Recent Events

Iusacell reaches an agreement to Restructure its Debt.

On January 23, 2006, Grupo Iusacell, S.A. de C.V. and its main operating subsidiary Grupo Iusacell Celular, S.A. de C.V. announced that they have reached an agreement in principle with the majority of their respective creditors to restructure their indebtedness.

Grupo Iusacell, S.A. de C.V.

Iusacell reached an agreement in principle with creditors representing a majority of the principal amount of its US\$350 million 14.25% notes due in 2006 to exchange such notes for new notes.

The new notes to be issued in exchange for the existing notes will be in a principal amount of US\$175 million and will bear interest at an annual rate of 10% with semi-annual interest payments in arrears (with Iusacell having the option to capitalize up to 40% of each interest payment).

Iusacell is planning to launch the exchange offer and consent solicitation on or before March 15, 2006. All existing notes tendered in the exchange offer will be cancelled upon the consummation of the transaction, and past due interest on the tendered existing notes will be forgiven. At December 31, 2005, the past due interest was approximately US\$150 million.

## Edgar Filing: GRUPO IUSACELL SA DE CV - Form 6-K

The agreement in principle contemplates that the US\$190 million Existing Tranche A loan be exchanged for US\$190 million new first lien notes. Main terms of the new first lien notes would include a first lien on substantially all of Iusacell Celular's assets, in the terms and conditions of the existing lien, with interest at Libor + 400 basis points, payable quarterly, and final maturity 2010.

Further, under this agreement the US\$76 million Existing Tranche B loan and USD\$150 million existing senior notes would be exchanged for approximately \$203 million of new second lien notes. Main terms of the new second lien notes include a second lien on substantially all of the assets of Iusacell Celular, under the terms and conditions of the existing lien, interest at 10% per annum with semi-annual payments (the Company will have the option to capitalize up to 30% of each interest payment), and maturity in 2011. All existing senior notes tendered in the exchange offer will be cancelled upon the consummation of the transaction, and past due interest on the existing senior notes, which was approximately US\$44 million as of December 31, 2005, will be forgiven.

3

The New Notes, the New First Lien Notes and the New Second Lien Notes will be issued pursuant to an exemption from the registration requirements of the Securities Act of 1933. The exchange offers may be consummated as voluntary exchanges or through any other legal means available to the Company and Iusacell Celular, under applicable insolvency and business reorganization laws.

Bank of New York concluded the sale of the Company's shares corresponding to the ADRs of Iusacell.

On December 15, 2005, Iusacell reported that The Bank of New York (BoNY) concluded the sale on the Mexican Stock Exchange (BMV) of the Company's shares underlying the American Depositary Receipts (ADRs) that were not exchanged by shareholders within the period of time established, as part of the process of termination of the Company's ADR program in the U.S.

As previously explained in press releases issued by the Company, ADR holders had 60 days - from September 20 through November 20, 2005 -- to exchange ADRs for shares traded on the BMV. As of November 21, 2005, BoNY started selling the shares corresponding to ADRs that were not exchanged. The period for the sale of shares by BoNY has concluded, and there are no remaining shares corresponding to ADRs exchanged in the 60-day period.

For the twelve months of 2005, revenues increased 26% to Ps \$6,122 million compared to Ps \$4,862 million recorded in the same period last year. The increase is primarily due to growth in postpaid revenues mainly due to an increase in the subscriber base, as well as higher revenues from value added services. ### Costs and Expenses

During the quarter, total costs increased 7% to Ps \$1,048 million compared to Ps \$976 million recorded in the fourth quarter of 2004. ## Edgar Filing: GRUPO IUSACELL SA DE CV - Form 6-K

\$1,700 million for 2005 from Ps \$1,309 million for 2004.

The increase in total costs, for the quarter of 2005 as compared to the same period in 2004 is primarily due to an increase in interconnection and technical expenses offset in part by a decrease in handset subsidy costs.

The increase in operating expenses for the quarter of 2005 as compared to the same period in 2004, mainly reflects an increases in personnel expenses due to an increase in the number of full-time and part-time employees, the creation of regional sales and customer care structures in line with our strategy of providing the best service to our clients, and an increase in professional fees mainly related with the debt restructure.

### Operating income before depreciation and amortization

Iusacell recorded an operating income before depreciation and amortization during the fourth quarter of 2005 of Ps \$269 million, compared to Ps \$25 million of operating loss before depreciation and amortization recorded in the same period the preceding year. When comparing twelve-month figures, the Company recorded an increase in operating income before depreciation and amortization of 126% to Ps \$1,039 million for 2005 compared to Ps \$461 million for 2004 the prior.

4

### Net Income

Iusacell recorded a net income of Ps\$143 million during the fourth quarter of 2005, reverting the net loss of Ps\$375 million recorded in the same period the preceding year. When comparing twelve-month figures, the Company recorded a reduction in net loss of 66% to Ps\$706 million for 2005 as compared to Ps\$2,055 million for 2004.
