NTT DOCOMO, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation:

The accompanying quarterly consolidated financial statements for the three months ended June 30, 2008 of NTT DoCoMo, Inc. and its subsidiaries (the Company or DOCOMO) were prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Since DOCOMO's American Depositary Shares were listed on the New York Stock Exchange in March 2002, DOCOMO has prepared its consolidated financial statements pursuant to the terminology, forms and preparation methods required in order to issue American Depositary Shares, which are registered with the Securities Exchange Commission of the United States of America.

2. Summary of significant accounting and reporting policies:

(1) Adoption of a new accounting standard

Fair Value Measurements

Effective April 1, 2008, DOCOMO adopted the Financial Accounting Standards Board (FASB) Statement (SFAS) No. 157 Fair Value Measurements . SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. Although the definition of fair value retains the exchange price notion in earlier definitions of fair value, SFAS No. 157 clarifies that the exchange price is the price in an orderly transaction between market participants to sell the asset or transfer the liability in the market and emphasizes that fair value is a market-based measurement, rather than an entity-specific measurement. SFAS No. 157 also expands disclosures about the use of fair value to measure assets and liabilities subsequent to initial recognition through fair value hierarchy as a framework for measurement. The initial adoption of SFAS No. 157 did not have a material impact on DOCOMO's results of operations and financial position. The disclosure required by SFAS No. 157 was omitted.

(2) Recent accounting pronouncements

In December 2007, FASB issued SFAS No. 141 (revised 2007) Business Combinations (SFAS No. 141R). SFAS No. 141R requires an acquirer in a business combination to generally recognize and measure all the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at their fair values as of acquisition date. SFAS No. 141R also requires the acquirer to recognize and measure as goodwill the excess of consideration transferred plus the fair value of any noncontrolling interest in the acquiree at acquisition date over the fair value of the identifiable net assets acquired. The excess of the fair value of the identifiable net assets acquired over consideration transferred plus the fair value of any noncontrolling interest in the acquiree at acquisition date is required to be recognized and measured as a gain from a bargain purchase. SFAS No. 141R is effective for business combination transactions for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The impact of the adoption of SFAS No. 141R will depend on future business combinations transactions.

NTT DOCOMO, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In December 2007, FASB issued SFAS No. 160 Noncontrolling Interests in Consolidated Financial Statements an amendment of Accounting Research Bulletin No.51 . SFAS No. 160 requires noncontrolling interest held by parties other than the parent be clearly identified, labeled and presented in the consolidated statement of financial position within equity, but separate from the parent s equity. SFAS No. 160 also requires changes in parent s ownership interest while the parent retains its controlling financial interest in its subsidiary be accounted as equity transactions. SFAS No. 160 is effective for fiscal years beginning on or after December 15, 2008 and interim periods within those years. DOCOMO currently estimates that the impact of the adoption of SFAS No. 160 on its result of operations and financial position will be immaterial.

In March 2008, FASB issued SFAS No. 161 Disclosures about Derivative Instruments and Hedging Activities an amendment of SFAS No. 133. SFAS No. 161 requires entities with derivative instruments to disclose information that should enable financial statement users to understand how and why an entity uses derivative instruments, how derivative instruments and related hedged items are accounted for under SFAS No. 133, and how derivative instruments and related hedged items affect an entity s financial position, financial performance, and cash flows. SFAS No. 161 is effective for fiscal years and interim periods beginning after November 15, 2008. DOCOMO is currently evaluating the impact of adoption of SFAS No. 161 on its results of operations and financial position.

(3) Reclassifications

Certain reclassifications have been made to the prior period s consolidated financial statements to conform to the presentation used for the three months ended June 30, 2008.

4. Segment reporting:

From a resource allocation perspective, DOCOMO views itself as having two business segments. The mobile phone business segment includes FOMA services, mova services, packet communications services, satellite mobile communications services, international services and the equipment sales related to these services. The miscellaneous business segment includes credit services, wireless LAN services and other miscellaneous services, which in the aggregate are not significant in amount. DOCOMO terminated its PHS services on January 7, 2008.

DOCOMO identifies its reportable segments based on the nature of services included, as well as the characteristics of the telecommunications networks used to provide those services. DOCOMO's management monitors and evaluates the performance of its segments based on the information that follows as derived from the Company's management reports. Segment information is prepared in accordance with U.S. GAAP.

5. Contingencies:

Litigation

As of June 30, 2008, DOCOMO had no litigation or claims outstanding, pending or threatened against which in the opinion of management would have a materially adverse effect on its results of operations or financial position.

Guarantees

DOCOMO applied FASB Interpretation (FIN) No. 45 Guarantor s Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others (FIN 45). FIN 45 requires that if a company issues or modifies a guarantee, the company must recognize an initial liability for the fair value of the obligations it has undertaken and must disclose that information in its financial statements.

DOCOMO enters into agreements in the normal course of business that provide guarantees for counterparties. These counterparties include subscribers, related parties, foreign wireless telecommunications service providers and other business partners. While the most of guarantees provided for subscribers relate to product defects of cellular phone handsets sold by DOCOMO, DOCOMO is provided with similar guarantees by the handset vendors. Though the guarantees or indemnifications provided in other transactions than with the subscribers are different in each contract, the likelihood of almost all of the performance of these guarantees or indemnifications are remote and amount of payments DOCOMO could be claimed for is not specified in almost all of the contracts. Historically, DOCOMO has not made any significant guarantee or indemnification payments under such agreements. DOCOMO estimates the estimated fair value of the obligations related to these agreements is not significant. Accordingly, no liabilities were recognized for these obligations as of June 30, 2008.

6. Subsequent event:

There was no significant subsequent event to be disclosed.
