Item 4. Description of Securities.

Description of Common Stock

General

The following descriptions of the Company's common stock and the relevant provisions of the Company's restated articles of incorporation and by-laws are summaries and are qualified by reference to the Company's restated articles of incorporation and by-laws, which have been previously filed with the SEC and are exhibits to this registration statement, as well as applicable provisions of the Missouri General and Business Corporation Law, or the MGBCL.

Under the Company's restated articles of incorporation, the Company is authorized to issue 400 million shares of common stock, \$.01 par value per share, and 100 million shares of preferred stock, \$.01 par value per share. At March 5, 2003, 160,684,002 shares of common stock and no shares of preferred stock were outstanding.

Dividend Rights and Limitations

The holders of the Company's common stock are entitled to receive such dividends as the Company's board of directors may from time to time declare, subject to any rights of the holders of the Company's preferred stock, if any is issued. The

Company's ability to pay dividends depends primarily upon the ability of the Company's subsidiaries to pay dividends or otherwise transfer funds to the Company. Various financing arrangements, charter provisions and regulatory requirements may impose certain restrictions on the ability of the Company's subsidiaries to transfer funds to the Company in the form of cash dividends, loans or advances.

Voting Rights

Except as otherwise provided by law and subject to the voting rights of holders of the Company's preferred stock, the holders of the Company's common stock have the exclusive right to vote for the election of directors and for all other purposes. Each holder of the Company's common stock is entitled to one vote per share on all matters submitted to a vote at a meeting of shareholders, including the election of directors, which means that the holders of more than 50% of the shares voting for the election of directors can elect 100% of the directors and the holders of the remaining shares voting for the election of directors will not be able to elect any directors. The common stock shall vote together as a single class. The holders of the Company's common stock are not entitled to cumulate votes for the election of directors. At annual and special meetings of shareholders, a majority of the outstanding shares of common stock constitutes a quorum.

Liquidation Rights

In the event of any liquidation, dissolution or winding up of the Company's affairs, voluntarily or involuntarily, the holders of the Company's common stock will be entitled to receive the remainder, if any, of the Company's assets after the payment of all the Company's debts and liabilities and after the payment in full of any preferential amounts to which holders of any preferred stock may be entitled.

Miscellaneous

The outstanding shares of common stock are, and the shares of common stock sold hereunder will be, upon payment for them, fully paid and nonassessable. The holders of the Company's common stock are not entitled to any preemptive or preferential rights to subscribe for or purchase any part of any new or additional issue of stock or securities convertible into, or warrants or other evidences of optional rights to purchase or subscribe for, shares of the Company's stock. The Company's common stock does not contain any redemption provisions or conversion rights.

Transfer Agent and Registrar

Ameren Services Company acts as transfer agent and registrar for the common stock.

Shareholder Rights Plan

On October 9, 1998, the Company's board of directors adopted a shareholder rights plan and declared a dividend of one preferred share purchase right for each outstanding share of the Company's common stock. The plan is designed to assure shareholders of fair and equal treatment in the

Edgar Filing: AMEREN CORP - Form S-8

event of a proposed takeover. Each right entitles the registered holder to purchase from the Company one one-hundredth of a share of Series A junior participating preferred stock, par value \$.01 per share, at an exercise price of \$180 per one one-hundredth of a share of such preferred stock, subject to adjustment. The rights will become exercisable only if a person or group acquires 15% or more of the Company's common stock or announces a tender offer, the consummation of which would result in ownership by a person or group of 15% or more of the Company's common stock. If a person or group acquires 15% or more of the Company's outstanding common stock, each right will entitle its holder (other than such person or members of such group) to purchase, at the right's then-current exercise price, a number of shares of the Company's common stock having a market value of twice such price. In addition, if the Company is acquired in a merger or other business combination transaction after a person or group has acquired 15% or more of the Company's outstanding common stock, each right will entitle its holder to purchase, at the right's then-current exercise price, a number of shares of the acquiring company's common stock having a market value of twice such price. The acquiring person or group will not be entitled to exercise these rights.

The SEC approved the plan under the Public Utility Holding Company Act of 1935 in December 1998. The rights were issued as a dividend payable January 8, 1999, to shareholders of record on that date. The rights will expire on October 9, 2008. One right will accompany each new share of the Company's common stock issued prior to such expiration date. The rights do not have voting or dividend rights, and until they become exercisable, have no dilutive effect on the Company's per-share earnings.

The Company has four million shares of preferred stock initially reserved for issuance upon exercise of the rights. There is no junior participating preferred stock issued or outstanding as of the date of the filing of this registration statement.

The description and terms of the rights are set forth in an agreement between the Company and EquiServe Trust Company, N.A. (as successor to First Chicago Trust Company of New York), as rights agent. The preceding summary of the rights and the shareholder rights plan is qualified in its entirety by reference to the rights agreement and the description thereof each contained in the Company's registration statement on Form 8-A dated November 23, 1998, which is incorporated by reference.

Various Anti-Takeover Matters

The Company's restated articles of incorporation and by-laws include a number of provisions that may have the effect of discouraging persons from acquiring large blocks of the Company's stock or delaying or preventing a change in the Company's control. The material provisions that may have such an effect include:

authorization for the Company's board of directors (subject to any required regulatory approval) to issue the Company's preferred stock in series and to fix rights and preferences of the series (including, among other things, whether, and to what extent, the shares of any series will have voting rights and the extent of the preferences of the shares of any series with respect to dividends and other matters);

advance notice procedures with respect to nominations of directors or proposals other than those adopted or recommended by the Company's board of directors;

the prohibition of shareholder action by less than unanimous written consent without a meeting; and

provisions specifying that only the chief executive officer or the board of directors (by a majority vote of the entire board of directors) may call special meetings of shareholders, and that the chairman of the meeting may adjourn a meeting of shareholders from time to time, whether or not a quorum is present.

In addition, the MGBCL contains certain provisions, including business combination provisions that would be applicable to certain mergers, share exchanges or sales of substantially all assets involving the Company or a subsidiary and a significant shareholder and which could have the effect of substantially increasing the cost to the acquiror and thus discouraging any such transaction. The MGBCL permits shareholders to adopt an amendment to the articles of incorporation opting out of the business combination provisions, and the Company's restated articles of incorporation opt out of such provisions.

Under the Illinois Public Utilities Act, approval of the Illinois Commerce Commission is required for any transaction which, regardless of the means by which it is accomplished, results in a change in the ownership of a majority of the voting capital stock of an Illinois public utility or the ownership or control of any entity which owns or controls a majority of the voting capital stock of a public utility. Because the Company controls a majority of the voting stock of Central Illinois Public Service Company, Union Electric Company and Central Illinois Light Company, each a public utility subject to Illinois utility regulation, any change in the Company's ownership or control, within the meaning of the Illinois Public Utilities Act, would require Illinois Commerce Commission approval. Certain acquisitions by any person of the Company's outstanding voting shares would also require approval of the SEC under the Public Utility Holding Company Act of 1935.

Item 5. Interests of Named Experts and Counsel.

Steven R. Sullivan, Esq., the Company's Vice President Regulatory Policy, General Counsel and Secretary, will pass upon the validity of the offered securities. As of March 5, 2003, Mr. Sullivan owned 428 shares of the Company's common stock. Mr. Sullivan has been granted options to purchase 30,100 shares of the Company's common stock, of which options to purchase 19,050 shares are fully vested, and he has been awarded 7,468 restricted shares of the Company's common stock, none of which are fully unrestricted.

Item 6. Indemnification of Directors and Officers.

Article IV of the Company's by-laws, consistent with the applicable provisions of the MGBCL, provides for indemnification of directors and officers. These provisions provide that any person shall be indemnified for expenses and liabilities imposed upon that person in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the Company, by reason of the fact that the person is or was a director, officer, employee or agent of the Company, or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with the action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to

be in or not opposed to the best interests of the Company, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

In a proceeding brought by or in the right of the Company, indemnification shall be made with respect to any claim as to which an officer or director has been adjudged to have been liable to the Company if that person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Company. However, no indemnification shall be made in respect of any claim, issue or matter as to which the person shall have been adjudged to be liable for negligence or misconduct in the performance of his or her duty to the Company unless and only to the extent that the court in which the action or suit was brought determines upon application that, despite the adjudication of liability and in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for those expenses which the court shall deem proper.

The by-laws, consistent with the applicable provisions of the MGBCL, provide that indemnification shall be made by the Company only if a determination has been made by a majority vote of a quorum of the disinterested directors or by the shareholders or by independent legal counsel, that the director or officer met the required standard of conduct. The Company has purchased insurance on behalf of its officers and directors which insures them against various liabilities and expenses, including those under the Securities Act of 1933.

The by-laws, consistent with the applicable provisions of the MGBCL, further provide that, in addition to the indemnities described in the preceding paragraphs, the Company will indemnify its officers and directors to the maximum extent permitted by law, provided that no indemnity may be given for conduct that is adjudged to be knowingly fraudulent or deliberately dishonest or willful misconduct.

Undertaking:

The Company hereby undertakes that it: (i) will submit or has submitted the Plan and any amendment thereto to the Internal Revenue Service (IRS) in a timely manner and (ii) has made or will make all changes required by the IRS in order to qualify the Plan.

Item 9. Undertakings.

a. The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to that information in the registration statement,

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the Company pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of those securities at that time shall be deemed to be the initial bona fide offering thereof.

Edgar Filing: AMEREN CORP - Form S-8

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

- b. The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Company's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 and each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of those securities at that time shall be deemed to be the initial bona fide offering thereof.
- c. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Company pursuant to the provisions described under Item 6 above, or otherwise, the Company has been advised that in the opinion of the SEC that indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against those liabilities (other than the payment by the Company of expenses incurred or paid by a director, officer or controlling person of the Company in the successful defense of any action, suit or proceeding) is asserted by the director, officer or controlling person in connection with the securities being registered, the Company will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether the indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of the issue.
