Name Change

On October 7, 2013, the Board of Directors of the Company approved, declared it advisable and in the Company's best interest, and directed that there be submitted to the holders of a majority of the Company's common stock for approval, the prospective amendment and restatement to the Company's Articles of Incorporation to change the name of the Company to Summit Digital, Inc. (the Name Change Amendment). On October 7, 2013, stockholders of the Company owning a majority of the Company's outstanding voting stock (the Majority Stockholders) approved the Name Change Amendment by written consent, in lieu of a special meeting of the stockholders.

The Board of Directors of the Company and the Majority Stockholders believe that it is advisable and in the Company's best interests to authorize and approve the Name Change Amendment in order to more accurately reflect changes in the Company's business focus. As disclosed in the Company's Current Report on Form 8-K filed with the SEC on May 16, 2013, the Company's new business focus is owning, operating and administering a multi-system cable television, high speed internet and related services to rural communities in the United States.

Increase the Authorized Common Stock and Create a Class of Preferred Stock

*General*

On October 7, 2013, the Board of Directors of the Company approved, declared it advisable and in the Company's best interest and directed that there be submitted to the holders of a majority of the Company's voting stock for approval, Article 5 of the Amended and Restated Articles of Incorporation that (i) increases the authorized common stock from 250,000,000 shares, par value \$0.001, to 800,000,000 shares, par value \$0.001; (ii) authorized a class of preferred stock consisting of 100,000,000 shares, par value \$0.001, issuable in one or more series as the Company's board of directors may authorize from time to time (the Increase in Authorized Capital Stock Amendment); and (iii) provide for a super-majority vote requirement of not less than 75% of the Company's common stock on certain provisions. On October 7, 2013, the Majority Stockholders approved the Increase in Authorized Amendment by written consent, in lieu of a special meeting of the stockholders.

***Reasons for the Increase in Authorized Amendment***

Currently, the Company is authorized to issue 250,000,000 shares of common stock and no shares of preferred stock. Of the 250,000,000 shares of Common Stock authorized, as of the Record Date, there were 123,841,922 shares of Common Stock issued and outstanding. Consequently, the Company has a limited number of shares of Common Stock and no shares of Preferred Stock available for general corporate purposes.

As a general matter, the Board of Directors does not believe the currently available number of unissued shares of Common Stock is an adequate number of shares to assure that there will be sufficient shares available for issuance in connection with possible future acquisitions, equity and equity-based financings, possible future awards under employee benefit plans, stock dividends, stock splits, and other corporate purposes. Therefore, the Board of Directors and Majority Stockholders approved the increase in authorized shares of Common Stock and the creation of the class of Preferred Stock as a means of providing the Company with the flexibility to act with respect to the issuance of Common Stock or securities exercisable for, or convertible into, Preferred or Common Stock in

circumstances which they believe will advance the interests of the Company and its stockholders without the delay of seeking an additional amendment to the Certificate of Incorporation at that time.

The Board of Directors is considering, and will continue to consider, various financing options, including the issuance of either Preferred or Common Stock or securities convertible into Common Stock from time to time to raise additional capital necessary to support future growth of the Company. As a result of the Increase in Authorized Amendment, the Board of Directors will have more flexibility to pursue opportunities to engage in possible future capital market transactions involving either the Preferred or Common Stock or other securities convertible into Common Stock, including, without limitation, public offerings or private placements of such Common Stock or securities convertible into Common Stock.

In addition, the Company's growth strategy may include the pursuit of selective acquisitions to execute its business plan. The Company could also use the additional Preferred and Common Stock for potential strategic transactions, including, among other things, acquisitions, spin-offs, strategic partnerships, joint ventures, restructurings, divestitures, business combinations and investments.

#### ***Ability of the Board to Issue Stock; Certain Issuances Requiring Shareholder Approval***

The Amended and Restated Articles of Incorporation provide that the additional shares of Preferred and Common Stock authorized by the Increase in Authorized Amendment may be issued for any proper purpose from time to time upon authorization by the Board of Directors, without further approval by the stockholders unless required by applicable law, rule or regulation, including, without limitation, rules of any trading market that the Company's Common Stock may trade on at that time. Shares may be issued for such consideration as the Board of Directors may determine and as may be permitted by applicable law.

#### ***Interest of the Directors and Officers of the Company in the Increase in Authorized Amendment***

The current officers and directors of the Company and the officers and directors of the Company when the Increase in Authorized Amendment was approved by the Board of Directors do not have any substantial interest, direct or indirect, in the approval of the Increase in Authorized Amendment, other than as stockholders of the Company or the Company's principal shareholder.

#### ***Effects of the Increase in Authorized Amendment***

The increase in authorized shares of Common Stock and the class of Preferred Stock was not approved as a means of preventing or dissuading a change in control or takeover of the Company. However, use of these shares for such a purpose is possible. Authorized but unissued or unreserved shares of either Preferred and/or Common Stock, for example, could be issued in an effort to dilute the stock ownership and voting power of persons seeking to obtain control of the Company or could be issued to purchasers who would support the Board of Directors in opposing a takeover proposal. In addition, the increase in authorized shares of Preferred and Common Stock may have the effect of discouraging a challenge for control or make it less likely that such a challenge, if attempted, would be successful. The Board of Directors and executive officers of the Company have no knowledge of any current effort to obtain control of the Company or to accumulate large amounts of Common Stock.

The holders of Common Stock are not entitled to preemptive rights with respect to the issuance of additional Common Stock or securities convertible into or exercisable for Common Stock. Accordingly, the issuance of additional shares of Common Stock or such other securities might dilute the ownership and voting rights of stockholders.

The holders of Common Stock will not realize any dilution in their percentage of ownership of our company or their voting rights as a result of the increase. However, issuances of significant numbers of additional shares of Common Stock in the future (i) will dilute stockholders' percentage ownership of our company and (ii) if such shares are issued at prices below what current stockholders paid for their shares, may dilute the value of current stockholders' shares.

The Increase in Authorized Amendment does not change the terms of the Common Stock. The new class

of Preferred Stock will be subject to those rights, preferences and privileges the Company's Board of Directors determine at their discretion. The Common Stock for which authorization is sought will have the same voting rights and liquidation rights, the same rights to dividends and distributions and will be identical in all other respects to the Common Stock now authorized.

The Increase in Authorized Amendment, a copy of which is attached to this Information Statement as Exhibit A, will be filed with the Nevada Secretary of State with an expected effective date of November 30, 2013.

#### Super Majority Vote Requirement on Certain Matters

##### *General*

On October 7, 2013, the Board of Directors and Majority Stockholders of the Company approved by written consent, in lieu of a special meeting of stockholders, the proposed Amendment and Restatement to the Company's Articles of Incorporation require the approval of not less than 75% of the outstanding shares of the Common Stock of the Company to approve the following matters:

(a)

The removal of any director of the Company; or

(b)

The sale of all or substantially all of the assets of the Company;

(c)

Any amendment, alteration, or repeal of the indemnification provisions set forth in Article 10 of the Amended and Restated Articles of Incorporation; and

(d)

Any amendment, alteration, or repeal of Article 11 (the adopting provision).

***Reasons for the Super Majority Vote Requirement***

The Nevada Revised Statutes provides generally that the affirmative vote of a majority of the shares entitled to vote is required to amend a Company's articles of incorporation or bylaws, unless Company's articles of incorporation or bylaws, as the case may be, requires a greater percentage. Article 11 of the proposed Amended and Restated Articles of Incorporation imposes supermajority voting requirements in connection with the amendment of certain provisions of the Company's articles of incorporation and other matters, such as removal of any director of the Company, the sales of all or substantially all of the assets of the Company, as well as any amendment, alteration or repeal of the indemnification provisions effecting directors, officers, employees and agents of the Company. The Board of Directors believes that it is in the interests of the Company and its stockholders that such provisions be adopted. The supermajority voting requirement is intended to protect key provisions of the certificate from arbitrary amendment and to prevent a simple majority of stockholders from taking actions that may be harmful to other stockholders or making changes to provisions that are intended to protect all stockholders.

The following table sets forth, as of the Record Date, certain information with respect to the Company's equity securities owned of record or beneficially by (i) each Officer and Director of the Company; (ii) each person who owns beneficially more than 5% of each class of the Company's outstanding equity securities; and (iii) all Directors and Executive Officers as a group.
