FOR IMMEDIATE RELEASE

Walter Hewlett Responds to Most Recent Letter From Hewlett-Packard to Stockholders

Reiterates \$14 to \$17 more value per share with Focus and Execute Strategy

Palo Alto, CA, February 22, 2002 Walter B. Hewlett, on behalf of The William R. Hewlett Revocable Trust and its trustees, today issued the following statement in response to Hewlett-Packard Company s (NYSE: HWP) most recent letter to stockholders:

In its most recent letter to HP stockholders (the fourth this week), HP continues its unseemly campaign to attack me rather than attempt to support the merits, or lack thereof, of its proposed merger with Compaq.

As we have been meeting with investors throughout this process we have learned that stockholders share our concerns about the proposed merger and also share our priorities for the company s direction if the merger is rejected.

We believe a Focus and Execute strategy provides \$14 to \$17 greater value per share than the proposed merger with Compaq.

Under the Focus and Execute strategy HP could achieve a higher earnings per share than with the Compaq merger because there is NO massive dilution from issuing \$25 billion of equity to Compaq stockholders and no revenue loss. In addition, it does not subject the company, its stockholders, its employees and its customers to the enormous integration risks inherent in the proposed Compaq merger.

¹Based on assumptions outlined in a report titled HP Has Higher Value, Lower Risk Strategic Alternatives to the Proposed Merger filed with the SEC on 2/19/02.
