Forward-Looking Statements

Any statements in this Current Report relating to the tender offer and our expectations, beliefs, plans, objectives, assumptions or future events or performance are not historical facts and are forward-looking statements. These statements are often, but not always, made through the use of words or phrases such as believe, will, expect, anticipate, estimate, intend, plan and would. For example, statements concerning whether Gen-Probe will increase its bid for Innogenetics are forward-looking statements. Forward-looking statements are not guarantees of performance. They involve known and unknown risks, uncertainties and assumptions that may cause actual results, levels of activity, performance or achievements to differ materially from those expressed or implied. Some of these risks, uncertainties and assumptions include but are not limited to: (i) the risks that unforeseen circumstances or new developments will cause Gen-Probe to increase its tender offer price for Innogenetics and (ii) the risk that Solvay will not complete its acquisition of Innogenetics and that Gen-Probe will therefore make another bid for the company. The foregoing list sets forth some, but not all, of the factors that could affect our ability to achieve results described in any forward-looking statements. For additional information about risks and uncertainties we face and a discussion of our financial statements and footnotes, see documents we file with the SEC, including our most recent annual report on Form 10-K and all subsequent periodic reports. We assume no obligation and expressly disclaim any duty to update forward-looking statements to reflect events or circumstances after the date of this Current Report or to reflect the occurrence of subsequent events.
