INDEPENDENT AUDITORS' REPORT

To the Pharmacia Corporation Global Benefits Investment Committee:

We have audited the accompanying statements of net assets available for benefits of the Pharmacia Corporation Savings and Investment Plan (formerly known as the Monsanto Savings and Investment Plan) (the Plan) as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. Such supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

## Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

FOR THE YEAR ENDED DECEMBER 31, 2000

---

### 1. Summary of Significant Accounting Policies

The accompanying financial statements of the Pharmacia Corporation Savings and Investment Plan (the Plan) have been prepared on the accrual basis of accounting.

Fixed income fund investments in guaranteed investment contracts, issued by insurance companies, are valued at contract value plus accrued interest. Investments other than guaranteed investment contracts are stated at fair values, which are generally determined by quoted market prices.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

In accordance with the AICPA Audit and Accounting Guide, Audits of Employee Benefit Plans, benefits payable to persons who have withdrawn from participation in a defined contribution plan should be disclosed in the footnotes to the financial statements rather than be recorded as a liability of the plan. As of December 31, 2000 there were no such benefits payable; as of December 31, 1999, benefits of \$1,973,000 were payable to those who had withdrawn from participation in the Plan.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and reported amounts of increases and decreases during the reporting period. Actual results could differ from those estimates.

### 2. Information Regarding the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On March 31, 2000, Pharmacia Corporation ("Pharmacia") completed a merger accounted for as a pooling of interests. The merger was accomplished according to an Agreement and Plan of Merger dated December 19, 1999 as amended on February 18, 2000, whereby a wholly-owned subsidiary of former Monsanto Company merged with and into Pharmacia and Upjohn and the former Monsanto Company changed its name to Pharmacia Corporation. Any participant who was an active employee of the former Monsanto Company or any of its affiliates or subsidiaries on March 31, 2000 became 100% vested in employer contributions in the Plan. The financial statements reflect the net assets and changes in net assets available for benefits relating to the "old" Monsanto Savings and Investment Plan and do not include the net assets available of any other Pharmacia Corporation plan. In addition, in 1998 the former Monsanto Company completed its acquisition of DEKALB Genetics Corporation ("DEKALB"). The DEKALB Savings and Investment Plan was merged with the Plan on July 1, 2000. Accordingly, the net assets available for benefits of the Plan as of December 31, 2000 include the net assets of the DEKALB Savings and Investment Plan. On September 1, 2000, the assets and liabilities of the operations that were previously the agricultural business of Pharmacia were transferred from Pharmacia to Monsanto Company and subsidiaries ("Monsanto") pursuant to the terms of a Separation Agreement dated as of that date (the "Separation Agreement"). Effective September 1, 2000, Monsanto became a participating employer in the Plan.

## Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

The Plan is a contributory defined contribution profit sharing plan with individual accounts for each participant. Employees are generally eligible to participate in the Plan as soon as administratively possible. The cost of Plan administration is borne partially by Plan participants and partially by Pharmacia (the Plan sponsor) and Monsanto. The trustee of the Plan is The Northern Trust Company.

8

The Plan provides for voluntary employee contributions generally ranging from 1% to 16% of an employee's eligible pay. Employees have an option to make before-tax contributions or after-tax contributions. Subject to Internal Revenue Service discrimination tests, contributions may be all before-tax, all after-tax, or a combination of both. Generally, employee contributions to the Plan may be invested in 1% increments and allocated in any combination to the following investment fund types: a fixed income fund, a balanced fund consisting of both fixed income and equity securities, a growth and income equity fund, an international equity fund, a growth equity fund, a U.S. equity index fund or the employer stock fund, which invests in Pharmacia common stock. In addition, the plan includes four asset allocation funds which allow participants varying degrees of risk and return, including (in order of risk tolerance - - least to greatest), the Conservative Portfolio Fund, the Moderate Portfolio Fund, the Moderately Aggressive Portfolio Fund, and the Aggressive Portfolio Fund. Investments in the U.S. Equity Index Fund, the Balanced Fund, the Growth and Income Equity Fund, the Growth Equity Fund, the Fixed Income Fund and the International Equity Fund are used in predetermined mixes to form the asset allocation funds. As a result of the spin-off of Solutia, Inc., a former subsidiary of the former Monsanto Company, prior to 1998, certain participants' accounts received common stock of Solutia. This stock is maintained in the non-employer stock fund and no contributions, either employee or employer, subsequent to the spinoff can be made to this fund.

The before-tax option allows participants to elect to make before-tax contributions from gross pay before most income taxes are deducted. The participants generally cannot withdraw before-tax contributions until age 59 1/2, retirement, disability, death or termination of employment. After-tax contributions are made from participants' pay after income taxes are deducted. Withdrawal of after-tax employee contributions can be made with no penalty. Participants may change the amounts of their contributions and transfer their contributions among the investment options. Active participants who are at least age 50 and are fully vested may elect to have all or a part of the employer portion of their Pharmacia Common Stock Fund accounts sold and the proceeds invested in other investment funds (excluding the Non-employer Stock Fund).

Employee contributions to the Plan, up to a maximum of 7% of eligible pay, generally are matched 60% by Pharmacia or Monsanto (collectively the Employer). Employer contributions and related earnings are invested solely in Pharmacia common stock. In part, this is accomplished through an Employee Stock Ownership Plan (ESOP) feature added to the Plan in October 1991. Generally, Employer contributions vest and become non-forfeitable at the rate of 20% per year of service, such that employer contributions are 100% vested after five years of service. Upon completing five years of participation in the Plan, all Employer matched amounts may also be withdrawn. A participant who has less than five years of participation in the Plan cannot withdraw Employer matching contributions received during the last 24 months and Employer matching contributions that are not vested. Vesting of employer contributions is accelerated upon a change of control.

In 1991, in connection with the ESOP component, the Plan issued \$100 million in amortizing notes and \$100 million in amortizing debentures, both guaranteed by Pharmacia, and borrowed \$50 million from Pharmacia. In January

## Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

1992, the proceeds from the borrowings were used to purchase approximately 18.5 million shares of common stock from Pharmacia at the average price of \$13.40 per share. This stock is released for allocation to participant accounts in accordance with the terms of the Plan as interest and principal on the borrowings are paid. In 1996 and 1997, the Plan borrowed an additional \$3.7 million and \$4.3 million, respectively, from Pharmacia to make payments on existing ESOP borrowings. In 2000, 848,119 shares were released for allocation to participant accounts. An additional 409,553 shares were released in 2000 awaiting allocation to participants. At December 31, 2000, 6,005,375 shares were unallocated with an approximate market value of \$366 million.

The Plan obtains funds to repay the ESOP borrowings primarily through Employer contributions and dividends paid on Pharmacia common stock purchased with ESOP borrowings. Of the total debt outstanding, \$80 million of amortizing notes bear a fixed interest rate of 8.13% per annum and mature through 2006. The remainder of the ESOP debt outstanding at December 31, 2000 and 1999 consists of one promissory note to Pharmacia, bearing interest at 7.00% with maturities through 2021. The Pharmacia note is payable on demand and can be paid in advance. Interest on the ESOP borrowings are payable semiannually on June 15 and December 15. In 2000 and 1999, employer contributions include \$3.5 million and \$7.3 million, respectively, in cash to meet the interest payments on the ESOP debt. Scheduled maturities on the term debt are \$11.2 million in 2001, \$12.8 million annually for the years 2002 and 2003, \$14.4 million annually in the years 2004 through 2006, and \$3.9 million for

9

the year 2021. The estimated fair value of the ESOP borrowings was \$88 million and \$123 million at December 31, 2000 and 1999, respectively. Fair values are based upon quoted market prices and estimates obtained from brokers. The fair value estimates are not necessarily indicative of values the Plan could realize in the market.

Most Plan participants can obtain loans from their accounts. A participant can borrow up to the legal limit of 50% of the total vested account balance (including the employer-contributed portion of the Pharmacia Common Stock Fund account), but not more than \$50,000 minus the excess of the participant's highest outstanding loan balance during the last 12 months over the participant's outstanding loan balance on the date the loan is made. The minimum loan is \$1,000.

### 3. Nonparticipant-Directed Investments

Except for a portion of the employer stock fund, all other funds are participant directed. Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investment amounts is as follows:

	As of December 31,

4. Guaranteed Investment Contracts

The fixed income fund currently purchases guaranteed investment contracts with various insurance companies to provide participants the issuers' commitment to repay principal plus resultant earnings. The following summarizes the guaranteed investment contracts as of December 31, 2000 and 1999:

	2000	1999
	----	----
Guaranteed Investment Contracts	(Dollars in thousands)	
AIG Financial Products Group

	-----	-----
Total	\$805,624	\$772,599
	=====	=====

## Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

The rate of return for the synthetic guaranteed investment contracts generally fluctuates with the return on the underlying assets. The average yields for 2000 and 1999 were:

	2000	1999
	----	----
AIG Financial Products Group	6.50%	6.61%
Pacific Mutual Group Annuity	6.30%	6.43%
J.P. Morgan	5.70%	6.19%
Diversified Financial Products	6.24%	6.38%

The interest rates as of December 31, 2000 and 1999 were:

	2000	1999
	----	----
AIG Financial Products Group	7.05%	6.60%
Pacific Mutual Group Annuity	6.78%	6.66%
J.P. Morgan	6.32%	6.37%
Diversified Financial Products	6.70%	6.48%

Upon appropriate notification to the insurance company, the synthetic and separate account guaranteed investment contracts may be terminated.

The Plan values these guaranteed investment contracts at contract value plus accrued interest. The total estimated fair value of guaranteed investment contracts was \$817 million and \$751 million at December 31, 2000 and 1999, respectively. Fair values are estimated using appropriate valuation techniques based on information available as of December 31, 2000. The fair value estimates are not necessarily indicative of values the Plan could realize in the current market.

The above-mentioned guaranteed investment contracts, Pharmacia Corporation common stock, and shares of the Mellon Daily Liquidity Stock Index Fund, represent the only investments of the Plan which are individually greater than 5% of the Plan's beginning assets.

11

### 5. Information Regarding Tax Status

Pharmacia has received a determination letter dated May 21, 2001 from the Internal Revenue Service (IRS) indicating that the Plan is qualified for federal income tax purposes.

### 6. Priorities upon Termination of the Plan

If the Plan is terminated, all participants' account balances will be fully vested and all participants would then be entitled to a full distribution of their account balances as more fully described and set forth in the Plan document.

### 7. Party-in-Interest Investments and Transactions

There were no material prohibited party-in-interest transactions during the

Edgar Filing: PHARMACIA CORP /DE/ - Form 11-K

Plan year ended December 31, 2000.

8. Subsequent Events

Effective September 1, 2000, Pharmacia and Monsanto entered into an Employee Benefits and Compensation Allocation Agreement whereby the parties agreed to separate the Plan into two separate plans, one that benefits employees of Pharmacia and one that benefits employees of Monsanto. The Plan's ESOP component is expected to be separated as part of the Plan separation. The ESOP's outstanding debt will be restructured in connection with the ESOP separation.

Pursuant to the Employee Benefits and Compensation Allocation Agreement, effective June 13, 2001, the Plan trust entered into separate Plan Separation, Loan, Assignment and Assumption Agreements with Pharmacia and Monsanto (the "Separation Agreements"). The Separation Agreements contemplate the provision of new loans by Pharmacia and Monsanto to the ESOP in order to permit the ESOP to redeem its existing publicly issued debt and the restructuring of the existing debt issued to Pharmacia (the "Internal Debt") into two separate obligations. The terms of the new and restructured loans and the redemption of the existing publicly issued debt have been negotiated and approved by U.S. Trust Company, N.A., acting as an independent fiduciary to the Plan for this purpose.

Effective July 1, 2001, 54.6% of the unallocated assets held by the ESOP are expected to be transferred to a new trust established under a new qualified retirement plan, the Monsanto Company Savings and Investment Plan (the "New Monsanto SIP"). Also effective July 1, 2001, the Plan's assets that are allocated to the accounts of participants who are employees or former employees of Monsanto are expected to be transferred to the New Monsanto SIP for the benefit of such participants. In connection with this transfer, the trust under the New Monsanto SIP will assume the Plan's obligations under the new loan held by Monsanto. The trust under the New Monsanto SIP will also assume the larger of the separate obligations that will have been created by restructuring the Internal Debt, which will represent 54.6% of the outstanding June 29, 2001 principal balance of the Internal Debt.
