PROXY STATEMENT

Edgar Filing: LAWSON PRODUCTS INC/NEW/DE/ - Form DEF 14A

ANNUAL MEETING OF STOCKHOLDERS
May 14, 2002

This Proxy Statement is being sent to stockholders on or about April 12, 2002, in connection with the solicitation of the accompanying proxy by the Board of Directors of the Company. Only stockholders of record at the close of business on March 29, 2002, are entitled to notice of and to vote at the meeting. The Company has retained Morrow & Co., Inc., a firm specializing in the solicitation of proxies, to assist in the solicitation at a fee estimated to be \$4,000 plus expenses. Officers of the Company may make additional solicitations in person or by telephone. Expenses incurred in the solicitation of proxies will be borne by the Company. If the accompanying form of proxy is executed and returned in time or you vote your shares by telephone or via the Internet as set forth in the enclosed proxy pursuant to Section 212(c) of the Delaware General Corporation Law, the shares represented thereby will be voted, but the proxy may be revoked at any time prior to its exercise by execution of a later dated proxy or by voting in person at the annual meeting.

As of March 29, 2002, the Company had outstanding 9,618,107 shares of the Company's Common Stock (the "Common Stock") and such shares are the only shares entitled to vote at the annual meeting. Each holder of Common Stock is entitled to one vote per share on all matters to come before the meeting. For purposes of the meeting, a quorum means a majority of the outstanding shares. In determining whether a quorum exists, all shares represented in person or by proxy will be counted.

It is intended that the named proxies will vote in favor of the election as directors of the nominees listed below, except as otherwise indicated on the proxy form. If any nominee should become unavailable for election as a director (which is not contemplated), the proxies will have discretionary authority to vote for a substitute. In the absence of a specific direction from the stockholders, proxies will be voted for the election of all named director nominees. Proxies relating to "street name" shares that are voted by brokers on some but not all of the matters will be treated as shares present for purposes of determining the presence of a quorum on all matters, but will have no effect on any proposal at this annual meeting for which a vote is not indicated on the proxies.

ELECTION OF DIRECTORS

Stockholders are entitled to cumulative voting in the election of directors. Under cumulative voting, each stockholder is entitled to that number of votes equal to the number of directors to be elected, multiplied by the number of shares such stockholder owns, and such stockholder may cast its votes for one nominee or distribute them in any manner it chooses among any number of nominees. Unless otherwise indicated on the proxy card, votes may, in the discretion of the proxies, be equally or unequally allocated among the nominees named below. Directors will be elected by a plurality of the votes cast at the meeting by the holders of shares represented in person or by proxy. Thus, assuming a quorum is present, the three persons receiving the greatest number of votes will be elected as directors and votes that are withheld will have no effect.

The By-Laws of the Company provide that the Board of Directors shall consist of such number of members, between five and nine, as the Board of Directors determines from time to time. The size of the Board is currently set at nine members. The Board is divided into three classes, with one class being elected each year for a three-year term. At the meeting, three directors are to be elected to serve until 2005.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with independent auditors, who are responsible for expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board.

The Committee discussed with the Company's independent auditors the overall scope and plans for their respective audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held two meetings during 2001.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission. The Committee and the Board have also approved the selection of the Company's independent auditors to audit the financial statements of the Company for 2002.

Edgar Filing: LAWSON PRODUCTS INC/NEW/DE/ - Form DEF 14A

It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with generally accepted accounting principles. That is the responsibility of management and the Company's independent auditors. In giving the recommendation to the Board of Directors, the Committee relied on (i) management's representation that such financial statements were prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and (ii) the report of the Company's independent auditors with respect to such financial statements.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Report of the Compensation Committee of the Board of Directors and the Stock Price Performance Graph shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

OVERVIEW

The objectives of the Compensation Committee in establishing executive compensation are to provide compensation that will both attract and retain superior talent and align the interests of the Company's executive officers with the financial success of the Company. The criteria used to determine the compensation of the Chief Executive Officer are also used in determining compensation for the other executive officers.

Section 162(m) of the Internal Revenue Code limits the deductibility of certain items of compensation paid to the CEO and other executive officers to \$1 million annually. The Committee does not expect that Section 162(m) will limit the deductibility of compensation expected to be paid by the Company in the foreseeable future. In the event the proposed compensation for any of the Company's executive officers is expected to exceed the \$1 million limitation, the Committee will balance the benefits of tax deductibility with its responsibility to hire, retain and motivate executive officers with competitive compensation programs.

EXECUTIVE OFFICER COMPENSATION PROGRAM

The Company's executive officer compensation program is comprised of base salary, short-term incentive compensation, long-term incentive compensation (in the form of stock options and stock appreciation rights) and various benefits, including medical and profit sharing plans, generally available to employees of the Company.

BASE SALARY. Base salary for the executive officers, other than the Chief Executive Officer, was set pursuant to employment agreements described elsewhere in this Proxy Statement. The chief executive officer's base salary and bonus, if any, are established annually by the Compensation Committee. In setting these compensation levels, the Compensation Committee considered a variety of factors, including competitive market levels, levels of responsibility, and the unique abilities and individual experience and performance of each officer. In addition, certain of the employment agreements provide for discretionary

Edgar Filing: LAWSON PRODUCTS INC/NEW/DE/ - Form DEF 14A

increases in base salary. Generally, these salary increases are determined annually by the Chairman of the Board with the consent of the Compensation Committee based on performance and general market factors.

INCENTIVE COMPENSATION PROGRAM. In 1995, the Board of Directors adopted the Lawson Products, Inc. Annual Incentive Compensation Program (the "Program"). Under the Program the Compensation Committee establishes annual corporate, company and individual target performance levels for each of the participating employees (which will include each of the Named Officers except Sidney L. Port and Robert J. Washlow). Each participant will then be granted an annual incentive award based upon the base salary at the beginning of the year for that participant and the degree to which the participant's predetermined targets are achieved during the year.

STOCK OPTION PROGRAM. The Company's long-term incentive based compensation program is achieved principally through the Lawson Products, Inc. Incentive Stock Plan under which stock options (both nonqualified and incentive), stock appreciation rights and stock awards may be issued to officers and key employees. The objectives of the Plan are to align executive and stockholder long-term interests by creating a link between executive compensation and stockholder

8

return and to enable executives and other key employees to develop and maintain a long-term stock ownership position in the Company. Under the Company's plan, the Compensation Committee determines the identity of recipients and the amount of benefits to be received by each recipient. Generally, options are granted at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant and have ten year terms.

STOCK PERFORMANCE PLAN. In 2000, the Board of Directors adopted the Lawson Products, Inc. Stock Performance Plan under which the Compensation Committee may grant key management employees stock performance rights which will entitle the holders to receive, in cash, the appreciation in the fair market value of the Company's Common stock from the date of the initial grants up to the date the rights are exercised.

OTHER BENEFITS. The Company maintains an Executive Deferral Plan and also provides a variety of other benefits including a Profit Sharing Plan, which are generally available to Company employees.
