**Item 7.01 Regulation FD Disclosure**

On July 20, 2015, Sugarmade, Inc. (the “Company”) entered in a Memorandum of Understanding (MOU) to acquire Bao Coc International Paper and Plastic Company Limited a manufacture of high-grade post consumer paper products, including napkins, for the U.S. food industry. Under the terms of the non-binding MOU, the Company will acquire 100% of Bao Coc International Paper and Plastic Company Limited in exchange for a combination of cash, restricted common shares of the Company and a long-term profit sharing incentive to the management team of Bao Coc International Paper and Plastic Company Limited. It is planned that the current management team and all current employees will retain their positions becoming employees of a newly created subsidiary of the Company, which will operate the entity.

Bao Coc International Paper and Plastic Company Limited is located just outside of Ho Chi Minh City in the Socialist Republic of Vietnam. The acquisition is expected to be accretive to the Company’s earnings and is expected to add approximately \$800,000 per year to revenues. Several new products are currently being planned under the Bao Coc International Paper and Plastic Company Limited umbrella, which are expected to further boost both revenues and earnings of the operation. Management of the Company believes there are certain synergies to be gained by the integration of Bao Coc International Paper and Plastic Company Limited into the Company, including, but not limited to, costs savings relative to trans-pacific container shipments, increased purchasing power and improved leverage of management talent across multiple operations.

The acquisition is pending mutual due diligence by both parties, an injection of working capital by the Company into Bao Coc International Paper and Plastic Company Limited by the Company, full reporting status being achieved by the Company, completion of an audit of the Vietnamese operation, and other contingencies, which are currently being outlined by the parties.
