EXECUTIVE COMPENSATION

BUSINESS HIGHLIGHTS

Ingersoll Rand is a world leader in the creation of comfortable, sustainable and efficient environments. Our people and our family of brands including Ingersoll-Rand, Trane, Thermo King and Club Car work together to enhance the quality and comfort of air in homes and buildings, transport and protect food and perishables, and increase industrial productivity and efficiency. We continue to focus on improving the efficiencies and capabilities of the products and services of our businesses. We also continue to focus on operational excellence strategies as a central theme to improving our earnings and cash flow. In 2015, we:

Achieved organic revenue growth of 5% when excluding the impacts of currency and acquisitions.

Achieved 3-year average adjusted earnings per share (EPS) growth of 13%, which approximates the 75th percentile of companies in the S&P 500 Industrials Index.

Acquired and successfully integrated the Cameron Centrifugal Compression Division and FRIGOBLOCK, strengthening our ability to better serve our customers and shareholders.

Continued to make significant strides toward our commitment to cut greenhouse gas emissions and incorporate potential alternatives into our portfolio to lower the Company's impact on global warming. In recognition of our actions we were rated in the top 10 percent of companies on S&P's CDP (Climate Disclosure Project) annual climate change report and selected for the Dow Jones Sustainability World and North America Indices for the fifth consecutive year.

Continued to improve employee engagement as we sought meaningful ways to improve the working lives of our employees, which translates into improved commitment to the company's core values and ultimately leads to improved performance.

Increased our dividend by 16 percent in 2015, delivering on our strategy to provide market value to our shareholders. Since 2010, the annual dividend has increased more than 300%.

OVERVIEW OF PROPOSALS TO BE VOTED

Based on our adjusted 2015 results for Revenue, OI, Cash Flow and OI margin, we achieved an Annual Incentive Matrix (AIM) financial score of 92.51% of target for the Enterprise. At the Segment level, 2015 AIM financial scores were 128.34% of target for the Climate Segment and 0% of target for the Industrial Segment.

Based on our achievement of an average EPS growth rate of 12.89% and a TSR of 52.48% during the 2013 to 2015 performance period, performance share units (PSUs) under our Performance Share Program (PSP) paid out at 157% of target.

CONSIDERATION OF 2015 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Compensation Committee regularly reviews the philosophy, objectives and elements of our executive compensation programs in relation to our short and long-term business objectives. In undertaking this review, the Compensation Committee considers the views of shareholders as reflected in their annual advisory vote on our executive compensation proposal. Shareholders voted 96.82% in favor of the company's Advisory Approval of the Compensation of Our Named Executive Officers at our 2015 annual general meeting. Based on the Compensation Committee's review and the support our executive compensation programs received from shareholders, the Compensation Committee determined it would be appropriate to maintain the core elements of our executive compensation programs.

EXECUTIVE COMPENSATION PRINCIPLES

Our executive compensation programs are based on the following principles:

- | | | |
|---------------------------------|---|-----------------------------|
| (i) business strategy alignment | (iii) mix of short and long-term incentives | (v) shareholder alignment |
| (ii) pay for performance | (iv) internal parity | (vi) market competitiveness |

Consistent with these principles, the Compensation Committee has adopted executive compensation programs with a strong link between pay and achievement of short and long-term Company goals.

Table of Contents

OVERVIEW OF PROPOSALS TO BE VOTED

EXECUTIVE COMPENSATION ELEMENTS

The primary elements of the executive compensation programs are:

Total Direct Compensation

Element ¹	Objective of Element
Base Salary	Fixed cash compensation.
Annual Incentive (the <i>Annual Incentive Matrix</i> or <i>AIM</i>)	Variable cash incentive compensation. Any award earned is based on performance against pre-defined annual revenue (<i>Revenue</i>), Operating Income (<i>OI</i>), cash flow (<i>Cash Flow</i>) and OI margin percent objectives, as well as individual performance.
Long-Term Incentives (<i>LTi</i>)	Variable long-term incentive compensation. Performance is aligned with the Company's stock price and is awarded in the form of stock options, restricted stock units (<i>RSUs</i>) and performance share units (<i>PSUs</i>). PSUs are only payable if the Company's earnings per share (<i>EPS</i>) growth and total shareholder return (<i>TSR</i>) relative to companies in the S&P 500 Industrials Index exceed threshold performance against pre-defined objectives.

¹ See Section V, Compensation Program Descriptions and Compensation Decisions of Compensation Discussion and Analysis, for additional discussion of these elements of compensation.

EXECUTIVE COMPENSATION MIX

As illustrated in the charts below, the Compensation Committee places significant emphasis on variable compensation (AIM and LTI) so that a substantial percentage of each NEO's target total direct compensation is contingent on the successful achievement of the Company's short-term and long-term performance goals.

Approval of Appointment of Independent Auditors

The Board of Directors recommends a vote FOR the proposal to approve the appointment of PwC as independent auditors of the Company and to authorize the Audit Committee of the Board of Directors to set the auditors remuneration.

At the Annual General Meeting, shareholders will be asked to approve the appointment of PricewaterhouseCoopers LLP (PwC) as our independent auditors for the fiscal year ending December 31, 2016, and to authorize the Audit Committee of our Board of Directors to set the independent auditors' remuneration. PwC has been acting as our independent auditors for many years and, both by virtue of its long familiarity with the Company's affairs and its ability, is considered best qualified to perform this important function.

Representatives of PwC will be present at the Annual General Meeting and will be available to respond to appropriate questions. They will have an opportunity to make a statement if they so desire.

AUDIT COMMITTEE REPORT

While management has the primary responsibility for the financial statements and the financial reporting process, including the system of internal controls, the Audit Committee reviews the Company's audited financial statements and financial reporting process on behalf of the Board of Directors. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. The Audit Committee monitors those processes. In this context, the Audit Committee has met and held discussions with management and the independent auditors regarding the fair and complete presentation of the Company's results. The Audit Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with United States generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees issued by the Public Company Accounting Oversight Board (United States).

In addition, the Audit Committee has received and reviewed the written disclosures and the letter from PwC required by the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence and discussed with PwC the auditors' independence from the Company and its management in connection with the matters stated therein. The Audit Committee also considered whether the independent auditors' provision of non-audit services to the Company is compatible with the auditors' independence. The Audit Committee has concluded that the independent auditors are independent from the Company and its management.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets separately with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2015 (2015 Form 10-K), for filing with the Securities and Exchange Commission (the SEC). The Audit

(d) All Other Fees for the fiscal year ended December 31, 2015 and 2014 include license fees for technical accounting software.

The Audit Committee has adopted policies and procedures which require that the Audit Committee pre-approve all non-audit services that may be provided to the Company by its independent auditors. The policy: (i) provides for pre-approval of an annual budget for each type of service; (ii) requires Audit Committee approval of specific projects if not included in the approved budget; and (iii) requires Audit Committee approval if the forecast of expenditures exceeds the approved budget on any type of service. The Audit Committee pre-approved all of the services described under Audit-Related Fees, Tax Fees and All Other Fees. The Audit Committee has determined that the provision of all such non-audit services is compatible with maintaining the independence of PwC.

Item 4.**Renewal of the Directors' existing authority to issue shares**

The Board of Directors recommends that you vote FOR renewing the Directors' authority to issue shares.

Under Irish law, directors of an Irish public limited company must have authority from its shareholders to issue any shares, including shares which are part of the company's authorized but unissued share capital. Our shareholders provided the Directors with this authorization at our 2015 annual general meeting on June 4, 2015 for a period of 18 months. Because this share authorization period will expire in December 2016, we are presenting this proposal to renew the Directors' authority to issue our authorized shares on the terms set forth below.

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

We are seeking approval to authorize our Board of Directors to issue up to 33% of our issued ordinary share capital as of April 8, 2016 (the latest practicable date before this proxy statement), for a period expiring 18 months from the passing of this resolution, unless renewed.

Granting the Board of Directors this authority is a routine matter for public companies incorporated in Ireland and is consistent with Irish market practice. This authority is fundamental to our business and enables us to issue shares, including in connection with our equity compensation plans (where required) and, if applicable, funding acquisitions and raising capital. We are not asking you to approve an increase in our authorized share capital or to approve a specific issuance of shares. Instead, approval of this proposal will only grant the Board of Directors the authority to issue shares that are already authorized under our articles upon the terms below. In addition, we note that, because we are a NYSE-listed company, our shareholders continue to benefit from the protections afforded to them under the rules and regulations of the NYSE and SEC, including those rules that limit our ability to issue shares in specified circumstances. Furthermore, we note that this authorization is required as a matter of Irish law and is not otherwise required for other U.S. companies listed on the NYSE with whom we compete. Renewal of the Directors' existing authority to issue shares is fully consistent with NYSE rules and listing standards and with U.S. capital markets practice and governance standards.

Ingersoll Rand 2016 Proxy Statement 19

Table of Contents

PROPOSALS REQUIRING YOUR VOTE

As required under Irish law, the resolution in respect of Item 4 is an ordinary resolution that requires the affirmative vote of a simple majority of the votes cast.

The text of this resolution is as follows:

That the Directors be and are hereby generally and unconditionally authorized with effect from the passing of this resolution to exercise all powers of the Company to allot relevant securities (within the meaning of Section 1021 of the Companies Act) up to an aggregate nominal amount of \$85,819,339 (85,819,339 shares) (being equivalent to approximately 33% of the aggregate nominal value of the issued ordinary share capital of the Company as of April 8, 2016 (the latest practicable date before this proxy statement)), and the authority conferred by this resolution shall expire 18 months from the passing of this resolution, unless previously renewed, varied or revoked; provided that the Company may make an offer or agreement before the expiry of this authority, which would or might require any such securities to be allotted after this authority has expired, and in that case, the Directors may allot relevant securities in pursuance of any such offer or agreement as if the authority conferred hereby had not expired.

Item 5.

Renewal of the Directors' existing authority to issue shares for cash without first offering shares to existing shareholders.

The Board of Directors recommends that you vote FOR renewing the Directors' authority to issue shares for cash without first offering shares to existing shareholders.

Under Irish law, unless otherwise authorized, when an Irish public limited company issues shares for cash, it is required first to offer those shares on the same or more favorable terms to existing shareholders of the company on a pro-rata basis (commonly referred to as the statutory pre-emption right). Our shareholders provided the Directors with this authorization at our 2015 annual general meeting on June 4, 2015 for a period of 18 months. Because this share authorization period will expire in December 2016, we are presenting this proposal to renew the Directors' authority to opt-out of the pre-emption right on the terms set forth below.

We are seeking approval to authorize our Board of Directors to opt out of the statutory pre-emption rights provision in the event of (1) the issuance of shares for cash in connection with any rights issue and (2) any other issuance of shares for cash, if the issuance is limited to up to 5% of our issued ordinary share capital as of April 8, 2016 (the latest practicable date before this proxy statement), for a period expiring 18 months from the passing of this resolution, unless renewed.

Granting the Board of Directors this authority is a routine matter for public companies incorporated in Ireland and is consistent with Irish market practice. Similar to the authorization sought for Item 4, this authority is fundamental to our business and enables us to issue shares under our equity compensation plans (where required) and if applicable, will facilitate our ability to fund acquisitions and otherwise raise capital. We are not asking you to approve an increase in our authorized share capital. Instead, approval of this proposal will only grant the Board of Directors the authority to issue shares in the manner already permitted under our articles upon the terms below. Without this authorization, in each case where we issue shares for cash, we would first have to offer those shares on the same or more favorable terms to all of our existing shareholders. This requirement could undermine the operation of our compensation plans and cause delays in the completion of acquisitions and capital raising for our business. Furthermore, we note that this authorization is required as a matter of Irish law and is not otherwise required for other U.S. companies listed on the NYSE with whom we compete. Renewal of the Directors' existing authorization to opt out of the statutory pre-emption rights as described above is fully consistent with NYSE rules and listing standards and with U.S. capital markets practice and governance standards.

As required under Irish law, the resolution in respect of this proposal is a special resolution that requires the affirmative vote of at least 75% of the votes cast.

Table of Contents

PROPOSALS REQUIRING YOUR VOTE

The text of the resolution in respect of this proposal is as follows:

As a special resolution, that, subject to the passing of the resolution in respect of Item 4 as set out above and with effect from the passing of this resolution, the Directors be and are hereby empowered pursuant to Section 1023 of the Companies Act 2014 to allot equity securities (as defined in Section 1023 of that Act) for cash, pursuant to the authority conferred by Item 4 as if sub-section (1) of Section 1022 did not apply to any such allotment, provided that this power shall be limited to:

(a) the allotment of equity securities in connection with a rights issue in favor of the holders of ordinary shares (including rights to subscribe for, or convert into, ordinary shares) where the equity securities respectively attributable to the interests of such holders are proportional (as nearly as may be) to the respective numbers of ordinary shares held by them (but subject to such exclusions or other arrangements as the directors may deem necessary or expedient to deal with fractional entitlements that would otherwise arise, or with legal or practical problems under the laws of, or the requirements of any recognized regulatory body or any stock exchange in, any territory, or otherwise); and

(b) the allotment (otherwise than pursuant to sub-paragraph (a) above) of equity securities up to an aggregate nominal value of \$12,872,900 (12,872,900 shares) (being equivalent to approximately 5% of the aggregate nominal value of the issued ordinary share capital of the Company as of April 8, 2016 (the latest practicable date before this proxy statement)) and the authority conferred by this resolution shall expire 18 months from the passing of this resolution, unless previously renewed, varied or revoked; provided that the Company may make an offer or agreement before the expiry of this authority, which would or might require any such securities to be allotted after this authority has expired, and in that case, the Directors may allot equity securities in pursuance of any such offer or agreement as if the authority conferred hereby had not expired.

Item 6.

Determine the price at which the Company can re-allot shares held as treasury shares.

The Board of Directors recommends that shareholders vote FOR the proposal to determine the price at which the Company can re-allot shares held as treasury shares.

Our open-market share repurchases (redemptions) and other share buyback activities may result in ordinary shares being acquired and held by the Company as treasury shares. We may reissue treasury shares that we acquire through our various share buyback activities including in connection with our executive compensation program and our director programs.

Under Irish law, our shareholders must authorize the price range at which we may re-allot any shares held in treasury. In this proposal, that price range is expressed as a minimum and maximum percentage of the closing market price of our ordinary shares on the NYSE the day preceding the day on which the relevant share is re-allotted. Under Irish law, this authorization expires 18 months after its passing unless renewed.

The authority being sought from shareholders provides that the minimum and maximum prices at which an ordinary share held in treasury may be re-allotted are 95% and 120%, respectively, of the closing market price of the ordinary shares on the NYSE the day preceding the day on which the relevant share is re-issued, except as described below with respect to obligations under employee share schemes, which may be at a minimum price of nominal value. Any re-allotment of treasury shares will be at price levels that the Board considers in the best interests of our shareholders.

As required under Irish law, the resolution in respect of this proposal is a special resolution that requires the affirmative vote of at least 75% of the votes cast.

Table of Contents

PROPOSALS REQUIRING YOUR VOTE

The text of the resolution in respect of this proposal is as follows:

As a special resolution, that the re-allotment price range at which any treasury shares held by the Company may be re-allotted shall be as follows:

- (a) the maximum price at which such treasury share may be re-allotted shall be an amount equal to 120% of the market price ; and
- the minimum price at which a treasury share may be re-allotted shall be the nominal value of the share where such a share is
- (b) required to satisfy an obligation under an employee share scheme or any option schemes operated by the Company or, in all other cases, an amount equal to 95% of the market price ; and
- (c) for the purposes of this resolution, the market price shall mean the closing market price of the ordinary shares on the NYSE the day preceding the day on which the relevant share is re-allotted.

FURTHER, that this authority to reissue treasury shares shall expire at 18 months from the date of the passing of this resolution unless previously varied or renewed in accordance with the provisions of Sections 109 and 1078 of the Companies Act 2014.

Item 7.

Amend the Company s Articles of Association to implement proxy access.

The Board of Directors recommends that shareholders vote FOR the proposal to amend the Company s Articles of Association to implement proxy access.

In connection with a review of our corporate governance practices, our Board of Directors has decided to proactively propose the adoption of proxy access to our shareholders. We are recommending that our shareholders approve amendments to our Articles of Association to implement proxy access. Proxy access would allow eligible shareholders to nominate their own nominees for election to our Board and have their nominees included in our proxy materials, along with the candidates nominated by the Board. Our Board is committed to strong corporate governance practices and believes that proxy access is in the best interests of the Company and its shareholders.

We believe that the implementation of proxy access in the manner set forth in this proposal will provide meaningful rights to our shareholders while ensuring the rights are used by shareholders in a responsible manner. The resolution in respect of this Item 7 is a special resolution that requires the affirmative vote of the holders of at least 75% of the votes cast. If approved by shareholders, proxy access will become effective immediately and will be available for use at our 2017 annual general meeting of shareholders.

DESCRIPTION OF THE PROXY ACCESS AMENDMENTS

The following description is only a summary and is qualified in its entirety by reference to the complete text of the proposed amendments, which is attached to this proxy statement as Appendix B. We urge you to read Appendix B in its entirety before casting your vote.

SHAREHOLDER ELIGIBILITY TO NOMINATE DIRECTORS

Any shareholder or group of up to 20 shareholders that has maintained ownership of 3% or more of the Company s shares continuously for at least three years would be permitted to include a specified number of director nominees in the Company s proxy materials for the annual general meeting.

CALCULATION OF QUALIFYING OWNERSHIP

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

In order to ensure that the interests of shareholders seeking to include candidates in the Company's proxy materials are aligned with those of other shareholders, a shareholder would be deemed to own only those shares of the Company as to which the shareholder possesses both (1) the full voting and investment rights pertaining to such shares and (2) the full economic interest in (including the opportunity for profit and risk of loss on) such shares. The following shares would not count as "owned" shares for purposes of determining whether the ownership threshold has been met:

shares sold by a person or any of its affiliates in any transaction that has not been settled or closed;

shares that a person or any of its affiliates borrowed or purchased pursuant to an agreement to resell; and

shares subject to any derivative instrument or similar agreement in respect of the Company's shares, which instrument or agreement has the purpose or effect of (1) reducing the person's or affiliates' full right to vote or direct the voting of any such

shares and/or (2) hedging, offsetting or altering the gain or loss arising from the full economic ownership of such person's or affiliates' shares.

A shareholder will be deemed to own shares held in the name of a nominee or other intermediary so long as the person claiming ownership of such shares retains the right to instruct how the shares are voted with respect to the election of directors and possesses the full economic interest in the shares. A shareholder's ownership of shares will also be deemed to continue during any period in which such person has loaned such shares, provided that the person has the power to recall such loaned shares on three U.S. business days' notice.

NUMBER OF SHAREHOLDER-NOMINATED CANDIDATES

The maximum number of candidates nominated by all eligible shareholders that the Company would be required to include in its proxy materials cannot exceed the greater of two nominees or 20% of the number of directors in office as of the last day on which a notice of proxy access nomination may be delivered to the Company. Any candidate who is subsequently withdrawn, disqualified or included by the Board in the Company's proxy materials as a Board-nominated candidate would be counted against the nominee limit.

In addition, candidates that are included in the Company's proxy materials pursuant to an agreement or other arrangement with one or more shareholders in lieu of such person being formally nominated as a director pursuant to the Company's advance notice or proxy access provisions would be counted against the nominee limit. Moreover, directors that the Board nominates for reelection that were previously elected pursuant to the Company's proxy access provisions or pursuant to an agreement or other arrangement with one or more shareholders in lieu of such person being formally nominated as a director pursuant to the Company's advance notice or proxy access provisions, in each case, at one of the previous two annual general meetings, would be counted against the nominee limit.

PROCEDURE FOR ELECTING CANDIDATES IF NOMINEE LIMIT IS EXCEEDED

Any shareholder or group of shareholders that submits more than one candidate for inclusion in the Company's proxy materials would be required to rank its candidates. If the number of candidates exceeds the nominee limit, the highest ranking eligible candidate from each shareholder or group of shareholders will be included in the Company's proxy materials until the limit is reached, beginning with the shareholder or group of shareholders with the largest number of shares.

NOMINATING PROCEDURES

In order to provide adequate time to assess shareholder-nominated candidates, requests to include such candidates in the Company's proxy materials must be received no earlier than 150 days and no later than 120 days before the first anniversary of the date on which the Company's definitive proxy statement was released to shareholders in connection with the prior year's annual general meeting.

INFORMATION REQUIRED BY ALL NOMINATING SHAREHOLDERS

Each shareholder seeking to include a candidate in the Company's proxy materials would be required to provide certain information to the Company, including but not limited to:

- verification of, and information regarding, the stock ownership of the shareholder as of the date of the submission and the record date for the annual meeting;

- information regarding each candidate, including biographical and stock ownership information;

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

in the case of a nomination by a group of shareholders, the designation by all group members of one specified group member that is authorized to act on behalf of all group members with respect to the nomination and all related matters;

a copy of the Schedule 14N filed by the shareholder(s) with the SEC; and

a description of any financial arrangement with respect to the nomination between the shareholder or candidate and any other person.

Shareholders and candidates, as applicable, would also be required to make certain representations to, and agreements with, the Company, including but not limited to:

representation that such person does not have any intent to change or influence control of the Company;

representation that such shareholder will maintain qualifying ownership through the date of the applicable annual general meeting;

agreement to refrain from soliciting in support of the election of any individual as a director other than its candidate(s) or a nominee of the Board;

agreement to provide written statements verifying continuous qualifying ownership through the record date for the applicable annual general meeting;

agreement by the candidate to refrain from becoming a party to any agreement or commitment as to how such candidate will vote on any issue if elected as a director of the Company;

unless disclosed to the Company, agreement by the candidate to refrain from becoming a party to any compensatory or other financial arrangement with any person other than with the Company in connection with such person's service as a director of the Company;

agreement to not distribute any form of proxy for the annual general meeting other than the form distributed by the Company;

agreement to comply with applicable laws and Company policies and assume liability arising out of the communications with the Company and its shareholders and indemnify the Company and its directors and officers for liability arising from or relating to the nomination; and

representation as to the accuracy and completeness of all information provided to the Company.

EXCLUSION OF SHAREHOLDER NOMINEES

The Company would not be required to include a candidate in the Company's proxy materials if, among other things:

any shareholder nominates a person for election pursuant to the advance notice provisions of the Company's Articles, or any director then in office was previously nominated by a shareholder pursuant to the advance notice provisions in the Company's Articles at one of the previous two annual general meetings;

the candidate is not independent under applicable independence standards or has been an officer or director of a competitor within the past three years;

the election of the candidate would cause the Company to violate its Memorandum or Articles of Association, the rules and listing standards of the principal exchange upon which the Company's shares are listed, any applicable law, rule or regulation or any publicly disclosed standards of the Company applicable to directors;

the candidate or the shareholder has provided materially untrue or misleading information to the Company; or

the candidate's then-current business or personal interests or those within the preceding ten years place the candidate in a conflict of interest with the Company or any of its subsidiaries that would cause the candidate to violate any fiduciary duties of directors under the Companies Act 2014.

In addition, the Board or the chairman of the annual general meeting will declare a director nomination to be defective, and such nomination will be disregarded, if the shareholder or candidate breaches any of their respective obligations under the Company's Articles of Association, including its proxy access provision, or either the candidate or the shareholder does not appear at the annual general meeting in person.

FUTURE DISQUALIFICATION OF SHAREHOLDER-NOMINATED CANDIDATES AND NOMINATING SHAREHOLDERS

Any candidate who is included in the Company's proxy materials but subsequently either withdraws from or becomes ineligible for election at the meeting or does not receive at least 25% of the votes cast in favor of election would be ineligible for nomination at the following two annual general meetings.

Shareholders will be disqualified from using proxy access at the following two annual general meetings if they submit a candidate under either proxy access or advance notice and such candidate does not receive 10% of the votes cast or such candidate withdraws or becomes ineligible.

SUPPORTING STATEMENT

Shareholders would be permitted to include in the Company's proxy statement for the applicable annual general meeting a written statement of up to 500 words in support of the election of the candidate. The Company would be permitted to omit any information or statement that the Company determines is materially false or misleading or whose disclosure would violate any applicable law or regulation.

PROPOSALS REQUIRING YOUR VOTE

Item 8A and 8B.

Amend the Company s: (A) Articles of Association to make certain administrative amendments and (B) Memorandum of Association to make certain administrative amendments.

The Board of Directors recommends that shareholders vote FOR the proposals to amend the Company s: (A) Articles of Association to Make Certain Administrative Amendments and (B) Memorandum of Association to Make Certain Administrative Amendments.

Item 8A sets out certain proposed amendments to our Articles of Association, and Item 8B sets out certain proposed amendments to our Memorandum of Association. Under Irish law, any amendment to a public company s Articles of Association must be voted on separately from any amendment to a public company s Memorandum of Association. For that reason, we are asking shareholders to separately vote on Items 8A and 8B; however, given the inextricable link between Items 8A and 8B, each proposal is subject to the other being approved by shareholders, and as a result, both proposals will fail if either proposal does not pass.

Item 8A.

Amend the Company s Articles of Association to make certain administrative amendments.

The Board of Directors recommends that shareholders vote FOR the proposal to amend the Company s Articles of Association to make certain administrative amendments.

Set out below is background information on the proposed amendments to our Articles of Association pursuant to this proposal. The description of the following proposed amendments is only a summary and is qualified in its entirety by reference to the complete text of the proposed amendments, which is attached to this proxy statement as Part I of Appendix C. We urge you to read Part I of Appendix C in its entirety before casting your vote.

On June 1, 2015, the Companies Act 2014 took effect in Ireland. The Companies Act 2014 is meant to consolidate and modernize company law in Ireland. Although the changes to Irish company law will not impact our day-to-day operations, we must make some administrative updates to our Articles of Association to ensure that they are not impacted or affected by the introduction of this new law. None of the updates to our Articles of Association proposed to be made in connection with the Companies Act 2014 will materially change the rights of our shareholders.

As an example, the Companies Act 2014 will automatically apply certain sections of the Act to the Company unless we explicitly opt-out. Given many of these sections either address matters that are already covered by our Articles of Association or are not applicable to us, we are proposing to amend our Articles of Association to explicitly opt-out of certain provisions, as permitted by the Companies Act 2014. For example, the Companies Act 2014 includes a provision regarding the appointment of directors, which is already covered by existing provisions in our Articles of Association and we therefore recommend opting out of that provision.

Attached as Appendix D to this proxy statement is a table that sets out a summary of the optional provisions from which we propose to opt-out, as well as certain other administrative amendments that we propose to make to our Articles of Association to address the adoption of the Companies Act 2014. Each of the proposed administrative amendments is summarized in more detail in Part III of Appendix D.

As required under Irish law, the resolution in respect of Item 8A is a special resolution that requires the affirmative vote of the holders of at least 75% of the votes cast. In addition, Item 8A is subject to Item 8B being adopted. Therefore, unless shareholders approve Items 8B, Item 8A will fail.

The text of the resolution in respect of this proposal is as follows:

As a special resolution that, subject to and conditional upon Item 8B being passed, the Articles of Association be and are hereby amended in the manner provided in Part I of Appendix C of this proxy statement.

Item 8B.

Amend the Company's Memorandum of Association to make certain administrative amendments.

The Board of Directors recommends that shareholders vote FOR the proposal to amend the Company's Memorandum of Association to make certain administrative amendments.

Set out below is background information on the proposed amendments to our Memorandum of Association. The description of the following proposed amendments is only a summary and is qualified in its entirety by reference of the complete text of the proposed amendments, which is attached to this proxy statement as Part II of Appendix C. We urge you to read Part II of Appendix C in its entirety before casting your vote.

As described above, on June 1, 2015, the Companies Act 2014 took effect in Ireland. In addition to the proposed amendments described above to our Articles of Association to accommodate the adoption of the Companies Act 2014, we must also make certain corresponding administrative amendments to our Memorandum of Association to account for the adoption of the Companies Act 2014. None of the updates to our Memorandum of Association proposed to be made in connection with the Companies Act 2014 will materially change the rights of our shareholders. The proposed amendments to our Memorandum of Association are each specifically described in the text of the resolution below, as required under Irish law.

As required under Irish law, the resolution in respect of Item 8B is a special resolution that requires the affirmative vote of the holders of at least 75% of the votes cast. In addition, Item 8B is subject to Item 8A being adopted. Therefore, unless shareholders approve Item 8A, Item 8B will fail.

The text of the resolution in respect of this proposal is as follows:

As a special resolution that, subject to and conditional upon Item 8A being passed, the Memorandum of Association be and is hereby amended as follows and in the manner provided in Part II of Appendix C of this proxy statement:

- (a) by the deletion of the existing clause 2 and the substitution therefor of the following new clause 2:
2. The Company is a public limited company, registered under Part 17 of the Companies Act 2014 ;
- (b) by the deletion of the existing clause 3(c);
- (c) the words "Section 155 of the Companies Act, 1963" in clause 3(14) be deleted and the words "the Companies Act 2014" be substituted therefor; and
- (d) the words "wives" in clause 3(22) be deleted and the words "spouses, civil partners" be substituted therefor.

Item 9A and 9B.

To amend the Company's Articles of Association to: (A) provide for a plurality voting standard in the event of a contested election and (B) grant the Board sole authority to determine its size.

The Board of Directors recommends that shareholders vote FOR the proposals to (A) provide for a plurality voting standard in the event of a contested election and (B) grant the Board sole authority to determine its size.

Item 9A sets out proposed amendments to our Articles of Association to provide for a plurality voting standard in the context of a contested election, and Item 9B sets out proposed amendments to our Articles of Association to provide the Board the sole authority to set its size. Under Irish law, unless the Board is granted sole authority to set its size, the plurality voting standard would not achieve its desired results. For example, unless the Board is granted sole authority to set its size, nominees (including the Company's nominees) who receive a simple majority of votes cast may also be elected to the Board, even if those nominees receive fewer votes than other nominees that were elected to fill the available seats. In contrast, in the United States, under a plurality voting standard, only those directors who receive the most votes for the available seats are elected. Given the link between Items 9A and 9B, each proposal is subject to the other being approved by shareholders, and as a result, both proposals will fail if either proposal does not pass.

PROPOSALS REQUIRING YOUR VOTE

Item 9A.

To amend the Company's Articles of Association to provide for a plurality voting standard in the event of a contested election.

The Board of Directors recommends that shareholders vote FOR the proposal to amend the Company's Articles of Association to provide for a plurality voting standard in the event of a contested election.

Today, the Company has a majority voting standard for both uncontested and contested director elections. However, in the context of contested director elections, many believe that a plurality voting standard is more appropriate for a number of reasons, including to avoid the risk of a failed election (*i.e.*, where one or more directors fails to receive a majority vote). In the United States, under a plurality voting standard, the nominees receiving the highest number of votes, regardless of whether the nominees receive a majority of the votes cast in the election, would be elected as directors. In the United States, proxy advisory firms generally support this view as well and best practice calls for a majority voting standard in uncontested director elections, and a plurality voting standard in contested elections.

In recent years, as best practices in corporate governance have evolved, there has been a shift from the historically dominant plurality voting standard in all director elections to a majority voting standard in uncontested elections and a plurality standard in contested elections. A survey of the 100 largest U.S. public companies reveals that the overwhelming majority have adopted a majority voting standard for uncontested elections while retaining a plurality voting standard for contested elections.

In light of the Board's recommendation to proactively adopt proxy access, and the Board's continual review of governance standards, the Board recommends that shareholders approve an amendment to our Articles of Association to provide for a plurality voting standard solely in the case of a contested election. If adopted, this amendment would provide that where the number of director nominees exceeds the number of directors to be elected, only those directors receiving the most votes for the available seats would be elected. The Board believes it is in the best interests of our shareholders to adopt the plurality voting standard in the case of contested elections, while maintaining the Company's majority voting standard in the case of uncontested elections. Accordingly, Item 9A seeks shareholder approval to amend our Articles of Association to provide for plurality voting in a contested election.

As required under Irish law, the resolution in respect of Item 9A is a special resolution that requires the affirmative vote of the holders of at least 75% of the votes cast. In addition, Item 9A is subject to Item 9B being adopted. Therefore, unless shareholders approve Item 9B, Item 9A will fail.

The text of the resolution in respect of this proposal is as follows:

PROPOSALS REQUIRING YOUR VOTE

Item 9B.

Amend the Company's Articles of Association to grant the Board sole authority to determine its size.

The Board of Directors recommends that shareholders vote FOR the proposal to amend the Company's Articles of Association to grant the Board sole authority to determine its size.

Our Board is also proposing to amend our Articles of Association to provide that the size of the Board be set solely by resolution of the Board. This amendment is necessary in order for the plurality voting mechanism described above to function effectively in Ireland. As discussed above, unless the Board is granted sole authority to set its size, nominees (including the Company's nominees) who receive a simple majority of votes cast may also be elected to the Board, even if those nominees receive fewer votes than other nominees that were elected to fill the available seats. Accordingly, in order for proxy access (as described under Item 7 above) to operate effectively, the Board must have sole authority to set its size and a plurality voting standard must be applied in the context of contested elections.

As with plurality voting in contested elections, granting the Board sole authority to set its size is a common governance practice in the United States. A survey of the 100 largest U.S. public companies reveals that the overwhelming majority have granted their board sole authority to set the size of the board. Accordingly, Item 9B seeks shareholder approval to amend our Articles of Association to grant the Board sole authority to set its size within the parameters established in our Articles of Association.

As required under Irish law, the resolution in respect of Item 9B is a special resolution that requires the affirmative vote of the holders of at least 75% of the votes cast. In addition, Item 9B is subject to Item 9A being adopted. Therefore, unless shareholders approve Item 9A, Item 9B will fail.

The text of the resolution in respect of this proposal is as follows:

As a special resolution that, subject to and conditional upon Item 9A being passed, the Articles of Association be and are hereby amended in the manner provided in Part II of Appendix E of this proxy statement.

The following is a summary of our Corporate Governance Guidelines and practices. A copy of our Corporate Governance Guidelines, as well as the charters of each of our Board committees, are available on our website at www.ingersollrand.com under the heading Investor Relations Corporate Governance.

ROLE OF THE BOARD OF DIRECTORS

The Company's business is managed under the direction of the Board of Directors. The role of the Board of Directors is to oversee the management and governance of the Company and monitor senior management's performance.

BOARD RESPONSIBILITIES

The Board of Directors' core responsibilities include:

- selecting, monitoring, evaluating and compensating senior management;
- assuring that management succession planning is adequate;
- reviewing the Company's financial controls and reporting systems;
- overseeing the Company's management of enterprise risk;
- reviewing the Company's ethical standards and legal compliance programs and procedures; and
- evaluating the performance of the Board of Directors, Board committees and individual directors.

BOARD LEADERSHIP STRUCTURE

The positions of Chairman of the Board and CEO at the Company are held by the same person, except in unusual circumstances, such as during a CEO transition. This policy has worked well for the Company. It is the Board of Directors' view that the Company's corporate governance principles, the quality, stature and substantive business knowledge of the members of the Board, as well as the Board's culture of open communication with the CEO and senior management are conducive to Board effectiveness with a combined Chairman and CEO position.

In addition, the Board of Directors has a strong, independent Lead Director and it believes this role adequately addresses the need for independent leadership and an organizational structure for the independent directors. The Board of Directors appoints a Lead Director for a three-year minimum term from among the Board's independent directors. The Lead Director coordinates the activities of all of the Board's independent directors. The Lead Director is the principal confidant to the CEO and ensures that the Board of Directors has an open, trustful relationship with the Company's senior management team. In addition to the duties of all directors, as set forth in the Company's Governance Guidelines, the specific responsibilities of the Lead Director are as follows:

- Chair the meetings of the independent directors when the Chairman is not present;
- Ensure the full participation and engagement of all Board members in deliberations;
- Lead the Board of Directors in all deliberations involving the CEO's employment, including hiring, contract negotiations, performance evaluations, and dismissal;
- Counsel the Chairman on issues of interest/concern to directors and encourage all directors to engage the Chairman with their interests and concerns;

Work with the Chairman to develop the Board and Committee agendas and approve the final agendas;

Keep abreast of key Company activities and advise the Chairman as to the quality, quantity and timeliness of the flow of information from Company management that is necessary for the directors to effectively and responsibly perform their duties; although Company management is responsible for the preparation of materials for the Board of Directors, the Lead Director will approve information provided to the Board and may specifically request the inclusion of certain material;

Engage consultants who report directly to the Board of Directors and assist in recommending consultants that work directly for Board Committees;

Work in conjunction with the Corporate Governance and Nominating Committee in compliance with Governance Committee processes to interview all Board candidates and make recommendations to the Board of Directors;

Work in conjunction with the Corporate Governance and Nominating Committee to identify for appointment the members of the various Board Committees, as well as selection of the Committee chairs;

Help set the tone for the highest standards of ethics and integrity.

Mr. Swift has been the Company's Lead Director since January 2010.

BOARD RISK OVERSIGHT

The Board of Directors has oversight responsibility of the processes established to report and monitor systems for material risks applicable to the Company. The Board of Directors focuses on the Company's general risk management strategy and the most significant risks facing the Company and ensures that appropriate risk mitigation strategies are implemented by management. The full Board is responsible for considering strategic risks and succession planning and, at each Board meeting, receives reports from each Committee as to risk oversight within their areas of responsibility. The Board of Directors has delegated to its various committees the oversight of risk management practices for categories of risk relevant to their functions as follows:

The Audit Committee oversees risks associated with the Company's systems of disclosure controls and internal controls over financial reporting, as well as the Company's compliance with legal and regulatory requirements.

The Compensation Committee considers risks related to the attraction and retention of talent and risks related to the design of compensation programs and arrangements.

The Corporate Governance and Nominating Committee oversees risks associated with board succession, conflicts of interest, corporate governance and sustainability.

The Finance Committee oversees risks associated with foreign exchange, insurance, credit and debt.

The Company has appointed the Chief Financial Officer as its Chief Risk Officer and, in that role, the Chief Risk Officer periodically reports on risk management policies and practices to the relevant Board Committee or to the full Board so that any decisions can be made as to any required changes in the Company's risk management and mitigation strategies or in the Board's oversight of these. As part of its oversight of the Company's executive compensation program, the Compensation Committee considers the impact of the Company's executive compensation program and the incentives created by the compensation awards that it administers on the Company's risk profile. In addition, the Company reviews all of its compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to the Company. Based on this review, the Company has concluded that its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

DIRECTOR COMPENSATION AND SHARE OWNERSHIP

It is the policy of the Board of Directors that directors' fees be the sole compensation received from the Company by any non-employee director. The Company has a share ownership requirement of four times the annual cash retainer paid to the directors. A director cannot sell any shares of Company stock until he or she attains such level of ownership and any sale thereafter cannot reduce the total number of holdings below the required ownership level. Directors are required to retain this minimum level of Company share ownership until their resignation or retirement from the Board.

BOARD COMMITTEES

The Board of Directors has the following committees: Audit Committee, Compensation Committee, Corporate Governance and Nominating Committee, Finance Committee, Technology and Innovation Committee and Executive Committee. The Board of Directors consists of a substantial majority of independent, non-employee directors. Only non-employee directors serve on the Audit, Compensation, Corporate Governance and Nominating, Finance and Technology and Innovation Committees. The Board of Directors has determined that each member of each of these committees is independent as defined in the NYSE listing standards and the Company's Guidelines for Determining Independence of Directors. Chairpersons and members of these five committees are rotated periodically, as appropriate. The Chairman, who is also the CEO, serves on the Company's Executive Committee and is Chairperson of such Committee. The remainder of the Executive Committee is comprised of the non-employee director Chairpersons of the Audit, Compensation, Corporate Governance and Nominating and Finance Committees. Committee memberships and chairs are rotated periodically.

CORPORATE GOVERNANCE

BOARD DIVERSITY

The Company's policy on Board diversity relates to the selection of nominees for the Board of Directors. In selecting a nominee for the Board, the Corporate Governance and Nominating Committee considers the skills, expertise and background that would complement the existing Board and ensure that its members are of sufficiently diverse and independent backgrounds, recognizing that the Company's businesses and operations are diverse and global in nature. The Board of Directors has four female directors, one Hispanic director, one Asian director and two Irish directors out of a total of 12 directors.

BOARD ADVISORS

The Board of Directors and its committees may, under their respective charters, retain their own advisors to carry out their responsibilities.

EXECUTIVE SESSIONS

The Company's independent directors meet privately in regularly scheduled executive sessions, without management present, to consider such matters as the independent directors deem appropriate. These executive sessions are required to be held no less than twice each year.

BOARD AND BOARD COMMITTEE PERFORMANCE EVALUATION

The Corporate Governance and Nominating Committee assists the Board in evaluating its performance and the performance of the Board committees. Each committee also conducts an annual self-evaluation. The effectiveness of individual directors is considered each year when the directors stand for re-nomination.

DIRECTOR ORIENTATION AND EDUCATION

The Company has developed an orientation program for new directors and provides continuing education for all directors. In addition, the directors are given full access to management and corporate staff as a means of providing additional information.

DIRECTOR NOMINATION PROCESS

The Corporate Governance and Nominating Committee reviews the composition of the full Board to identify the qualifications and areas of expertise needed to further enhance the composition of the Board, makes recommendations to the Board concerning the appropriate size and needs of the Board and, on its own or with the assistance of management, a search firm or others, identifies candidates with those qualifications. In considering candidates, the Corporate Governance and Nominating Committee will take into account all factors it considers appropriate, including breadth of experience, understanding of business and financial issues, ability to exercise sound judgment, diversity, leadership, and achievements and experience in matters affecting business and industry. The Corporate Governance and Nominating Committee considers the entirety of each candidate's credentials and believes that at a minimum each nominee should satisfy the following criteria: highest character and integrity, experience and understanding of strategy and policy-setting, sufficient time to devote to Board matters, and no conflict of interest that would interfere with performance as a director. Shareholders may recommend candidates for consideration for Board membership by sending the recommendation to the Corporate Governance and Nominating Committee, in care of the Secretary of the Company. Candidates recommended by shareholders are evaluated in the same manner as director candidates identified by any other means.

DIRECTOR RETIREMENT

It is the policy of the Board of Directors that each non-employee director must retire at the annual general meeting immediately following his or her 75th birthday. Directors who change the occupation they held when initially elected must offer to resign from the Board of Directors. At that time, the Corporate Governance and Nominating Committee reviews the continued appropriateness of Board membership under the new circumstances and makes a recommendation to the Board of Directors. Employee directors,

including the CEO, must retire from the Board of Directors at the time of a change in their status as an officer of the Company, unless the policy is waived by the Board.

DIRECTOR INDEPENDENCE

The Board of Directors has determined that all of our current directors and director nominees, except Mr. Lamach, who is an employee of the Company, are independent under the standards set forth in Exhibit I to our Corporate Governance Guidelines, which are consistent with the NYSE listing standards. In determining the independence of directors, the Board evaluated transactions between the Company and entities with which directors were affiliated that occurred in the ordinary course of business and that were provided on the same terms and conditions available to other customers. A copy of Exhibit I to our Corporate Governance Guidelines is available on our website, www.ingersollrand.com, under the heading Investor Relations Corporate Governance.

CODE OF CONDUCT

The Company has adopted a worldwide Code of Conduct, applicable to all employees, directors and officers, including our Chief Executive Officer, our Chief Financial Officer and our Controller. The Code of Conduct meets the requirements of a code of ethics as defined by Item 406 of Regulation S-K, as well as the requirements of a code of business conduct and ethics under the NYSE listing standards. The Code of Conduct covers topics including, but not limited to, conflicts of interest, confidentiality of information, and compliance with laws and regulations. A copy of the Code of Conduct is available on our website located at www.ingersollrand.com under the heading Investor Relations Corporate Governance. Amendments to, or waivers of the provisions of, the Code of Conduct, if any, made with respect to any of our directors and executive officers will be posted on our website.

ANTI-HEDGING POLICY AND OTHER RESTRICTIONS

The Company prohibits its directors and executive officers from (i) purchasing any financial instruments designed to hedge or offset any decrease in the market value of Company securities, (ii) engaging in any form of short-term speculative trading in Company securities and (iii) holding Company securities in a margin account or pledging Company securities as collateral for a loan.

INVESTOR OUTREACH

We believe it is important to understand our shareholders and their concerns and questions about our Company. During 2015, we met with a number of our top shareholders to answer questions about our Company and to learn about issues that are important to them. We hosted an Investor Day which was attended by over 50 of our investors and all of our senior management and publicly webcast informational sessions for availability to all of our shareholders. We also worked with a third party firm to survey investor perception regarding our Company on a wide range of topics including corporate governance and executive compensation. The results of this survey were favorable. We intend to continue our investor outreach efforts and plan to expand those efforts during 2016.

BOARD, COMMITTEE AND ANNUAL MEETING ATTENDANCE

The Board of Directors and its committees held the following number of meetings during the fiscal year ended December 31, 2015:

Board	6
Audit Committee	9
Compensation Committee	6
Corporate Governance and Nominating Committee	6
Finance Committee	6
Executive Committee	0

Each incumbent director attended 95% or more of the total number of meetings of the Board of Directors and the committees on which he or she served during the year. The Company's non-employee directors held six independent director meetings without management present during the fiscal year 2015. It is the Board's general practice to hold independent director meetings in connection with regularly scheduled Board meetings.

The Company expects all Board members to attend the annual general meeting, but from time to time other commitments prevent all directors from attending the meeting. All of our Board members standing for election or re-election at the 2015 Annual General Meeting attended that meeting, which was held on June 4, 2015.

Table of Contents**COMPENSATION OF DIRECTORS****DIRECTOR COMPENSATION**

Our director compensation program is designed to compensate non-employee directors fairly for work required for a company of our size and scope and to align their interests with the long-term interests of our shareholders. The program reflects our desire to attract, retain and use the expertise of highly qualified people serving on the Company's Board of Directors. Employee directors do not receive any additional compensation for serving as a director. Our 2015 director compensation program for non-employee directors consisted of the following elements:

Compensation Element	Compensation Value (\$)
Annual Retainer (1/2 paid in cash and 1/2 paid in restricted stock units) *	285,000
Audit Committee Chair Cash Retainer	30,000
Compensation Committee Chair Cash Retainer	20,000
Corporate Governance and Nominating Committee Chair and Finance Committee Chair Cash Retainer	15,000
Audit Committee Member Cash Retainer (other than Chair)	7,500
Lead Director Cash Retainer	50,000
Additional Meetings or Unscheduled Planning Session Fees **	2,500
	(per meeting or session)

* The number of restricted stock units granted are determined by dividing the grant date value of the award, \$142,500 by the average of the high and low closing price of the Company's common stock on the date of grant. A director who retires, resigns or otherwise separates from the Company receives a pro-rata cash retainer payment for the quarter in which such event occurs based on the number of days elapsed since the end of the immediately preceding quarter.

** The Board and the Compensation Committee, Corporate Governance and Nominating Committee and Finance Committee, each has 6 regularly scheduled meetings each year. The Audit Committee has 9 regularly scheduled meetings each year. The Technology and Innovation Committee meets at least once a year. The Executive Committee meets on an as needed basis when directed by the Chairman or Lead Director. In addition, non-employee directors were previously eligible to receive a tax equalization payment if the Irish income taxes owed on their director compensation exceeded the income taxes owed on such compensation in their country of residence. Without these tax equalization payments, a director would have been subject to double taxation since they were already paying taxes on their director income in their country of residence. We believe these tax equalization payments were appropriate to ensure our ability to continue to attract highly qualified persons who did not reside in Ireland. In 2015, one non-employee director received a tax equalization payment relating to the retainer earned in the 2013 fiscal year. In 2014, our Corporate Governance and Nominating Committee eliminated the tax equalization payments on retainers beginning with the retainers earned for the 2014 fiscal year.

In October 2015, we formed an Executive Committee. Mr. Lamach does not receive any compensation for serving as the chairman of the Executive Committee. In 2016, we formed a Technology and Innovation Committee. The Chair of the Technology and Innovation Committee receives a \$7,500 annual retainer fee.

SHARE OWNERSHIP REQUIREMENT

To align the interests of directors with shareholders, the Board of Directors has adopted a share ownership requirement of four times the annual cash retainer paid to the directors. A director cannot sell any shares of Company stock until he or she attains such level of ownership and any sale thereafter cannot reduce the total number of holdings below the required ownership level. Directors are required to retain this minimum level of Company share ownership until their resignation or retirement from the Board.

I. EXECUTIVE SUMMARY

Ingersoll Rand is a world leader in the creation of comfortable, sustainable and efficient environments. Our people and our family of brands including Ingersoll-Rand, Trane, Thermo King and Club Car work together to enhance the quality and comfort of air in homes and buildings, transport and protect food and perishables, and increase industrial productivity and efficiency. We continue to focus on improving the efficiencies and capabilities of the products and services of our businesses. We also continue to focus on operational excellence strategies as a central theme to improving our earnings and cash flow.

In 2015 we:

Achieved organic revenue growth of 5% when excluding the impacts of currency and acquisitions.

Achieved 3-year average adjusted EPS growth of 13%, which approximates the 75th percentile of companies in the S&P 500 Industrials Index.

Acquired and successfully integrated the Cameron Centrifugal Compression Division and FRIGOBLOCK, strengthening our ability to better serve our customers and shareholders.

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

Continued to make significant strides toward our commitment to cut greenhouse gas emissions and incorporate potential alternatives into our portfolio to help lower the Company's and our customers' impact on global warming. In recognition of our actions we were rated in the top 10 percent of companies on S&P's CDP (Climate Disclosure Project) annual climate change report and selected for the Dow Jones Sustainability World and North America Indices for the fifth consecutive year.

Continued to improve employee engagement as we sought meaningful ways to improve the working lives of our employees, which translates into improved commitment to the company's core values and ultimately leads to improved performance.

Increased our dividend by 16 percent in 2015, delivering on our strategy to provide market value to our shareholders. Since 2010, the annual dividend has increased more than 300%.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****2015 RESULTS**

The following table documents the financial results realized in 2015:

Metric	Performance
Revenue	Adjusted annual Revenue of \$13.600 billion, an increase of 5.6% over 2014
Operating Income (OI)	Adjusted OI of \$1.535 billion, an increase of 7.9% over 2014
Operating Income Margin (OI Margin)	Adjusted OI margin of 11.3%, an increase of 0.2 percentage points over 2014
Cash Flow	Adjusted Cash Flow of \$1.021 billion, an increase of 19.7% from 2014
EPS	Adjusted EPS of \$3.41, an increase of 3.3% over 2014
3-Year EPS Growth	3-year EPS growth (2013 - 2015) of 12.89%, which ranks at the 76th percentile of the companies in the S&P 500 Industrials Index
3-Year TSR	3-year TSR (2013-2015) of 52.48%, which ranks at the 53rd percentile of the companies in the S&P 500 Industrials Index

Based on our adjusted 2015 results for Revenue, OI, Cash Flow and OI margin, we achieved an Annual Incentive Matrix (AIM) financial score of 92.51% of target for the Enterprise. At the Segment level, 2015 AIM financial scores were 128.34% of target for the Climate Segment and 0% of target for the Industrial Segment.

Based on our achievement of an average EPS growth rate of 12.89% and a total shareholder return (TSR) of 52.48% during the 2013 to 2015 performance period, PSUs under our Performance Share Program (PSP) paid out at 157% of target.

The Compensation Committee (the Committee) has adopted executive compensation programs with a strong link between pay and the achievement of short and long-term Company goals. The primary elements of the executive compensation programs are:

Element ⁽¹⁾	Total Direct Compensation
Base Salary	Objective of Element Fixed cash compensation.
Annual Incentive (the Annual Incentive Matrix or AIM)	Variable cash incentive compensation. Any award earned is based on performance against pre-defined annual revenue (Revenue), Operating Income (OI), cash flow (Cash Flow) and OI margin percent objectives, as well as individual performance.
Long-Term Incentives (LTI)	Variable long-term incentive compensation. Performance is aligned with the Company's stock price and is awarded in the form of stock options, restricted stock units (RSUs) and performance share units (PSUs). PSUs are only payable if the Company's earnings per share (EPS) growth and total shareholder return (TSR) relative to companies in the S&P 500 Industrials Index exceed threshold performance against pre-defined objectives.

⁽¹⁾ See Section V, Compensation Program Descriptions and Compensation Decisions , for additional discussion of these elements of compensation.

COMPENSATION DISCUSSION AND ANALYSIS

As illustrated in the charts below, the Committee places significant emphasis on variable compensation (AIM and LTI) so that a substantial percentage of each NEO's target total direct compensation is contingent on the successful achievement of the Company's short-term and long-term performance goals.

2015 COMMITTEE ACTIONS

The Committee took the following actions in 2015:

Reviewed proposed Dodd-Frank regulations related to pay versus performance disclosure, claw-back policies, and CEO Pay Ratios to ensure thoughtful and timely compliance when the final regulations are released.

Approved an amendment to the Key Management Supplemental Pension Program (the "KMP") to require that new participants complete a minimum of five years of service following their date of participation before becoming vested in the KMP benefit.

GOOD GOVERNANCE PRACTICES

In addition to the actions taken in 2015, a number of good governance practices are in place, including:

We employ diversified metrics for our AIM and Performance Share Program ("PSP") programs to align with business strategies and shareholder interests;

We tie incentive awards to the achievement of pre-determined and measurable performance objectives;

We place significant emphasis on variable compensation (AIM and LTI) in designing our compensation mix;

We maintain a claw-back/recoupment policy and robust stock ownership requirements for our executives;

We do not provide tax gross-ups for any change-in-control agreement entered into after May of 2009. Only 4 of our 17 officers (less than 25%) have a tax gross-up provision in an agreement entered into with such officer prior to May 2009;

We use tally sheets to fully understand all elements of current and potential future compensation, which are reviewed by the Committee prior to making compensation decisions for the NEOs;

We evaluate our peer group regularly and make adjustments when deemed appropriate;

We prohibit the re-pricing of equity awards;

We require double-trigger vesting for any cash payments under our change in control agreements; and,

We conduct regular reviews of our executive compensation design to ensure it addresses business needs, shareholder interests and regulatory requirements.

CONSIDERATION OF 2015 ADVISORY VOTE ON EXECUTIVE COMPENSATION

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

The Committee regularly reviews the philosophy, objectives and elements of our executive compensation programs in relation to our short and long-term business objectives. In undertaking this review, the Committee considers the views of shareholders as reflected in their annual advisory vote on our executive compensation proposal. Shareholders voted 96.82% in favor of the company's Advisory Approval of the Compensation of Our Named Executive Officers proposal at our 2015 annual general meeting. Based on the Committee's review and the support our executive compensation programs received from shareholders, the Committee determined it would be appropriate to maintain the core elements of our executive compensation programs.

COMPENSATION DISCUSSION AND ANALYSIS

II. COMPENSATION PHILOSOPHY AND DESIGN PRINCIPLES

Our executive compensation programs are designed to enable us to attract, retain and focus the talents and energies of executive officers (including our NEOs) who are capable of meeting the Company's current and future goals, most notably the creation of sustainable shareholder value. As we operate in an ever-changing environment, our Committee makes decisions with consideration of economic, technological, regulatory, investor and competitive factors as well as our executive compensation principles.

The design principles that govern our executive compensation programs are:

Business strategy alignment	Our executive compensation programs provide flexibility to align with changing Company or business unit strategies. In addition, the programs allow for individuals within the Company's businesses to focus on specific financial measures to meet the short and long-term plans of the particular business for which they are accountable. It is not only possible but also desirable for certain leaders to earn substantial awards in years when their business unit outperforms the Company as a whole. Conversely, if a business fails to meet its performance goals, that business leader may earn a lesser award than his or her peers in that year. To provide a balanced incentive, all executives have a significant portion of their compensation tied to Company performance.
Pay for performance	A strong pay for performance culture is paramount to our Company's success. As a result, each executive's target total direct compensation (TDC) is tied to performance of the Company, the applicable business, and the individual. Company and business performance is measured against pre-established financial, operational and strategic objectives. Individual performance is measured against pre-established individual goals as well as demonstrated leadership competencies and behaviors consistent with our Company values. In addition, a portion of the long-term incentive is earned based upon earnings and shareholder value performance relative to peer companies.
Mix of short and long-term incentives	A proper mix between short and long-term incentives is important to encourage decision making that mitigates risk and balances the need to meet our Annual Operating Plan (AOP) objectives while also taking into account the long-term interests of the Company and its shareholders. The mix of pay, including short and long-term incentives, is determined by considering the Company's pay for performance compensation philosophy and strategic objectives in addition to competitive market practice.
Internal parity	Each executive's target TDC opportunity is proportionate with the responsibility, scope and complexity of his or her role within the Company. Thus, similar jobs are assigned similar target compensation opportunities.
Shareholder alignment	Our executive compensation programs align the interests of our executives with those of our shareholders by rewarding the achievement of key financial targets such as revenue growth, EPS, and cash flow, which should correlate with share price appreciation over time. In addition, our long-term incentives are tied to total shareholder returns and increase in value as share price increases. Other program requirements, including share ownership guidelines for executives and vesting schedules on equity awards further align executives and shareholders' interests.
Market competitiveness	Compensation opportunities must serve to attract and retain high performing executives in a competitive environment for talent. Therefore, TDC levels are set referencing applicable market compensation benchmarks with consideration of retention and recruiting demands in the industries and markets where we compete for business and executive talent. As a result, each executive's target TDC may be above or below the market benchmark reference based on his or her experience, proficiency, performance and potential in performing the duties of his or her position as well as the competitive market for that individual and his or her experience.

III. FACTORS CONSIDERED IN THE DETERMINATION OF TARGET TOTAL DIRECT COMPENSATION

Our Committee reviews and evaluates our executive compensation levels and practices against those companies with which we compete for executive talent. These reviews are conducted throughout the year using a variety of methods such as:

the direct analysis of the proxy statements of other diversified industrial companies (refer to peer group below),

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

a review of compensation survey data of other global, diversified industrial companies of similar size published by independent consulting firms,

a review of customized compensation survey data provided by independent consulting firms, and

feedback received from external constituencies.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

The Committee does not rely on a single source of information when making executive compensation decisions. Many of the companies included in these compensation surveys are also included in the S&P 500 Industrials Index referred to in our 2015 Form 10-K under the caption Performance Graph.

The Committee, with the assistance of its independent advisor, develops a peer group that it uses to evaluate executive compensation programs and levels. The 2015 peer group is comprised of seventeen global diversified industrial companies that have comparable revenue, industry and/or business fit.

The peer group is reviewed annually and is updated periodically to ensure that it appropriately reflects the Company's size, businesses and complexity. It was last updated in 2014 and consists of the following companies:

3M	Honeywell International	Pentair
Cummins, Inc.	Illinois Tool Works	SPX Corporation
Danaher Corp	Johnson Controls Inc.	Stanley Black & Decker
Dover	Paccar Inc.	Textron
Eaton plc	Parker Hannifin Corp	Tyco International
Emerson Electric	PPG Industries	

In assessing the relationship of CEO compensation to compensation of other executive officers (including our NEOs), the Committee considers overall organization structure and scope of responsibility and also reviews NEOs' compensation levels relative to one another. This ensures that the target TDC levels are set in consideration of internal equity as well as market references and each executive's experience, proficiency, performance and potential in performing the duties of their role.

IV. ROLE OF THE COMMITTEE, INDEPENDENT ADVISOR AND COMMITTEE ACTIONS

Our Committee, which is composed solely of independent directors, oversees our compensation plans and policies, administers our equity-based programs and reviews and approves all forms of compensation relating to our executive officers, including the NEOs.

The Committee exclusively decides the compensation elements and the amounts to be awarded to our CEO. Our CEO does not make any recommendations regarding his own compensation and is not informed of these awards until the decisions have been finalized. Our CEO makes compensation recommendations related to our other NEOs and executive officers. The Committee considers these recommendations when approving the compensation elements and amounts to be awarded to our other NEOs.

Our Committee is responsible for reviewing and approving amendments to our executive compensation and benefit plans. In addition, our Committee is responsible for reviewing our major broad-based employee benefit plans and making recommendations to our Board of Directors for significant amendments to, or termination of, such plans. The Committee's duties are described in the Committee's Charter, which is available on our website at www.ingersollrand.com.

Our Committee has the authority to retain an independent advisor for the purpose of reviewing and providing guidance related to our executive compensation and benefit programs. The Committee is directly responsible for the compensation and oversight of the independent advisor. For 2015, the Committee continued to engage Hay Group, Inc. (Hay Group) to serve as its independent compensation advisor. Hay Group also provided the Corporate Governance and Nominating Committee with advice on director compensation matters. The Committee determined that Hay Group is independent and does not have a conflict of interest. In making this determination, the Committee considered the factors adopted by the New York Stock Exchange with respect to independence and conflicts of interest. The Committee also considered that Hay Group was acquired in a transaction that closed on December 1, 2015, and that Hay Group became an indirectly-held, wholly owned subsidiary of Korn/Ferry International (Korn Ferry) and the services performed from time to time for the Company by Korn Ferry.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****V. COMPENSATION PROGRAM DESCRIPTIONS AND COMPENSATION DECISIONS**

The following table provides a summary of the elements, objectives, risk mitigation factors and other key features of our TDC program. Each of these elements is described in detail below:

Element	Objective of Element including Risk Mitigation Factors	Key Features Relative to NEOs
Base Salary	To provide a sufficient and stable source of cash compensation. To avoid encouraging excessive risk-taking by ensuring that an appropriate level of cash compensation is not variable.	Adjustments are determined by the Committee based on an evaluation of the NEO's proficiency in fulfilling his or her responsibilities, as well as performance against key objectives and behaviors. Base salary represents only 10% of the CEO's target total direct compensation and only 25%, on average, for the other NEOs.
Annual Incentive Matrix (AIM) Program	To serve as an annual cash award tied to the achievement of pre-established performance objectives. Structured to take into consideration the unique needs of the various business units. Amount of compensation earned cannot exceed a maximum payout of 200% of individual target levels and is also subject to a claw-back in the event of a financial restatement.	Each NEO has an AIM target expressed as a percentage of base salary. Targets are set based on the compensation levels of similar jobs in comparable companies, as well as on the NEO's experience and proficiency level in performing the duties of the role. Actual AIM payouts are dependent on business and enterprise financial and individual performance. The financial metrics used to determine the awards for 2015 were Revenue, OI, and Cash Flow, modified (up or down) based on OI Margin performance. AIM represents 17% of the CEO's target total direct compensation and 22%, on average, for the other NEOs.
Performance Share Program (PSP)	To serve as a long-term incentive to outperform, on a relative basis, companies in the S&P 500 Industrials Index. To promote long-term strategic planning and discourage an overemphasis on attaining short-term goals. Amount earned cannot exceed a maximum payout of 200% of individual target levels and is also subject to a claw-back in the event of a financial restatement.	Performance share units (PSUs) granted under the PSP are earned over a 3-year performance period. The number of PSUs earned is based on relative TSR and relative EPS growth compared to companies within the S&P 500 Industrials Index (with equal weight given to each metric). Actual value of the PSUs earned depends on our share price at the time of payment. PSUs represent 37% of the CEO's target total direct compensation and 27%, on average, for the other NEOs.
Stock Options / Restricted Stock Units (RSUs)	Aligns the interests of the NEOs and shareholders. Awards provide a balanced approach between risk and retention. Awards are subject to a claw-back in the event of a financial restatement.	Stock options and RSUs are granted annually, with stock options having an exercise price equal to the fair market value of ordinary shares on the date of grant. Both stock options and RSUs typically vest ratably over three years, at a rate of one-third per year. Stock options expire on the day immediately preceding the 10th anniversary of the grant date.

(unless employment terminates sooner).

A balanced mix of stock options and RSUs represent 37% of the CEO's target total direct compensation and 27%, on average, for the other NEOs.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****BASE SALARY**

The table below reflects the base salary adjustments for the NEOs for the 2015 performance period. When determining base salary adjustments, each NEO is evaluated based on their position to the market for their job and on the results achieved and the behaviors demonstrated.

ANNUAL INCENTIVES (ANNUAL INCENTIVE MATRIX OR AIM)

The AIM program is an annual cash incentive program designed to reward NEOs for Revenue growth, increases in OI, the delivery of strong Cash Flow and individual contributions to the Company. We believe that our AIM design provides participants with clarity as to how they can earn a cash incentive based on strong performance relative to each metric. The Committee establishes a target award for each NEO that is expressed as a percentage of base salary. Individual AIM payouts are calculated as the product of a financial performance score and an individual performance score, both of which are based on achievement relative to pre-established performance objectives adopted by the Committee. Individual AIM awards are calculated by multiplying individual AIM targets by an AIM Payout Percentage calculated as illustrated below:

Financial Score: Core Financial Metrics x	Multiplier	=	Adjusted Financial Score (0% to 200%)	x	Individual Performance Score (0% to 150%)	=	AIM Payout Percentage (0% to 200%)
1/3 Revenue 1/3 Operating Income 1/3 Cash Flow	Operating Margin Percent		Financial Score x Multiplier		Performance against Individual Objectives		Adjusted Financial Score x Individual Performance Score

Financial Performance

AIM incentive opportunity is tied to pre-established goals for three equally-weighted performance metrics (Core Financial Metrics): Revenue, OI, and Cash Flow. Threshold performance for each metric must be achieved in order for any incentive to be payable for that metric. The financial AIM payout is the sum of the calculated payout percentage for each metric, adjusted by an OI margin percentage multiplier (Multiplier), which can range from 85% to 115%.

The Committee retains the authority to adjust the Company's reported financial results for the impact of changes in accounting principles, extraordinary items and unusual or non-recurring gains or losses, including significant differences from the assumptions contained in the financial plan upon which the incentive targets were established. Adjustments to reported financial results are intended to better reflect an executive's line of sight and ability to affect performance results, align award payments with decisions which support the AOP, avoid artificial inflation or deflation of awards due to unusual or non-recurring items in the applicable period and emphasize the Company's preference for long-term and sustainable growth.

For 2015 AIM purposes, Mr. Lamach, Ms. Carter, and Ms. Avedon were measured on the basis of the Enterprise financial metrics. Messrs. Teirlinck and Zafari were measured based on a combination of Enterprise financial objectives (50% weighting) and their respective 2015 Segment financial objectives (50% weighting). We believe this weighting appropriately focuses segment leaders on achieving the pre-established objectives for their business as well as aligning their interests with Enterprise goals to help deliver sustainable shareholder value. Mr. Michel was measured on a combination of Enterprise, Segment and Residential HVAC business unit objectives. Mr. Wyman was measured on the basis of the Enterprise financial metrics for the full year as he did not transition to the Compression Technologies and Services business until the fourth quarter.

COMPENSATION DISCUSSION AND ANALYSIS

Individual Performance

Individual objectives are established annually and include strategic initiatives as well as financial and non-financial metrics. Each NEO is evaluated based upon actual results against established measures and our core competencies. At the end of the fiscal year the CEO evaluates each NEO's overall performance against individual objectives and submits a recommendation to the Committee. The Committee evaluates the CEO's performance against individual objectives. Based on its evaluation of the CEO and the CEO's recommendation for other NEOs, the Committee determines the individual performance score for each NEO, which can range from 0% to 150%.

In determining the individual factor for each NEO's AIM award, the Committee considered pre-established individual performance objectives, including the following:

Successful achievement of milestones to further implement operational excellence, the business operating system and sustainability initiatives.

Execution of key growth initiatives including product growth team initiatives, enterprise sales excellence initiatives and innovation programs.

Successful integration of strategic acquisitions.

Accomplishments to further implement the information technology strategy and system launches.

Improvements in employee engagement, talent development and retention.

Determination of Payout

The actual AIM payout is determined by multiplying the NEO's target award by the financial performance score and multiplying that result by the individual performance score. AIM payouts cannot exceed 200% of the target award. If the overall AIM payout score is less than 30%, no award is payable. In that event, the CEO and the Committee may establish a discretionary pool (equal to 30% of the target payout levels) for top performers and/or other deserving employees in an amount determined to be appropriate based on their performance against objectives.

2015 AIM Revenue, Operating Income and Cash Flow performance goals were set based on 2015 financial plans using foreign currency exchange rates in effect at the time that the plans were established. There was significant strengthening of the U.S. dollar in 2015 to a degree meaningfully outside of historical norms. To offset the impact of this unforeseen foreign currency exchange rate movement during the year, the Committee adjusted 2015 performance results to reflect exchange rates used in setting 2015 performance goals. This resulted in increased Revenue, Operating Income and Cash Flow for purposes of determining AIM payout levels.

In addition, the Committee approved adjustments to 2015 performance results for AIM purposes at the enterprise and segment levels to (a) offset the impact of the terms of a settlement agreement with the U.S. Internal Revenue Service to resolve all disputes related to certain intercompany debt positions in place during the tax years 2002 to 2011, (b) exclude the performance contributions from FRIGOBLOCK, and (c) offset the impact of government restrictions limiting business opportunity in Venezuela. These events had not been contemplated when the 2015 performance goals were determined. All of the above adjustments were also reviewed with the Audit Committee prior to approval by the Compensation Committee.

The Committee approved the following AIM awards for NEOs based on achieving both the 2015 financial and individual objectives:

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****LONG-TERM INCENTIVE PROGRAM (LTI)**

Our long-term incentive program is comprised of PSUs, stock options and RSUs. It is designed to further align the executives interests with the interests of our shareholders. This approach enables us to develop and implement long-term strategies that we believe are in the best interest of shareholders.

Performance Share Program (PSP)

Our PSP is an equity-based incentive compensation program that provides our NEOs and other key executives with an opportunity to earn PSUs based on the Company's performance relative to other companies in the S&P 500 Industrials Index. PSUs are earned over a 3-year performance period based equally on our relative EPS growth (from continuing operations) and TSR as compared to the companies within the S&P 500 Industrials Index. The actual number of PSUs earned for grants made in 2015 (which can range from 0% to 200% of target) is based on the following thresholds:

Ingersoll Rand's Performance Relative to the Companies within the S&P 500 Industrials Index	2015 - 2017 Measurement Period % of Target PSUs Earned *
< 25 th Percentile	0%
25 th Percentile	25%
50 th Percentile	100%
≥ 75 th Percentile	200%

*Results are interpolated between percentiles achieved.

The NEOs' PSP target awards, expressed as a dollar amount, are set by assessing competitive market values for executives in our peer group with similar roles and responsibilities. The dollar target is converted to share equivalent PSUs based on the fair market value of the Company's shares on the date that the award is granted. Our Committee retains the authority and discretion to make downward adjustments to the calculated PSP award payouts or not to grant any award payout regardless of actual performance. EPS is calculated in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP), subject to adjustments for unusual or infrequent items; the impact of any change in accounting principles; goodwill and other intangible asset impairments; and gains or charges associated with discontinued operations or with obtaining or losing control of a business. As a result, expense for outstanding PSP awards is recorded using fixed accounting.

EPS growth is measured as the average of the annual EPS growth in each of the three years of the performance cycle.

TSR is measured as the total stock price appreciation and dividends earned during the three years of the performance cycle. To account for stock price volatility, a 30-day average stock price at the beginning and ending periods is used.

Dividend equivalents are accrued on outstanding PSU awards at the same time and at the same rate as dividends paid to shareholders. Dividend equivalents are only paid upon vesting on the number of PSUs actually earned and vested. Dividend equivalents are payable in cash at the time the associated PSUs are distributed unless the NEO elected to defer the PSUs into our executive deferred compensation plan, in which case the dividends are also deferred.

Stock Options/Restricted Stock Units

We grant our NEOs an equal mix of stock options and RSUs. Our Committee believes that this mix provides an effective balance between risk and retention for our NEOs and conserves share usage under our incentive stock plan. Stock options are considered at risk since there is no value unless the stock price appreciates during the term of the option period. RSUs, on the other hand, provide strong retentive value because they have value even if our stock price does not grow during the restricted period. Our Committee annually reviews our equity mix and grant policies to ensure they are aligned with our pay for performance philosophy, our executive compensation objectives and the interests of our shareholders.

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

Stock option and RSU targets are expressed in dollars. The dollar target is converted to a number of shares based on the fair market value of the Company's shares on the date that the award is granted.

Both stock options and RSUs generally vest ratably, one third per year, over a three year period following the grant. Dividend equivalents are accrued on outstanding RSU awards at the same time and at the same rate as dividends are paid to shareholders. Dividend equivalents on RSUs are only payable if the underlying RSU award vests. At the time of vesting, one ordinary share is issued for each RSU and any accrued dividend equivalents are paid in cash.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****2015 EQUITY AWARDS**

In 2015, the Committee approved the PSU, stock option and RSU awards based on its evaluation of market competitiveness and each NEO's demonstrated potential to drive future business results and sustained individual performance. The values in the table below reflect equity-based awards approved by the Committee. These values differ from the corresponding values reported in the Summary Compensation Table and the Grants of Plan-Based Awards Table due to different methodologies used in assigning the economic value of equity-based awards required for accounting and proxy statement reporting purposes. The Committee makes its determination based on expected grant date value while the accounting and proxy statement values are determined as of the grant date in accordance with U. S. GAAP requirements. The difference is most significant for the PSU awards which are earned, in part, based on TSR relative to the S&P 500 Industrials Index over a three-year performance period. The accounting and proxy report values are greater because they take into account the expected payout distribution from 0-200% of target.

Name	Target Value 2015-17 Stock Option		
	PSU Award (\$)	Award RSU Award (\$)	Award RSU Award (\$)
M. W. Lamach	4,625,000	2,312,500	2,312,500
S. K. Carter	975,000	487,500	487,500
D. P. M. Teirlinck	875,000	437,500	437,500
R. G. Zafari	625,000	312,500	312,500
M. J. Avedon	600,000	300,000	300,000
G. S. Michel	400,000	200,000	200,000
T. D. Wyman	400,000	220,000	220,000

Mr. Wyman became the Senior Vice President of Compression Technologies and Services business in October 2015. In conjunction with this change, Mr. Wyman was granted a special performance-based stock option award as an incentive to drive profitability improvements in the Compression Technologies and Services business. This one-time award is described in more detail in the *Grants of Plan-based Awards* table. Unless the performance criteria associated with this award are met within the performance period, the award will not vest.

2013 2015 PERFORMANCE SHARE UNITS PAYOUT

As discussed above, PSUs for the three-year 2013 - 2015 performance period were earned based on the Company's EPS growth (from continuing operations) and TSR performance relative to all of the companies in the S&P 500 Industrials Index.

EPS growth is measured as the average of the annual EPS growth in each of the three years of the performance cycle. The rate of EPS growth was 12.89% for the 2013 to 2015 period, which ranked at the 76th percentile of the companies in the S&P 500 Industrials Index. 2013 EPS growth was calculated including earnings from the residential and commercial security business spun-off to form Allegion. 2014 EPS growth was calculated based on 2013 EPS excluding the residential and commercial security business spun-off to form Allegion.

TSR is measured as the total stock price appreciation and dividends earned during the three years of the performance cycle. To account for stock price volatility, a 30-day average stock price at the beginning and ending periods is used. TSR was 52.48% for the 2013 to 2015 period, which ranked at the 53rd percentile of the companies in the S&P 500 Industrials Index. The TSR calculation includes \$14.63 for the 2013 Allegion share dividend associated with the spin-off of the residential and commercial security business.

PSUs for the 2013 to 2015 performance cycle paid out at 157% of target levels as summarized in the table below.

(1) The target long-term incentive value is delivered 25% in stock options, 25% in RSUs and 50% in PSUs.

(2) The number of stock options was determined based on the Black-Scholes ratio on December 31, 2015 and the fair market value of our ordinary shares on the date of grant.

(3) The number of RSUs and target PSUs were determined using the fair market value of our ordinary shares on the date of grant.

VI. OTHER COMPENSATION AND TAX MATTERS**RETIREMENT PROGRAMS AND OTHER BENEFITS**

We maintain qualified and nonqualified defined benefit pension plans for our employees, including the NEOs, to provide for fixed benefits upon retirement based on the individual's age and number of years of service. These plans include the Pension Plan, the Supplemental Pension Plans and our supplemental executive retirement plans (the Executive Officer Supplemental Pension (EOSP) or the KMP). Refer to the Pension Benefits table and accompanying narrative for additional details on these programs.

We offer a qualified defined contribution (401(k)) plan called the Ingersoll-Rand Company Employee Savings Plan (the ESP) to our salaried non-union and hourly U.S. workforce, including the NEOs. The ESP is a plan that provides a dollar-for-dollar Company match on the first six percent of the employee's eligible compensation that the employee contributes to the ESP. The ESP has a number of investment options and is an important component of our retirement program.

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

We also have a nonqualified defined contribution plan. The Ingersoll-Rand Company Supplemental Employee Savings Plan (the Supplemental ESP) is an unfunded plan that makes up matching contributions that cannot be made to the ESP due to Internal Revenue Code limitations. The Supplemental ESP is deemed to be invested in the funds selected by the NEOs, which are the same funds available in the ESP except for a self-directed brokerage account, which is not available in the Supplemental ESP.

COMPENSATION DISCUSSION AND ANALYSIS

In June 2012, our Board of Directors approved significant changes to our broad-based, qualified retirement programs with the intent to move employees from a combined defined benefit/defined contribution approach to a fully defined contribution plan approach over time. Employees active prior to July 1, 2012 were given a choice between continuing to participate in the defined benefit plan until December 31, 2022, or moving to an enhanced version of the ESP effective January 1, 2013. Employees hired or rehired on or after July 1, 2012 were automatically covered under the enhanced version of the ESP. Under the enhanced version of the ESP, employees will receive a basic employer contribution equal to two percent of eligible compensation in addition to the Company's matching contribution while ceasing to accrue benefits under the defined benefit plan (employees of our Club Car business are generally not eligible for the basic employer contribution). Effective as of December 31, 2022, accruals in the defined benefit plan will cease for all employees. The Committee approved corresponding changes to the applicable nonqualified defined benefit and contribution pension plans. Additional details on the changes can be found in the narrative accompanying the Pension Benefits table.

Our Ingersoll Rand Executive Deferred Compensation Plan (the "EDCP Plan I") and the Ingersoll Rand Executive Deferred Compensation Plan II (the "EDCP Plan II" and, together with the EDCP Plan I, the "EDCP Plans") allow eligible employees to defer receipt of a part of their annual salary, AIM award and/or PSP award in exchange for investments in ordinary shares or mutual fund investment equivalents. Refer to the Nonqualified Deferred Compensation table for additional details on the EDCP Plans.

We provide an enhanced, long-term disability plan to certain executives. The plan provides for a higher monthly maximum benefit than provided under the standard group plan and a more favorable definition of disability. It has an underlying individual policy that is portable when the executive terminates.

In light of the American Jobs Creation Act of 2004 governing Section 409A of the Code, "mirror plans" for several of our nonqualified plans, including the Ingersoll-Rand Company Supplemental Pension Plan ("Supplemental Pension Plan I") and the EDCP I, were created. The mirror plans are the Ingersoll-Rand Company Supplemental Pension Plan II ("Supplemental Pension Plan II" and, together with the Supplemental Pension Plan I, the "Supplemental Pension Plans") and the EDCP II. The purpose of these mirror plans is not to provide additional benefits to participants, but merely to preserve the tax treatment of the plans that were in place prior to December 31, 2004. In the case of the Supplemental Plans, the mirror plan benefits are calculated by subtracting the original benefit value to avoid duplication of the benefit. For the EDCP Plans, balances accrued through December 31, 2004 are maintained separately from balances accrued after that date.

We provide our NEOs with other benefits that we believe are consistent with prevailing market practice and those of our peer companies. These other benefits and their incremental cost to the Company are reported in "All Other Compensation" shown in the Summary Compensation Table.

SEVERANCE ARRANGEMENTS

In connection with external recruiting of certain officers, we generally enter into employment arrangements that provide for severance payments upon certain termination events, other than in the event of a change in control (which is covered by separate agreements with the officers). Mr. Lamach, Ms. Carter, Ms. Avedon and Mr. Wyman have such arrangements. In 2012, we adopted a Severance Plan, amended outstanding award agreements and adopted new equity award agreements to provide certain employees, including our NEOs, with certain benefits in the event of a termination of employment without cause or for good reason under a Major Restructuring (as defined in the Post-Employment Section below). In addition, although we do not have a formal severance policy for our executives (other than in the event of a Major Restructuring), we do have guidelines that in most cases would provide for severance in the event of termination without cause. The severance payable under employment agreements for Mr. Lamach, Ms. Carter and Ms. Avedon and the benefits available in connection with a Major Restructuring and under the severance guidelines are further described in the Post-Employment Benefits section of the proxy statement.

CHANGE-IN-CONTROL PROVISIONS

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

We have entered into change-in-control agreements with our NEOs. Payments are subject to a double trigger, meaning that payments would be received only if an officer is terminated without cause or resigns for "good reason" within two years following a change in control. We provide change-in-control agreements to our NEOs to focus them on the best interests of shareholders and assure continuity of management in circumstances that reduce or eliminate job security and might otherwise lead to accelerated departures. Our incentive stock plans provide for the accelerated vesting of outstanding stock awards in the event of a change in control of the Company. Refer to the Post-Employment Benefits section of this proxy statement for a more detailed description of the change-in-control provisions.

COMPENSATION DISCUSSION AND ANALYSIS

TAX AND ACCOUNTING CONSIDERATIONS

Section 162(m) of the Code imposes a limit of \$1,000,000 on the amount that we may deduct for federal income tax purposes in any one year for compensation paid to our CEO and any of our three other highest-paid NEOs, other than our CFO, who are employed as of the end of the year. However, to the extent compensation is performance-based within the meaning of Section 162(m), the Section's limitations will not apply. We intend most of the variable compensation (*i.e.*, AIM, PSP and stock options) paid to NEOs to qualify as performance-based within the meaning of Section 162(m) so as to be tax deductible by us, which benefits our shareholders. In order to qualify as performance based, the compensation must, among other things, be paid pursuant to a shareholder approved plan upon the attainment of objective performance criteria. Our Committee believes that tax deductibility of compensation is an important factor, but not the sole factor, in setting executive compensation policies and in rewarding superior executive performance. Accordingly, although our Committee generally intends to avoid the loss of a tax deduction due to Section 162(m), it reserves the right, in appropriate circumstances, to pay amounts that are not deductible. In determining variable compensation programs, we consider other tax and accounting implications of particular forms of compensation, such as the implications of Section 409A of the Code governing deferred compensation arrangements and favorable accounting treatment afforded certain equity based plans that are settled in shares. However, the forms of variable compensation we utilize are determined primarily by their effectiveness in creating maximum alignment with our key strategic objectives and the interests of our shareholders.

SENIOR EXECUTIVE PERFORMANCE PLAN (SEPP)

The SEPP is a shareholder approved plan that funds the annual cash incentive awards that may be granted to each of the NEOs. Under the SEPP, the maximum amount of cash incentive that can be paid to the CEO is 0.6% of Consolidated OI from Continuing Operations (as defined in the SEPP) and the maximum amount of cash incentive that can be paid to any other covered executive is 0.3% of Consolidated OI from Continuing Operations. Our Committee generally exercises its discretion to pay less than the maximum amount to the NEOs, after considering the factors described in the AIM Program.

TIMING OF AWARDS

The Committee generally grants our regular annual equity awards after the annual earnings release. The grant date is never selected or changed to increase the value of equity awards for executives.

CLAW-BACK/RECOUPMENT POLICY

To further align the interests of our employees and our shareholders, we have a claw-back/recoupment policy to ensure that any fraud or intentional misconduct leading to a restatement of our financial statements would be properly addressed. The policy provides that if it is found that an employee committed fraud or engaged in intentional misconduct that resulted, directly or indirectly, in a need to restate our financial statements, then our Committee has the discretion to direct the Company to recover all or a portion of any cash or equity incentive compensation paid or value realized, and/or to cancel any stock-based awards or AIM award granted to an employee on or after the effective date of the policy. Our Committee may also request that the Company seek to recover any gains realized on or after the effective date of the policy for equity or cash awards made prior to that date (including AIM, stock options, PSUs and RSUs). Application of the claw-back/recoupment policy is subject to a determination by our Committee that: (i) the cash incentive or equity compensation to be recouped was calculated on, or its realized value affected by, the financial results that were subsequently restated; (ii) the cash incentive or equity award would have been less valuable than what was actually awarded or paid based on the application of the correct financial results; and (iii) the employee to whom the policy applied engaged in fraud or intentional misconduct. This policy will be revised if required under the Dodd-Frank Act once the regulations implementing the claw-back policy requirements of that law have been issued.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****SHARE-OWNERSHIP GUIDELINES**

We impose share ownership requirements on each of our officers. These share ownership requirements are designed to emphasize share ownership by our officers and to further align their interests with our shareholders. Each officer must achieve and maintain ownership of ordinary shares or ordinary share equivalents at or above a prescribed level. The requirements are as follows:

Position	Number of Active Participants as of the Record Date	Individual Ownership Requirement (Shares and Equivalents)
Chief Executive Officer	1	150,000
Executive Vice Presidents	2	75,000
Senior Vice Presidents	6	40,000
Corporate Vice Presidents	8	15,000

Based on the closing stock price on the record date of \$60.35, this equates to an ownership requirement of approximately 7x for the CEO and the Executive Vice Presidents, and in excess of 4x for the Senior Vice Presidents. These ownership requirements have been achieved with actual ownership exceeding these levels: the CEO at over 13x base salary, the Executive Vice Presidents at over 8x base salary on average, and the Senior Vice Presidents at over 6x base salary on average.

Our share-ownership program requires the accumulation of ordinary shares (or ordinary share equivalents) over a five-year period following the date the person becomes subject to share-ownership requirements at the rate of 20% of the required level each year. Executives who are promoted, and who have their ownership requirement increased, have three years to achieve the new level from the date of promotion. However, given the significant increase in the ownership requirement for an individual who is promoted to CEO, that individual has five years from the date of the promotion to achieve the new level. Ownership credit is given for actual ordinary shares owned, deferred compensation that is invested in ordinary shares within our EDCP Plans, ordinary share equivalents accumulated in our qualified and nonqualified employee savings plans as well as unvested RSUs. Stock options, SARs and unvested PSUs do not count toward meeting the share-ownership target. If executives fall behind their scheduled accumulation level during their applicable accumulation period, or if they fail to maintain their required level of ownership after their applicable accumulation period, their right to exercise stock options will be limited to buy and hold transactions and any shares received upon the vesting of RSU and PSU awards must be held until the required ownership level is achieved. As of the Record Date, all of our executives subject to the share-ownership guidelines were in compliance with these requirements.

(a) Pursuant to the EDCP Plans, a portion of a participant's annual salary may be deferred into a number of investment options. In 2015, there were no salary deferrals by any NEO into the EDCP Plans.

(b) The amounts in this column for 2013 reflect completion recognition bonuses that were awarded in December 2013 to certain individuals, including Mr. Lamach and Ms. Avedon, whose contributions were critical to the successful completion of the spin-off of the Company's commercial and residential securities business. Ms. Carter, as part of her employment offer, received a cash payment of \$960,000 in 2013 in consideration of the bonus and performance share plan payments forfeited at her prior employer. In the event Ms. Carter had voluntarily left the company within two years of her hire date, she would have had to repay this amount to the Company.

EXECUTIVE COMPENSATION

(c) The amounts in this column reflect the aggregate grant date fair value of PSU awards and any RSU awards granted for the year under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718 and do not reflect amounts paid to or realized by the NEOs. For a discussion of the assumptions made in determining the ASC 718 values see Note 12, Share-Based Compensation, to the Company's consolidated financial statements contained in its 2015 Form 10-K. The ASC grant date fair value of the PSU award is spread over the number of months of service required for the grant to become non-forfeitable, disregarding any adjustments for potential forfeitures. In determining the aggregate grant date fair value of the PSU awards, the awards are valued assuming target level performance achievement. If the maximum level performance achievement is assumed, the aggregate grant date fair value of the PSU awards would be as follows:

Name	Maximum Grant Date Value of 2015-17 PSU Awards (\$)
M. W. Lamach	11,096,192
S. K. Carter	2,339,283
D. P. M. Teirlinck	2,099,258
R. G. Zafari	1,499,516
M. J. Avedon	1,439,510
G. S. Michel	959,780
T. D. Wyman	959,780

Amounts in 2013 for Messrs. Teirlinck and Zafari include \$814,968 from special RSU awards granted to them on December 6, 2013 in connection with the reorganization of the company and their respective promotions.

(d) The amounts in this column reflect the aggregate grant date fair value of stock option grants for financial reporting purposes for the year under ASC 718 and do not reflect amounts paid to or realized by the NEOs. For a discussion of the assumptions made in determining the ASC 718 values see Note 12, Share-Based Compensation, to the Company's consolidated financial statements contained in its 2015 Form 10-K. Please see 2015 Grants of Plan-Based Awards and Outstanding Equity Awards at December 31, 2015 for additional detail.

(e) This column reflects the amounts earned as annual awards under the AIM program. Unless deferred into the EDCP Plans, AIM program payments are made in cash. In 2015, Mr. Zafari was the only NEO who elected to defer a percentage (15%) of his AIM award into the EDCP Plans. Amounts shown in this column are not reduced to reflect deferrals of AIM awards into the EDCP Plans. Ms. Carter's 2013 AIM award was prorated to reflect her September 27, 2013 employment date.

(f) Amounts reported in this column reflect the aggregate increase in the actuarial present value of the benefits under the qualified Ingersoll Rand Pension Plan Number One (the Pension Plan), Supplemental Pension Plans, Ingersoll-Rand Company Key Management Supplemental Program (the KMP) and EOSP, as applicable. The change in pension benefits value is attributable to the additional year of service and age, the annual AIM award and any annual salary increase. Amounts are higher for those NEOs who are older and closer to retirement than for those who are younger and further from retirement since the period over which the benefit is discounted to determine its present value for an older NEO is shorter and the impact of discounting is therefore reduced.

Other external factors, outside the influence of the plan design, also impact the values shown in this column. For all the NEOs, the amounts in this column for 2014 and 2015 were impacted by decreasing interest rates (rates for ten-year Constant Maturities for US Treasury Securities), which cause the value of the lump sum distributions under the EOSP and the KMP to increase and in 2013 by increasing interest rates which cause the value of the lump sum distributions under the EOSP and the KMP to decrease. The 2014 change in value attributable to the change in interest rates is as follows for each of the NEOs: Lamach (\$1,887,297), Carter (\$15,034), Teirlinck (\$121,415), Zafari (\$193,966), Avedon (\$259,400) and Michel (\$490,648). In addition, 2014 amounts for all NEOs were impacted by a change to the applicable mortality table as defined by the Internal Revenue Code that is used to estimate life expectancy. The change in value for each of the NEOs attributable to Changes in the applicable mortality table is as follows: Lamach (\$1,357,339), Carter (\$14,682), Teirlinck (\$242,397), Zafari (\$259,258), Avedon (\$213,190) and Michel (\$349,491).

There was no above market interest earned by the NEOs in any year.

(g) The following table summarizes the components of this column for fiscal year 2015:

EXECUTIVE COMPENSATION

- (2) The amount for Mr. Lamach represents tax equalization payments related to Irish taxes owed on \$315,000, which is the portion of his income that is allocated to his role as a director of the Company. Without these payments, Mr. Lamach would be subject to double taxation on this amount since he is already paying U.S. taxes on this income. The amount for (i) Mr. Michel represents payments made on his behalf for taxes related to relocation costs and (ii) Messrs. Teirlinck and Zafari represent payments of taxes on their behalf related to Company contributions made to the Belgium social scheme.
- (3) For Mr. Lamach, this amount includes the incremental cost to the Company of personal use of the Company aircraft (whether leased or owned) by the CEO. For security and safety reasons and to maximize his availability for Company business, the Board of Directors requires the CEO to travel on Company-provided aircraft for business and personal purposes, unless commercial travel is deemed a minimal security risk by the Company. The incremental cost to the Company of personal use of the aircraft is calculated: (i) by taking the hourly average variable operating costs to the Company (including fuel, maintenance, on board catering and landing fees) multiplied by the amount of time flown for personal use in the case of leased aircraft; and (ii) by multiplying the flight time by a variable fuel charge and the average fuel price per gallon and adding any ground costs such as landing and parking fees as well as crew charges for travel expenses in the case of the Company owned aircraft. Both methodologies exclude fixed costs that do not change based on usage, such as pilots and other employees' salaries, management fees and training, hangar and insurance expenses. We impose an annual limit of \$150,000 on the CEO's non-business use of Company-provided aircraft. For 2015, the amount for Mr. Lamach includes \$150,000 for personal use of Company-provided aircraft. Under the Company's aircraft use policy, the Compensation Committee has determined that business use includes travel that is related to the Company's business or benefits the Company, such as travel to meetings of other boards on which the CEO sits. For 2015, the amount for Mr. Lamach includes \$18,982 for such business-related travel.
- These amounts also include: (i) the following relocation costs for Mr. Michel, including closing costs and loss on home sale \$682,568, (ii) the following incremental cost of the Company-leased cars, calculated based on the lease, insurance, fuel and maintenance costs to the Company (and for Mr. Zafari, it also includes the difference between the resale value and the book value for the Company car he purchased under the program): Mr. Lamach, \$21,313; Ms. Carter \$19,085; Mr. Teirlinck, \$18,828; Mr. Zafari, \$21,681; Ms. Avedon, \$19,819; Mr. Michel, \$14,766; and Mr. Wyman \$18,633; (iii) the following costs for financial counseling services, which may include tax preparation and estate planning services: Mr. Lamach, \$10,454; Ms. Carter \$9,000; Mr. Teirlinck, \$6,500; Mr. Zafari, \$6,728; Ms. Avedon \$10,454; Mr. Michel, \$8,340 and Mr. Wyman, \$9,000; (iv) the following costs for medical services provided through an on-site physician under the Executive Health Program: Mr. Lamach, \$47; Ms. Carter, \$2,788; Mr. Teirlinck, \$2,376; Mr. Zafari, \$2,630; Ms. Avedon \$3,010; Mr. Michel, \$2,078 and Mr. Wyman, \$703; (v) the payments of \$12,955 and \$3,238 to permit Messrs. Teirlinck and Zafari to remain covered under the Belgium social scheme and have access to the country's health plan should they return to Europe; and (vi) the following amounts for product rebates that are available to all U.S. employees: Mr. Lamach; \$1,065; Mr. Teirlinck, \$1,285; Ms. Avedon, \$505; and Mr. Michel, \$6,250.
- (4) Represents the estimated year-over-year increase in the value of the retiree medical plan, calculated on the methods used for financial statement reporting purposes. Mr. Michel is the only NEO eligible for this benefit.

(a) The target award levels established for the AIM program are established annually in February and are expressed as a percentage of the NEO's base salary. Refer to Compensation Discussion and Analysis under the heading "Annual Incentive Matrix Program" for a description of the Compensation Committee's process for establishing AIM program target award levels. The amounts reflected in the "Estimated Future Payouts Under Non-Equity Incentive Plan Awards" columns represent the threshold, target and maximum amounts for awards under the AIM program that were paid in February 2016, based on performance in 2015. Thus, the amounts shown in the threshold, target and maximum columns reflect the range of potential payouts when the target award levels were established in February 2015 for all NEOs. The AIM program pays \$0 for performance below threshold. The actual amounts paid pursuant to those awards are reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table.

(b) The amounts reflected in the "Estimated Future Payouts Under Equity Incentive Plan Awards" columns represent the threshold, target and maximum amounts for PSU awards. The PSP pays \$0 for performance below threshold. For a description of the Compensation Committee's process for establishing PSP target award levels and the terms of PSU awards, please refer to Compensation Discussion and Analysis under the heading "Long-Term Incentive Program" and the "Post-Employment Benefits" section below.

(c) The amounts in these columns reflect the stock option and RSU awards. Awards in 2015 were granted in February 2015. For a description of the Compensation Committee's process for determining stock option and RSU awards and the terms of such awards, see Compensation Discussion and Analysis under the heading "Long-Term Incentive Program" and the "Post-Employment Benefits" section below.

(d) Stock options were granted under the Company's Incentive Stock Plan of 2013 (the "2013 Plan"), which requires options to be granted at an exercise price equal to or greater than the fair market value of the Company's ordinary shares on the date of grant. The fair market value is defined in the 2013 Plan as the average of the high and low trading price of the Company's ordinary shares listed on the NYSE on the grant date. The closing price on the NYSE of the Company's ordinary shares was \$67.45 on the February 2015 grant date.

(e) Amounts in this column include the grant date fair value of the equity awards calculated in accordance with ASC 718. The Company cautions that the actual amount ultimately realized by each NEO from the stock option awards will likely vary based on a number of factors, including stock price fluctuations, differences from the valuation assumptions used and timing of exercise or applicable vesting. For a description of the assumptions made in valuing the equity awards see Note 12, "Share-Based Compensation" to the Company's consolidated financial statements contained in its 2015 Form 10-K. For PSUs, the grant date fair value has been determined based on achievement of target level performance, which is the performance threshold the Company believes is the most likely to be achieved under the grants.

^(a) In connection with the spin-off of our commercial and residential security businesses in December 2013 (the "Spin-off"), certain adjustments were made to outstanding equity awards held by our employees, including the NEOs, as described below:

Vested and exercisable stock options and SARs were adjusted such that the holder of such awards was also afforded the right to options in the number of shares of Allegion plc ("Allegion") that he or she would have received had the ordinary shares of the Company subject to the vested and exercisable stock options and SARs been outstanding shares as of the record date for the Spin-off. The aggregate exercise price of the stock options and SARs was allocated between the adjusted awards in shares of the Company and Allegion in order to preserve the intrinsic value of the awards immediately before and after the Spin-off.

Unvested stock options were adjusted wholly into stock options in the ordinary shares of the Company such that the number of shares and the exercise price of the options were adjusted to preserve their intrinsic value based on the value of the shares immediately before and after the Spin-off.

PSUs and RSUs were adjusted such that the number of ordinary shares of the Company subject to the PSU and RSU awards was adjusted based on the value of the shares immediately before and after the Spin-off to preserve their intrinsic value. In addition, with respect to the PSU performance metrics, for purposes of calculating EPS growth, 2013 EPS was calculated as the combined 2013 full year reported EPS for the Company and Allegion; for purposes of calculating TSR in the outstanding award cycles, the stock price of Allegion immediately after the Spin-off, adjusted for the distribution ratio of 1 share of Allegion for every 3 shares of the Company, will be treated as a dividend.

These columns represent stock option and SARs awards. Except as noted in the following sentence, these awards generally become exercisable in three equal installments beginning on the first anniversary after the date of grant, subject to continued employment or retirement. Ms. Carter's option grant dated October 1, 2013 vests and becomes exercisable on the 3rd anniversary of the grant date; and Mr. Wyman's option grant dated December 3, 2015 vests and becomes exercisable based on the achievement of certain performance conditions.

- (c) All of the options granted to the NEOs expire on the tenth anniversary (less one day) of the grant date.
- (d) This column represents unvested RSUs. Except as described in the following sentence, RSUs generally become exercisable in three equal installments beginning on the first anniversary after the date of grant, subject to continued employment or retirement. In the case of Ms. Carter's grant dated October 1, 2013 and Messrs. Zafari and Teirlinck's grants dated December 6, 2013, 100% of the grant vests on the third anniversary of the grant date.
- (e) The market value was computed based on \$55.29, the closing market price of the Company's ordinary shares on the NYSE at December 31, 2015.
- (f) This column represents unvested and unearned PSUs. PSUs vest upon the completion of a three-year performance period. The actual number of shares an NEO will receive, if any, is subject to achievement of the performance goals as certified by the Compensation Committee, and continued employment.

2015 PENSION BENEFITS

The NEOs participate in one or more, but not in all, of the following defined benefit plans:

the Pension Plan;

the Supplemental Pension Plans; and

the EOSP or the KMP.

The Pension Plan is a funded, tax qualified, non-contributory (for all but a small subset of participants) defined benefit plan that covers the majority of the Company's salaried and non-union hourly U.S. employees who were hired or re-hired prior to June 30, 2012. The Pension Plan provides for normal retirement at age 65. The formula to determine the lump sum benefit under the Pension Plan is: 5% of final average pay (the five consecutive years with the highest compensation out of the last ten years of eligible compensation) multiplied by years of credited service (as defined in the Pension Plan). A choice for distribution between an annuity and a lump sum option is available. The Pension Plan was closed to new participants after June 30, 2012 and no further benefits will accrue to any Pension Plan participant for service performed after December 31, 2022. In addition, any employee who was a Pension Plan participant on June 30, 2012 was provided the option to waive participation in the Pension Plan effective January 1, 2013, and, in lieu of participation in the Pension Plan, receive an annual non-elective employer contribution equal to 2%

of eligible compensation in the ESP.

The Supplemental Pension Plans are unfunded, nonqualified, non-contributory defined benefit restoration plans. The Supplemental Pension Plans restore what is lost in the Pension Plan due to limitations under the Internal Revenue Code (the Code) on the annual compensation and benefits recognized when calculating benefits under the qualified Pension Plan. The Supplemental Pension Plans cover all employees of the Company who participate in the Pension Plan and who are impacted by the Code compensation and benefits limits. A participant must meet the vesting requirements of the qualified Pension Plan to vest in benefits under the Supplemental Pension Plans. Benefits under the Supplemental Pension Plans are available only as a lump sum distribution after termination and paid in accordance with Section 409A of the Code. As a result of the 2012 changes to the Pension Plan, the Supplemental Pension Plans were closed to employees hired on or after June 30, 2012, and no further benefits will accrue to any Supplemental Plan participant for service performed after December 31, 2022.

Table of Contents**EXECUTIVE COMPENSATION**

NEOs participate in either the EOSP or the KMP. The EOSP, which was closed to new participants effective April 2011, is an unfunded, nonqualified, non-contributory defined benefit plan designed to replace a percentage of an officer's final average pay based on his or her age and years of service at the time of retirement. Final average pay is defined as the sum of the officer's current annual base salary plus the average of his or her three highest AIM awards during the most recent six years. No other elements of compensation (other than base salary and AIM awards) are included in final average pay. The EOSP provides a benefit pursuant to a formula in which 1.9% of an officer's final average pay is multiplied by the officer's years of service (up to a maximum of 35 years) and then reduced by the value of other retirement benefits the officer will receive from the Company under certain qualified and nonqualified retirement plans as well as Social Security. If additional years of service were granted to an officer as part of his or her employment agreement, those additional years of service are reflected in the Pension Benefits table below. Vesting occurs, while the officer is employed by the Company, at the earlier of the attainment of age 55 and the completion of 5 years of service or age 62. Unreduced benefits under the EOSP are available at age 62 and benefits are only available as a lump sum after termination and paid in accordance with Section 409A of the Code. Each NEO, other than Ms. Carter and Mr. Michel who were hired or promoted after the plan was closed, participates in the EOSP.

The KMP is an unfunded, nonqualified, non-contributory defined benefit plan available to certain key management employees on a highly selective basis. The KMP is designed to replace a percentage of a key employee's final average pay based on his or her age and years of service at the time of retirement. Final average pay is defined as the sum of the key employee's current annual base salary plus the average of the employee's three highest AIM awards during the most recent six years. No other elements of compensation (other than base salary and AIM awards) are included in final average pay. The KMP provides a benefit pursuant to a formula in which 1.7% of a key employee's final average pay is multiplied by years of service (up to a maximum of 30 years) and then reduced by the value of other retirement benefits the key employee will receive that are provided by the Company under certain qualified and nonqualified retirement plans as well as Social Security. Vesting occurs at the earlier of the attainment of age 55 and the completion of 5 years of service or age 65. For employees who begin participating on or after June 2015, there is a minimum 5 year service requirement from date of participation to date of retirement. Benefits are only available as a lump sum after termination and paid in accordance with Section 409A of the Code. Ms. Carter and Mr. Michel participate in the KMP.

The table below represents the estimated present value of defined benefits for the plans in which each NEO participates.

the Pension Plan, EOSP, KMP and Supplemental Pension Plan II are the years of credited service through December 31, 2015. The Supplemental Pension Plan II was established as a mirror plan of the Supplemental Pension Plan, except for provisions required by Section 409A of the Code, effective January 1, 2005. The years of credited service used for calculating benefits under the Supplemental Pension Plan I are the years of credited service through December 31, 2004 and the benefits earned under this plan serve as offsets to the benefits earned under the Supplemental Pension Plan II.

- (b) The amounts in this column reflect the estimated present value of each NEO's accumulated benefit under the plans indicated. The calculations reflect the value of the benefits assuming that each NEO was fully vested under each plan. The benefits were computed as of December 31, 2015, consistent with the assumptions described in Note 10, Pensions and Postretirement Benefits Other than Pensions, to the consolidated financial statements in the 2015 Form 10-K.
- (c) Mr. Lamach's credited years of service exceed his actual years of service by 17 years pursuant to the provisions of his employment arrangement. Crediting additional years of service to a nonqualified pension program such as the EOSP was not uncommon in 2004 when Mr. Lamach joined the Company and was used to compensate him for benefits he was forfeiting at his prior employer. Mr. Lamach's benefit under the EOSP is reduced by the pension benefit he received from his former employer in July 2013, updated with interest. The increase in present value of benefits due to those additional years of credited service is \$14,246,180.
- (d) Service in the Pension Plan and the Supplemental Pension Plan II for Messrs. Teirlinck and Zafari began in September 2008 and August 2010, respectively, when they transferred to the United States.
- (e) Benefits for Messrs. Teirlinck and Zafari under the EOSP use all their service with the Company, not just the service in the United States. The benefit will be reduced by any and all benefits accrued or accumulated while covered under any non-U.S. plan in respect to any period of service that is counted as a year of service in this plan. The value of these non-U.S. benefits is not readily accessible until retirement, and therefore the amount shown for EOSP reflects the value of this benefit prior to these reductions.
- (f) Ms. Avedon and Mr. Wyman, pursuant to the provisions of their employment arrangements, receive double credit for the first five years of employment (3.8% versus 1.9%) in determining their benefit. The increase in present value of benefits due to this provision is \$1,441,531 for Ms. Avedon and \$982,152 for Mr. Wyman.

- (g) Under the terms of the KMP, Mr. Michel's service is capped at 30 years.

2015 NONQUALIFIED DEFERRED COMPENSATION

The Company's EDCP Plans are unfunded, nonqualified plans that permit certain employees, including the NEOs, to defer receipt of up to 50% of their annual salary and up to 100% of their AIM awards, PSP awards and RSUs received upon commencement of employment. Elections to defer must be made prior to the beginning of the performance period. The Company has established a nonqualified grantor trust with a bank as the trustee to hold certain assets as a funding vehicle for the Company's obligations under the EDCP Plans. These assets are considered general assets of the Company and are available to its creditors in the event of the Company's insolvency. Amounts held in the trust are invested by the trustee using various investment vehicles.

Participants are offered certain investment options (approximately 60 mutual fund investments and ordinary share equivalents), and can choose how they wish to allocate their cash deferrals among those investment options. Participants are 100% vested in all amounts deferred, and bear the risk of any earnings and losses on such deferred amounts.

Generally, deferred amounts may be distributed following termination of employment or at the time of a scheduled in-service distribution date chosen by the participant. If a participant has completed five or more years of service at the time of termination, or is terminated due to long-term disability, death or retirement, the distribution is paid in accordance with the participant's election. If a participant terminates without meeting these requirements, the account balance for all plan years will be paid in a lump sum in the year following the year of termination. A participant can elect to receive distributions at termination over a period of five, 10, or 15 annual installments, or in a single lump sum. A participant can elect to receive scheduled in-service distributions in future years that are at least two years after the end of the plan year for which they are deferring. In-service distributions can be received in two to five annual installments, or if no election is made, in a lump sum. For those participants who have investments in ordinary shares, the distribution of these assets will be in the form of ordinary shares, not cash.

Table of Contents**EXECUTIVE COMPENSATION****POST-EMPLOYMENT BENEFITS**

The following discussion describes the compensation to which each NEO would be entitled in the event of termination of such executive's employment, including termination following a change in control.

EMPLOYMENT ARRANGEMENTS AND SEVERANCE

All of the NEOs are entitled to certain benefits upon termination of their employment following a change in control. Mr. Lamach, Ms. Carter, Ms. Avedon and Mr. Wyman are entitled to severance in the event of their involuntary termination without cause pursuant to the terms of their employment agreements. Under the terms of his employment agreement, Mr. Lamach is eligible for 24 months of base annual salary plus a prorated AIM award earned for the year of termination as determined and paid at the conclusion of the full performance year in accordance with the terms of the AIM program. In addition, Mr. Lamach would receive prorated PSP awards (up to target) for the outstanding performance periods. These pro-rated awards would be earned based on actual performance and delivered in accordance with the terms of the PSP program. Under the terms of her employment agreement, Ms. Carter is eligible for 12 months of base salary plus a prorated AIM award (not to exceed target) earned for the year of termination as determined and paid at the conclusion of the full performance year in accordance with the terms of the AIM program. Ms. Avedon is eligible for 12 months of base salary plus an AIM award equal to the target amount. In addition, Ms. Avedon would receive prorated PSP awards (up to target) for the outstanding performance periods. These pro-rated awards would be earned based on actual performance and delivered in accordance with the terms of the PSP program. Mr. Wyman is eligible for 12 months of base salary plus a prorated AIM award (up to target). In addition, Mr. Wyman would receive prorated PSP awards for the outstanding performance periods. These pro-rated awards would be earned based on actual performance and delivered in accordance with the terms of the PSP program.

In the event of a change in control or termination due to a Major Restructuring, severance would be determined pursuant to the terms of the change-in-control agreements or the Major Restructuring Severance Plan described below in lieu of severance under the terms of the employment agreements. Although the Company does not have a formal severance policy for officers, NEOs who are terminated by the Company other than for cause will generally be considered for severance benefits up to 12 months' base salary as severance and, depending on the circumstances and timing of the termination, a pro-rated portion of their AIM award, not to exceed target. In addition, the Company's equity award agreements provide for the following treatment upon the occurrence of one of the specified events in the table below:

	Stocks Options	RSUs	PSUs
Retirement	Continue to vest on the same basis as active employees and remain exercisable for a period of up to five years following termination.	Continue to vest on the same basis as active employees.	Vest pro-rata based on the time worked during the performance period and the achievement of performance goals through the end of the performance period.
Group Termination	Immediately vest in the portion of the awards that would have vested within twelve months of termination and remain exercisable for a period of up to three years following termination.	Immediately vest in the portion of the awards that would have vested within twelve months of termination.	
Job Elimination	Unvested awards are forfeited and vested awards remain exercisable for a period of up to one year following termination.	Unvested awards are forfeited.	
Death or Disability	Either vest or continue to vest on the same basis as active employees and the stock options remain exercisable for a period of up to three years following termination.	Either vest or continue to vest on the same basis as active employees.	Vest pro-rata based on the time worked during the performance period and the achievement of performance goals from the beginning of the performance period through the end of the calendar quarter in which employment terminated.

CHANGE IN CONTROL

The Company has entered into a change-in-control agreement with each NEO. The change-in-control agreement provides for certain payments if the employment is terminated by the Company without cause (as defined in the change-in-control agreements) or by the NEO for good reason (as defined in the change-in-control agreements), in each case, within two years following a change in control of the Company. For officers who first became eligible for a change-in-control agreement on or after May 19, 2009, including Ms. Carter and Messrs. Michel, Zafari and Wyman, the Company eliminated a severance payment based

on outstanding PSP awards and eliminated a payment to cover the impact to the executive of certain incremental taxes incurred in connection with the payments made following a change in control.

Following a change in control, each NEO is entitled to continue receiving his or her current base salary and is entitled to an annual bonus in an amount not less than the highest annual bonus paid during the prior three full fiscal years.

If an NEO's employment is terminated without cause or by the NEO for good reason within two years following a change in control, the NEO is entitled to the following:

any base salary and annual bonus for a completed fiscal year that had not been paid;

an amount equal to the NEO's annual bonus for the last completed fiscal year pro-rated for the number of full months employed in the current fiscal year;

an amount equal to the NEO's base salary pro-rated for any unused vacation days;

a lump sum severance payment from the Company equal to the three times (for the CEO) or two and one-half times (for other NEOs) the sum of:

the NEO's annual salary in effect on the termination date, or, if higher, the annual salary in effect immediately prior to the reduction of the NEO's annual salary after the change in control; and

the NEO's target AIM award for the year of termination or, if higher, the average of the AIM award amounts beginning three years immediately preceding the change in control and ending on the termination date; and

for Messrs. Lamach and Teirlinck and Ms. Avedon, a lump sum payment equal to three times for Mr. Lamach and two and one-half times for Ms. Avedon and Mr. Teirlinck of: (a) the cash value of the target amount of the most recent PSU award; or (b) if higher, the average amounts of the last three PSU awards granted and paid to the NEO immediately preceding termination. This payment is in lieu of any rights the individual might have with respect to unvested PSU awards.

In addition to the foregoing, the NEOs would also be eligible to participate in the Company's welfare employee benefit programs for the severance period (three years for the CEO and two and one-half years for the other NEOs). The Company would also provide each NEO up to \$100,000 of outplacement services. For purposes of calculating the NEO's nonqualified pension benefits, three years would be added to both age and service with the Company under the EOSP or KMP. In addition, the final average pay under the EOSP or KMP would be calculated as 33.33% of his or her severance benefit under the change-in-control agreement in the case of Mr. Lamach and 40% of the severance benefit under the applicable change-in-control agreement in the case of the other NEOs. For purposes of determining eligibility for applicable post-retirement welfare benefits, the NEO would be credited with any combination of additional years of service and age, not exceeding 10 years, to the extent necessary to qualify for such benefits.

Under the Company's incentive plans, outstanding unvested stock options and RSUs immediately vest and become exercisable or payable, as applicable, following a change in control. PSUs will be deemed to have earned a pro-rata award based on the target award opportunity and total number of months worked in the applicable performance period.

A change in control is defined as the occurrence of any of the following events: (i) any person unrelated to the Company becomes the beneficial owner of 30% or more of the combined voting power of the Company's voting stock; (ii) the directors serving at the time the change-in-control agreements were executed (or the directors subsequently elected by the shareholders of the Company whose election or nomination was duly approved by at least two-thirds of the then serving directors) fail to constitute a majority of the Board of Directors; (iii) the consummation of a merger or consolidation of the Company with any other corporation in which the Company's voting securities outstanding immediately prior to such merger or consolidation represent 50% or less of the combined voting securities of the Company immediately after such merger or consolidation; (iv) any sale or transfer of all or substantially all of

the Company's assets, other than a sale or transfer with a corporation where the Company owns at least 80% of the combined voting power of such corporation or its parent after such transfer; or (v) any other event that the continuing directors determine to be a change in control; provided however, with respect to (i), (iii) and (iv) above, there shall be no change in control if shareholders of the Company own more than 50% of the combined voting power of the voting securities of the Company or the surviving entity or any parent immediately following such transaction in substantially the same proportion to each other as prior to such transaction.

ENHANCED RETIREMENT BENEFITS

An NEO is vested in the EOSP or KMP upon the earlier of: (i) the attainment of age 55 and the completion of 5 years of service; (ii) attainment of age 62 for the EOSP and age 65 for the KMP; (iii) death; (iv) disability (as provided under plan term); or (v) change in control. A termination within two years following a change in control also triggers the payment of an enhanced benefit (as described above). For employees who begin participating on or after June 2015, there is a minimum 5 year service requirement from date of participation to date of retirement. Benefits under the EOSP or KMP are forfeited in the event of termination for cause. In order to be eligible for an EOSP or KMP benefit in the event of disability, a participant must remain disabled until age 65. An officer becomes vested in both the Pension Plan and the Supplemental Pension Plans upon the completion of 5 years of service. As of December 31, 2015, Messrs. Lamach and Wyman and Ms. Avedon were not vested in the EOSP and Ms. Carter and Mr. Michel were not vested in the KMP.

HEALTH BENEFITS

In the event of a change in control, health benefits are provided, which include the Company cost of both active health and welfare benefits for the severance period (three years for Mr. Lamach and two and one-half years for the other NEOs), as well as retiree medical, if applicable. Mr. Michel is the only NEO eligible for retiree medical benefits due to his age and service as of January 1, 2003, when eligibility for the retiree benefit was frozen. Mr. Michel has not reached the retirement threshold but would receive retiree medical health benefits in the event of a termination following a change in control.

MAJOR RESTRUCTURING

The Company has adopted a Severance Plan that provides a cash severance payment in the event a participant's employment is terminated due to an involuntary loss of job without Cause (as defined in the Severance Plan) or a Good Reason (as defined in the Severance Plan), provided that the termination is substantially related to or a result of a Major Restructuring. The cash severance payment would be equal to two and one-half times (for the CEO) or two times (for other NEOs) (a) current base salary, and (b) current target AIM award. In addition, the participants would receive a pro-rated portion of their target AIM award, based on actual Company and individual performance during the fiscal year in which termination of employment occurred. Participants in the EOSP or KMP who are not vested in such plans would also receive a cash payment equal to the amount of the benefit to which they would have been entitled if they were vested. As of December 31, 2015, the value of cash severance for the NEOs was: Mr. Lamach, \$8,450,000; Ms. Carter, \$2,700,000; Mr. Teirlinck, \$2,603,000; Mr. Zafari, \$2,109,000; Ms. Avedon, \$2,127,500; Mr. Michel, \$1,764,000; and Mr. Wyman, \$1,750,000.

In addition, the Company's equity awards provide that employees who terminate employment due to an involuntary loss of job without Cause (as defined in the applicable award agreement) or for Good Reason (as defined in the applicable award agreement) within one year of completion of a Major Restructuring will, provided that the termination is substantially related to the Major Restructuring, (i) immediately vest in all unvested stock options and may exercise all vested stock options at any time within the following three-year period (five years if retirement eligible) or the remaining term of the stock option, if shorter, (ii) immediately vest in all RSUs, except that retirement eligible participants with at least five years of service would continue their existing vesting schedule, and (iii) receive a prorated payout of outstanding PSUs based on actual performance at the end of performance period. As of December 31, 2015, the value of unvested equity awards was: Mr. Lamach, \$14,925,487; Ms. Carter, \$3,360,196; Mr. Teirlinck, \$3,333,769; Mr. Zafari, \$2,655,201; Ms. Avedon, \$1,860,241; Mr. Michel \$1,653,158 and Mr. Wyman \$1,344,529.

A Major Restructuring is defined as a reorganization, recapitalization, extraordinary stock dividend, merger, sale, spin-off or other similar transaction or series of transactions, which individually or in the aggregate, has the effect of resulting in the elimination of all, or the majority of, any one or more of the Company's two business segments (*i.e.*, Climate and Industrial), so long as such transaction or transactions do not constitute a Change in Control (as defined in the applicable plan).

Table of Contents**EXECUTIVE COMPENSATION****POST-EMPLOYMENT BENEFITS TABLE**

The following table describes the compensation to which each of the NEOs would be entitled in the event of termination of such executive's employment on December 31, 2015, including termination following a change in control. The potential payments were determined under the terms of our plans and arrangements in effect on December 31, 2015. The table does not include the pension benefits or nonqualified deferred compensation amounts that would be paid to an NEO, which are set forth in the Pension Benefits table and the Nonqualified Deferred Compensation table above, except to the extent that the NEO is entitled to an additional benefit as a result of the termination.

(a) For the Involuntary without Cause column, for those NEOs who do not have a formal separation agreement, the current severance guidelines permit payment of up to one year's base salary provided that such termination was not eligible for severance benefits under the Major Restructuring Severance Plan. For the amounts shown under the Change in Control columns, refer to the description of how severance is calculated in the section above, entitled Post-Employment Benefits.

EXECUTIVE COMPENSATION

- (b) For the Involuntary without Cause column, these amounts represent the (i) AIM award earned by Messrs. Lamach and Wyman and Ms. Carter and Avedon in 2015 and paid pursuant to the terms of their employment agreements and (iii) prorated AIM awards (up to target) that may be paid to the other NEOs depending on the circumstances and timing of the termination. For the amounts under Change in Control, these amounts represent the actual award earned for the 2015 performance period, which may be more or less than the target award.
- (c) For the Involuntary without Cause column, these amounts represent the cash value of the prorated PSU award payout to (i) Messrs. Lamach and Wyman and Ms. Avedon pursuant to the terms of their employment agreements and (ii) Messrs. Teirlinck and Zafari because they were retirement eligible at December 31, 2015. For the Change in Control column for Messrs. Lamach and Teirlinck and Ms. Avedon, these amounts represent the cash value of the PSU award payout, based on the appropriate multiple. For the Change in Control column for Messrs. Zafari, Michel and Wyman and Ms. Carter, these values represent what would be provided under the terms of the 2007 Plan and 2013 Plan, which provide a pro-rated payment for all outstanding awards at target. For the Retirement, Disability and Death columns, amounts represent the cash value of the prorated portion of their PSUs that vest upon such events assuming performance at target. Amounts for each column are based on the closing stock price of the ordinary shares on December 31, 2015 (\$55.29).
- (d) The amounts shown for Retirement, Involuntary without Cause, Change in Control, Death and Disability represent (i) the value of the unvested RSUs, which is calculated based on the number of unvested RSUs multiplied by the closing stock price of the ordinary shares on December 31, 2015 (\$55.29), and (ii) the intrinsic value of the unvested stock options, which is calculated based on the difference between the closing stock price of the ordinary shares on December 31, 2015 (\$55.29) and the relevant exercise price. However, only in the event of termination following a Change in Control or, beginning with the 2013 awards, termination due to Death or Disability is there accelerated vesting of unvested awards. For Retirement, Disability (before 2013 grant) and Death (before 2013 grant), the awards do not accelerate but continue to vest on the same basis as active employees. Because Messrs. Teirlinck and Zafari were retirement eligible, they would continue to vest in stock options and RSUs after termination of employment for any reason other than cause.
- (e) In the event of a change in control of the Company and termination of the NEOs, the present value of the pension benefits under the EOSP, KMP and Supplemental Pension Plans would be paid out as lump sums. While there is no additional benefit to the NEOs as a result of either voluntary retirement/resignation and/or involuntary resignation without cause, there are differences (based on the methodology mandated by the SEC) between the numbers that are shown in the Pension Benefits Table and those that would actually be payable to the NEO under these termination scenarios.
- (f) For the Involuntary without Cause column, each NEO is eligible for outplacement services for a twelve month period, not to exceed \$13,400. For the Change in Control column, the amount represents the maximum expenses the Company would reimburse the NEO for professional outplacement services.
- (g) Represents the Company cost of health and welfare coverage. The cost for Change in Control represents continued active coverage for the severance period. For Mr. Michel, the value shown includes the cost for retiree coverage.
- (h) Pursuant to the change-in-control agreements for Messrs. Lamach and Teirlinck and Ms. Avedon, if any payment or distribution by the Company to these NEOs creates certain incremental taxes, they would be entitled to receive from the Company a payment in an amount sufficient to place them in the same after-tax financial position as if such taxes had not been imposed. As noted earlier, only 4 of the 17 officers retain this provision in their CIC Agreements.

HOW DO I ATTEND THE ANNUAL GENERAL MEETING?

All shareholders are invited to attend the Annual General Meeting. **In order to be admitted, you must present a form of personal identification and evidence of share ownership.**

If you are a shareholder of record, evidence of share ownership will be either (1) an admission ticket, which is attached to the proxy card and must be separated from the proxy card and kept for presentation at the meeting if you vote your proxy by mail, or (2) a Notice.

If you own your shares through a bank, broker or other holder of record (street name holders), evidence of share ownership will be either (1) your most recent bank or brokerage account statement, or (2) a Notice. If you would rather have an admission ticket, you can obtain one in advance by mailing a written request, **along with proof of your ownership of the Company's ordinary shares,** to:

Secretary
Ingersoll-Rand plc
170/175 Lakeview Dr.
Airside Business Park
Swords, Co. Dublin
Ireland

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted at the Annual General Meeting.

WHO MAY VOTE?

You are entitled to vote if you beneficially owned the Company's ordinary shares at the close of business on April 8, 2016, the Record Date. At that time, there were 257,458,018 of the Company's ordinary shares outstanding and entitled to vote. Each ordinary share that you own entitles you to one vote on all matters to be voted on a poll at the Annual General Meeting.

HOW DO I VOTE?

Shareholders of record can cast their votes by proxy by:

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

using the Internet and voting at www.proxyvote.com;

calling 1-800-690-6903 and following the telephone prompts; or

completing, signing and returning a proxy card by mail. If you received a Notice and did not receive a proxy card, you may request one at sendmaterial@proxyvote.com.

The Notice is not a proxy card and it cannot be used to vote your shares.

INFORMATION CONCERNING VOTING AND SOLICITATION

If you are a shareholder of record and you choose to submit your proxy by telephone by calling the toll-free number on your proxy card, your use of that telephone system and in particular the entry of your pin number/other unique identifier, will be deemed to constitute your appointment, in writing and under hand, and for all purposes of the Companies Act 2014, of the persons named on the proxy card as your proxy to vote your shares on your behalf in accordance with your telephone instructions.

Shareholders of record may also vote their shares directly by attending the Annual General Meeting and casting their vote in person or appointing a proxy (who does not have to be a shareholder) to attend the Annual General Meeting and casting votes on their behalf in accordance with their instructions.

Street name holders must vote their shares in the manner prescribed by their bank, brokerage firm or nominee. Street name holders who wish to vote in person at the Annual General Meeting must obtain a legal proxy from their bank, brokerage firm or nominee. Street name holders will need to bring the legal proxy with them to the Annual General Meeting and hand it in with a signed ballot that is available upon request at the meeting. Street name holders will not be able to vote their shares at the Annual General Meeting without a legal proxy and a signed ballot.

Even if you plan to attend the Annual General Meeting, we recommend that you vote by proxy as described above so that your vote will be counted if you later decide not to attend the meeting.

In order to be timely processed, your vote must be received by 8:00 a.m. Eastern Time on May 31, 2016 (or, if you are a street name holder, such earlier time as your bank, brokerage firm or nominee may require).

HOW MAY EMPLOYEES VOTE UNDER OUR EMPLOYEE PLANS?

If you participate in the ESP, the Ingersoll-Rand Company Employee Savings Plan for Bargained Employees, the Ingersoll-Rand Retirement Savings Plan for Participating Affiliates in Puerto Rico, the Ingersoll-Rand Individual Account Retirement Plan for Bargaining Unit Employees at the Buffalo, New York Plant or the Trane 401(k) and Thrift Plan, then you may be receiving these materials because of shares held for you in those plans. In that case, you may use the enclosed proxy card to instruct the plan trustees of those plans how to vote your shares, or give those instructions by telephone or over the Internet. They will vote these shares in accordance with your instructions and the terms of the plan.

To allow plan administrators to properly process your vote, your voting instructions must be received by 8:00 a.m. Eastern Time on May 30, 2016.

If you do not provide voting instructions for shares held for you in any of these plans, the plan trustees will vote these shares in the same ratio as the shares for which voting instructions are provided.

MAY I REVOKE MY PROXY?

You may revoke your proxy at any time **before it is voted at the Annual General Meeting** in any of the following ways:

by notifying the Company's Secretary in writing: c/o Ingersoll-Rand plc, 170/175 Lakeview Dr., Airside Business Park, Swords, Co. Dublin, Ireland;

by submitting another properly signed proxy card with a later date or another Internet or telephone proxy at a later date but prior to the close of voting described above; or

by voting in person at the Annual General Meeting.

Merely attending the Annual General Meeting does not revoke your proxy. To revoke a proxy, you must take one of the actions described above.

HOW WILL MY PROXY GET VOTED?

If your proxy is properly submitted, your proxy holder (one of the individuals named on the proxy card) will vote your shares as you have directed. If you are a street name holder, the rules of the NYSE permit your bank, brokerage firm or nominee to vote your shares on Items 3, 4 and 6 (routine matters) if it does not receive instructions from you. However, your bank, brokerage firm or nominee may not vote your shares on Items 1, 2, 5, 7, 8A, 8B, 9A and 9B (non-routine matters) if it does not receive instructions from you (broker non-votes). Broker non-votes will not be counted as votes for or against the non-routine matters, but rather will be regarded as votes withheld and will not be counted in the calculation of votes for or against the resolution.

If you are a shareholder of record and you do not specify on the proxy card you send to the Company (or when giving your proxy over the Internet or telephone) how you want to vote your shares, then the Company-designated proxy holders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion regarding any other matters properly presented for a vote at the meeting.

INFORMATION CONCERNING VOTING AND SOLICITATION

WHAT CONSTITUTES A QUORUM?

The presence (in person or by proxy) of shareholders entitled to exercise a majority of the voting power of the Company on the Record Date is necessary to constitute a quorum for the conduct of business. Abstentions and broker non-votes are treated as shares present for the purposes of determining whether a quorum exists.

WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL?

A majority of the votes cast at the Annual General Meeting is required to approve each of Items 1, 2, 3 and 4. A majority of the votes cast means that the number of votes cast for an Item must exceed the number of votes cast against that Item. Items 5, 6, 7, 8A, 8B, 9A and 9B are considered special resolutions under Irish law and require 75% of the votes cast for approval.

Although abstentions and broker non-votes are counted as shares present at the Annual General Meeting for the purpose of determining whether a quorum exists, they are not counted as votes cast either for or against the resolution and, accordingly, will not affect the outcome of the vote.

WHO PAYS THE EXPENSES OF THIS PROXY STATEMENT?

We have hired Georgeson Inc. to assist in the distribution of proxy materials and the solicitation of proxies for a fee estimated at \$17,500 plus out-of-pocket expenses. Proxies will be solicited on behalf of our Board of Directors by mail, in person, by telephone and through the Internet. We will bear the cost of soliciting proxies. We will also reimburse brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to the persons for whom they hold shares.

HOW WILL VOTING ON ANY OTHER MATTER BE CONDUCTED?

Although we do not know of any matters to be presented or acted upon at the Annual General Meeting other than the items described in this Proxy Statement, if any other matter is proposed and properly presented at the Annual General Meeting, the proxy holders will vote on such matters in accordance with their best judgment.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The Company does not generally engage in transactions in which its executive officers, directors or nominees for directors, any of their immediate family members or any of its 5% shareholders have a material interest. Pursuant to the Company's written related person transaction policy, any such transaction must be reported to management, which will prepare a summary of the transaction and refer it to the Corporate Governance and Nominating Committee for consideration and approval by the disinterested directors. The Corporate Governance and Nominating Committee reviews the material terms of the related person transaction, including the dollar values involved, the relationships and interests of the parties to the transaction and the impact, if any, to a director's independence. The Corporate Governance and Nominating Committee only approves those transactions that are in the best interest of the Company. In addition, the Company's Code of Conduct, which sets forth standards applicable to all employees, officers and directors of the Company, generally proscribes transactions that could result in a conflict of interest for the Company. Any waiver of the Code of Conduct for any executive officer or director requires the approval of the Company's Board of Directors. Any such waiver will, to the extent required by law or the NYSE, be disclosed on the Company's website at www.ingersollrand.com or on a current report on Form 8-K. No such waivers were requested or granted in 2015.

Edgar Filing: Ingersoll-Rand plc - Form DEF 14A

We have not made payments to directors other than the fees to which they are entitled as directors (described under the heading Compensation of Directors) and the reimbursement of expenses related to their services as directors. We have made no loans to any director or officer nor have we purchased any shares of the Company from any director or officer.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and officers, and persons who beneficially own more than ten percent of the Company's ordinary shares, to file reports of ownership and reports of changes in ownership with the SEC and the NYSE. To the Company's knowledge, based solely on its review of such forms received by the Company and written representations that no other reports were required, all Section 16(a) filing requirements were complied with for the year 2015.

SHAREHOLDER PROPOSALS AND NOMINATIONS

Any proposal by a shareholder intended to be presented at the 2017 Annual General Meeting of shareholders of the Company must be received by the Company at its registered office at 170/175 Lakeview Drive, Airside Business Park, Swords, Co. Dublin, Ireland, Attn: Secretary, no later than December 26, 2016, for inclusion in the proxy materials relating to that meeting. Any such proposal must meet the requirements set forth in the rules and regulations of the SEC, including Rule 14a-8, in order for such proposals to be eligible for inclusion in our 2017 proxy statement.

The Company's Articles of Association set forth procedures to be followed by shareholders who wish to nominate candidates for election to the Board of Directors in connection with Annual General Meetings of shareholders or pursuant to written shareholder consents or who wish to bring other business before a shareholders' general meeting. All such nominations must be accompanied by certain background and other information specified in the Articles of Association. In connection with the 2017 Annual General Meeting, written notice of a shareholder's intention to make such nominations or bring business before the Annual General Meeting must be given to the Secretary of the Company not later than March 4, 2017. If the date of the 2017 Annual General Meeting occurs more than 30 days before, or 60 days after, the anniversary of the 2016 Annual General Meeting, then the written notice must be provided to the Secretary of the Company not later than the seventh day after the date on which notice of such Annual General Meeting is given. Please see the description in Item 7 (Amend the Company's Articles of Association to implement proxy access) for nominating procedures where a shareholder wishes to avail of proxy access, which will be available for our 2017 Annual General Meeting should shareholders approve the proposal at Item 7 at the 2016 Annual General Meeting.

The Corporate Governance and Nominating Committee will consider all shareholder recommendations for candidates for Board membership, which should be sent to the Committee, care of the Secretary of the Company, at the address set forth above. In addition to considering candidates recommended by shareholders, the Committee considers potential candidates recommended by current directors, Company officers, employees and others. As stated in the Company's Corporate Governance Guidelines, all candidates for Board membership are selected based upon their judgment, character, achievements and experience in matters affecting business and industry. Candidates recommended by shareholders are evaluated in the same manner as director candidates identified by any other means.

In order for you to bring other business before a shareholder general meeting, timely notice must be received by the Secretary of the Company within the time limits described above. The notice must include a description of the proposed item, the reasons you believe support your position concerning the item, and other specified matters. These requirements are separate from and in addition to the requirements you must meet to have a proposal included in our Proxy Statement. The foregoing time limits also apply in determining whether notice is timely for purposes of rules adopted by the SEC relating to the exercise of discretionary voting authority.

If a shareholder wishes to communicate with the Board of Directors for any other reason, all such communications should be sent in writing, care of the Secretary of the Company, or by email at irboard@irco.com.

HOUSEHOLDING

SEC rules permit a single set of annual reports and proxy statements to be sent to any household at which two or more shareholders reside if they appear to be members of the same family. Each shareholder continues to receive a separate proxy card. This procedure is referred to as householding. While the Company does not household in mailings to its shareholders of record, a number of brokerage firms with account holders who are Company shareholders have instituted householding. In these cases, a single proxy statement and annual report will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once a shareholder has received notice from his or her broker that the broker will be householding communications to the shareholder's address, householding will continue until the shareholder is notified otherwise or until the shareholder revokes his or her consent. If at any time a shareholder no longer wishes to participate in householding and would prefer to receive a separate proxy statement and annual report, he or she should notify his or her broker. Any shareholder can receive a copy of the Company's proxy statement and annual report by contacting the Company at its registered office at 170/175 Lakeview Drive, Airside Business Park, Swords, Co. Dublin, Ireland, Attention: Secretary or by accessing it on the Company's website at www.ingersollrand.com.

Shareholders who hold their shares through a broker or other nominee who currently receive multiple copies of the proxy statement and annual report at their address and would like to request householding of their communications should contact their broker.

Additional amendments will be made to the provisions of the Articles of Association included in this Appendix B if shareholders approve Item 9.

36. (a) At any annual general meeting only such business shall be conducted as shall have been brought before the meeting (i) by or at the direction of the Board or (ii) by any member entitled to vote at such meeting who complies with the procedures set forth in this article or article 84, as applicable.
- (b) Any member entitled to vote at any annual general meeting may propose business to be included in the agenda of such meeting only if written notice of such member's intent is given to the Secretary of the Company, either by personal delivery or mail or by facsimile, not later than 90 days in advance of the anniversary of the immediately preceding annual general meeting or if the date of the annual general meeting of members occurs more than 30 days before or 60 days after the anniversary of such immediately preceding annual general meeting, not later than the close of business on the seventh day following the date on which notice of such meeting is given to members. A member's notice to the Secretary shall set forth in writing as to each matter such member proposes to bring before the annual general meeting (i) a brief description of the business desired to be brought before the annual general meeting and the reasons for conducting such business at the annual general meeting, (ii) the name and address, as they appear on the Company's books, of the members proposing such business, (iii) the class and number of shares of the Company which are beneficially owned by the member and (iv) any material interest of the member in such business. APPENDIX B

84.

The Directors shall be individuals appointed as follows:

(a)

[RESERVED for purposes of this Appendix B]

(b)

The Directors may appoint a person who is willing to act to be a Director, either to fill a vacancy or as an additional Director, provided that the appointment does not cause the number of Directors to exceed any number fixed by or in accordance with these articles as the maximum number of Directors. A Director so appointed shall hold office only until the next following annual general meeting. If not re-appointed at such annual general meeting, such Director shall vacate office at the conclusion thereof.

(c)

(i)

Whenever the Board solicits proxies with respect to the election of Directors at an annual general meeting, in addition to any persons nominated for election to the Board by or at the direction of the Board or any committee thereof, subject to the provisions of this article 84(c), the Company shall (i) include in its notice of meeting and proxy materials, as applicable, for any annual general meeting of shareholders (1) the name of any person nominated for election (the Shareholder Nominee) by an owner (as defined below) as of the date that the Notice of Proxy Access Nomination (as defined below) is received by the Company in accordance with this article 84(c) who is entitled to vote at the annual general meeting and who satisfies the notice, ownership and other requirements of this article 84(c) (a Nominator) or by a group of no more than 20 such owners (a Nominator Group) that, collectively as a Nominator Group, satisfies the notice, ownership and other requirements of this article 84(c) applicable to a Nominator Group; provided that, in the case of a Nominator Group, each member thereof (each a Group Member) shall have satisfied the notice, ownership and other requirements of this article 84(c) applicable to Group Members, and (2) subject to sub-paragraph (x) of this article 84(c), if the Nominator or the Nominator Group, as applicable, so elects, the Nomination Statement (as defined below) furnished by such Nominator or Nominator Group; and (ii) include such Shareholder Nominee s name on any ballot distributed at such annual general meeting and on the Company s proxy card (or any other format through which the Company permits proxies to be submitted) distributed in connection with such annual general meeting. Nothing in this article 84(c) shall limit the Company s ability to solicit against, and include in its proxy materials its own statements relating to, any Shareholder Nominee, Nominator or Nominator Group, or to include such Shareholder Nominee as a nominee of the Board.

(ii)

At each annual general meeting, a Nominator or Nominator Group may nominate one or more Shareholder Nominees for election at such meeting pursuant to this article 84(c); provided that the maximum number of Shareholder Nominees nominated by all Nominators and Nominator Groups (including Shareholder Nominees that were submitted by a Nominator or Nominator Group for inclusion in the Company s proxy materials pursuant

to this article 84(c) but either are subsequently withdrawn, disregarded, declared invalid or ineligible pursuant to this article 84(c) or that the Board determines to nominate as Board nominees) appearing in the Company's proxy materials with respect to an annual general meeting shall not exceed the greater of (i) two nominees and (ii) 20% of the total number of Directors in office as of the Final Proxy Access Deadline (as defined below), or if such number is not a whole number, the closest whole number below 20% (the "Maximum Number"). The Maximum Number shall be reduced, but not below zero, by the sum of (x) the number of Director candidates that are included in the Company's proxy materials with respect to such annual general meeting as an unopposed (by the Company) nominee pursuant to an agreement, arrangement or other understanding with one or more owners, as the case may be (other than any such agreement, arrangement or other understanding entered into in connection with an acquisition of capital stock of the Company by such owner from the Company); (y) the number of Directors that the Board decides to nominate for re-election who were previously elected to the Board based on a nomination made pursuant to article 36(c) or this article 84(c), in each case, at one of the previous two annual general meetings; and (z) the number of Directors that the Board decides to nominate for re-election who were previously included in the Company's proxy materials as an unopposed (by the Company) nominee pursuant to an agreement, arrangement or other understanding with one or more owners, as the case may be (other than any such agreement, arrangement or other understanding entered into in connection with an acquisition of capital stock of the Company by such owner from the Company), in each case, at one of the previous two annual general meetings. If one or more vacancies for any reason occurs on the Board at any time after the Final Proxy Access Deadline but before the date of the applicable annual general meeting and the Board resolves to reduce the size of the Board in connection therewith, the Maximum Number shall be calculated based on the number of Directors in office as so reduced. Any Nominator or Nominator Group submitting more than one Shareholder Nominee for inclusion in the Company's proxy materials pursuant to this article 84(c) shall rank in its Notice of Proxy Access Nomination such Shareholder Nominees based on the order that the Nominator or Nominator Group desires such Shareholder Nominees to be selected for inclusion in the Company's proxy materials in the event that the total number of Shareholder Nominees submitted by Nominators or Nominator Groups pursuant to this article 84(c) exceeds the Maximum Number. In the event of the death of any person having a right of indemnification under the foregoing provisions, such right shall inure to the benefit of his or her heirs, executors, administrators and personal representatives. Except as otherwise provided in this subparagraph (b), the Company shall be required to indemnify an officer or other covered person of the Company in connection with a Proceeding (or part thereof) commenced by such person only if the commencement of such Proceeding (or part thereof) by the person was authorised by the Board.

Part III Summary of Other Amendments Being Made Relating to the Passing of the Companies Act 2014 or for Administrative or Housekeeping Reasons

Amendment	Reason for the Amendment
All references to the old Irish company law statutes, which were repealed when the Companies Act 2014 became effective on June 1, 2015 are replaced by references to the Companies Act 2014	To ensure that our Memorandum and Articles of Association are consistent with the statutory references in the Companies Act 2014.

Table of Contents

APPENDIX D

Amendment	Reason for the Amendment
Insert references to undenominated capital	In various places in our Articles of Association, the expression "undenominated capital" is being inserted as this expression is now used in the Companies Act 2014 to refer to that part of a company's issued share capital which is not represented by the nominal (or par) value paid up on a company's issued shares.
Deletion of Articles 8(c) and (d)	Articles 8(c) and (d) are being deleted as they concern the authority of our Board to allot shares and the dis-application of statutory pre-emption rights as the renewal of those authorities is now sought on a regular basis outside of our Articles of Association at our annual general meetings.
Amendment to Article 12	Article 12 is being updated to reflect the revised wording in the corresponding provision (section 82) of the Companies Act 2014.
Amendment to Article 25(c) and (d)	Article 25(c) and (d) are being added to reflect the updated list of ways that a company is permitted to vary its share capital in accordance with section 83 of the Companies Act 2014.
Amendment to Article 26	Article 26 is being updated to clarify that any reserve created as a result of the Company reducing its share capital shall be treated as a realised profit in accordance with the Act.
Amendment to Article 27	Article 27 is a minor administrative update to clarify that the Company will not be obliged to incur costs relating to the cashing out of fractional interests as part of an alteration or reorganization of its share capital.
Amendment to Article 35	Article 35 is being updated in order to ensure that it is consistent with section 186 of the Companies Act 2014 (which codifies and updates the common law position as to what constitutes the ordinary business of an annual general meeting) while still reflecting what the Company usually regards as ordinary business.
Amendment to Articles 44, 50 and 52 and deletion of Articles 46 and 60	Articles 44, 50 and 52 are being amended and Articles 46 and 60 are being deleted to better reflect the Company's current voting practice of voting all matters on a poll.
New Article 55(c)	Article 55(c) is being added to ensure that the Company continues to have flexibility to accept proxy cards submitted to it up to the time of a general meeting if it wishes. This article effectively dis-applies the statutory default of 48 hours prior to the meeting introduced by section 183(6) of the Companies Act 2014.
Amendment to Article 59(a)	Article 59(a) is being amended by the deletion of the time limit within which a proxy may be revoked as this is now governed by section 183(10) of the Companies Act 2014, which specifies that such revocation will be valid if received at a company's registered office at any time before the commencement of the meeting or adjourned meeting at which the proxy is used.
New Article 71(b)	Section 228(1)(d) of the Companies Act 2014 codifies the common law restriction on the use of company property by directors save to the extent permitted by a company's constitution. A new Article 71(b) is being adopted so that our directors may continue to use Company property pursuant to or in connection with the exercise or performance of their duties, functions and powers as directors or employees; the terms of any contract of service or employment or letter of appointment; and, or in the alternative, any other usage authorized by our Board from time to time.
New Article 71(c)	Sections 228(1)(e) and 228(2) of the Companies Act 2014 codify the common law rules on directors fettering their independent judgment and the new Article 71(c) makes it clear that section 228(1)(e) will not restrict anything which may be done by our directors in accordance with the prior authorization of our Board.
Amendment to Article 82	The word "extended" is being removed in Article 82 as "extended" notice is not a term used in the Companies Act 2014 in relation to the removal of directors (it was a term used in the statute replaced by the Companies Act 2014).
Amendment to Article 105	Article 105 is being amended in order to take account of the new requirements regarding the maintenance of accounting records set out in the Companies Act 2014.
Amendment to Article 106	Article 106 is being amended to ensure that it is consistent with the categories of capital reserves recognized by the Companies Act 2014 as being available to pay up unissued shares for distribution to shareholders as bonus shares.
Amendment to Articles 34(b), 35(b), 35(d), 35(e), 71(a), 105(d) and 107.	Articles 34(b), 35(b), 35(d), 35(e), 71(a), 105(d) and 107 have been updated to refer to our statutory auditor to ensure consistency with the terminology of the Companies Act 2014.

A Director retiring at a meeting shall retain office until the close or adjournment of the meeting.

80. 84. The Directors shall be individuals appointed as follows:

(a) The Company at the annual general meeting in each year or the Company at any extraordinary general meeting called for the purpose may appoint any eligible person as a Director. For 84,the purposes of this article 84(a), elected by a plurality means the election of those Director nominees, equal in number to the number of positions to be filled at the relevant general meeting, that received the highest number of votes in the contested election.

(b) The Directors may appoint a person who is willing to act to be a Director, either to fill a vacancy or as an additional Director, provided that the appointment does not cause the number of Directors to exceed any number fixed by or in accordance with these articles as the maximum number of Directors. A Director so appointed shall hold office only until the next following annual general meeting. If not re-appointed at such annual general meeting, such Director shall vacate office at the conclusion thereof.
