Operating Income Presentation

Beginning with the Quarterly Report on Form 10-Q for the quarter ended September 30, 2015, Broadridge Financial Solutions, Inc. (“Broadridge” or the “Company”) changed the presentation of its Consolidated Statements of Earnings to provide Operating income as an additional earnings measure and to separately present Operating expenses, and Non-operating expenses, net. Previously, Broadridge reported Other expenses, net, as part of Total expenses. The Company’s Quarterly Reports on Form 10-Q filed for the first, second and third quarters of the Company’s fiscal year 2016 reflect this change in presentation. The Company believes that this change in presentation provides a better comparison with the Company’s industry peers, the majority of which present Operating income.

This Current Report on Form 8-K provides sections of the Company’s Annual Report on Form 10-K for the fiscal year ended June 30, 2015 (the “2015 Form 10-K”), filed on August 7, 2015, reflecting this change in earnings presentation. The information included in this Form 8-K does not amend or restate the Company’s consolidated financial statements, which were included in the 2015 Form 10-K, and does not affect the Company’s previously reported results for any periods included therein.
