Shelton Funds

European Growth and Income Fund

1050 17th Street, Suite 1710

Denver, CO 80265

May __, 2018

Dear Shareholder:

A Special Meeting of Shareholders of the European Growth and Income Fund, a series of Shelton Funds has been scheduled for June 15, 2018 (the "Special Meeting") to vote on the proposal to reorganize (the "Reorganization") of the European Growth and Income Fund into Shelton International Select Equity Fund (the "International Select Equity Fund"), a series of SCM Trust.

The Reorganization is expected to take effect on our about July 13, 2018.

The investment objectives of the European Growth and Income Fund and the International Select Equity Fund are similar. Both seek to provide long-term capital appreciation, the European Growth and Income Fund also seeks to provide income. Under normal market conditions the European Growth and Income Fund is limited to investing at least 80% of its total assets (which includes the amount of any borrowings for investment purposes) in large European companies, whereas the Shelton International Select Equity Fund under normal market conditions invests at least 80% of the Fund's net assets (plus borrowings for investment purposes) in non-U.S. companies worldwide.

For the reasons discussed below and in the attached Combined Proxy Statement/Prospectus, and based on the recommendations of Shelton, the Board of Trustees of the European Growth and Income Fund (the "Board") has determined that the Reorganization is in the best interests of the European Growth and Income Fund and its shareholders, and that the interests of the shareholders of the European Growth and Income Fund will not be diluted as a result of the Reorganization. As a result, the Board—including the trustees who are not "interested persons" within the meaning of Section 2(a)(19) of the Investment Company Act of 1940, as amended—has approved the Reorganization and directed that the Reorganization be submitted to the European Growth and Income Fund's shareholders for approval.

The Board recommends that shareholders vote "FOR" the Reorganization.

If the Reorganization is approved by the European Growth and Income Fund's shareholders, each shareholder of the European Growth and Income Fund will receive shares of the Shelton International Select Equity Fund, with no dilution in the dollar amount of his or her investment. Shareholders of the Class K and Direct Class shares of the European Growth and Income Fund will receive the same number of full and fractional shares of, respectively, the Investor Class and Institutional Class shares of the Shelton International Select Equity Fund, as they originally held in the European Growth and Income Fund. The European Growth and Income Fund would then be dissolved. The Reorganization is not expected result in the recognition of taxable gain or loss for federal income tax purposes for the European Growth and Income Fund or its shareholders. The attached Combined Proxy Statement/Prospectus is designed to give you more information about the proposals.

If you have any questions regarding the proposals to be voted on, please do not hesitate to call (800) 290-6433.

If you are a shareholder of record of the European Growth and Income Fund as of the close of business on May 1, 2018, the record date for the Special Meeting, you are entitled to vote at the Special Meeting and at any adjournment or postponement thereof. While you are welcome to join us at the Special Meeting, most shareholders will cast their votes by completing and signing the enclosed Proxy Card.

Whether or not you are planning to attend the Special Meeting, we need your vote. Please mark, sign and date the enclosed Proxy Card and promptly return it so that the maximum number of shares may be voted. In the alternative, please call the toll-free number on your Proxy Card to vote by telephone. You should use the enclosed instructions to vote by telephone. You can also vote on the Internet at the website address listed on your Proxy Card. QUESTIONS AND ANSWERS

YOUR VOTE IS VERY IMPORTANT!

Dated: May __, 2018

Question: *What is this document and why did you send it to me?*

Answer: At a meeting of the Board of Trustees (the "Board") of Shelton Funds (the "Trust") held on February 8, 2018, the Board—including the trustees who are not "interested persons" (the "Independent Trustees") within the meaning of Section 2 (a)(19) of the Investment Company Act of 1940, as amended (the "1940 Act")—approved, upon the recommendation of its investment adviser, Shelton Capital Management ("Shelton"), a plan to reorganize the European Growth and Income Fund into an existing series, the Shelton International Select Equity Fund (the "International Select Equity Fund"), of SCM Trust, which also is advised by Shelton Capital Management. Additionally, The Trustees of SCM Trust are the same individuals who are the Trustees of Shelton Funds. The Reorganization of the European Growth and Income Fund into the International Select Equity Fund is referred to herein as the "Reorganization."

In approving the Reorganization, the Board determined that the Reorganization is in the best interests of the European Growth and Income Fund's shareholders, and the Board directed that the Reorganization be submitted to the European Growth and Income Fund's shareholders for approval.

This document provides you with information on the Reorganization and how to vote. If the European Growth and Income Fund's shareholders approve the Reorganization, each shareholder of the European Growth and Income Fund will receive shares of the International Select Equity Fund with no dilution in the dollar amount of his or her investment.

The table below summarizes the share classes of the European Growth and Income Fund and International Select Equity Fund involved in the Reorganization, and the approximate date the Reorganization will take effect.

European Growth and Income Fund	**International Select Equity Fund**	**Reorganization will take effect on or about**
European Growth and Income Fund – Class K	International Select Equity Fund – Investor Class	July 13, 2018
European Growth and Income Fund – Direct Class	International Select Equity Fund – Institutional Class	July 13, 2018

The Board recommends that you for "FOR" the Reorganization.

For more information regarding the factors considered by the Board in coming to these conclusions, please review "Reasons for the Reorganization" in the attached Combined Proxy Statement/Prospectus.

Shareholder approval is needed to proceed with the Reorganization and a special shareholder meeting will be held on July 11, 2018 (the "Special Meeting") to consider the proposals. We are sending this document to you for your use in deciding whether to vote in favor of the Reorganization at the Special Meeting. This document includes a Notice of Special Meeting of Shareholders, the Combined Proxy Statement/Prospectus, and a Proxy Card.

Question: *Why is the Reorganization being proposed?*

Answer: At a meeting held on February 8, 2018, the Board, including the Board's Independent Trustees, considered and approved a proposal by Shelton Capital Management to reorganize the European Growth and Income Fund into the International Select Equity Fund. The relatively smaller size of the European Growth and Income Fund means that its expenses are relatively higher than those of the Shelton International Select Equity Fund. Therefore, following the Reorganization, shareholders will have the benefit of lower overall costs. Furthermore, to the extent shareholders invest in the European Growth and Income Fund to seek long term capital appreciation diversified outside the United States, becoming shareholders in the International Select Equity Fund offers the same investment objective, implemented by the same portfolio management team using a very similar portfolio management approach across a much greater investible universe of companies, namely companies anywhere outside the United States including Europe. Finally, the Board determined that the future prospects of material increases in the size of the European Growth and Income Fund are very limited given its more narrow focus, and therefore the opportunity for it to achieve significant scale and lower its expenses also is very limited, to the detriment of the existing shareholders.

The Board unanimously approved the terms of the Reorganization and approved the agreement and plan of reorganization. The Board, including the Board's Independent Trustees also directed that the Reorganization and the agreement and plan of reorganization be submitted to the European Growth and Income Fund's shareholders for approval. Therefore, the Board is soliciting the approval of the European Growth and Income Fund's shareholders. It is anticipated that the Reorganization would occur as soon as practicable after the Reorganization is approved by the European Growth and Income Fund's shareholders.

Question: Who is Shelton?

Shelton Capital Management, or Shelton, is the current investment adviser to both the European Growth and Income Fund and the International Select Equity Fund. Further, the same portfolio management team manages both funds. Shelton is also the investment adviser and administrator for 14 other mutual funds in Shelton Funds and SCM Trust. The International Select Equity Fund is a series of SCM Trust.

As of January 26, 2018 Shelton managed 16 mutual funds and separate accounts with over $2.07 billion in aggregate assets. Shelton operates offices located in Denver, Greenwich, CT and San Francisco. More information about Shelton is available at *www.Sheltoncap.com*.

Question: Why did the Board approve the Reorganization?

After considering potential courses of action with respect to future management of the European Growth and Income Fund and the Trust, the Board, including the Board's Independent Trustees, determined that the Reorganization was in the best interests of the European Growth and Income Fund and its shareholders based upon the following factors, among others, with no single factor being controlling on dispositive:

Investment Objectives, Principal Investment Strategies and Principal Risks. The investment objectives of the European Growth and Income Fund and the International Select Equity Fund are similar. Both seek to provide long-term capital appreciation, although the European Growth and Income Fund also seeks to provide income and is limited to investing in large European companies, whereas the International Select Equity Fund may invest in companies of any size anywhere outside the United States.

The principal investment strategies and principal risks of the Funds are different in that the European Growth and Income Fund generally limits the geographic scope of its investments to Europe, whereas the International Select Equity Fund generally invests in issuers located anywhere outside the United States (including Europe). This different geographic scope also means that while the Funds are subject to many of the same investment risks, certain risks are either different or different in their degree for the two Funds. These risks are explained in the Comparison of Investment Objectives, Strategies and Policies section of the Combined Proxy Statement and Prospectus.

To the extent shareholders invest in the European Growth and Income Fund to seek long term capital appreciation diversified outside the United States, becoming shareholders in the International Select Equity Fund offers the same investment objective, implemented by the same portfolio management team using a very similar portfolio management approach across a much greater investible universe of companies, namely companies anywhere outside the United States including Europe.

Portfolio Management. The portfolio managers for the European Growth and Income Fund also are the portfolio managers of the International Select Equity Fund responsible for the day-to-day portfolio management activities of both Funds, which promotes continuity of asset management and investment expectations for European Growth and Income Fund's shareholders.

Investment Advisory Fees and Operating Expenses. The total annual operating expenses (*i.e.*, the total fund operating expenses after expense reimbursement) of each share class of the International Select Equity Fund immediately after the Reorganization is expected to be lower than the corresponding share class of the European Growth and Income Fund immediately before the Reorganization. Specifically:

• the total annual operating expenses of the Investor Class shares of the International Select Equity Fund are expected to be 1.24%, compared to total annual operating expenses of the Class K shares of the European Growth and Income Fund which are 1.50%;

• the total annual operating expenses of the Institutional Class shares of the International Select Equity Fund are expected to be 0.99%, compared to as total annual operating expenses of the Direct Class shares of the European Growth and Income Fund which are 1.00%.

Expected Tax-Deferred Conversion of the European Growth and Income Fund's Shares. The Board also considered the expected tax-deferred nature of the Reorganization. If you were to redeem your investment in the European Growth and Income Fund and invest the proceeds in another mutual fund or other investment product, you generally would recognize a gain or loss for U.S. federal income tax purposes upon your redemption of the shares. By contrast, upon completion of the Reorganization, it is expected that for U.S. federal income tax purposes: (1) you will not recognize a taxable gain or loss on the transfer of your investment to the International Select Equity Fund; (2) you will have the same tax basis in your International Select Equity Fund shares as you had in your European Growth and Income Fund shares; and (3) assuming that you hold your European Growth and Income Fund shares as a capital asset, the holding period for your International Select Equity Fund shares will include the holding period for your European Growth and Income Fund shares. As a shareholder of a mutual fund, you will continue to have the right to redeem any or all of your International Select Equity Fund shares at net asset value at any time. At that time, you generally would recognize a gain or loss for U.S. federal income tax purposes.

Prospective Economies of Scale. The Board determined that the future prospects of material increases in the size of the European Growth and Income Fund are very limited given its more narrow focus, and therefore the opportunity for it to achieve significant scale and lower its expenses also is very limited, to the detriment of the existing shareholder. As part of a larger fund with greater marker appeal, shareholders could benefit not only from immediate economies of scale, but from any future asset growth of the International Select Equity Fund.

Question: What happens if the Reorganization is not approved?

Answer: If the Reorganization is not approved, the Board will consider other options for the future management and organization of the European Growth and Income Fund. These options may include a continuation of the Fund or the closure and liquidation of the Fund given its size and other factors, such as market conditions. As noted above, the Board considered several factors with respect to future management of the Fund, and determined that the Reorganization is in the best interests of the Fund's shareholders in comparison to alternative potential courses of action, including a continuation of the Fund.

Question: *What is the anticipated timing of the Reorganization?*

Answer: The Special Meeting is scheduled to occur on July 11, 2018. If all necessary approvals are obtained, the proposed Reorganization will likely take place on or about July 13, 2018.

Question: *Are there any significant differences between the investment objectives and policies of the European Growth and Income Fund and the International Select Equity Fund?*

Answer: The investment objectives of the European Growth and Income Fund and the International Select Equity Fund are similar. Both seek to provide long-term capital appreciation, although the European Growth and Income Fund also seeks to provide income and is limited to investing in large European companies, whereas the International Select Equity Fund may invest in companies of any size anywhere outside the United States.

Question: What changes are anticipated in the current investments held by the European Growth and Income Fund after the Reorganization?

Answer: Given the similarity of the investment objectives and the continuity of the portfolio management team and its approach to investing, there are no material changes expected in these investments due to the reorganization, given that European securities are an expected sub-component of the International Select Equity Fund's investible universe. As of May 29, 2018 the European Growth and Income Fund invested approximately 98% of its portfolio in European securities, and immediately following the expected date of the Reorganization the International Select Equity Fund is currently expected to invest approximately 89% of its portfolio in European securities. Changes in portfolio holdings may occur in the ordinary course of investment decision-making as the newly combined Fund invests and seeks to fulfill its investment objective in the context of market movements, an individual company's performance, and all the other factors described in this prospectus/proxy statement.

Question: *How will the proposed Reorganization affect fees and expenses?*

Answer: The total annual operating expenses (*i.e.*, the total fund operating expenses after expense reimbursement) of each share class of the International Select Equity Fund immediately after the Reorganization is expected to be lower than the corresponding share class of the European Growth and Income Fund immediately before the Reorganization. Specifically:

- the total annual operating expenses of the Investor Class shares of the International Select Equity Fund are expected to be 1.24%, compared to total annual operating expenses of the Class K shares of the European Growth and Income Fund which are 1.50%; and
- the total annual operating expenses of the Institutional Class shares of the International Select Equity Fund are expected to be 0.99%, compared to total annual operating expenses of the Direct Class shares of the European Growth and Income Fund which are 1.00%.

Shelton Capital Management has contractually agreed to waive a portion or all of its management fees and pay certain expenses to the extent necessary to ensure that the International Select Equity Fund's total operating expenses (excluding acquired fund fees and expenses, interest, taxes, any class-specific expenses such as Rule 12b-1 distribution fees, shareholder servicing fees, transfer agency fees, dividend and interest and securities sold short, brokerage commissions, certain compliance expenses, and extraordinary expenses) does not exceed 1.24% and 0.99% of the Investor and Institutional class shares, respectively, (on an annual basis) of average daily net assets of the Fund's shares (the "Expense Reimbursement"). The Expense Reimbursement will remain in effect until at least July 29, 2018, and may be terminated before that date only by the Board of Trustees of SCM Trust. Shelton Capital Management may recover any previously waived fees and paid expenses from the Fund for three (3) years from the date they were waived or paid. Shelton Capital Management's ability to recover any previously waived fees and paid expenses is subject to the Expense Reimbursement as in effect at the time such fees were waived or expenses were paid. A recapture, if it is implemented, will have the effect of increasing the total fund operating expenses paid by shareholders for the period in which it is paid.

With respect to particular fees:

- The International Select Equity Fund has a lower management fee (0.74%) compared to the European Growth and Income Fund (0.85%).
- The Class K shares of the European Growth and Income Fund assesses a 0.25% 12b-1 fee. The Investor Class of the International Select Equity Fund also charge a 0.25% 12b-1 fee. Neither the Direct Class shares of the European Growth and Income Fund nor the Institutional Class shares of the International Select Equity Fund impose a 12b-1 fee.
- Neither the European Growth and Income Fund nor the International Select Equity Fund assess sales charges upon purchase, exchange fees or deferred sales charges.

Question: Will I be charged a sales charge or contingent deferred sales charge as a result of the Reorganization

No. If the Reorganization is approved and effected, shareholders of the European Growth and Income Fund will receive shares of the International Select Equity Fund without the imposition of any sales charges or contingent deferred sales charges.

Question: *Will there be changes in the management and operation of the European Growth and Income Fund?*

Answer: The International Select Equity Fund is a series of SCM Trust, and the Trustees of SCM Trust are the same individuals who are the Trustees of Shelton Funds, and therefore of the European Growth and Income Fund.

Shelton Capital Management is the current investment adviser to both the European Growth and Income Fund and the International Select Equity Fund. Further, the same portfolio management team manages both funds using a very similar investment management approach. Shelton is also the investment adviser and administrator for 14 other mutual funds in Shelton Funds and SCM Trust.

The International Select Equity Fund uses the same service providers as the European Growth and Income Fund.

Question: *How will the Reorganization work?*

Answer: Pursuant to the Agreement and Plan of Reorganization (the "Plan") (attached as Appendix A to the Combined Proxy Statement/Prospectus), the European Growth and Income Fund will transfer all of its assets and liabilities to SCM Trust, which shall assign all such assets and liabilities to the International Select Equity Fund, in exchange for shares of the International Select Equity Fund. The European Growth and Income Fund will then distribute the shares it receives to its shareholders upon its liquidation. As a result, shareholders of the European Growth and Income Fund will become shareholders of the International Select Equity Fund, with no dilution in the dollar amount of any shareholder's investment. The International Select Equity Fund has two classes of shares: Investor Class and Institutional Class. Class K shareholders of the European Growth and Income Fund will receive Investor Class shares of the International Select Equity Fund. Direct Class shareholders of the European Growth and Income Fund will receive Institutional Class shares of the International Select Equity Fund. The shares of the European Growth and Income Fund will be cancelled following the Reorganization.

If the Plan is carried out as proposed, we expect that the Reorganization will not result in the recognition of taxable gain or loss for the European Growth and Income Fund or its shareholders for federal income tax purposes. Please refer to the Combined Proxy Statement/Prospectus for a detailed explanation of the proposals.

Shareholders of the European Growth and Income Fund will receive shares of the International Select Equity Fund based upon the European Growth and Income Fund's and International Select Equity Fund's respective net asset values as of the close of the New York Stock Exchange (typically 4:00 pm Eastern Time) on the date the Reorganization is affected. The Reorganization will not change the dollar value of your investment at the time that the Reorganization is affected.

Question: *Why do I need to vote?*

Answer: Your vote is needed to ensure that the proposals can be acted upon at the Special Meeting. Your immediate response, even if you are a small investor, on the enclosed Proxy Card will help prevent the need for any further solicitations for a shareholder vote. We encourage all shareholders to participate.

Question: *How does the Board suggest that I vote?*

Answer: After careful consideration and upon recommendation of Shelton, the Board recommends that you vote "FOR" the Reorganization and Proposal 2 with respect consideration and transaction of such other business as may properly come before the Meeting and any adjournments, postponements or delays thereof, including obtaining votes necessary for a quorum.

Question: *Who is paying for expenses related to the Special Meeting and the Reorganization?*

Answer: The estimated cost for the Reorganization is $45,000 and will be allocated between the European Growth and Income Fund and the International Select Equity Fund based on their relative net assets. Assuming the Reorganization is completed, the costs effectively will therefore be borne by the combined International Select Equity Fund to the extent they are paid after completion of the Reorganization.

Question: *How do I cast my vote?*

Answer: You may vote on the Internet at the website provided on your Proxy Card or you may vote by telephone using the toll free number found on your Proxy Card. You may also use the enclosed postage-paid envelope to mail your Proxy Card. Please follow the enclosed instructions to use these methods of voting. You also may vote in person at the Special Meeting.

Question: *Whom do I call if I have questions?*

Answer: We will be happy to answer your questions about the proxy solicitation. Please call (877) 478-5042.

APPENDIX A – Form of Agreement and Plan of Reorganization

OVERVIEW

This Overview is a summary of certain information contained elsewhere in this Proxy Statement/Prospectus or incorporated by reference into this Proxy Statement/Prospectus. Shareholders should read this entire Proxy Statement/Prospectus carefully. The Overview is qualified in its entirety by reference to the Prospectuses and Statements of Additional Information for the European Growth and Income Fund and International Select Equity Fund. For more complete information, please read the Prospectuses and Statements of Additional Information for the European Growth and Income Fund and International Select Equity Fund.

The Reorganization

Pursuant to the Plan, the European Growth and Income Fund will transfer all of its assets and liabilities to the SCM Trust, which shall assign all such assets and liabilities to the International Select Equity Fund, in exchange solely for shares of the International Select Equity Fund. The European Growth and Income Fund will then distribute the International Select Equity Fund shares that it receives to its shareholders upon its complete liquidation. The result of the Reorganization is that shareholders of the European Growth and Income Fund will become shareholders of the International Select Equity Fund. The International Select Equity Fund has two classes of shares: Investor Class and Institutional Class. Class K shareholders of the European Growth and Income Fund will receive Investor Class shares of the International Select Equity Fund. Direct Class shareholders of the European Growth and Income Fund will receive Institutional Class shares of the International Select Equity Fund. No front-end sales charges or contingent deferred sales charges will be imposed in connection with the Reorganization. The shares of the European Growth and Income Fund will be cancelled following the Reorganization.

If a Reorganization is not approved, the Board will consider other options for the future management and organization of the European Growth and Income Fund.

The Board of Trustees of the European Growth and Income Fund— including the trustees who are not "interested persons" (the "Independent Trustees") within the meaning of Section 2 (a)(19) of the Investment Company Act of 1940, as amended (the "1940 Act")—has concluded that the Reorganization is in the best interests of the European Growth and Income Fund and its shareholders.

The Board of Trustees of the European Growth and Income Fund recommends that you vote FOR the approval of the Reorganization.

The Reorganization is intended to qualify for federal income tax purposes as a tax-deferred reorganization. Assuming the Reorganization qualifies such, shareholders of the European Growth and Income Fund will not recognize gain or loss in the transaction.

The Funds

The International Select Equity Fund is a separate series of the SCM Trust, an open-end management investment company organized as a Massachusetts business trust. The International Select Equity Fund has two classes of shares: Investor Class and Institutional Class.

The European Growth and Income Fund is a separate series of Shelton Funds, an open-end management investment company organized as a Delaware statutory trust. The European Growth and Income Fund currently offers its shares to the public on a continuous basis. The European Growth and Income Fund offers two classes of shares: Class K and Direct Class.

If the Reorganization is approved, shareholders of the European Growth and Income Fund will receive shares of the International Select Equity Fund. Class K shareholders of the European Growth and Income Fund will receive Investor Class shares of the International Select Equity Fund. Direct Class shareholders of the European Growth and Income Fund will receive Institutional Class shares of the International Select Equity Fund.

The investment objectives of the European Growth and Income Fund and the International Select Equity Fund are similar. Both seek to provide long-term capital appreciation, although the European Growth and Income Fund also

seeks to provide income and is limited to investing in large European companies, whereas the Shelton International Select Equity Fund may invest in companies of any size anywhere outside the United States. Both Funds are managed by the same portfolio management team.

Comparison of Fees and Expenses

If the Reorganization is approved by the European Growth and Income Fund's shareholders, you will pay the fees and expenses of the International Select Equity Fund(s) in which you will be invested. Like all mutual funds, the European Growth and Income Fund and International Select Equity Fund incur certain fees and expenses in its operations and, as a shareholder, you pay these expenses indirectly.

The total annual operating expenses (*i.e.*, the total fund operating expenses after expense reimbursement) of each share class of the International Select Equity Fund immediately after the Reorganization is expected to be lower than the corresponding share class of the European Growth and Income Fund immediately before the Reorganization. Specifically:

- the total annual operating expenses of the Investor Class shares of the International Select Equity Fund are expected to be 1.24%, compared to total annual operating expenses of the Class K shares of the European Growth and Income Fund which are 1.50%;
- the total annual operating expenses of the Institutional Class shares of the International Select Equity Fund are expected to be 0.99%, compared to as total annual operating expenses of the Direct Class shares of the European Growth and Income Fund which are 1.00%.

Shelton Capital Management has contractually agreed to waive a portion or all of its management fees and pay certain expenses to the extent necessary to ensure that the International Select Equity Fund's total operating expenses (excluding acquired fund fees and expenses, interest, taxes, any class-specific expenses such as Rule 12b-1 distribution fees, shareholder servicing fees, transfer agency fees, dividend and interest and securities sold short, brokerage commissions, certain compliance expenses, and extraordinary expenses) does not exceed 1.24% and 0.99% of the Investor and Institutional class shares, respectively, (on an annual basis) of average daily net assets of the Fund's shares (the "Expense Reimbursement"). The Expense Reimbursement will remain in effect until at least July 29, 2018, and may be terminated before that date only by the Board of Trustees of SCM Trust. Shelton Capital Management may recover any previously waived fees and paid expenses from the Fund for three (3) years from the date they were waived or paid. Shelton Capital Management's ability to recover any previously waived fees and paid expenses is subject to the Expense Reimbursement as in effect at the time such fees were waived or expenses were paid. A recapture, if it is implemented, will have the effect of increasing the total fund operating expenses paid by shareholders for the period in which it is paid.

With respect to particular fees:

- The International Select Equity Fund has a lower management fee (0.74%) compared to the European Growth and Income Fund (0.85%).
- The Class K shares of the European Growth and Income Fund assesses a 0.25% 12b-1 fee. The Investor Class of the International Select Equity Fund also charge a 0.25% 12b-1 fee. Neither the Direct Class shares of the European Growth and Income Fund nor the Institutional Class shares of the International Select Equity Fund impose a 12b-1 fee.
- Neither the European Growth and Income Fund nor the International Select Equity Fund assess sales charges upon purchase, exchange fees or deferred sales charges.

The following tables compare the fees and expenses of the European Growth and Income Fund for the most recent annual fiscal period ended August 31, 2017, and for the International Select Equity Fund for the most recent fiscal period ended December 31, 2017, with the current estimated fees and expenses for the International Select Equity Fund on a pro forma basis assuming consummation of the Reorganization.

[1] Shelton has contractually agreed to reimburse expenses incurred by the European Growth & Income Fund to the extent that total annual fund operating expenses (excluding extraordinary expenses such as litigation or merger and reorganization expenses, for example) exceed 1.50% until January 2, 2019. This agreement may only be terminated with the approval of the Board of Trustees of the Fund. Shelton may be reimbursed for any foregone advisory fees or unreimbursed expenses within three fiscal years following a particular reduction or expense, but only to the extent the reimbursement does not cause the Fund to exceed applicable expense limits, and the effect of the reimbursement is measured after all ordinary operating expenses are calculated. Any such reimbursement is subject to the review and approval of the Fund's Board of Trustees. Any reimbursement or recapture of previously waived fees or expenses would occur only if the current expense ratio of the Fund is less than the prior expense cap that was in place when such prior year fees and expenses were waived.

[2] Shelton Capital Management has contractually agreed to waive a portion or all of its management fees and pay certain expenses to the extent necessary to ensure that the International Select Equity Fund's total operating expenses (excluding acquired fund fees and expenses, interest, taxes, any class-specific expenses such as Rule 12b-1 distribution fees, shareholder servicing fees, transfer agency fees, dividend and interest and securities sold short, brokerage commissions, certain compliance expenses, and extraordinary expenses) does not exceed 1.24% of the Investor class shares (on an annual basis) of average daily net assets of the Fund's shares (the "Expense Reimbursement"). This Example is intended to help you compare the cost of investing in each share class of the European Growth and Income Fund with the cost of investing in the corresponding share class of the International Select Equity Fund, assuming the Reorganization has been completed. The following is an example of the number of shares of the International Select Equity Fund that would be exchanged for shares of the European Growth & Income Fund if the Reorganization were consummated on December 31, 2017 and does not reflect the number of shares or value of shares that would actually be received if the Reorganization, as depicted, occurs. Portfolio Turnover

The European Growth & Income Fund and the International Select Equity Fund pay transaction costs, such as commissions, when they buy and sell securities (or “turn over” its portfolios). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect a fund’s performance. The funds pay transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). The portfolio turnover rate of the International Select Equity Fund is currently anticipated to be 24% of the average value of its portfolio per year, whereas, during the most recent fiscal year, the European Growth & Income Fund’s portfolio turnover rate was 0% of the average value of its portfolio.

Comparison of Investment Objectives, Strategies and Policies

The investment objectives of the European Growth & Income Fund and the International Select Equity Fund are similar. Both seek to provide long-term capital appreciation, although the European Growth & Income Fund also seeks to provide income and is limited to investing in large European companies, whereas the Shelton International Select Equity Fund may invest in companies of any size anywhere outside the United States. Both Funds are managed by the same portfolio management team.

The remainder of this section describes the investment objectives and principal investment strategies of the European Growth & Income Fund and International Select Equity Fund. Please be aware that this is only a brief discussion. More complete information may be found in the Prospectuses of the European Growth & Income Fund and International Select Equity Fund.

	European Growth & Income Fund	International Select Equity Fund
Investment Objectives	Seeks to provide long-term capital appreciation.	Seeks to achieve long term capital appreciation.
Principal Investment Strategies	The Fund seeks to invest primarily in large-sized companies located in Europe, and most companies considered for the Fund will have market capitalizations of at least $10 billion (U.S. dollars).	The Fund ordinarily invests in no fewer than three different countries outside the U.S. Under normal market conditions, the Fund will invest at least 40% of its net assets, plus any borrowings for investment purposes, in securities of non-U.S. companies. However, the Fund may invest a lesser amount of its assets in securities of non-U.S. companies when market conditions are not deemed favorable, in which case the Fund would invest at least 30% of its net assets, plus any borrowings for investment purposes, in securities of non-U.S. companies. The Fund will normally invest in the securities of approximately 30 to 50 issuers. The Fund invests its assets in equity securities of non-U.S. companies located in countries with developed markets, but may also invest in companies domiciled in emerging markets. Under normal market conditions, the Fund seeks to achieve its investment objective by investing in a universe of stocks listed within the MSCI ACWI ex USA index, as well as those in other developed, emerging, and frontier markets with a market capitalization of $2.5 billion or higher. Shelton anticipates that the percentage of the Fund's investable universe not included in the MSCI ACWI ex USA index will be approximately 20%. The Fund's investments in equity securities may include common and preferred stock, convertible preferred stock, warrants and rights.

Investment Process and Strategy Implementation	Shelton Capital Management (the "Advisor") implements its investment strategy by first using a proprietary "life-cycle" screen to narrow the Fund's investable universe. The Advisor then uses a fundamental, "bottom-up" research selection and disciplined portfolio construction process which is focused on identifying stocks that the Advisor believes have the ability to generate sustainable returns, regardless of sector or country. The Advisor's "life-cycle" screen classifies companies according to one of the following five categories: • Innovation: Companies characterized as having high level of capital investment and below the cost of capital returns. • Expansion: Companies characterized by aggressive investment to compound their high and rising returns, achieving a peak in both growth and cash flow returns. • Deceleration: Companies characterized as having very high returns, combined with good, but slowing growth prospects. • Maturity: Companies characterized as earning a small positive spread above the cost of capital. • Distress: Companies characterized as having returns driven down below the cost of capital. The Advisor's investment team actively invests across all five categories of the "life-cycle," building a diversified portfolio of high growth, high-return, income-oriented and distressed investments. In managing the portfolio, the investment team seeks to balance the portfolio's risk and return by maximizing stock specific risk (risk from security selection) while at the same time minimizing systematic factor risks (which includes, but is not limited to, sector selection, country selection, currency management). The Fund may engage in frequent and active trading of securities as a part of its principal investment strategy. The Advisor will sell or reallocate a Fund's securities if the Advisor believes the issuer of such securities no longer meets certain growth criteria, if certain political and economic events occur, or if it believes that more	Same

attractive

opportunities are available. The team strives to preserve capital as part of its investment process. The Advisor may elect to purchase futures contracts and/or options to attempt to remain fully invested in the markets. The percentage of futures held in the portfolio will typically not exceed the cash (or cash equivalents) balance of the Fund.

Comparison of Performance

The average annual total return table below indicates risk by illustrating how much returns can differ from one year to the next and how fund performance compares with that of a comparable market index. These figures assume that all distributions are reinvested.

Average Annual Return for the period ended 12/31/16

European Growth & Income Fund	1 year	5 years	10 years
Direct Shares Return Before Taxes	1.23%	4.84%	-0.18%

Dow Jones European Stoxx 50 Index	-2.28%	4.12%	-0.88%

Shelton Capital Management has been the investment adviser to the International Select Equity Fund since July 18, 2016. Therefore, the table below shows average total returns for the period from July 18, 2016 to June 30, 2017.

International Select Equity Fund: Average **Total** Returns for the period July 18, 2016 to June 30, 2017[1]

Institutional Class Return	20.80%
MSCI ACWI Ex USA (NET) Index [2]	20.20%

1 Although the performance information shown above is for less than one calendar year, it may give some indication of the risk of an investment in the Fund by comparing the Fund's performance with a broad measure of market performance. Shelton Capital Management became the investment advisor to the predecessor fund of the International Select Equity Fund on July 18, 2016. The predecessor fund was reorganized into the International Select Equity Fund on July 28, 2017. The investment objective, strategy, risks and policies of the predecessor fund during the period July 18, 2016 to July 28, 2017 were identical to those of the International Select Equity Fund.

2 The MSCI ACWI Ex USA Index is a free float-adjusted market capitalization index that is designed to measure developed market equity performance, excluding the U.S. & Canada. MSCI, Inc. publishes two versions of this Index reflecting the reinvestment of dividends using two different methodologies: gross dividends and net dividends. While both versions reflect reinvested dividends, they differ with respect to the manner in which taxes associated with dividend payments are treated. In calculating the gross dividends version, MSCI reinvests as much as possible of a company's dividend distributions. The reinvested amount is equal to the total dividend amount distributed to persons residing in the country of the dividend-paying company. Gross total return indexes do not, however, include

any tax credits. In calculating the net dividends version, MSCI incorporates reinvested dividends applying the withholding tax rate applicable to foreign non-resident institutional investors that do not benefit from double taxation treaties.

The Funds' performance will fluctuate, and past performance (before and after taxes) is no guarantee of future results. Updated performance information may be obtained on our website www.sheltoncap.com or by calling (800) 955-9988.

COMPARISON OF PRINCIPAL INVESTMENT RISKS

Like all investments, an investment in the European Growth & Income Fund or International Select Equity Fund involves risk. All investments carry some degree of risk that will affect the value of the European Growth & Income Fund and International Select Equity Fund, as well as its investment performance and the price of its shares. As a result, you could lose money if you invest in the European Growth & Income Fund or International Select Equity Fund. There is no assurance that the European Growth & Income Fund or International Select Equity Fund will meet its investment objective. The ability of the European Growth & Income Fund or International Select Equity Fund to achieve its investment objective will depend on, among other things, its portfolio managers' analytical and portfolio management skills. An investment in the European Growth & Income Fund or International Select Equity Fund is not a deposit and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

The principal investment risks of a fund largely depend upon the fund's principal investment strategies. To the extent the principal investment strategies of the European Growth & Income Fund and the Shelton International Select Equity Fund International Select Equity Fund both involve investments in equities of issuers outside of the United States, their principal risks are similar. Therefore, the principal investment risks of the two funds are discussed together with any differences noted.

The Funds are subject to the principal risks summarized below.

Principal Investment Risk	**Applicable to European Growth & Income Fund**	**Applicable to International Select Equity Fund**
Equity Securities Risk: Stock markets are volatile. The price of equity securities fluctuates based on changes in a company's financial condition and overall market and economic conditions. This risk may be considered generic to stocks of all companies while other risks may apply to small and midcap stocks.	Yes	Yes
Foreign Investing Risks: Foreign stocks may underperform U.S. stocks and may be more volatile than U.S. stocks. Risks relating to investments in foreign securities (including, but not limited to, depositary receipts) include: currency exchange rate fluctuation; less available public information about the issuers of securities; less stringent regulatory standards; lack of uniform accounting, auditing and financial reporting standards; and country risks including less liquidity, high inflation rates, unfavorable economic practices; political instability and	Yes	Yes

expropriation and nationalization risks. This risk is less for the European Growth & Income Fund given its emphasis on larger European issuers.		
Emerging Market Risk: Emerging markets are riskier than more developed markets because they tend to develop unevenly and may never fully develop. Investments in emerging markets may be considered speculative. Emerging markets are more likely to experience hyperinflation and currency devaluations, which adversely affect returns to U.S. investors. In addition, many emerging securities markets have far lower trading volumes and less liquidity than developed markets.	No	Yes
Growth Securities Risks: Growth stocks may fall out of favor with investors and underperform other asset types during given periods. A company may never achieve the earnings growth the Advisor anticipates.	Yes	Yes
Mid Cap Stock Risk: Mid cap stock risk is the risk that stocks of mid-sized companies may be subject to more abrupt or erratic market movements than stocks of larger, more established companies. Mid-sized companies may have limited product lines or financial resources, and may be dependent upon a particular niche of the market. This risk is less for the European Growth & Income Fund given its emphasis on larger European issuers.	Yes	Yes
Small Cap Stock Risk: The risk that stocks of smaller capitalization companies may be subject to more abrupt or erratic market movements than stocks of larger, more established companies. Small capitalization companies may have limited product lines or financial resources, or may be dependent upon a small or inexperienced management group, and their securities may trade less frequently and in lower volume than the securities of larger companies, which could lead to higher transaction costs. Generally, the smaller the company size, the greater the risk. This risk is less for the European Growth & Income Fund given its emphasis on larger European issuers.	Yes	Yes

Management Risk: As with any managed fund, the Advisor may not be successful in selecting the best-performing securities or investment techniques, and the Fund's performance may lag behind that of similar funds. The Advisor may also miss out on an investment opportunity because the assets necessary to take advantage of the opportunity are tied up in less advantageous investments.	Yes	Yes
Market Risk: The risk that the market value of a security may, sometimes rapidly and unpredictably, fluctuate. The prices of securities change in response to many factors including the historical and prospective earnings of the issuer, the value of its assets, general economic conditions, interest rates, investor perceptions and market liquidity.	Yes	Yes
Currency Risk: The risk that foreign currencies will fluctuate in value relative to the U.S. dollar, adversely affecting the value of the Fund's investments and its returns. Because the Fund's NAV is determined on the basis of U.S. dollars, you may lose money if the local currency of a foreign market depreciates against the U.S. dollar, even if the market value of the Fund's holdings appreciates.	Yes	Yes
Portfolio Turnover Risk: The risk that high portfolio turnover is likely to lead to increased Fund expenses that may result in lower investment returns. High portfolio turnover also is likely to result in higher short-term capital gains taxable to shareholders.	Yes	Yes
Valuation Risk: The risk that the Fund has valued certain of its securities at a higher price than it can sell them.	Yes	Yes

Portfolio Holdings Disclosure

A description of the International Select Equity Fund’s policies and procedures with respect to portfolio holdings is available in the Statement of Additional Information of the International Select Equity Fund, which is incorporated herein by reference.

Massachusetts Business Trust Shareholder Liability. Under Massachusetts law, a shareholder of the International Select Equity Fund could, under certain circumstances, be held personally liable for the obligations of the SCM Trust. There is a remote possibility that in certain circumstances shareholders of one series could be held personally liable for the obligations of a different series. However, SCM Trust’s Declaration of Trust provides that no shareholder shall be subject to personal liability in connection with the affairs of the Trust, and that the Trust shall indemnify any shareholder held liable on account of being or having been a shareholder.

INFORMATION ABOUT THE REORGANIZATION

Summary of the Proposed Reorganization

At the Special Meeting, the shareholders of the European Growth & Income Fund will be asked to approve the Plan to reorganize the European Growth & Income Fund into the International Select Equity Fund. The table below summarizes the share classes of the European Growth & Income Fund and International Select Equity Fund involved in the Reorganization, and the approximate date the Reorganization will take effect.

European Growth & Income Fund	International Select Equity Fund	Reorganization will take effect on or about
Class K	Investor Class	July 13, 2018
Direct Class	Institutional Class	July 13, 2018

If the Plan is approved, the European Growth & Income Fund will transfer all of its assets and liabilities to the SCM Trust, which shall assign all such assets and liabilities to the International Select Equity Fund, in exchange solely for shares of the International Select Equity Fund. The European Growth & Income Fund will then distribute the International Select Equity Fund shares that it receives to its shareholders upon its complete liquidation. The result of the Reorganization is that shareholders of the European Growth & Income Fund will become shareholders of the International Select Equity Fund. The International Select Equity Fund has two classes of shares: Investor Class and Institutional Class. Class K shareholders of the European Growth & Income Fund will receive Investor Class shares of the International Select Equity Fund. Direct Class shareholders of the European Growth & Income Fund will receive Institutional Class shares of the International Select Equity Fund. The shares of the European Growth & Income Fund will be cancelled following the Reorganization. In no case will the dollar value of a shareholder's investment be diluted.

The Plan may not be changed except by an agreement signed by each party to the Plan. In addition, the Plan may be terminated and the Reorganization abandoned at any time (whether before or after adoption by the shareholders of the European Growth & Income Fund) prior to the Closing Date by the Board of Trustees of the European Growth & Income Fund or the Board of Trustees of the International Select Equity Fund, if, among other reasons, any condition of the other party's obligations set forth in the Plan has not been fully met or waived by the applicable board.

The estimated cost for the Reorganization is $45,000 and will be allocated between the European Growth & Income Fund and the International Select Equity Fund based on their relative net assets. Assuming the Reorganization is completed, the costs effectively will therefore be borne by the combined International Select Equity Fund to the extent they are paid after completion of the Reorganization.

Description of the International Select Equity Fund's Shares

The shares of the International Select Equity Fund, when issued to the shareholders of the European Growth & Income Fund, will be duly authorized, validly issued, fully paid and non-assessable, will be transferable without restriction, and will have no preemptive or conversion rights. The International Select Equity Fund's shares may be redeemed based upon the International Select Equity Fund's NAV next determined after receipt of a purchase or redemption request, as described in the International Select Equity Fund's Prospectus. For additional information about the rights of shareholders of the International Select Equity Fund, see "INFORMATION ABOUT THE REORGANIZATION – Comparison of Shareholder Rights" in this Proxy Statement/Prospectus.

Board Consideration of the Reorganization

At a meeting on February 8, 2018, the Board of Trustees of the European Growth & Income Fund (the "Board"), including the Board's Independent Trustees, considered and approved the Reorganization and the Plan.

In determining whether to approve the Reorganization and to recommend approval of the Reorganization to shareholders of the European Growth & Income Fund, the Board (including the Independent Trustees) made inquiries into a number of matters and considered the following factors, among others, with no single factor being controlling or dispositive.

- ***Investment Objectives, Principal Investment Strategies and Principal Risks.*** The investment objective of the European Growth & Income Fund is very similar to that of the International Select Equity Fund. To the extent shareholders invest in the European Growth & Income Fund to seek long term capital appreciation diversified outside the United States, becoming shareholders in the International Select Equity Fund offers the same investment objective, implemented by the same portfolio management team using a very similar portfolio management approach across a much greater investible universe of companies, namely companies anywhere outside the United States including Europe. To the extent both Funds invest in equities of issuers outside of the United States, their principal risks are similar although their investment strategies focus on different geographies.

- ***Portfolio Management.*** The portfolio managers for the European Growth & Income Fund also are the portfolio managers of the International Select Equity Fund responsible for the day-to-day portfolio management activities of both Funds, which promotes continuity of asset management and investment expectations for European Growth & Income Fund's shareholders.

- ***Investment Advisory Fees and Operating Expenses.*** The total annual operating expenses (*i.e.*, the total fund operating expenses after expense reimbursement) of each share class of the International Select Equity Fund immediately after the Reorganization is expected to be lower than the corresponding share class of the European Growth & Income Fund immediately before the Reorganization. Specifically:

  - the total annual operating expenses of the Investor Class shares of the International Select Equity Fund are expected to be 1.24%, compared to total annual operating expenses of the Class K shares of the European Growth & Income Fund which are 1.50%;
  - the total annual operating expenses of the Institutional Class shares of the International Select Equity Fund are expected to be 0.99%, compared to as total annual operating expenses of the Direct Class shares of the European Growth & Income Fund which are 1.00%.

Shelton Capital Management has contractually agreed to waive a portion or all of its management fees and pay certain expenses to the extent necessary to ensure that the International Select Equity Fund's total operating expenses (excluding acquired fund fees and expenses, interest, taxes, any class-specific expenses such as Rule 12b-1 distribution fees, shareholder servicing fees, transfer agency fees, dividend and interest and securities sold short, brokerage commissions, certain compliance expenses, and extraordinary expenses) does not exceed 1.24% and 0.99% of the Investor and Institutional class shares, respectively, (on an annual basis) of average daily net assets of the Fund's shares (the "Expense Reimbursement"). The Expense Reimbursement will remain in effect until at least July 29, 2018, and may be terminated before that date only by the Board of Trustees of SCM Trust. Shelton Capital Management may recover any previously waived fees and paid expenses from the Fund for three years from the date they were waived or paid. Shelton Capital Management's ability to recover any previously waived fees and paid expenses is subject to the Expense Reimbursement as in effect at the time such fees were waived or expenses were paid. A recapture, if it is implemented, will have the effect of increasing the total fund operating expenses paid by shareholders for the period in which it is paid.

With respect to particular fees:

- The International Select Equity Fund has a lower management fee (0.74%) compared to the European Growth & Income Fund (0.85%).
- The Class K shares of the European Growth & Income Fund assesses a 0.25% 12b-1 fee. The Investor Class of the International Select Equity Fund also charge a 0.25% 12b-1 fee. Neither the Direct Class shares of the European Growth & Income Fund nor the Institutional Class shares of the International Select Equity Fund impose a 12b-1 fee.

- Neither the European Growth & Income Fund nor the International Select Equity Fund assess sales charges upon purchase, exchange fees or deferred sales charges.

Expected Tax-Deferred Conversion of the European Growth & Income Fund's Shares. The Board also considered the expected tax-deferred nature of the Reorganization. If you were to redeem your investment in the European Growth & Income Fund and invest the proceeds in another mutual fund or other investment product, you generally would recognize a gain or loss for U.S. federal income tax purposes upon your redemption of the shares. By contrast, upon completion of the Reorganization, it is expected that for U.S. federal income tax purposes: (1) you will not recognize a taxable gain or loss on the transfer of your investment to the International Select Equity Fund; (2) you will have the same tax basis in your International Select Equity Fund shares as you had in your European Growth & Income Fund shares; and (3) assuming that you hold your European Growth & Income Fund shares as a capital asset, the holding period for your International Select Equity Fund shares will include the holding period for your European Growth & Income Fund shares. As a shareholder of a mutual fund, you will continue to have the right to redeem any or all of your International Select Equity Fund shares at net asset value at any time. At that time, you generally would recognize a gain or loss for U.S. federal income tax purposes.

Prospective Economies of Scale. The Board determined that the future prospects of material increases in the size of the European Growth & Income Fund are very limited given its more narrow focus, and therefore the opportunity for it to achieve significant scale and lower its expenses also is very limited, to the detriment of the existing shareholder. As part of a larger fund with greater marker appeal, shareholders could benefit not only from immediate economies of scale, but from any future asset growth of the International Select Equity Fund.

The Board also concluded that the economic interests of the European Growth & Income Fund's shareholders would not be diluted as a result of the proposed Reorganization because, among other things, the number of shares of the International Select Equity Fund to be issued to shareholders of the European Growth & Income Fund will be calculated based on the net asset value of the European Growth & Income Fund.

In approving the Plan, the Board based its decision on the recommendation of Shelton Capital Management that the Reorganization will provide long-term benefits to the European Growth & Income Fund and its shareholders. In addition, the Board reviewed and considered such information provided to them by Shelton Capital Management regarding the Reorganization, and have considered all factors which they have deemed relevant to evaluate the Reorganization. In light of the foregoing considerations, among others, and the Board's evaluation of the information presented to the Board, and in accordance with its fiduciary duties, the Board, including its Independent Trustees, determined that the Reorganization of the European Growth & Income Fund is in the best interests of the European Growth & Income Fund and its shareholders. As such, the Board, including its Independent Trustees, approved the Reorganization and directed that the Reorganization be submitted to the European Growth & Income Fund's shareholders for approval.

If the Reorganization is not approved, the Board will consider other options for the future management and organization of the European Growth & Income Fund.

Federal Income Tax Consequences

As a condition of the Reorganization, the International Select Equity Fund and the European Growth & Income Fund will receive an opinion from the International Select Equity Fund's counsel, Davis Graham & Stubbs LLP that the Reorganization will qualify as a reorganization as defined in Section 368(a) of the Internal Revenue Code of 1986, as amended. Therefore, neither the European Growth & Income Fund, the International Select Equity Fund nor its shareholders will be expected to recognize any income, gain or loss for federal income tax purposes as a result of the Reorganization. In addition, the aggregate tax basis of, and the holding period for, the International Select Equity Fund shares received by each shareholder of the European Growth & Income Fund in the Reorganization is expected to be the same as the aggregate tax basis of, and the holding period for, the European Growth & Income Fund shares exchanged by such shareholder, provided that such shares are held as capital assets by the shareholder of the European Growth & Income Fund at the time of the Reorganization. An opinion of counsel is not binding on the Internal Revenue Service.

On or before the final valuation of the assets of the European Growth & Income Fund, the European Growth & Income Fund shall make one or more distributions to shareholders. Such distributions generally will be taxable as ordinary income, capital gains, or qualified dividend income (taxable to noncorporate shareholders at maximum federal income tax rates applicable to long-term capital gains) for shareholders that hold their shares of the European Growth & Income Fund in a taxable account.

Shareholders are urged to consult their own tax advisors as to the specific consequences to them of the Reorganization in light of their individual circumstances, and as to the applicability and effect of state, local, non-U.S. and other tax laws.

Certain Tax Effects of Reorganization on the European Growth & Income Fund's Portfolio Investments.

If the European Growth & Income Fund has capital losses that it has carried forward from previous fiscal years at the date of Reorganization, the losses will be carried forward to the International Select Equity Fund to offset future capital gains recognized by the International Select Equity Fund. However, assuming that the Reorganization will result in an "ownership change" as defined in Section 382 of the Code [i.e., the Internal Revenue Code of 1986, as amended], the use of these losses will be limited by an "annual loss limitation amount" as prescribed under Code Section 382. The annual loss limitation amount will be equal to the fair market value of the equity of the European Growth & Income Fund immediately before the Reorganization, subject to certain adjustments, multiplied by a certain interest rate published by the IRS (2.3% for ownership changes occurring in April 2018), and will be increased, during the first five years following the Reorganization, by recognized gains that were inherent in the assets of the European Growth & Income Fund, if those inherent gains exceed a certain de minimis amount. In addition, for the first five years following the Reorganization, under Code Section 384, the carryover losses may not be available to offset recognized gains that were inherent in the assets of the International Select Equity Fund at the time of the Reorganization, if those inherent gains exceed a certain de minimis amount.

Comparison of Shareholder Rights

Set forth below is a discussion of the material differences in the rights of the European Growth & Income Fund's shareholders and the rights of the International Select Equity Fund's shareholders under applicable law and the funds' respective governing documents.

Governing Law. The European Growth & Income Fund is a separate series of Shelton Funds, an open-end management investment company that is organized as a Delaware statutory trust. SCM Trust is governed by its Amended and Restated Declaration of Trust, Delaware law, and federal law. The International Select Equity Fund is a separate series of the SCM Trust, an open-end management investment company that is organized as a Massachusetts business trust. The SCM Trust is governed by its Declaration of Trust, its Bylaws, Massachusetts law, and federal law.

Federal law, and particularly the 1940 Act, protects various shareholder rights, and those protections do not differ between the European Growth & Income Fund and the International Select Equity Fund. However, differences exist between the applicable state laws. Certain of those differences are described below.

Shareholder Liability. Under Delaware law, shareholders of the European Growth & Income Fund are not subject to personal liability for the obligations of SCM Trust. Under Massachusetts law, a shareholder of the International Select Equity Fund could, under certain circumstances, be held personally liable for the obligations of SCM Trust. There is a remote possibility that in certain circumstances shareholders of one series could be held personally liable for the obligations of a different series. As such, Delaware law affords slightly greater protection against potential shareholder liability. However, this difference between Delaware law and Massachusetts law is mitigated by SCM Trust's governing documents. SCM Trust's Declaration of Trust provides that no shareholder shall be subject to personal liability in connection with the affairs of the trust, and that the trust shall indemnify any shareholder held liable on account of being or having been a shareholder. The risk of the shareholder incurring financial loss on account of shareholder liability is limited to circumstances in which the International Select Equity Fund would be unable to meet its obligations and insurance purchased for the purposes of protection is used in its entirety.

Trustee Liability. Delaware law provides that, except to the extent otherwise provided in a trust's declaration of trust or by-laws, trustees will not be personally liable to any person (other than the statutory trust or a shareholder thereof) for any act, omission or obligation of the statutory trust or any trustee thereof. Delaware law also provides that a trustee's actions under a Delaware statutory trust's declaration of trust or by-laws will not subject the trustee to liability to the statutory trust or its shareholders if the trustee takes such action in good faith reliance on the provisions of the statutory trust's declaration of trust or by-laws. The declaration of trust of a Massachusetts business trust may limit the liability of a trustee, who is not also an officer of the corporation, for breach of fiduciary duty except for, among other things, any act or omission not in good faith which involves intentional misconduct or a knowing violation of law or any transaction from which such trustee derives an improper direct or indirect financial benefit.

Voting Rights. The rights of the European Growth & Income Fund's shareholders to vote are governed by federal law, Delaware state law, and the Declaration of Trust of SCM Trust. The rights of the International Select Equity Fund's shareholders to vote are governed by federal law, Massachusetts state law, and the Declaration of Trust and By-laws of the SCM Trust. Although differences between applicable state law and the funds' organizational documents exist, in practice, it is not expected that the Reorganization will result in any material diminution in shareholder voting rights.

As investment companies registered under the 1940 Act, many shareholder voting rights relating to the European Growth & Income Fund and International Select Equity Fund are governed by federal law. For example, the 1940 Act requires shareholder approval to, among other actions, increase investment advisory fees, increase Rule 12b-1 fees, or change fundamental investment restrictions. With respect to matters that require shareholder approval under the 1940 Act, there are no differences between the voting rights of the European Growth & Income Fund's shareholders and the International Select Equity Fund's shareholders.

For matters that do not require shareholder approval under the 1940 Act, shareholder voting rights depend on state law and the funds' governing documents. Delaware law provides that a Delaware statutory trust's declaration of trust or by-laws may set forth provisions related to voting in any manner. Similarly, under Massachusetts law, shareholder voting rights are limited to those provided in a trust's declaration of trust or by-laws. The provisions related to shareholder voting under the European Growth & Income Fund's and the International Select Equity Fund's respective governing documents are compared below.

European Growth & Income Fund Shareholder Voting Rights. Other than matters that require shareholder approval under the 1940 Act, shareholders of the European Growth & Income Fund have the power to vote, to the extent described in the Declaration of Trust and By-Laws of the Shelton Funds; on (i) the election or removal of trustees; (ii) the termination of the trust; (iii) amendments to the declaration of trust; and (iv) such additional matters relating to the trust as may be required by applicable law, any registration statement of the trust filed with the SEC, or as the trustees may otherwise deem necessary or desirable.

A shareholder meeting may be called (i) by the board of trustees of the Shelton Funds, the chairperson of the board, the president of the trust, or any vice president of the trust, or (ii) the written request of shareholders entitled to cast at

least 10% of all votes entitled to be cast at such meeting, provided that, except with respect to the removal of one or more trustees, the board of trustees of the Shelton Funds has approved the holding of such meeting. On any matter submitted to a vote of the shareholders, each shareholder shall be entitled to one vote for each share (and fractional vote for each fractional share) standing in such shareholder's name. Each individual series of the Shelton Funds votes separately, except when (a) required by the applicable law or (b) when the trustees have determined that the matter voted upon affects the interests of more than one series.

Except as otherwise required by applicable law or the Declaration of Trust of Shelton Funds, the presence in person or by proxy at the meeting of at least a majority of the shares entitled to vote on any particular matter constitutes a quorum. Except as otherwise required by the Declaration of Trust of Shelton Funds, or the By-Laws of Shelton Funds, at any meeting at which a quorum is present, any matter other than election of Trustees shall be approved by the affirmative vote of a majority of the outstanding voting securities of the Trust entitled to vote unless otherwise required by applicable law. Trustees shall be elected by not less than a plurality of the votes cast of the holders of shares entitled to vote present in person or represented by proxy at a shareholders' meeting at which a quorum is present. There shall be no cumulative voting in the election of Trustees or any other matter. In addition, except as otherwise required by applicable law or the Declaration of Trust of SCM Trust, any action taken by shareholders may be taken without a meeting if shareholders entitled to cast at least a majority of all the votes entitled to be cast on the matter consent to the action in writing.

International Select Equity Fund Shareholder Voting Rights. Other than matters that require shareholder approval under the 1940 Act, shareholders of the International Select Equity Fund have the power to vote, to the extent described in the Declaration of Trust and By-Laws of the SCM Trust, on (i) the election or removal of trustees; (ii) the termination of the trust; (iii) amendments to the declaration of trust; (iv) with respect to mergers, consolidations, conversions or sales of assets; and (iv) such additional matters relating to the trust as may be required by applicable law, any registration statement of the trust filed with the SEC, or as the trustees may otherwise deem necessary or desirable. In addition, shareholders of the International Select Equity Fund have the power to vote only to the same extent as stockholders of a Massachusetts business corporation with respect to whether or not a court action proceeding or claim should or should not be brought or maintained on behalf of the SCM Trust or its shareholders.

A shareholder meeting may be called (i) by the board of trustees of the SCM Trust, the chairperson of the board, the president of the trust, or any vice president of the trust, or (ii) the written request of shareholders entitled to cast at least 10% of all votes entitled to be cast at such meeting, provided that, except with respect to the removal of one or more trustees, the board of trustees of the SCM Trust has approved the holding of such meeting. On any matter submitted to a vote of the shareholders, each shareholder shall be entitled to one vote for each share (and fractional vote for each fractional share) standing in such shareholder's name. Each individual series of the SCM Trust votes separately, except when (a) required by the applicable law or (b) when the trustees have determined that the matter voted upon affects the interests of more than one series.

Except as otherwise required by applicable law or the Declaration of Trust or By-Laws of the SCM Trust, the presence in person or by proxy at the meeting of at least 50% of the votes entitled to be cast on any particular matter constitutes a quorum. At any meeting at which a quorum is present, any matter shall be approved by the affirmative vote of 50% of the votes to be cast on such matter unless otherwise required by applicable law. There shall be no cumulative voting in the election of trustees. In addition, except as otherwise required by applicable law or the Declaration of Trust or By-Laws of the SCM Trust, any action taken by shareholders may be taken without a meeting of shareholders entitled to cast at least a majority of all the votes entitled to be cast on the matter consent to the action in writing.

Series and Shares Classes. The European Growth & Income Fund is a separate series of Shelton Funds. The European Growth & Income Fund has two classes of shares: Class K and Direct Class. The International Select Equity

Fund is a separate series of the SCM Trust. The International Select Equity Fund has two classes of shares: Investor Class and Institutional Class.

Each class of shares of the Fund represents an investment in the same portfolio of securities, but each class utilizes a distinct combination of fees. Moreover, each class of shares of the Fund has equal voting, dividend and distribution and liquidation rights with other shares of the European Growth & Income Fund.

Delaware law provides that, to the extent that a Delaware statutory trust issues multiple series of shares, each series shall not be liable for the debts or obligations of any other series. There is, however, a remote risk that a series of a Massachusetts business trust could be liable for the debt or obligations of another series of the Trust.

Board Composition. Delaware law explicitly provides that separate boards of trustees may be authorized for each series of a Delaware statutory trust. Whether separate boards of trustees can be authorized for series of a Massachusetts business trust is unclear under Massachusetts law.

Each of Shelton Funds and SCM Trust has one board for all of its series. As always, the establishment of any board of trustees of a registered investment company must comply with applicable securities laws, including the provision of the 1940 Act regarding the election of trustees by shareholders.

Dividends, Distributions and Taxes

Dividends and Distributions. The European Growth & Income Fund and International Select Equity Fund have similar policies for dividends and distributions.

Shareholders of the European Growth & Income Fund and International Select Equity Fund are entitled to receive dividends and distributions when declared by the applicable Boards of Trustees. The Funds generally declare and pay dividends, if any, on a quarterly basis; however, they may declare and pay dividends more frequently. Unless the European Growth & Income Fund or an International Select Equity Fund shareholder elects to receive distributions in cash, distributions will be reinvested in additional shares of such European Growth & Income Fund or International Select Equity Fund.

Purchasing shares of the European Growth & Income Fund or International Select Equity Fund shortly before it makes dividends or capital gain distributions will have the effect of returning a portion of the purchase price by the amount of the distribution. This is sometimes referred to as “buying a dividend” because, although the distribution is in effect a return of a portion of the purchase price, it is taxable.

Unless you are investing in a tax-deferred account like an IRA or Education Savings Account, you may want to consider waiting to invest until after a distribution is made by the European Growth & Income Fund or the International Select Equity Fund.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” PROPOSAL 1 VOTING INFORMATION

Required Vote

Proposal 1. Under Proposal 1, shareholders of the European Growth & Income Fund are being asked to approve an Agreement and Plan of Reorganization providing for the transfer of all of the assets of the European Growth & Income Fund to, and the assumption of all of the liabilities of the European Growth & Income Fund by, the SCM Trust, which shall assign such assets and liabilities to the Shelton International Select Equity Fund, a series of the SCM Trust, in exchange for shares of the Shelton International Select Equity Fund to be distributed pro rata by the European Growth & Income Fund to its shareholders upon the fund's liquidation.

Pursuant to the 1940 Act, Proposal 1 must be approved by a majority of the outstanding shares of the European Growth & Income Fund. A "majority of the outstanding shares" means the vote of the holders of the lesser of (a) 67% or more of the European Growth & Income Fund's shares present at the Special Meeting or represented by proxy if the holders of more than 50% of such shares are so present or represented, or (b) more than 50% of the outstanding shares of the European Growth & Income Fund, with one (1) vote for each dollar (and a proportionate fractional vote for each fraction of a dollar) of net asset value (determined as of the Record Date) represented by full and fractional shares of all of the European Growth & Income Fund's outstanding classes of shares.

Approval of the Reorganization will occur only if a sufficient number of votes are cast "FOR" each proposal.

If the Reorganization is not approved, the Board of Trustees of the European Growth & Income Fund will consider other options for the future management and organization of the European Growth & Income Fund.

Proposal 2: To consider and transact such other business as may properly come before the Meeting and any adjournments, postponements or delays thereof, including obtaining votes necessary for a quorum.

By voting in favor of Proposal 2, shareholders are being asked to grant authority for the consideration of other business, and specifically to allow the adjournment of the meeting in the event sufficient votes are not received to constitute a quorum. In the event sufficient votes are not received to attain a quorum, it is anticipated that the meeting will be adjourned until such time as a quorum is attained. Adjournment of the meeting will only take place under circumstances that are consistent with applicable law.

Effect of Abstentions and Broker Non-Votes

Proxies that reflect abstentions and "broker non-votes" (i.e., shares held by brokers or nominees as to which (i) instructions have not been received from the beneficial owners or the persons entitled to vote and (ii) the broker or nominee does not have discretionary voting power on a particular matter) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum and will have the effect of being counted as votes against the Proposal.

Shareholder Objections

A shareholder of the European Growth & Income Fund who objects to the proposed Reorganization will not be entitled to demand payment for, or an appraisal of, his or her shares. However, shareholders should be aware that the Reorganization as proposed is not expected to result in recognition of gain or loss to shareholders for federal income tax purposes. If the Reorganization is consummated, shareholders will be free to redeem the shares of the International Select Equity Fund that they receive in the transaction at the then-current NAV. Shares of the European Growth & Income Fund also may be redeemed at any time prior to the consummation of the Reorganization. Redeeming shareholders will receive the NAV next computed after receipt of the redemption request. Shareholders of the European Growth & Income Fund may wish to consult their tax advisors as to any different consequences of redeeming its shares prior to the Reorganization or exchanging such shares in the Reorganization.

Shareholder Proposals

Shelton Funds is generally not required to hold annual meetings of shareholders, and the Trust generally does not hold a meeting of shareholders in any year unless certain specified shareholder actions, such as election of directors or approval of a new advisory agreement, are required to be taken under the 1940 Act. By observing this policy, the Trust seeks to avoid the expenses customarily incurred in the preparation of proxy materials and the holding of shareholder meetings, as well as the related expenditure of personnel time. Shareholders wishing to submit proposals for consideration for inclusion in a proxy statement for a subsequent shareholders' meeting of the Trust (if any) should send its written proposals to the Secretary of the Trust at 1050 17th Street, Suite 1710, Denver, CO 80265. Proposals must be received a reasonable time before the date of a meeting of shareholders to be considered for inclusion in the proxy materials for that meeting. Timely submission of a proposal does not, however, guarantee that the proposal will be included. A shareholder who wishes to make a proposal at the next meeting of shareholders without including the proposal in the Trust's proxy statement must notify the Secretary of the Trust in writing of such proposal within a reasonable time prior to the date of the meeting. If a shareholder fails to give timely notice, then the persons named as proxies in the proxies solicited by the Board for the next meeting of shareholders may exercise discretionary voting power with respect to any such proposal.

Shareholder Communications with the Board

Shareholders may send written communications to the Board of Trustees of Shelton Funds or to individual Trustees by mailing such correspondence to the Board or the Trustees at 1050 17th Street, Suite 1710, Denver, CO 80265. Such communications must be signed by the shareholder and identify the European Growth & Income Fund, class and number of shares held by the shareholder. Properly submitted shareholder communications will be forwarded to the entire Board of Trustees or to the individual Trustee(s), as applicable. Any shareholder proposal submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, must continue to meet all the requirements of Rule 14a-8. *See* "Additional Information — Shareholder Proposals" above. Shareholders may also send confidential communications to the Funds' Chief Compliance Officer, Attn: Gregory T. Pusch at 1050 17th Street, Suite 1710, Denver, CO 80265.

Adjournment and Postponements

In the event that an insufficient amount of shares of the European Growth & Income Fund are not represented at the Special Meeting or at any adjournment thereof to act upon a proposal, or, even though a sufficient amount of share are represented, in the event that sufficient votes to approve a proposal are not received, the persons named as proxies may propose and vote for one or more adjournments of the Special Meeting to be held within a reasonable time after the date originally set for the Special Meeting, and further solicitation of proxies may be made without the necessity of further notice. The persons named as proxies will vote those proxies which instruct them to vote in favor of a proposal in favor of any such adjournment, and will vote those proxies which instruct them to vote against or to abstain from voting on a proposal against any such adjournment. Any such adjournment must be approved by a

majority of the shares voting on the matter.

In determining whether to adjourn the Special Meeting, the following factors may be considered: the percentage of votes actually cast, the percentage of negative votes actually cast, the nature of any further solicitation and the information to be provided to shareholders with respect to the reasons for the solicitation. Any adjournment or postponement will require an affirmative vote of a majority of those shares represented at the Special Meeting, whether or not a quorum is present, in person or by proxy. Any business that might have been transacted at the Special Meeting with respect to the European Growth & Income Fund may be transacted at any such adjourned session(s) at which a quorum is present.

Revocation of Proxy

Any shareholder giving a proxy may revoke it before it is exercised at the Special Meeting, either by providing written notice to Shelton Funds by submission of a later-dated, duly executed proxy or by voting in person at the Special Meeting. A prior proxy can also be revoked by proxy voting again through the toll-free number or on the website listed in the enclosed Voting Instructions. If not so revoked, the votes will be cast at the Special Meeting, and any postponements or adjournments thereof. Attendance by a shareholder at the Special Meeting does not, by itself, revoke a proxy.

Shareholders Entitled to Vote

Only shareholders of record on the Record Date are entitled to receive notice of and to vote at the Special Meeting or at any adjournment or postponement thereof. Each whole share held as of the close of business on the Record Date is entitled to one vote and each fractional share is entitled to a proportionate fractional vote. The number of shares of beneficial interest of the European Growth & Income Fund that were outstanding as of the Record Date and, therefore, are entitled to vote at the Meeting are as set out below:

Method and Cost of Solicitation

The European Growth & Income Fund expects that the solicitation of proxies will be primarily by mail and telephone. The solicitation may also include facsimile, Internet or oral communications by certain employees of Shelton, who will not be paid for these services. Solicitation may also be made by AST FundSolutions, Inc., a paid proxy solicitation firm, at an estimated cost of $[ ]. The agreement with AST FundSolutions, Inc. provides for the indemnification of AST FundSolutions, Inc. in certain circumstances and requires AST FundSolutions, Inc. to keep certain information confidential.

Security Ownership of Certain Beneficial Owners and Management

To the knowledge of the European Growth & Income Fund, as of the Record Date, no trustee or officer owned, on an individual basis or beneficially, more than 1% of the outstanding shares of any European Growth & Income Fund.

As of the Record Date, the International Select Equity Fund had no shares outstanding.

As of the Record Date, to the knowledge of the trustees and officers of the European Growth & Income Fund, other than as set forth below, no person owned beneficially or of record more than 5% of the outstanding shares of any European Growth & Income Fund. Shareholders indicated below holding greater than 25% of the European Growth & Income Fund may be “controlling persons” under the 1940 Act. Persons controlling the European Growth & Income Fund can determine the outcome of any proposal submitted to the shareholders for approval.

Other Business

Delivery of Proxy Statement

The SEC has adopted rules that permit investment companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "house holding," potentially means extra convenience for shareholders and cost savings for companies. We are only delivering one proxy statement to multiple shareholders sharing an address, unless you have instructed us not to do so. If, at any time, you no longer wish to participate in "house holding" and would prefer to receive a separate proxy statement, please notify your financial intermediary or direct a written request to SCM Trust, 1050 17th Street, Suite 1710, Denver, CO 80265 or call toll-free (888) 948-4685. Shareholders who currently receive multiple copies of the proxy statement at its address and would like to request "house holding" of its communications should contact its financial intermediary or the applicable European Growth & Income Fund directly.

FORM OF AGREEMENT AND PLAN OF REORGANIZATION

This AGREEMENT AND PLAN OF REORGANIZATION (the "Agreement") dated as of _____, 2018 by and among the Shelton Funds, a Delaware statutory Trust ("Shelton Funds"), on behalf of its European Growth and Income Fund (the "Acquired Fund") and the SCM Trust, a Massachusetts business trust ("SCM Trust") on behalf of the Shelton International Select Equity Fund (the "Acquiring Fund" and, together with the SCM Trust, Shelton Funds and the Acquired Fund, the "Parties" and each, individually, a "Party"). CCM Partners, LP d/b/a Shelton Capital Management, a California Limited Partnership ("SCM"), joins this Agreement solely for purposes of paragraphs 5.1 and 7.1.

RECITALS

Shelton Funds issues shares of beneficial interest representing interests in the Acquired Fund. Likewise, the SCM Trust issues shares of beneficial interest representing interests in the Acquiring Fund.

The Parties wish to conclude a series of business combination transactions under the terms set forth in this Agreement in which: (1) all of the Fund Assets of the Acquired Fund will be transferred to the Acquiring Fund, as set forth on Exhibit A, in exchange for shares of the Acquiring Fund and the assumption by that Acquiring Fund of all of the Acquired Fund's Liabilities, and (2) shares of the Acquiring Fund will be distributed to holders of shares of the Acquired Fund, in complete liquidation of such Acquired Fund. The business combination transaction set forth under this Agreement is referred to as the "Reorganization."

The Parties intend this Agreement to be, and adopt it as, a plan of reorganization within the meaning of the regulations under Section 368(a) of the Internal Revenue Code of 1986, as amended (the "Code").

The financial information in the Acquired Fund's most recent registration statement amendment filed on _____, 2018 is as of its most recent annual period ended August 31, 2017.

The Board of Trustees of Shelton Funds (the "Shelton Funds Board"), including a majority of the trustees who are not "interested persons" (as defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended (the "1940 Act")) ("Independent Trustees") of Shelton Funds, has determined with respect to the Acquired Fund that: (1) participation in the Fund Transaction (as defined in paragraph 1.1) is in the best interests of the Acquired Fund and its

shareholders, and (2) the interests of existing shareholders of the Acquired Fund will not be diluted as a result of the Fund Transaction.

The Board of Trustees of SCM Trust (the "SCM Board"), including a majority of the Independent Trustees, has determined with respect to the Acquiring Fund that: (1) participation in the Fund Transaction is in the best interests of the Acquiring Fund and its shareholders, and (2) the interests of existing shareholders of the Acquiring Fund will not be diluted as a result of the Fund Transaction.

NOW THEREFORE, in consideration of the mutual promises, representations, and warranties made herein, covenants and agreements hereinafter contained, and for other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Parties, intending to be legally bound hereby, agree as follows:

ARTICLE I - THE REOGANIZATION AND FUND TRANSACTIONS

1.1 The Reorganization and Fund Transaction. In accordance with the laws of the State of Delaware ("Delaware Law") and the laws of the Commonwealth of Massachusetts ("Massachusetts Law"), on the Closing Date (as defined in paragraph 3.1), upon the terms and subject to the conditions of this Agreement, and on the basis of the representations and warranties contained herein, each of Shelton Funds and the Acquired Fund shall assign, deliver and otherwise transfer all Fund Assets of the Acquired Fund, subject to all of the Liabilities of such Acquired Fund, to SCM Trust which shall assign the Fund Assets of the Acquired Fund that it receives to the Acquiring Fund set opposite such Acquired Fund on Exhibit A hereto (the Acquired Fund and the Acquiring Fund, a "Transaction Party" of the other), and SCM Trust, on behalf of the Acquiring Fund, shall assume all of the Liabilities of the Acquired Fund and shall assign the Liabilities of the Acquired Fund that it assumes to the Acquired Fund's Transaction Party. In consideration of the foregoing, SCM Trust, on behalf of the Acquiring Fund, shall on the Closing Date deliver to the Acquired Fund full and fractional (to the third decimal place) Institutional Class and Investor Class shares, as applicable, of the Acquiring Fund, the number of which shall be determined as set forth in paragraphs 2.2 and 2.3 for each series. (The transaction between the Acquired Fund and its Transaction Party is hereinafter referred to as a "Fund Transaction".) At and after the Closing Date, all of the Fund Assets of the Acquired Fund shall become and be the Fund Assets of its Transaction Party and all of the Liabilities of the Acquired Fund shall become and be the Liabilities of and shall attach to its Transaction Party. The Liabilities of the Acquired Fund may henceforth be enforced only against its Transaction Party to the same extent as if such Liabilities had been incurred by such Transaction Party subject to any defense and/or set off the Acquired Fund was entitled to assert immediately prior to the Closing Date and further subject to any defense and/or setoff that SCM Trust or the Acquiring Fund may from time to time be entitled to assert.

1.2 Acquired Fund Assets. At least fifteen Business Days prior to the Closing Date, Shelton Funds will provide SCM Trust with a schedule of the securities and other assets and known Liabilities of the Acquired Fund, and SCM Trust will provide the Shelton Funds with a copy of the current investment objective, principal strategies and restrictions applicable to the Acquiring Fund.

1.3 Assumption of Liabilities. SCM Trust, on behalf of the Acquiring Fund, will assume all of the remaining Liabilities of the Acquired Fund, assigning them to the Transaction Party of the Acquired Fund.

1.4 Distribution of Acquiring Fund Shares. Immediately upon receipt, the Acquired Fund will distribute the shares representing interests in its Transaction Party *pro-rata* to the record holders of the Acquired Fund, determined as of the close of regular trading on the New York Stock Exchange ("NYSE") on the Closing Date (the "Valuation Time") in complete liquidation of the Acquired Fund. The Acquired Fund, in accordance with paragraphs 2.2 and 2.3 of this Agreement and Exhibit A hereto, will distribute *pro-rata* (i) its Transaction Party's Investor Class shares to holders of the Acquired Fund's Class K and Class C shares, and (ii) its Transaction Party's Institutional Class shares to the holders of the Acquired Fund's Direct Class shares. Such distributions will be accomplished by an instruction, signed by an appropriate officer of Shelton Funds and SCM Trust, as applicable, to transfer the Acquiring Fund shares then credited to the Acquired Fund's account on the Books and Records of Shelton Funds, as applicable, and to open accounts on the Books and Records of SCM Trust, established and maintained by SCM Trust's transfer agent, in the names of record holders of the Acquired Fund, and crediting the number of Acquiring Fund shares due to such record holders. All

issued and outstanding Acquired Fund shares will be cancelled simultaneously therewith by the Acquired Fund on Shelton Funds' Books and Records. Any such shares issued and outstanding prior to such cancellation shall thereafter represent only the right to receive the Acquiring Fund shares issued to such Acquired Fund in accordance with the Reorganization. In addition, each record holder of the Acquired Fund shall continue to have the right to receive any unpaid dividends or other distributions which were declared with respect to his/her or its shares of the Acquired Fund before the Valuation Time.

1.5 Liquidation of Acquired Fund/Dissolution and Deregistration of Acquired Fund. As soon as conveniently practicable after the distribution of Acquiring Fund shares by the Acquired Fund pursuant to this Agreement has been made, and in any event no more than one year after the Closing Date, the Acquired Fund shall take, in accordance with Delaware Law and the 1940 Act, all such steps as may be necessary or appropriate to effect a complete liquidation and termination of the Acquired Fund, dissolution of Acquired Fund and deregistration of Acquired Fund under the 1940 Act. Any reporting obligation, including but not limited to, the filing of any Form N-SAR, N-CSR, Rule 24f-2 notice or federal, state or local tax returns, or other responsibility of Acquired Fund is and shall remain such Party's responsibility until it is dissolved and deregistered. If and to the extent that any trust, escrow account or other similar entity continues after the close of such one-year period in connection either with making provision for payment of liabilities or taxes or with distributions to stockholders of the Acquired Fund, such entity shall either (i) qualify as a liquidating trust under Section 7701 of the Code (and applicable Treasury Regulations thereunder) or other entity which does not constitute a continuation of the Acquired Fund for federal income tax purposes, or (ii) be subject to a waiver under Section 368(a)(2)(G)(ii) of the complete distribution requirement of Section 368(a)(2)(G)(i) of the Code.

1.6 Transfer Taxes. Any transfer taxes payable on issuance of a share in a name other than that of the record holder on Acquired Fund books exchanged therefor, shall be paid by the Person to whom the Acquiring Fund's shares are issued as a condition of that transfer.

ARTICLE II - VALUATION

2.1 Valuation of Assets. The value of the Acquired Fund's assets to be acquired by its Transaction Party shall be the value of such assets computed as of the Valuation Time, after the declaration and payment of any dividends and/or other distributions on that date, using the valuation procedures described in the then-current prospectus and statement of additional information of the Acquired Fund's Transaction Party.

2.2 Valuation of Shares. The number of Acquiring Fund shares to be issued (including fractional shares (to the third decimal place), if any) in connection with the Fund Transaction shall be equal in value to its Transaction Party's net asset value computed as of the Valuation Time determined in accordance with the valuation procedures referred to in this agreement.

2.3 Numbers of Classes of Shares. The number of Investor Class shares to be issued by the Acquiring Fund (including fractional shares (to the third decimal place), if any) in connection with the Fund Transaction shall be equal in value to the net asset value of the Transaction Party's Class K shares computed as of the Valuation Time determined in accordance with the valuation procedures referred to in this agreement. The number of Institutional Class shares to be issued by the Acquiring Fund (including fractional shares (to the third decimal place), if any) in connection with the Fund Transaction shall be equal in value to the net asset value of the Transaction Party's Direct Class shares computed as of the Valuation Time determined in accordance with the valuation procedures referred to in this agreement.

2.4 Determination of Value. All computations of net asset value and the value of securities transferred under this Article II shall be made by U.S. Bank, NA, Shelton Funds Trust's accounting agent, in accordance with its regular practice and the requirements of the 1940 Act.

ARTICLE III - CLOSING AND CLOSING DATE

3.1 Closing. The closing of the Fund Transaction (the "Closing") will take place at the offices of SCM, 1050 17th Street #1710, Denver, CO 80265, or at such other place as may be mutually agreed in writing by an authorized officer of each Party, on _____, 2018 at 4:00 p.m., Eastern Time, or on such other date or time as may be mutually agreed in writing by an authorized officer of each Party (the "Closing Date").

3.2 Transfer and Delivery of Fund Assets. Shelton Funds shall direct its custodian ("Custodian") to deliver to SCM Trust at the Closing a certificate of an authorized officer certifying that: (a) the Custodian, on its accounting records, has transferred the Fund Assets of the Acquired Fund subject to all of its Liabilities into an account of its Transaction Party at US Bank; and (b) all necessary taxes in connection with the delivery of such Fund Assets, including all applicable foreign, federal and state stock transfer stamps and any other stamp duty taxes, if any, have been paid or provision (as reasonably estimated) for payment has been made. At least five Business Days prior to the Closing Date, the Custodian shall present for examination those Fund Assets represented by a certificate or other written instrument to those Persons at US Bank who have primary responsibility for the safekeeping of the SCM Trust's assets. On the Closing Date, the Acquired Fund shall endorse and deliver, or transfer by appropriate transfer or assignment documents, such certificates and other written instruments as of the Closing Date for the account of the Acquiring Fund in proper form for transfer and in such condition as to constitute good delivery thereof. The Custodian shall deliver other Fund Assets to those Persons at US Bank who have primary responsibility for the safekeeping of the assets of the SCM Trust as of the Closing Date by book entry, in accordance with the customary practices of the Custodian and of each securities depository (as defined in Rule 17f-4 and Rule 17f-7 under the 1940 Act) in which such Fund Assets are held.

3.3 SCM Trust Share Records. Shelton Funds shall direct its transfer agent to deliver to SCM Trust at the Closing a certificate of an authorized officer stating that its records contain the names and addresses of the record holders and the number and percentage ownership (to three decimal places) of Acquired Fund shares owned by each record holder of the Acquired Fund immediately prior to the Closing. SCM Trust shall deliver to the Secretary of Shelton Funds a confirmation evidencing that: (a) the appropriate number of Acquiring Fund shares has been delivered to the account of the Acquired Fund on the books of the Acquired Fund's Transaction Party prior to the actions contemplated, and (b) the appropriate number of Acquiring Fund shares has been credited to the accounts of record holders of Acquired Fund shares on the books of SCM Trust.

3.4 Postponement of Closing Date. If immediately prior to the Valuation Time: (a) the NYSE or another primary trading market for portfolio securities of the Acquiring Fund or Acquired Fund is closed to trading, or trading thereupon is restricted; or (b) trading or the reporting of trading on such market is disrupted so that, in the judgment of an appropriate officer of Shelton Funds or SCM Trust, accurate appraisal of the value of the net assets of the Acquiring Fund or Acquired Fund is impracticable, the Closing Date for the Fund Transaction shall be postponed until the first Business Day after the day when trading shall have been fully resumed and reporting shall have been restored or such later date as may be mutually agreed in writing by an authorized officer of each affected Party.

ARTICLE IV - REPRESENTATIONS AND WARRANTIES

4.1 Representations and Warranties of Acquired Fund. Shelton Funds, on behalf of the Acquired Fund, hereby represents and warrants to SCM Trust (only with respect to itself and not with respect to the other entities contained in the representation and warranty), as follows, which representations and warranties shall be true and correct on both the date hereof and on the Closing Date (as though made on and as of the Closing Date):

(a) The Acquired Fund is a series of Shelton Funds duly organized, validly existing and in good standing under Delaware Law and is duly qualified, licensed or admitted to do business and is in good standing as a foreign association under the Laws of each jurisdiction in which the nature of the business conducted by it makes such qualification, licensing or admission necessary, except in such jurisdictions where the failure to be so qualified, licensed or admitted and in good standing would not, individually or in the aggregate, have a Material Adverse Effect on its properties or assets or the properties or assets of the Acquired Fund. The Acquired Fund has full power under Shelton Funds' declaration of trust to conduct its business as it is now being conducted and to own the properties and assets it now owns for itself and on behalf the Acquired Fund. Shelton Funds has all necessary approvals from any applicable Governmental or Regulatory Body necessary to carry on its business as such business is now being carried on.

(b) The execution, delivery and performance of this Agreement by Shelton Funds on behalf of the Acquired Fund, and the consummation of the Fund Transaction contemplated herein, have been duly and validly authorized by the Shelton Funds Board, and the Shelton Funds Board has approved the Fund Transaction and has resolved to recommend the Fund Transaction to the shareholders of the Acquired Fund and to call a special meeting of shareholders of the Acquired Fund for the purpose of approving this Agreement and the Fund Transaction. Other than the affirmative "vote of a majority of the outstanding voting securities" (as defined in the 1940 Act) of the Acquired Fund, no other action on the part of Shelton Funds, the Acquired Fund or its shareholders is necessary to authorize the execution, delivery and performance of this Agreement by Shelton Funds on behalf of the Acquired Fund or the consummation of the Fund Transaction contemplated herein. This Agreement has been duly and validly executed and delivered by Shelton Funds on behalf of the Acquired Fund and is a legal, valid and binding obligation of Shelton Funds, as it relates to the Acquired Fund, enforceable in accordance with its terms (subject to applicable bankruptcy, insolvency, reorganization, moratorium and other Laws affecting the rights of creditors generally and the exercise of judicial discretion in accordance with general principles of equity).

(c) There is an unlimited number of authorized shares of beneficial interest of Shelton Funds with a par value of $0.01 per share. The issued and outstanding shares of the Acquired Fund are duly authorized, validly issued, fully paid and non-assessable. There are no outstanding options, warrants or other rights of any kind to acquire from the Acquired Fund, any shares of any class or series or equity interests of the Acquired Fund or securities convertible into or exchangeable for, or which otherwise confer on the holder thereof any right to acquire, any such additional shares, nor is the Acquired Fund committed to issue any share appreciation or similar rights or options, warrants, rights or securities in connection with any series of shares.

(d) Shelton Funds does not have any subsidiaries.

(e) Except for consents, approvals, or waivers to be received prior to Closing, the execution, delivery or performance of this Agreement by Shelton Funds for itself and on behalf of the Acquired Fund does not, and the consummation of the Fund Transaction contemplated herein will not: (i) violate or conflict with the terms, conditions or provisions of Shelton Funds' declaration of trust, or of any contract, agreement, indenture, instrument, or other undertaking to which it is a party or by which it or the Acquired Fund is bound, (ii) result in the acceleration of any obligation, or the imposition of any penalty, under any agreement, indenture, instrument, contract, lease or other undertaking to which

Shelton Funds or the Acquired Fund is a party or by which it or the Acquired Fund is bound, (iii) result in a breach or violation by Shelton Funds or the Acquired Fund of any terms, conditions, or provisions of any Law or Order, or (iv) require any consent or approval of, filing with or notice to, any Governmental or Regulatory Body.

(f) Prior to the execution of this Agreement, Shelton Funds has delivered to SCM Trust true and complete copies of the statements of assets and liabilities of the Acquired Fund as of February 28, 2018, and the related statements of income and changes in net assets and financial highlights for the period then ended.

(g) Except as set forth in the notes thereto, such financial statements were prepared in accordance with accounting principles generally accepted in the United States, consistently applied throughout the period then ended, and fairly present the financial condition and results of operations of the Acquired Fund as of the date thereof and for the period covered thereby.

Notes to Financial Statements

Note 1 – Basis of Combination

At a meeting of the Board of Trustees (the "Board") of Shelton Funds (the "Trust") held on February 8, 2018, the Board—including the trustees who are not"interested persons" (the "Independent Trustees")approved, upon the recommendation of its investment adviser, Shelton Capital Management ("Shelton"), a plan to reorganize the European Growth and Income Fund into an existing series, the Shelton International Select Equity Fund (the "International Select Equity Fund"), of SCM Trust, which also is advised by Shelton Capital Management. Additionally, The Trustees of SCM Trust are the same individuals who are the Trustees of Shelton Funds. The Reorganization of the European Growth and Income Fund into the International Select Equity Fund is referred to herein as the "Reorganization."

The Reorganization will be accounted for as a tax-free exchange. The unaudited pro forma statement of investments and assets and liabilities reflect the financial position of the Acquiring Fund and the Fund on December 31, 2017. The unaudited pro forma statement of operations reflects the results of operations of the Acquiring Fund and the Fund for the twelve months ended December 31, 2017. These statements have been derived from the Fund's and the Acquiring Fund's respective books and records utilized in calculating daily net asset value at the dates indicated above under accounting principles general accepted in the United States ("GAAP"). The historical cost of the investment securities will be carried forward to the surviving entity and results of operations of the Acquiring Fund for prior periods will not be restated. No significant accounting policies, including investment valuation policies, will change as a result of the Exchange.

Note 2 - Significant Accounting Policies

(a) Adjustments – Adjustments made to the pro forma financial statements are based on accounting assumptions and reflect expected changes in actual operating expenses of the funds. The actual expenses paid may be higher or lower for individual contracts, but in total, the expenses are expected to be lower for the Acquiring Fund as reflected in the adjustments. However, because of the expense limitation that is in effect, the differences to the operating expenses are not expected to be material to the assets, liabilities or net asset value of the fund shares.

(b) Security Valuation – Equity securities listed on a national or international exchange are valued at the last reported sales price. Futures contracts are valued at the settle price, depending on the exchange the contract trades on, typically as of 4:15 p.m., Eastern Time. Securities for which market quotes are not readily available from the Trust's third-party pricing service are valued at fair value, determined in good faith and in accordance with procedures adopted by the Board of Trustees. The Board has delegated to its Pricing Committee the responsibility for determining the fair value, subject to the Board oversight and the review of the pricing decisions at its quarterly meetings.

The Funds utilize various methods to measure the fair value of most of its investments on a recurring basis. U.S. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the company has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

All of the investments in each fund are considered Level 1 at December 31, 2017.

All portfolio investments of the European Growth & Income Fund as of December 31, 2017 were eligible investments to be held by the International Select Equity Fund. No realignment of portfolio investments is anticipated to take place before or after the reorganization.

(d) Share Valuation - The net asset value (NAV) per share of the Fund is calculated as of the close of trading on the Exchange every day the Exchange is open. The NAV is calculated by deducting from the Fund's assets, the Fund's liabilities, and then dividing the resulting net assets by the total number of shares outstanding, rounded to the nearest cent. The purchase price and redemption price per share is equal to the next determined NAV per share.

(e) Federal Income Tax – The Acquiring Trust treats the Fund as a separate entity for Federal income tax purposes. The Fund intends to continue to qualify each year as a "regulated investment company" under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). By qualifying under the Code, the Fund will not be subject to Federal income taxes to the extent that it distributes substantially all of its taxable or tax-exempt income, if any, for its tax year ending December 31. In addition, by distributing in each calendar year substantially all of its net investment income, capital gains and certain other amounts, if any, the Fund will not be subject to a Federal excise tax. Therefore, no provision is made by the Fund for Federal income or excise taxes. Withholding taxes on foreign dividends are paid or provided for in according to the applicable country's tax rules and rates.

The Reorganization of the Acquired Fund to the Acquiring Fund is not expected to have any federal income tax consequences for the Acquired Fund or its shareholders. If the European Growth & Income Fund has capital losses that it has carried forward from previous fiscal years at the date of Reorganization, the losses will be carried forward to the International Select Equity Fund to offset future gains. However, the use of these losses may be limited by an annual amount as prescribed in applicable tax regulations.

(f) Use of Estimates in Pro Forma Financial Statements – In preparing the pro forma financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the to make estimates and assumptions that affect the amounts reported at the date of the pro forma financials, as well as the reported amounts of income and expenses. Management believes the estimates and security valuations provided in the pro forma financial statements are appropriate; however, actual results may differ from those estimates, and the security valuations reflected in these pro forma may differ from the value the Fund ultimately realizes upon sale of the securities.

Note 3 – Investment Management Fee and Other Expenses

Shelton Capital Management, a California limited partnership, provides each Fund with management and administrative services pursuant to investment management and administration servicing agreements.

All costs associated with the reorganization will be allocated between the Funds based on relative net assets.

If the European Growth & Income Fund has remaining cumulative unreimbursed amounts waived at the date of the reorganization, the Advisor may only recapture any remaining unreimbursed amount, subject to approval by the Board of Trustees, up to the date or the reorganization. Any remaining amount will not transfer to the International Select Equity Fund.
