(f) Messrs. Orlando and Netter are citizens of the United States of America.

Item 3. Source and Amount of Funds or Other Consideration.

The Shares purchased by Dolphin I, Dolphin Financial Partners and Dolphin III were purchased with working capital (which may, at any given time, include margin loans made by brokerage firms in the ordinary course of business) in open market purchases, except as otherwise noted. The aggregate purchase cost of the 1,674,557 Shares (including certain call options) beneficially owned in the aggregate by Dolphin I, Dolphin Financial Partners and Dolphin III is approximately \$12,056,548, including brokerage commissions.

Item 4. Purpose of Transaction.

The Reporting Persons purchased the Shares based on the Reporting Persons' belief that the Shares, when purchased, were undervalued and represented an attractive investment opportunity. Depending upon overall market conditions, other investment opportunities available to the Reporting Persons, and the availability of Shares at prices that would make the purchase of additional Shares desirable, the Reporting Persons may endeavor to increase their position in the Issuer through, among other things, the purchase of Shares on the open market or in private transactions or otherwise, on such terms and at such times as the Reporting Persons may deem advisable.

CUSIP NO. 625453105

The Reporting Persons are long-term shareholders of the Issuer. The Reporting Persons have visited the Issuer's facilities in Oklahoma, Austin, Texas and Mexico and have conversed in person and by teleconference with members of the Board and senior management. On numerous occasions, the Reporting Persons have expressed their views on the strategic, operational and financial issues facing the Issuer and have actively encouraged efforts to maximize shareholder value. Specifically, the Reporting Persons have highlighted the necessity to more efficiently finance the Issuer's growth opportunities with its key customers and sought to provide assistance to the Issuer in May, 2008 in optimizing its balance sheet.

The Reporting Persons believe that the lack of a coherent business strategy, poor execution and poor capital allocation have contributed to significant deterioration in shareholder value. Specifically, the Reporting Persons are deeply concerned by the following:

- On September 30, 2008, the price for the Issuer's Shares closed at a level at which the Shares traded over eight years ago.
- Since the beginning of fiscal 2005, the Issuer has invested over \$360 million (over 3x the current market capitalization of the Issuer) on capital and other expenditures. In that time, a \$59 million cumulative cash flow loss has contributed to the share price falling over 72%. (See Chart below).
- Since the Board was reconstituted in October, 2006, the price of the Issuer's Shares has declined 54%, while comparable companies, on average, are down only just 7%¹.
- Since its high following the ill-fated Dutch-auction tender in June, 2007, the price of the Issuer's Shares has fallen 66% while comparable companies², on average, are down considerably less.
- At the current share price, the Issuer is trading at just 2.1x Enterprise Value/2009 EBITDA,³ while comparable companies⁴ average 7.7x -- a 73% discount.
 - At the current share price, the Issuer is trading at just over its tangible book value per share of \$4.22.

The Reporting Persons believe the Board of the Issuer has failed to close the significant valuation gap for its long-term investors. In light of these significant concerns and the erosion of shareholder value and the share price, the Reporting Persons began requesting a change in senior level management in February, 2007. More than a year later, the Issuer finally heeded the Reporting Persons' calls and made a change in June, 2008.

1 Comparable companies include IGT, WMS, BYI, ALL AU and SGMS.

2 See footnote 1.

3 Based on Bloomberg average analyst estimates. MGAM average analyst fiscal 2009 estimate of \$73 million.

4 See footnote 1.

CUSIP NO. 625453105

The Reporting Persons look forward to hearing a Board approved, detailed strategic operating plan by the 2008 fourth quarter conference call addressing how the Issuer intends to close the sizeable valuation gap for its shareholders. The Reporting Persons intend to continue to pay special attention to opportunities to make the current operations of the Issuer more productive, efficient and profitable, as well as plans to grow the business, with prudent use of the Issuer's valuable equity capital. Sell-side analysts are forecasting as much as \$45-\$50 million in free cash flow for fiscal 2009 from the Winstar facility ramp-up, increased machine counts and notes receivable repayments. The Board faces critical decisions as to how best to deploy this inflow to maximize shareholder value.

In light of the unacceptable financial performance highlighted in the chart above, the Reporting Persons believe a rigorous debate about proper capital allocation is required. Heretofore, the Board has followed a formula that has led to the destruction of shareholder value. The Reporting Persons are seeking Board representation because they understand the necessity of reversing this negative trend. As one of the largest shareholders, the Reporting Persons have a strong incentive to maximize shareholder value. Accordingly, in September, 2008, the Reporting Persons sent a letter to the Issuer requesting consensual representation on the Board. The Reporting Persons' representative(s) will be committed to working with the other members of the Board to evaluate all strategic and other alternatives to set the Issuer on a path to maximizing shareholder value.

No Reporting Person has any present plan or proposal which would relate to or result in any of the matters set forth in subparagraphs (a) - (j) of Item 4 of Schedule 13D except as set forth herein or such as would occur upon completion of any of the actions discussed above. Depending on various factors including, without limitation, the Company's financial position and business strategy and prospects, the price levels of the Shares, conditions in the securities markets and general economic and industry conditions, the Reporting Persons may in the future take such actions with respect to their investment in the Company as they deem appropriate including, without limitation, continuing to engage in discussions with members of management and/or the Board of the Issuer, engaging in discussions with other shareholders, making proposals to the Issuer concerning changes to its capitalization, operations and business strategies, continuing to seek representation on the Issuer's Board, whether on a consensual or non-consensual basis, proposing a sale of the Issuer to a strategic or other buyer, purchasing additional Shares, selling some or all of its Shares, engaging in short selling of or any hedging or similar transaction with respect to the Shares or changing its intention with respect to any and all matters referred to in Item 4.
