PROXY STATEMENT

For the Annual Meeting of Stockholders
to be held on June 3, 2004

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of the Federal Agricultural Mortgage Corporation ("Farmer Mac" or the "Corporation") of proxies from the holders of the Corporation's Class A Voting Common Stock and Class B Voting Common Stock (together, the "Voting Common Stock"). The Corporation is not soliciting proxies from the holders of its Class C Non-Voting Common Stock. The proxies will be voted at the Annual Meeting of Stockholders of the Corporation (the "Meeting"), to be held on Thursday, June 3, 2004, at 9:00 a.m. local time, at the Embassy Suites Hotel, 1250 Twenty-Second Street, N.W., Washington, D.C. 20037, and at any adjournments or postponements of the Meeting. The Notice of Annual Meeting, this Proxy Statement and the enclosed proxy card are being mailed to stockholders on or about April 21, 2004.

The Board of Directors of the Corporation (the "Board of Directors" or "Board") will present for a vote at the Meeting the election of ten members to the Board and the ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Corporation for fiscal year 2004. The Board is not aware of any other matter to be presented for a vote at the Meeting.

Voting Rights

One of the purposes of the Meeting is to elect ten members to the Board of Directors. Title VIII of the Farm Credit Act of 1971, as amended, (the "Act") provides that the Corporation's Class A Voting Common Stock may be held only by banks, insurance companies and other financial institutions or entities that are not Farm Credit System institutions. The Act also provides that the Corporation's Class B Voting Common Stock may be held only by Farm Credit System institutions. Holders of the Class A Voting Common Stock (the "Class A Holders") and holders of the Class B Voting Common Stock (the "Class B Holders") must each elect five members to the Board of Directors. The remaining five members of the Board are appointed by the President of the United States, with the advice and consent of the United States Senate. None of Farmer Mac's directors is or has been an officer or employee of the Corporation. Currently, thirteen of Farmer Mac's fifteen directors are "independent," as defined in Farmer Mac's Corporate Governance Guidelines and New York Stock Exchange ("NYSE") listing standards. After the Meeting, assuming all of the nominees for director are elected, fourteen of Farmer Mac's fifteen directors will be independent. See "Director Independence" for more information regarding the Board's independence determinations.

The Board of Directors has fixed April 9, 2004 as the record date for the determination of stockholders entitled to receive notice of and to vote at the Meeting. At the close of business on that date, there were issued and outstanding 1,030,780 shares of Class A Voting Common Stock and 500,301 shares of Class B Voting Common Stock, which constitute the only outstanding capital

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

stock of the Corporation entitled to vote at the Meeting. See "Principal Holders of Voting Common Stock."

The holders of Farmer Mac's Voting Common Stock are entitled to one vote per share, with cumulative voting at all elections of directors. Under cumulative voting, each stockholder is entitled to cast the number of votes equal to the number of shares of the class of Voting Common Stock owned by that stockholder, multiplied by the number of directors to be elected by that class. All of a stockholder's votes may be cast for a single candidate for director or may be distributed among any number of candidates. Class A Holders are entitled to vote only for the five directors to be elected by Class A Holders, and Class B Holders are entitled to vote only for the five directors to be elected by Class B Holders. Other than the election of directors, the Class A Holders and Class B Holders vote together as a single class on any matter submitted to a vote of the holders of Voting Common Stock.

The presence, in person or by proxy, of the holders of at least a majority of the Corporation's outstanding Voting Common Stock is required to constitute a quorum at the Meeting.

Proxy Procedure

Although many of Farmer Mac's stockholders are unable to attend the Meeting in person, they are afforded the right to vote by means of the proxy solicited by the Board of Directors. When a proxy is returned properly completed and signed, the shares it represents must be voted by the Proxy Committee (described below) as directed by the stockholder. Stockholders are urged to specify their choices by marking the appropriate boxes on the enclosed proxy card. A stockholder may withhold a vote from one or more nominees by writing the names of those nominees in the space provided on the proxy card. Under those circumstances, unless other instructions are given in writing, the stockholder's votes will then be cast evenly among the remaining nominees for its class. The five nominees from each class who receive the greatest number of votes will be elected directors. If one or more of the nominees becomes unavailable for election, the Proxy Committee will cast votes under the authority granted by the enclosed proxy for such substitute or other nominee(s) as the Board of Directors may designate. If no instructions are indicated on the proxies, the proxies represented by the Class A Voting Common Stock will be voted in favor of the five nominees specified in this Proxy Statement as Class A nominees, with the votes being cast evenly among each of the Class A nominees, and the proxies represented by the Class B Voting Common Stock will be voted in favor of the five nominees specified in this Proxy Statement as Class B nominees, with the votes being cast evenly among each of the Class B nominees.

Shares of Voting Common Stock represented by proxies marked "Abstain" for any proposal presented at the Meeting (other than the election of directors) will be counted for purposes of determining the presence of a quorum but will not be voted for or against such proposal. If a proposal involves a vote for which a broker (or its nominee) may only vote a customer's shares in accordance with the customer's instructions and the broker (or its nominee) does not vote those shares due to a lack of instructions, the votes represented by those shares and delivered to the Corporation ("broker non-votes") will be counted as shares present at the Meeting for purposes of determining whether a quorum is present but will not be voted for or against such proposal. Abstentions and broker non-votes (if applicable) will have the effect of a vote against such proposals (except with respect to the election of directors). Because only a plurality is required for the election of directors, abstentions and broker non-votes (if applicable) will have no effect on the election of directors.

Execution of a proxy will not prevent a stockholder from attending the Meeting, revoking a previously submitted proxy and voting in person.

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

The Proxy Committee, composed of three officers of the Corporation, H.D. Edelman, T.L. Buzby and J.G. Oslick, will vote all shares of Voting Common Stock represented by proxies signed and returned by stockholders. As authorized by the proxies, the Proxy Committee will also vote the shares represented thereby on any matters not known at the time this Proxy Statement was printed that may properly be presented for action at the Meeting.

Any stockholder who gives a proxy may revoke it at any time before it is voted by notifying the Corporate Secretary in writing on a date later than the date of the proxy, by submitting a later dated proxy, or by voting in person at the Meeting. Mere attendance at the Meeting, however, will not constitute revocation of a proxy. Written notices revoking a proxy should be sent to Jerome G. Oslick, Corporate Secretary, Federal Agricultural Mortgage Corporation, 1133 Twenty-First Street, N.W., Suite 600, Washington, D.C. 20036.

Proxy Statement Proposals

Each year, at the annual meeting, the Board of Directors submits to the stockholders its nominees for election as Class A and Class B directors. In addition, the Audit Committee's selection of independent auditors for the year is submitted for stockholder ratification at each annual meeting, pursuant to the Corporation's By-Laws. The Board of Directors may, in its discretion and upon proper notice, also present other matters to the stockholders for action at the annual meeting. In addition to those matters presented by the Board of Directors, the stockholders may be asked to act at the annual meeting upon proposals timely submitted by eligible holders of Voting Common Stock.

Proposals of stockholders to be presented at the 2004 Annual Meeting of Stockholders were required to be received by the Corporate Secretary before December 20, 2003 for inclusion in this Proxy Statement and the accompanying proxy. Other than the election of ten members to the Board of Directors and the ratification of the appointment of Deloitte & Touche LLP as independent auditors for the Corporation for fiscal year 2004, the Board of Directors knows of no other matters to be presented for action at the Meeting. If any other matters are to be brought before the Meeting or any adjournment or postponement of the Meeting, the Proxy Committee intends to vote proxies in accordance with its members' best judgment.

If any stockholder intends to present a proposal for consideration at the Corporation's 2005 Annual Meeting of Stockholders, the Corporate Secretary must receive the proposal before December 17, 2004 to be eligible for inclusion in the 2005 Proxy Statement. In addition, if any stockholder notifies the Corporation after March 3, 2005 of an intent to present a proposal at the Corporation's 2005 Annual Meeting of Stockholders, the Corporation's proxy holders will have the right to exercise discretionary voting authority with respect to that proposal, if presented at the meeting, without the Corporation including information regarding the proposal in its proxy materials.

Board of Directors Meetings and Committees

In 2003, the Board of Directors held a total of eight meetings and committees of the Board held a total of fifty-one meetings. Each member of the Board attended 75 percent or more of the aggregate number of meetings of the Board of Directors and of the committees on which he or she served during 2003, except for W. David Hemingway, who is not a nominee for re-election. All members of the Board of Directors are expected to attend the Annual Meeting of Stockholders, which is held in conjunction with a regularly scheduled meeting of the Board of Directors. Fourteen of the fifteen members of the Board of Directors attended the 2003 Annual Meeting of Stockholders. Stockholders may send communications directly to members of the Board of Directors by writing to them at Federal Agricultural Mortgage Corporation, 1133 Twenty-First Street, N.W., Suite 600, Washington, D.C. 20036.

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

The Board has established a number of committees to assist it in the performance of its responsibilities. The committees currently consist of the following: Audit Committee, Compensation Committee, Corporate Governance Committee, Finance Committee, Program Development Committee and Public Policy Committee. Each director serves on at least one committee. See "Class A Nominees," "Class B Nominees" and "Directors Appointed by the President of the United States" for information regarding the committees on which directors serve. The Executive Committee, which was absorbed into the Corporate Governance Committee in April 2004, set agendas for the meetings of the Board of Directors and was able to exercise certain powers of the Board of Directors during the intervals between meetings of the Board, met six times during the fiscal year ended December 31, 2003. The Finance Committee, which is responsible for determining the financial policies of the Corporation and managing the Corporation's financial affairs, met seven times during the fiscal year ended December 31, 2003. The Program Development Committee, which is responsible for reviewing and approving all policy matters relating to changes to the Corporation's Seller/Service Guide and making recommendations to the Board of Directors on both new and existing programs, met seven times during the fiscal year ended December 31, 2003. The Public Policy Committee, which considers matters of public policy referred to it by the Board of Directors such as the Corporation's relationship with and policies regarding borrowers, Congress and governmental agencies and conflicts of interest, met five times during the fiscal year ended December 31, 2003. See "Item No. 1: Election of Directors," "Compensation of Directors and Executive Officers" and "Report of the Audit Committee" and "Item No. 2: Selection of Independent Auditors" for information concerning the Corporate Governance Committee (formerly the Nominating Committee), the Compensation Committee and the Audit Committee, respectively.

Item No. 1: Election of Directors

At the Meeting, ten directors will be elected. The Act provides that five of the directors will be elected by a plurality of the votes of the Class A Holders, and five of the directors will be elected by a plurality of the votes of the Class B Holders. Three of the Class A nominees and all of the Class B nominees currently are members of the Board of Directors. The directors elected by the Class A Holders and the Class B Holders will hold office until the Corporation's 2005 Annual Meeting of Stockholders, or until their respective successors have been duly elected and qualified.

The Act further provides that the President of the United States will appoint five members to the Board of Directors with the advice and consent of the United States Senate (the "Appointed Members"). The Appointed Members serve at the pleasure of the President of the United States. The Board of Directors, after the election at the Meeting, will consist of the Appointed Members named under "Directors Appointed by the President of the United States" below or such other Appointed Members as may be appointed by the President and confirmed by the Senate between April 1, 2004 and June 3, 2004 and the ten members who are elected by the holders of Farmer Mac's Voting Common Stock.

In order to facilitate the selection of director nominees, the Board of Directors utilizes a Corporate Governance Committee that consists of the Chairman of the Board, the Vice Chairman of the Board and two additional members each from the Class A directors and Class B directors, resulting in a committee composed of two directors from each of the Board's three constituent groups. The current members of the Corporate Governance Committee are: Appointed Members Messrs. Dailey and Junkins; Class A directors Messrs. Kruse and Paul (not a nominee for re-election); and Class B directors Messrs. Graff and Raines. As described in more detail in "Director Independence," the Board has determined that Mr. Graff is not "independent," as defined in Farmer Mac's Corporate Governance Guidelines and NYSE listing standards. Accordingly, Mr. Graff has decided to withdraw as a member of the Corporate Governance Committee if elected

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

as a director at the Meeting, at which time all of the directors who serve on the Corporate Governance Committee will be independent. The charter of the Corporate Governance Committee and Farmer Mac's Corporate Governance Guidelines are available on Farmer Mac's website, www.farmermac.com, in the "Corporate Governance" tab in the "Investors" section.

The Board has adopted a policy statement on directors that expresses the general principles that should govern director selection and conduct, which the Corporate Governance Committee uses in identifying and evaluating potential candidates for director. The Corporate Governance Committee reviews, on an annual basis, the appropriate skills and characteristics required of Board members in the context of the perceived needs of the Board at that point in time. The Committee strives to identify and retain as members of the Board individuals who have the qualities, business background and experience that will enable them to contribute significantly to the development of Farmer Mac's business and its future success. The Board has determined that its elected members should be comprised of individuals with a variety of business backgrounds and experiences who are deemed to have a broad perspective and good record of accomplishment either as senior members of agricultural business management, as agricultural or commercial lenders or as entrepreneurs. The Board has also determined that it is desirable to have qualified women and minority representation on the Board. In selecting nominees for director, the Corporate Governance Committee also considers an individual's character, judgment, fairness and overall ability to serve Farmer Mac. Thus, in addition to considering the current needs of the Board and the quality of an individual's professional background and experience, the Corporate Governance Committee seeks individuals who:

- o have integrity, independence, and an inquiring mind; an ability to work with others; good judgment; intellectual competence; and motivation;
- o have the willingness and ability to represent all stockholders' interests, and not just the particular constituency that elected the director to serve on the Board;
- o have an awareness of and a sensitivity to the public purpose of Farmer Mac and a sense of responsibility to Farmer Mac's intended beneficiaries;
- o are willing to commit the necessary time and energy to prepare for and attend Board and committee meetings; and
- o are willing and have the ability to advance their views and opinions in a forthright manner, but, upon the conclusion of deliberations, to act in the best interests of Farmer Mac, and, once a decision is reached by a majority, to support the decision.

The Corporate Governance Committee met six times during the fiscal year ended December 31, 2003. The Committee recommended five individuals to be considered for election as Class A nominees and five individuals to be considered for election as Class B nominees and the Board of Directors has approved these recommendations. The individuals recommended by the Corporate Governance Committee are referred to collectively as the "Nominees." The Nominees will stand for election to serve for terms of one year each, or until their respective successors are duly elected and qualified. Two of the ten Nominees, Dennis E. Everson and Timothy F. Kenny, are not current members of the Board standing for re-election. Mr. Everson was recommended to the Corporate Governance Committee by a non-management director; at the request of a director, Mr. Kenny was identified for the Committee by an officer of Farmer Mac other than the chief executive officer. No fees were paid to any director search firms or other third parties to assist in identifying and evaluating the Nominees.

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

In identifying potential candidates for the Board, the Corporate Governance Committee considers suggestions from Board members, management, stockholders and others. From time to time, the Committee may retain a search firm to assist in identifying potential candidates and gathering information about the background and experience of such candidates. The Committee will consider all proposed nominees, including stockholder nominees, in light of the qualifications discussed above and the assessed needs of the Board at the time. For the 2005 Annual Meeting of Stockholders, the Corporate Governance Committee will consider nominees recommended by holders of Farmer Mac's Voting Common Stock, who may submit recommendations by letter to the Corporate Secretary of Farmer Mac.

If any of the ten Nominees named below is unable or unwilling to stand as a candidate for the office of director on the date of the Meeting or at any adjournment(s) or postponement(s) thereof, the proxies received on behalf of such Nominee will be voted for such substitute or other Nominee(s) as the Board of Directors may designate. The Board of Directors has no reason to believe that any of the Nominees will be unable or unwilling to serve if elected.

Director Independence

The Board of Directors has adopted a formal set of categorical standards to form the basis for determinations of director independence required by NYSE rules. To be considered "independent" for purposes of these standards, the Board must affirmatively determine that a director does not have a material relationship with Farmer Mac other than as a director. The standards, which are included in Farmer Mac's Corporate Governance Guidelines available on the Corporation's website, www.farmermac.com, under the "Corporate Governance" tab of the "Investors" section, meet all requirements for director independence contained in SEC and NYSE rules. In applying the standards, the Board broadly considers all relevant facts and circumstances.

In April 2004, the Board considered all direct and indirect transactions and relationships between each director and the Corporation and its management. As a result of its review, the Board affirmatively determined that each of Farmer Mac's current directors, other than Mr. Graff and Mr. Hemingway, meets the director independence standards referred to above and, therefore, is independent. Mr. Hemingway, who is not a nominee for re-election, was determined to have a material relationship with Farmer Mac by virtue of his executive management positions with Zions First National Bank and Zions Bancorporation. See "Compensation of Directors and Executive Officers--Compensation of Executive Officers--Compensation Committee Interlocks and Insider Participation." Mr. Graff, who is a nominee for re-election, was determined to have a material relationship with Farmer Mac by virtue of Farmer Mac's receipt of approximately \$3.6 million in guarantee and commitment fees in 2003 from Farm Credit West, ACA, of which Mr. Graff is the President, which amount exceeded 2 percent of Farm Credit West, ACA's consolidated gross revenues for 2003, approximately \$113.6 million. See "Compensation of Directors and Executive Officers--Compensation of Executive Officers--Certain Relationships and Related Transactions." The Board has determined that Mr. Everson and Mr. Kenny, the two Nominees who are not current members of the Board, meet the criteria for director independence.

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

The Audit Committee adopted a revised committee charter, which adoption was ratified by the full Board on February 5, 2004. The complete text of the charter, which reflects standards set forth in new SEC regulations and NYSE listing standards, is available on the Corporation's website, www.farmermac.com, under the "Corporate Governance" tab of the "Investors" section. The Board reviews and approves changes to the Audit Committee Charter annually. The Board of Directors has determined that: (1) all the directors who serve on the Audit Committee are "independent," as defined in Farmer Mac's Corporate Governance Guidelines, SEC rules and NYSE listing standards; and (2) Paul A. DeBriyn, chairman of the Audit Committee, is an "audit committee financial expert," as defined in SEC rules.

Audit Committee Report for the Year Ended December 31, 2003

To Our Stockholders:

Management is primarily responsible for the financial reporting process, including the system of internal accounting controls, and for the preparation of Farmer Mac's consolidated financial statements in accordance with generally accepted accounting principles in the U.S. The Audit Committee monitors Farmer Mac's financial reporting processes and systems of internal accounting control, the independence and performance of the independent auditors and the performance of the internal audit function. The Corporation's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

Management has represented to the Audit Committee that Farmer Mac's consolidated financial statements were prepared in accordance with generally accepted accounting principles in the U.S. The Audit Committee reviewed and discussed Farmer Mac's consolidated financial statements with both management and the Corporation's independent auditors prior to their issuance. The Audit Committee has discussed with the independent auditors their evaluation of the accounting principles, practices and judgments applied by management, and the Audit Committee has discussed any items required to be communicated to it by the independent auditors pursuant to rules and regulations promulgated by the Securities and Exchange Commission and the Public Company Oversight Board and the standards established by the American Institute of Certified Public Accountants, including matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to the Corporation's outside auditors, the Audit Committee, among other things, received from Deloitte & Touche LLP the written disclosures as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Corporation and its management. The Audit Committee has reviewed the audit fees of the independent auditors. It also has approved non-audit services and reviewed fees for such services to assure compliance with applicable provisions of the Securities Exchange Act of 1934, as amended, and applicable rules and regulations to assure compliance with the auditor independence requirements that prohibit independent auditors from performing specified services that might impair their independence as well as compliance with Farmer Mac's and the Audit Committee's policies.

The Audit Committee discussed with Farmer Mac's independent auditors the overall scope of and plans for its audit. Finally, the Audit Committee continued to monitor the scope and adequacy of the Corporation's internal auditing program, including proposals for adequate staffing and to strengthen internal procedures and controls where appropriate.

In reliance upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Corporation's audited financial statements in the Corporation's Annual

Compensation of Directors and Executive Officers

The Compensation Committee determines, subject to ratification by the Board of Directors, the salaries, benefit plans and other compensation of directors and officers of the Corporation. The current members of the Compensation Committee are Messrs. Cortese, Dailey, DeBriyn, Hemingway (not a nominee for re-election), and Johnson (chairman). No member of Farmer Mac's Compensation Committee is or has been an officer or employee of the Corporation. As described in more detail in "Director Independence," the Board has determined that Mr. Hemingway is not "independent," as defined in Farmer Mac's Corporate Governance Guidelines and NYSE listing standards. Because Mr. Hemingway is not a nominee for re-election, all of the directors who serve on the Compensation Committee will be independent after the Meeting. During the fiscal year ended December 31, 2003, the Compensation Committee met five times.

The Committee adopted a charter for the Compensation Committee, which adoption was ratified by the full Board on February 5, 2004. The complete text of the charter, which reflects standards set forth in new SEC regulations and NYSE rules, is available on the Corporation's website, www.farmermac.com, under the "Corporate Governance" tab in the "Investors" section.

-- Compensation of Directors

The directors are required to spend a considerable amount of time preparing for, as well as participating in, Board and Committee meetings. In addition, they are often called upon for their counsel between meeting dates. For those services, they receive the following compensation: (a) each member of the Board of Directors receives an annual retainer of \$12,500, except that the chairman of the Audit Committee receives a \$15,000 annual retainer and the Chairman of the Board receives a \$17,500 annual retainer; (b) each member receives \$500 per day, plus expenses, for each meeting of the Board and each Committee meeting (if on a day other than that of the Board meeting) attended; and (c) with the prior approval of the President of the Corporation, members of the Board are compensated at the same daily rate for certain other meetings and conferences with borrowers, lenders or other groups interested in the Farmer Mac program in which they participate. The total cash compensation received by all members of the Board of Directors in 2003 was approximately \$308,625. Since June 13, 1997, each director has been granted options annually to purchase shares of Class C Non-Voting Common Stock, with each such grant occurring on the date of each Annual Meeting of Stockholders and with the option price to be determined as of such date. The 6,000 options granted to each member of the Board of Directors in

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

2003 had a present value of \$63,360(5) at the grant date. The total compensation, cash and options received by all members of the Board of Directors in 2003 was approximately \$1,259,025.

5 The present value at grant date of options granted during 2003 has been estimated using the Black-Scholes option pricing model with the following assumptions: a dividend yield of 0.0%; an expected volatility of 47.8%; a risk-free interest rate of 2.9%; and an expected life of 5 years.

Compensation Committee Report on Executive Compensation

Farmer Mac's Compensation Policies. Farmer Mac was created by Congress to establish a secondary market for agricultural and rural housing mortgages that would increase the availability of credit for agricultural producers, provide greater liquidity and lending capacity for agricultural lenders and facilitate intermediate- and long-term agricultural funding. Farmer Mac's charter, particularly as revised in 1996, casts it in the mold of the Federal National Mortgage Association ("Fannie Mae") and the Federal Home Loan Mortgage Corporation ("Freddie Mac"), which, over the past 20 years, have established a mature secondary market for housing mortgages. From the outset, Farmer Mac's Board of Directors and its Compensation Committee recognized that the accomplishment of Farmer Mac's mission would require that it attract, retain and motivate highly qualified personnel capable of addressing the formidable tasks necessary to develop and operate a secondary market for agricultural mortgage loans where none had previously existed, and to persevere in their efforts through what would likely be a number of difficult and uncertain years. The Board and the Compensation Committee believe that approach continues to be sound, inasmuch as the Corporation must compete in the general market for the services of individuals with the education, experience and prior achievements necessary to enhance the financial results and safety and soundness of Farmer Mac's expanding and increasingly complex operations. Accordingly, the Board and the Compensation Committee have undertaken to compensate those employees in a reasonable manner consistent with compensation for executives in other comparable businesses that involve similar duties and responsibilities, while recognizing that the Corporation would have to set special objectives as it progressed through developmental stages, whereby management would focus on long-term structural, internal controls, pricing and capital objectives, balanced with near-term operating results.

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

Method of Determining Management Compensation. Farmer Mac's Board of Directors and Compensation Committee have adopted an approach to executive compensation that relies upon both subjective (qualitative) and objective (quantitative) evaluation criteria in establishing the compensation of the Chief Executive Officer ("CEO") and other senior members of management. That approach measures performance primarily on the basis of management's accomplishments in implementing business strategies designed to achieve the annual and long-term objectives defined in the Corporation's annual business plan, as approved each year by the Board of Directors.

As part of its ongoing efforts to evaluate its approach and further refine the Corporation's compensation practices, the Compensation Committee has employed the services of a nationally recognized independent compensation consulting firm. With significant input and assistance from its independent consultant, the Committee has worked to refine the Corporation's policies relating to executive compensation. Those policies include: (i) a system for comparative and competitive evaluation of base salaries; (ii) an approach to incentive compensation, including annual cash and long-term non-cash components; and (iii) a management performance evaluation form that has resulted in more quantitative measurement of management's performance against the achievement of business plan objectives.

Each year, the Corporation's independent compensation consultant reviews the Corporation's compensation practices and establishes an estimated range of competitive compensation opportunities comparable to those received by persons with similar qualifications and experience (but not necessarily the same position and title) at other corporations, particularly the other government-sponsored enterprises, to ensure that the Corporation's compensation structure is sufficiently competitive to attract and retain highly qualified executives. The Corporation's established practice is to cap compensation at Farmer Mac at the 75th percentile of compensation for all components of comparable pay, to reflect the challenges and risks of its developmental and political characteristics.

On the basis of that comparative review and other related analyses, the Compensation Committee selects the range of, and maximum amounts for, total compensation as well as for each of the three components of compensation - salary, annual cash incentive pay and long-term non-cash incentive pay - and then makes recommendations to the Board of Directors as to the actual levels of compensation to be awarded. The incentive portions of the compensation package vary to reflect corporate performance, which is measured against business plan objectives and results. In measuring the achievement of those objectives and results, the Compensation Committee applies criteria established by the Board and management in the business plan. For the 2002-03 12-month business plan cycle, or business planning year, from June 1, 2002 to May 31, 2003, five critical objectives were established, focusing on profitability, volume and quality control: to continue to improve operating results; to optimize internal operations with the evolution of the Corporation's business, through effective risk management, internal controls, resource allocation and corporate governance; to optimize use of the capital markets; to maintain adequate capital; and to maintain effective government, public and investor relations.

Method of Determining Management Compensation for the 2002-03 Business Planning Year. The Corporation's procedures for determining management compensation have been consistent from year to year. Toward the end of the Corporation's May 31st business planning year, the Compensation Committee reviews management's performance against business plan objectives, taking into account the business conditions that prevailed during the preceding twelve months.

As a benchmark for compensation decisions, the Compensation Committee,

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

assisted by the independent compensation consultant, compares the salary and annual and long-term incentive compensation of the CEO and other members of senior management with the corresponding range of competitive compensation received by persons with similar qualifications and experience (although not necessarily the same position and title) at other corporations, particularly the other government-sponsored enterprises. This comparison is made on both an annual and a multi-year basis, in order to take into account pay levels and rates of increase at Farmer Mac and similar companies.

The CEO provides detailed written performance evaluations of the members of senior management, other than himself, to the Compensation Committee members in advance, and these are discussed among the members and the CEO. The Committee members then meet in executive session (without the CEO present) to discuss the performance of the CEO. Thus, the CEO participates in the evaluation of each other senior member of management, but not in his own. The Compensation Committee includes the CEO in its consideration of the performance and total compensation of each of the other members of senior management and then considers the performance and total compensation of the CEO in an executive session without the CEO present and prepares a detailed written performance evaluation of the CEO. Based on those deliberations and input provided by the independent compensation consultant, the Compensation Committee makes recommendations consistent with the Corporation's compensation policies as to the terms of the contracts under which the CEO and other senior management are employed, and its ability to attract and retain a management team with the skills and talent necessary to achieve the Corporation's mission.

The Compensation Committee evaluated the performance of senior management, including the CEO, for the 2002-03 business planning year by reviewing the contribution of each individual to the accomplishment of the strategies and objectives under the 2002-03 business plan. The Compensation Committee also evaluated the Corporation's non-financial achievements during the business planning year, recognizing that the accomplishment of the Corporation's Congressional mission is a significant aspect of the continuing development of Farmer Mac. That mission involves the establishment of programs and products that provide greater liquidity and lending capacity to agricultural lenders, increase the availability of long-term credit to farmers and ranchers and facilitate capital market investments that result in long-term fixed-rate agricultural mortgages. In that regard, the Compensation Committee considered the significant business accomplishments and financial results achieved during the 2002-03 business planning year, including advancement of the Corporation's Congressional mission and the 31 percent increase in fiscal year net income for 2002 compared to 2001 while reducing loan delinquency rates. The Compensation Committee also recognized other important business accomplishments during the planning year, including: expanding the number and diversity of participants in Farmer Mac's cash window program for the purchase of agricultural mortgages; improvements in internal controls; maximizing revenue through sophisticated investment techniques; and increasing the profitability of its programs by holding loans rather than securitizing them when market conditions were unfavorable. All of these factors were weighed carefully, with particular weight accorded to profitability. On that basis, the Compensation Committee recommended, and the Board approved, the compensation to senior management disclosed below.

The proportion of the total compensation package representing incentive compensation (annual cash and long-term non cash incentive compensation) for the 2002-03 business planning year was 78 percent for the CEO and ranged between 61 percent and 70 percent for other members of senior management. In accordance with the recommendation of the Compensation Committee and with the concurrence of the independent compensation consultant for the 2002-03 business planning year, annual incentive compensation awards otherwise payable in cash to members of senior management were instead paid in an approximately equal combination of restricted stock and stock options; accordingly, long-term incentive

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

compensation represented 100 percent of the total incentive compensation package for the 2002-03 business planning year. The basis for determining incentive compensation was the Compensation Committee's evaluation of each individual's contribution to the achievement of the business and financial accomplishments of the 2002-03 planning year, as well as an evaluation of each individual's performance, based on subjective standards including professional competence, motivation and effectiveness in implementing the strategies that led to the achievement of Farmer Mac's business plan objectives.

Basis for Determining the Compensation for the CEO. For the 2002-03 business planning year, Mr. Edelman received a base salary of \$456,629 and was awarded incentive compensation with a total estimated value of approximately \$1,647,851. With respect to the incentive compensation component of Mr. Edelman's total compensation, he received options to purchase 120,111 shares of Farmer Mac Class C Non-Voting Common Stock (the options, valued at \$1,268,372 as of the grant date, vest as follows: one-third vested immediately upon grant; one-third will vest on May 31, 2004; and the remaining one-third will vest on May 31, 2005) and 16,941 shares of restricted stock, which are not transferable until May 31, 2004. For a discussion of the factors and criteria upon which the CEO's compensation was based, see the preceding section of this report.

The Compensation Committee members believe that both the design of Farmer Mac's compensation structure, as maintained with the assistance of its outside independent compensation consultant, and the actual total compensation levels, as described herein, reflect careful consideration of what was reasonable and fair, in light of the Corporation's performance, from both management and stockholder perspectives.

Equity Compensation Plans

The following table sets forth certain information relating to compensation plans under which equity securities are authorized issuance as of December 31, 2003.

Plan category	Number of securities to be issued upon exercise of outstanding options	Weighted average exercise price of outstanding options (per share)	Number of securities remaining available for future issuance under equity compensation plans
Equity compensation plans not approved by stockholders	1,569,479	\$22.32	1,489,739

General. The purpose of Farmer Mac's stock option plans is to encourage stock ownership by directors, officers and other key employees, to provide an incentive for such individuals to expand and improve the business of Farmer Mac and to assist Farmer Mac in attracting and retaining key personnel. The use of stock options is an attempt to align more closely the long-term interests of employees with those of Farmer Mac's stockholders by providing those individuals with the opportunity to acquire an equity interest in Farmer Mac. Farmer Mac's stock option plans are administered by the Compensation Committee of the Board. Because individuals are prohibited by law from owning shares of Farmer Mac's Voting Common Stock, the Corporation uses unrestricted Class C Non-Voting Common Stock for the purpose of granting options under its stock option plans. Under the plans, the option price is required to be paid in cash, and no participant has any rights as a stockholder with respect to shares subject to an option until the option price has been paid and the shares are issued to the participant.

1996 Plan. In 1996, the Board adopted a Stock Option Plan (the "1996 Plan") for key management employees. The 1996 Plan provided for the issuance of nonqualified stock options on Class C Non-Voting Common Stock at an option price of \$2.625 per share (split-adjusted), subject to adjustment pursuant to the plan's anti-dilution provision, with a term of 10 years from the date of grant. The 1996 Plan specified that the maximum number of shares of Class C Non-Voting Common Stock that may be optioned and sold was 338,490 (split-adjusted). Options covering all 338,490 shares were granted, of which 5,690 remained outstanding as of December 31, 2003, and are fully vested.

If a participant leaves Farmer Mac for any reason, including by reason of retirement, all of that participant's rights to exercise any option under the 1996 Plan terminate on the earlier of the option expiration date or 30 days after termination of employment, unless termination was for "cause," in which case the options expire immediately.

1997 Plan. In 1997, the Board adopted the 1997 Incentive Plan (the "1997 Plan"), a broad-based option plan for directors, officers and non-officer employees. The 1997 Plan, as amended, provides for the issuance of a maximum of 3,750,000 nonqualified stock options on Class C Non-Voting Common Stock at an option price determined as of the grant date, with a term of 10 years from such date. The plan provides for the automatic annual grant to directors of 10-year options to purchase 6,000 (split-adjusted) shares of Class C Non-Voting Common Stock, with each grant to occur on the day of the annual meeting (including the

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

Meeting), with the option price to be determined as of such day. Through 2003, options granted under the 1997 Plan vested one-third on the date of grant, one-third the following year and one-third the second following year. Beginning in 2004, options granted under the 1997 Plan vest one-third in each of the first three years following the date of option grant. In 1998, the 1997 Plan was amended to reduce the term of director options to five years while extending the period for exercising options following termination of board service to a period of up to two years. In each of 2000, 2001, and 2002, the Board agreed to receive options to purchase 5,000 shares of Class C Non-Voting Common Stock. Under the 1997 Plan, options also are available for grant to all employees, not just officers, based on their annual evaluations and to newly-hired employees; the Board and management determined that granting options to qualified non-officer employees would promote a sense of corporate ownership in the best interest of the Corporation. As of December 31, 2003 Options covering 2,044,896 shares (net of cancellations) have been granted under the 1997 Plan, of which 1,563,189 remain outstanding. Options granted under the 1997 Plan during 2003 have exercise prices ranging from \$22.40 to \$26.68 per share.

The Board approved the issuance of shares authorized under the 1997 Plan to employees and officers, on an individual basis, as annual incentive compensation in connection with their annual evaluations. For officers, the stock vests immediately upon grant, but may not be transferred for one year; for other employees the stock vests 50 percent after one year and 50 percent after two years. Since 1997, the Board has approved the issuance of 220,855 shares of Class C Non-Voting Common Stock as annual incentive compensation. Farmer Mac does not expect to issue shares of stock as incentive compensation after June 2003. As of December 31, 2003, there were 1,489,739 shares of Class C Non-Voting Common Stock remaining available for future issuance under the 1997 Plan, excluding the shares underlying outstanding options.

If a participant leaves Farmer Mac for any reason, including by reason of retirement, all of that participant's rights to exercise any option under the 1997 Plan terminate on the earlier of the option expiration date or 90 days after termination of employment (one year in the case of death or disability), unless termination was for "cause," in which case the options expire immediately, except in the case of directors, who have until the earlier of the option expiration date or two years to exercise vested options. In 1999, the Board amended the 1997 Plan to provide for accelerated vesting of unvested options in the event of a participant's death or disability.

Employment Agreements

The Corporation has entered into employment agreements (the "Agreements") with the members of senior management (for purposes of this section, the "officers"), including the named executive officers, in order to provide them with a reasonable level of job security, while limiting the Corporation's ultimate financial exposure. Significant terms of the Agreements address each officer's scope of authority and employment, base salary and incentive compensation (shown as "bonus" in the Summary Compensation Table), benefits, conditions of employment, termination of employment and the term of employment. Although the Agreements generally expire on dates approximately three to four years from the present⁽¹²⁾, the Corporation's exposure to severance pay and other costs of termination are capped on the basis of the lesser of two years (eighteen months in the case of dissolution) or the remaining term of the Agreement.

¹² The Agreements with each of the executive officers expire June 1 of the following years: H.D. Edelman, 2008; T.L. Buzby, N.E. Corsiglia, J.G. Oslick and T.D. Stenson, 2007; and M.P. Morris, October 31, 2005.

Under the Agreements, executive compensation includes base salary and

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

incentive compensation. Base compensation for all officers is paid bi-weekly over the course of each year. Possible awards of incentive compensation are considered annually at the end of the business planning year (June 1 to May 31) and are determined and payable under the circumstances discussed above in "Compensation Committee Report on Executive Compensation."

The Agreements provide that each officer is entitled to certain benefits, such as disability insurance, health, dental and vision insurance and life insurance which are, in some cases, above the levels provided to employees generally. See the Summary Compensation Table for information on other benefits extended to the officers.

The Agreements also provide that an officer's employment may be terminated "without cause" upon payment of severance pay consisting of all base salary scheduled to be paid over the lesser of the remaining term of the Agreement or two years. If the Board of Directors adopts a resolution authorizing a dissolution of the Corporation, the Agreements also may be terminated upon payment of severance pay consisting of all base salary scheduled to be paid until the later of final dissolution or one and one-half years. An officer's death or disability would permit termination on the same basis as "without cause," but the Corporation's obligations in such instances are substantially covered by insurance. The Agreements may be terminated by Farmer Mac for "cause," as defined in the Agreements, in which event the officer will be paid only accrued compensation to the date of termination.

Item No. 2: Selection of Independent Auditors

The By-Laws of the Corporation provide that the Audit Committee shall select the Corporation's independent auditors "annually in advance of the Annual Meeting of Stockholders and [that selection] shall be submitted for ratification or rejection at such meeting." In addition, the Audit Committee reviews the scope and results of the audits, the accounting principles being applied, and

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

the effectiveness of internal controls. The Audit Committee also ensures that management fulfills its responsibilities in the preparation of the Corporation's financial statements. During the fiscal year ended December 31, 2003, the Audit Committee, which is composed of Messrs. DeBriyn (Chairman), Brack, Klippenstein and Raines, met fifteen times.

In accordance with the By-Laws, the Audit Committee has unanimously selected and recommended to the stockholders Deloitte & Touche LLP as the Corporation's independent auditors for the fiscal year ending December 31, 2004. This proposal is put before the stockholders as provided in the By-Laws and in conformity with the current practice of seeking stockholder approval of the selection of independent auditors. The ratification of the appointment of Deloitte & Touche LLP as the Corporation's independent public accountants requires the affirmative vote of a majority of the shares represented in person or by proxy at the Meeting and entitled to be voted.

Deloitte & Touche LLP was selected to replace Arthur Andersen LLP as the Corporation's independent auditors. Arthur Andersen LLP had acted as the Corporation's independent auditors in connection with the Corporation's audited financial statements for the fiscal years ended December 31, 1998 through 2001. The decision to retain Deloitte & Touche LLP and not to rehire Arthur Andersen LLP for 2002 was recommended by the Audit Committee based upon proposals received from four major accounting firms, including Arthur Andersen LLP, and was not based upon any disagreements with Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope of procedure. Representatives of Deloitte & Touche LLP are expected to attend the Meeting. They will have the opportunity to make a statement if they desire to do so and will be available to answer appropriate questions from stockholders present at the Meeting.

The Board of Directors recommends a vote FOR the proposal to ratify the selection of Deloitte & Touche LLP as independent auditors for the Federal Agricultural Mortgage Corporation for 2004. Proxies solicited by the Board of Directors will be so voted unless holders of the Corporation's Voting Common Stock specify to the contrary on their proxies, or unless authority to vote is withheld.

Audit Fees

Deloitte & Touche LLP billed Farmer Mac an aggregate \$260,700 and \$135,000 for professional services rendered for the audit of Farmer Mac's annual financial statements, the reviews of the financial statements included in Farmer Mac's quarterly reports on Form 10-Q and the issuance of comfort letters in connection with certain debt issuances for 2003 and 2002, respectively.

Audit-Related Fees

Deloitte & Touche LLP billed Farmer Mac an aggregate \$257,090 and \$262,000 for assurance and related services that were reasonably related to the performance of the audit of Farmer Mac's annual financial statements and the reviews of the financial statements included in Farmer Mac's quarterly reports on Form 10-Q for 2003 and 2002, respectively, and are not reported in "Audit Fees". These services were for various accounting consultations and other technical issues.

Tax Fees

Deloitte & Touche LLP billed Farmer Mac an aggregate \$20,900 and \$20,900 for professional services rendered for tax compliance, tax advice and tax planning for 2003 and 2002, respectively. These services were for the preparation of Farmer Mac's federal tax return.

Edgar Filing: FEDERAL AGRICULTURAL MORTGAGE CORP - Form DEF 14A

All Other Fees

Deloitte & Touche LLP did not bill Farmer Mac for any other fees in 2002 or 2003 other than the audit and review fees, audit-related fees and tax fees referred to above.

Audit Committee Pre-Approval Policies

Pursuant to the committee charter adopted in February 2004, the Audit Committee considers and pre-approves, as appropriate, all auditing and permissible non-auditing services provided Farmer Mac's independent auditor. All of the services provided by Deloitte & Touche LLP in 2003 were pre-approved by the Audit Committee. None of the services provided by Deloitte & Touche LLP in 2002 other than the audit and review fees were pre-approved by the Audit Committee. Such fees were not subject to the pre-approval provisions of 17 C.F.R. 210.2-01(c)(7)(i).

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires Farmer Mac's officers and directors, and persons who beneficially own more than ten percent of a registered class of Farmer Mac's equity securities, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish Farmer Mac with copies of all Forms 3, 4 and 5 filed.

Based solely on Farmer Mac's review of its corporate records, which include copies of forms it has received, and written representations from certain reporting persons that they were not required to file a Form 5 for specified fiscal years, Farmer Mac believes that all of its officers, directors and greater than ten percent beneficial owners complied with all filing requirements applicable to them for transactions during 2003. A Form 4 was not filed by W. David Hemingway, a director elected by Class A Holders who is not a nominee for re-election, with respect to one transaction that occurred in June 2003. Mr. Hemingway reported that transaction, which involved the sale of 5,000 shares of Farmer Mac Class C Non-Voting Common Stock, on a Form 5 in February 2004.
