(a) See attached press release, at Exhibit 99.1.

(b) Cautionary Factors.

The attached press release and information provided pursuant to Items 7 and 9 contain forward-looking statements, which involve a number of risks and uncertainties. The Company cautions readers that any forward-looking information is not a guarantee of future performance and that actual results could differ materially from those contained in the forward-looking information as a result of various factors including, but not limited to, the following:

continued intense competition from numerous providers of products and services which compete with the Company's businesses;

an increase in credit losses (including increases due to a worsening of general economic conditions);

the ability of the Company to continue to securitize its credit cards and consumer loans and to otherwise access the capital markets at attractive rates and terms to capitalize and fund its operations and future growth;

financial, legal, regulatory, accounting or other changes that may affect investment in, or the overall performance of, a product or business, including changes in existing law and regulation affecting the credit card and consumer loan industry, in particular (including federal bank examiner guidance affecting credit card and/or subprime lending) and the financial services industry, in general (including the ability of financial services companies to obtain, use and share consumer data);

with respect to financial and other products, changes in the Company's aggregate accounts or consumer loan balances and the growth rate thereof, including changes resulting from factors such as shifting product mix, amount of actual marketing expenses made by the Company and attrition of accounts and loan balances;

the amount of, and rate of growth in, the Company's expenses (including salaries and associate benefits and marketing expenses) as the Company's business develops or changes or as it expands into new market areas;

the ability of the Company to build the operational and organizational infrastructure necessary to engage in new businesses or to expand internationally;

the ability of the Company to recruit experienced personnel to assist in the management and operations of new products and services; and

other risk factors listed from time to time in the Company's SEC reports, including, but not limited to, the Quarterly Report on Form 10-Q for the quarter ended March 31, 2003.

Item 7. Financial Statements, Pro Forma Financial Information and Exhibits.

(c) Exhibits.

Exhibit No.	Description of Exhibit
99.1	Press release, dated July 16, 2003.

Item 9. Regulation FD Disclosure.

The following disclosure related to Exhibit 99.1 is being filed pursuant to Item 12 of Form 8-K Disclosure of Results of Operations and Financial Condition in accordance with the guidance provided by the Securities and Exchange Commission pursuant to SEC Release No. 33-8216 dated March 27, 2003.

On July 16, 2003, the Company issued a press release announcing its financial results for the second quarter ended June 30, 2003. A copy of the company's press release is attached as Exhibit 99.1 to this Form 8-K and is incorporated herein by reference.

The Company's consolidated financial statements prepared in accordance with generally accepted accounting principles (GAAP) are referred to as its reported financial statements. Loans included in securitization transactions which qualified as sales under GAAP have been removed from the Company's reported balance sheet. However, interest income, interchange, fees and recoveries generated from the securitized loan portfolio net of charge-offs in excess of the interest paid to investors of asset-backed securitizations are recognized as non-interest income on the reported income statement.

The Company's managed consolidated financial statements add back the effects of securitization transactions qualifying as sales under GAAP. The Company generates earnings from its managed loan portfolio which includes both on-balance sheet loans and off-balance sheet loans. The Company's managed income statement takes the components of the non-interest income generated from the securitized portfolio and distributes the revenue to appropriate income statement line items from which it originated. For this reason the Company believes the managed consolidated financial statements and related managed metrics to be useful to stakeholders.
