The Commerce Group, Inc.
Announces 2005 Third Quarter Results
and Comparison to 2004

WEBSTER, Mass., October 27, 2005 -- The Commerce Group, Inc.

(NYSE:CGI) today reported 2005 third quarter results. Net earnings were \$59.8 million, or \$1.77 per diluted share, compared to net earnings of \$54.3 million or \$1.64 per diluted share for 2004.

During the third quarter of 2005, the Company had net realized investment gains of \$0.2 million with no reportable per share effect, compared to net realized investment losses of \$2.2 million or \$0.04 per diluted share in the third quarter of 2004. A complete breakdown of this information is included in the attached tables.

Earned premiums were \$428.3 million for the third quarter of 2005, compared to \$413.8 million for 2004. A schedule of direct premiums written to earned premiums is included in the attached tables.

The third quarter GAAP consolidated combined ratio was 88.1%, compared to 88.6% for 2004. The decrease in the combined ratio was the result of a decrease in the loss ratio, partially offset by an increase in the underwriting ratio. The Company's GAAP consolidated loss ratio for the third quarter of 2005 decreased to 56.1% from 57.5% during the same period last year. The improvement was the result of several factors, including: (1) improved current year results and continued favorable prior years' loss development from Commonwealth Automobile Reinsurers (CAR); (2) an increase in average earned premium revenue per automobile; and, (3) a decline in the current year personal and commercial automobile bodily injury claim frequency, coupled with a decrease in personal automobile physical damage claim frequency, offset by a reduced amount of favorable voluntary loss reserve development compared to the third quarter of last year. The Company's GAAP consolidated underwriting ratio increased to 32.0%, as compared to 31.1% for last year's third quarter, primarily as a result of higher accrued agents' profit sharing and slightly higher 2005 policy year mandated Massachusetts personal automobile commission rates.

Cumulative September 30, 2005 Results

Net earnings for the first nine months of 2005 were \$180.4 million, or \$5.33 per diluted share, compared to net earnings of \$142.7 million or \$4.35 per diluted share for 2004.

During the first nine months of 2005, the Company had net realized investment gains of \$20.8 million or \$0.40 per diluted share, compared to net realized investment gains of \$9.6 million or \$0.19 per diluted share in the same period of 2004. A complete breakdown of this information is included in the attached tables.

MORE

Page 3 of 9

CGI 3Q'05 Earnings Release (page 2 of 6)

Earned premiums were \$1,279.3 million for the first nine months of 2005, compared to \$1,213.8 million for 2004. A schedule of direct premiums written to earned premiums is included in the attached tables.

The 2005 nine-month GAAP consolidated combined ratio was 88.8%, compared to 91.0% for 2004. The decrease in the combined ratio was the result of a decrease in the loss ratio, partially offset by an increase in the underwriting ratio. The Company's GAAP consolidated loss ratio for the first nine months of 2005 decreased to 61.8% from 65.6% during the same period last year. The improvement was the result of several factors, including: (1) an increase in average

earned premium revenue per automobile; (2) improved results from CAR; (3) a decrease in the current year personal and commercial automobile bodily injury claim frequency, partially offset by an increase in physical damage claim frequency and a reduced amount of favorable voluntary loss reserve development compared to 2004. The Company's GAAP consolidated underwriting ratio increased to 27.0% for the first nine months of 2005, as compared to 25.4% for the same period of 2004, primarily as a result of significantly higher accrued agents' profit sharing and slightly higher 2005 policy year mandated Massachusetts personal automobile commission rates. The higher accrued agents' profit sharing is an outcome of substantially better underwriting results for the first nine months of 2005 versus the comparable period in 2004.

A complete presentation of September 30, 2005 and 2004 financial statement information, including a breakdown of the components of the combined ratio and realized investment gains and losses, is included in the financial statements attached to this press release.

Additional supplemental financial information will be available by Friday morning on the Company's website at www.commerceinsurance.com, under the "Links" section of the "News and Investor Information" area.

At September 30, 2005, the Company had authority to purchase approximately 858,000 additional shares of common stock under the current Board of Directors' stock re-purchase authorization.

All quarterly figures are unaudited and all results are reported in accordance with accounting principles generally accepted in the United States (GAAP).

About The Commerce Group, Inc.

The Commerce Group, Inc. is headquartered in Webster, Massachusetts. Property and casualty insurance subsidiaries include The Commerce Insurance Company and Citation Insurance Company in Massachusetts, Commerce West Insurance Company in California, and American Commerce Insurance Company in Ohio. Through its subsidiaries' combined insurance activities, the Company is ranked as the 19th largest personal automobile insurance group in the country by A. M. Best Company, based on 2004 direct written premium information. The Company and its insurance subsidiaries are rated A+ (Superior) by A. M. Best.

Forward Looking Statements

This press release may contain statements that are not historical fact and constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act and Section 21E of the Securities Exchange Act.

CGI 30'05 Earnings Release (page 3 of 6)

Forward Looking Statements (continued)

Statements about our expectations, beliefs, plans, objectives, assumptions or future events or performance are not historical facts and may be forward-looking. These statements are often, but not always, made through the use of words or phrases such as "anticipates," "estimates," "plans," "projects," "continuing," "ongoing," "expects," "may," "should," "management believes," "we believe," "we intend," and similar words or phrases.

These statements may address, among other things, our strategy for growth, business development, regulatory approvals, market position, expenditures, financial results and reserves. Accordingly, these statements involve estimates, assumptions and uncertainties that could cause actual results to differ materially from those expressed in them. All forward-looking statements are qualified in their entirety by reference to the factors discussed throughout this press release and in our Forms 10-K and 10-Q, and other documents filed with the SEC. Among the key factors that could cause actual results to differ materially from forward-looking statements:

- * the possibility of severe weather and adverse catastrophe experiences;
- * adverse trends in claim severity or frequency;
- * adverse state and federal regulations and legislation;
- * adverse judicial decisions;
- * adverse changes to the laws, regulations and rules governing the residual market system in Massachusetts;
- * interest rate risk;
- * rate making decisions for private passenger automobile policies
 in Massachusetts;
- * potential rate filings;
- * heightened competition;
- * concentration of business within Massachusetts;
- * market disruption in Massachusetts, if competitors exited the market or become insolvent;
- * dependence on our executive officers; and,
- * the economic, market or regulatory conditions and risks associated with entry into new markets and diversification.

You should not place undue reliance on any forward-looking statement. The risk factors referred to above could cause actual results or outcomes to differ materially from those expressed in any forward-looking statement made by us or on our behalf. Further, any forward-looking statement speaks only as of the date on which it is made, and we undertake no obligation to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made or to reflect the occurrence of unanticipated events. New factors emerge from time to time, and it is not possible for us to predict which factors will arise. In addition, we cannot assess the impact of each factor on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. - (1) GAAP consolidated operating ratios are calculated as in (2) below using the combined insurance subsidiaries' loss and underwriting results, adding to them the expenses of the holding companies (corporate expenses) in order to equal the loss and underwriting expense amounts on the income statement. For purposes of the U/W ratio, underwriting expenses are grossed-up for the increase in deferred acquisition costs of \$216 and \$1,179 for the three months ended and \$21,550 and \$21,948 for the nine months ended September 30, for 2005 and 2004, respectively.
- (2) GAAP operating ratios for combined insurance subsidiaries are calculated as follows:
 - (a) The loss ratio represents losses and LAE divided by earned premiums; and,
 - (b) The underwriting ratio represents underwriting expenses (excluding changes in deferred acquisition costs), divided by net premiums written. No corporate expenses are included in the calculations.
