WHAT MATTERS ARE TO BE VOTED ON AT THE ANNUAL MEETING?

- The election of five nominees to serve as Class III Directors.
- The ratification of the appointment of independent auditors to audit the Company's financial statements for the year ending December 31, 2002.

WHAT IS THE BOARD'S RECOMMENDATION?

The Board recommends votes:

- FOR the election of each of the Class III Directors.
- FOR ratification of the appointment of the independent auditors.

WHO IS ENTITLED TO VOTE?

Edgar Filing: METLIFE INC - Form DEF 14A

All MetLife shareholders of record at the close of business on March 1, 2002 (the "record date") are entitled to vote at the 2002 Annual Meeting.

If you are the beneficial owner, but not the record owner of MetLife common stock, you will receive instructions about voting from the bank, broker or other nominee that is the shareholder of record of your shares. Contact your bank, broker or other nominee directly if you have questions.

HOW DO I VOTE MY SHARES?

- Shareholders of record may vote their shares by mail by completing, signing and returning the enclosed proxy card. If you sign and return the proxy card, you will be appointing the three people named on it to act as your proxy at the 2002 Annual Meeting. The named proxies will vote your shares as you specify on the proxy card. In addition, the Company has made arrangements for you to vote your shares by using a toll-free telephone number or on the Internet.

- Instructions about these ways to vote appear on your proxy card. If you vote by telephone or on the Internet, please have your proxy card and control number available. The sequence of numbers

appearing on your proxy card is your control number, and your control number is necessary to verify your vote.

- If you are a shareholder of record or a duly appointed proxy of a shareholder of record, you may vote in person at the meeting. If your shares are held in the name of a bank, broker or other nominee, and you wish to attend the meeting to vote in person, you will have to contact that bank, broker or other nominee to obtain their proxy. Bring that document with you to the meeting.

- Votes submitted by mail, telephone or on the Internet will be voted in the manner you indicate by the individuals named on the proxy. If you do not specify how your shares are to be voted, the proxies will vote your shares FOR the election of the Class III Directors and FOR the ratification of the appointment of Deloitte & Touche LLP as MetLife's independent auditors for 2002.

WHO CAN ATTEND THE 2002 ANNUAL MEETING?

Only MetLife shareholders of record or their duly appointed proxies are entitled to attend the meeting. If you are a MetLife shareholder of record and wish to attend the meeting, please so indicate on the proxy card or as prompted by the telephone or Internet voting systems and an admission card will be sent to you. On the date of the meeting, please bring your admission card with you and enter the building through the entrance at 320 Park Avenue South, from which you will be directed to the Auditorium.

If a bank, broker or other nominee is the record owner of your shares, you will need to have proof that you are the beneficial owner to be admitted to the meeting. A recent statement or letter from your bank or broker would be acceptable proof of your beneficial ownership.

MAY I CHANGE MY VOTE OR REVOKE MY PROXY AFTER IT IS SUBMITTED?

Yes, you may change your vote or revoke your proxy at any time before the Annual Meeting by:

- returning a later-dated proxy card;
- subsequently submitting your vote by telephone or on the Internet;

Edgar Filing: METLIFE INC - Form DEF 14A

- attending the Annual Meeting and voting in person; or
- sending your notice of revocation to MetLife, Inc., c/o Mellon Investor Services, P.O. Box 3530, South Hackensack, NJ 07606-9230 or via the Internet at <http://www.eproxy.com/met>.

Your changed vote or revocation must be received before the polls close for voting.

WILL ANY MATTERS OTHER THAN THE ELECTION OF THE CLASS III DIRECTORS AND THE RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITORS BE PRESENTED FOR A VOTE AT THE ANNUAL MEETING?

The Board of Directors did not receive any notice prior to the deadline for submission of additional business that any other matters might be presented for a vote at the 2002 Annual Meeting. However, if another matter were to be presented, the proxies would use their own judgment in deciding whether to vote for or against it.

HOW WILL METLIFE ASSOCIATES' SHARES HELD IN THE COMPANY'S SAVINGS AND INVESTMENT PLAN BE VOTED?

Mellon Bank, N.A., as Trustee of the Savings and Investment Plan for Employees of MetLife and Participating Affiliates Company Stock Fund, will vote the MetLife shares in the plan in accordance with the voting instructions given by MetLife associates to the Trustee. The Trustee will vote the plan shares for which it does not receive voting instructions in the same proportion as the shares for which it receives voting instructions.

2

HOW MANY SHARES CAN VOTE AT THE 2002 ANNUAL MEETING?

Each of the 711,193,654 shares outstanding as of the March 1, 2002 record date are entitled to vote at the 2002 Annual Meeting. Each share is entitled to one vote on each matter to be voted on at the meeting.

WHAT IS A "QUORUM"?

In order for business to be conducted at the 2002 Annual Meeting, a quorum must be present. A quorum will be present if shareholders of record of one-third or more of MetLife shares outstanding on the record date are present in person or are represented by proxies.

WHAT VOTE IS NECESSARY TO PASS THE ITEMS OF BUSINESS AT THE ANNUAL MEETING?

If a quorum is present at the meeting, a plurality of the shares voting will be sufficient to elect the Class III Directors. This means that the nominees for director who receive the largest number of votes cast are elected as directors, up to the maximum number of directors to be elected at the meeting.

In addition, subject to exceptions set forth in the Company's Charter, a majority of the shares voting will be sufficient to approve any other matter properly before the meeting, including ratifying the appointment of Deloitte & Touche LLP as MetLife's independent auditors.

HOW ARE ABSTENTIONS AND BROKER NON-VOTES COUNTED?

Abstentions and broker non-votes will be counted to determine whether a quorum is present. However, if a shareholder abstains from voting as to a particular

Edgar Filing: METLIFE INC - Form DEF 14A

matter, those shares will not be counted as voting for or against that matter. If brokers or other record holders of shares return a proxy card indicating that they do not have discretionary authority to vote as to a particular matter ("broker non-votes"), those shares will not be counted as voting for or against that matter. Accordingly, abstentions and broker non-votes will have no effect on the outcome of a vote.

WHO IS THE INSPECTOR OF ELECTION?

The Board of Directors has appointed Lawrence E. Denedy, Senior Vice President, MacKenzie Partners, Inc., to act as Inspector of Election at the 2002 Annual Meeting. The By-Laws of MetLife provide for confidential voting.

WHAT ARE THE COSTS FOR SOLICITING PROXIES FOR THE 2002 ANNUAL MEETING?

MetLife has retained Mellon Investor Services to assist with the solicitation of proxies from its shareholders of record for a fee of approximately \$9,000, plus expenses. MetLife also will reimburse banks, brokers or other nominees for their costs of sending MetLife's proxy materials to beneficial owners. Directors, officers or other MetLife employees also may solicit proxies from shareholders in person, or by telephone, facsimile transmission or other electronic means of communication.

WHAT IS THE DEADLINE FOR SUBMISSION OF SHAREHOLDER PROPOSALS FOR THE 2003 ANNUAL MEETING?

Rule 14a-8 of the Securities Exchange Act of 1934, as amended, establishes the eligibility requirements and the procedures that must be followed for a shareholder's proposal to be included in a public company's proxy materials. Under the Rule, proposals submitted for inclusion in MetLife's 2003 proxy materials must be received by the Secretary of MetLife at One Madison Avenue, New York, NY 10010-3690 on or before the close of business on November 25, 2002. Proposals must comply with all of the requirements of Rule 14a-8, as well as the requirements of MetLife's By-Laws. A copy of the By-Laws may be obtained from the Secretary of MetLife.

A shareholder who wishes to present a matter for action at MetLife's 2003 Annual Meeting, but chooses not to do so under SEC Rule 14a-8, must deliver to the Secretary of MetLife on or before

3

December 24, 2002, a notice containing the information required by the advance notice and other provisions of the Company's By-Laws. A copy of the By-Laws may be obtained from the Secretary of MetLife.

WHERE CAN I FIND THE VOTING RESULTS OF THE 2002 ANNUAL MEETING?

The preliminary voting results will be announced at the meeting. The final results will be published in the Company's Quarterly Report on Form 10-Q for the quarter ending June 30, 2002.

MAY I REQUEST ELECTRONIC DELIVERY OF MY PROXY STATEMENT AND ANNUAL REPORT?

If you are a shareholder of record, you can elect to receive future annual reports and proxy statements electronically by marking the appropriate box on your proxy card or by following the instructions provided if you vote by the Internet or by telephone. Deloitte & Touche LLP ("Deloitte") has served as independent auditors of MetLife and Metropolitan Life Insurance Company and most of its subsidiaries for many years. An Outside Director who serves as the Chairman of a Board Committee is paid an annual fee of \$10,000 for

Edgar Filing: METLIFE INC - Form DEF 14A

such service. The Committee Chairman's fee is paid in cash. The retainer fees for Board service and for serving as a Committee Chairman are paid in advance at the time of the Annual Meeting. Outside Directors who are elected in the period between the Company's Annual Meetings are paid a prorated retainer fee to reflect the period of their service.

Outside Directors also are paid a \$1,000 fee for each Board and Committee meeting they attend. Attendance fees are paid following the meetings.

In October 2001, the annual retainer for service on the Board was increased from \$60,000 and the Committee Chairman's fee was increased from \$5,000. The Outside Directors and Committee Chairman were paid prorated amounts to reflect the increased retainers for the period from October 2001 through the 2002 Annual Meeting. Prior to the increase, the retainer for Board service was paid as follows: \$30,000 in cash, \$15,000 of value in shares of MetLife common stock, and \$15,000 of value in stock options. The meeting attendance fee was not changed.

Outside Directors are also reimbursed for expenses they incur to attend the Company's Board and Committee meetings.

THE METLIFE, INC. 2000 DIRECTORS STOCK PLAN. Under the MetLife, Inc. 2000 Directors Stock Plan, the Governance and Finance Committee may determine that up to 50% of a MetLife Outside Director's retainer and attendance fees will be paid in stock grants and that all or part of the remainder of such fees will be paid in stock options. The exercise price of any stock options granted to Outside Directors of MetLife shall be not less than the fair market value of a share of MetLife common stock on the date the stock option is granted. Any stock awards made before April 7, 2005, the fifth anniversary of the effective date of Metropolitan Life Insurance Company's demutualization, replace all or any portion of the Outside Directors' fees otherwise payable in cash. In 2001, the Governance and Finance Committee made the determination to pay a portion of the Directors' retainer in shares of MetLife common stock, as described above.

After April 7, 2002, at his or her election, an Outside Director of MetLife may receive stock in lieu of all or a portion of the retainer and attendance fees that otherwise would be payable in cash. Up to a maximum of 500,000 shares of common stock may be issued for stock grants under the Directors Stock Plan. None of the fees payable for service as an Outside Director of Metropolitan Life Insurance Company or other affiliates of MetLife is payable in stock awards.

Any MetLife common stock received by a MetLife Director in lieu of fees under the Directors Stock Plan may not be sold before April 7, 2002, the second anniversary of the effective date of Metropolitan Life Insurance Company's demutualization. Stock options granted under the Directors Stock Plan are exercisable at any time after April 7, 2002. An Outside Director of MetLife may elect to defer receipt of any shares issuable under the terms of the Directors Stock Plan in lieu of his or her retainer and attendance fees and any dividends payable on the shares until after he or she is no longer a Director of MetLife.

The MetLife Board of Directors may terminate, modify or amend the Directors Stock Plan at any time, subject, in certain instances, to shareholder approval, and, if prior to April 7, 2005, the fifth anniversary of the effective date of Metropolitan Life Insurance Company's demutualization, the approval of the New York Superintendent of Insurance.

The Directors Stock Plan was amended, effective February 8, 2002, to provide that options will remain exercisable for the entire ten year term of the option regardless of when the Director terminates service on the Board. The amendment

Edgar Filing: METLIFE INC - Form DEF 14A

does not affect options granted prior to February 8, 2002.

METLIFE SUBSIDIARIES' DIRECTORS' RETAINER AND ATTENDANCE FEES. Each of the Outside Directors of MetLife currently also serves as an Outside Director of Metropolitan Life Insurance Company, a wholly-owned subsidiary of MetLife. Outside Directors of Metropolitan Life Insurance Company are paid an annual cash retainer of \$40,000 and a meeting attendance fee of \$1,000 for each Board and Committee meeting they attend. However, if the Metropolitan Life Insurance Company meeting is held concurrently with a meeting of MetLife, no fee would be paid for attending the Metropolitan Life Insurance Company Board or Committee meeting. Chairmen of Metropolitan Life Insurance Company Board Committees are paid an annual retainer fee of \$10,000 for such service, unless the Committee Chairman serves in the same capacity for a Board Committee of MetLife, in which case, no additional fee is paid. The Committee Chairman's fee is paid annually in April. Outside Directors who serve for only a portion of the year are paid a prorated retainer fee to reflect the period of their service. In October 2001, the Board Committee Chairman's fee was increased from \$5,000 and a prorated payment was made.

Mr. Danforth also received an aggregate of approximately \$37,000 in annual retainer fees as an Outside Director of GenAmerica Financial Corporation and General American Life Insurance Company, wholly-owned subsidiaries of the Company.

METLIFE AND METROPOLITAN LIFE INSURANCE COMPANY FEE DEFERRALS. The Outside Directors may defer the receipt of all or part of their retainer and attendance fees.

DIRECTORS' BENEFIT PROGRAMS. MetLife provides \$200,000 of life insurance to each Outside Director. MetLife will recover the premiums for each policy upon the death of the Director. The cost to MetLife of providing this life insurance is nominal. MetLife also provides each Outside Director with business travel accident insurance coverage while traveling on MetLife business. Outside Directors are eligible to participate in MetLife's Long-Term Care Insurance Program on a fully contributory basis.

DIRECTORS' RETIREMENT POLICY. The retirement policy adopted by the Board of Directors provides that no Director shall stand for election as a member of MetLife's Board after he or she reaches the age of 72. In addition, (with limited exceptions) no Director who is also an officer of MetLife shall serve as a Director when he or she retires as an officer of MetLife or Metropolitan Life Insurance Company. The policy also provides that, except for normal retirement from his or her principal occupation, each Director shall offer to resign from the Board whenever there is a change or discontinuance of his or her principal occupation or a significant change in his or her business or professional responsibilities.

CHARITABLE GIFT PROGRAM. Outside Directors elected as Directors of Metropolitan Life Insurance Company prior to October 1, 1999 participate in a charitable gift program under which each may recommend one or more charitable or educational institutions to receive, in the aggregate, a \$1 million contribution from Metropolitan Life Insurance Company in the name of that Director upon the Director's death. For 2001, the Company purchased and paid \$987,000 in premiums for insurance policies under the program. Death benefits under the policies will be paid to Metropolitan Life Insurance Company.

AUDIT COMMITTEE REPORT

This report is submitted by the Audit Committee of the MetLife Board of Directors (the "Committee"). All members of the Committee are "independent directors" as defined by the regulations of the New York Stock Exchange. In accordance with the formal, written Charter of the Committee that was adopted and approved by the Board of Directors, the Committee, on behalf of the Board, is responsible for overseeing management's conduct of MetLife's financial reporting and internal control processes.

Management has the responsibility for the preparation of MetLife's financial statements and the reporting process. The firm of Deloitte & Touche LLP ("Deloitte"), as MetLife's independent auditors, is responsible for auditing MetLife's financial statements in accordance with generally accepted auditing standards. The Committee reviewed and discussed MetLife's audited financial statements for the period ended December 31, 2001 (the "2001 financial statements") with management and with Deloitte.

Deloitte has discussed with the Committee the matters required to be discussed by Auditing Standards No. 61 and has provided to the Committee and discussed the written disclosures and the letter required by Independence Standards Board Standard No. 1 regarding Deloitte's independence.

In reliance upon the reviews and discussions with management and Deloitte described above, and the Board of Directors' receipt of an opinion from Deloitte dated February 12, 2002 stating that MetLife's 2001 financial statements present fairly, in all material respects, the consolidated financial position of MetLife and subsidiaries at December 31, 2001 and 2000, and the consolidated results of their operations and their consolidated cash flows for each of the three years in the period ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America, the Committee recommended to the Board that MetLife's 2001 audited financial statements be included in MetLife's Annual Report on Form 10-K for the fiscal year ended December 31, 2001 for filing with the Securities and Exchange Commission.

Respectfully,

James R. Houghton, Chairman

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This report on executive compensation is submitted by the Compensation Committee (the "Committee") of MetLife's Board of Directors. The Committee, which consists entirely of Outside Directors, oversees the development and administration of MetLife's executive compensation programs and receives regular reports concerning the administration of such programs. The Committee evaluates the performance of the Chief Executive Officer and makes recommendations to the Board of Directors concerning his compensation. The Committee also reviews and recommends to the Board of Directors total compensation, which consists of base salary and annual and long-term incentives, for MetLife's executive officers, including executive officers named in the "Summary Compensation Table" on page 19 (the "Named Executive Officers").

COMPENSATION OBJECTIVES

The objectives of MetLife's executive compensation and benefit programs are to:

- Provide total compensation opportunities that will attract, retain, reward and motivate executives;
- Align the financial interests of the Company's executives and its shareholders; and
- Provide strong incentives for executives to build shareholder value over time.

COMPENSATION PHILOSOPHY

MetLife's compensation philosophy is to provide total compensation opportunities that are competitive within the insurance industry and the broader financial services industry. The Company may compete for executive talent with some, but not all of the companies that are included in the S&P Indices which are reflected on the "Performance Graph," on page 24. The Committee relies on an independent compensation consultant and national surveys for advice and information on competitive compensation practices and trends in the marketplace. MetLife generally positions its executive compensation levels to be competitive within a range of the median to the third quartile of insurance and financial services companies. A substantial portion of each executive's total compensation is and will continue to be at risk based on corporate, business unit and individual performance.

Because of specific regulatory constraints related to the demutualization of Metropolitan Life Insurance Company, a wholly-owned subsidiary of MetLife, the Company was unable to use stock-based incentives prior to April 2001. Beginning in April 2001, the Committee was able to grant stock options and to approve long-term incentive payments in stock to the Company's executives. However, through April 7, 2005, the maximum number of shares the Committee may use is 5% of the shares outstanding immediately after the effective date of the plan of demutualization, subject to reduction for stock options granted to members of the Company's Board of Directors (see "The MetLife, Inc. 2000 Directors Stock Plan" on page 12) and for shares granted as compensation to employees or insurance agents under certain other compensation and benefit plans.

COMPENSATION COMPONENTS

Total compensation consists of base salary and annual and long-term incentive awards.

BASE SALARY

Each executive officer is paid a base salary that is intended to reflect competitive market conditions.

ANNUAL INCENTIVES

The purposes of the Annual Variable Incentive Plan (the "AVIP") are to:

- Provide competitive opportunities commensurate with Company performance;
- Align total annual incentive pay with the Company's annual business results; and
- Make a significant portion of total compensation variable based upon Company, business unit and individual performance.

At the beginning of each calendar year, the Committee approves performance measures and goals based on the Company's business plan. Those goals, such as operating earnings and return on equity, are used as a basis for determining the maximum incentive pool that would be available for distribution. The actual pool approved by the Committee is allocated among the various business units based on each unit's performance compared with the objectives set for it at the beginning of the performance period and overall Company results. In all incentive award determinations, individual performance, compared with established objectives and relative contributions among the AVIP participants, is a significant factor in the determination of the amount of an individual's actual incentive award. The Committee recommends individual incentive awards for executive officers to the Board of Directors for approval.

Each of the Named Executive Officers participates in the AVIP.

LONG-TERM INCENTIVES

LONG-TERM PERFORMANCE COMPENSATION PLAN

The purposes of the Long-Term Performance Compensation Plan (the "Long-Term Plan") are to:

- Align executives' and shareholders' interests;
- Provide competitive compensation for competitive performance;
- Encourage executives to take a long-term strategic perspective;
- Motivate and reward performance that supports the Company's long-term performance objectives; and
- Attract and retain key executives with long-term business perspective.

The Long-Term Plan covers a three-year performance period (the "Performance period"). The Committee approves the incentive opportunity targets for each Long-Term Plan participant for each Performance period. The Committee may approve a higher or lower incentive opportunity for a particular individual based on his or her potential impact on the Company's long-term business results.

At the time it approves incentive opportunities, the Committee also determines the financial and strategic business goals against which corporate performance will be measured. At the end of the Performance period, the Committee considers the extent to which the corporate performance goals have been met and determines the amount which may be awarded to participants with respect to performance for such period. Among the factors the Committee considers is total shareholder

Edgar Filing: METLIFE INC - Form DEF 14A

return on the Company's stock during the Performance period.

Generally, the Committee and the Board of Directors will exercise discretion under the Long-Term Plan to approve a final award reflecting between 90% and 110% of the product of each individual's incentive opportunity multiplied by the total shareholder return on the Company's common stock during the Performance period. No award will become payable unless it is approved by the Board of Directors. Awards may be paid, in whole or in part, in shares of the Company's common stock at the discretion of the Board of Directors.

Each of the Named Executive Officers participates in the Long-Term Plan.

16

METLIFE, INC. 2000 STOCK INCENTIVE PLAN

The purposes of the MetLife, Inc. 2000 Stock Incentive Plan (the "Stock Plan") are to:

- Foster and promote the long-term financial success of the Company;
- Materially increase shareholder value by motivating superior performance;
- Encourage and provide for the acquisition of an ownership interest in the Company by employees and insurance agents of the Company and its subsidiaries; and
- Enable the Company to attract and retain the services of an outstanding management team.

Each Named Executive Officer participates in the Stock Plan.

The Committee administers the Stock Plan and determines the participants to whom options to purchase shares of Company common stock shall be granted, the timing of such grants, and terms and conditions of each option. No option exercise price may be less than the fair market value of a share of the Company's common stock on the date the option is granted. In no event may any option be exercised prior to April 7, 2002, the second anniversary of the effective date of Metropolitan Life Insurance Company's demutualization.

In 2001, each of the Named Executive Officers was granted two sets of stock options under the Stock Plan: "Management" stock options and "Founder's Grant" stock options. All eligible domestic employees and insurance agents of MetLife and its subsidiaries, including the Named Executive Officers, were granted 200 Founder's Grant stock options. Management employees of the Company or its subsidiaries were granted Management stock options in amounts determined on an individual basis by the Committee to reflect the responsibilities and performance of the participants and to motivate superior performance. For additional information about stock options, see the chart entitled "Option Grants in Last Fiscal Year" on page 20.

CEO COMPENSATION

Mr. Benmosche's base salary was not increased in 2001, remaining at \$1,000,000. His annual incentive award under the AVIP for 2001 was \$3,300,000, and his long-term incentive award under the Long-Term Plan for the 1999 - 2001 Performance period was \$4,238,000. Mr. Benmosche received stock option grants for 322,600 shares on April 9, 2001 at the fair market value on the date of grant. The Committee approved his long-term incentive opportunity of \$2,400,000 under the Long-Term Plan for the April 1, 2001-March 31, 2004 Performance period. Mr. Benmosche's total compensation for 2001 is detailed in the "Summary

Edgar Filing: METLIFE INC - Form DEF 14A

Compensation Table" on page 19. In approving his annual incentive award for 2001, the Committee considered Mr. Benmosche's effective and dynamic leadership of MetLife and his substantial contributions to the Company's performance as measured against the following goals set by the Committee and approved by the Board in December 2000:

- Assessing performance compared to specific financial measures of the Company, such as operating revenue and earnings, return on equity, and earnings per share;
- Maintaining or improving the financial strength and credit ratings of the Company and its subsidiaries;
- Encouraging the establishment of enterprise and individual objectives that support the new vision of MetLife;
- Continuing to drive operational excellence through the innovative application of enhanced technological capabilities; and
- Completing certain strategic acquisitions and divestitures.

17

The Committee also recognized his leadership of the Company's cultural transformation toward a more diverse, performance-oriented organization, as well as Mr. Benmosche's direction of immediate and responsive actions to the needs and concerns of customers affected by the events of September 11, 2001.

In approving his Long-Term Plan award, the Committee evaluated the Company's performance compared with previously established financial goals, as well as Mr. Benmosche's performance compared with strategic goals similar to those listed above.

Mr. Benmosche's total compensation for 2001 reflects the Committee's judgment of his performance in connection with each of the foregoing goals.

OTHER COMPENSATION AND BENEFIT PROGRAMS

The Named Executive Officers also participate in a broad-based employee benefits program that includes a pension program, a savings and investment plan, group health and disability coverage, group life insurance, and other benefit plans. Further details on the pension program are provided on pages 21 and 22. The Named Executive Officers are also parties to other employment-related agreements as described on pages 22 and 23 under the heading "Employment-Related Agreements."

DEDUCTIBILITY OF COMPENSATION

It is the Committee's intent that all compensation paid to MetLife's executives be tax-deductible to the Company; however, the Committee reserves the right to pay non-deductible compensation if it believes that it is in the best interests of the Company to do so. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for annual compensation over \$1,000,000 paid to their Chief Executive Officer and certain other highly compensated executive officers. Generally excluded from the calculation of the \$1,000,000 cap is compensation that is based on the attainment of pre-established, objective performance goals. The Committee believes that all compensation paid or awarded in 2001, with the exception of certain taxable fringe benefits, will be fully deductible.

- (1) The Long-Term Plan provides for awards to eligible employees at the end of the three-year Performance period. At the beginning of each Performance period, individual incentive opportunities are set for each participant. In addition, performance measures and goals are established for the MetLife enterprise. The performance of the enterprise, measured against these measures and goals, affects the amount of the award payable in respect of the stated individual opportunity.

For the Performance period ending in 2004, the Board of Directors determined to exercise its discretion to approve the base amount of each individual's award by adjusting the incentive opportunity set for that individual upward or downward to reflect the total shareholder return on the Company's common stock during the Performance period (the "Base Award"). In addition, the Board of Directors may further adjust any Base Award under the Long-Term Plan. For the Performance period ending in 2004, the Board has determined to

Edgar Filing: METLIFE INC - Form DEF 14A

exercise its discretion so that the final award for each participant will not be less than 90% of the Base Award or greater than 110% of the Base Award. The target amounts included in the table reflect 100% of the applicable incentive award opportunity for each individual as it is not possible to predict what the total shareholder return will be at the end of the Performance period and its impact on any such final award payout.

The Long-Term Plan does not specify a maximum dollar amount of any award. Awards under the Long-Term Plan may be paid, on the approval of the Board, in whole or in part, in shares of the Company's common stock valued at the fair market value of the stock on the payment date.

RETIREMENT PLAN INFORMATION

The following table shows the estimated annual retirement benefits payable at normal retirement age (generally 65) to a person retiring with the indicated final average pay and years of credited service on a 30% joint and survivor basis, if married, and on a straight life annuity basis with a 5-year guarantee, if single, under the Metropolitan Life Retirement Plan for United States Employees ("Retirement Plan"), as supplemented by the Metropolitan Life Supplemental Retirement Benefit Plan ("Supplemental Retirement Plan"), each as described below. The annual retirement benefit under the Retirement Plan and the Supplemental Retirement Plan is generally equal to the sum of (a) (i) a percentage of an executive's "final average compensation" up to his or her "covered compensation" (i.e., the average of the social security taxable wage base for the 35 years up to the date the executive attains social security retirement age), plus (ii) a percentage of the executive's "final average compensation" in excess of his or her "covered compensation," and the sum

Edgar Filing: METLIFE INC - Form DEF 14A

thereof times (iii) years of "credited service" not exceeding 35 years, and (b) a percentage of "final average compensation" multiplied by years of "credited service" in excess of 35 years.

"Final average compensation" is defined as the highest average "annual compensation" of an executive for any 60 consecutive months in the 120 months of service prior to the executive's retirement. "Annual Compensation" used to determine the retirement benefit under the Retirement Plan and the Supplemental Retirement Plan consists of "annual basic compensation" which includes annual base salary and "annual variable incentive compensation" which includes payments under the Annual Variable Incentive Plan. Such "compensation" is generally the same as the compensation reflected in the "salary" and "bonus" columns of the "Summary Compensation Table." The Supplemental Retirement Plan is designed to provide benefits which eligible employees would have received under the Retirement Plan but for limits applicable under the Retirement Plan. Benefits payable under the Retirement Plan and the Supplemental Retirement Plan are not subject to reduction for social security benefits or other offset amounts.

At December 31, 2001 (assuming retirement as of such date), the estimated "final average compensation" under the Retirement Plan and the Supplemental Retirement Plan is \$3,159,273 for Mr. Benmosche, \$1,540,600 for Mr. Clark, \$1,659,867 for Mr. Nagler, \$1,521,500 for Mr. Benson and \$1,263,267 for Mr. Henrikson. The estimated years of credited service under the Retirement Plan and the Supplemental Retirement Plan as of such date is 6 years for Mr. Benmosche, 33 years for Mr. Clark, 39 years for Mr. Nagler, 4 years for Mr. Benson and 29 years for Mr. Henrikson. In addition, Mr. Benson is entitled to receive an enhanced retirement benefit of \$400,000 vesting in equal annual installments over ten years and payable at age 62 as a 20-year continuous and certain annuity. At December 31, 2001, Mr. Benson was vested as to 40% of this benefit, or \$160,000 per annum.

EMPLOYMENT-RELATED AGREEMENTS

EMPLOYMENT CONTINUATION AGREEMENTS. The Company has entered into employment continuation agreements with the Named Executive Officers and certain other of its key executives. These agreements provide that, in the event of a "change of control," as defined in the agreements, the executive's employment would continue, subject to the terms of the agreement, for a period of three years. During this period, the executive's compensation, benefits, and certain other terms and conditions of employment are subject to certain minimum standards which, if not met, allow the executive to terminate employment for "good reason," as defined in the agreements. Should the executive terminate employment for "good reason" or be terminated without "cause," as defined in the agreements, the agreements provide for the payment of termination benefits which include: three year continuation of benefits; additional service credit for pension benefits for the lesser of three years or through the executive's sixty-fifth birthday; and a lump-sum severance payment equal to three times the sum of the executive's (a) base salary, (b) average annual bonus award over the preceding three years, and (c) should the change of control occur prior to January 1, 2004, average long-term incentive award over the preceding three years, less the value of any equity compensation awards. The agreements also provide that the Named Executive Officer would be made whole for any excise taxes due as a result of payments exceeding the change of control excise tax threshold.

Additionally, Messrs. Benmosche, Clark and Nagler may voluntarily terminate employment during the thirty-day period beginning six months after a change of control and receive the termination benefits discussed in the prior paragraph. Mr. Benson's agreement also reflects the surviving obligation under a prior employment agreement with a subsidiary of the Company whereby he would receive an individual retirement benefit and certain indemnification rights.

Edgar Filing: METLIFE INC - Form DEF 14A

TRANSITION ASSISTANCE PLAN. The Named Executive Officers are eligible to participate in the MetLife Plan for Transition Assistance for Officers which provides for outplacement services and formula-based severance payments, and other benefits, including: vesting of pension and savings and investment plan account balances; certain additions to age and service credit for pension and benefits purposes; limited

22

continuation of medical benefits or, under certain conditions, eligibility for retirement medical benefits; and limited continuation of life insurance benefits.

STOCK PLAN AND STOCK OPTION AGREEMENTS. The Named Executive Officers have been awarded stock options under the Stock Plan and have executed agreements concerning such options. Such agreements provide that the options will continue to become exercisable as originally scheduled and remain exercisable until the earlier of the expiration of the term of the option or three years after the date the executive qualifies for long-term disability, retires or is terminated in a sale, divestiture, or transaction designated by the Compensation Committee. Should the executive die while employed, all options would become exercisable immediately (but not before April 7, 2002) and remain exercisable until the earlier of the expiration of the term of the option or three years after the date of the executive's death. If the executive's employment is terminated for "cause," as defined in the plan, the options would be forfeited. Should the executive's employment terminate otherwise, any then currently exercisable options may be exercised until the earlier of the expiration of the term of the option or thirty days from the date of termination. The agreements also provide that in the event of a "change of control," as defined in the plan, all options covered by the agreements would become fully exercisable. However, the Compensation Committee has the discretion to cancel the options and, in lieu thereof, make a cash payment to the executive equal to the excess of the "change of control" price over the option exercise price. No such acceleration of exercisability, cash settlement or other payment will occur if, prior to the change of control, the Compensation Committee reasonably determines in good faith that the options will be honored, assumed, or substituted for new rights immediately after the change of control.

The Stock Plan was amended, effective February 8, 2002, and option agreements entered into after such date will provide that if the option holder: (i) dies while employed, all options would become exercisable immediately (but not before April 7, 2002) and remain exercisable until the expiration of the term of the option; (ii) retires, the options will continue to become exercisable and remain exercisable until the expiration of the term of the option; or (iii) qualifies for long-term disability, the options will continue to become exercisable and remain exercisable until the expiration of the term of the option and no subsequent termination of employment, other than for "cause," will affect the options.

PERFORMANCE GRAPH

The following graph compares the cumulative shareholder return on MetLife common stock with the cumulative total return on the Standard & Poor's 500 Stock Index, the Standard & Poor's 500 Insurance Index, and the Standard & Poor's Financial Index. The graph assumes that \$100 was invested on April 5, 2000 (the date on

Edgar Filing: METLIFE INC - Form DEF 14A

which public trading in MetLife common stock commenced) in MetLife common stock and each of the indices described, and that all dividends were reinvested. The Company's proxy materials for its 2001 Annual Meeting used the "S&P Insurance Composite Index" in the comparison of cumulative total return. The "S&P 500 Insurance Index" was used instead this year because the previously used composite index is no longer published by Standard & Poor's.
