CERTAIN TRANSACTIONS WITH RELATED PERSONS

On June 28, 2005, the Company loaned, \$1,200,000 to Olympus Leasing Company, a related party. At June 28, 2005, Antonio F. Uccello, III, was, and is now the President, Chairman and a minority owner of the issued and outstanding shares of stock of Olympus Leasing and reports to its board of directors. Antonio F. Uccello, III, was and is one of the Company's officers and directors and an indirect shareholder of International Consolidated Companies, Inc. The loan is for a period of five years with interest accruing on the unpaid balance at 5.3% per annum payable annually, with the entire principal and unpaid interest due and payable in full on June 28, 2010. There is no prepayment penalty. The purpose of the loan was to obtain a higher interest rate than is currently available at traditional banking institutions. Olympus Leasing's primary business is making secured loans to chiropractic physicians throughout the United States for the purchase of chiropractic adjustment tables. The loans are generally for less than \$3,000 each and are secured by a first lien on each chiropractic adjustment table. Each loan is personally guaranteed by the chiropractic physician. The rate of return on the Olympus Leasing loans is between 15% and 25% per annum. To date, Olympus Leasing has suffered no loss from any loan to a chiropractic physician for the purchase of a chiropractic adjustment table. On January 3, 2007, the Company pursuant to the future advance clause in this note loaned Olympus Leasing an additional \$300,000. Since the making of the loan, including future advances thereon, by the Company to Olympus Leasing, Olympus Leasing has made payments to the Company of \$956,272. The remaining balance that was due from related party on the balance sheet was \$613,342 on June 30, 2007. Because of the foregoing facts, the Company believes that the probability of a default on the loan by it to Olympus Leasing is unlikely. The current principal balance due to the Company from Olympus Leasing is \$594,746. There is an excellent market for the re-sale of chiropractic adjustment tables which may be the subject of a foreclosure. Olympus Leasing currently has in excess of \$1,000,000 in outstanding finance receivables from chiropractic physicians secured by a first lien on each chiropractic adjustment table.

The Company's business is managed under the direction of its Board of Directors. The board meets on a regularly scheduled basis to act on matters requiring board approval. It also holds special meetings when an important matter requires action by the board between scheduled meetings. The board of directors held seven meetings during the fiscal year ended December 31, 2007 and three meetings so far during 2008. All board members attended each meeting. During the fiscal year ended December 31, 2007 the board consisted of five members, three of which were

independent under the independence standards applicable to the small business issuer. To date during the current fiscal year the board has consisted of five members, three of which are independent under the independence standards applicable to the small business issuer.

The Company does not have a standing compensation, audit or nominating committee or any committee performing a similar function. The Company does not have an audit committee charter or a nominating committee charter or policy or similar documents. The Board of Directors does not have a formal policy with regard to the consideration of any director candidates recommended by security holders. The entire board will consider any person nominated by security holders that is reputable and that has experience in the industry in which the Company operates or business experience in general. The board will also consider the extent of any nominee's educational background in deciding whether to nominate a person for a directorship position. The Company does not pay any fee to third parties for helping the board to nominate or evaluate director candidates and the board does not obtain such services from any third party.

The Company's entire Board of Directors acts as the compensation committee. Due to the current size of the Company and the relatively small size of the board of directors, the Company believes that it is reasonable at this point for the entire board to perform this function. The board, acting as the compensation committee, does not at this time have a compensation committee charter. The entire board meets annually to determine executive officer compensation. The board has complete authority for establishing executive officer compensation. The board does not delegate any authority with respect to the executive officer compensation. The board has not engaged any compensation consultants in determining or recommending the amount or form of executive and director compensation. The board has determined not to pay any directors fee of any nature for the foreseeable future.

To date, the Company has not held annual meetings and has utilized consents to action by shareholders holding the number of shares of equity stock necessary to approve the action taken by such consents to action.

For the year ended December 31, 2007, the Company's Board of Directors, acting as the audit committee, has (i) reviewed and discussed the audited financial statements with management; (ii) discussed with the Company's independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T; (iii) received the written disclosures and a letter from its independent accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and has discussed with the independent accountant the independent accountant's independence; and (iv) recommended that the audited financial statements be included in the company's annual report on Form 10-KSB for the fiscal year ended Dismember 31, 2007, for filing with the Securities and Exchange Commission.

Audit Committee Financial Expert

The Company's Board of Directors currently does not have an audit committee financial expert but hopes to nominate establish an audit committee and nominate an audit committee financial expert as a candidate for a directorship during the 2008 fiscal year. The Company and its Board of Directors have been actively searching for an audit committee financial expert but have had difficulty identifying a suitable candidate because of size of the Company, perceived additional liability to the public by prospective candidates and the excessive additional costs associated with the selection of a candidate including but not limited to director fees for the audit committee financial expert and director

liability insurance.

Security Holder Communication

The Company encourages its security holders to communicate directly with its Board of Directors regarding any issues, including financial issues that may affect the Company. The process for contacting the board of directors is through writing to Evelyn P. Silva, Secretary, at 210 19th Street, Sarasota, Florida 34234. The Consent to Acton approves the amendment of the Company’s Articles of Incorporation as follows:

- amend the Company’s Articles of Incorporation to increase the number of authorized shares to 500,000,000 (FIVE HUNDRED MILLION) Common Shares and 100,000,000 Preferred Shares

The reasons and general effect of these amendments are to increase the number of common shares to allow the company for flexibility in acquiring additional companies, finance the company through the sale of common or preferred shares, and have sufficient shares to create a stock option program for employees of the Company and its Subsidiaries.
