Information Regarding Change in Independent Auditors

On June 24, 2002, the Board of Directors of the Company, based upon the recommendation of the Company's Audit Committee, approved the dismissal of Arthur Andersen LLP (Arthur Andersen), as its independent auditors, and the engagement of Ernst & Young to serve as its new independent auditors for fiscal 2002. The change in auditors became effective as of June 24, 2002 and was reported by the Company in a Current Report on Form 8-K filed with the Securities and Exchange Commission on June 27, 2002 (the Form 8-K).

The reports of Arthur Andersen on the Company's consolidated financial statements for each of the fiscal years ended September 29, 2001 and September 30, 2000 did not contain an adverse opinion or disclaimer of opinion nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended September 29, 2001 and September 30, 2000 and through June 24, 2002, there were no disagreements with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of Arthur Andersen, would have caused Arthur Andersen to make reference to the subject matter of the disagreement in connection with their report on the financial statements for such years. In addition, during the fiscal years ended September 29, 2001 and September 30, 2000 and through June 24, 2002, there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Arthur Andersen with a copy of the foregoing disclosures prior to the filing of its Form 8-K and requested Arthur Andersen to furnish it with a letter addressed to the Securities and Exchange Commission stating whether Arthur Andersen agrees with the statements made by Hologic herein and, if not, stating the respects in which it does not agree. The Company received such a letter and filed it as an exhibit to the Form 8-K.

As mentioned above, simultaneously with the dismissal of its former auditors, the Company engaged Ernst & Young to act as its independent auditors as successor to Arthur Andersen for fiscal 2002 effective as of June

24, 2002. During the fiscal years ended September 29, 2001 and September 30, 2000 and through June 24, 2002, the Company did not consult with Ernst & Young regarding any matters or events set forth in Items 304(a)(2)(i) or (ii) of Regulation S-K.

Independent Auditor Fees

As described above under the heading *Information Regarding Change in Independent Auditors*, on June 24, 2002, the Board of Directors of the Company, based upon the recommendation of the Company's Audit Committee, approved the dismissal of Arthur Andersen, as its independent auditors, and the engagement of Ernst & Young to serve as its new independent auditors for fiscal 2002. The fees set forth below summarize the fees paid to Arthur Andersen for services rendered prior to its dismissal and fees paid to Ernst & Young since its engagement.

Audit Fees. Ernst & Young billed the Company an aggregate of \$262,000 for professional services rendered by it in connection with its audit of the Company's financial statements for the fiscal year ended September 28, 2002 and its review of the Company's third quarter report on Form 10-Q for fiscal 2002. In addition, Arthur Andersen billed the Company an aggregate of \$46,000 for professional services rendered for the review of the Company's quarterly reports for the first two quarters in fiscal 2002.

Financial Information Systems Design and Implementation. Neither Ernst & Young nor Arthur Andersen rendered any services to the Company for financial information systems design and implementation during fiscal 2002.

All Other Fees. Ernst & Young billed the Company an additional \$65,000 for professional services rendered during fiscal 2002 which are not otherwise described above. These fees included \$41,500 for tax-related services, including tax advice and research and the assistance with the preparation and filing of tax returns and advisory services and \$12,000 of audit related fees. Arthur Andersen billed the Company an additional \$184,700 for professional services rendered during fiscal 2002 which are not otherwise described above. These fees included \$92,000 of audit related fees and \$92,700 for tax-related services.

The Audit Committee has considered whether Ernst & Young's provision of services other than services rendered in connection with the audit of the Company's annual financial statements is compatible with maintaining their independence.

Compensation of Directors

In fiscal 2002, each non-employee director received (i) an annual retainer of \$12,000, payable \$3,000 per quarter, (ii) a director's meeting fee of \$1,500 for each meeting of the Board of Directors at which the director was physically present and \$600 for each meeting at which the director participated by telephone and (iii) a committee meeting fee for each meeting of a committee of the Board of Directors on which the director served and at which the director was physically present, in the amount of \$1,200 if the meeting was held on a day other than the day of the meeting of the Board of Directors and \$600 if held on the same day as the meeting of the Board of Directors, but no fee if the committee meeting was held at the same time or immediately in conjunction with the meeting of the Board of Directors.

In the past, non-employee directors were granted stock options pursuant to the Company's Amended and Restated 1990 Non-Employee Director Stock Option Plan (the *Director's Plan*). There are no remaining shares available for issuance under this plan, however, there are options to purchase 140,000 shares that were previously granted and are still outstanding and eligible to be exercised. Accordingly, the terms of the *Director's Plan* are still in effect. The exercise price for all options granted under the *Director's Plan* is the fair market value of the Common Stock on the date of the option grant. The exercise price may be paid in cash, with Common Stock (valued at fair market value on the date of purchase), or by a combination of cash and Common Stock.

Beginning in 1999, non-employee directors became eligible to receive stock options pursuant to the Company's Amended and Restated 1999 Equity Incentive Plan (the "1999 Plan"). The 1999 Plan provides that, unless otherwise determined by the Board of Directors, each director of the Company who is not an employee of the Company shall automatically be granted a nonqualified option to acquire 25,000 shares of Common Stock as of the date he or she is first elected to the Board or, with respect to such directors serving on the Board, as of the effective date of the 1999 Plan. In each case, the option price will be the fair market value of the Common Stock on the date of grant and the expiration date will be the tenth anniversary thereof. Each such nonqualified option will become exercisable in 20% installments beginning on January 1 of the first year after the grant date, and on January 1 of each year thereafter, until such option is fully exercisable on January 1 of the fifth year following the grant date.

The 1999 Plan also provides that, unless otherwise determined by the Board of Directors, each director of the Company who is not an employee of the Company and who has served as a director for six months shall automatically be granted a nonqualified option to acquire 3,000 shares of Common Stock as of January 1 of each year. The option price will be the fair market value of the Common Stock on such date and the expiration date will be the tenth anniversary thereof. These options are exercisable on and after the date that is six months after the date of grant. On January 1, 2002, options to purchase 3,000 shares of Common Stock, at an exercise price of \$9.29 per share, were granted to each of Messrs. Jacobs and Segel and Dr. Peck and Ms. Ullian under the 1999 Plan.

The Board of Directors is authorized to increase annually the number of shares of Common Stock available for issuance under the 1999 Plan, subject to certain limitations. Effective on September 30, 2002, the Board of Directors increased the number of shares available under the 1999 Plan by 400,000 shares bringing the total shares available for issuance under the 1999 Plan to 1,840,000 shares.

INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has appointed Ernst & Young as the independent public accountants to audit the Company's consolidated financial statements for the fiscal year ending September 27, 2003. Ernst & Young has continuously served as the Company's independent public accountants since June 24, 2002 following the dismissal of Arthur Andersen as described above under the heading "Information Regarding Change in Independent Auditors."

Severance and Separation Agreements

Severance agreements are in effect between the Company and the following named executive officers: Messrs. Cumming, Muir and Dr. Stein. The agreements are intended to encourage the executives to continue to carry on their duties in the event of a change of control of the Company. Under the terms of these agreements, if termination of an executive's employment occurs within the three-year period following a change of control of the Company and such termination is by the Company (or its successor) other than for cause or disability or by the executive for good reason (each as defined in the agreement), the executive will be entitled to receive, among other things, in a lump sum in cash: (i) the executive's accrued salary; (ii) a pro rata portion of such executive's highest annual bonus; (iii) if the executive has remained employed for one year following the change of control, a special bonus equal to the sum of the executive's annual salary and highest annual bonus; and (iv) a severance amount equal to \$1.00 less than the executive's base amount (as defined in the tax code), multiplied by three. In addition, all unvested stock options or stock appreciation rights held by the executive shall become immediately exercisable for a one year period following the executive's termination date. The severance agreements confer no benefits prior to a change of control. In the event that any payments received by the executives in connection with a change of control are subject to the excise tax imposed upon certain change of control payments under federal tax laws or would be nondeductible to the Company under such laws, the agreements provide for a reduction in the amount to be paid to the executive to an amount which is one dollar less than the maximum that can be paid without subjecting the payments to such excise tax or resulting in such payments being nondeductible to the Company.

The Company also has separation agreements with Messrs. Cumming, Muir, Kershaw, Pekarsky, and Drs. Soltani and von Stetten, six named executive officers. Under the terms of these agreements, if the executive's employment is terminated for any reason other than cause, the executive will receive a separation package which will include a salary contribution of up to one year of base salary and continued medical and dental benefits up to the earlier of one year or such time as the executive becomes re-employed. The separation agreements survive a change in control, but cannot be triggered by a change in control or any voluntary separation notice given by the executive.

Compensation Committee Interlocks and Insider Participation

Decisions regarding executive compensation are made by the Company's Compensation Committee of the Board of Directors, which is composed of Irwin Jacobs, William A. Peck, Gerald Segel and Elaine Ullian. The Compensation Committee also administers the Company's stock incentive plans, Executive and Key Employee Bonus Program, Oracle Implementation Bonus Plan, Performance Bonus Plan, and 401(k) Plan. None of the members of the Compensation Committee has ever been an officer or employee of the Company or any of its subsidiaries.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors, consisting entirely of independent non-management directors, approves all policies under which compensation is paid or awarded to the Company's executive officers. For fiscal 2002, the Committee was comprised of Messrs. Jacobs and Segel, Dr. Peck and Ms. Ullian.

The Company's Compensation Philosophy and Plan

The Company's executive compensation program is designed to attract and retain superior executive talent, to provide incentives and rewards to executive officers who will contribute to the long-term success of the Company and to closely align the interests of executives with those of the Company's stockholders.

The Committee reviews the Company's executive compensation program through the application of the subjective business judgment of each of its members and through an informal survey of executive compensation programs of peer companies. The Compensation Committee does not use a quantitative method or use a mathematical formula to set any element of compensation for a particular executive officer. The Compensation Committee uses discretion and considers all elements of an executive's compensation package when setting each portion of compensation which is based upon corporate performance and individual initiatives and performance. The principal elements of the Company's executive compensation program consist of: (i) base annual salary, (ii) executive bonus program and (iii) equity awards.

Base Annual Salaries. Base annual salaries for executive officers are initially determined by evaluating the responsibilities of the position and the experience and knowledge of the individual. Also taken into consideration is the competitiveness of the marketplace for executive talent, including a comparison of base annual salaries for comparable positions at peer companies. Individual adjustments are made at the discretion of the Compensation Committee, taking into consideration factors such as the Company's performance and the Compensation Committee's subjective perception of the individual's performance.

Executive Bonus Program. The Compensation Committee of the Board of Directors approved an Executive and Key Employee Bonus Program for fiscal 2002 under which executive officers, senior management and key contributors selected by the Compensation Committee were eligible for cash bonuses, awarded at the discretion of the Compensation Committee, to be paid in the first quarter of fiscal 2003. This program is designed to attract and retain key talent and is directly related to the Company's success and to an overall increase in shareholder value. Under this program, executive officers are measured against a combination of strategic, divisional and individual goals to qualify for a bonus. Considerations include an evaluation of overall and divisional revenues and profitability, new product development and introductions, and improved shareholder value. As part of this plan, three of the executive officers were asked to forgo eligibility and participation in this plan for fiscal 2002 in order to help achieve the company's stated goal of profitability for the year. Messrs. Cumming, Muir and Dr. Stein each agreed not to participate in the plan and in lieu thereof were each awarded stock options to purchase 50,000 shares of Common Stock. These options, granted on November 13, 2001 vest annually over a ten year period and accelerate to full vesting in the year the company achieves pre-tax profits of at least \$1 million. Based on an evaluation of the Company's overall profitability and change in shareholder value during fiscal 2002, bonuses aggregating \$66,500 were granted under the Execution Bonus Program to other of the Company's executive officers. See Compensation of Executive Officers Summary Compensation Table .

Oracle Implementation Bonus Plan. In November 2002, the Board of Directors approved an Oracle Implementation Bonus Plan under which executive officers (other than Messrs. Cumming, Muir and Dr. Stein), senior management and key contributors selected by the Compensation Committee are eligible for cash bonuses, to be awarded at the discretion of the Compensation Committee. This plan is designed to reward employees for their efforts in completing the implementation of our new Oracle information system. In the first quarter of fiscal 2003, bonuses of \$147,000 were paid to executive officers (other than Messrs. Cumming, Muir and Dr. Stein), senior managers and key contributors under this Plan for work performed in fiscal 2002.

Equity Awards. The third component of executive officers' compensation are equity awards in the form of stock options and restricted stock grants.

Stock options and restricted stock grants are designed to align the interests of the executive with those of the stockholders. Stock options are granted at an exercise price equal to the fair market value of the Common Stock on the date of grant. These options generally vest at the rate of 20% or 25% per year, with the first installment vesting either at the end of one or two years, respectively, from the date of employment (for options granted upon initial employment) or the date of grant and are exercisable within ten years from the date of grant. The restricted stock grants are awards of shares of Common Stock. These awards are generally subject to repurchase by the Company for a two year period from the date of grant. The size of individual option and stock grants are based

upon the Committee's subjective review of the job responsibility and individual contribution to the Company's success. Previous option and stock grants are considered when awards are determined. These equity awards are designed to provide incentives for the creation of long-term value for the Company's stockholders. During fiscal 2002, options to purchase 386,000 shares of the Company's Common Stock were granted to executive officers under the Company's stock option plans.

Compensation of the Chief Executive Officer

In April 2002, Mr. Cumming's salary was increased to \$350,000 from \$300,000, which the Committee considered at the time to be comparable to the salaries of chief executive officers of peer companies based on the Committee's informal survey of executive compensation at peer companies. In fiscal 2002, Mr. Cumming did not receive a bonus. In addition, Mr. Cumming received various options to purchase 126,000 shares at prices ranging from \$5.05 to \$10.26 per share, the fair market value of the Company's Common Stock on the date of grant, pursuant to the Company's 1999 Equity Incentive Plan. In fiscal 2002, Mr. Cumming was instrumental in, among other things, initiating the restructuring plan which returned the Company to profitability.

Conclusion

Through these programs, a significant portion of the Company's executive compensation is linked directly to individual and Company performance in pursuance of strategic goals as well as stock price appreciation. The Compensation Committee intends to continue the policy of linking executive compensation to Company performance and stockholder return, recognizing however, that fluctuations in the operating results of the business may result over time.

CERTAIN RELATED TRANSACTIONS

In January 2001, to assist John W. Cumming, the Company's Chairman, Chief Executive Officer and a director, in the purchase of a local primary residence in connection with his initial relocation to Danbury, Connecticut to take on the position of Senior Vice President and President of Lorad, the Company loaned Mr. Cumming the principal amount of \$300,000 pursuant to a promissory note. In August 2001, in connection with Mr. Cumming's move to the Company's Massachusetts headquarters in order to assume the position of Chief Executive Officer and President, the Company loaned Mr. Cumming an additional principal amount of \$200,000. This additional \$200,000 loan has been consolidated with the original loan into one \$500,000 promissory note on the same terms as the original loan. The promissory note bears interest at the rate of 7.0% per year. In April 2002, the Board of Directors deferred the payment obligations under the note by one year, such that the note is now required to be repaid in quarterly installments of \$41,666 plus interest, commencing April 1, 2003 until paid in full no later than April 1, 2006. In the event that the Company undergoes a change of control, the balance of the note will be forgiven. In the event Mr. Cumming's employment with the Company is terminated, either voluntarily or for cause, Mr. Cumming has agreed to repay the balance of the note.

In December 2002, in recognition of the exceptional service rendered to the Company by Mr. Cumming, the Compensation Committee of the Board of Directors approved a special bonus program to provide Mr. Cumming with the funds necessary to pay the quarterly installments due under the loan. Under the special bonus program, for so long as Mr. Cumming remains an officer of the Company and there are amounts remaining to be repaid under the loan, the Company will pay Mr. Cumming a special quarterly bonus equal to the amount due under the loan, including interest due, plus an additional payment equal to the taxes due as a result of the special bonus and such additional payment, such that the net-after-tax special quarterly bonus to be received by Mr. Cumming will equal the principal and interest then due under the loan.

As of the date of this proxy statement, an aggregate of \$500,000 of principal on this loan remains outstanding.
