CONSENT SOLICITATION STATEMENT

OF

TITUS W. GREENE, G. THOMAS CLIETT, CHARLES W. MANTOOTH

AND THOMAS M. HONTZAS WITH RESPECT TO

AUSTINS STEAKS & SALOON, INC.

Dear Fellow Stockholders:

This consent solicitation statement and the attached GOLD consent card are being sent to you by Titus W. Greene, G. Thomas Cliett, Charles W. Mantooth and Thomas M. Hontzas (the "Austins Group"), as concerned stockholders of Austins Steaks & Saloon, Inc. ("Austins" or the "Company"). Through this Consent Statement, we are providing you with the opportunity to replace six of the nine current directors of Austins with our director nominees (the "Nominees"). We beneficially own approximately 23.6% of the Company's outstanding common stock and are asking you to consent to our proposals by marking, signing and dating the enclosed GOLD consent card and returning it in the enclosed, postage-paid envelope.

We are extremely disappointed, as undoubtedly you are, with the poor financial performance of Austins over the last several years and its depressed stock price, which has *not* traded above \$1.00 a share in two and a half years. We believe that the current Board of Directors has participated in the Company's poor performance by approving senior management's operating strategy over the last several years, despite senior management's unsuccessful operating record, and by failing to provide our Company with strategic direction. We believe that the Board has also failed to hold senior management accountable for its poor performance.

We think it is time for all of us, as stockholders of Austins, to hold the Board of Directors and senior management accountable for the Company's financial and stock performance. We are asking you to join us in changing the direction of our Company by replacing six of the nine directors with our Nominees. Our Nominees have indicated that, if elected, they intend to remove the Company's existing president and chief executive officer and to evaluate other members of senior management on a case by case basis to assess whether they can and will contribute to turning around our Company.

We have selected our Nominees based on their industry and management experience, and, more importantly, we believe that they will provide much-needed strategic direction for our Company. We believe that the new leadership and new ideas that our Nominees will bring to Austins will revitalize our Company, improve its operating performance and generate increased value for all stockholders. It is time for a much-needed change.

This Consent Statement and the attached GOLD consent card are first being furnished to stockholders of Austins on or about September 24, 2002.

OUR PROPOSALS

Edgar Filing: GREENE TITUS - Form DFAN14A

We are asking you to consent to the following three actions, as authorized by Delaware law:

- (1) Remove six of the current nine Austins directors (all except William E. Proffitt, Paul C. Schorr, III and Roger D. Sack) and remove any other directors elected or appointed to the Austins Board before the effective time of this proposal, other than our six Nominees.
- (2) To elect our six Nominees named in this Consent Statement to replace the six removed directors, to serve as directors of Austins until their respective successors are duly elected and qualified or their earlier resignation or removal.

BOTH OF PROPOSALS 1 AND 2 MUST BE APPROVED FOR EITHER OF THEM TO BE EFFECTIVE.

- (3) Repeal any amendment to the Company's bylaws adopted by the current Board between July 17, 2002 and the date on which this proposal becomes effective.

WE RECOMMEND THAT YOU CONSENT TO ALL OF OUR PROPOSALS

Approval of each of the proposals by written consent requires the affirmative consent of a majority (i.e., more than 50%) of the issued and outstanding shares of Austins common stock on September 13, 2002 (the "Record Date"). Although we are seeking the removal of only six of the nine current directors of Austins, it is possible that one or more of the three remaining directors, Messrs. Proffitt, Schorr and Sack, might choose to resign rather than continue to serve on the Board. If one or more of them resign, the remaining directors of Austins would appoint replacement directors pursuant to the Company's bylaws. Those replacement directors, like all directors of Austins (including the Nominees if elected) would serve until the next annual meeting of the Company's stockholders (unless they are removed or resign before then), when they may stand for reelection to the Board.

You should be aware that the current Board does not unanimously oppose our efforts. Accordingly to the Company, Mr. Proffitt does not oppose our consent solicitation.

YOUR CONSENT IS IMPORTANT

**TO CONSENT TO OUR PROPOSALS, PLEASE PROMPTLY
SIGN AND RETURN THE ENCLOSED GOLD CONSENT CARD**

**DO NOT RETURN THE BLUE CARD SENT TO YOU
BY CURRENT MANAGEMENT**

If your shares of Austins common stock are held in your own name, please sign, DATE and mail today the enclosed GOLD *consent card* in the enclosed pre-addressed postage-paid envelope. Stockholders executing consents must sign their names exactly as their shares are registered. Joint owners should each sign personally. If signing as an attorney, executor, administrator, trustee, or guardian, please provide full title. If the stockholder is a corporation or partnership, the signature should be in the corporate or partnership name by an authorized officer.

If your shares of Austins common stock are held in "Street Name" (e.g., by a broker or bank), only your broker or bank can execute a consent on your behalf, but only upon receipt of your specific instructions. Please sign, DATE and mail today the enclosed GOLD *consent instruction form* in the enclosed pre-addressed postage-paid envelope so that a consent may be executed on your behalf.

IF YOU DO NOTHING OR ABSTAIN, THE EFFECT WILL BE A VOTE AGAINST THE PROPOSALS.

IN ORDER TO REMOVE AND REPLACE SIX OF THE CURRENT DIRECTORS OF AUSTINS BY WRITTEN CONSENT, THE AFFIRMATIVE VOTE OF A MAJORITY OF ALL OUTSTANDING SHARES IS NEEDED FOR BOTH PROPOSAL 1 AND PROPOSAL 2.

WE URGE YOU TO VOTE FOR ALL OF OUR PROPOSALS. WE ALSO URGE YOU *NOT* TO SIGN ANY CONSENT REVOCATION CARD SENT TO YOU BY MANAGEMENT OF THE

COMPANY. IF YOU HAVE ALREADY DONE SO, YOU MAY REVOKE YOUR CONSENT REVOCATION BY DELIVERING A LATER-DATED GOLD CONSENT CARD TO US.

BACKGROUND ON OUR STOCKHOLDER SOLICITATION

We are soliciting your consent because we feel that the only way to reverse the poor financial performance of our Company and begin building stockholder value is to replace most of the Board of Directors. Most of the existing Board has been in place for several years and during that time, the Company's financial performance has declined, the stock price has stagnated below \$1.00 a share, and there is little market for the Company's stock. We believe that senior management has operated our Company poorly and that the existing Board has participated in this poor performance by approving senior management's operating strategy and decisions, despite senior management's poor operating performance over the last several years, and by failing to provide strategic direction to our Company. We also believe that the Board has failed and continues to fail to hold senior management accountable for its operating record.

We believe that the Board has approved senior management's operating decisions without sufficient critical assessment and then failed to hold senior management accountable because of the close ties between certain Board members and their families and senior management. The Company's current president and chief executive officer, Victor F. Foti, had and/or has existing business relationships with at least one board member (including the joint ownership of franchise restaurants) and with the father of another board member. In addition, he has long-term close personal relationships with other Board members, including J. Carson Quarles, who is Chairman of the Board. During the time that members of the Austins Group served on the Board, we cannot recall an instance in which Mr. Quarles voted against or otherwise dissented from a matter proposed by Mr. Foti. We also rarely saw Board members with personal or business relationships with Mr. Foti dissent on matters proposed by Mr. Foti, including the acquisitions of the Quincy's restaurants and other Company stores. As a result, we believe that these business and personal relationships have enabled Mr. Foti to effectively control the Board.

Based on the personal experience of members of the Austins Group who have served on the Board, Messrs. Foti and Quarles generally limited the amount of information available to Board members to base their decisions, discouraged debate, and limited the time for critical evaluation of proposed transactions. The Company claims that certain members of our group voted to approve certain transactions to which we are now objecting, but many of those decisions were based on what we now believe was insufficient information from senior management, unrealistic financial projections that did not materialize and pressure from Messrs. Foti and Quarles not to debate the proposals.

Based on our personal experiences as members of the Board, we believe that Messrs. Foti and Quarles selected the members and chairmen of Board committees (such as the compensation and nominating committees) with limited input from other directors, which we believe enabled Messrs. Foti and Quarles to control the decisions of these committees. Directors who sought to act independently by debating senior management on the merits of proposed transactions, including members of our group, were derided and intimidated. Directors who consistently questioned senior management's proposals were generally *not* renominated to serve on the Board.

Typical of senior management's and the Board's reaction to any type of dissent are their actions against us when we initiated this effort to seek your support in changing the direction of the Company. Rather than going to you, the stockholders, to let you decide the direction of your Company, they sued us in federal court (with the Company's money) to stop us from presenting our proposals to you through this solicitation. The Company alleged in its complaint that we violated certain federal securities laws in connection with our solicitation and interfered with certain of the Company's contractual relationships. The Company sought, among other things, a permanent injunction to stop our

3

solicitation of stockholder consents. The Company's request for an injunction was denied. This litigation is discussed in more detail below.

We believe the foregoing has contributed to an environment where the Board of Directors does not actively engage senior management in debating operating strategy and significant decisions. The result has been a pattern of poor business decisions and a poor operating performance. The Board consistently supported senior management's strategy to expand Company restaurant operations, despite senior management's historical failure to profitably operate those restaurants, including the Quincy's restaurants and Company restaurants in the Shreveport, Little Rock, Pine Bluff and Myrtle Beach markets. Senior management consistently missed revenue and profit projections on Company restaurants, most recently and significantly for the Quincy's acquisition, as well as annual profit goals.

Despite senior management's unsuccessful operating record, we believe the Board of Directors has failed to critically evaluate the direction of the Company and failed to hold senior management accountable. As a result, the financial performance of the Company has declined, and the price of a share of Austins common stock has *not* traded above \$0.78 in the last year and has little marketability. We believe it is important to act now to elect a new Board that can act independently, breathe fresh air and new ideas into Austins, reverse the Company's financial performance and begin building stockholder value.

Our proposals offer you the opportunity to correct the current situation by removing six of nine current Board members and electing six new members that will serve your best interests. We are proposing to retain Paul C. Schorr, III, William E. Proffitt and Roger D. Sack as directors because we believe that their experience and abilities will be valuable to a reconstituted Board. Mr. Proffitt, in fact, was one of our Nominees before the current Board appointed him to fill a vacancy, and according to the Company, Mr. Proffitt does not oppose our proposals. Our Nominees have indicated their intent, if elected, to remove Mr. Foti as president and chief executive officer. Now is the time for us stockholders to let our voices be heard. We urge you to support our efforts.

POOR PERFORMANCE

CEO Compensation and Perks Increase While Stock Drops

In 2001, Mr. Foti, the president and chief executive officer of Austins, was paid a base salary of \$150,000. In addition, over the last several years, Mr. Foti has been paid, and continues to be paid, for chartered aircraft and/or chartered air services he provides to the Company for corporate usage, including to fly Mr. Foti himself around the country. Notwithstanding the fact that our Company's financial performance has deteriorated and the stock is trading at \$0.62 a share, Mr. Foti continues to charter an airplane *for* himself and *from* himself. In 2001, Mr. Foti received, directly or indirectly, **\$103,000** for these charter services; in 2000 he received **\$162,000**; in 1999 he received **\$158,000**; and in 1998 he received **\$148,000**. Mr. Foti has received a total of **\$571,000** for these charter services since 1998.

In addition, the Company leases its headquarters offices from an entity in which two of Mr. Foti's children collectively own a 50% interest. The Company currently pays this entity \$78,480 a year for these offices. The Company first disclosed this arrangement to stockholders in response to our solicitation statement.

In November 2001, the Compensation Committee of the Board of Directors, comprised of two directors selected by Messrs. Foti and Quarles, recommended to the Board and the Board approved a \$30,000 or 20% increase in Mr. Foti's base salary to \$180,000 per year. The Compensation Committee also recommended and the Board approved a \$35,000 bonus for Mr. Foti, which was paid in April 2002. The Compensation Committee report states that its compensation and bonus programs are

"based on factors and performance of the last completed fiscal year." You should consider the following "factors and performance" of the Company over the last few years.

For the year ended December 31, 2001, total revenues decreased 55% from the year ended December 31, 2000, and Company-operated restaurant sales decreased 59% from the prior year.

Edgar Filing: GREENE TITUS - Form DFAN14A

For the six months ended June 30, 2002, total revenues decreased 25% from the six months ended June 30, 2001, and Company-operated restaurant sales decreased 28% from the six months ended June 30, 2001.

These decreases were primarily due to the unwinding of the Quincy's debacle by consolidating the Quincy's operations through the closure or franchising of Quincy stores. Additionally, the decrease is attributable to a decline in Company-operated restaurant revenues and other store closures.

For the year ended December 31, 2001, the Company had net income of approximately \$226,000 on revenues of \$39.4 million.

For the year ended December 31, 2000, the Company had net losses of approximately \$1.4 million on revenues of \$87.9 million.

For the three months ended June 30, 2002, the Company had net losses of approximately \$245,000 on total revenues of \$8.2 million. This represents a 212% decrease from net income of \$218,000 in the comparable period of 2001.

For the six months ended June 30, 2002, the Company had net losses of approximately \$5,000 on total revenues of \$16.2 million. This represents a 101% decrease from net income of \$404,000 in the comparable period of 2001.

During the six months ended June 30, 2002, the Company incurred a charge of more than \$1 million in connection with the closing of its five Louisiana restaurants. This charge included \$870,000 for equipment and leasehold improvements that are going to waste. These are the five restaurants from which the Company was evicted in litigation with the landlord, *which the Company initiated* as discussed below under "MISMANAGEMENT Costly Losing Litigation."

The Company closed nine franchised stores in the three month-period ended June 30, 2002 and closed a net 12 stores in the six-month period ended June 30, 2002. These store closings resulted in decreased revenues and increased closing expenses.

The Company claims an improved ratio of current assets to current liabilities. Unfortunately, at June 30, 2002, current liabilities exceed current assets by nearly \$1 million.

How solid is the Company's financial condition?

At December 31, 2001, the Company was *not* in compliance with certain debt coverage ratio covenants under its "notes payable to finance company." The Company had to get a waiver to avoid a default on certain of the notes, which could have led to the full amount of such notes becoming due and payable.

At June 30, 2002, the Company had borrowed the maximum amount available under its secured line of credit.

The Company appears to fund some of its working capital needs with a "Bank Overdraft." The Company provides no disclosure regarding this funding source.

At December 31, 2001 and June 30, 2002, the Company had a working capital deficit of approximately \$2.2 million and \$1.0 million, respectively.

Edgar Filing: GREENE TITUS - Form DFAN14A

As we are sure you are aware, a share of Austins' common stock is currently trading at \$0.62, and there is very little market for the shares. Management defends the Company's poor stock performance with the excuse that, "[o]ver the last two years, investors have suffered the most significant decline in the stock market since 1987." The fact is the stock has been trading below \$1.00 per share for more than two and a half years. By the time the stock markets started their decline in the second quarter of 2000, the Company's stock was already trading between \$0.72 and \$0.94. As the table below shows, by the end of 1999, a \$100 investment in Austins in 1996 had already dropped to \$41.00, and by the end of 2000, that investment had fallen even further to a depressing \$16.00. While the stock market was booming in the late '90s, Austins' stock price was falling.

To see just how poorly Austins' stock price has performed, compare the history of Austins' stock price against the stock prices of other restaurants, against restaurant stock indexes and against broader market indexes. The following chart shows the changes in value over the five years ending approximately December 31, 2001 (unless otherwise noted below) of an assumed investment of \$100 in (i) Austins' common stock; (ii) the common stock of each of Ryan's Family Steak Houses, Inc., Outback Steakhouses, Inc. and Lone Star Steakhouse & Saloon, Inc. (iii) certain restaurant stock indexes, and (iv) other broad market indexes. The value for the assumed investments in the table has been calculated assuming that cash dividends are reinvested. Each value has been rounded to the nearest dollar.

It is clear that against any reasonable measure, the Board of Directors and senior management have consistently failed to generate shareholder value. And what did your Board and its Compensation Committee do in response to the Company's failed financial and stock performance? THEY GAVE MR. FOTI A \$30,000 (or 20%) RAISE AND PAID HIM A \$35,000 BONUS, AND THE BOARD'S QUARTERLY RETAINER FEE WAS INCREASED 50% FROM \$1,000 TO \$1,500. The Board and Mr. Foti have paid themselves more money while we stockholders have been losing our investment.

MISMANAGEMENT

Failure to Pay Franchise Taxes

We recently discovered that for the last year and a half, Austins did not have legal authority to operate because it failed to pay its legally required corporate franchise taxes in 1999 and 2000. On March 1, 2001, Delaware, the state in which Austins was organized, voided the Company's certificate of incorporation and from that time until recently (after we notified the Company), the Company did not legally exist. We are still in the process of sorting out the consequences to Austins of operating without legal authority to do so. For one thing, Delaware law provides for criminal fines and/or imprisonment when a corporation acts without legal authority. In addition, to the extent that the Company's credit agreements and other contracts require the Company to maintain its legal existence, the Company's failure to do so may constitute a default under such agreements and contracts. We have not had access to the Company's books and records and therefore do not know if the Company's failure to maintain its legal authority has generated any defaults. We believe that the Company's inability to perform the basic task of paying franchise taxes to maintain its legal existence, which the Company has not disclosed to stockholders, is indicative of the incompetence of current senior management.

Costly Losing Litigation

Under the direction of senior management, the Company sued the lessors of five Company restaurants in Shreveport, Louisiana, in October 2001 over the lessors' refusals to allow the Company to sublease certain stores to other operators. After the Company filed suit, the lessors sued the Company to have it evicted from the restaurants. The court ordered the eviction of the Company, which the Company lost on appeal. The damages phase of the case has not yet occurred, but we understand from the lessors that they will seek damages to their properties, allegedly caused by the Company, exceeding \$1 million, plus attorney fees. The lessors have not yet filed a claim for damages.

The Company also had to record an expense of \$1.03 million relating to the closed restaurants, including an impairment charge of \$870,009 relating to the Company's equipment and leasehold improvements that have no future use. The Company, in its most recent quarterly report filed with the SEC, claims that the closing of the five stores is not related to the lessors' successful eviction action. If the Company was going to close the stores, why did it initiate this disastrous litigation, which has the potential of costing the Company additional losses of more than \$1 million?

As mentioned above, under the direction of senior management and the Board, the Company, spending its own money, sued us on August 12, 2002 in an effort to prevent us from communicating to you our proposals for change through this solicitation. The Company alleged in its complaint that we violated certain federal securities laws in connection with our solicitation and interfered with certain of the Company's contractual relationships. The Company sought, among other things, a permanent injunction to stop our solicitation of stockholder consents. After initially granting a temporary restraining order against us before we had an opportunity to fully argue our position, the court dissolved the temporary restraining order and rejected the Company's request for a preliminary injunction on August 16, 2002. In rejecting the Company's request for a preliminary injunction, the court did not address the merits of the case.

7

Although we are now free to continue our efforts to change the direction of Austins, the Company, at the direction of the Board and senior management, continues to spend your money to pursue this litigation. We are confident that we have conducted our solicitation in a lawful manner and that we will ultimately prevail on the merits of the case. In addition to the Company's suit, Mr. Foti has sued Mr. Greene personally over conversations Mr. Greene had with another stockholder.

Quincy's Acquisition

The Company characterizes the acquisition of the Quincy's restaurants as a "bold move by management to try to significantly enhance earnings and shareholder value," which "was not totally successful." According to the Company's most recent quarterly report filed with the SEC, the Company leased and operated 97 Quincy Steakhouses in June 2000. The immediate result of this transaction was a net loss in 2000 of \$1.2 million and an additional loss in the first quarter of 2001 of \$165,000.

Edgar Filing: GREENE TITUS - Form DFAN14A

The Company closed 44 of the Quincy's restaurants in December 2000, and another ten restaurants in the first quarter of 2001. Of the 43 remaining restaurants, the Company recently disclosed that only approximately 20 restaurants remain. With this poor history, all the Company can now say is that the "expected" revenues from the remaining units "over the next 20 years should more than make up for the net loss in the year 2000." We believe that the losses incurred by the Company as a result of the Quincy's transaction and the closing of a significant number of the Quincy's restaurants exemplify the poor decisions the Board and senior management have made for our Company.

Company Restaurant Investments

The Company has invested millions of dollars remodeling and upgrading Company stores with no significant improvement in earnings. The Company spent several million dollars renovating Company restaurants in the Shreveport, Louisiana, Little Rock, Arkansas and Lawrenceville, Georgia markets. Not only did these investments fail to generate any appreciable increase in revenues at these restaurants, but within several months after the renovations were completed, several of the restaurants were generating less revenues than before the investments. We believe this drop in revenues was a result of poor operating execution by Company management. In addition, after the Company invested approximately \$2 million in the Shreveport restaurants, the Company initiated litigation against the landlord. As discussed above under "MISMANAGEMENT Costly Losing Litigation," the Company lost the litigation and is in the process of closing all five restaurants. In the three-month period ended June 30, 2002 alone, the Company had to write off \$1.03 million in connection with closing those stores.

At one time, the Company operated 26 of its own stores. Of these stores, the Company has sold or franchised 13 as part of its plan to dispose of "under-performing" stores, and expects to be down to eight stores by the end of this year. The Company lost \$910,000 in 2001 at Company stores in the Shreveport, Little Rock and Lawrenceville markets and no longer operates any stores in these markets after making significant investments. From 97 Quincy's restaurants down to the current 20 and with only eight of 26 other company stores projected to remain in operation at the end of this year, we believe senior management has demonstrated a consistently poor record operating Company stores. In spite of this track record, the Board of Directors has not held senior management accountable.

MANAGEMENT ENTRENCHMENT

We believe we must act now because recent efforts of the Board and senior management of the Company to entrench themselves may make it progressively more difficult to remove them in the future. In connection with the election of directors at the last annual meeting of stockholders in June 2002, the Board illegally attempted to stagger the terms of directors. If a board has staggered terms, the directors may be removed prior to the expiration of their terms only "for cause," which

8

effectively eliminates the ability of stockholders to remove such board members. A staggered board is permitted only if a company's articles or bylaws permit it. Despite the fact that neither Austins' articles nor its bylaws permit a staggered board, the Board and senior management recommended in the Company's proxy statement for the annual meeting that the stockholders of Austins vote for directors with staggered terms of office. Only after several of your fellow stockholders complained to the Company did the Company abandon its illegal efforts to stagger the Board. The Company recently disclosed that it has not yet determined whether to propose a staggered Board in the future.

In November 2001, the Board of Directors adopted a resolution providing for severance payments to the chief executive officer and chief financial officer of the Company in the event they are terminated following a merger or sale of the Company. We believe that these "golden parachute" payments are inconsistent with the interests of Austins' stockholders, particularly considering the dismal financial and stock price performance of the Company.

As their most recent effort at entrenchment, the Company, under the direction of the Board and senior management, sued us on August 12, 2002 to stop us from submitting to you our proposals to change the direction of the Company. As described above under " Costly Losing Litigation," the Company failed in its efforts. Considering the performance record of the Board and senior management, we think the expenditure of the Company's money in an effort to prevent us from communicating with our fellow stockholders through this solicitation is particularly outrageous.

FAILURE TO MAKE REQUIRED DISCLOSURES TO STOCKHOLDERS

Another example of mismanagement of our Company is its routine failure, we believe, to comply with federal securities laws, including what we believe are failures to make required disclosures to us stockholders. Not only does a failure to comply with federal securities laws expose the Board and senior management to liability, but it also exposes Austins itself to liability, which could cause us additional losses on our

Edgar Filing: GREENE TITUS - Form DFAN14A

investment. Instances in which we believe that the Company has failed to comply with disclosure requirements of federal securities laws include:

The Company did not disclose that it did not have legal authority to operate from March 2001 until recently because it failed to pay Delaware franchise taxes in 1999 and 2000. We believe that the loss of a corporation's legal authority to operate is material and should have been disclosed to stockholders.

In November 2001, the Board approved change of control payments for the CEO and CFO of the Company. The SEC requires disclosure of change-in-control arrangements between a company and named executive officers. The Company's arrangements were not disclosed in the Company's proxy statement for the annual meeting of stockholders or the Company's 2001 annual report. Only after the commencement of our solicitation did we learn of these arrangements, and only recently did the Company disclose to stockholders that these arrangements exist.

The SEC requires that a company's current charter documents and bylaws be filed with the company's periodic public reports. The Company's periodic reports filed with the SEC incorporate by reference a certificate of incorporation from a registration statement filed on January 23, 1995. The Company filed a restated certificate of incorporation with the state of Delaware on January 24, 1996, which it amended on June 30, 1999. We believe the Company has therefore failed to file its current charter documents with the SEC. In addition, the Company failed to file its current bylaws, adopted in May 2000, until August 14, 2002, after we raised the issue.

The Company's proxy statement for the June 2002 annual meeting of stockholders was false and misleading because it illegally proposed staggered terms for the directors recommended by the

9

Company. The Company failed to correct its proxy statement after it abandoned the illegal proposal after several stockholders complained to the Company.

OUR PLAN

As we believe the foregoing discussion makes clear, the financial performance and stock price of our Company is a result of a pattern of bad business decisions over the last several years by the Board of Directors and senior management. We believe, however, that this pattern can be reversed. We believe our director Nominees, if elected, will develop and implement a much-needed strategic business plan that we believe will improve the financial performance of the Company and generate increased value for all stockholders. If elected, our Nominees intend to:

remove the Company's current president and chief executive officer, undertake a search for a new chief executive with restaurant industry expertise and experience, and evaluate other members of senior management to determine who is capable and willing to contribute to the turnaround of our Company;

undertake a line-by-line review of the revenue and expense items of the Company to identify areas where we can operate more efficiently, reduce overhead and improve liquidity, paying particular attention to Company stores and franchise operations;

evaluate the remaining Company-owned stores with a focus on stopping the losses that this segment of the business has generated in recent years, and where the Board determines that particular stores cannot be operated profitably, the Board will undertake to sell, relocate or close such stores in a manner that minimizes losses to the Company, including primarily impairment charges;

minimize costly legal expenses and losses by not initiating misguided lawsuits, such as the Shreveport litigation, and using negotiation and mediation, rather than confrontation, to resolve disputes;

Edgar Filing: GREENE TITUS - Form DFAN14A

restore the confidence of and communications with franchisees and develop a strategy to assist and retain existing franchisees and attract new, qualified franchisees;

implement long-range strategic planning with an emphasis on developing systems to grow earnings and increase shareholder value; and

operate the Company like a public company by complying with disclosure obligations to the markets and to stockholders.

A fundamental component of the Nominees' business plan is to stabilize and grow the Austins' franchisee network. We believe based on our experiences as franchisees and communications with other franchisees that Company franchisees are generally dissatisfied with the lack of communication between the Company and franchisees, the level of Company support and assistance to franchisees, and the turnover rate in personnel at the Company that hinders the continuity of franchisee relationships. We will pursue a positive relationship with franchisees by engaging in regular communications with franchisees and restore their confidence in the Company by breathing new ideas into the system and actively pursuing a strategy to assist existing franchisees. We have been advised by several former and existing Company franchisees that they will consider adding restaurants to the Company network if we are successful in replacing senior management. We have also been advised by certain franchisees that they are considering removing their restaurants from the Company network upon expiration of their franchise agreements in the event that senior management is not changed.

You should also be aware that the Company informed us in a face-to-face meeting that they are considering raising franchise fees for existing franchisees. The Company did not indicate to us the amount by which they would raise franchisee fees for existing franchisees or the timing of any such

10

increases. The Company cited this intention when stating to us their opposition to putting franchisees on the Company's Board of Directors. The Company has recently changed its story in public filings with the SEC, so we no longer know what the Company's true intentions are on this matter. We believe that raising franchise fees on existing franchisees is inconsistent with retaining those franchisees and growing the franchise network.

Our Nominees will seek to attract qualified, experienced new senior management talent that will infuse our Company with knowledge and restaurant industry experience gained outside of our Company. The Nominees do not intend for either the Board or new senior management to dominate the Company's strategic direction. Rather, the Nominees intend to engage in healthy debate and a healthy exchange of ideas with new senior management regarding strategic business decisions. The Nominees also intend to make themselves and senior management accessible to the stockholder community and engage in a dialogue with stockholders.

We believe in the Company's potential for success, but we also believe that new leadership and new ideas are imperative for Austins to realize that success. We believe that the industry and management experience, improved strategic plans and the renewed concern for stockholder interests that our Nominees will bring to the Board will revitalize the Company. Contrary to the Company's statements, we, as stockholders owning more than 23% of the Company, have the same interests as you do. We want to maximize value for all Austins stockholders. Although we can make no guarantees, we believe that our Nominees will improve the Company's operating performance and enhance stockholder value. These are the initiatives and goals that, in our view, only a new Board of Directors and new senior management will be willing and able to undertake and accomplish.

This is your opportunity to exercise your rights as a stockholder and let your voice be heard by our Company. It is time for a much-needed change. We therefore urge you to consent to the proposals described below by marking, signing, DATING and mailing today the enclosed GOLD consent card in the enclosed pre-addressed postage-paid envelope.

If you have questions regarding completion of your GOLD consent card, please call any of:

QUESTIONS AND ANSWERS ABOUT THIS CONSENT SOLICITATION

Q: WHO IS MAKING THE SOLICITATION?

A: This solicitation is being made by Titus W. Greene, G. Thomas Cliett, Charles W. Mantooth and Thomas M. Hontzas. We are the beneficial owners of approximately 23.6% of the Company's common stock. According to the Company's revocation of consent statement filed September 17, 2002, Mr. Greene is the single largest individual shareholder of the Company and beneficially owns approximately 16.4% of the Company's common stock. Mr. Greene was a director of the Company from 1999 until July 18, 2002, when he resigned from the Board. He was Chairman of the Board and a director of WesterN SizzliN Corporation, the predecessor of Austins, from 1993 to 1997, and was a WesterN SizzliN franchisee from 1973 to 1996. Mr. Cliett has been the owner/operator of several WesterN SizzliN franchise restaurants since 1973 and is currently the owner/operator of three restaurants. He previously served as a director of WesterN SizzliN Corporation. Mr. Mantooth has been the owner/operator of several WesterN SizzliN franchise restaurants since 1978, is currently the owner/operator of one restaurant, and previously served as a director of Austins and WesterN SizzliN Corporation. Mr. Hontzas has co-owned and operated one WesterN

11

SizzliN franchise restaurant since 1980 and another since 1984. He also previously served as a director of both Austins and WesterN SizzliN Corporation. In addition to the foregoing persons, under SEC regulations, the Nominees are deemed to be "participants" in this solicitation.

Q: WHAT ARE WE ASKING YOU TO CONSENT TO?

A: You are being asked to consent to three proposals, which would:

Remove six of the Company's nine current directors. While we are not seeking the removal of William E. Proffitt, Paul C. Schorr, III or Roger D. Sack, there is no assurance that they will continue to serve on the new Board of Directors. If they resign, the remaining current directors and the Nominee directors, if elected, would fill their vacancies;

Replace the removed directors with our six Nominees, who have substantial management experience in the restaurant industry, and who have indicated their support for our new strategic direction. Unless earlier removed or they resign, these Nominees would serve until the next annual meeting of the Company's shareholders; and

Repeal any bylaw amendments adopted by the current Board between July 17, 2002 and the effective date of the shareholder actions described in this Consent Statement.

PROPOSALS 1 AND 2 ARE CONDITIONED UPON THE ADOPTION OF EACH OTHER.

Q: WHO ARE THE NOMINEES?

A: Our Nominees are Thomas M. Hontzas, Charles W. Mantooth, Titus W. Greene, Pat Vezertzis, Charles H. Wright and Jesse M. Harrington III. All of the Nominees are independent and do not presently serve the Company in any capacity. The principal occupation and business experience of each Nominee is set forth in this Consent Statement under the Section entitled "Additional Information Regarding Our Proposals." As shown therein, the Nominees are qualified individuals who possess substantial management experience in the restaurant industry. We believe you are entitled and it is in your best interest to give our Nominees a chance to implement their business plan.

12

Q: WHO CAN CONSENT TO THESE MATTERS?

A: If you owned shares of the Company on September 13, 2002 (the "Record Date"), you have the right to consent to the proposals, even if you disposed of some or all of your shares after the Record Date.

Q: HOW MANY SHARES MUST BE VOTED IN FAVOR OF THE PROPOSALS TO ADOPT THEM?

A: We must receive consents from a majority (i.e., more than 50%) of the issued and outstanding shares of Austins common stock as of the Record Date as to each proposal in order for each of the proposals to be adopted. In the Company's revocation of consent statement filed on September 17, 2002, the Company reported having 12,178,800 shares of common stock outstanding. We are not aware of any subsequent issuances of common stock by the Company. We therefore believe that the affirmative vote of at least 6,089,401 shares is necessary to adopt each of the proposals. Abstentions, failures to vote and broker non-votes will have the same effect as a "No" vote.

We beneficially own approximately 2,876,188 shares, or 23.6%, of the Company's issued and outstanding shares and intend to consent to all of the proposals described herein. Our other Nominees beneficially own approximately 1,000 shares of the Company's common stock, and we believe our Nominees who own shares will consent to all of the proposals described herein. Assuming our Nominees consent to the proposals, we believe that we will need the affirmative consent of the holders of 3,212,213 more shares to adopt the proposals by written consents.

Q: WHEN WILL THE PROPOSALS BECOME EFFECTIVE?

A: Proposals 1 and 2 will become effective and the Nominees will take office as the directors of the Company when we receive valid and unrevoked consents from record holders representing a majority (i.e., more than 50%) of the issued and outstanding shares of Austins common stock as of the Record Date as to both proposals 1 and 2 and those consents are delivered to the Company in accordance with Delaware law.

Proposal 3 will become effective when we receive valid and unrevoked consents from record holders representing a majority of the shares as of the Record Date and those consents are delivered to the Company in accordance with Delaware law.

Promptly after the effectiveness of the proposals, the Company is required to notify all stockholders that the proposals were adopted and became effective.

Q: WILL PROPOSAL 1 BE EFFECTIVE IF PROPOSAL 2 IS NOT ALSO ADOPTED?

A: No. In order for either proposal 1 or proposal 2 to be effective, both must be adopted by the stockholders. In other words, a vote to remove the present Board will not be effective unless our Nominees also are elected. Proposal 3 may be adopted and become effective independent of proposals 1 and 2.

Q: WHAT IS THE DEADLINE FOR SUBMITTING CONSENTS?

A: Under Section 228(c) of the Delaware General Corporation Law, consents must be received by the Company within 60 days of the earliest dated consent delivered to the Company in order to be effective. We have not yet delivered an unrevoked consent to the Company. At the time we delivered a consent to the Company, the 60-day period will begin to run. The proposals, however, will become effective upon our delivery to the Company of valid and unrevoked consent cards totaling more than 50% of the shares entitled to vote as of the Record Date, which may occur before the 60-day period has expired, **WE THEREFORE URGE YOU TO ACT PROMPTLY** to assure that your vote will count.

Q: WHAT SHOULD YOU DO TO CONSENT?

A: If your shares of common stock are held in your own name, please sign, DATE and mail today the enclosed GOLD consent card in the enclosed pre-addressed postage-paid envelope.

If your shares of common stock are held in "Street Name" (e.g., by a broker or bank), only your broker or bank can execute a consent on your behalf, but only upon receipt of your specific instructions. Please sign, DATE and mail today the enclosed GOLD *consent instruction form* in the enclosed pre-addressed postage-paid envelope so that a consent may be executed on your behalf.

Q: CAN YOU REVOKE YOUR CONSENT?

A: Yes. You may revoke an executed consent card at any time before the proposals become effective by marking, dating, signing and delivering a written revocation to Thomas M. Hontzas in any manner of delivery. A revocation may be in any written form signed by the record holder as long as it clearly states that the consent previously given is no longer effective. The delivery of a subsequent and properly dated consent that is properly completed, in opposition to an earlier consent, will also constitute a revocation of the earlier consent. At the time that we deliver to the Company consents to our proposals representing a majority of the voting shares of the Company, our proposals become effective. Any subsequent delivery of a revocation or a subsequent dated consent will not be effective to revoke the delivered consents.

Although a revocation is also effective if delivered to the Company, we request that either the original or photostatic copies of all revocations of consents be promptly faxed to us at the number set forth above or mailed or hand-delivered to us so that we will be aware of all revocations and can more accurately determine if and when the requisite consents to the actions described herein have been received. Revocations sent to the Company may be delivered to its principal office at 317 Kimball Avenue, N.E., Roanoke, VA 24016, or to any other address provided by the Company.

Q: WHO DO YOU CALL IF YOU HAVE QUESTIONS ABOUT THE SOLICITATION?

A: Please call G. Thomas Cliett at (252) 977-1735, Thomas M. Hontzas at (601) 981-1130, Charles W. Mantooth at (434) 792-4000 or Titus W. Greene at (704) 481-8800.

CERTAIN EFFECTS OF A CHANGE IN CONTROL OF THE BOARD OF DIRECTORS AND A CHANGE IN SENIOR MANAGEMENT

Removing six of the Company's current directors and replacing them with our Nominees through this Consent Statement could constitute a "change-in-control" under the terms of the Company's credit, management, operating or other agreements. All material agreements of the Company, including any that contain change-in-control provisions, are required to be filed with the SEC. In addition, any change-in-control arrangements with certain executive officers that provide for payments in excess of \$100,000 are required to be disclosed in the Company's annual report on Form 10-K and in the Company's proxy statement. None of the Company's contracts filed with the SEC contain change-in-control provisions, and neither the annual report nor the proxy statement of the Company contain any disclosure regarding any change-in-control arrangements with management. The Company's counsel has informed us that, other than a Board resolution providing for severance payment to the CEO and CFO in the event the Company is sold or merges, the Company is not subject to any change-in-control provisions. We are also otherwise unaware of any change-in-control provisions.

It is possible that, prior to the effectiveness of our proposals, the current Board of Directors may seek to enter into change-in-control agreements with existing management or may enter into employment agreements with management that contain change-in-control provisions that would be triggered upon the effectiveness of our proposals. In the event that the current Board attempts to enter into change-in-control

Edgar Filing: GREENE TITUS - Form DFAN14A

agreements in response to our efforts to remove them, we intend to pursue available remedies to hold the current Board accountable for such action and to nullify such agreements. In the event that any change-in-control provisions are triggered, the Company could be required to pay significant amounts to any counter parties or seek waivers from such obligations.

If our Nominees are elected, we intend to seek reimbursement from the Company for our costs since we believe the purpose of this Consent Statement is to advance the interests of all of the Company's stockholders. We estimate that the cost of our solicitation efforts, including the cost of defending the related litigation initiated by the Company, would be approximately \$275,000. If such reimbursement were to occur, it would have the effect of a one-time, non-recurring expense and would reduce the Company's working capital. We do not intend to submit the question of reimbursement to a vote of the Company's stockholders.

Other than the foregoing, we are not aware of any other adverse consequences that would result from the removal of the Company's current directors and their replacement with our Nominees or the removal of the Company's existing president and chief executive officer.

ADDITIONAL INFORMATION REGARDING OUR PROPOSALS

PROPOSAL 1: REMOVAL OF DIRECTORS

You are being asked to adopt a proposal to remove six of the nine current directors of the Company. Section 141(k) of the Delaware General Corporation Law allows stockholders to remove directors with or without cause. Our proposal would remove J. Carson Quarles, Victor F. Foti, Ronald G. Stancill, J. Alan Cowart, Stanley L. Bozeman, Jr. and A. Jones Yorke from the current Board. As explained in this Consent Statement, we believe that the current Board is partly responsible for the Company's recent poor performance and that these directors should therefore be removed.

PROPOSAL 2: ELECTION OF NOMINEES

You are being asked to adopt a proposal to elect as directors of Austins each of the six Nominees named below, each of whom has consented to being named in this Consent Statement and our other solicitation materials and to serve as a director, if elected, until the next annual meeting of the Company's shareholders (which we believe will be held in May or June of 2003) or until his successor has been elected and qualified. The bylaws of the Company provide that the Board of Directors shall

15

determine the number of directors eligible for election, which is currently nine. The bylaws also provide that a single class of directors will be elected at the annual meeting and hold office until the following annual meeting or until his successor is elected and qualified. If elected, our Nominees would serve together with the three remaining directors, Messrs. Proffitt, Schorr and Sack, as a single class of directors in accordance with these bylaw provisions.

Our primary purpose in seeking to elect the Nominees to the Company's Board is to enhance the value of the Company for the benefit of all stockholders. If elected, the Nominees would be responsible for managing the business and affairs of Austins.

Although we have no reason to believe that any of the Nominees may be unable or unwilling to serve as directors, if any of the Nominees is unable to serve as a director of the Company due to death, disability or otherwise, the remaining Nominee or Nominees, along with Messrs. Proffitt, Schorr and Sack, may designate another person or persons to replace the Nominee or Nominees unable to serve.

The name, age, present principal occupation and employment history of each of the Nominees for at least the past five years are as follows:

THOMAS M. HONTZAS. Age 58. Mr. Hontzas has co-owned and operated two WesterN SizzliN franchise restaurants in Meridian and Magee, Mississippi since 1980 and 1984, respectively. Mr. Hontzas previously served as a director of WesterN SizzliN Corporation, the Company's predecessor, and the Company from 1997 to 2001. Mr. Hontzas is currently a director of the Peoples Bank of Mendenhall, Mississippi. Mr. Hontzas served for 11 years as Executive Vice President of the Deposit Guaranty Corp. in Jackson, Mississippi, a holding company with banking offices in three states. He also served in several other positions with the Deposit Guaranty Corp. from 1968 to 1998. As a member of the Company's Board of Directors in 2001, Mr. Hontzas received compensation for services as a director of \$2,000.

CHARLES W. MANTOOTH. Age 63. Mr. Mantooth has owned and operated WesterN SizzliN franchise restaurants in Danville, Virginia since 1976 and currently owns and operates one restaurant. Mr. Mantooth previously served as a director of WesterN SizzliN Corporation, the

Edgar Filing: GREENE TITUS - Form DFAN14A

Company's predecessor, and the Company from 1998 to 1999. He is currently serving as President of Rax Restaurant, Mantooth and Mobley Inc. and The Lighting Center. In addition, Mr. Mantooth is currently involved in several residential and commercial real estate development ventures.

TITUS W. GREENE. Age 65. Mr. Greene was a director of the Company from 1999 until July 18, 2002, when he resigned from the Board. He is currently pursuing personal interests. Mr. Greene was Chairman of the Board and a director of WesterN SizzliN Corporation from 1993 to 1997, and was a WesterN SizzliN franchisee from 1973 to 1996. He has been a member of the Board of Directors of First Community Bank of Gastonia and its successors since 1993. As a member of the Company's Board of Directors in 2001, Mr. Greene received compensation for services as a director of \$10,000.

PAT VEZERTZIS. Age 55. Mr. Vezertzis has owned and operated six WesterN SizzliN franchise restaurants in Alabama and Tennessee since 1979. He previously served as a director of WesterN SizzliN Corporation, the Company's predecessor, from 1993 to 1995. Mr. Vezertzis has served as an advisory board member of Compass Bank of Fort Payne, Alabama since 1990.

CHARLES H. WRIGHT. Age 67. Mr. Wright previously served in several management positions with the Monarch Division of Sara Lee Corporation from 1954 to 1998. These positions included Regional Vice President overseeing five separate divisions and Director of Purchasing. Prior to his retirement in 1998, Mr. Wright served as President of the Raleigh branch of the Monarch Division.

JESSE M. HARRINGTON III. Age 61. Mr. Harrington served as a director of WesterN SizzliN Corporation, the Company's predecessor, from 1996 to 1999. He is currently a financial consultant for

16

individuals. Mr. Harrington previously served from 1968 to 1993 in several positions with Hardee's Food Systems, Inc., including accounting supervisor and senior vice president-treasurer, in which he was responsible for all treasury and controllership functions. He has previously served on the Boards of two local banks.

Each of the Nominees is a participant in this consent solicitation. Annex III contains additional information regarding the Nominees required to be disclosed under the Securities Exchange Act of 1934.

The foregoing information has been furnished to us by the respective Nominees. It is expected that each Nominee, if elected, will receive director fees as currently paid to members of the Board and will be reimbursed by the Company for reasonable out-of-pocket expenses incurred in the performance of services as a director. Our Nominees will also be entitled to indemnification by the Company in accordance with the Company's bylaws and the Delaware General Corporation Law.

The GOLD consent card delivered with this Consent Statement provides each stockholder with the opportunity to designate any of the Nominees whom he or she does not desire to elect to the Board. **WE URGE YOU TO VOTE FOR ALL OF THE NOMINEES ON THE GOLD CONSENT CARD DELIVERED WITH THIS CONSENT STATEMENT.**

PROPOSAL 3: REPEAL OF BYLAWS ADOPTED AFTER JULY 17, 2002 AND BEFORE THE EFFECTIVENESS OF THIS PROPOSAL

You are being asked to adopt a proposal that would repeal any amendments to the Company's bylaws adopted by the current Board between July 17, 2002 and the effective date of our proposals in this Consent Statement. This proposal is designed to prevent the current Board from taking actions to amend the Company's bylaws to attempt to nullify or delay the actions we are proposing to you or to create new obstacles to your ability to freely elect a board of directors that represents your best interests. We believe that the most recent version of the Company's bylaws were adopted on May 10, 2000, and no amendments after that date have been publicly disclosed. In the event that this proposal is adopted, all amendments adopted since July 17, 2002 would be repealed, whether or not they affect your ability to adopt the other proposals in this Consent Statement.

VOTING SECURITIES

According to the Company's Certificate of Incorporation, the Company's shares of common stock constitute its only class of outstanding voting securities. Accordingly, only holders of the Company's common stock as of the Record Date are entitled to execute consents. The Record Date for determining shareholders entitled to vote is September 13, 2002. According to the Company's revocation of consent statement filed on September 17, 2002, there were 12,178,800 shares of the Company's common stock issued and outstanding. We understand that there are no

Edgar Filing: GREENE TITUS - Form DFAN14A

other classes of common stock and no shares of preferred stock outstanding. Each outstanding share of common stock as of the Record Date is entitled to one vote on each of the proposals. Shareholders do not have cumulative voting rights, which means that your shares are voted separately for each proposal.

We beneficially owned 2,876,188 shares of the Company's common stock as of the Record Date, representing approximately 23.6% of the issued and outstanding shares. We have consented to all of the proposals. In addition, the other Nominees beneficially own an aggregate of 1,000 shares of the Company's common stock as of the Record Date. We believe our Nominees will consent to each of the proposals in this Consent Statement.

Under applicable regulations of the SEC, we and the Nominees are deemed "participants" in this solicitation. Certain information about us and the Nominees is set forth in the attached Annex III. Annex III also sets forth certain information relating to the ownership of the Company's common stock by us and the Nominees, and any transactions between any of us and the Nominees, on the one hand, and Austins on the other. No persons other than those named in this Consent Statement will participate in this solicitation.

INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

This Consent Statement may contain some forward-looking statements. Forward-looking statements give our current expectations or forecasts of future events. You can identify these statements by the fact that they do not relate strictly to historical or current information. They use words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," and other words and terms of similar meaning in connection with any discussion of future operating or financial performance. In particular,

18

these include statements relating to future actions and plans, future performance, and potential growth and performance of the Company.

Any and all of our forward-looking statements in this Consent Statement can be affected by inaccurate assumptions we might make or by known or unknown risks and uncertainties. Consequently, no forward-looking statement can be guaranteed. Because these statements are subject to risks and uncertainties, actual results may differ materially from those expressed or implied by the forward-looking statements. We caution you not to place undue reliance on the statements, which speak only as of the date of this Consent Statement. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events, or otherwise. The cautionary statements contained or referred to in this section should be considered in connection with any subsequent written or oral forward-looking statements that we or persons acting on our behalf may issue.

SOLICITATION

The solicitation of consents pursuant to this Consent Statement is being made by the four of us, as members of the Austins Group. Consents may be solicited by mail, advertisement, telephone or telecopier and in person. No persons will receive compensation for soliciting consents.

Banks, brokers, custodians, nominees and fiduciaries will be requested to forward solicitation material to the beneficial owners of shares of the Company's common stock. We will reimburse banks, brokers, custodians, nominees and fiduciaries for their reasonable expenses for sending solicitation material to the beneficial owners.

The cost of the solicitation of consents with respect to our proposals will initially be borne by us. We intend to seek reimbursement from the Company for the costs of this solicitation if we are successful in getting the Austins stockholders to adopt proposals 1 and 2 since we believe the purpose of the proposals in this Consent Statement is to advance the interests of all of the Company's stockholders. If such reimbursement is sought, the question of whether such reimbursement will be made will be submitted to the Company's Board of Directors for final decision. The question of reimbursement will not be submitted to a vote of the stockholders. We will abstain from any Board vote on this matter. Costs related to the solicitation of consents include expenditures for attorneys, litigation, printing, postage, telephone and related expenses and filing fees and are expected to aggregate approximately \$275,000, of which approximately \$245,000 has been incurred to date. The portion of such costs allocable solely to the solicitation of consents to the proposals is not readily determinable.

CONSENT PROCEDURE UNDER DELAWARE LAW

Section 228 of the Delaware General Corporation Law (the "DGCL") generally provides that, unless otherwise provided in the certificate of incorporation, any action required to be taken at any annual or special meeting of shareholders, or any action that may be taken at any annual or special meeting of shareholders, may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted, and those consents are delivered to the corporation by delivery to its registered office in Delaware, its principal place of business or an officer or agent of the corporation having custody of the books in which proceedings of meetings of shareholders are recorded. Neither the Company's Certificate of Incorporation nor its bylaws prohibit shareholder action by written consent.

Edgar Filing: GREENE TITUS - Form DFAN14A

The Board of Directors of the Company established September 13, 2002 as the Record Date for determining those shareholders eligible to vote on our proposals.

19

If the proposals are adopted pursuant to this Consent Statement, prompt notice must be given by the Company pursuant to Section 228(d) of the DGCL to shareholders who have not executed consents.

SPECIAL CONSENT INSTRUCTIONS

If you were a record holder of shares of the Company's common stock as of the close of business on the Record Date, you may elect to consent to, withhold consent to or abstain with respect to each proposal by marking the "CONSENT," "DOES NOT CONSENT" or "ABSTAIN" box, as applicable, below each such proposal on the accompanying GOLD consent card and signing, DATING and mailing it promptly in the enclosed pre-addressed postage-paid envelope.

IMPORTANT: IF YOU HOLD SHARES THROUGH A BROKER OR BANK, ONLY THEY CAN EXECUTE A CONSENT CARD ON YOUR BEHALF. PLEASE SIGN, DATE AND PROMPTLY RETURN THE ENCLOSED CONSENT INSTRUCTION FORM.

If the record holder signing, dating and returning the GOLD consent card has failed to check a box marked "CONSENT," "DOES NOT CONSENT" or "ABSTAIN" for any of the proposals, such record holder will be deemed to have consented to each such proposal, except that such record holder will not be deemed to have consented to the removal of any current director or to the election of any Nominee whose name is written on the consent card under the corresponding proposal.

WE RECOMMEND THAT YOU CONSENT TO EACH OF THE PROPOSALS

YOUR CONSENT IS IMPORTANT. PLEASE MARK, SIGN AND DATE THE ENCLOSED GOLD CONSENT CARD AND RETURN THE CARD TODAY

**FAILURE TO RETURN YOUR CONSENT CARD
WILL HAVE THE SAME EFFECT AS VOTING AGAINST THE PROPOSALS**

If your shares of the Company's common stock are held in "Street Name" (e.g., by a broker or bank), only your broker or bank can execute a consent on your behalf, but only upon receipt of your specific instructions. Please sign, DATE and mail today the enclosed GOLD *consent instruction form* in the enclosed pre-addressed postage-paid envelope so that a consent may be executed on your behalf.

APPRAISAL RIGHTS

Holders of the Company's common stock do not have dissenters' appraisal rights under Delaware law in connection with this Consent Statement or the proposals contained herein.

SHAREHOLDER PROPOSALS

According to the Company's revocation of consent statement filed September 17, 2002, shareholder proposals that are intended to be presented at the Company's 2003 annual meeting of shareholders must be received by the Company not later than January 24, 2003, in order to be included in the proxy statement and form of proxy for that meeting. Additionally, while the Company's revocation of consent statement filed September 17, 2002 is silent on the matter, any other proposal that a shareholder desires to present for action at an annual meeting otherwise than through the proxy statement must be received by the Company no later than the close of business on April 9, 2003. A proponent of a shareholder proposal must comply with the proxy rules under the Securities Exchange Act of 1934, as amended.
