries, and meet the independence requirements of the New York Stock Exchange listing standards. All committee members shall be financially literate, (or shall become financially literate within a reasonable period of time after his or her appointment to the committee) and at least one member shall be a financial expert, as defined by SEC regulations.

Purpose

The audit committee shall provide assistance to the board of directors in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to: the integrity of the Company's financial statements; the financial reporting process; the systems of internal accounting and financial controls; the performance of the Company's internal audit function and independent auditors; the independent auditor's qualifications and independence; and the Company's compliance with ethics policies and legal and regulatory requirements. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, independent auditors, the internal auditors, and management of the Company.

to carry out its duties.

Duties and Responsibilities

The primary responsibility of the audit committee is to oversee the Company's financial reporting process on behalf of the board and report the results of their activities to the board. While the audit committee has the responsibilities and powers set forth in this Charter, it is not the duty of the audit committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements. The audit committee shall recommend to the Board whether the audited financial statements should be included in the Annual Report.

The committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The committee should take appropriate actions to set the overall corporate tone for quality financial reporting, sound business risk practices, and ethical behavior. The following shall be the principle duties and responsibilities of the audit committee. These are set forth as a guide with the understanding that the committee may supplement them as appropriate.

The committee shall pre-approve all audit, audit-related, tax and non-audit services provided by the independent auditors and shall not engage the independent auditors to perform the specific non-audit services proscribed by law or regulation. The committee may delegate pre-approval authority to a member of the audit committee. The decisions of any audit committee member to whom pre-approval authority is delegated must be presented to the full audit committee at its next scheduled meeting.

At least annually, the committee shall obtain and review a report by the independent auditors describing:

The firm's internal quality control procedures.

Any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

All relationships between the independent auditor and the Company (to assess the auditor's independence).

In addition, the committee shall set clear hiring policies for employees or former employees of the independent auditors that meet the SEC regulations and New York Stock Exchange listing standards.

The committee shall discuss with the internal auditors and the independent auditors the overall scope and plan for their respective audits, including the adequacy of staffing and compensation. Also, the committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's policies and procedures to assess, monitor, and manage business risk, and legal and ethical compliance programs (e.g., Company's Code of Conduct).

The audit committee shall meet at least four times annually. The committee shall meet separately periodically with management, the internal auditors, and the independent auditors to discuss issues and concerns warranting committee attention. The committee shall provide sufficient opportunity for the internal auditors and the independent auditors to meet privately with the members of the committee. The committee shall review with the independent auditor any audit problems or difficulties and management's response.

The committee shall receive regular reports from the independent auditor on the critical policies and practices of the Company, and all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management.

The committee shall review management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.

The committee shall review the interim financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations with management and the independent auditors prior to the filing of the Company's Quarterly Report on

Edgar Filing: WATSON WYATT & CO HOLDINGS - Form DEF 14A

Form 10-Q. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.

C-2

The committee shall review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.

The committee shall establish procedures for the receipt, retention, and treatment of complaints received by the issuer regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of the issuer of concerns regarding questionable accounting or auditing matters.

The committee shall receive corporate attorneys' reports of evidence of a material violation of securities laws or breaches of fiduciary duty.

The committee also prepares its report to be included in the Company's annual proxy statement, as required by SEC regulations.

The committee shall perform an evaluation of its performance at least annually to determine whether it is functioning effectively.
