Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Windstream 401(k) Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Windstream 401(k) Plan (the "Plan") at December 31, 2013 and 2012, and the changes in net assets available for benefits for the year ended December 31, 2013 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As disclosed in Note 6, the participant accounts from the Network Telephone 401(k) Profit Sharing Plan were transferred to and made a part of the Plan during the year ended December 31, 2013.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WINDSTREAM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013 AND 2012

1. PLAN DESCRIPTION:

The following brief description of the Windstream 401(k) Plan (the "Plan"), and the administration thereof, is provided for general information purposes only. Participants should refer to the Plan document or the Summary Plan Description ("SPD") for a more complete and comprehensive description of the Plan's provisions. Any discrepancies between the formal Plan document and the SPD will be resolved in favor of the formal Plan document.

Change in Organizational Structure of Plan Sponsor

On August 30, 2013, through the creation of a new holding company structure (the "Holding Company Formation"), Windstream Corporation ("Windstream Corp.") became a wholly-owned subsidiary of a new publicly traded parent company, Windstream Holdings, Inc. ("Windstream Holdings"). The Holding Company Formation was effected through the merger of Windstream Corp. with and into WIN Merger Sub, Inc., a Delaware corporation and a wholly-owned subsidiary of Windstream Holdings, with Windstream Corp. surviving the merger and becoming a direct, wholly-owned subsidiary of Windstream Holdings. At the effective time of the merger, each share of Windstream Corp. common stock, par value \$0.0001 per share, issued and outstanding was automatically converted into and was deemed exchanged for one share of Windstream Holdings common stock, par value \$0.0001 per share, having the same rights, powers, preferences, qualifications, limitations and restrictions as the Windstream Corp. common stock being converted and exchanged. As a result of the Holding Company Formation, Windstream Holdings common stock replaced the Windstream Corp. common stock on the Nasdaq Global Select Market and on September 3, 2013, began trading under the ticker symbol "WIN." Windstream Corp. common stock no longer trades on any stock market. Unless the context requires otherwise, the use of the terms "Windstream" or the "Company" shall refer to Windstream Holdings and its subsidiaries, including Windstream Corp. Following the Holding Company Formation, Windstream Corp. remained the Plan Sponsor.

General

The Plan is a defined contribution employee benefit plan which includes a cash or wage deferral arrangement that covers eligible bargaining and non-bargaining employees of Windstream. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Plan is administered by the Windstream Benefits Committee (the "Administrator") which is comprised of the following members of management of Windstream: the Chief Financial Officer, Chief Operating Officer, Executive Vice President and Chief Human Resource Officer, and Vice President of Compensation and Benefits. Members are appointed by the Board of Directors of Windstream. Merrill Lynch Trust Company, FSB ("Merrill Lynch" or the "Trustee") is the trustee and custodian of Plan assets. Additionally, Merrill Lynch & Company, Inc. provides the recordkeeping for the Plan and administrative services.

Participation

Eligible non-bargaining employees may participate immediately. Certain eligible bargaining employees may participate in the Plan, to the extent specifically provided in their collective bargaining agreement. Prior service with certain other companies may count toward the service requirements of the Plan. Each eligible employee is also

allowed to make certain rollover contributions to the Plan immediately upon employment with the Company as governed by the Internal Revenue Code of 1986, as amended (the "Code"). Individuals who are not eligible to participate include leased employees, employees covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining (unless the collective bargaining agreement where the employees are covered specifically provides for coverage under the Plan), persons not classified as an employee, and nonresident aliens with no U.S. income.

1. PLAN DESCRIPTION, Continued:

Plan Contributions

Each year, participants may contribute up to 50 percent of their pretax annual eligible compensation to the Plan, as defined in the Plan document. Participant contributions are subject to certain dollar limitations established by the Internal Revenue Service (the "IRS") each year. The annual deferral limits for the Plan are in accordance with the IRS limitations.

Eligible participants who will attain fifty (50) years of age prior to the end of the applicable Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of Section 414(v) of the Code. Employee contributions are funded to the Plan by Windstream in the period that payroll deductions are made from Plan participants in accordance with the participant's deferral election.

Except as discussed in the succeeding two paragraphs, the Company makes matching contributions to the Plan in an amount equal to 100 percent of the first 3 percent of each participant's eligible compensation contributed to the Plan, plus 50 percent of the next 2 percent of each participant's eligible compensation contributed to the Plan. The Company's matching contribution is calculated and made as soon as administratively practicable following the end of the Plan year for each participant who was actively employed on December 31, 2013 or who became retired, deceased or disabled during 2013. Prior to November 6, 2012, the Company's matching contributions were paid in cash. Effective November 6, 2012, the Company's matching contributions may be paid in cash or the Company's common stock at the election of the Company. Contributions of the Company's common stock will be invested in the Windstream Common Stock Fund. Once the contribution is made, participants may transfer the amount contributed to other investment options within the Plan immediately.

The Company annually makes matching contributions in an amount equal to 50 percent of the first 6 percent of eligible compensation contributed to the Plan for participants covered by certain collective bargaining agreements with Valor Telecommunications of Texas, LP, who were actively employed on December 31, 2013. The Company may also make, at its sole discretion, an additional matching contribution. No such contribution was made for the year ended December 31, 2013.

Each pay period the Company makes matching contributions in an amount equal to 66 percent of the first 6 percent of eligible compensation contributed to the Plan for participants covered by certain collective bargaining agreements with Windstream Iowa Telecommunications, Inc. Participants are eligible for an additional Company contribution of 3 percent of the participant's eligible compensation if they are not a participant in any other Company-sponsored defined benefit plan.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions and related employer matching and discretionary contributions, if any, as well as the participant's share of the Plan's earnings and any related administrative expenses. The participant contributions are invested according to a participant's investment election. If no investment election has been made, the contributions are invested in a manner deemed appropriate by the Administrator. The Plan's earnings and administrative expenses, if applicable, are allocated to participants' accounts based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan participants may direct their contributions among the various investment options offered by the Plan, which include a participant-directed brokerage account. The Merrill Lynch Self-Direct Brokerage Account allows participants to invest in over 1,600 Merrill Lynch mutual funds. The Plan also provides its participants the option to invest in the Company's common stock at the participants' election. The Plan places no restrictions on the participants' ability to change this investment option.

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION, Continued:

Vesting, Benefits and Payments

Participants are immediately fully vested in their employee contributions and matching employer contributions to the Plan and the accumulated earnings thereon. There were no new forfeitures created during the year ended December 31, 2013. Under terms of the Plan document, forfeitures can be used to pay Plan expenses or can be used to reduce future Company contributions. During 2013, forfeitures were used to fund a portion of the Company contributions. There were no material forfeitures available for future use at December 31, 2013 or 2012.

Participants or their beneficiaries, as applicable, are entitled to receive distribution of their Plan account when they retire, become permanently disabled, upon death or upon separation from service with the Company. The Plan provides benefits upon early retirement between ages 55 and 65.

Participants may elect upon termination of employment to defer payment of their account balance if it exceeds \$1,000. If a participant's account balance is equal to or less than \$1,000, the account will be automatically distributed. All distributions will be made in the form of a lump-sum payment, unless the distribution is in accordance with a grandfathered provision from a prior plan that merged into the Plan. A participant may elect to have a portion of their account invested in Windstream common stock to be distributed in shares of Windstream common stock. Additionally, actively employed participants may withdraw certain funds from their Plan account with the approval of the Administrator, for "hardship" reasons as defined by the IRS. Participants may also receive an in-service withdrawal of a portion of their vested account balance on or after attaining age 59 1/2. In addition, participants may withdraw voluntary after-tax and rollover contributions at any time.

Plan Termination

While it has not expressed any intention to do so, Windstream Corp, the Plan Sponsor, has the right to terminate the Plan. In the event that the Plan is terminated, participants will become fully vested and shall be entitled to receive the entire amount of his/her account balance in accordance with the Plan provisions. Participants in the Plan are entitled to certain rights and protections under ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Presentation and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting reported in accordance with accounting principles generally accepted in the United States of America.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Administrator to make estimates and assumptions that affect the amount of assets, liabilities, income and expenses, and disclosures of certain contingent assets and liabilities reported or disclosed in the financial statements. The estimates and assumptions used in preparing the accompanying financial statements are based upon the Administrator's evaluation of the relevant facts and circumstances as of the dates of the financial statements. Actual results may differ from these estimates and assumptions used in preparing the accompanying financial statements and such differences could be material.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrator determines the Plan's valuation policies utilizing information provided by its investment advisers, custodians, and insurance company. See note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

WINDSTREAM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Plan Expenses

As outlined in the Plan document, certain expenses related to the Plan's operations are paid from the Plan's assets and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Administrative costs paid by Windstream in 2013 are not reflected in the Plan's financial statements.

3. INVESTMENTS:

Investment Valuation and Income Recognition

The Plan's investments are carried at fair value. Fair value of financial and non-financial assets and liabilities is defined as an exit price, representing the amount that would be received to sell an asset or transfer a liability in an orderly transaction between market participants. Authoritative guidance defines the following three tier hierarchy for assessing the inputs used in fair value measurements:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Observable inputs other than quoted prices in active markets for identical assets or liabilities

Level 3 – Unobservable inputs

Assets and liabilities are classified into the hierarchy in their entirety based on the lowest level of input that is significant to the fair value measurement. The Company's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. The valuation techniques used may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

* Were the Plan to initiate a full redemption of the investment fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Windstream Common Stock Fund is designated as an "employee stock ownership plan" that is intended to qualify as a stock bonus plan. This fund invests primarily in Windstream common stock. Participants in this fund may elect that dividends received be paid in cash or reinvested in Windstream common stock.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

The following investments represented 5 percent or more of the Plan's net assets as of December 31:

WINDSTREAM 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

4. EMPLOYER CONTRIBUTIONS RECEIVABLE:

Contributions in the amount of \$21,934,060 and \$20,582,490 due to the Plan from Windstream had not been funded or allocated among the Plan's investments as of December 31, 2013 and 2012, respectively. The employee contributions receivable were funded in the form of Windstream common stock, except as required to be made in cash in accordance with collective bargaining agreements. The Windstream common stock contributed to the Plan was valued based on the closing market price of the shares on March 4, 2014 and February 25, 2013, respectively. Participants can leave the contribution in the Windstream Common Stock Fund or transfer it into other investment options offered by the Plan.

5. NOTES RECEIVABLE FROM PARTICIPANTS:

Participants can borrow from their account balances amounts not to exceed 50 percent of their account balance, up to a maximum loan amount of \$50,000 in accordance with section 72(p) of the Code. Such loans must be repaid through payroll deductions within five years, unless used to purchase a principal residence. Principal and interest is paid ratably through payroll deductions over the term of the loan. If a participant's employment terminates with an outstanding loan and the termination was not a result of a divestiture by the Company, the entire loan must be repaid in full. If the loan is not repaid in full, the unpaid portion will be considered taxable income to the individual. Loans are collateralized by the balance in the participant's account and bear interest at rates determined by the Administrator upon execution of the loan. Interest rates on the loans outstanding at December 31, 2013 ranged from 4.25 percent to 10.25 percent. For participant loans issued under the Plan, the interest rate is calculated by adding 2 percent to the published Prime Rate from The Wall Street Journal as of the close of business on the last business day of the month prior to loan issuance. At December 31, 2013, the Prime Rate from The Wall Street Journal was 3.25 percent.

6. TRANSFER FROM OTHER PLAN:

Effective October 1, 2013, the assets and the related participant account balances of the Network Telephone 401(k) Profit Sharing Plan ("the Network Plan") were transferred to the Plan. The trust fund maintained in connection with the Network Plan was added to the assets of the Plan's trust fund. The fair value of assets transferred to the Plan was \$152,352.

7. TAX STATUS:

A determination letter was originally applied for on September 14, 2007, which has been acknowledged by the IRS. The IRS misplaced the original filing and requested another copy. The IRS asked for additional documentation on March 5, 2014 and Windstream provided the documentation on March 19, 2014. The IRS had no additional questions regarding the determination letter filing. Accordingly, the Plan anticipates receiving the determination letter during 2014. The Administrator and the Plan's tax counsel have reviewed the Plan's tax-exempt status and analyzed the tax positions taken by the Plan. The Administrator and the Plan's tax counsel believe the Plan is designed and operating in accordance with applicable IRS requirements, and therefore believes the Plan is qualified and is tax-exempt as of the financial statement date for the purposes of Section 401(a) of the Code. Furthermore, the Administrator has concluded there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements during the year or within the next 12 months. There are currently no audits of the Plan for any tax periods in progress from any taxing authorities. Contributions and income of the Plan are generally not taxable to the participants until withdrawals or distributions are made. The Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. PARTY-IN-INTEREST TRANSACTIONS:

Plan investments in the Merrill Lynch Self-Direct Brokerage Account totaled \$2,768,039 and \$3,042,712 as of December 31, 2013 and 2012, respectively. These investments included shares of mutual funds managed by Merrill Lynch. The Plan also invests in Windstream common stock. Since Merrill Lynch is the Plan trustee and Windstream is the Plan sponsor, these transactions qualify as exempt party-in-interest transactions. The Plan permits participants to make loans from the Plan in accordance with section 72(p) of the Code.
