PART III

Item 10. Directors and Executive Officers of the Registrant

(a) Directors

Our Board of Directors consists of three classes, Class I, Class II and Class III. Each class currently consists of two members who serve for full three-year terms. The Class I Directors are scheduled to stand for reelection at the Annual Meeting. In addition, the Board will increase its size from six to nine members at the Annual Meeting, and shareholders will be asked to elect nominees for the three newly-created vacancies. These three nominees will be spread across our three Classes of directors as set forth below. As a result, shareholders will be asked to elect a total of five directors at the Annual Meeting. All of the Company's nominees have consented to their nomination for election to the Board.

Mr. Marion H. Antonini and Mr. Henry R. Slack are nominees for reelection as Class I Directors. If elected, they will serve until 2009. To fill the three vacancies created by the expansion of the Board at the Annual Meeting from six to nine seats, the Board has nominated Mr. Alain Lebec, Mr. Howard L. Minigh and Mr. Michael A. Sperduto. If elected, Mr. Sperduto will serve as a Class I Director with a term expiring in 2009, Mr. Minigh will serve as a Class II Director with a term expiring in 2008, and Mr. Lebec will serve as a Class III Director, with a term expiring in 2007. Each of Messrs. Minigh and Mr. Lebec will receive either (i) the standard director compensation, as described on page 8 of this Amendment, in the event they are elected as directors, or (ii) \$40,000 for agreeing to serve as nominees, in the event they are not elected as directors. Mr. Sperduto will not receive any compensation for agreeing to serve as a nominee or as a director as Mr. Sperduto is currently our Vice President and Chief Financial Officer.

The Board has determined that Mr. Minigh and Mr. Lebec are "independent" as defined by New York Stock Exchange ("NYSE") Listing Standards and our Director Independent Standards. Mr. Sperduto, the Company's Vice President and Chief Financial Officer, is not "independent" as defined by New York Stock Exchange ("NYSE") Listing Standards and our Director Independent Standards.

Directors will be elected by the affirmative vote of a majority of the votes cast at the Meeting.

CORPORATE GOVERNANCE

How often did the Board of Directors meet during 2005?

Our Board of Directors held a total of 8 meetings during 2005. During 2005, all of our Directors attended more than 75% of the meetings of the Board and meetings of committees of the Board on which they served.

Engelhard's Corporate Governance Guidelines provide that directors are expected to attend the annual meeting of shareholders. All then members of Engelhard's Board of Directors, except Mr. Slack, attended the Annual Meeting of Shareholders in 2005.

What committees does the Board of Directors have?

Among the standing committees of the Board of Directors are the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. Copies of the charters for these committees, as well as Engelhard's Corporate Governance Guidelines, Engelhard's Policies of Business Conduct and Senior Financial Officer Ethics Code, are available under the Corporate Governance portion of the Investor Relations section of our website at www.engelhard.com and without charge in print to any shareholder who requests them from our Corporate Secretary. The Board of Directors also has a Pension and Employee Benefit Committee and an Executive Committee.

Audit Committee

The members of the Audit Committee are Mr. Watson (Chairman), Mr. Burner and Mr. Napier. The Audit Committee assists the Board of Directors' oversight of (a) the integrity of Engelhard's financial statements, (b) the independent auditor's qualifications and independence, (c) the performance of Engelhard's internal audit function and independent auditors and (d) Engelhard's compliance with legal and regulatory requirements. The Audit Committee has the sole authority to appoint and terminate Engelhard's independent auditors. The Board of Directors has determined that all three members of the Audit Committee are audit committee financial experts as described in Item 401(h) of Regulation S-K. In addition, the Board of Directors has determined that each of the members of the Audit Committee is "independent" as defined by the New York Stock Exchange ("NYSE") Listing Standards and the rules of the SEC applicable to audit committee members and our Director Independence Standards, a copy of which is attached as Appendix A to this Proxy statement (the "Director Independence Standards"). The Audit Committee meets the definition of an audit committee as set forth in Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended ("Exchange Act"). The Audit Committee held 10 meetings during 2005 and conducted a review and self-

assessment in 2005. Mr. Burner currently serves on three other audit committees, in addition to Engelhard's. The Board of Directors has determined that such service would not impair Mr. Burner's ability to effectively serve on Engelhard's Audit Committee, and has approved such service pursuant to our Corporate Governance Guidelines.

Compensation Committee

The members of the Compensation Committee are Messrs. Antonini (Chairman) Napier and Slack. The Compensation Committee assists the Board of Directors by taking direct responsibility for (a) reviewing and approving corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluating the Chief Executive Officer's compensation in light of these goals and objectives and, either as a committee or together with the other independent directors (as directed by the Board), determining and approving the Chief Executive Officer's compensation level based on this evaluation, (b) reviewing and approving compensation for executives (other than the Chief Executive Officer) and reviewing and making recommendations to the Board with respect to incentive compensation and equity-based plans, and (c) producing an annual report on executive compensation for inclusion in the Company's proxy statement in accordance with applicable laws, rules and regulations. The Board of Directors has determined that each member of the Compensation Committee is "independent" as defined by the NYSE Listing Standards and our Director Independence Standards. The Compensation Committee (and its predecessor) held six meetings during 2005 and conducted a review and self-assessment in 2005. See "Compensation Committee Report on Executive Compensation" on page 21 for more information.

Nominating and Governance Committee

The members of the Nominating and Governance Committee are Messrs. Watson (Chairman) and Antonini. The Nominating and Governance Committee is primarily responsible for (a) identifying individuals qualified to become Board members and recommending to the Board the director nominees for the next annual meeting of shareholders or to be appointed by the Board to fill an existing or newly created vacancy on the Board, (b) overseeing the evaluation of the Board and management and (c) developing and recommending to the Board the Corporate Governance Guidelines applicable to the Company. The Board of Directors has determined that each member of the Nominating and Governance Committee is "independent" as defined by the NYSE Listing Standards and our Director Independence Standards. The Nominating and Governance Committee held three meetings in 2005 and conducted a review and self-assessment in 2005.

The Nominating and Governance Committee selects each nominee based on the nominee's skills, achievements and experience. As set forth in Engelhard's Corporate Governance Guidelines, the following criteria will be considered in selecting candidates for the Board: independence, wisdom, integrity, an understanding and general acceptance of Engelhard's corporate policy, valid business or professional knowledge and experience that can bear on Engelhard's and the Board of Directors' challenges and deliberations, a proven record of accomplishment with excellent organizations, an inquiring mind, a willingness to speak one's mind, an ability to challenge and stimulate management, future orientation, a willingness to commit time and energy, diversity, and international/global experience. The Nominating and Governance Committee considered suggested nominees from a variety of sources, including directors, management and the Company's independent financial advisor, Merrill Lynch & Co. Each of Mr. Minigh and Mr. Lebec were among candidates recommended for nomination by Merrill Lynch & Co.

When seeking candidates for the Board, the Nominating and Governance Committee may solicit suggestions from incumbent Directors, management, shareholders or others. After conducting an

initial evaluation of a candidate, the Nominating and Governance Committee may also ask the candidate to meet with management. If the Committee believes a candidate would be a valuable addition to the Board, it will recommend to the full Board that candidate's election. The Nominating and Governance Committee has the authority under its charter to retain a search firm. The Company has engaged an executive recruitment firm, reporting to the Nominating and Governance Committee, to identify and conduct preliminary evaluations of potential nominees.

Engelhard's Corporate Governance Guidelines provide that the Governance and Nominating Committee will consider proposals for nominees for Director by shareholders, which are made in writing to Corporate Secretary, Engelhard Corporation, 101 Wood Avenue, Iselin, New Jersey 08830. In order to nominate a director at the Annual Meeting, Engelhard's By-Laws require that a shareholder follow the procedures set forth in Article II, Section 7 of Engelhard's By-Laws. In order to recommend a nominee for a director position, a shareholder must be a shareholder of record at the time it gives notice of recommendation and must be entitled to vote for the election of directors at the meeting at which such nominee will be considered. Shareholder recommendations must be made pursuant to written notice delivered to the Secretary at the principal executive offices of Engelhard (i) in the case of a nomination for election at an annual meeting, not less than 60 days prior to the first anniversary of the date of Engelhard's notice of annual meeting for the preceding year's annual meeting; and (ii) in the case of a special meeting at which directors are to be elected, not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the meeting and of the nominees proposed by the Board to be elected at the special meeting. In the event that the date of the annual meeting is changed by more than 30 days from the anniversary date of the preceding year's annual meeting, the shareholder notice described above will be deemed timely if it is received not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

The shareholder notice must set forth the following:

- As to each person the shareholder proposes to nominate for election as a director, all information relating to such person that would be required to be disclosed in solicitation of proxies for the election of such nominees as Directors pursuant to Regulation 14A under the Exchange Act, and such person's written consent of the nominee to serve as a director if elected; and
- As to the nominating shareholder and the beneficial owner, if any, on whose behalf the nomination is made, such shareholder's and beneficial owner's, name and address as they appear on Engelhard's books, the class and number of shares of Engelhard's common stock which are owned of record and beneficially by such shareholder and such beneficial owner, and whether either such shareholder or such beneficial owner intends to deliver a proxy statement and form of proxy to shareholders.

In addition to complying with the foregoing procedures, any shareholder nominating a director must also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder.

How does the Company make independence determinations for Directors?

Under the Company's Corporate Governance Guidelines, a majority of the Board must be comprised of directors who are independent under the Corporate Governance Standards of the New York Stock Exchange. To be deemed "independent," the Board must determine, after due deliberation, that the

director has no material relationship with the Company other than as a director. In making such determination, the Board adheres to all of the specific tests for independence included in the New York Stock Exchange listing standards and considers all other facts and circumstances it deems necessary or advisable and the standards of director independence established by the Board. During the course of a year, directors are expected to inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as independent.

The basis for a Board's determination that a relationship is not material must be disclosed in the Company's annual proxy statement. In this regard, pursuant to the Corporate Governance Standards of the New York Stock Exchange, the Board has adopted the Director Independence Standards to assist it in making determinations of independence. A copy of the Director Independence Standards used to determine is attached as Appendix A to this Proxy Statement. Any determination of independence for a director who does not meet these standards must be specifically explained.

Each member of our Board of Directors and our Board nominees for seats to be created by the expansion of the Board at the Annual Meeting, other than Mr. Perry, our CEO and Chairman, and Mr. Spurduto, our Vice President and Chief Financial Officer (one of our Board nominees for a seat to be created by the expansion of the Board at the Annual Meeting), are "independent" as defined by the NYSE Listing Standards and our Director Independence Standards.

How can I communicate with Board members?

Except as otherwise designated, the Chairman of the Nominating and Governance Committee will serve as the presiding Director of regularly scheduled meetings of the Non-Management Directors. Engelhard's Corporate Governance Guidelines provide that shareholders of Engelhard and other interested parties may communicate with one or more of the Non-Management Directors by mail in care of General Counsel, 101 Wood Avenue, Iselin, New Jersey 08830. Such communications should specify the intended recipient or recipients. All such communications, other than unsolicited commercial solicitations or communications, will be forwarded to any specific addressee and any other appropriate Director or Directors for review. Unsolicited commercial materials will be available to any Non-Management Director who wishes to review it.

How are Directors compensated?

Directors who are not our employees each receive a retainer at the annual rate of \$50,000. In addition, Non-employee Directors receive a \$1,500 fee for each Board meeting attended. Non-employee Directors also receive a \$1,500 fee for each committee meeting attended; a \$5,000 annual retainer for each committee on which they serve; and the chairman of the audit and compensation committee receives an additional \$10,000 annual retainer, whereas the chairman of each other committee receives an additional \$7,500 annual retainer. Directors who are employed by us do not receive any Directors' fees or retainers.

Pursuant to our Deferred Stock Plan for Non-Employee Directors (the "Deferred Stock Plan"), each Non-employee Director is credited with deferred stock units, each of which evidences the right to receive a share of Common Stock of Engelhard upon the Director's termination of service. Deferred stock units had been credited to the accounts of the Non-employee Directors annually on each May 31 with an amount of deferred stock units calculated by dividing an amount equal to 40% of the annual retainer payable to such Non-employee Director then in effect by the average daily closing price per share of Common Stock of Engelhard for the 20 trading days ending two days prior to such date. For years beginning with 2003, the date deferred stock units are credited to accounts of Non-employee Directors has been changed to the record date for payment of dividends on shares of Common Stock of Engelhard oc-

curing in the last month of the second calendar quarter of each year, and deferred stock units will be credited only to Non-employee Directors serving on the May 31 immediately preceding the crediting date. When a regular cash dividend is paid on the Common Stock, the dividend equivalent on deferred stock units is reinvested in additional deferred stock units. The entire balance of a Non-employee Director's account under the Deferred Stock Plan will be paid to the Non-employee Director, in either a lump sum or installments at the election of such Non-employee Director, in shares of our Common Stock upon the Non-employee Director's termination of service. If a "change in control" occurs and the Non-employee Director ceases to be a Director or the Deferred Stock Plan is terminated, shares equal to the entire balance of the account will be distributed within 30 days.

Pursuant to our Stock Bonus Plan for Non-Employee Directors (the "Directors Stock Bonus Plan"), each person who becomes a Non-employee Director prior to June 30, 2006 shall be awarded 7,593 shares of our Common Stock effective as of such person's election to our Board of Directors. Such shares will tentatively vest in equal increments over a ten-year period. Directors are entitled to receive cash dividends on and to vote shares which are the subject of an award prior to their distribution or forfeiture. Upon termination of the Director's service as a Non-employee Director, the Director (or, in the event of his or her death, his or her beneficiary) shall be entitled, in the discretion of the committee formed to administer the Directors Stock Bonus Plan, to receive the shares awarded to such Director which have tentatively vested up to the date of such termination of service. Shares may be received prior to such date if there has been a "change in control" (as defined in the Directors Stock Bonus Plan). If receipt of shares is accelerated due to a change in control, an additional payment will be made to compensate for the loss of the tax deferral.

Pursuant to our 2002 Long Term Incentive Plan, each Non-employee Director in office on the date of the regular meeting of the Board in December of 2005 was granted an option to purchase 3,000 shares of Common Stock with an exercise price equal to the fair market value of such shares at the date of grant. Each option becomes exercisable in four equal installments, commencing on the first anniversary of the date of grant and annually thereafter. Each option terminates on the tenth anniversary of the date of grant. Each option held by a director will become fully exercisable upon termination if such termination is a result of disability, death or retirement after attaining age 65; options may become exercisable prior to such date if there has been a "change of control" (as defined in the 2002 Long Term Incentive Plan).

Pursuant to our Deferred Compensation Plan for Directors, Non-employee Directors may elect to defer payment of all or a designated portion of their compensation for services as a Director into a cash or stock account. Under our Deferred Compensation Plan for Directors, deferred amounts will be paid at time of a "change in control" (as defined in the Deferred Compensation Plan) if the participant has made an advance election to that effect. In the event distribution of deferred amounts is so accelerated, an additional payment will be made in order to compensate for the loss of tax deferral resulting from the accelerated payment.

Audit Committee

The members of the Audit Committee are Mr. Watson (Chairman), Mr. Burner and Mr. Napier. The Audit Committee assists the Board of Directors' oversight of (a) the integrity of Engelhard's financial statements, (b) the independent auditor's qualifications and independence, (c) the performance of Engelhard's internal audit function and independent auditors and (d) Engelhard's compliance with legal and regulatory requirements. The Audit Committee has the sole authority to appoint and terminate Engelhard's independent auditors. The Board of Directors has determined that all three members of the Audit Committee are audit committee financial experts as described in Item 401(h) of Regulation S-K. In addition, the Board of Directors has determined that each of the members of the Audit Committee is "independent" as defined by the New York Stock Exchange ("NYSE") Listing Standards and the rules of the SEC applicable to audit committee members and our Director Independence Standards. The Audit Committee meets the definition of an audit committee as set forth in Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended ("Exchange Act"). The Audit Committee held 10 meetings during 2005 and conducted a review and self-assessment in 2005. Mr. Burner currently serves on three other audit committees, in addition to Engelhard's. The Board of Directors has determined that such service would not impair Mr. Burner's ability to effectively serve on Engelhard's Audit Committee, and has approved such service pursuant to our Corporate Governance Guidelines.

How does the Company make independence determinations for Directors?

Under the Company's Corporate Governance Guidelines, a majority of the Board must be comprised of directors who are independent under the Corporate Governance Standards of the New York Stock Exchange. To be deemed "independent," the Board must determine, after due deliberation, that the director has no material relationship with the Company other than as a director. In making such determination, the Board adheres to all of the specific tests for independence included in the New York Stock Exchange Listing Standards and considers all other facts and circumstances it deems necessary or advisable and the standards of director independence established by the Company. During the course of a year, directors are expected to inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as independent.

The basis for a Board's determination that a relationship is not material must be disclosed in the Company's annual proxy statement. In this regard, pursuant to the Corporate Governance Standards of the New York Stock Exchange, the Board adopted the Director Independence Standards to assist it in making determinations of independence. Any determination of independence for a director who does not meet these standards must be specifically explained.

Each member of our Board of Directors and our Board nominees for seats to be created by the expansion of the Board at the Annual Meeting. Other than Mr. Perry, our CEO and Chairman, and Mr. Sperduto, our Vice President and Chief Financial Officer (one of our Board nominees for a seat to be created by the expansion of the Board at the Annual Meeting), are "independent" as defined by the NYSE Listing Standards and our Director Independence Standards.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our Executive Officers and Directors and persons who own more than 10% of a registered class of Engelhard's equity securities to file initial reports of ownership and changes in ownership with the SEC and the NYSE. Such Executive Officers, Directors and shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms furnished to us and written representations from our Executive Officers and Directors, all persons subject to the reporting requirements of Section 16(a) filed the required reports on a timely basis for 2005, except that each of Messrs. Dornbusch and Napier inadvertently filed a Form 4 late.

(b) Executive Officers □ See information of Executive Officers under item 4A on page 11 of Form 10-K.

(c) Copies of the charters for the Audit, Compensation and Nominating and Governance committees, as well as Engelhard's Corporate Governance Guidelines, Engelhard's Policies of Business Conduct and Senior Financial Officer Ethics Code, are available under the Corporate Governance portion of the Investor Relations section of our website at www.engelhard.com and without charge in print to any stockholder who requests them from the Company's Corporate Secretary. Changes to and waivers granted with respect to the Company's Policies of Business Conduct and Senior Financial Ethics Code related to executive officers or Directors required to be disclosed pursuant to applicable rules and regulations will be posted on the Company's website.

(1) Our Key Employees Stock Bonus Plan, our Stock Option Plans, our 2002 Long Term Incentive Plan and our 2003 Share Performance Incentive Plan provide for acceleration of vesting in the event of a "change in control." For information on what constitutes a "change in control," see "Employment Contracts, Termination of Employment and Change in Control Arrangements" on page 17.

(2) As of December 31, 2005, Messrs. Perry, Sperduto, Dornbusch, Wolynic and Hess held 74,613, 15,310, 16,091, 11,126 and 10,638 unvested shares, respectively, of stock and stock units, which were awarded pursuant to our Key Employees Stock Bonus Plan and 2002 Long Term Incentive Plan having a market value of \$2,249,582, \$461,597, \$485,144, \$335,449 and \$320,736, respectively. These amounts do not include the grants of restricted stock which were made in 2006 for services rendered during 2005. Restricted stock awards of Engelhard's Common Stock granted under the Key Employees Stock Bonus Plan and the restricted stock units granted under the 2002 Long Term Incentive Plan vest in five equal annual installments commencing in the year following the grant (or in the case of the January 2002 award of 29,300 shares to Mr. Perry, such award vests entirely on the fifth anniversary of the date of grant). Vesting will be accelerated upon the occurrence of a "change in control." We pay dividends on restricted stock and credit dividend equivalents on restricted stock units, if and to the extent paid on Common Stock generally, but pay no dividends on stock options. For information on what constitutes a "change in control," see "Employment Contracts, Termination of Employment and Change in Control Arrangements" on page 17.

- (3) All amounts for 2003 represent payouts pursuant to restricted cash awards made in 2000 under the Restricted Cash Incentive Compensation Plan. Amounts for 2004 include payments to Messrs. Perry, Sperduto, Dornbusch, Wolynic and Hess of \$397,707, \$31,339, \$106,585, \$38,180 and \$57,906, respectively, pursuant to the Restricted Cash Incentive Compensation Plan.
- (4) Includes \$750,000 awarded under the 2003 Share Performance Incentive Plan. Under this plan, Mr. Perry was entitled to a formula-based cash award if Engelhard's average closing stock price from January 1, 2003 through December 31, 2003 exceeded \$28 and the average return on Engelhard's Common Stock during that period exceeded the average return on the S&P All Chemicals Index, or, if greater, an award of \$750,000 if Engelhard's average closing stock price for the last twenty trading days of 2003 exceeded 115% of the average closing price for the same period in 2002. The average closing price condition was met, and Mr. Perry's award has been credited to a deferred compensation account, and will vest in three equal annual installments beginning on the first anniversary of the date of grant. The amount of any vested bonus, together with interest credited thereon, will generally be payable upon termination of Mr. Perry's employment. Vesting will accelerate upon a termination of Mr. Perry's employment due to disability, retirement or death, and the award will continue to vest if Mr. Perry's employment is terminated by Engelhard other than for cause.

Edgar Filing: ENGELHARD CORP - Form 10-K/A

Vesting will also be accelerated upon the occurrence of a "change in control." This award is not included in computation of Mr. Perry's pension benefits.

- (5) Includes \$100,000 for financial and tax planning, legal services and life insurance in 2005 and 2004. Also includes \$25,000 for life insurance in 2003, \$39,376 for supplemental disability insurance coverage in 2005 and \$47,068 for supplemental disability insurance coverage in each of 2004 and 2003.
- (6) Represents interest accrued during 2005, 2004 and 2003 in excess of 120% of the applicable federal interest rate with respect to salary deferrals.
- (7) In light of the expiration of certain options held by Messrs. Perry, Dornbusch and Hess during a company-mandated blackout period in 2005 and 2004, the Board authorized cash awards to Messrs. Perry, Dornbusch and Hess, of \$238,810, \$192,589 and \$96,294 in 2005 and awards of \$281,984, \$469,973, and \$55,222 in 2004, respectively, which represented the economic value of the expired options as of the expiration date of the options. These amounts are included in the "All Other Compensation" amount reflected in the Summary Compensation Table.

The following table sets forth information concerning individual grants of stock options made under the 2002 Long Term Incentive Plan in December 2005 for services rendered during 2005 by each of the named Executive Officers.

- (1) Options have a ten-year term and vest in four equal annual installments beginning on the first anniversary of the date of grant. Vesting will be accelerated upon the occurrence of a "change in control." For information as to what constitutes a "change in control," see "Employment Contracts, Termination of Employment and Change in Control Arrangements" on page 17.
- (2) The Black-Scholes option pricing model was chosen to estimate the grant date present value of the options set forth in this table. Our use of this model should not be construed as an endorsement of its accuracy at valuing options. All stock option valuation models, including the Black-Scholes model, require a prediction about the future movement of the stock price. The real value of the options in this table depends upon the actual changes in the market price of the Common Stock during the applicable period. The model assumes:
- (a) an option term of 6.75 years, which represents anticipated exercise trends for the named Executive Officers;
 - (b) interest rate of 4.37% that represents the current yield curve as of the grant date;
 - (c) an average volatility of approximately 29.87% calculated using average weekly stock prices for the 6.75 years prior to the grant date; and
 - (d) dividend yield of 1.60% (the annual dividend rate on the grant date divided by the option exercise price).

The following table sets forth information concerning each exercise of stock options during 2005 by each of the named Executive Officers and the value of unexercised options at December 31, 2005.

- (1) The long-term performance units were granted as performance units under the 2002 Long Term Incentive Plan. The performance period for the long-term performance units began on January 1, 2005. The value of each long-term performance unit was initially set at \$1.00 per unit, and it will increase or decrease based on the performance of the Company in relation to the performance metrics specified annually by the Compensation Committee of the Board of Directors and set forth in the form of long-term performance unit award letter, a form of which is filed as an exhibit to Engelhard's 2005 Form 10-K filed with the SEC. Upon a change in control (as defined in the 2002 Long Term Incentive Plan) of the Company each long-term performance unit will be valued at \$2.00, its maximum value, and that value will be paid in cash at the time of the change in control.

PENSION PLANS

The following table shows estimated annual pension benefits payable to a covered participant at normal retirement age under our qualified defined benefit pension plan, as well as the non-qualified supplemental retirement program. This non-qualified plan provides benefits that would otherwise be denied to participants by reason of certain Internal Revenue Code limitations on qualified plan benefits and provides enhanced benefits for certain named key executives, including the individuals named in the Summary Compensation Table, based on remuneration that is covered under the plans and years of service with Engelhard and its subsidiaries.

A participant's remuneration covered by our pension plans is his or her average monthly earnings, consisting of base salary and regular cash bonuses, if any (as reported in the Summary Compensation Table), for the highest 60 consecutive calendar months out of the 120 completed calendar months next preceding termination of employment. With respect to each of the individuals named in the Summary Compensation Table on page 11, credited years of service under the plans as of December 31, 2005 are as follows: Mr. Perry, 17 years; Mr. Spurduto, 22 years; Mr. Dornbusch, 29 years; Mr. Wolynic, 10 years; and Mr. Hess, 21 years. Benefits shown are computed as a straight line single life annuity beginning at age 65 and the benefits listed in the Pension Plan Table are not subject to any deduction for Social Security or other offset amounts.

**EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT
AND CHANGE IN CONTROL ARRANGEMENTS**

Engelhard entered into an employment agreement with Mr. Perry dated as of August 2, 2001. The initial term of the agreement was extended until December 31, 2003. Mr. Perry's employment agreement is automatically extended for successive periods so that the remaining term shall always be twelve months, unless notice of intention not to extend shall have been given in writing twelve months prior to the expiration of any extended term. The agreement will terminate no later than December 31, 2011. The agreement provides for an annual salary of not less than \$750,000 for calendar year 2001, \$900,000 for calendar year 2002 and \$1,000,000 for calendar year 2003, with increases thereafter to be determined by the Compensation Committee of the Board of Directors. In addition, the employment agreement provides for participation in Engelhard's annual incentive program with target award amounts (not less than one-third of which shall be in the form of a cash bonus) of 75% of the annual salary for 2001, 100% of the annual salary for 2002, and 125% of the annual salary for 2003 and thereafter. The agreement (and similar arrangements established by the Compensation Committee) also provided for a formula-based grant of additional equity awards for 2001, 2002, 2003 and 2004 if Engelhard's average closing stock price and the total return on Engelhard's Common Stock met designated targets. Mr. Perry received awards under these arrangements for 2001 and 2003. Mr. Perry also received an additional five years of credited service under our supplemental retirement program, is entitled to participate in the benefit plans of Engelhard and is entitled to certain other perquisites. The agreement as amended also provides for payment of \$100,000 per year to be used by Mr. Perry for financial planning, legal, tax planning and similar services or for life insurance in lieu of any death benefit or survivors' coverage other than that generally available to all executives, to be allocated as determined by Mr. Perry.

In the event Engelhard terminates Mr. Perry's employment other than for cause (as defined in the agreement) or in the event Mr. Perry terminates his employment for good reason (as defined in the agreement), the employment agreement provides that Mr. Perry will receive an amount equal to two times the lesser of (i) 4.5 times his then current annual base salary or (ii) the average for the three calendar years preceding such calculation of the sum of Mr. Perry's annual base salary, annual bonus and the grant date cash value of equity based awards. Amounts payable pursuant to this termination provision will be reduced, but not below zero, by certain severance amounts paid to Mr. Perry under the Change in Control Agreements described below. Upon any such termination, Mr. Perry will also be entitled to continued benefits for two years following such termination.

Pursuant to our Change in Control Agreements, we will provide severance benefits in the event of a termination of an Executive (as defined), except a termination:

- (1) because of death,
- (2) because of "Disability,"
- (3) by Engelhard for "Cause," or
- (4) by the Executive other than for "Good Reason,"

for the period beginning on the date of a "Potential Change in Control" (as such terms are defined in the Change in Control Agreement) or "change in control" (as defined below) and ending on the third anniversary of the date on which a "change in control" occurs. The severance benefits include:

- (1) the payment of salary to the Executive through the date of termination of employment together with salary in lieu of vacation accrued;
- (2) an amount equal to a pro-rated incentive pool award under our Incentive Compensation Plan, determined as set forth in the Agreement;
- (3) an amount equal to two times the sum of the highest annual salary and incentive pool award in effect during any of the preceding 36 months, determined as set forth in the Agreement;

Edgar Filing: ENGELHARD CORP - Form 10-K/A

- (4) continued coverage under our life, disability, health, dental and other employee welfare benefit plans for up to two years;
- (5) continued participation and benefit accruals under our Supplemental Retirement Program for two years following the date of termination; and
- (6) an amount sufficient, after taxes, to reimburse the Executive for any excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended.

Each of Messrs. Perry, Sperduto, Dornbusch and Hess is defined as an Executive.

On January 20, 2006, our Board, upon recommendation of the Company's Compensation Committee, approved a Change in Control Agreement with our Vice President and Chief Technology Officer, Dr. Wolynic. Pursuant to this agreement, we will provide severance benefits to Dr. Wolynic in the event of termination of his employment, except a termination: (1) by Engelhard for "Cause," or (2) by Dr. Wolynic other than for "Good Reason," within the period beginning on the date of a "Potential Change in Control" (as such terms are defined in the Change in Control Agreement) or "change in control" (as defined below) and ending on the third anniversary of the date on which a "change in control" occurs.

The severance benefits include:

- (1) the payment of salary through the date of termination together with salary in lieu of accrued vacation;
- (2) an amount equal to two times the sum of his base salary and the cash value of his target incentive compensation awards for the year of the change in control, determined as set forth in the agreement;
- (3) continued participation in the Company's group medical and dental plans for up to two years following the date of termination; and
- (4) an amount sufficient, after taxes, to reimburse the Executive for any excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended.

Approximately \$63.5 million would be payable to all officers, including approximately \$59.9 million which would be payable to Executive Officers, assuming a qualifying termination occurred on May 4, 2006 and a share price of \$37.00. Amounts payable under the agreements are in addition to the amounts payable under the other plans described herein.

In order to address the uncertainty in the application of the recently adopted rules under the Internal Revenue Code of 1986 governing deferred compensation and to ensure that any amendments necessary to bring the Company's plans and agreements into compliance with those rules are timely made, on January 20, 2006 our Board, upon recommendation of the Compensation Committee, approved letter agreements with each of the Executive Officers with a Change in Control Agreement with the Company. The letter agreements:

- (1) obligate the Company to make timely amendments necessary to bring the Company's plans and agreements into compliance with the new deferred compensation rules in a manner that does not reduce the economic value to the executives;
- (2) obligate the Executive Officers to not unreasonably withhold their consent to such amendments and report for tax purposes on a basis consistent with the Company's reporting; and
- (3) provide that the Company will indemnify the Executive Officers, on an after-tax basis, against any additional tax or interest imposed due to failure to comply with the deferred compensation rules.

In addition, if compliance with the rules requires that payment of amounts to the Executive Officers be deferred from the date otherwise payable, the deferred amounts would be deposited in the Company's Supplemental Retirement Trust for the benefit of the Executive Officer.

For purposes of our Change in Control Agreements, a "change in control" is triggered if one of the following occurs:

- (1) twenty-five percent or more of our outstanding securities entitled to vote in the election of directors shall be beneficially owned, directly or indirectly, by any person or group of persons, other than the groups presently owning the same, or
- (2) a majority of our Board of Directors ceases to consist of the existing membership or successors approved by the existing membership or their similar successors, or
- (3) shareholders approve a reorganization or merger with respect to which the persons who were the beneficial owners of our outstanding voting securities immediately prior thereto do not, following the reorganization or merger, beneficially own more than 60% of the outstanding voting securities of the corporation resulting from the reorganization or merger in substantially the same proportions as their ownership of our voting securities immediately prior thereto, or
- (4) shareholder approval of either:
 - (a) a complete liquidation or dissolution of Engelhard or
 - (b) a sale or other disposition of all or substantially all of the assets of Engelhard, other than to a corporation, with respect to which following such sale or other disposition, more than 60% of Engelhard's outstanding securities entitled to vote generally in the election of directors are thereafter beneficially owned, in substantially the same proportions, by all or substantially all of the individuals and entities who were the beneficial owners of such securities prior to such sale or other disposition.

Stock Option, Stock Bonus and 2002 Long Term Incentive Plans

Our Key Employees Stock Bonus Plan, our Stock Option Plans and our 2002 Long Term Incentive Plan, in which all of the Executive Officers participate, provide for the acceleration of vesting of awards granted in the event of a "change in control" as defined above, except that a "change in control" is triggered by twenty percent, rather than twenty-five percent, beneficial ownership of Engelhard's outstanding securities entitled to vote in the election of directors, directly or indirectly, by any person or group of persons, other than the groups presently owning the same. If vesting of awards under the Key Employees Stock Bonus Plan is accelerated, an additional payment will be made to compensate for the loss of tax deferral.

Pursuant to the terms of the plans as previously approved by the Company's shareholders, upon a change in control of the Company:

- (1) 1,189,161 unvested options to purchase shares held by directors and executive officers, with a weighted average exercise price of \$28.63 per share, will vest and become exercisable;
- (2) 160,875 unvested shares of restricted stock held by executive officers will vest and no longer be subject to forfeiture; and
- (3) 12,882 unvested restricted stock units held by an executive officer will vest and shares will be distributed pursuant thereto at the time of a change in control.

In the case of restricted stock units and restricted shares, aggregate additional payments of approximately \$350,000 (assuming a change in control date of May 4, 2006 and a share price of \$37.00) will be made to executive officers to compensate for the lost tax deferral.

Also, pursuant to the terms of the plan under which they were granted, which was previously approved by the Company's shareholders, 3,737,567 long-term performance units held by executive officers will vest and will each be valued at \$2.00. Such value will be paid in cash at the time of the change in control.

Deferred Compensation Plans; Supplemental Retirement Program

Unless a contrary advance election is made, amounts deferred under our Deferred Compensation Plan for Key Employees will be paid in a lump sum upon a "change in control" (a "change in control" for this purpose will occur if either (1) or (2) in the above definition of "change in control" under the Change in Control Agreements occurs). If payments are so accelerated, an additional payment will be made in order to compensate for the loss of tax deferral. Under our Directors and Executives Deferred Compensation Plans, which provided for elective deferrals of compensation earned for years from 1986 through 1993, deferred amounts will be paid at the time of an "acquisition of a control interest" if the participant has made an advance election to that effect. In the event distribution of deferred amounts is so accelerated, aggregate additional payments of approximately \$7.0 million (assuming a change in control date of May 4, 2006 and a share price of \$37.00) will be made to current executive officers and directors in order to compensate for the loss of tax deferral resulting from the accelerated payment. In addition, certain supplemental retirement benefits under our Supplemental Retirement Program will vest upon a "change in control" (defined as described above in the case of the Change in Control Agreements).

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Under the overall direction of the Compensation Committee of the Board of Directors and in accordance with our Stock Option Plans and Long Term Incentive Plan approved by our shareholders, we have developed and implemented compensation programs designed to:

- Attract and retain key employees who can build and continue to grow a successful company;
- Provide incentives to achieve high levels of company, business, and individual performance; and
- Maintain and enhance alignment of employee and shareholder interests.

The Compensation Committee is composed entirely of Non-employee Directors individually noted as signatories to this report.

The Compensation Committee is responsible for overseeing the development and for review and approval of:

- Overall compensation policy;
- Salaries for the Chief Executive Officer and for approximately 18 other senior managers worldwide;
- Aggregate cash incentive awards for Engelhard and specific individual cash awards under the annual plan for the Chief Executive Officer and approximately 18 other senior managers worldwide;
- Plan design and policies related to senior management and employee awards of options and restricted stock; and
- Individual grants under the Stock Option Plans, Stock Bonus Plan and other awards under the Incentive Compensation Plan for Key Employees to the Chief Executive Officer and other senior employees worldwide.

In exercising those responsibilities and in determining the compensation in particular of Mr. Perry and in general of other senior managers individually reviewed, the Committee examines and sets:

1. *Base Salary*

The Compensation Committee reviews salaries annually against industry practices as determined by a number of professional outside consultants who conduct annual surveys. Our current competitive target is to pay at or above the median for positions of comparable level. This target is being achieved on average for the professional, technical, and managerial salaried work force. Salary structures are set each year based on our target and its actual competitive position. A market analysis was done on the existing salary structure in 2005 and it was determined that no major structure adjustments were necessary. Likewise, merit budgets are established based on a competitive target, actual competitive position, and our desire to recognize and reward individual contribution. For international employees and non-exempt salaried employees in the United States, structure adjustments and merit budgets are determined based on local market conditions.

Individual merit adjustments are based upon the managers' quantitative and qualitative evaluation of individual performance, including feedback from customers served, against business objectives such as earnings, return on capital, free cash flow, market share, new customers, and development of new commercial products. Performance is also considered in the context of expectations for behavior and the individuals' positions in their respective salary-ranges.

Mr. Perry's salary was increased 3.1% for 2006 in accordance with competitive practice. Base salary continues to be less than one-fourth of total compensation for Mr. Perry and generally less than one-half of total

compensation for other senior management. This reflects our emphasis on non-fixed compensation, which varies with Engelhard performance, and on other equity vehicles which are closely aligned with shareholder interests.

2. *Annual Cash and Long Term Incentive Compensation*

In October 2004, the Compensation Committee adopted a new Incentive Compensation Plan, applicable to key employees worldwide, to replace the prior Management Incentive Plan. The redesigned Plan essentially reduced the amount of equity (stock options and restricted stock) with an approximately corresponding increase to cash bonuses and the introduction of a new Long-Term Performance Unit program.

Our Incentive Compensation Plan integrates incentive compensation vehicles (cash bonus awards, long-term performance units, restricted stock and stock options) to link total compensation for the participant with both competitive practice and the performance of Engelhard and/or the applicable business unit and the individual. The Plan facilitates clarity of performance expectations and encourages the identification and commitment to exceptional results.

Overall incentive pools are established consisting of cash, restricted stock and stock options. The level of the pool generated for Engelhard overall and each business group depends upon actual performance against targets established at the beginning of each year (which, for executive officers, is based on Engelhard's earnings per share). The pools are determined by a formula based on the base salary and band level of each eligible employee in the pool (including specific designations for Mr. Perry) and the actual performance of Engelhard and/or its business units against specific predetermined levels of earnings targets. A threshold level is established for each pool below which incentives will not normally be paid. Engelhard's Compensation Committee may adjust these pools up or down in its sole discretion. Once each group's pool is established, individual performance based awards are made based on the individual's performance and the performance of the group. In addition, through awards of long-term performance units, eligible plan participants will have the opportunity to earn additional cash compensation contingent upon the attainment of cumulative three-year weighted performance objectives. The initial grant is based upon a percentage of base salary, which varies depending on band level.

The value of total direct compensation, which includes both base salary and awards made for services in 2005 under Engelhard's Incentive Compensation Plan, for all managers eligible under the Plan increased by 11% from 2004. As provided under the Plan, the level of the pool generated for Engelhard overall and each business group depends upon that group's actual performance against targets established at the beginning of 2005. Once each group's pool was established, awards were made as described above. In assessing the appropriate level of compensation for Mr. Perry, the Compensation Committee retained an independent compensation consultant, which was charged with reviewing both competitive practice and the Company's performance against applicable comparator companies to ensure that Mr. Perry's compensation was properly aligned with shareholders' interests and to further ensure that his compensation was aligned with performance. As part of this process the Company's performance against a peer group of companies was assessed; among the measures reviewed were one and three year results for operating margin, return on invested capital, total shareholder return, and return on average assets. In addition to these measures the Compensation Committee considered certain other factors in determining Mr. Perry's compensation. Among those other factors were his organizational leadership, strategic focus Board, shareholder and analyst relationships and succession planning. As a result of all these considerations the

Compensation Committee decided that Mr. Perry's total direct compensation, which includes base salary plus the value of all awards and grants under the Incentive Compensation Plan, should be generally consistent with the target compensation established by the Compensation Committee for 2005. In addition, the Compensation Committee directed that the same independent compensation consultant retained to assess Mr. Perry's compensation prepare a similar assessment for all senior executives, using similar methodologies and market data. The Compensation Committee considered the results of that assessment in determining executives' 2006 base salaries and incentive compensation for 2005.

a. *Annual Cash Incentive Program*

This program is designed to provide focus on expected annual results and recognition of accomplishment for the year.

For 2005, actual cash payments determined under the Incentive Compensation Plan, including the cash incentive payments to all Executive Officers, were 94% of the competitively defined pool as factored for performance.

For the year 2005, Mr. Perry received a cash incentive award of \$1,300,000, compared with \$1,760,000 for 2004. Total cash compensation paid to eligible participants reflects competitive practice for results achieved and is projected to be around the 75th percentile of competitive practice for those employees in businesses whose achievement of targeted results and whose individual performance warrants such compensation.

b. *Restricted Stock*

Providing for vesting of shares in equal amounts over a period of five years, the Key Employees Stock Bonus Plan is designed to align key employee and shareholder long-term interests by providing designated employees an equity interest in Engelhard. Eligible employees are reviewed annually for award grants determined in the manner previously described.

The total restricted stock value under the Incentive Compensation Plan granted to Executive Officers and other participants for 2005 was 87% of the plan generated pool. The Committee determines the dollar amount of the restricted stock pool for the year, which is then converted to restricted stock.

For the year 2005, Mr. Perry received a restricted stock award of 27,030 shares under the Key Employees Stock Bonus Plan. For 2004, Mr. Perry received a restricted stock award of 15,420 shares under the Key Employees Stock Bonus Plan.

c. *Stock Options*

Our Stock Option Plans have been designed to link employee compensation growth directly to growth in share price. Senior managers worldwide, including all the Executive Officers, are reviewed for annual stock option grants determined under the Incentive Compensation Plan in the manner previously described. Options vest in equal increments over four years, are granted with an exercise price equal to the fair market value per share on the date of grant, and normally have a ten-year life. Options granted for 2005 under the Incentive Compensation Plan were 87% of the pool generated.

For the year 2005, Mr. Perry received 200,000 stock option awards under the Incentive Compensation Plan. He received 258,688 stock options for 2004.

In light of the expiration of certain options held by employees during a company-mandated blackout period in 2005, the Compensation Committee authorized cash awards to those employees in an aggregate amount of \$895,537, which represented the economic value of the expired options as of the expiration date of the options.

d. *Long-Term Performance Units*

As part of the Incentive Compensation Plan, long-term performance units were granted to key employees, including all of the Executive Officers. The long-term performance units were granted as performance units under the 2002 Long Term Incentive Plan. The performance period for the long-term performance units began on January 1, 2005 and will end on December 31, 2007. The value of each long-term performance unit was initially set at \$1.00 per unit, and it will increase or decrease based on the performance of the Company in relation to the performance metrics set forth in the award agreements. An aggregate of 1,854,440 long-term performance units were awarded to Executive Officers for 2005, including an award of 1,000,000 units to Mr. Perry. Upon a "change in control" of the Company each long-term performance unit will be valued at \$2.00, its maximum value, and that value will be paid in cash at the time of the change in control.

The Committee directs the purchase of compensation survey information from several independent professional consultants in order to review the base, annual cash incentive, and total compensation of Mr. Perry and other individual senior managers and employee groups. The Committee is generally satisfied that relevant competitive data and achievements of Engelhard indicate the compensation design supported the objectives of attracting and retaining key talent, providing incentives for superior performance, and aligning employee and shareholder interests.

Section 162(m) of the Internal Revenue Code generally limits the deductible amount of annual compensation paid to certain individual executive officers (i.e., the chief executive officer and the four other most highly compensated executive officers of Engelhard) to no more than \$1 million each. The Committee is aware of this limitation and will continue to consider tax consequences as well as other relevant factors in connection with compensation decisions.
