Edgar Filing: ATWOOD OCEANICS INC - Form 8-K

The Company has now commenced the process of repairing the damage incurred by the ATWOOD BEACON on July 25, 2004. Repairs have commenced on the drilling unit at the builder's shipyard in Singapore. One of the three legs has been recovered and is in the process of being transported to Singapore. Until the other two legs have been recovered, transported to Singapore and inspected, which is estimated to be around mid-September 2004, the Company will not be able to determine the repair period for the rig. The ATWOOD BEACON has been awarded a contract for a drilling program in Vietnam which must be commenced between January 15, 2005 and April 15, 2005. A copy of the press release announcing this contract award is filed with this Form 8-K as Exhibit EX-9.1.

Additional information with respect to the Company's Contract Status Summary at August 31, 2004 is attached hereto as Exhibit EX-9.2 which is being furnished in accordance with Rule 101(e)(1) under Regulation FD and should not be deemed to be filed.

ITEM 8.01 OTHER EVENTS

On September 1, 2004 the Company announced that the ATWOOD BEACON was awarded a contract to drill three firm wells, with options to drill three additional wells, offshore Vietnam. This drilling program must commence between January 15, 2005 and April 15, 2005. A copy of the press release announcing the contract award is filed with this Form 8-K as Exhibit EX-9.1 and is incorporated herein by reference.

Statements contained in this report with respect to the future are forward-looking statements. These statements reflect management's reasonable judgment with respect to future events. Forward-looking statements involve risks and uncertainties. Actual results could differ materially from those anticipated as a result of various factors: the Company's dependence on the oil and gas industry; the risks involved in the construction and repair of a rig; competition; operating risks; risks involved in foreign operations; risks associated with possible disruption in operations due to terrorism; risks associated with a possible disruption in operations due to war; and governmental regulations and environmental matters. A list of additional risk factors can be found in the Company's annual report on Form 10-K for the year ended September 30, 2003, filed with the Securities and Exchange Commission.

ATWOOD OCEANICS ANNOUNCES CONTRACT FOR ATWOOD BEACON

Houston, Texas
1 September 2004

FOR IMMEDIATE RELEASE

Atwood Oceanics, Inc. (Houston-based International Offshore Drilling Contractor - NYSE: ATW) announced today that HOANG LONG and HOAN VU Joint Operating Companies have awarded a contract to the ATWOOD BEACON to drill three (3) firm wells, with options to drill three (3) additional wells, offshore Vietnam. This contract provides for a dayrate of \$62,000 for the three firm wells, a dayrate of \$77,000 for the three option wells, and payment of \$58,000 per day plus the cost of a tow vessel and fuel to mobilize the rig from Singapore to Vietnam. The three firm wells have a combined expected duration of 200 days and if all three option wells are drilled, the program could extend for another 200 days. The drilling of this program must commence between January 15, 2005 and April 15, 2005.

Statements contained in this release with respect to the future are forward-looking statements. These statements reflect management's reasonable judgment with respect to future events. Forward-looking statements involve risks and uncertainties. Actual results could differ materially from those anticipated
